Coun. RUBY—Mr. President, it has recently come to our attention through the press and in other ways that several appointments of heads of departments by his Honor the Mayor have been postponed or rejected. Regardless of our individual feelings as to any particular appointment, nevertheless the Mayor of this city is responsible for every department within the confines of the city over which he has jurisdiction. That being the case, it ought not to be necessary for the Mayor, in making appointments of his official family, to secure the confirmation of any particular body because of the fact that he is responsible for the carrying out of the work of the particular department and, therefore, it should not be necessary for him to make a second or third choice. I believe in a city such as ours no such power should be given to any state body, if we are to have home rule in our city; our Mayor should not be obliged to go to the Civil Service for confirmation of any of his appointments. I believe there is pending at the present time in the Legislature of Massachusetts a bill proposing to remedy this situation, and I feel that now is the proper time for us to go on record as telling the Legislature that we favor such action, so that the Mayor of Boston may make such appointments as he sees fit, he being responsible for the carrying out of the work of the particular departments in which the appointments are made. I ask that the order be passed under suspension of the rule.

The order was passed under suspension of the rule.

ACCEPTANCE OF CHESTER PLACE.

Coun. GLEASON offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Chester place, Ward 9.

Passed under suspension of the rule.

RECESS.

The Council voted at 2.44 p. m., on motion of Coun. BUSH, to take a recess subject to the call of the President. The members reassembled in the Council Chamber and were called to order by President LYNCH at 3.18 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. MAHONEY, for the Executive Committee, submitted the following:

1. Report on petition (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Mrs. Mary E. Petersen, Tileston Hall, February 17 and 18,—that leave be granted.

Leave granted under usual conditions.

2. Report on order (referred today) that Soldiers' Relief Commissioner be allowed sums, not exceeding \$4,000 in each week, for immediate relief of persons entitled to aid under chapter 115 of the General Laws and acts in amendment thereof, said sums to be charged to appropriation for Soldiers' Relief—that said order ought to pass.

Report accepted; said order passed.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. GREEN, for the Committee on Ordinances, submitted report, as follows, viz.:

Report on ordinance (referred February 10) amending chapter 3 of Revised Ordinances of 1925, section 5, by changing salary of second assistant clerk of committees from \$3,000 to \$3,750—that same ought to pass.

Report accepted; said ordinance passed.

LOANS FOR PUBLIC IMPROVEMENTS.

Coun. DONOVAN, for the Committee on Finance, submitted the following:

1. Report on message of Mayor and order (referred February 10) appropriating \$275,000 for East Boston Courthouse—that same ought to pass.

Coun. DONOVAN—Mr. President, I might say briefly for the benefit of the members of the Council who were not here last year—I believe the other members of the body are somewhat familiar with it—that what I have to say on this matter not only applies to the order for \$275,000 for East Boston Courthouse, but also the \$160,000 for the Brighton Courthouse. The present accommodations for both the East Boston and the Brighton courthouses are not adequate for the business being done there. In fact, business during the last four or five years has doubled, and for many years the accommodations have not been adequate. Consequently, his Honor the Mayor introduced this order for \$275,000 for East Boston Courthouse as well as the order for \$160,000 for the Brighton Courthouse. That will be the only building that Brighton has had constructed for the last fifty years.

The report was accepted and the order was given its first reading and passage, yeas 19, nays 0.

2. Report on message of Mayor and order (referred January 27) appropriating \$160,000 for erection of courthouse, Brighton—that same ought to pass.

Report accepted, order given its first reading and passage, yeas 19, nays 0.

3. Report on message of Mayor and order (referred February 10) appropriating \$45,000 for the erection of a Tercentenary Memorial, etc.—that same ought to pass.

Report accepted; said order given its first reading and passage, yeas 10, nays 0.

4. Report on message of Mayor and order (referred February 10) appropriating \$40,000 for improvement of Webster Avenue Playground—that same ought to pass.

Report accepted; said order given its first reading and passage, yeas 19, nays 0.

5. Report on message of Mayor and order (referred January 27) for appropriation of \$35,000 for improvements at Muddy river and Leverett pond—that same ought to pass.

Report accepted, said order given its first reading and passage, yeas 18, nays 0.

6. Report on message of Mayor and order (referred February 10) appropriating \$25,000 for purchase of land in vicinity of Leverett and Nashua streets—that same ought to pass.

Coun. BUSH—Mr. President, I would like to ask for some information in reference to that order.

Coun. DONOVAN—Mr. President, introduced by the Mayor, it was for the purpose of increasing the playground facilities in the West End, and, as a final step, to increase the Charlesbank Gymnasium. This sum of money was arrived at as a result of a conference between the Governor of the Commonwealth, the Mayor of the city, and the State Public Works Commissioner. As a result of the conference the city gets two acres of land, assumed to be worth \$400,000, in return for this \$25,000 appropriation which the city is giving for the purchase of the land. It is a much needed improvement down there, following along the lines of the improvement contemplated by the Mayor in widening Charles street and being the first step in the direction of giving to the people of the West End a much needed improvement. I don't know whether I have adequately described the situation.

Coun. BUSH—Mr. President, I would like to ask the chairman of the Committee on Finance if that is the land which the city is swapping for another piece of land owned by the state which is under water?

Coun. DONOVAN—Yes, it is the same place.

Coun. FITZGERALD—Mr. President, I might say in reference to the proposition that it would perhaps be well to read to the Council what his Honor the Mayor said to the City Council with regard to the matter on February 10, 1930:

"Gentlemen,—The improvement of Charles street through widening to a width of 120 feet makes necessary the taking of a large portion of the recreation park land commonly known as Charlesbank Gymnasium."

It means that that so-called park will be temporarily wiped out of existence for two or three years at least.

"The improvement contemplated represents the contribution by the City of Boston to the Charles River Embankment improvement which was in a large measure made possible through the contribution of \$1,000,000 by the widow of a former member of the City Council, the late James J. Storrow. The Commonwealth of Massachusetts, in conjunction with the Leverett and Nashua street development, purchased from the Boston & Maine Railroad approximately 86,000 feet of land. At a conference at which were present his Excellency Governor Frank G. Allen, the State Treasurer, the State Highway Commissioners, his Honor James M. Curley, the Corporation Counsel and the Auditor of the City of Boston, an agreement was arrived at with reference to the amount to be paid by the City of Boston for the land purchased by the Commonwealth from the Boston & Maine Railroad."

The state originally wanted some \$400,000 for it.

"It was agreed that in consideration of the construction at a cost of \$35,000 of certain streets in the industrial section of state-owned land in the vicinity of Sumner street and the payment of \$25,000 that title to the land would be conveyed to the City of Boston."

In addition to this improvement there is another improvement that goes with it, taking in that part of the city represented by President Lynch or Councilor Mahoney, I don't know which, and \$35,000 will, as stated here, be given to lay out certain streets in connection with the state-owned land in South Boston. That is also included in this bargain, and the Mayor agreed to do that.

"In the event that the City Council are in agreement, it is my purpose to later provide sufficient funds for the establishment of suitable bathing facilities in conjunction with the park development created upon this land. The section in question where the land is located is the most congested center of the city, and I recommend the early adoption of the accompanying order."

That, Mr. President, speaks for itself. The land to be taken, now owned by the Boston & Maine, and our park down there, will be completely wiped out. We hope, when the thing is completed, that we will have a better park than we do at the present time. I would say, also, in conjunction with this, that there are four or five millions to be spent for a number of years, which will take in the section represented by Councilor Curtis and also the district represented by both gentlemen from Brighton and Allston. So it does not alone cover the people of the district I represent. It will benefit not only the people of the West End of Boston, but the people of the entire city and people from other parts of the Commonwealth who will come in here to enjoy it when it is completed. All that held it up was the question of what the City of Boston should pay. That has been finally decided, after a conference between the Governor of the Commonwealth and his Honor the Mayor.

Coun. HEIN—Mr. President, I would like to ask a question, for information. The gentleman says that this will be an improvement for Allston and Brighton. I would like to know what improvement is proposed out there?

Coun. FITZGERALD—Mr. President, the gentleman may not be familiar with the legislative bill, but this contemplates an improvement that will extend out through your district and the district represented by Councilor Gallagher.

The report was accepted and the order was given its first reading and passage, yeas 19, nays 0.

WARD 18 IMPROVEMENTS.

Coun. NORTON offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Alpheus road, Ward 18, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to widen West street, from Hyde Park avenue to Metropolitan avenue, Ward 18, to a width of forty feet.

Ordered, That the City Messenger be requested to include in his annual budget for this year a sum sufficient to provide for the erection of a 100-foot flagpole at Everett square, Hyde Park, to replace the one which was recently removed owing to its dangerous condition.

Severally passed under suspension of the rule.

THOMAS J. McDONALD SQUARE.

Coun. GLEASON offered the following:

Ordered, That the space at the junction of Columbus and Massachusetts avenues be named Thomas J. McDonald square in honor of said McDonald who is a late veteran of the World War.

Passed under suspension of the rule.

LOUIS MARSHALL SQUARE.

Coun. GLEASON offered the following:

Ordered, That the space at the junction of Lenox and Sawyer streets, Ward 9, be named Louis Marshall square in honor of said Marshall who is a late veteran of the World War.

Passed under suspension of the rule.

RESURFACING OF WARD 10 STREETS.

Coun. POWER offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Fisher avenue, Ward 10.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Terrace street, Ward 10.

Severally passed under suspension of the rule.

NOTICE FROM COMMITTEE ON FINANCE.

Coun. DONOVAN—Mr. President, I would ask unanimous consent to make a statement.

President LYNCH—The Chair hears no objection.

Coun. DONOVAN—Mr. President, there are several important loan order appropriations before your Committee on Finance, and the chairman of the Committee on Finance today deems it advisable to serve notice on the rest of the members of the Council that those vitally interested in the several orders pending will be given an opportunity to be heard Friday afternoon at two o'clock. By virtue of the fact that last Friday there was a banquet tendered to the Governor of Maryland, the committee did not meet until quarter of four; so they now wish to serve notice that there will be an opportunity given to those members who are interested to appear before the committee in regard to these matters on Friday next at 2 p. m.

Coun. WILSON—Mr. President, I, being one of the recipients of the notice, would like to ask the chairman of the Committee on Finance what loan orders, if any, before his committee may be regarded as emergency orders which should be passed soon?

Coun. DONOVAN—Mr. President, the Mayor of Boston has been seriously considering the fact that there is a lot of unemployment in this city, and he has introduced several loan orders with that thought in mind, action upon which he would like to have expedited so that building can be started which will help alleviate the unemployment situation. We have an order before us for \$350,000 for a new ferryboat, an order for \$350,000 for a new fireboat, an order for \$300,000 for a new printing plant, and there are several other orders, not fresh in my mind at the present time. But, in order that any members of the Council who are interested in the proposed project may have an opportunity to be present when they are being considered, the chairman of the Finance Committee thought it advisable to notify the Council that those orders are to be considered by the committee.

Coun. WILSON—Mr. President, I shall not get into any argument with the chairman of the Finance Committee because I like him personally; but I would like to know how much labor is involved in getting a new fireboat or a new ferryboat, and how much work can be done on the printing plant in the next three months if snow conditions continue as they are?

HANDBALL COURT.

Coun. HEIN offered the following:

Ordered, That the Acting Fire Commissioner be requested, through his Honor the Mayor, to establish a handball court in the rear of the house of Engine Company 29, on Chestnut Hill avenue.

Passed under suspension of the rule.

Adjourned at 3.38 p. m., on motion of Coun. RUBY, to meet on Monday, February 24, at 2 p. m.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

ORDER OF ADDITION.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given the issuance of an order of addition, in the sum of \$1,950, to the contract of Frank Imhof Company for erection and completion of the Prince District (Martin Milmore) School.

This amount is necessary to cover the cost of extra work as follows, caused by changes to satisfy the request of the School Committee:

Remove from Art Museum a large drawing, made by Martin Milmore when a pupil at the Brimmer School, and erect same in lobby of the new Martin Milmore School, drawing to be set up in molded frame, with plate glass, light trough above, brass rail and bracket, all to be set up complete as per plans and specifications.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)

JANITOR SERVICE, MARCH 1 AND 15.

This is the regular examination for the janitor service of the state and of all cities and of such towns in the state as are classified under civil service. On March 1 the examination will be held in various centrally located cities. On March 15 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

The subjects of examination with their respective weights will be as follows: Training and experience, 1; practical questions, 1; total, 2.

Applicants must obtain at least 60 per cent in practical questions and at least 70 per cent in general average in order to become eligible.

Specimen examination papers may be obtained at the Civil Service office.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN SOUTH CRESCENT CIRCUIT, FROM BRECK AVENUE EASTERLY, BRIGHTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in South Crescent Circuit, from Breck avenue easterly, Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in South Crescent Circuit," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, March 7, 1930, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(Feb. 22.) Commissioner of Public Works.

DIMENSIONS, ETC., OF BOSTON.

Boston's greatest length, 13.8 miles, i. e., from northern end of East Boston to southern end of Hyde Park; greatest width, 7.75 miles, i. e., from Marine Park shore to western end of Brighton; median transverse width, 5.75 miles, i. e., from Charles river at Harvard Bridge to Neponset river at Blue Hill avenue; width of business center, 1.2 miles, i. e., from Charles river at Cambridge Bridge to Fort Point channel at Summer street. Geographical center of city in Roxbury, corner Walnut and Westminster avenues.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN DEVON STREET, FROM COLUMBIA ROAD TO NEW YORK, NEW HAVEN & HARTFORD RAILROAD, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Devon street, from Columbia road to New York, New Haven & Hartford Railroad, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Devon Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, February 28, 1930, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(Feb. 22.) Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN HEMLOCK STREET, BETWEEN WALWORTH STREET AND WASHINGTON STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Hemlock street, between Walworth street and Washington street, West Roxbury. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Hemlock Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, March 5, 1930, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(Feb. 22.) Commissioner of Public Works.

CHICAGO TRAFFIC POLICE IN YEAR-LONG DRIVE.

Chicago traffic experts have promised a 50 per cent decrease in deaths from motor-car accidents, as a result of a week-by-week drive now in operation by Commissioner Russell of the Police Department to enforce the city traffic code. The drive, an outgrowth of the National Safety Congress and Chicago Safety Week recently held in Chicago, is expected to prove a valuable educational feature for drivers, pedestrians and policemen.

CITY OF BOSTON.

JOSEPH A. ROURKE,
(Feb. 22.) Commissioner of Public Works.

SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING SUPPLIES AND EQUIPMENT FOR PHYSICAL EDUCATION IN THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the Supply Room of the School Committee, 440 Brookline avenue, Boston, supplies and equipment for physical education. Only proposals obtained at the office of the Business Manager of the School Committee, Administration Building, 15 Beacon street, tenth floor, signed by the bidder and left before Monday, March 3, 1930, at 12 o'clock m., at said office, with a certified check for \$50, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. Envelopes containing proposals should be plainly marked "Proposal for Supplies and Equipment for Physical Education." The bid must be in duplicate, the one with the check to be sent as above, the other filed with the City Auditor, City Hall, previous to the time named for opening bids. The successful bidder will be required to deposit a surety bond or a certified check for the sum of not less than 50 per cent of the amount of the contract payable to the City of Boston, which check shall become the property of the city unless the bidder carries out his agreement in accordance with the specifications. The School Committee reserves the right to reject any or all bids, or to accept such bid or part of bid as may be deemed best for the interests of the city.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Feb. 22.)

SAFE DRIVING.

Most cities and towns have a long list of "dout's" but do little to educate the drivers of cars. If one half the time that is used trying to make people do something or not to do something was spent in educating the drivers much better results would be obtained. We need drivers' schools and the city or town that first starts such a school will be doing a real service.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN RHOADES STREET AND GOODALE ROAD, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Rhoades street and Goodale road, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,

(Feb. 22.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR TOWELING.

The Supply Department of the City of Boston invites proposals for furnishing the Park Department the following:

60,000 yards, more or less, of toweling,

as per specifications to be obtained at the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal and a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out at the office of the Supply Department. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Monday, March 3, 1930, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,

Acting Superintendent of Supplies,
(Feb. 22.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT (FERRY DIVISION).

PUBLIC AUCTION.

Ferryboat "General Sumner," Wednesday, February 26, 1930, at 2 p. m., at the North Ferry, East Boston, at an upset price of \$2,500. This boat is 164 feet 3 inches long over all and 56-feet 6-inches beam, and depth 14 feet. The gross tonnage is 449.92 tons. It has two fore and aft compound engines $14'' \times 28''$ with shaft continuous from propeller to propeller. The boilers are two gunboat 19 feet by 96 inches. There are a jet condenser, pumps, steering engine, two dynamos, one Hancock injector and B. F. S. blower.

Deposit at time and place of sale of \$500 in cash or certified check, balance to be paid in ten days. Further particulars from auctioneer.

EDWARD W. FOYE,

Municipal Auctioneer,
(Feb. 15-22.) 15 School Street, Boston.

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

NOTICE TO CONTRACTORS FOR SAND BLASTING AND POINTING.

The Superintendent of Public Buildings of the City of Boston invites sealed proposals for the sand blasting and pointing of the City Hall building, School street, Boston, Mass., according to specifications, and giving bond of a surety company therefor, satisfactory to the Superintendent in a sum equal to 45 per cent of the contract price. Only proposals obtained at the office of the Superintendent of Public Buildings, 802, City Hall Annex, Boston, filled out signed by the bidder and left before 12 o'clock noon on Wednesday, March 5, 1930, at said office with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. Proposals must be placed in envelopes, properly sealed, and marked "Proposal for Sand Blasting and Pointing City Hall Building." The bid must be made in duplicate, the one with the check to be left as stated above; the duplicate without check, to be deposited with the City Auditor, City Hall, Boston, previous to the time of the opening of the bids. The undersigned reserves the right to reject any and all proposals or to award the contract as he deems best for the city's interest.

JOHN P. ENGLERT,

Superintendent of Public Buildings,
(Feb. 22-Mar. 1.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR IRON CASTINGS.

The Supply Department of the City of Boston invites proposals for furnishing iron castings, such as manhole and catch-basin frames and covers, lamphole frames and covers, catch-basin grates, tide gates, iron inlets, regular castings and such other castings as may be required until December 31, 1930, according to specifications to be obtained at the office of the Supply Department, Room 801, City Hall Annex. The bidder must use the form of proposal to be obtained at said office, and the successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. Bids, with a certified check for \$500, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Tuesday, March 4, 1930, at 12 m., at which time and place proposals will be opened and read publicly. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,

Acting Superintendent of Supplies,
(Feb. 22.)

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR DREDGING MUDDY RIVER FROM OPPOSITE ST. MARY'S STREET TO LEVERETT ROAD.

Proposals on blanks obtained at the engineer's office of the Park Department, 33 Beacon street, Boston, for dredging Muddy river from opposite St. Mary's street to Leverett road, signed by the bidder and left before 12 o'clock noon on Thursday, March 6, 1930, at the office of the Park Department, with a certified check for \$5,000, payable to and to become the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work of a surety company approved by the Commissioners, in the sum of at least 50 per cent of the contract price, to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

No. 9

CALLS FOR LINKING OF OPTIMISM, BRAINS AND MONEY FOR RESTORING BOSTON AND NEW ENGLAND TO THEIR FORMER PLACE AT THE HEAD OF INDUSTRY AND COMMERCE — MAYOR CURLEY ADDRESSES 500 LEADING BUSINESS MEN OF THE CITY AT CHAMBER OF COMMERCE DINNER — STARTS FUND FOR WORK WITH \$5,000 CONTRIBUTION AND NAMES BANK OFFICIALS TO BE CUSTODIANS OF CONTRIBUTIONS.

Mayor Curley summoned the resources of Boston and New England to restore this city and section to its place of leadership in commerce and industry on Thursday evening, February 27, when he addressed 500 of the leading business men of the city at a banquet held at the Chamber of Commerce. At the meeting he launched the new Commercial, Industrial and Publicity Bureau through which the business men may work to the end of bringing back to the city her pristine greatness. His address was as follows:

The City of Boston will this year observe the tercentenary of its founding and within its historic precincts will assemble millions of women and men from every section of the United States to pay homage to the memory of those who served and sacrificed in the sacred name of liberty.

It will be our privilege to welcome as guests the American Legion, through whose efforts it was possible to preserve that for which the founders sacrificed and succeeding generations died to establish, namely, free government, and the American Federation of Labor, through whose labors life has been made sweeter and the brutality and selfishness of wealth has been leavened for the good of all. Through this visitation will come a realizing sense of our duty, not only to the past but to the present, namely, a sense of our responsibility as the custodians of priceless traditions and the worthy successors of them whose faith made possible all that we are and hope to be as a nation.

The seal of Boston is inscribed "Sicut Patribus, sit Deus Nobis," As God was to our Fathers so may He be to us, and in this connection we are reminded of the words of St. Paul—"Faith without good works is of no avail"—in other words God was with the Fathers not only because of their faith but their good works and herein lies the lesson of the present hour.

Leaders Meet for Prosperity.

Around this festive board are assembled the leaders in every important activity of our beloved city, assembled to take counsel to organize and determine upon a course of action the fruition of which will result in large opportunity for the individual citizen and added prosperity and progress for the municipality. This assemblage of educators, captains of industry and leaders in the industrial and commercial life of Boston, animated by a common impulse and actuated by a single purpose, must and will once again place Boston in the position of leadership so long enjoyed in the past.

The atmosphere is tonight vibrant with that optimism that in the past made Boston a name to conjure with in the annals of human achievement and human progress and made possible the writing of the most glowing chapter of industrial and commercial progress that any community has even been privileged to enjoy.

To faith and cooperation may be traced the success of the Massachusetts Bay Colony and the establishment and preservation of the Republic and it is upon these essentials that we must rely for the future progress of our city and I cannot recall a single instance where the will to do has been more strikingly in evidence than is expressed by this splendid gathering here tonight.

Our problem is in no sense a Boston problem, rather is it a New England problem, the solution of which must inevitably benefit every individual and section of this great area and our duty is to convey this lesson in such manner that all will understand and understanding share with us responsibility and labor.

The manhood of New England has in the past furnished the brains, optimism and money that made possible the development, progress and prosperity of every section of America and I am asking that the successors of the builders of America devote a portion of their brains, optimism and money to the industrial and commercial advancement of the city they love and in whose hallowed soil rests the remains of those that in life they cherished and whom in death they regard as sacred.

Boston Prestige Threatened.

I have a profound appreciation of the difficult character of task that is presented in the movement to place Boston in the forefront of American cities, industrially and commercially, without enlarging the area of the city as has been done in the case of every city which today outranks Boston in population and threatens her prestige industrially and commercially.

I have accordingly appointed a commission, eminent as authorities upon civil government and municipal administration, to study the problem of the creation of a metropolitan Boston that will embrace the forty-one cities and towns that now constitute what is known as the metropolitan district. The report of the commission, when completed, will become the basis for consideration, discussion and, ultimately, submission to the people of the metropolitan area for acceptance or rejection.

(Continued on page 231.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, March 3, at 2 p. m.
A regular meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, March 3, 1930, at 6.30 o'clock p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.
Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO Room 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

ADDRESS OF MAYOR CURLEY.

(Continued from page 229.)

A metropolitan Boston with a population of two million would rank fourth in population among the cities of America, instead of ninth as at present, and opinions and recommendations advanced either nationally, or in state, in behalf of the metropolitan city would be hearkened to and unquestionably receive the consideration that is now denied the present Boston with its population of less than 800,000.

TASK NOT DIFFICULT.

The task confronting us in our day is not difficult of solution, thanks to our heritage, and the exceptional industrial foundation upon which may be reared a superstructure which will represent opportunity and provide, not only for those of our day, but succeeding generations.

Within the metropolitan area may be found more than 30,000 manufacturing and mercantile establishments, in addition to the largest drydock in the entire world, and the only one upon the entire Atlantic Coast of sufficient size to accommodate the "Leviathan."

Metropolitan Boston boasts the greatest wool market in the United States, the most valuable fishing industry, and is not only the most important cotton manufacturing district in the United States, but is likewise the most important shoe and leather center in the entire world.

Providence has been exceptionally kind to our Commonwealth in the matter of splendid harbor facilities which, developed intelligently and courageously, should result in the restoration of that commercial supremacy which is part of Boston's past glory.

The advantage of being two hundred miles nearer Europe than New York City and more than one hundred miles nearer Buenos Aires than Baltimore is meaningless and of no value without commerce or a place in the forefront in the newer field of air navigation.

It is customary for Congress to enact what is known as the Rivers and Harbors Bill, representing an annual expenditure

approximating fifty millions of dollars and, lo! the total allotment to Boston in any year in the past decade has rarely exceeded \$40,000, notwithstanding that within the metropolitan area may be found 30,000 acres of harbor, with forty miles of berthing space. There is no way to justify a policy of permitting the leading city of New England, which occupies second place in value of imports and eighth place in total value of imports and exports combined, to continue merely as a port of call. The need of the hour is the development of a program through which Boston will become a cargo port.

SHIP GOODS FROM BOSTON.

A start, at least, is possible upon this important essential in the event that the business interests of Massachusetts agree to ship all goods carried by water by way of the port of Boston. Our representatives in Congress should experience little difficulty in securing the allotment of at least two million dollars for the improvement of Boston Harbor and adjacent waterways and, providing that the Board of Port Authority recently created presents the necessary program, supplemented by the support and assistance of the commercial and industrial interests of Greater Boston.

It seems tragic that Boston with her glorious past, her splendid presence and her future possibilities should be an innocent bystander in the intense and intelligent drive upon the part of forward looking communities, some of which today outrank Boston in population, and others which give promise of speedily doing so unless we awaken.

I referred at the outset to the fact that New England brains, optimism and money made possible the development, progress and prosperity of every section of America and I now contend that the time has arrived to take advantage of these three essentials that are to be found in such great volume in this Commonwealth.

BOSTON'S FINANCIAL RANK.

Within the metropolitan Boston area may be found more than three hundred financial institutions, with Massachusetts

ranking third in the matter of deposits in state and national banks, and fourth among the cities of the nation in capital, being exceeded only by New York, Chicago and Philadelphia.

As a basis for our optimism I present, not only our position commercially and industrially, but in addition beg to attract attention to the fact that within the metropolitan Boston area may be found the most highly skilled mechanics in America, so there is justification for industrial and commercial optimism.

Now, a word as to brain. There is no section of America that boasts more institutions of learning, both technical and professional, than within the metropolitan area. In my humble opinion the most valued contribution that America has been permitted to enjoy in the last decade is that which is known as the George W. Baker Foundation, which made possible the establishment of the Harvard School of Business Administration. This institution, combining theory and practise, has been a potent factor in the creation of similar institutions, so that today within the metropolitan area we find in the field of technical institutions the leading one of its kind in the world, the Massachusetts Institute of Technology, the Arioeh Wentworth School, the Franklin Institute, every one of which is experiencing difficulty in providing accommodations for the eager seekers of technical training.

UTILIZATION OF BRAIN POWER.

The Harvard School of Business Administration, notwithstanding a program of expansion far beyond the fondest hope of its founder, cannot accommodate the eager throng seeking admission. The same is true of the Boston University School of Business Administration, which today boasts an attendance of more than six thousand. A like condition obtains at the Babson Institute and courses dovetailing those of business administration at Tufts College and Boston College, with innumerable private agencies, present opportunity for the utilization of the application of the brain power here represented as an instrument in the solving of industrial and commercial problems of a vexatious and sometimes a most hopeless character.

I have discussed with Professor Donham of the Harvard School of Business Administration, President Stratton of the Massachusetts Institute of Technology and Dean Lord of the Boston University School of Business Administration, the question of cooperating with the business interests of Boston in the development of a program through which it may be possible to preserve for the metropolitan district the industries here located, and the acquiring of such additional industries as are necessary for the industrial progress of the section of America in which we live. This, in my opinion, will represent an innovation, and yet, one which, had it been utilized twenty years ago, would in all probability have preserved the textile industry for New England, notwithstanding the supposed advantages of proximity to the source of raw material, lax laws for the regulation of the employment of women and children and cheap white power.

It is my firm belief that had these agencies been utilized twenty years ago a program of education, based upon the preservation of the most important essential in the Republic, namely, the women and children, exploited in industry, would have made imperative the adoption of

uniform legislation for their protection, so that states operating in conformity with human, progressive labor legislation would not have been disadvantaged to the extent that the chief industry must be jeopardized, or, as in the case of New England, largely destroyed.

Twenty-five years ago there were no spindles operating in the South while today there are 17,500,000 in the Southern States as against less than 15,000,000 in entire New England.

DANGER TO BOOT AND SHOE INDUSTRY.

There is grave danger that what has taken place in the textile industry may occur in the boot and shoe industry. Twenty-five years ago substantially all of the boots and shoes manufactured in America were fabricated in the New England area, and while today this area produces one third of the footwear made in the United States, there is a strong possibility that unless steps are taken immediately to check the importation of boots and shoes this industry, which in many sections of Greater Boston is the sole source of livelihood for the men, women and children living therein, may be destroyed. The total production of Massachusetts in 1929 was in excess of eighty-three millions of pairs of boots and shoes, in this product leading every state in the entire United States.

We enact legislation for the protection of the American workmen in the adoption of a restrictive immigration policy, depriving America of the opportunity of the sale of goods in our own markets that would be consumed by the immigrants located here and then permit the products manufactured in the nations from which the immigrants would come, as in the case of boots and shoes, to enter absolutely free of duty.

CONCERTED DRIVE NECESSARY.

A concerted, intelligent, properly directed drive is necessary now to prevent the destruction of the leading industry of this Commonwealth and there is no way to justify inaction or delay. The time has arrived for the enunciation by the business interests of Boston or a courageous policy with reference to transportation facilities.

The "Storrow policy" for the combination of New England railroads was admirable at the time it was advocated when New England railroads were verging on bankruptcy. That time happily, however, has passed; New England railroads have long since turned the corner and today are earning dividends, and with a brighter outlook than has ever previously obtained.

Under these circumstances it would appear advisable for the business interests of Boston to advocate the linking up of the four New England railroads, namely, the Boston & Albany, the New York, New Haven & Hartford, the Boston & Maine, and the Bangor & Aroostook with three or possibly four trunk lines. With four trunk lines centering in Boston competition would develop that in all probability would be reflected in a commercial and industrial revival such as this city has never experienced in its history.

I have advocated and believe firmly that "what is everyone's business is nobody's business," and that the hope for the future lies in the creation of a properly financed group to be known as the Bureau of Industry, Commerce and Publicity, to whom shall be delegated the work of promoting cooperation between

the Chamber of Commerce, the Board of Trade, the railroad, the steamship and every industrial and commercial agency in the metropolitan area.

MAYOR CURLEY PLEDGES \$5,000.

The educational institutions have agreed not only to cooperate but to place every facility within their command for the promotion of this program. The Chamber of Commerce and the railroad heads have agreed to do likewise, so that for the first time the opportunity is presented to combine the brain, the optimism and the money of the metropolitan area for the promulgation of a program and the adoption of a policy through which it may be possible for Boston to achieve a place in the forefront industrially and commercially among American cities.

The last political campaign in which I was engaged, contrary to the prevailing custom, ended with a surplus and I have been authorized by my campaign committee to tender as a contribution to the creation of such fund as may be necessary for the carrying out of the program here presented, the sum of five thousand dollars, firm in the belief that it represents the wisest character of contribution to the welfare of Boston and its citizens.

I have no desire to personally control or dictate the policy or program of this organization. I am content to abide by the judgment of these organizations charged with this responsibility in the past and compelled to function without the essential requirements. I seek neither profit nor glory and pray only for the enduring success that is possible through cooperation and intelligent, properly directed utilization of the brains, optimism and money that are awaiting opportunity to serve and to be of service to this historic old city of ours, and of its people.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 18-inch and 24-inch pipe and seven catch-basins in River street, between Standard street and 135 feet west of Duxbury road, in the Dorchester district, at an estimated cost of \$8,800.

A surface drain of 20-inch and 24-inch pipe in Water street, between Garfield avenue and Dana avenue, in the Hyde Park district, at an estimated cost of \$4,000.

A surface drain of 12-inch pipe and two catch-basins in Lauriat street, between Callender street and Woodrow avenue, and in Woodrow avenue, between Lauriat street and Ballou avenue, in the Dorchester district, at an estimated cost of \$3,000.

A surface drain of 12-inch, 15-inch and 18-inch pipe and three catch-basins in Devon street, between Columbia road and New York, New Haven & Hartford Railroad, in the Dorchester district, at an estimated cost of \$3,000.

A surface drain of 12-inch pipe and four catch-basins in Rhoades street, between Blue Hill avenue and Morton street, in the Dorchester district, at an estimated cost of \$3,000.

Three catch-basins in Goodale road, between Wellington Hill street and a point 440 feet southeasterly, in the Dorchester district, at an estimated cost of \$800.

GOVERNOR ALLEN PLEASSED WITH MAYOR CURLEY'S PROGRAM FOR RELIEVING UNEMPLOYMENT.

Mayor Curley, on February 26, received the following letter from Governor Allen:

February 23, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MAYOR CURLEY,—It is indeed most encouraging to receive your assurance of cooperation in connection with our program for expediting public works so as to take up unemployment at this time when it appears to be more prevalent than usual.

Every effort is being made to advance the state construction work for highways, public buildings, etc., and if the various municipalities will coordinate their efforts and forces to this end, it will, in my opinion, exert a tremendous influence in stabilizing our economic situation.

With appreciation for your letter and with kind personal regards,

Sincerely yours,

FRANK G. ALLEN.

GOLD STAR MOTHERS MAY SAIL FROM BOSTON.

A telegram was received on February 24 from the chairman of the Publicity Bureau for the City of Boston, who is in Washington, stating that he had conferred with the officials of the War Department, with the view to have the Gold Star Mothers, who are to visit the battlefields of France as guests of the Nation, sail from the port of Boston.

These officials of the War Department, he states, are sympathetic with the idea, as suggested, of making it a feature of the tercentenary activities, and provided the United States Lines are agreeable to the allocation of steamers for the port of Boston for this work there is reasonable certainty that a large number of the Gold Star Mothers will not only sail from Boston, but be privileged to participate in the tercentenary observances.

CLAIMS DISAPPROVED.

The Law Department has disapproved thirty-nine claims against the city, aggregating \$4,516.75, and they are classified as follows:

Against the Building Department, two, amounting to \$428.90; against the Fire Department, two, amounting to \$75.43; against the Hospital Department, two, amounting to \$355; against the Police Department, four, amounting to \$470.76; against the Public Works Department, twenty-seven, amounting to \$2,886.66; against the School Department, one, amounting to \$200; against the Board of Street Commissioners, one, amounting to \$100.

The Law Department has disapproved twenty-five claims against the city, aggregating \$6,116.53, and they are classified as follows:

Against the Park Department, four, amounting to \$1,150; against the Police Department, two, amounting to \$70.83; against the Public Works Department, eighteen, amounting to \$4,745.70; against the School Department, one, amounting to \$150.

MAYOR CURLEY CONFERS ON UNDERPASS PROBLEMS.

Mayor Curley and Chairman Thomas F. Sullivan of the City Transit Commission were in conference on Thursday afternoon, February 27, with relation to the proposal to provide one or more underpasses for pedestrian traffic crossing Causeway street at the North Station, such as are outlined in a bill introduced by Representative Luke D. Mullen of Charlestown, now pending before the Legislative Committee on Municipal Finance.

This bill stipulates that any such enterprise shall be built with money raised outside the debt limit. But in the conference Mr. Curley advised Mr. Sullivan, that if there is objection at the State House to this feature of the bill, the Mayor would hope to raise the necessary \$150,000 this year within the debt limit, so as to provide at least one of the vitally necessary underpasses.

Some 85,000 commuters and passengers arrive at and depart from the North Station daily, and oftentimes at night the Boston Garden attracts many thousand persons. Great numbers of these persons must cross Causeway street whose 100-foot width provides them two narrow islands for safety. But to reach either of these, pedestrians must oftentimes expose their lives to passing ve-

hicular traffic flowing in the three lanes of travel which are divided by the islands.

Mr. Curley himself recently passed through Causeway street at the evening rush hour and stopped to observe conditions. What he saw convinced him of the urgent necessity of safeguarding the lives of those thousands who daily pass there.

At the State House, in connection with his appearance upon another matter, Mr. Curley emphatically commended the idea of one or more underpasses. He reiterated this in talk to Colonel Sullivan, making the point that at such a main gateway safer accommodations must be provided soon.

The Boston & Maine road has invested \$10,000,000 there in its station, hotel, industrial building and Boston Garden, and it is an absurdity that ingress and egress should be so dangerously interfered with by vehicular traffic.

An underpass arrangement is imperative, the Mayor feels. If underpass cannot be provided at Canal, Portland and Friend streets, the city should immediately start to build an underpass at some one of those busy thoroughfares. He therefore assured Colonel Sullivan that if the Legislature would prefer, he will raise the \$150,000 necessary within the debt limit and finish the undertaking next summer.

MAYOR CURLEY NAMES VINCENT BROGNA TO PUBLIC WELFARE BOARD.

Following his naming of Vincent Brogna to be Overseer of Public Welfare, the Mayor issued the following statement:

Vincent Brogna, born in Italy on May 14, 1887, emigrated to America in 1893 and settled in Boston. He was graduated from the Eliot Grammar School in 1902 and the English High School three years afterwards. He attended Ballou & Hobigand Preparatory School for a short period and in 1903 was graduated cum laude from the Boston University School of Law. Admitted to the Massachusetts Bar the same year. He was appointed Master-in-Chancery by Governor Foss and has since been reappointed to that position. He served in the House of Representatives in 1912, 1913, 1914, 1915, and 1917.

He was clerk of the Committee on Joint Judiciary and a member of the Special Legislative Committee on Social Insurance. Mayor Peters named him a member of his Housing Committee. He is a charter member of the Ausonia Council, Knights of Columbus, and a Past Grand Knight and chairman of the Charitable and Welfare Bureau of that organization. He was chairman of the Italian Liberty Loan Committee of Boston.

In 1922 he was appointed Assistant District Attorney for Suffolk County, the first person of Italian parentage to occupy that position in this state. He was formerly counsel for the Royal Italian Consulate at Boston and for the past twelve years has been attorney for the International Hod Carriers, Building and Common Laborers' Union of America. He was chairman of the Smith Italian-American League of Massachusetts. In 1929 he was elected and now holds the office of Grand Venerable of the Order of Sons of Italy in Massachusetts.

Stablemen.—Maurice Fitzgerald, Richard F. O'Neil, Timothy F. Donovan, Patrick Dolan, James H. Fitzgerald, Patrick J. Sweeney, John Doherty, Charles A. Bleiler, William J. McNulty, 1 day, \$5 each.

Laborers.—William J. Dallen, Harold J. Grant, $\frac{1}{2}$ day, \$2.50 each; Elmer H. Kendall, Frank J. Gavaghan, Walter T. Murray, Timothy McCarthy, Joseph A. O'Neil, Daniel B. Shea, Philip B. Smith, Arthur P. Connor, James H. Dolan, Michael Hourihan, David C. Kelleher, John Kelley, John McAteer, Michael McManus, Thomas Ratchford, Michael Lapsley, Garrett Sullivan, Lawrence Shanney, Thomas P. Conboy, John A. Desmond, Patrick Healey, Thomas Heavey, William Curran, Louis Johnson, Luke B. Kilduff, Bartholomew Dunn, Hugh McDermott, Michael Condon, 1 day, \$5 each; John St. John, Patrick Gallagher, Owen Gorman, Michael Barrett, John Cassano, James P. Craig, Anthony Deamore, Domenico Moschitto, Neil McLaughlin, Edward McManus, Bernard F. Rogan, William D. Smith, William J. Sruhan, Edward J. Walsh, Micheal Curley, $1\frac{1}{2}$ days, \$7.50 each; Charles Noone, Robert E. Hammond, James F. Toomey, William F. Huber, Nicholas J. Dunn, 2 days, \$10 each; Edward Monahan, $3\frac{1}{2}$ days, \$18.44; Stephen A. Hughes, William Cluff, $1\frac{1}{2}$ days, \$8.75 each; Philip McGaffigan, 3 days, \$15; Edward Barnes, Frederick J. Jenness, Frank Woods, $\frac{1}{2}$ day, \$3.75 each; John S. Callahan, Patrick Doherty, Dennis J. Reagan, $2\frac{1}{2}$ days, \$12.50 each; Patrick Carroll, 7 days, \$35; Edward V. Cunningham, Richard McGrath, $2\frac{1}{2}$ days, \$11.25 each.

Rammer.—Michael Sweeney, 1 day, \$5.

Pavers.—John Devlin, Timothy J. Quinlan, Edward Doherty, Arcangelo Faiella, Thomas J. Sruhan, Donato Salvucci, $1\frac{1}{2}$ days, \$9 each; Francesco S. Penta, Michael H. Gorman, Patrick Sullivan, 1 day, \$6 each; Patrick A. Grady, Philip McGinn, William McCarthy, $2\frac{1}{2}$ days, \$15 each; Coleman McDonough, $\frac{1}{2}$ day, \$4.50; William McQuinn, $2\frac{1}{2}$ days, \$12.38; Frank Galida, $1\frac{1}{2}$ days, \$8.44.

Stonecutters.—John J. Murphy, Michael McAuliffe, John Barry, $1\frac{1}{2}$ days, \$9 each; John B. McCormick, $2\frac{1}{2}$ days, \$13.50.

Carpenters.—James M. Doherty, John T. Cashman, $1\frac{1}{2}$ days, \$9 each.

Teamsters.—James J. Barry, $1\frac{1}{2}$ days, \$7.50; Edward P. McGuire, $4\frac{1}{2}$ days,

\$20.31; George D. Currie, James Lyman, Samuel Blair, 1 day, \$5 each:

Chauffeurs-Laborers.—James P. Hooley, George H. Rosemond, 1 day, \$5.50 each; Thomas F. Cashman, James W. O'Brien, 1 day, \$5 each; James N. Gallagher, Arthur Gleason, Roger J. O'Connor, $1\frac{1}{2}$ days, \$8.25 each; William J. Jeffers, $1\frac{1}{2}$ days, \$9.28; Thomas E. Lydon, William C. McGee, $2\frac{1}{2}$ days, \$12.38 each; Thomas H. Minton, $2\frac{1}{2}$ days, \$15.13.

Watchman.—Timothy Callahan, 1 day, \$5.

Chauffeurs-Teamsters.—Thomas Cleary, $1\frac{1}{2}$ day, \$5.16; William S. Glendon, $\frac{1}{2}$ day, \$3.09; Francis J. McGinnis, $1\frac{1}{2}$ days, \$8.59; James J. Henneberry, $2\frac{1}{2}$ days, \$15.13; James C. McCabe, $1\frac{1}{2}$ days, \$8.25; Frederick A. Doyle, 1 day, \$5.

Watchman.—Timothy Callahan, 1 day, \$5.

Chauffeur.—Joseph A. Phipps, $3\frac{1}{2}$ days, \$18.38.

Teamsters-Laborers.—Michael Blong, $\frac{1}{2}$ day, \$2.81; James Canney, Patrick McCormack, 1 day, \$5 each; John J. Kenzie, 3 days, \$15; Andrew J. Kelley, Nathaniel Harris, $1\frac{1}{2}$ days, \$7.50 each; Patrick J. Sheehan, Edward McLaughlin, $2\frac{1}{2}$ days, \$12.50 each.

Yardman.—Charles J. Hennrikus, 1 day, \$5.

Feeder.—William F. Shaughnessy, 2 days, \$10.

Carpenter's Helpers.—John T. Kelly, James M. Magee, 1 day, \$5 each; Michael J. Maguire, $2\frac{1}{2}$ days, \$11.25.

Roche, J. Ryan, M. Shaller, W. Williams, S. Shea, 1st, 4½ days, \$21.25 each; H. Devlin, 3½ days, \$18.12; W. Getz, 1½ days, \$5.62; P. Hession, L. Keegan, S. Melia, M. O'Brien, M. Tierney, 4½ days, \$20.62 each; W. Mackie, 5½ days, \$28.12; J. Fogarty, 5½ days, \$27.50; A. Luper, 5½ days, \$26.25.

Total, \$6,014.04.

For the week ending Monday, February 24:

Blacksmiths, Mechanics, Etc.—R. Burke, J. Lavin, 1 day, \$6 each; A. Gaffey, 2 days, \$12; M. Sullivan, 1½ days, \$9; M. McNeil, T. McInerney, W. O'Brien, J. Beath, 2½ days, \$15 each.

Chauffeurs, Etc.—N. Coyle, R. Guirriero, 1½ days, \$6.19 each; F. O'Laughlin, J. Glasheen, W. Daly, H. Bertocchi, J. Cusack, M. McGinley, J. Schoen, T. Charlton, M. Cotter, F. Parkes, A. Andrews, R. Brown, F. Cunningham, 1 day, \$5.50 each; R. Cass, W. White, H. Foley, 1½ days, \$6.87 each; J. Harnett, G. Mitsiaris, J. McDonald, J. Considine, ¾ day, \$4.12; each; J. Maloney, A. Cassidy, T. Mc-

Grath, J. O'Neil, 2½ days, \$13.75 each; T. Killion, 5½ days, \$30.25; R. Lanahan, 1 day, \$5.25.

Teamsters, Laborers, Stablemen, Etc.—L. O'Neil, 1½ day, \$4.69; W. Clancy, P. Eagan, J. Ferguson, D. Donovan, P. Lane, W. McCarthy, M. King, W. Gormley, T. Croake, W. Ryan, E. Collins, T. Downing, M. Campbell, J. Carey, P. Coffey, J. Cosgrove, P. Downey, 2d, P. Downey, 1st, J. Moore, T. Monahan, T. Conlon, J. Page, R. Watson, M. Ryan, F. Calbag, J. J. Curran, J. Curran, J. Kelly, W. Magee, M. Rooney, T. Shea, M. Gately, P. Griffin, J. O'Neil, T. Riley, J. Callahan, J. Crilley, J. Cronin, J. Donelan, J. Donovan, J. Fahey, M. Foley, E. Gardner, J. Hegarty, P. Hession, W. Leary, J. McCabe, M. O'Brien, E. O'Neil, M. Tierney, J. Wark, J. Waugh, J. Gorman, O. McDonald, P. Griffin, J. Callahan, J. Collins, W. Crawford, M. Cronin, J. DiPasquale, T. Dwyer, P. Foley, G. Guiffredo, R. Hughes, R. Landy, E. Lucas, B. Lyons, W. McGahey, P. McLaughlin, W. Shea, J. Smith, A. Rogers, J. Best, F. Flanagan, R. Holland, D. O'Leary, R. Vincent, W. Regan, J. Fleming, J. Coughlin, 1 day, \$5 each; J. Scully, 2½ days, \$11.25; J. Glasheen, J. Driscoll, J. Heffernan, W. Williams, 1½ days, \$7.50 each; R. Guirriero, W. White, P. Callahan, J. Carr, E. Davis, D. Dempsey, J. DeRocher, E. Duffy, J. Hurley, F. Perkins, P. Sheehan, J. Sweeney, F. Barry, L. Duffy, J. Fitzpatrick, T. Gallagher, J. Holloran, D. McCarthy, C. Driscoll, M. Flynn, W. Johnson, T. Lewis, 3 days, \$15 each; A. Charbonnier, S. Hegarty, D. Sullivan, 3½ days, \$17.50 each; J. McDonald, 5½ days, \$27.50; T. Smith, J. Dargon, E. Greenhall, T. Landrigan, J. Regan, 1½ days, \$8.75 each; J. Reidy, W. Cassell, W. Carmody, J. Burns, F. Kane, J. Cavinaro, T. Conway, D. Dalton, J. Gilligan, R. Hurley, K. Kenney, J. Lannon, M. McGrath, L. Powers, J. Roche, J. Ryan, M. Shaller, D. Shea, 1st, 2 days, \$10 each; H. Brown, J. Barry, J. Corrigan, J. Engano, J. O'Driscoll, M. Picco, H. Hayes, P. Cataldo, M. Connors, D. Shea, 2d, T. Morrello, ¾ day, \$3.75 each; J. Coughlin, 4 days, \$20; J. Ryan, P. Napoletano, J. Southen, M. O'Connell, F. Donnelly, ½ day, \$2.50 each.

Total, \$1,463.41.

Public Works Department (Sewer Service).

For the week ending Monday, February 17:

Steam Engineer.—Michael Duffy, 1 day, \$6.

Sewer Cleaners.—Michael Foley, John Sweeney, Thomas McDonough, 4½ days, \$27.75 each; Thomas Casey, John O'Connor, Dennis Callaghan, 3½ days, \$18.75 each; Hugh Clark, Hugh O'Connor, Nathan F. O'Neil, 2 days, \$12 each; Stephen Manning, Michael Neary, 1½ days, \$11.25; George Caswell, Joseph Rafferty, Thomas Hanrahan, Jeremiah Brosnan, John Sullivan, John Donnelly, Thomas Duffy, 1½ days, \$9.75 each; Leo Kilduff, 2½ days, \$14.25; Patrick Foley, Joseph H. Spellman, 1 day, \$6 each; Thomas Byrne, ¾ day, \$5.25; Daniel McKenna, ¾ day, \$4.50.

Chauffeurs.—Charles Caffrey, 5½ days, \$29.56; Edward Borgusch, 4½ days, \$25.44; Daniel Donovan, 3½ days, \$21.31; Cornelius Sullivan, 2½ days, \$13.06; Joseph Capillo, Nicholas Schaaf, 1 day, \$5.50 each; Matthew Donovan, Patrick Gallagher, Hollis Reed, Joseph Fareto, 3½

days, \$16.41 each; Daniel R. Hurley, 2 days, \$10.50; William B. Aitken, James Riley, James F. McCarthy, 1 day, \$5.25 each; Thomas Foley, $\frac{1}{2}$ day, \$4.59.

Laborers.—Louis Brunetto, Joseph Clougherty, $4\frac{1}{2}$ days, \$23.13 each; John Sweeney, $3\frac{1}{2}$ days, \$15.63; Michael McGovern, James J. Splaine, 2 days, \$10 each; Joseph Brown, $1\frac{1}{2}$ days, \$9.38; Mark Cuniff, John Duran, Timothy Kennedy, Peter King, Patrick McDonough, Michael Norton, Charles Stoll, John Waters, James O'Leary, Martin Day, Daniel Kane, Thomas McDonald, James Curry, Jeremiah Walsh, $1\frac{1}{2}$ days, \$8.13 each; Thomas Traverse, $1\frac{1}{2}$ days, \$7.50; Patrick J. Buckley, Albert Backofner, Patrick Dillon, John L. Kelly, John J. Burke, Thomas F. Connolly, Hugh C. Murray, Edward J. White, 1 day, \$5 each; James Clark, $\frac{1}{2}$ day, \$4.38; Benjamin Gorman, $\frac{1}{2}$ day, \$3.75; Richard Moore, $\frac{1}{2}$ day, \$2.50.

Clerk.—George Curry, $1\frac{1}{2}$ days, \$4.89.

Public Works Department (Sewer Service).

For the week ending Monday, February 24:

Engineers.—John H. Mahoney, William E. Bragger, John McCarthy, 1 day, \$8 each.

Firemen, etc.—Thomas McLaughlin, Timothy Scully, Emmanuel S. Clancey, Andrew Calnan, Philip Lamb, William J. McKeon, Jeremiah Delaney, Michael J. Reilly, Edward Collins, John Doherty, John Melley, James Conlon, Patrick Gleason, Dennis O'Connell, Raymond Thompson, John McNeil, Patrick Keating, Patrick Kelley, Patrick Thornton, William Mullin, Richard Tobin, 1 day, \$6.92 each.

Steam Engineer.—Michael Duffy, 1 day, \$6.

Mechanics.—Joseph F. Burke, $3\frac{1}{2}$ days, \$19.50; John Riley, Charles Gallagher, $1\frac{1}{2}$ days, \$10.50 each.

Sewer Cleaners.—Michael Mooney, Thomas Hanrahan, Joseph Rafferty, Thomas Duffy, Dennis Callaghan, Michael Foley, John Sullivan, Jeremiah Brosnan, $5\frac{1}{2}$ days, \$33 each; Thomas Byrne, Stephen Manning, 3 days, \$18 each; Michael Neary, 2 days, \$13.50; Thomas McDonough, Leo Kilduff, Thomas Casey, George Caswell, John Donnelly, John O'Connor, John Sweeney, Hugh Clark, Hugh O'Connor, Nathan F. O'Neil, $1\frac{1}{2}$ days, \$9 each; Joseph H. Spellman, 2 days, \$12; Patrick Foley, Bartholomew Norton, 1 day, \$6 each.

Chauffeurs.—Daniel Donovan, $5\frac{1}{2}$ days, \$30.25; Charles Caffrey, Cornelius Sullivan, 3 days, \$16.50 each; Edward Borgusch, William Leary, $1\frac{1}{2}$ days, \$8.25 each; Joseph Capillo, Nicholas Schaaf, 1 day, \$5.50 each; Matthew Donovan, Joseph Faretro, Patrick Gallagher, Hollis I. Reed, $5\frac{1}{2}$ days, \$28.88 each; Augustine Frati, Dana Currier, 3 days, \$15.75 each; Thomas Foley, $3\frac{1}{2}$ days, \$18.38; James F. McCarthy, 2 days, \$10.50; Edgar Sargent, $1\frac{1}{2}$ days, \$9.19; Daniel R. Hurley, $1\frac{1}{2}$ days, \$7.88; Michael Mullin, William B. Aitken, James Riley, 1 day, \$5.25 each.

Laborers.—John Sweeney, $4\frac{1}{2}$ days, \$23.75; Louis Brunetto, Joseph Clougherty, Peter King, Charles Stoll, Jeremiah Walsh, $5\frac{1}{2}$ days, \$27.50 each; James Clark, 4 days, \$20; Joseph Brown, 3 days, \$15; James Conlon, Frank McMahon, Benjamin Gorman, Thomas Shine, $2\frac{1}{2}$ days, \$13.75 each; Jeremiah Coleman,

James Courtney, Jeremiah McDonald, Thomas Traverse, Richard Judge, $1\frac{1}{2}$ days, \$8.75 each; Mark Cuniff, John Duran, Timothy Kennedy, Patrick McDonough, James Curry, John Waters, James O'Leary, John Collins, Martin Day, Daniel Kane, Francis McDonald, Richard Moore, $1\frac{1}{2}$ days, \$7.50 each; James J. Splaine, $2\frac{1}{2}$ days, \$12.50; Cornelius Goggin, Patrick Lombard, Michael Vaughan, Malachi Hanley, John Crowley, Joseph H. McCaffrey, Patrick Muldoon, John J. Burke, Thomas F. Connolly, John D. Kelley, Martin J. McGovern, Hugh C. Murray, Edward J. White, Albert Backofner, Patrick J. Buckley, Patrick Dillon, Bernard Brady, Roy Scott, James P. Barrett, Stephen Connolly, Joseph Power, John O'Neil, Daniel Coleman, John McDonald, 1 day, \$5 each; James Gblin, Antonio Arrachiello, $\frac{1}{2}$ day, \$3.75 each.

Public Works Department (Water Service).

For the week ending Monday, February 17:

Chauffeurs.—J. Burns, $1\frac{1}{2}$ days, \$5.67; R. Fitzgerald, $1\frac{1}{2}$ days, \$8.25.

Repairers.—T. Thurson, P. Dolan, S. Mickewicz, $1\frac{1}{2}$ days, \$9 each; F. Higgins, J. McGee, J. Sheehan, A. Martin, $1\frac{1}{2}$ days, \$8.25 each; C. De Lucca, J. Dolan, P. Mealey, $\frac{1}{2}$ day, \$2.06 each; W. Corbett, W. Dolan, $\frac{1}{2}$ day, \$4.64 each; B. Lyons, $1\frac{1}{2}$ days, \$7.88; H. Krauss, $\frac{1}{2}$ day, \$2.95; G. Cozza, $\frac{1}{2}$ day, \$2.16; G. Cunningham, $1\frac{1}{2}$ days, \$8.63; W. Shields, $1\frac{1}{2}$ days, \$5.93; J. Feeley, $2\frac{1}{2}$ days, \$14.95; T. Byrnes, $1\frac{1}{2}$ day, \$5.63; M. Manus, $2\frac{1}{2}$ days, \$11.34; J. Reilly, $\frac{1}{2}$ day, \$4.86; R. Connor, $\frac{1}{2}$ day, \$4.22; M. Matthews, $\frac{1}{2}$ day, \$4.32; M. Rizzo, $\frac{1}{2}$ day, \$4.13; J. Hennessey, $\frac{1}{2}$ day, \$4.22; T. Rose, $1\frac{1}{2}$ days, \$7.88; A. Buono, $\frac{1}{2}$ day, \$1.88.

Total, \$180.36.

For the week ending Monday, February 24:

Chauffeurs.—F. Bonang, F. Joyce, T. McGuinness, J. O'Brien, 1 day, \$5.50 each; T. Norton, $2\frac{1}{2}$ days, \$13.75; C. Driscoll, $1\frac{1}{2}$ days, \$7.88; W. Kravets, $\frac{1}{2}$ day, \$3.09.

Repairers.—A. Christie, D. Curley, J. Doherty, M. Donohue, J. Kelley, C. King, W. Scanlon, 1 day, \$6 each; F. Dolan, C. Joyce, T. Kinahan, 1 day, \$5.50 each; N. DiEso, E. Curio, A. Padrevite, $\frac{1}{2}$ day, \$1.97; P. Dolan, $2\frac{1}{2}$ days, \$15; P. Flynn, $\frac{1}{2}$ day, \$4.32; J. Leonard, $1\frac{1}{2}$ days, \$6.83; J. O'Toole, $\frac{1}{2}$ day, \$4.50; M. Carney, 1 day, \$5.75; P. Mulkern, $\frac{1}{2}$ day, \$4.32; J. Feeley, $\frac{1}{2}$ day, \$1.55; W. Shields, $\frac{1}{2}$ day, \$3.24; T. Byrnes, $1\frac{1}{2}$ days, \$7.31; C. Ring, $\frac{1}{2}$ day, \$1.62; W. Corbett, $\frac{1}{2}$ day, \$3.09; J. Reilly, $1\frac{1}{2}$ days, \$8.63; M. Matthews, $\frac{1}{2}$ day, \$4.32; M. Rizzo, $\frac{1}{2}$ day, \$2.06; S. Mickewicz, $1\frac{1}{2}$ days, \$9; B. Lyons, $1\frac{1}{2}$ days, \$7.88; W. Behan, $1\frac{1}{2}$ days, \$5.63; J. McLean, $\frac{1}{2}$ day, \$4.13; T. Rose, $1\frac{1}{2}$ days, \$9; C. McCarthy, $1\frac{1}{2}$ days, \$5.94.

Laborers.—M. Barron, J. Carroll, P. Clougherty, B. Doherty, W. Fitzsimmons, T. Flanagan, W. Gannon, S. LoPilato, M. McGuinn, J. O'Toole, E. Pyne, J. Roust, P. Waters, M. Connolly, P. McLaughlin, J. O'Brien, T. Toolin, T. Toomey, 1 day, \$5 each; J. Daly, $\frac{1}{2}$ day, \$3.94; J. Murphy, $1\frac{1}{2}$ days, \$5.94; P. Doherty, $\frac{1}{2}$ day, \$3.75; P. Coleman, $1\frac{1}{2}$ days, \$7.50.

Total, \$361.55.

Traffic Commission.

For the week ending Thursday, February 27:

John F. Montgomery, foreman, $1\frac{1}{2}$ days, \$9.05; Joseph L. Cullen, painter, 1 day, \$6; Albert T. Shea, painter, $\frac{1}{2}$ day, \$4.50; Daniel A. McAuley, Jr., painter, 1 day, \$6; Jeremiah Lynch, John J. Jason, Norman R. Dean, painters, $\frac{1}{2}$ day, \$3 each; Leo F. McGonigle, laborer-chauffeur, $\frac{1}{2}$ day, \$4.13.

MAYOR CURLEY CALLS FOR REDUCTION IN FERRY TOLL RATES.

Mayor Curley, on February 21, forwarded the following communication to the City Council:

To the City Council.

GENTLEMEN,—The business interests located at East Boston are of the opinion that the increase in ferry tolls adopted and effective as of January 1, 1930, are a detriment.

The Bridge and Ferry Division of the Public Works Department have submitted reports to me which indicate that the returns are not as great as it was anticipated they would be when the new schedules were put in operation, due in large measure to the fact that, in the opinion of users of the ferry service, they are prohibitive.

It has not been definitely determined to the present time whether a tunnel or a bridge shall be constructed connecting the mainland with East Boston, and in the event that a contract were awarded now for the construction of either tunnel or bridge the shortest possible time in which the work could be completed would be at least two years, and to me it appears an injustice to require persons using the ferries to pay the increased tolls that have been levied, since there is no prospect of the ferries operating in competition with tunnel or bridge until such time as a bridge or tunnel will be constructed, and it will be sufficient time to consider the effect of competitive rates when the tunnel or bridge are in operation.

In view of the fact that the revenue derived from the increased rates, as adopted on January 1, 1930, show no very appreciable increase, and in view of the additional fact that the falling off in the number of vehicles approximates in excess of forty per cent, it would, in my opinion, be advisable to adopt a revised schedule of rates equivalent to a fifty per cent reduction in some cases, and greater in others, over the rates now in operation, and I accordingly recommend the adoption of the accompanying schedule as here submitted, the new schedules, in the event of approval by the City Council, to be effective as of April 1, 1930.

Respectfully,

JAMES M. CURLEY, Mayor.

CLAIM ALLOWED.

Upon recommendation of the Corporation Counsel the Mayor has approved the following claim:

Mrs. Mary Sullivan, 143 Eutaw street, East Boston, in the sum of \$200, as compensation for personal injuries received September 25, 1929, by defective sidewalk between 103 Marion street and corner of Lexington street, East Boston.

MAYOR CURLEY'S TECHNOLOGY COMMITTEE MAKES REPORT AND RECOMMENDATIONS FOLLOWING INVESTIGATION OF BOILER EXPLOSION AT LONG ISLAND HOSPITAL.

The following report from Massachusetts Institute of Technology was received from Acting Institutions Commissioner Lydon by Mayor Curley:

MASSACHUSETTS INSTITUTE OF TECHNOLOGY, DEPARTMENT OF MECHANICAL ENGINEERING,

February 20, 1930.

JOHN J. LYDON, *Commissioner of Institutions.*

DEAR MR. LYDON,—In regard to the boilers at the Long Island Hospital the undersigned beg to report as follows:

This plant has three (3) 66-inch horizontal return tubular boilers, and two (2) 84-inch boilers fired with powdered coal, the total horse power of the plant being approximately 900. The three (3) 66-inch boilers are set approximately 6 feet 9 inches from the floor and the center of the burner supplying powdered coal is approximately 2 feet 9 inches below the bottom of the boiler. On the 84-inch boilers the distance from the bottom of the boiler to the floor is approximately 10 feet and from the center of the burner to the bottom of the boiler approximately 5 feet 6 inches. We find that those boilers are carrying from 100 to 110 pounds pressure and the safety valves are said to be set at 120.

The heating system in the building makes use of what exhaust steam is available from your refrigerating machine and from your lighting engines, and the demand in excess of this is supplied directly from the boilers. This method of operation we understand has gone on for some thirty years and there is a probability that a large part of the heating system may have a film of oil on the inside surface. This oil is likely to come back at any time and there is no filter that is 100 per cent efficient—either one filtering oil out of exhaust steam or one filtering oil out of condensate, in fact, condensate will carry oil in emulsion which will go through any filter.

OIL BLAMED FOR ACCIDENT.

We found that two of the boilers—the 84-inch—have been bagged and that the bags had been successfully pushed back into place, the girth seam riveted,—the boiler repair man having done an excellent piece of work. As soon as any returns containing oil are put back into the type of boilers which you are using there, especially boilers fired with powdered coal or oil, there is always the possibility of oil collecting on the plates, the plates becoming overheated and bags resulting. Should these bags which form break through and release the water in the boiler, a disastrous explosion would result. The reason for this bag occurring is that the place under the spot where the oil had accumulated becomes heated to a dull cherry red,—possibly even hotter than this. The strength of the plate is reduced practically one half when heated to a dull cherry red. As the plate begins to stretch, frequently the water gets under the scale which is dislodged and cools the plate in time to prevent explosion. You were fortunate enough in the case of your two (2) 84-inch boilers to have this condition of things occur. We feel that this type of boiler should never have been

installed. What you should have used was some form of water tube boiler. With a water tube boiler, if oil collects, you may burn out a tube which is a small item with no danger of anything resulting.

We found yesterday that the three remaining boilers were carrying an overload running at 225 per cent rating and yesterday was a mild day with a temperature around 60. The pulverized coal equipment seemed to be giving excellent results as far as combustion was concerned. The appearance of the flame would indicate that the burners were in every way satisfactory. With powdered coal, as with oil, it is possible to burn coal at a much more rapid rate than was ever possible with hand firing, and a boiler can be crowded with this type of fuel easily to 500 per cent without a fireman perhaps realizing what a load he has put on the boiler. With this type of boiler such crowding is absolutely dangerous and we believe it is not safe for oil or powdered coal to be used under boilers of the type which you have there, especially as you are returning oil in the condensate which goes back into the boiler as feed water.

SUGGESTS IMPROVEMENT.

It seems that on Sunday when this trouble occurred the day was extremely cold and these two 84-inch boilers were carrying practically all the load as we were given to understand, they were the only boilers on the line at the time the accident occurred. Inasmuch as it is impossible to make a change in your boilers at this time of year we have suggested to Mr. John J. Ryan, the Superintendent, the following:

DEAR SIR,—It is our suggestion that as soon as you get the two (2) 84-inch boilers in condition you put them on the line and run the five (5) boilers as moderately as possible. That you use as little oil as you possibly can in your steam-driven equipment, which is exhausting into the heating system, and that the boilers be laid off in rotation once a week and washed out.

Before the two 84-inch boilers are put on the line they should be given a dose of soda ash and caustic, manhole left open, and boiled for twenty-four hours. After you have boiled for twenty-four hours drain out and then wash thoroughly with a hose.

In the spring when your load is light you can put kerosene in the boilers and run that steam through the heating system and throw all the returns away until the oil that has been stored up for the last thirty years is washed out.

Very truly yours,

E. F. MILLER.
A. S. SMITH.

RECOMMENDATIONS.

We would recommend that you replace the two 84-inch boilers as soon as your steam load is light enough to enable you to do so, with a water tube boiler properly set for burning powdered coal and that after this boiler has taken the load, you then replace the three 66-inch boilers with such type of water tube boilers as you can get in this restricted vertical space. It may be necessary in

the restricted space which you have where the three 66-inch boilers are now set for excavation to be made in order to give sufficient space for a combustion chamber. There may also be a possibility of getting space by removing the present ceiling at the top of the boiler. This detail we have not gone into.

We feel that the boilers in their present condition should be watched carefully through the remainder of the season so that there will be no recurrence of the Sunday accident.

We understand that this report will be submitted to his Honor the Mayor, and we felt that a letter which Professor Miller wrote to Mr. J. P. Manning under date of July 10 might be of interest, inasmuch as Professor Miller investigated, at the request of Mr. Manning, conditions at the City Hospital in regard to power, and also was consulted and visited the tuberculosis hospital at Mattapan where the architect was contemplating putting in practically the same type of equipment as was installed at Long Island. Copy of this letter is appended hereto.

Yours very truly,

E. F. MILLER.
A. S. SMITH.

CONTRACT AMENDED.

SUPPLY DEPARTMENT.

The Hersey Manufacturing Company have been allowed to amend the contract for furnishing to the Water Service, Public Works Department, the following detector meters: One 4-inch detector meter at \$240 each, \$240; two 6-inch detector meters at \$480 each, \$960; six 8-inch detector meters at \$720 each, \$4,320; three 10-inch detector meters at \$960 each, \$2,880; two 12-inch detector meters at \$1,200 each, \$2,400; total, \$10,800, by substituting for the two 12-inch size meters the following: Two 8-inch detector meters at \$720 each, \$1,440; one 6-inch detector meter at \$480 each, \$480; one 4-inch detector meter at \$240 each, \$240. Total \$2,160.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

JANITOR SERVICE, MARCH 15.

This is the regular examination for the janitor service of the state and of all cities and of such towns in the state as are classified under civil service. The examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

The subjects of examination with their respective weights will be as follows: Training and experience, 1; practical questions, 1; total, 2.

Applicants must obtain at least 60 per cent in practical questions and at least 70 per cent in general average in order to become eligible.

Specimen examination papers may be obtained at the Civil Service office.

LEGAL HOLIDAYS.

As provided by the Revised Laws of Massachusetts, also by chapter 473, Acts of 1910, and chapter 104, General Acts of 1916 (ratified by the electorate on November 7, 1916), legal holidays on which the public offices shall be closed, include January 1, February 22, April 19, May 30, July 4, September (first Monday), October 12, Armistice Day (November 11), Thanksgiving Day (the last Thursday in November) and Christmas Day (December 25).

MAYOR CURLEY DIRECTS PUBLIC WORKS COMMISSIONER ROURKE TO MAKE AN INVESTIGATION INTO REASONS FOR LARGE DECREASE IN REVENUE FROM REFUSE COLLECTION.

The Mayor has addressed the following communication to Joseph A. Rourke, Commissioner of Public Works:

MAYOR'S OFFICE,
BOSTON, February 21, 1930.

JOSEPH A. ROURKE, Esq.,
Commissioner of Public Works.

MY DEAR MR. ROURKE,—My attention has been directed by the Finance Commission to another "leak" which must be plugged in order that the revenues of the city may be safeguarded and the tax rate prevented from reaching prohibitive figures through the carelessness or corruption of employees of the city.

The Finance Commission reports that notwithstanding an increase in population in the four-year period from 1925 to 1929, while you were not the Public Works Commissioner, that the revenues from materials removed by the Department of Public Works has been reduced \$40,000. The custom of charging commercial producers of refuse for collection made by the city was inaugurated in 1911 and the receipts from this source in 1925, which was an eleven-month municipal year, would, had the receipts from the month of January been added, amount to \$108,557.25. The receipts for the year 1926 were \$101,141.10; 1927, \$95,182.95; 1928, \$79,196.85; 1929, \$68,624.10, or a decrease of 36 per cent from the maximum

received by the city during the last year of your previous term as Public Works Commissioner.

The published figures of the Public Works Department do not indicate that there has been any substantial reduction in the amount of refuse collected in those districts served by the municipal service. The figures for the year 1928 used as a comparative basis with the year 1923 figures disclose the fact that the actual tonnage collected in 1928 was in excess of that collected in 1923, despite the fact that the receipts for 1928 are \$29,000 less than the receipts for 1923.

There is nothing to indicate that the collection of commercial refuse by private contractors has increased since 1925 and notwithstanding the fact that 10 per cent more men are now employed by the city in the Sanitary Department the reduction in revenue received and ultimately reaching the office of the treasurer is 38 per cent less than it was in 1925.

It would, in my opinion, be advisable to institute a thorough investigation at once with a view to determining the reason for the falling off in revenue and the ways and means which may be adopted for bringing to account those responsible, thereby "plugging a leak" that never should have been permitted to develop.

JAMES M. CURLEY, Mayor.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon February 20 the Mayor approved a contract with the Jennison-Wright Company and Orpin Desk Company for furnishing and delivering teachers' oak desks in various schools for the remainder of the year 1930. Bids, opened on February 18, were as follows:

32-inch by 50-inch Size.—Orpin Desk Company, \$26; Osborne Office Furniture Company, \$29.50; alternative, \$25.50*; McCarthy Brothers, \$30.83.

30-inch by 50-inch Size.—O'Hearn Furniture Company, \$26.75; Thorp & Martin Company, \$28.45†; Orpin Desk Company, \$23*; Osborne Office Furniture Company, \$22.50; J. L. Hammett Company, \$27.45‡.

HOSPITAL DEPARTMENT.

Upon February 20 the Mayor approved a contract with A. Piotti Company for the erection and completion of a power plant at Sanatorium Division. Bids, opened at the hospital on Tuesday, February 11, were as follows:

100 One Half-Inch Federal Bushings.—Voye Electric Supply Company, \$6 a hundred; Graybar Electric Company, Incorporated, 4.38 cents each; Fay-Kearns Electric Supply Company, 2.5 cents each; Wetmore-Savage Electric Supply Company, \$3.75 a hundred.

Totals.—Voye Electric Supply Company, \$1,983.99; Graybar Electric Company, Incorporated, \$1,435.88; Fay-Kearns Electric Supply Company, \$1,624.22; Wetmore-Savage Electric Supply Company, \$1,498.35.

Discount, Ten Days.—Voye Electric Supply Company, 2 per cent; Graybar Electric Company, Incorporated, 2 per cent; Fay-Kearns Electric Supply Company, 5 per cent; Wetmore-Savage Electric Supply Company, 2 per cent.

Best Date of Delivery.—Voye Electric Supply Company, at once; Graybar Electric Company, Incorporated, at once; no bid on 50 No. 4011 Bryant receptacles; Fay-Kearns Electric Supply Company, within two weeks; Wetmore-Savage Electric Supply Company, one week; no bid on 50 No. 4011 Bryant receptacles; bid \$7.50 a dozen on 36 No. 5088 glass shades in Supply Department copy and \$7.50 each in auditor's copy.

Upon February 21 the Mayor approved a contract with lowest bidders as indicated for furnishing gauze, bellevue rolls, absorbent cotton, etc., to the various city departments for the year 1930.

As the tables of the items awarded to J. G. Bowden & Sons, Incorporated, Johnson & Johnson and E. F. Mahady Company do not amount to \$1,000, permission has been granted to award orders to these concerns for the items indicated, without entering into formal written contracts.

In the cases of Bauer & Black, Lewis Manufacturing Company, Sparrow-Chisholm Company and Griswoldville Manufacturing Company, where the total amount is over \$1,000, these awards will be covered by written contracts.

Bids, opened February 5, were as follows:

City Hospital.

950,000 Yards Absorbent Gauze, 20 by 12.—Bauer & Black, 2.6 cents per yard; Lewis Manufacturing Company, 2.31 cents per yard; Johnson & Johnson, 2.36 cents per yard; Griswoldville Manufacturing Company, 2.178 cents per yard.*

5,000 Pounds Absorbent Cotton, 1 Pound Rolls.—Bauer & Black, 26 cents per pound; Lewis Manufacturing Company, 22.48 per pound*; Johnson & Johnson, 27 cents per pound.

13,000 Bellevue Rolls.—Bauer & Black, 45 cents each; Lewis Manufacturing Company, 41.4 cents each; Johnson & Johnson, 43 cents each; Griswoldville Manufacturing Company, 35.6 cents each.*

14,000 Yards Bandage Flannel.—Sparrow-Chisholm Company, 10½ cents

per yard*; J. G. Bowden & Son, Incorporated, 12½ cents per yard.

200 Pounds Cellu Cotton, 2-Pound Rolls.—Lewis Manufacturing Company, 18 cents per pound; J. G. Bowden & Son, Incorporated, 16½ cents per pound*; Johnson & Johnson, 18 cents per pound.

7,300 Pounds Cellu Cotton, 8-Pound Rolls.—Lewis Manufacturing Company, 15 cents per pound*; J. G. Bowden & Son, Incorporated, 16½ cents per pound; Johnson & Johnson, 15 cents per pound.

300 Pounds Nonabsorbent Cotton.—Lewis Manufacturing Company, 42 cents per pound; Johnson & Johnson, 40 cents per pound.*

25,000 Yards Coleraine.—Lewis Manufacturing Company, 2.186 cents per yard; J. G. Bowden & Son, Incorporated, 2.2 cents per yard; Griswoldville Manufacturing Company, 2.15 cents per yard.*

28,000 Yards Soft Compress.—Lewis Manufacturing Company, 5.695 cents per yard; Griswoldville Manufacturing Company, 5.5 cents per yard.*

3,000 Yards Medical Stiff Compress.—J. G. Bowden & Son, Incorporated, 9 cents per yard.*

4,800 Rolls Adhesive Plaster.—R. C. Dean, 83 cents per roll; Bauer & Black, 67.6 cents per roll*; Lewis Manufacturing Company, 85 cents per roll; Johnson & Johnson, 85 cents per roll; E. F. Mahady Company, 80 cents per roll.

Sanatorium Division.

50 Dozen 1-inch Gauze Bandages.—Bauer & Black, 36 cents per dozen; Lewis Manufacturing Company, 34 cents per dozen; Johnson & Johnson, 34 cents per dozen; Griswoldville Manufacturing Company, 29 cents per dozen.*

60 Dozen 2-inch Gauze Bandages.—Bauer & Black, 60 cents per dozen; Lewis Manufacturing Company, 57 cents per dozen; Johnson & Johnson, 56.7 cents per dozen; Griswoldville Manufacturing Company, 50 cents per dozen.*

30 Dozen Two and One Half-inch Gauze Bandages.—Bauer & Black, 72 cents per dozen; Lewis Manufacturing Company, 68 cents per dozen; Johnson & Johnson, 68 cents per dozen; Griswoldville Manufacturing Company, 63 cents per dozen.*

50 Dozen 3-inch Gauze Bandages.—Bauer & Black, 84 cents per dozen; Lewis Manufacturing Company, 79 cents per dozen; Johnson & Johnson, 79.3 cents per dozen; Griswoldville Manufacturing Company, 72 cents per dozen.*

3 Dozen Three and One Half-inch Gauze Bandages.—Griswoldville Manufacturing Company, 82 cents per dozen.*

10 Dozen Rolls Adhesive Plaster.—R. C. Dean, 83 cents per roll; Bauer & Black, 67.6 cents per roll*; Lewis Manufacturing Company, 85 cents per roll; Johnson & Johnson, 85 cents per roll.

5 Gross Belladonna Plasters.—Johnson & Johnson, \$13.50 per gross; E. F. Mahady Company, \$12 per gross.*

3 Dozen Corn Plasters.—Bauer & Black, 94 cents* (dozen boxes, 12 to box); Johnson & Johnson, 9.4 cents per dozen.

5 Bales (100 Pounds to Bale) Absorbent Cotton, 1 Pound Rolls.—Bauer & Black, 26 cents per pound; Lewis Manufacturing Company, 22.48 cents per pound*; Johnson & Johnson, 27 cents per pound.

1,000 Yards Shroud Cotton.—J. G. Bowden & Son, Incorporated, 9 cents per yard.*

5 Bales (40 Pounds to Bale) Absorbent Waste Cotton in 5-Pound Packages.—Lewis Manufacturing Company, 17.48 cents per pound*; Johnson & Johnson, 17½ cents per pound.

9 Bales (3,000 Yards to Bale) Absorbent

* Contract awarded.

* Contract awarded.

Gauze, 20 by 12.—Lewis Manufacturing Company, 2.31 cents per yard; Johnson & Johnson, 2.36 cents per yard; Griswoldville Manufacturing Company, 2.178 cents per yard.*

1 Bale Sheet Wadding.—Lewis Manufacturing Company, 47 cents per pound; Johnson & Johnson, 47 cents per pound; J. G. Bowden & Son, Incorporated, \$15.80*—40 pound bale.

Long Island Hospital.

85,000 Yards Absorbent Gauze, 20 by 12.—Bauer & Black, 2.6 cents per yard; Lewis Manufacturing Company, 2.31 cents per yard; Johnson & Johnson, 2.36 cents per yard; Griswoldville Manufacturing Company, 2.178 cents per yard.*

1,200 Rolls Absorbent Cotton, 1-Pound Rolls.—Bauer & Black, 26 cents per pound; Lewis Manufacturing Company, 22.48 cents per pound*; Johnson & Johnson, 27 cents per pound.

480 Rolls Absorbent Cotton Waste, 5-Pound Rolls.—Lewis Manufacturing Company, 17.48 cents per pound*; Johnson & Johnson, 17.5 cents per pound.

50 Pounds Sheet Wadding.—Lewis Manufacturing Company, 47 cents per pound*; J. G. Bowden & Son, Incorporated, \$15.80*—40-pound bale; Johnson & Johnson, 47 cents per pound.

20 Pounds Nonabsorbent Cotton, 1-Pound Packages.—Lewis Manufacturing Company, 42 cents per pound; Johnson & Johnson, 40 cents per pound.*

850 Rolls Gauze Bandages, 1 Yard by 10 Yards.—Bauer & Black, 3 cents per roll; Lewis Manufacturing Company, 41.4 cents per roll; Johnson & Johnson, 43 cents per roll; Griswoldville Manufacturing Company, 35.6 cents per roll.*

10 Dozen Rolls Flannel Bandages.—J. G. Bowden & Son, Incorporated, \$2 per dozen.*

6 Dozen Rolls 3-inch Ace Bandages.—J. G. Bowden & Son, Incorporated, \$7.25 per dozen.*

Penal Institutions Department.

1,000 Yards Absorbent Gauze, 20 by 12.—Lewis Manufacturing Company, 2.31 cents per yard*; Johnson & Johnson, 2.36 cents per yard; Griswoldville Manufacturing Company, 2.375 cents per yard.

120 Pounds Absorbent Cotton.—Lewis Manufacturing Company, 22.48 cents per pound*; Johnson & Johnson, 27 cents per pound.

150 Bellevue Rolls, 28 by 24.—Bauer & Black, 45 cents each; Lewis Manufacturing Company, 41.4 cents each; Johnson & Johnson, 43 cents each; Griswoldville Manufacturing Company, 37½ cents each.*

50 Yards Plaster Gauze.—Lewis Manufacturing Company, 4.35 cents per yard.*

200 Sheets Wadding.—Lewis Manufacturing Company, 47 cents per pound; Johnson & Johnson, 47 cents per pound; J. G. Bowden & Son, Incorporated, \$15.80*—40-pound bale,* 480 sheets to a bale.

20 Yards Bandage Flannel.—J. G. Bowden & Son, Incorporated, 13½ cents per yard.*

24 Dozen Two and One Half-inch Gauze Bandages.—Bauer & Black, 72 cents per dozen; Lewis Manufacturing Company, 68 cents per dozen; Johnson & Johnson, 68 cents per dozen; Griswoldville Manufacturing Company, 63 cents per dozen.*

25 Rolls Adhesive Plaster, 12-inch by 5 Yards.—Bauer & Black, 67.6 cents per roll*; Lewis Manufacturing Company, 85 cents per roll; Johnson & Johnson, 85 cents per roll; R. C. Dean, 83 cents per roll.

Health Department.

300 Pounds Absorbent Cotton.—Bauer & Black, 26 cents per pound; Lewis Manu.

*Contract awarded.

facturing Company, 22.48 cents per pound*; Johnson & Johnson, 27 cents per pound.

400 Pounds Nonabsorbent Cotton.—Lewis Manufacturing Company, 42 cents per pound; Johnson & Johnson, 40 cents per pound.*

100 Rolls 2-inch Adhesive Plaster.—R. C. Dean, 35 cents per roll, 5 yards; Bauer & Black, 60 cents per roll, 10 yards; Johnson & Johnson, 60 cents per roll, 10 yards.*

7 50-Pound Bales White Waste.—J. G. Bowden & Son, Incorporated, 15 cents per pound.*

Discount, 10 Days.—R. C. Dean, 1 per cent; Bauer & Black, 1 per cent; Lewis Manufacturing Company, 1 per cent; J. G. Bowden & Son, Incorporated, 2 per cent; Johnson & Johnson, 1 per cent; Griswoldville Manufacturing Company, 1 per cent.

Total Contract.—Bauer & Black, \$3,345.64; Lewis Manufacturing Company, \$3,175.34; J. G. Bowden & Son, Incorporated, \$558.60; Johnson & Johnson, \$348; Griswoldville Manufacturing Company, \$30,297.83; Sparrow-Chisholm Company, \$1,435; E. F. Mahady Company, \$60.

Sparrow-Chisholm Company bid 10½ cents a yard on bandage flannel in Supply Department proposal, and 10¼ cents a yard in Auditor's copy.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Frank Imhof Company, Incorporated, has been allowed to deduct from the contract for the Prince District School the following: Substitution of concrete in place of the granite grass course, per Architect's letter of February 18, 1930, and the amount of \$2,143 will be deducted therefor, making the account as follows: Contract price, \$185,000; total additions, \$1,760; total deductions, \$6,643; amount of contract, \$180,117.

Frank Imhof Company, Incorporated, has been allowed the following additions to the contract for the Prince District School for removal from Art Museum of a large drawing by Martin Millmore, erecting same in lobby of the Martin Millmore School, Prince District; set up in molded frame, with plate glass, light trough and brass rail and bracket, per Architect's letter of February 19, 1930, and the amount of \$1,950 will be added therefor, making the account as follows: Contract price, \$185,000; total additions, \$3,710; total deductions, \$6,643; amount of contract, \$182,067.

PUBLIC WORKS DEPARTMENT (Paving Service).

An addition, amounting to \$2,200, on contract with Samuel J. Tomasello for laying sheet asphalt pavement in Nashua and Lowell streets, on account of loading and hauling broken stone from Massachusetts avenue lot and placing the same on slope back of sea wall on Nashua street to support sidewalk. Original contract, \$44,766.70; total additions, \$5,415; total deductions, \$1,220; contract as standing, \$59,961.70.

An addition, amounting to \$800, on contract with A. DeStefano & Son, Incorporated, for laying sheet asphalt pavement in Washington street, from Mora street to Southern Artery, on account of

*Contracts awarded.

excavating and removing bank at approach to Friedane terrace to grade that will conform to new grade of Washington street. Original contract, \$25,325.35; total additions, \$1,450; contract as standing, \$26,775.35.

CHICAGO TRAFFIC POLICE IN YEAR-LONG DRIVE.

Chicago traffic experts have promised a 50 per cent decrease in deaths from motor-car accidents, as a result of a week-by-week drive now in operation by Commissioner Russell of the Police Department to enforce the city traffic code. The drive, an outgrowth of the National Safety Congress and Chicago Safety Week recently held in Chicago, is expected to prove a valuable educational feature for drivers, pedestrians and policemen.

CHANGING STREET NAMES.

Alteration in the names of streets seems to be on the increase in the United States. In most cases the reasons for it are inadequate, while changes that would actually make for clearness remain unmade. The reason for change would usually seem to be general patriotism, national or local, as where the name of some prominent person is given to a street. During the war German names were largely discarded, as where Berlin avenue in St. Louis became Pershing avenue. In the height of President Wilson's popularity abroad, Wilson avenues sprang up all over the allied countries. Later, disappointment or dissatisfaction caused many of these to be changed again.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

THE WORST YEAR YET IN DEATHS FROM AUTOMOBILE ACCIDENTS.

Thirty-one thousand five hundred motor-vehicle deaths in the United States during 1929 is the estimate of the National Safety Council. This is 13 per cent worse than the 1928 record, although motor-vehicle registration increased only 8 per cent during the year. This increase corresponds closely to figures just reported by the Metropolitan Life Insurance Company, covering automobile accident deaths of its Industrial Department weekly premium policyholders for the last two years. The insurance company's total for this group for the calendar year 1929 is 4,127, as compared with 3,619 in 1928. The comparisons on a basis of policyholders exposed to risk are 21.8 motor-vehicle deaths per 100,000 policyholders in 1929, and 19.7 in 1928.

AGREEMENT REACHED ON GOVERNOR SQUARE FOLLOWING CONFERENCE AT STATE HOUSE — MAYOR CURLEY WINS LEGISLATION FOR PRESENT SESSION.

At a conference at the State House on Thursday, February 27, between Mayor Curley, trustees of the Boston Elevated and a subcommittee of the Legislative Committee on Metropolitan Affairs, it was agreed that legislation be passed providing for the extension of the Boylston Street Subway at Governor square.

It was further decided that the construction of the extension should be of such character as to provide for the subsequent building of an overpass for automobile traffic. House Chairman George A. Gilman said that a bill will be drafted and reported for consideration at a meeting to be held next Wednesday. The terms of the agreement were not given out by the conferees, but that they were satisfactory appeared self-evident in the manner in which the Mayor and the trustees left the conference room.

For many years the city and the Elevated trustees have been deadlocked as to the method of financing the construction of the improvement in Governor square. Recently Mayor Curley, before a legislative hearing, held that the city

should build the structure, as it has done in preceding instances, and lease it to the Elevated at a rental of 4½ per cent. This proposal did not meet with the approval of the trustees, who felt that the road is not in a position to pay the entire rental, which would amount to approximately \$135,000 annually. The trustees argued that the underpass is made necessary by the increase of auto traffic through the square, and the public should pay a portion of the rental.

At the conference, besides the Mayor, Henry I. Harriman and Representative Gilman, were Samuel Silverman, Corporation Counsel for the City of Boston; Thomas H. Bilodeau, legislative agent of the city; Rupert H. Carven, City Auditor; Gen. Charles H. Cole, Elevated trustee; Edward Dana, general manager of the road; H. Ware Barnum, Elevated trustee counsel; Frederic S. Snow, counsel for the Elevated directors; Gen. Edward Logan and Robert J. Bottomly, representing the newly-created Transit District Council and representatives of Newton and Brookline.

INCREASE IN MUNICIPAL EMPLOYEES OF BOSTON SHOWN TO BE LARGELY IN SCHOOL AND POLICE DEPARTMENTS.

On February 27 the Mayor issued the following statement:

The publication of the city pay roll book has resulted in an interesting analysis by the Civic Bureau of the Chamber of Commerce, which has been widely quoted in the newspapers. Among other more or less interesting items attention is called to the average annual increase in city employees in the periods from 1910 to 1920 and from 1920 to 1929, and some rather speculative conclusions are drawn therefrom.

It is to be regretted that the statisticians of the Bureau overlooked some obvious figures and conclusions, and it may perhaps be of some value to supplement their statement with additional facts.

In 1905 the number of employees in the city departments under the control of the Mayor and City Council was 8,284, and in the same departments in 1929, the number was 10,283, an increase of 1,999 in twenty-four years or 24 per cent.

In 1905 the number of employees in the School Department was 2,918 and in 1929 it was 6,529, an increase of 3,611 in twenty-four years or 123 per cent.

In 1905 the number of employees in the Police Department was 1,356 and in 1929 it was 2,456, an increase of 1,100 in twenty-four years or 81 per cent.

In 1905 the total number of city employees was 12,556 and in 1929 it was 19,268, an increase of 6,710. Of this increase the School and Police Departments furnished 4,711 and all the other city departments only 1,999.

The Bureau ignores the increase in the total number of employees amounting to 4,256 in the post-war period from 1920 to 1929. An analysis of this increase shows that only 1,806 was in departments under the control of the Mayor and City Council, a 21 per cent increase, and the remaining 2,450 was in the School and Police Departments, an increase of 41 per cent in the

School Department and 27 per cent in the Police Department.

No doubt a great percentage of the increase in the number of police employees can be partially accounted for by traffic necessities. The tremendous increase in the school employees may also possibly be reasonably explained. These figures are not presented in any spirit of criticism of these two departments but merely in order that the Civic Bureau of the Chamber of Commerce and the citizens generally may appreciate that the conservative part of municipal government when it comes to a question of increased employees and pay rolls is that part comprising departments controlled by the Mayor and City Council.

MISS MARY A. BARR NAMED TO CITY PLANNING BOARD.

The Mayor has issued the following statement following his naming of Miss Mary A. Barr as member of the Planning Board:

Miss Mary A. Barr is a native of Boston, a graduate of Notre Dame Academy, and of the New England Conservatory of Music, and for years specialized in music and languages.

Miss Barr has been a member of the Advisory Board to Division of Immigration and Americanization for many years, and during the war rendered particularly valuable service as chairman of the Women's Committee on Public Safety. She also served as chairman of the Catholic Women's War Service Council of Massachusetts, and in addition to her social, charitable and cultural duties has found time to conduct an extremely active transportation business.

Miss Barr is the proprietor of the M. Barr Company, a position to which she succeeded upon the death of her father. Her experience with transportation matters, therefore, extending over a long period of years has given her a particular insight into city planning problems, which, combined with her constant activities in various phases of social

service and public welfare work, have placed her in a position to render more than ordinary service in the interests of city planning. She served as a member of the City Planning Board from February, 1919, to September, 1927.

She is also a member of the Executive Committee of the Boston Tercentenary and is chairman of the subcommittee on Social Service.

DAMAGES ACCEPTED.

James F. Gaffey and Margaret Gaffey agree to accept the sum of \$500 as full payment for all land taken from, all rights acquired in, and all damages occasioned to estate on 62 Regis road by the laying out and construction of said road, under the order of the Street Commissioners and Mayor of April 3, 1929.

Antoinette L. Pierce agrees to accept the sum of \$200 as full payment for all land taken from, all rights acquired in, and all damages occasioned to her estate on 24 Oakton avenue by the laying out and construction of said street, under the order of the Street Commissioners and Mayor of July 26, 1928.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred, who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

STIMULATING WISE MUNICIPAL CONSTRUCTION.

The American people are initiating one of the most important governmental experiments ever tried on any considerable scale. For many years there have been suggestions that public projects could be made to constitute an important element of stabilization in times of economic depression. At the instance of President Hoover the states and cities of the country are about to cooperate with the Federal Government to prevent the stock market depression from spreading into business generally.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

POLICE DEPARTMENT ORDERS.

General Order No. 1472.

The resignation of Patrolman Thomas F. Ryan of Division 20, having been presented, it is hereby accepted to take effect Monday, February 24, 1930, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1473.

The following-named persons have been appointed patrolmen to take effect Friday, February 21, 1930, at ten o'clock a. m., and they are assigned as follows:

James P. O'Day, assigned to Division 6.
David Enbinder, assigned to Division 9.

Frank H. Doherty, assigned to Division 9.

Charles A. Slattery, assigned to Division 9.

Thomas J. Cullinan, assigned to Division 10.

Ralph J. Kotas, assigned to Division 10.

John F. O'Keefe, assigned to Division 11.

Walter L. McCarthy, assigned to Division 11.

Timothy J. O'Brien, assigned to Division 11.

Jerome A. Crowley, assigned to Division 12.

John J. Hynes, assigned to Division 13.
Lancelot J. Mills, assigned to Division 13.

Vernon E. White, assigned to Division 13.

Richard F. White, assigned to Division 14.

John V. Jennings, assigned to Division 14.

Walter W. S. Fielding, assigned to Division 14.

James V. Scotti, assigned to Division 15.

Edward J. Burns, assigned to Division 15.

Thomas F. Meagher, assigned to Division 15.

Chester A. Guilford, assigned to Division 19.

Daniel F. O'Connor, assigned to Division 19.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1474.

Rule 65 having to do with "Junk Collectors" set out on page 222 of the Rules and Regulations of this department of 1927 is hereby amended by striking out the whole of the first paragraph of section 3 of said rule and inserting in place thereof the following new matter, so that said paragraph as amended will read as follows:

"3. Every junk collector when engaged in collecting, transporting or dealing in junk, old metals, or second-hand articles, shall wear upon the left breast of his outside coat, upright, and so placed as to be easily read from the front, a round metal badge approximately two and seven-sixteenths of an inch in diameter on which shall be legibly inscribed in Arabic figures not less than eleven-sixteenths of an inch in height, the number of his license; in Roman letters not less than five-sixteenths of an inch in height, the words "Licensed Junk Collector" and the words "Until May 1," with the figures of the current license year, in Roman letters and Arabic figures not less than five-sixteenths of an inch in height.

"Further, he shall have a metal plate not less than nine and one-half inches long and three and three-quarter inches wide, with the words "Licensed Junk Collector" and the words "Until May 1," with the figures of the current license year, in Roman letters and Arabic figures not less than five-eighths of an inch in height and the number of his license in Arabic figures not less than one and one-half inches in height inscribed thereon in white upon a dark ground or in black upon a light ground, upon each side of any vehicle in use by him in his business in such a position as to be easily seen and read."

(Amendment effective May 1, 1930.)

To meet the requirements in the rule as amended, the department has had prepared badges and plates which will be ready for distribution with junk collectors' licenses granted for the new year commencing May 1, 1930.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1475.

A trial board consisting of Captains Grant, Gallivan and Perry, having heard by reference a complaint against Patrolman Walter I. Garland of Division 17, charging him with conduct unbecoming an officer, has reported to the Commissioner a finding of guilty as charged. In accordance with which it is hereby ordered that the said Patrolman Walter I. Garland perform seventy hours' punishment duty.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

PITTSFIELD FIRST CITY TO ADOPT WELDING SOCIETY BUILDING CODE.

Pittsfield, Mass., is the first city in this country to make formal adoption of the building code proposed by the American Welding Society to make available the advantages of welding in the construction of buildings in municipalities.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 24, 1930.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President LYNCH in the chair and all the members present.

FERRY TOLLS, EAST BOSTON.

The following was received:

City of Boston,
Office of the Mayor, February 21, 1930.
To the City Council.
Gentlemen,—The business interests located at East Boston are of the opinion that the increase in ferry tolls adopted and effective as of January 1, 1930, are a detriment.

The Bridge and Ferry Division of the Public Works Department have submitted reports to me which indicate that the returns are not as great as it was anticipated they would be when the new schedules were put in operation, due in large measure to the fact that in the opinion of users of the Ferry Service they are prohibitive.

It has not been definitely determined to the present time whether a tunnel or a bridge shall be constructed connecting the mainland with East Boston and in the event that a contract were awarded now for the construction of either tunnel or bridge the shortest possible time in which the work could be completed would be at least two years, and to me it appears an injustice to require persons using the ferries to pay the increased tolls that have been levied since there is no prospect of the ferries operating in competition with tunnel or bridge until such time as a bridge or tunnel will be constructed and it will be sufficient time to consider the effect of competitive rates when the tunnel or bridge is in operation.

In view of the fact that the revenue derived from the increased rates, as adopted on January 1, 1930, show no very appreciable increase, and in view of the additional fact that the falling off in the number of vehicles approximates in excess of forty per cent, it would, in my opinion, be advisable to adopt a revised schedule of rates equivalent to a fifty per cent reduction in some cases, and greater in others, over the rates now in operation, and I accordingly recommend the adoption of the accompanying schedule as here submitted, the new schedules, in the event of approval by the City Council, to be effective as of April 1, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

An Ordinance Concerning East Boston Ferry Tolls. Be it ordained by the City Council of Boston, as follows:

Section 1. The tariff of tolls for passengers and vehicles upon the East Boston ferries is hereby established as follows:

Passengers.	
Foot passengers.....	1 cent.
Vehicles.	
One or two horse vehicle with driver...	5 cents.
Three or four horse vehicle with driver,	10 cents.
Passenger automobile with driver and one passenger.....	10 cents.
Passenger automobile with driver and more than one passenger.....	15 cents.
Motor truck, six tons or less, with driver,	15 cents.
Motor truck, over six tons, with driver,	20 cents.
Auto bus with driver.....	20 cents.
Auto bus with driver and passengers...	30 cents.
Motor cycle with driver.....	5 cents.
Trailer.....	10 cents.
Miscellaneous.	
Hand cart or wheelbarrow and man...	5 cents.
Horse and rider.....	5 cents.
Horse and cattle, each, with attendant,	5 cents.

Tickets for Vehicles.

Tickets in strips of ten to be sold at a reduction of 20 per cent.

Funeral Processions.

Funeral processions pass free of tolls. Foot passengers only will be given free transportation on ferries on 4th of July.

Sec. 2. All orders or ordinances previously passed establishing tolls on the East Boston ferries are hereby rescinded and repealed.

Sec. 3. This ordinance shall take effect beginning with the first day of April, 1930.

Referred to the Executive Committee on motion of Coun. DONOVAN.

AUTOMATIC TRAFFIC SIGNALS.

The following was received:

City of Boston,
Office of the Mayor, February 21, 1930.
To the City Council.
Gentlemen,—I am forwarding herewith communications from Thomas F. Sullivan, Acting

Traffic Commissioner, regarding installation of automatic traffic signals in compliance with the order of your honorable body of February 10.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, February 18, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I return herewith orders of the City Council dated February 10, 1930, requesting the installation of automatic traffic signals at Commonwealth avenue and Washington street, Ward 21; Commonwealth avenue and Harvard avenue, Ward 21; and Warren street and Commonwealth avenue, Ward 21.

These locations will be given careful study in connection with the installation of the automatic traffic signals authorized for the suburban territory.

Very truly yours,
THOMAS F. SULLIVAN,
Acting Commissioner.

Placed on file.

VETO OF STANLEY RINGER PLAYGROUND LOAN.

The following was received:

City of Boston,
Office of the Mayor, February 17, 1930.
To the City Council.

Gentlemen,—I return herewith without my approval the order of your honorable body passed February 4, 1930, relative to the Stanley Ringer Playground, Ward 21.

There are so many pressing necessities confronting the city at the present time on which money raised by loan order should be spent, I feel obliged to postpone any favorable action on such a playground as this until some future time.

I append herewith report of the chairman of the Park Department in which he sets forth that this is a very worthy object but the proposed expenditure does not meet with the approval of the Park Department at this time.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, February 18, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have the order of the City Council that the sum of \$50,000 be appropriated for the removal of the ledge at the Stanley A. Ringer Playground.

In your previous administration a sum of money was appropriated for this purpose and certain parts of the ledge were removed. It would be inadvisable to remove the entire ledge as when the land was taken it was for the purpose of a park and playground combined.

Our studies on the Ringer Playground at the present time are incomplete. There is no question but what a portion of the ledge should be removed in order to enlarge the ball field, but \$50,000 would not be money enough to complete the entire improvements and I hesitate to take it by piecemeal.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments for the term ending April 30, 1930, viz.:

Constables: Joseph E. Ferreira, 17 Farnell street, Roxbury; Thomas Freedman, 16 Michigan avenue, Dorchester; Shepard S. Epstein, 1722 Commonwealth avenue; Patrick H. Murphy, 5 Althea street, Dorchester; Julius Ansel, 129 Norfolk street, Dorchester; Frederick R. Lawrence, 28 Bowdoin avenue, Dorchester; Alfred R. Mitchell, 28 Worcester street, city; Daniel E. Fallon, 63 Fort avenue, Roxbury.

Weigher of Ice: Paul C. Morrison, 524 Bennington street, East Boston.

Severally laid over a week under the law.

HEATING SYSTEM IN HARBOR VIEW STREET SCHOOL.

The following was received:

City of Boston,
Office of the Mayor, February 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report of Louis K. Rourke, Superintendent of School Buildings, relative to inspecting the heating system in the Harbor View Street School. This communication is in reply to your order of February 10, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Department of School Buildings,
February 17, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—In reference to the order of the City Council requesting information concerning heating

apparatus in the Harbor View Street School, the following data is submitted:

The building was erected in 1883 and about 1900 new furnaces were installed. In 1915 supplementing the above a hot water system was put in to furnish additional heat.

This is a wooden building and the casings and windows are shrinking more each year. We have had the heating system and windows checked over and some changes to the heating have been effected during the past two weeks. It is our intention to have the windows weather stripped at once.

During the summer the department will replace the furnaces with a steam heating system, \$4,000 having been allotted for that purpose.

Very truly yours,
LOUIS K. ROURKE,
Superintendent.

Placed on file.

HANDBALL COURT, SULLIVAN SQUARE PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, February 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit report to you from William P. Long, chairman of the Park Commission, relative to establishing a concrete handball court at Sullivan Square Playground. This communication is in reply to your order of February 17, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, February 21, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have your memorandum of February 20, with inclosure, order from the City Council that the Park Department be requested, through his Honor the Mayor, to erect a concrete handball court at the Sullivan Square Playground.

I regret exceedingly to inform you that I have no funds available for this purpose.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

IMPROVEMENTS AT CHARLESTOWN PLAYGROUNDS.

The following was received:

City of Boston,
Office of the Mayor, February 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report of William P. Long, chairman of the Park Commission, relative to installing shower baths at Sullivan Square Playground and tennis courts at Charlestown Heights Playground. This communication is in reply to your order of February 17, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, February 21, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have your memorandum of February 20, with inclosure, order from City Council that the Park Commission be requested, through his Honor the Mayor, to include in its budget for 1930 sum sufficient for the installation of shower baths at Sullivan Square Playground; for tennis courts at Charlestown Heights Playgrounds, and for additional concrete bleachers at the Sullivan Square Playground.

At the present time we have shower baths at the Sullivan Square Playground. We have no playground known as the Bunker Hill Playground. I will be pleased to install a tennis court at the Charlestown Heights Playground at the opening of the season.

Regarding the concrete bleachers at the Sullivan Square Playground, this area is used for the 17th of June exercises yearly, and while such exercises continue it is inadvisable to attempt to erect concrete bleachers.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

BUILDING AT DEWEY BEACH.

The following was received:

City of Boston,
Office of the Mayor, February 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit report to you from William P. Long, chairman of the Park Commission, relative to the construction of a building at Dewey Beach. This communication is in reply to your order of February 17, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, February 21, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have your memorandum of February 20, with inclosure, order from City Council that the Park Commission be requested to investigate and report on the advisability of the removal of the present wooden building at Dewey Beach. We have no wooden building at Dewey Beach at the present time. We have a fireproof brick structure.

It would be inadvisable to attempt to install year-round shower baths at this isolated building, which was distinctly built for the accommodation of the summer bathers using Dewey Beach.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

NEW JUNIOR HIGH SCHOOL, CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, February 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report of the Superintendent of School Buildings, relative to the new Junior High School, Charlestown. This communication is in reply to your order of February 17, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Department of School Buildings,
February 21, 1930.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Replying to your memorandum regarding order passed by the City Council February 17, 1930, regarding proposed new Junior High School in Charlestown, I would say the land for this proposed school was taken as of November 14, 1929.

On November 23, 1929, this office addressed a communication to the Superintendent of Schools asking for a transfer of \$50,000 for plans for the proposed intermediate school. This transfer has not been made as yet, therefore this department can do nothing further on this matter.

The buildings at present located on this site will not be removed until it is necessary in order to erect the building.

We are sending a copy of the order passed by the City Council to the Superintendent of Schools for reply as to when action will be taken on this matter.

Very truly yours,
LOUIS K. ROURKE,
Superintendent.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Mary and Jennie DeMaggio, for compensation for damage to property at 69 Hale street caused by backing up of water.

Bennett Doriman, for compensation for damage to property caused by ash truck.

Mrs. George H. Dustin, for compensation for damage to car caused by an alleged defect in St. Botolph street.

Anna Hauer, for compensation for injuries caused by an alleged defect in Henry L. Pierce School.

S. L. Kenney, for compensation for damage to car by city cart.

A. Levy, for compensation for damage to car caused by an alleged defect in Market street, Brighton.

Cornelius D. Lyons, for compensation for injuries caused by an alleged defect in Ambrose street, Roxbury.

Katherine Lyons, for compensation for damage to car by snowplow.

F. C. McDonald, for refund on refuse tickets.

Executive.

Petition for children under fifteen years of age to appear at places of public amusement, viz.:

Ellen M. Carney, East Boston High School Hall, February 28, 1930.

Ruth M. McShane, Bernice Hall, February 21, 1930.

Petition of George W. Lowell, 108 Brooks street, Brighton, for land located on North Harvard street, bounded by Stadium road, William F. Smith Playground and land of Lillian U. Woods, shown on plan accompanying the petition, to be licensed as a place for outdoor athletic sports or games on the Lord's Day between hours of 2 and 6 p. m.

STORAGE AND SALE OF GASOLINE.

Notice was received from the Board of Street Commissioners that hearings would be held on March 10 on following petitions for storage and sale of gasoline, viz.:

Atlantic Refining Company, 74-84 Kneeland street, Ward 3, 4,000 gallons gasoline, 500 gallons oil.

Simon Keller, 1185 River street, Ward 18, 3,000 gallons.

John Manning, 634 Huntington avenue, Ward 4, 2,000 gallons.

Mechanics Iron Foundry Company, 38 Kemble street, Ward 8, 1,000 gallons.

Referred to the Executive Committee.

CONSTABLES' BONDS.

The constables' bonds of William M. Lynch and John A. May, having been duly approved by the City Treasurer, were received and approved.

APPROVAL OF APPOINTMENTS.

Notice was received of approval by the Commissioners of Civil Service of the following appointments by the Mayor, viz.:

Joseph A. Rourke, 10 Allston street, Brighton, Commissioner of Public Works.

John J. Martin, 132 Commonwealth avenue, Park Commissioner.

Theodore C. Haffenreffer, Park Commissioner. Severally placed on file.

REGISTRY OF DEEDS PAY ROLL.

The pay roll of Registry of Deeds amounting to \$8,669.93, covering periods from January 20 to February 15 for piece work and February 16 to February 28, inclusive, for regular employees, was received and approved.

ARC LIGHTS ON WARD 13 STREETS.

Coun. McGRATH offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an electric arc lamp on Harborview street, opposite Newport street.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an electric arc lamp in front of 16 Gramplan way, Ward 13.

Severally passed under suspension of the rule.

PERMITS FOR DUMPS, WARD 13.

Coun. McGRATH offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to furnish the City Council with the names and addresses of all men or corporations holding permits for dumps in that section of Ward 13 adjacent to the Old Colony Boulevard.

Passed under suspension of the rule.

SCHOOL BUILDING CONSTRUCTION.

Coun. McGRATH offered the following:

Resolved, That the City Council of the City of Boston hereby approves the enactment of legislation to enable the city to borrow, outside the debt limit, the sum of \$5,000,000 each year for three years for school building construction.

Passed under suspension of the rule.

ACCEPTANCE OF BRUNSWICK STREET.

Coun. RUBY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept as a public highway that part of Brunswick street, Ward 14, which is now unaccepted.

Passed under suspension of the rule.

REWARD FOR APPREHENSION OF KIDNAPPER.

Coun. GREEN offered the following:

Ordered, That his Honor the Mayor be requested to offer a reward in the sum of one thousand dollars, in the name and on behalf of the City of Boston, for the apprehension of the man who kidnapped and assaulted Dolly Smith of Charlestown.

Referred to the Executive Committee.

GRADE CROSSING, MAIN STREET AND RUTHERFORD AVENUE.

Coun. GREEN offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Law Department to take the necessary steps to institute proceedings for the abolition of the crossing at grade of the Boston & Maine Railroad at Main street and Rutherford avenue, Charlestown.

Referred to the Executive Committee.

PLAYGROUND, WARD 15.

Coun. KELLY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to advise the City Council of the approximate amount of money required to establish a playground for children under twelve years of age in the vicinity of Greenwich and Fenton streets, Ward 15.

Passed under suspension of the rule.

ACCEPTANCE OF CLARKSON STREET.

Coun. KELLY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept that portion of Clarkson street from Quincy street to Hendry street, Ward 15.

Passed under suspension of the rule.

CONCRETE BLEACHERS, RONAN PARK.

Coun. KELLY offered the following:

Ordered, That the sum of ten thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Park Commission for the erection of concrete bleachers, and the resurfacing and reseeded of Ronan Park, Ward 15, and that to meet such expense the City Treasurer be authorized to issue, from time to time, at the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

HANDBALL COURT, LADDER HOUSE 27.

Coun. FISH offered the following:

Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to establish a handball court in the rear of the Ladder 27 house on Walnut street, Neponset.

Passed under suspension of the rule.

REPAVING OF VALENTINE STREET.

Coun. ENGLERT offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave Valentine street, Ward 11, with smooth paving.

Passed under suspension of the rule.

CHAUNCY PLACE, WARD 11.

Coun. ENGLERT offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept as a public highway Chauncy place, Ward 11.

Passed under suspension of the rule.

REPAVING OF STREETS IN WARDS 7 AND 8.

Coun. DOWD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Massachusetts avenue, from Albany street to Columbia road, Wards 7 and 8.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Norfolk avenue, from Hampden street to East Cottage street, Ward 8 and Ward 7.

Severally passed under suspension of the rule.

JOHNSON PLACE, WARD 17.

Coun. WILSON offered the following:

Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be, and said Board hereby is, respectfully requested to lay out and accept as a public street Johnson place, Ward 17.

Passed under suspension of the rule.

HOUSE BILL NO. 82.

Coun. WILSON offered the following:

Ordered, That the Legislative Committee of the Boston City Council be, and said committee hereby is, instructed to appear in support and record the Boston City Council in favor of the acceptance of House Bill No. 82 now pending in the Massachusetts Legislature concerning maximum wages of privates and officers in the Police Department and Fire Department of the City of Boston.

Coun. WILSON—Mr. President, I introduce that order at this time supplementing an earlier order introduced with the idea of having the support of the City Council, through our legislative committee, of legislation for pensions for the families of police officers and firemen killed in performance of their duty. I think these orders should be more than mere gestures. The Legislative Committee of the City Council is appointed for a real purpose, I think, and where there is a possible opportunity in this case to do some real good in this way, I believe we should do it—not introducing an order at a time when everybody is excited about the hardship in some particular case, and then forget all about it sixty days later. I trust, therefore, that we will be well represented in favor of this bill in the interest of firemen and police officers in the City of Boston.

The order was passed under suspension of the rule.

LICENSING TAXICAB COMPANIES.

Coun. WILSON offered the following:

Ordered, That a special committee consisting of five members of the City Council be appointed by the President for the purpose of obtaining information relating to the granting of licenses, parking or stand privileges to taxicab companies or taxicab owners in the City of Boston, and especially the compensation paid, if any, for the use of any part of any public street or streets by such company or owner to the owner or lessee of the property abutting on such street or streets, or to any other person; also information relating to any report made by any special commission appointed in 1929 by virtue of Senate Bill 383 of 1929; and finally information relating to the legal right, if any, of the City of Boston to prevent the payment of any rentals or fees to private persons or corporations for the use of any public highway in the City of Boston for parking purposes.

Coun. WILSON—Mr. President, I would like an opportunity to speak briefly on that order, bringing to the attention of the members of the Council, particularly the new members, what has been done earlier in this matter in the way of investigation, and so on, in the Council and the Legislature, with a view to action, up to the point where apparently an unseen hand interested in the existing taxicab privileges intervened and prevented action. We have, for example, the spectacle of taxicabs being allowed to stand out here across the street in front of City Hall, on a one-way street, barely wide enough for two vehicles to pass, and still the Council and the Legislature seem to be able to do nothing about it. On April 2, 1928, a former councilor introduced an order into this body for the appointment of a special committee of five members of the City Council for the purpose of obtaining information relative to the circumstances under which taxicab stands are allotted in the public highways adjacent to hotels, theaters and railroad terminals and other public places, together with the fees, and so forth, paid for these special privileges, with a view to increasing the city's revenue from this source. On that committee of five, four members not now members of this body were appointed. On July 16, 1928, I personally inquired of that committee whether any progress had been made in the previous two months in the matter of the proposed investigation, and whether we might expect a report. I then stated that it had been brought forcibly to my attention on July 11, 1928, at half-past ten in the morning, when I personally counted eleven Checker cabs parked on the Columbus avenue side of the Hotel Statler, five on the Arlington street side, and three on the St. James street side, and again, on July 14, at the South Station, at 3 o'clock in the afternoon, when I personally counted seventeen taxicabs on the Summer street side of the South Station alone, and that again on the morning of July 16 I had noticed lines of traffic coming down School street, making their usual mass formation immediately on approaching four or more Town taxicabs that are allowed to park in a one-way street across from City Hall. Therefore, on July 16, 1928, I asked that committee what progress, if any, had been made in the matter of an investigation. I repeated that request on September 25, 1928, at which time the chairman of the committee replied, "I believe that the committee are now about ready to make up their report. It is a long report. I am going to call a meeting for the purpose of writing up the report

and the evidence presented to the members of that committee." On November 19, 1928, I again inquired whether any report was ready, but it appeared that it was not ready at that time, the chairman of the committee stating that the committee felt that they wanted to present an intelligent report on the matter, and felt that they should have further time. On December 31, 1928, the last day of the session, I would call to your attention the fact—in spite of the earlier statements to the effect that they wished to make a long report and wanted to make an intelligent report—in the very closing minutes of the year, this was the report that was made: "The Special Committee on Investigation of Taxicabs respectfully submits that it held several public hearings at the chamber of the City Council; that on account of the inability of the city to compel the attendance of witnesses it was unable to secure the kind of information on which to base an intelligent report. Your committee therefore recommends that the investigation asked for, if it is still desired by the Council, be referred to the next City Council." That was the fate of this matter in the Council of 1928. I hold in my hand House Bills 279 and 453, both introduced by Representative Finnegan of the Dorchester district, and both very effectively killed by Senate Bills No. 296 and 383. I understand that Senate Bill No. 383—the purpose of which was to kill Representative Finnegan's House Bill 453—was a resolve providing for an investigation by a special unpaid commission of the carriage and taxicab situation in the City of Boston, in place of Representative Finnegan's bill, 453, which was an act regulating taxicab fares in the City of Boston, and that the result under the substitute Senate Bill was that the thing died a natural death. My purpose in introducing this particular order at this time, phrased in detail as it is, is to find out, once and for all by a committee that will not lie down whether the City of Boston is going to allow two inside taxicab companies to virtually monopolize the business in the City of Boston, paying rentals to hotels and railroads in the City of Boston, for the privilege of using the city streets—making payments to the tune of \$20,000 and \$30,000 a year in the case of certain hotels affected. I say it is about time that we found out about the situation, in view of the way the matter was hushed up in 1928 and in the Legislature of the past year; that the time has come for us to find out whether the City Council should properly control this matter by ordinance, through the Board of Street Commissioners or otherwise, or whether the matter is to be left in the hands of the hotel owners and the railroads. Certainly, the matter should be handled by some authority, either the Board of Street Commissioners or the Police Commissioner—and I have all the respect in the world for the present Police Commissioner, leaving to one side the fact that he is appointed by the Governor of the Commonwealth. I simply want to know why the use of our streets should be let to two taxicab companies. I feel that it is time that that sort of thing was stopped. Second, I would like to know why these amounts, I understand \$25,000 to \$30,000 in the case of some hotels, should be paid for the use of the city's streets in this way to private company owners. I say further that this is something that is not allowed elsewhere in the United States or Canada, permitting the use of the city's streets in any such manner. Therefore, I ask the appointment of five men who will not lie down, to look into the matter.

The order was referred to the Committee on Rules.

WARD 20 IMPROVEMENTS.

Coun. COX offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to lay out a sewer in Swallow street, Ward 20, from La Grange street to Cottage street.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to place a sidewalk on each side of Summer street, Ward 20, from Powell street to Autumn street.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Knoll street, Ward 20, between Centre street and Selwyn street, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Abbott street, Ward 20, as a public highway.

Severally passed under suspension of the rule.

ACCEPTANCE OF WARD 19 STREETS.

Coun. MURRAY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Hawthorne street, from Sycamore street to end, Ward 19, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor,

to accept and lay out Firth road, Ward 19, from Washington to Florence streets, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out St. Peter street, Ward 19, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Beecher street, Ward 19, as a public highway.

Severally passed under suspension of the rule.

ELECTRIC SPOT LIGHT, UNION SQUARE.

Coun. HEIN offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to provide for the installation of an electric spot light over the traffic officer stationed at Union square, Brighton. Passed under suspension of the rule.

RELOCATION OF BOULEVARD LAMPS.

Coun. HEIN offered the following:

Ordered, That his Honor the Mayor be requested to provide in this year's budget the sum of eight thousand dollars for the relocation and substitution of boulevard lamps for the existing lights on Commonwealth avenue, between Warren and Lake streets.

Passed under suspension of the rule.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President LYNCH called up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointments submitted by the Mayor February 17, 1930, of Frederick A. Cronin, John A. Brennan, James J. Twobig, Jr., George Leary and Henry Lorey, to be Constables.

2. Action on appointments submitted by the Mayor February 17, 1930, of Peter McIver and Frank T. Leahy, to be Weighers of Coal; and Paul Sanders, to be a Weigher of Goods.

The question came on confirmation. Committee, Coun. Fish and Mahoney. Whole number of ballots 20, yeas 20, and the appointments were confirmed.

RECESS.

On motion of Coun. BUSH, the Council voted, at 2.30 p. m., to take a recess subject to the call of the Chair.

The members reassembled in the Council Chamber, and were called to order by President LYNCH at 3.43 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. MAHONEY, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Ellen M. Carney, East Boston High School Hall, February 28, 1930; Ruth M. McShane, Bernice Hall, February 21, 1930,—that leave be granted.

Report accepted; leave granted under the usual conditions.

2. Report on order (referred today) for action relative to grade crossing at Main street and Rutherford avenue,—that the same ought to pass.

Report accepted; order passed.

3. Report on message from the Mayor and ordinance (referred today) establishing new tariff of tolls for passengers and vehicles on East Boston ferries,—that same ought to pass.

The report of the committee was accepted and the ordinance was passed.

Later in the session Coun. WILSON said:

Mr. President, I move a reconsideration of the vote whereby we passed the order submitted by the Mayor concerning a decrease in the tolls over the East Boston Ferry. Unfortunately, I was not in the room when the report of the Executive Committee was presented, and so could not present my views at that time. As I stated in the other room, we had some figures last year, when the increase in toll was proposed by the Mayor at that time, that there was a deficit of \$700,000 per year as a result of running the ferries. The proposed increase advocated by Mayor Nichols would wipe out from a quarter to a third of the deficit, still leaving an annual deficit of about half a million dollars a year, which would mean a tax of 50 cents on every house in the city, including those in the district I represent in Dorchester, to pay for this deficit in connection with the East Boston Ferry. I appreciate the fact that the people of East Boston require transportation back and forth. I also appreciate the fact that people coming into the city from East Boston and going back again can cross the ferry for one-tenth of the amount that it costs the people of Dorchester to come into Boston. So I think before the members of this body—at least, the old members of

the Council—turn a complete somersault on this matter from the vote they cast last September, they should at least have the figures available, so that they will know what they are about. In other words, when the Mayor of this year submits to us an order to decrease the fare, and when so recently we had before us the proposition of increasing the schedule, I think we should at least have a week to consider the figures before voting. I, for one, would certainly like that opportunity, to compare the figures as presented last year with the figures representing the proposed decrease at this time. Until I see those figures, I, for one, am not prepared to take a position. It seems to me there is something very strange if truck drivers are not willing to spend 20 cents to cross on the ferries, with the saving in time, gasoline, tires, oil, wear and tear on their trucks. I feel that certainly the figures should be looked into, and I also feel that the rest of the city is entitled to a break. I am surprised to see the members of the Council so unanimously here today, after what happened here last September, vote to add 50 cents tax to every house in Dorchester and other sections of the city, because of this reduction in tolls. Therefore, I move assignment of the order for one week, so that we may not only look into the old schedule of rates, of 1887, but may also examine into the so-called Nichols rates and the schedules now presented by Mayor Curley, so that the boys in the chamber may at least know what they are voting upon.

Coun. DONOVAN—Mr. President, I would like to ask the gentleman from Dorchester one question—if he can give one substantial reason to the members of the City Council and to the people of Boston why there should be a toll at all on ferries going over to East Boston or on the East Boston Tunnel? Can you give me a good, substantial reason why there should be a toll imposed on the people of East Boston?

Coun. WILSON—Mr. President, I can give two reasons—the first is that the people of Dorchester are carried into the City of Boston on the Boston Elevated, paying a 10-cent fare, while people can go to and from East Boston on the ferry for one cent. And I wish to say also that there is a vast difference between driving a 6-ton truck for a distance over the streets of this city, a going around by Charlestown and driving the same truck onto the ferry and have it carried, not under its own power, but by the ferry, across to East Boston. As I understand the attitude of the gentleman from East Boston, his real inward feeling is that nothing should be paid for going to East Boston either overhead, underground or on the water, either by bridge, tunnel or ferry. He would not really want a toll charge in any of them.

Coun. DONOVAN—Mr. President, consistency is a virtue. The councilor talks about a man coming from Dorchester to Boston and paying 10 cents to come into the city. Let me briefly refresh his memory in regard to the situation in the East Boston Tunnel. People who use the East Boston Tunnel pay a 6-cent fare, one cent of which is a toll tax. Today the total valuation of Ward 1 is over \$51,000,000, while the total valuation of Ward 17 is but about \$35,000,000. That is, East Boston pays on a valuation of about \$16,000,000 more than the Dorchester district represented by the gentleman. It is true that people can come over by the East Boston Tunnel and pay one cent, but they ride less than a mile in making the transit. But if they take the street cars, of course, it is a different question. And it is also to be remembered that if there were a zoning of the transportation system, people coming from Dorchester, Lower Mills and other parts of the district, who do not now pay their share of the freight, would pay much more than they do. As I say, briefly, the question of taxation is an old one, as I have stated, or Ward 1 pays on a valuation of over \$51,000,000 and the gentleman's district on a valuation of something over \$35,000,000, resulting in the people of East Boston paying on about \$16,000,000 more of taxable property than the people of Dorchester. There are only seven wards in our city that pay more in taxation than East Boston does. That you can see by examining the statistics. East Boston became a part of the City of Boston in 1637; South Boston in 1804; Roxbury in 1868; Dorchester in 1870; Brighton, Charlestown and West Roxbury in 1874—West Roxbury having at one time been a part of Roxbury, but becoming separated from it, Roxbury becoming a part of Boston in 1868, and West Roxbury later coming in, in 1874; and Hyde Park in 1912. But East Boston has been a part of Boston ever since 1637, and has been confronted year after year with the old toll system. The people of East Boston pay taxes, Mr. President; they have always been a part of Boston. I might give one striking example. If a man in the Dorchester district goes to Boston and buys fish he pays \$5 a hundred to get it back to Dorchester. A man from East Boston, under the present toll, has to pay \$5.42 to get the fish back to East Boston. I merely point that out to bring vividly to your mind the fact that the people of East Boston are heavily taxed under these tolls for their transportation and for the necessities and commodities of life, and if the present situation continues they will be compelled to pay, as compared with the people of the rest of the city, an excess amount. That certainly is not justice, Mr. President.

Coun. HEIN—The taxicabs, I understand, have to pay extra, and I suppose they charge the

passengers an additional fare over that required by the meter, going over they way?

Coun. DONOVAN—They have not been doing it, but I understand that they are going to make such a charge.

Coun. BUSH—Mr. President, some one once said that all comparisons are odious, and the comparison that the councilor from Dorchester makes is a particularly odious one to me, when he states that the foot passengers from East Boston, coming to the city, pay only one-tenth of what the people of Dorchester have to pay. As a matter of fact, Mr. President, if the citizens of Dorchester desire to do so, they can walk by the most direct route into the city proper. There is nothing to stop them from doing so, except the fact that it involves a little exercise and some wear on shoe leather. The citizens of East Boston, on the other hand, cannot walk to Boston, unless they desire to go around by way of Chelsea and Charlestown, or unless they invoke the aid of water wings or an airplane. As I said in the executive session, there is a high rate charged, an increased rate charged, for the ferry toll service to and from that part of the City of Boston known as East Boston. They are not only isolated, but the rates are discriminatory, inasmuch as they keep business people from using the ferries, and that sort of thing increases, if anything, the deficit that the city has to bear. Whether that deficit is a just or unjust one is a controversial matter. We all recognize the fact, I believe, that every outlying district which is a part of the City of Boston is entitled to reasonable transportation. The fare to every other part of the city is the same, on electric cars or trains. It is all the same to any part of the city. The only part of the city which is discriminated against at the present time is that part known as East Boston. Now, the present ordinance requests not free passage to East Boston—which I am more or less inclined to believe ought to be furnished—but merely a decrease in the excessive rates passed last year, in anticipation of another method of transportation between East Boston and the city proper, namely, the tunnel. That, however, is still in the far distant future. We certainly cannot expect the tunnel to be completed this year. It seems to me there is considerable justification for residents of East Boston stating that until that tunnel is built and in operation they ought to be provided with the proper kind of transportation at a reasonable rate. This increased rate serves to effectually cut off East Boston from the rest of the city. It serves to block, hinder and delay easy transportation. True, it provides the foot passenger with transportation at the one-cent rate, but surely the man who owns an automobile and who travels over the highways is entitled to equal consideration with a man in other parts of the city, if he lives in East Boston, and surely the business interests of East Boston are entitled to consideration, because every addition to the rates for transportation of merchandise and freight must be passed on to the consumers in East Boston. Some one has to pay for that increase in rate. The people of East Boston are just as much entitled to fair, just and equitable distribution as are people from other parts of the city. I think the majority of the members of the Council here will agree with me that the request for a moderate decrease in the rates is a just one, and I recommend its passage.

Coun. CURTIS—Mr. President, I agree entirely that the people of East Boston are entitled to a fair decrease in the rate, but I also feel that we are entitled to know the facts. Mention was made in the committee room about the doubling or trebling of the amount of the old rates. I have not been able to find what the facts are. I agree with the councilor from Dorchester (Coun. Wilson) that before we vote on this important matter we should at least have before us the three schedules. Then, if we find that the rates are so high as to drive traffic over the road by way of Charlestown, instead of by the ferry, we can act with the facts in mind. But I certainly feel that we should know the facts before acting upon the matter.

Coun. DONOVAN—Mr. President, perhaps I might briefly reply to the gentleman from the Back Bay by stating that when the gentleman from Dorchester referred to a deficit of from \$500,000 to \$700,000 a year in the running of the ferries, it is also a fact, as I understand, that in the Bridge Department, whose duty is to maintain the bridges of the City of Boston, there is also a deficit of \$700,000. But that seems to be a horse of another color. The same reasoning applies to ferries, Mr. President, that applies to bridges. Now, it is a fact that the rates previously in vogue, in 1929 were increased 300 per cent. That is, if it cost you before 3 cents for an automobile, the present rate would be about 20 cents.

Coun. CURTIS—What would be the increase here under the proposed rate?

Coun. DONOVAN—150 per cent, or an increase to 10 or 12 cents. But what is here proposed is at least a modification, a reduction of a 300 per cent increase. This idea of taxing East Boston, Mr. President, is an old cry. As a matter of fact, there should not be a toll of any kind for the people of East Boston on the ferry. That is not what is being claimed here at the present time, however. This merely proposes a reduction in the toll for the people of that district. Of course, in the old days tolls were paid in going from the heart of the city to other sections—to Dorchester, to Charlestown, and I believe to Cambridge.

But they were an old idea, a relic of the past, and they have been removed except in the case of East Boston. As I say, however, we are not even claiming here today that the tolls should be removed, but are asking for a modification of a too high rate, which seriously affects the citizens and the business interests of this city.

Coun. WILSON—Mr. President, when the councilor from East Boston refers to consistency being a virtue, I am not claiming to be consistently virtuous in this particular case, but I would like to answer the argument of the gentleman from Roxbury (Coun. Bush) when he speaks of the possibility of walking into the heart of the city from the Dorchester district. He was the one who stated that comparisons were odious, and they are particularly so in this case, because if a Dorchester man should walk from Dorchester to the downtown section, he would have five or six miles to cover, whereas an East Boston man going from Maverick square by way of Charlestown would have to walk only about three miles. So, on that basis also, Dorchester gets the short end of it. With all due modesty, I must also remind the gentleman from East Boston that my ward is only one-fifth of that glorious district. The gentleman from the Back Bay (Coun. Curtis) states the real situation here as far as the members of this Council are concerned, and it is something that the gentleman from East Boston should recognize. We are entitled to have a proper opportunity for the consideration of facts in these matters. We all realize, of course, the position of the gentleman from East Boston. It is a natural thing that he should wish to have the ferry tolls reduced or removed entirely. That is a thing in which his district is particularly interested, and he, just as you or I under the same circumstances, wants to reduce or eliminate the toll. But I cannot for the life of me understand what objection the gentleman from East Boston can have to letting the boys see and examine the three sets of figures, to see whether the present rates are extortionate, to see whether rates should be increased or decreased. I haven't anything against the people of East Boston, except in so far as this proposition directly affects the people of the ward I represent. If necessary money is not raised in one way, it must be raised in another, and if these tolls are not paid or are reduced the expense must be levied on other parts of the city. Let us at least have a chance to examine into the facts, to see whether the ferries are expensive or inexpensive. If it is a question whether we shall try to do away with a deficit of \$700,000 a year, or whether we shall allow four or five contracting concerns to use these ferries for little or nothing, and let the rest of the city pay the bills, I think we should know it. Are we to allow free trucking and teaming privileges to certain companies? I don't know why this deficit should be made up by corresponding assessments on the people of Dorchester or other sections. So I say that the argument which has been thus far advanced in favor of the reduction or abolition of these tolls is bunkum. It is not a question of whether we should have a ferry or not, but whether we should run the ferry at a deficit of \$700,000. It is not a question at this moment even of whether the tolls are enough, but a question of what fair tolls are. It is a matter that we should look into, and we have not had that opportunity. The gentleman from East Boston doesn't want any tolls. But I say at least there should be no objection to putting the matter over for one week. We can then have an opportunity to consider whether the rates now in existence are proper rates or not, or whether the rates suggested by Mayor Curley should be adopted, and also to consider whether or not Councilor Donovan's proposition is fair. Obviously, there can be no legitimate objection to an opportunity for proper consideration. Certainly you gentlemen of the Council do not object to learning something before you vote on a matter.

Coun. DONOVAN—Mr. President, I would simply say in reply to the gentleman that this is the result of an order that I introduced five weeks ago asking for improvement in transportation facilities for East Boston. The Mayor has the data, has looked into the matter, and as a result of his investigation has sent to us the order which is before us today. He shows that, as a practical matter, there is a 40 per cent decrease in the utilization of the East Boston ferries, as a result of the increased charges. Some of you men are familiar with the East Boston ferries, and know what the situation has been in the past and what it is now. You know that last year on every trip of a boat to or from East Boston you would find on the boat thirty or forty vehicles being transported. Today there are but fifteen vehicles being transported on each boat. Before the change in rates it was customary to have a line, sometimes half a mile long, waiting for a chance to get on the boat. At the present time there are no vehicles waiting to be transported to and from East Boston. I think the gentleman from Dorchester (Coun. Wilson) despite the opinion he has expressed here today realizes full well what the situation is with regard to the East Boston Ferry, and I believe he is thoroughly familiar with the rates that have existed and the rates that it is proposed to put into effect on the East Boston ferries. He understands the situation today. It is a fact, Mr. President, that the rates that were put into effect at the suggestion of the Mayor last year were too high, extortionate, and that those rates should be decreased.

Coun. HEIN—Question!

Coun. Wilson's motion to reconsider and to lay the matter over to the next meeting was declared carried.

Coun. WILSON—Mr. President, may I also move at this time that the clerk obtain, first, the 1887, old rates and schedules, second, the Nichols rates, and third, the rates proposed by Mayor Curley, so that we may know what we are voting on a week from today.

President LYNCH—That will be carried out.

COST OF NEW COURTHOUSE, ROXBURY.

Coun. BUSH offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to furnish the City Council with an estimate of the cost for the purchase of land and construction of a building suitable for a new courthouse for the Roxbury district, adequate in size to furnish complete facilities for the transaction of the business of the said court, and additional rooms for the Grand Army of the Republic and the Roxbury Historical Society.

Passed under suspension of the rule.

ACCEPTANCE OF MT. PLEASANT STREET.

Coun. BUSH offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept as a public highway Mt. Pleasant street, from Homestead street to Ruthven street, Ward 12.

Passed under suspension of the rule.

REPAVING OF ABBOTSFORD STREET, WARD 12.

Coun. BUSH offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Abbottsford street, Ward 12.

Passed under suspension of the rule.

TAXICAB INVESTIGATION.

Coun. DONOVAN, for the Committee on Rules, submitted the following:

1. Report on order (referred today) that a special committee of five members of the City Council be appointed for purpose of obtaining information in re granting of licenses, parking or stand privileges to taxicab companies and amount of compensation paid, etc.—that same ought to pass.

Report accepted; said order passed.

President LYNCH appointed as said committee Coun. Wilson, Donovan, McGrath, Mahoney, Ruby.

PAYMENT OF AID TO SOLDIERS AND SAILORS.

Coun. MAHONEY, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families living in the City of Boston for the month of February, 1930.

Report accepted; said order passed.

REWARD FOR APPREHENSION OF KIDNAPPER.

Coun. GREEN offered the following:

Ordered, That his Honor the Mayor be, and is hereby, authorized, under the provisions of section 10 of chapter 276 of the General Laws, to offer a reward of five hundred dollars for the detection or apprehension of the person who kidnapped Dorothy Smith from Belmont street, Charlestown; said sum to be paid from the Reserve Fund.

Coun. GREEN—Mr. President, before the meeting of the Executive Committee I introduced an order to appropriate \$1,000 for the arrest or apprehension of the monster and pervert who kidnapped a little girl on the streets of the Charlestown district, which I represent. I find now from the City Clerk that only \$500 can be appropriated for such a purpose, and I am accordingly introducing a substitute order at this time, making the amount \$500.

The order was passed under suspension of the rule.

CHARLESTOWN IMPROVEMENTS.

Coun. GREEN offered the following:

Ordered, That the School Committee be requested, through his Honor the Mayor, to consider the advisability of discontinuing the Warren-Bunker Hill School following the completion of the new Junior High School in Charlestown.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to consider the advisability and feasibility of widening Warren street, Charlestown, from City square to Thompson square.

Ordered, That the Park Commission consider the advisability and feasibility of having the parks and playgrounds in Charlestown policed twenty-four hours daily either by members of the Police Department or by Park Department employees.

Severally passed under suspension of the rule.

SIDEWALKS IN WARD 1.

Coun. DONOVAN offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Condor street between Meridian and Glendon streets, Ward 1, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Ford street, from Saratoga street to Breed street, Ward 1, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

PROPOSED IMPROVEMENTS FOR WARD 4.

Coun. ARNOLD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Pembroke street, Ward 4.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Rutland square, Ward 4.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Wigglesworth street, Ward 4.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Autumn street, Ward 4.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving St. Stephen street, Ward 4.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Parker street, Ward 4.

Ordered, That the Commissioner of Public Works make a sidewalk along West Newton street, from Huntington avenue to Tremont street, Ward 4, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Huntington avenue, from Copley square to Massachusetts avenue, Ward 4, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

RESURFACING OF GORE STREET.

Coun. POWER offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Gore street, Ward 10.

Passed under suspension of the rule.

EXTENSION OF BOYLSTON STREET SUBWAY.

Coun. POWER offered the following:

Resolved, That the City Council favors the enactment of legislation extending the Boylston Street Subway through Huntington avenue to Brookline Village.

Passed under suspension of the rule.

PROPOSED IMPROVEMENTS IN HYDE PARK.

Coun. NORTON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to provide for the reconstruction of Almont street, Ward 18, between Walk Hill and Alabama streets, during the present year.

Ordered, That the Commissioner of Public Works make a sidewalk along Almont street, from Walk Hill street to Alabama street, Ward 18, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

SALARY OF ASSISTANT CLERK OF COMMITTEES.

Coun. HEIN offered the following:

An Ordinance Concerning the Salary of the Assistant Clerk of Committees.

Be it ordained by the City Council of Boston, as follows:

Chapter three of the Revised Ordinances of 1925 is hereby amended in section five in the clause establishing the salaries of the officers connected with the City Council by striking out, after the words "the assistant clerk of committees," the words "thirty seven hundred fifty dollars" and inserting in place thereof the words "four thousand dollars."

Referred to the Committee on Ordinances.

Adjourned, on motion of Coun. RUBY, at 4.15 p. m., to meet on Monday, March 3, 1930, at 2 p. m.

THE METROPOLITAN DISTRICT.

With its 40 Municipalities.

Consists in the most inclusive sense of forty municipalities, including Boston, or fourteen cities and twenty-six towns, all within fifteen miles of the State House but not yet consolidated in one complete governmental system. The seven cities in the first zone, *i. e.*, adjacent to Boston, are these, viz., Cambridge, Chelsea, Everett, Newton, Quincy, Revere and Somerville; the six cities in the second zone, not adjacent, are Lynn, Malden, Medford, Melrose, Waltham and Woburn. The six adjacent towns are Brookline, Dedham, Milton, Needham, Watertown and Winthrop; the twenty other towns are Arlington, Belmont, Braintree, Canton, Cohasset, Dover, Hingham, Hull, Lexington, Nahant, Reading, Saugus, Stoneham, Swampscott, Wakefield, Wellesley, Weston, Westwood, Weymouth and Winchester. North and northwest of Boston are situated eleven of the cities and twelve of the towns; south and southwest, two cities and fourteen towns.

AUTOMOBILE FATALITIES.

Automobile fatalities for the months of January and February of this year, as compared with last year, decreased considerably in the cities and increased considerably in the towns and country, as indicated by the Nation-wide reports received by the National Safety Council.

These reports show that the cities had six per cent fewer automobile deaths this year than last year; 61 of the 90 cities that reported showed declines, or no changes at all, as compared with a year ago. But the state-wide reports received during the same period showed an increase of 11 per cent in fatal automobile accidents. In the total, there were an estimated 4,240 motor vehicle deaths during January and February of this year, as compared with 4,220 such fatalities during the same two months of last year.

FIRE DEPARTMENT ORDERS.

General Order No. 14.

I. FIREBOATS.

During the emergency which exists in the Police Department, while a new police boat is being built, fire boat Engine 44 will be made available for the use of the Police Department at such times that it is not performing fire duty, and under the following terms and conditions:

The fire boat shall be at all times under the command of the officers of the Fire Department.

The Fire Department officer in charge of the boat shall, however, go to such places, which are safe for navigation, as the harbor master may direct.

The crew on duty on the boat shall take orders only from the officers of the Fire Department.

Under section 7 of Rule 32, Boston Police Department, the police boat is required to patrol the lower harbor at least once a day if practicable. This patrol will be performed by the fire boat with the police officers aboard at least once each day and at such other times as the harbor master may require, provided that the boat is not otherwise engaged on fire department duty.

When the boat is away from the dock it shall always maintain communication with the Fire Alarm Office by radio, and shall return as per instructions of the Fire Alarm Office in the event of any one of the other boats responding to an alarm of fire.

Engines 31 and 47 shall have a special running card put into effect herewith while Engine 44 is relieved of its running card from 9 a. m. to 6 p. m., during which time it will respond as directed by the Fire Alarm Office.

Radio operators and pilots of different boats in the department will change each week in operating fire boat Engine 44, while this service continues. Four firemen will be detailed from the Police Department to fire the boat during the time of this service. At no time shall there be more than a total of fourteen men on this boat.

Engine 44 will alternately coal at wharf supplying coal to Fire Department and wharf supplying coal to the Police Department.

During the time Engine 44 is complying with the instructions outlined above, Engine Company 47 will assume the assignments of Engine 44 on the first alarm of the following boxes: 1257, 1285, 1291, 12-1291, 1292, 1293, 1294, 1411, 12-1411, 1421, 1625, 1634, 1645, 1646, 1654, 12-1654, 2114, 311, 3115, 71, 711, 7112, 12-7112, 7114, 7116, 7117, 7122, 7123, 7124, 12-7124, 7126, 7127, 7128, 7131, 7132, 7136, 12-7136, 7161, 12-7161, 7165, 7315, 7323, 12-7323, 13-7323, 14-7323, 7335, 12-7335, 7336.

In addition to the above boxes Engine 47 shall assume all the still, automatic and A. D. T. assignments of Engine 44.

Engine 44 shall assume their own assignments on the following boxes, provided that their position in the harbor at the time will enable them to reach such boxes in less time than the boat dispatched from the upper harbor. Otherwise Engine 31 shall be sent, thereby holding in quarters a boat of larger pumping capacity.

Boxes 3413, 3418, 3464, 3465, 3471, 13-32, 13-33, 13-34, 13-35, 13-36, 13-37, 13-38.

Under the above conditions if Engine 44 is dispatched to one of its island boxes the signal for such island would not be struck. A response of Engine 31 to such islands shall be governed by paragraph 3, General Order 45, series of 1929.

Any General Orders, Special Orders or instructions inconsistent with the above are suspended during this temporary arrangement.

The above order will be effective at 8 a. m. Wednesday, February 19, 1930.

By order of Acting Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

General Order No. 16.

I. ASSIGNMENT OF APPARATUS.

Section II of General Orders No. 3 c. s. is hereby rescinded. The last paragraph on Card D of the instruction card remains revoked. The following rules are substituted:

Where a double engine company is located and one of the companies leaves quarters on any alarm, the remaining company, in addition to its own assignments, shall assume the assignment of the absent company with the following exceptions, unless otherwise ordered:

a. Shall not respond when one of the companies has responded to a still, automatic or A. D. T. alarm, which is followed by a box alarm in the immediate vicinity of the still, automatic or A. D. T. alarm.

b. Shall not respond when first alarms are received from two boxes and all the engine companies assigned to respond to the second box have already responded to the first box.

c. Shall not respond to the multiple alarm assignments of the absent company.

A company covering in such station, in addition to assuming the assignments of the company it covers, shall assume the still, automatic, A. D. T. and first alarm assignments of the other company regularly quartered at such station, unless that company is covered.

These regulations shall be posted conspicuously at the patrol desk of such stations.

II. COMMENDATION.

Lieut. John J. Smith of Engine Company No. 4 is hereby commended for extinguishing a fire in the building 24 Joy street on February 18, 1930, making it unnecessary to call out the fire apparatus.

By order of Acting Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

General Order No. 18.

I. RETIREMENT.

Notice has been received from the Boston Retirement Board that Hoseman William J. Reid of Water Tower 1 will be retired from active service on account of accidental disability, to take effect at the close of business on February 28, 1930. Hoseman Reid was appointed to this department on July 2, 1926.

II. COMMENDATIONS.

The Fire Commissioner has received a check for \$100 through Engine Company 33 and Ladder Company 15 from

Henry M. Rogers as a contribution to the Boston Firemen's Relief Fund. Accompanying the check was the following letter.

February 19, 1930.

GENTLEMEN,—I wish to thank you for your services rendered to my family and myself on Monday last, the 17th inst., when a slight fire in my home called you there and especially to acknowledge the care and courtesy extended to the members of my family preventing excitement and allaying alarm.

The precautions taken to prevent damage to the house and the property therein are also highly appreciated.

May I ask you to pass the inclosed check to the Boston Firemen's Relief Fund, as a slight expression of my lifelong admiration for your department and for the courage, devotion and heroism displayed in its service.

With renewed thanks and best wishes, I am,

Most truly yours,

HENRY M. ROGERS.

Hoseman Thomas Ryder of Engine Company 37 and Hoseman Charles F. Hayes of Engine Company 21 are hereby commended for the assistance rendered by them at a still alarm at 18 Elm street, city proper, on February 20, 1930, while off duty.

By order of Acting Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That for reasons of public safety and convenience during the period of underground construction by the Edison Electric Illuminating Company of Boston, vehicles are excluded from Friend street, between Traverse street and Causeway street, from February 21, 1930, at 7 p. m., to February 24, 1930, at 7 a. m.

Voted, That for reasons of public safety and convenience vehicles are excluded from Lake street, between Washington street and Commonwealth avenue, during the period of sewer construction at No. 114 Lake street, for a period estimated to be three days.

Voted, That for reasons of public safety and convenience the street traffic regulations and rules for driving adopted by the Board of Street Commissioners December 10, 1908, as amended and adopted by the Boston Traffic Commission June 7, 1929, are amended as follows, effective February 23, 1930:

That section 18, part 3, be amended by eliminating the following:

River Street:

Both sides from Blue Hill avenue for a distance of 375 feet north-easterly.

That section 39, part one, be amended by eliminating the following:

Water Street:

From Washington street to Devonshire street.

From Devonshire street to Congress street.

That section 39, part one, be amended by adding the following:

Water Street:

From Washington street to Kilby street.

Cliff Street:

From Washington street to Warren street.

SAFE DRIVING.

Most cities and towns have a long list of "dout's" but do little to educate the drivers of cars. If one half the time that is used trying to make people do something or not to do something was spent in educating the drivers much better results would be obtained. We need drivers' schools and the city or town that first starts such a school will be doing a real service.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN FOSTER STREET, WILTSHIRE ROAD, PORTINA ROAD, HATHERLY ROAD, AND CHESTNUT HILL AVENUE, BRIGTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Foster street, Wiltshire road, Portina road, Hatherly road, and Chestnut Hill avenue, Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Foster Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, March 18, 1930, with a certified check for one thousand (1,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

(Mar. 1.) JOSEPH A. ROURKE,
Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING BITUMINOUS PAVEMENT.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing bituminous pavement on any street in Boston not under guaranty, when ordered to do so by the Commissioner between March 15, 1930, and December 31, 1930, and giving bond therefor of a surety company approved by the Commissioner in the sum of forty thousand dollars (\$40,000), if the bid is for one district, or eighty thousand dollars (\$80,000) if for both districts, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each bidder must give the location of the plant which it is intended to operate and the capacity of the same. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Repairing Bituminous Pavement," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, March 10, 1930, with a certified check for four thousand dollars (\$4,000) for each district, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The boundaries of the districts are to be determined by the Commissioner so as to make the amount of work done in each district about equal. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

(Mar. 1.) JOSEPH A. ROURKE,
Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN BUSHNELL STREET, FROM VAN WINKLE STREET TO RADFORD LANE, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Bushnell street, from Van Winkle street to Radford lane, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Bushnell Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, March 11, 1930, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

(Mar. 1.) JOSEPH A. ROURKE,
Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN MT. VERNON STREET AND PRIVATE LAND WEST OF OLD COLONY PARKWAY, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Mt. Vernon street and private land west of Old Colony Parkway, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Mt. Vernon Street, Etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, March 7, 1930, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposal will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

(Mar. 1.) JOSEPH A. ROURKE,
Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT.

BIDS FOR BUILDING STEEL FERRYBOAT.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites bids for building steel ferryboat and giving bond therefor of a surety company approved by the Commissioner in the sum of two hundred thousand dollars (\$200,000) to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 508, City Hall Annex. Each bid should be inclosed in an envelope, sealed, marked "Bid for Ferryboat," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Tuesday, March 25, 1930, with a certified check for twenty thousand (20,000) dollars, payable to and to become the property of the city if the bid, after acceptance, is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price bid appears to the Commissioner to be abnormally high or low it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all bids, or to accept any bid, should he deem it to be for the best interest of the city so to do.

(Mar. 1-8-15-22.) JOSEPH A. ROURKE,
Commissioner of Public Works.

If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

(Mar. 1.) JOSEPH A. ROURKE,
Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN GLADSTONE STREET, BETWEEN BREED STREET AND SELMA STREET, EAST BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Gladstone street, between Breed street and Selma street, East Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Gladstone Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, March 12, 1930, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

(Mar. 1.) JOSEPH A. ROURKE,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GRANITE EDGESTONES.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department, as required:

- 40,000 lineal feet, more or less, straight edgestone.
- 5,000 lineal feet, more or less, circular edgestone.
- 1,000, more or less, small corners.
- 50, more or less, large corners.
- 200 lineal feet, more or less, special edgestone.

The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bid, with certified check for \$300, must be left at the above office before Monday, March 10, 1930, at 12 m., at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

(Mar. 1.) PHILIP A. CHAPMAN,
Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN PARK STREET, STRATFORD STREET, ROBIN STREET AND PRIVATE LAND, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for sewerage works in Park street, Stratford street, Robin street and private land, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Park Street, Etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, March 13, 1930, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
Commissioner of Public Works.

Commissioner of Public Works.

(Mar. 1.)

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 22.

SATURDAY, MARCH 8, 1930.

No. 10

NEW ENGLAND IS THE CORNERSTONE OF THE UNITED STATES — MAYOR CURLEY, IN EDITORIAL IN DAILY RECORD, URGES RECOGNITION OF HER JUST DEMANDS AT THE HANDS OF THE GOVERNMENT AT WASHINGTON, POINTING THAT BOSTON HAS PLAYED CONSPICUOUSLY NOBLE PART IN THE ONWARD AND UPWARD MARCH OF HUMANITY, AND SEEKS NO SPECIAL FAVOR, MERELY JUSTICE AND ACTION.

On Thursday, March 6, the following appeared in the editorial column of the *Daily Record*, as the contribution of Mayor Curley to the series of editorials on New England as the Cornerstone of the United States. It was written especially for the *Daily Record*.

The bulk of New England's contribution to the onward and upward march of humanity is measured in accomplishments for the good of mankind rather than in the dollar standard. The part played in this soul-trying journey by Boston has, through the Providence of Almighty God, been greater than any other section of New England.

Our own Ralph Waldo Emerson, in a tribute to the capital city of New England, has stated:

"This town of Boston has a history. It is not an accident, not a windmill, or a railroad station, or a cross-roads tavern, or an army-barracks grown up by time and luck to a place of wealth; but a seat of humanity, of men of principle, obeying a sentiment and marching loyally whither that should lead them; so that its annals are great historical lines, inextricably national; part of the history of political liberty. I do not speak with any fondness, but the language of coldest history, when I say that Boston commands attention as the town which was appointed in the destiny of nations to lead the civilization of North America.

Here stands today as of yore our little city of the rocks; here let it stand forever, on the man-bearing granite of the North! Let her stand fast by herself: she has grown great. She is filled with strangers, but she can only prosper by adhering to her faith. Let every child that is born of her and every child of her adoption see to it to keep the name of Boston as clean as the sun; and in distant ages her motto shall be the prayer of millions on all the hills that gird the town, 'As with our Fathers, so God be with us!' Sicut Patribus, Sit Deus Nobis!"

Question is Future Problems.

The question that concerns us in the present hour is as to the future; how the problems as they unfold may be met and overcome and how the government established by the fathers may, at the termination of our existence, be passed on to posterity, stronger, purer, and more fruitful of promise than they were received by us in our day and generation.

New England, steeped in the history of popular government, cannot view with equanimity the existence of blocs in our national lawmaking body, where, through sheer numbers in Congressional representation, legislation is enacted for a part of America rather than for the Nation as a whole. Every thoughtful citizen sympathizes with the farmer in the unfortunate dilemma which has existed for the past few years and is desirous of providing relief, if it is possible to extend same without impairing the form or character of representative government.

Thrift and a willingness to work and a faith in our common country are the recognized fundamentals responsible for the fact that 36 per cent of the nation's mutual savings deposits are to be found in New England savings banks, notwithstanding the fact that New England represents but two per cent of the nation's area and seven and one-half per cent of its population. To those who are apprehensive as to the future of New England it is only necessary to refer to the bank clearings in the City of Boston in the ten-year period from 1917 to 1927, which show an increase of \$14,279,710,274, or a gain of 117.16 per cent.

New England produces one-third of the footwear made in the United States, or enough shoes to provide one pair for every man, woman and child living in the United States. One in every three of the cotton spindles operated in the United States are located in Massachusetts and nearly one half of the entire number operating in the United States are located in New England. The City of Boston, in the event that the cities and towns within what is commonly termed the metropolitan area be included, will represent an area of 409 square miles, with a population approximating two millions of persons.

Citizenship Aroused.

Boston Harbor covers an area of 30,000 acres, with 40 miles of berthing space and the largest drydock in the United States. Boston is not only the center of the paper trade but is the largest wool center in the world; one storehouse alone having capacity for one hundred million pounds. Boston boasts the largest fish freezing, cold storage, and fish pier in the entire world. New England is the largest center and market for leather and shoe industries and demands that measure of protection from Congress in the enactment of tariff legislation that will conserve an industry which is the principal source of livelihood in many towns of New England; namely, the boot and shoe industry.

The citizenship of Boston are incensed, and rightly so, at the proposal to construct the Boston Post Office of material that is not indigenous to the soil of New England, in view of the fact that, from the beginning of government in the United States, the quarrying of granite has been conducted successfully and the manufacture of brick has been an equally important industry. To reject New England building material on the grounds of economy is to set up a case on false premises, since a post office constructed of granite and New England brick can be produced at a lower cost than one built with Indiana limestone.

Boston seeks no special favor at the hands of the national lawmaking body, it demands justice and action. There is no way to justify a failure to protect New England's leading industry, boots and shoes, regardless of the desire of international bankers to safeguard their investments in high yield foreign securities. The duty of Congress is to legislate for America and American workers unless they wish to substitute the dole system, soup kitchen, and the bread line, for contented American workers.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, March 10, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

**BOSTON CHOOSES OFFICIAL TERCENTENARY EMBLEM
TO BE USED DURING YEAR—MAYOR CURLEY
GIVES HIS APPROVAL.**

FOR 1930

**DESIGN OF EMBLEM ADOPTED BY TERCENTENARY COMMITTEE FOR
USE IN CONNECTION WITH THIS YEAR'S CELEBRATIONS.**

The Boston Tercentenary Committee has adopted a design for an official emblem or insignia which will be put into use immediately and used throughout the year. The design resembles the official city seal but adapted to the present requirements. It is circular in form. In the center and in the foreground is prominently shown the three ancient hills that gave the earlier name Trimountaine. As if rising from that foundation is a vision of the future Boston dominated by the State House dome and with the lettering "Boston 1930".

In the border surrounding the design appears the title "Boston Tercentenary" and "300th Anniversary".

Prominently placed above and below the insignia, "Boston Calls You for 1930".

The Boston Tercentenary device will be put into very general use. Besides being used on the official letterheads it will appear on all printed matter issued

by the city in connection with the 300th anniversary celebration. Furthermore, it will be made in a form suitable for display in windows, offices, stores, factories and other places where people will see it.

Obviously the emblem with its inscription is an invitation and for this reason people will be encouraged to make general use of it in connection with their own invitations to be sent out to former residents of the city and to others throughout the length and breadth of the United States and even beyond its limitations.

The Boston Tercentenary insignia was designed by the Municipal Director of Public Celebrations, J. Philip O'Connell. It was formally adopted in the last meeting of the Executive Committee and goes into use immediately.

The design is copyrighted, and arrangements will be made through a commercial agency for furnishing cuts, stickers and designs for various uses at a nominal charge.

**MAYOR CURLEY SEEKS REDUC-
TION IN FIRE INSURANCE
RATES.**

Mayor Curley, on March 5 sent the following letter to Mr. John H. Eddy, President of Board of Fire Underwriters, 40 Broad street, Boston:

MY DEAR MR. EDDY,—In my opinion the City of Boston has done about everything within reason that I can think of for the prevention of fire. At the present time I am making available \$10,000 for the codification of the building laws, with a view to make the building laws and regulations strict and to provide for the installation, in a larger measure, of slow-burning and noninflammable materials in construction. I am extremely desirous of learning what, in addition, the City of Boston can do in order to secure a reduction in fire insurance rates. I would appreciate hearing from you.

Very truly yours,

JAMES M. CURLEY, Mayor.

**CORPORATION COUNSEL SAM-
UEL SILVERMAN ACTS AS
COUNSEL FOR PORT AU-
THORITY.**

The following letter was received, on February 28, by his Honor the Mayor from Corporation Counsel Samuel Silverman, of the Law Department of the City of Boston:

DEAR SIR,—At the request of the Port Authority of the City of Boston I shall be in New York tomorrow to attend a conference with former Commissioner Mark Potter of the Interstate Commerce Commission, who, I understand, is to be counsel for certain other Boston interests in connection with a reopening of the port differential cases. The conference is for the purpose of deciding upon definite action to be taken and the preparation of the filing of a formal petition with the Interstate Commerce Commission to remove the port differentials. In furtherance of the conference held at your office between the members of the Boston Port Authority and other industrial and commercial leaders, I have agreed to act as counsel for the Port Authority in behalf of the City of Boston in connection with the new port differential case.

Very truly yours,

SAMUEL SILVERMAN,
Corporation Counsel.

**BOARD OF ZONING ADJUSTMENT
HEARING.**

FRIDAY, MARCH 14, ROOM 30,
CITY HALL.

Petition No. 200, at 2 p. m.—Public hearing on petition of M. Blanche Holbrook, by Wellington Holbrook, for the purpose of establishing an R-40 district in the vicinity of Almont street and Monterey avenue, Mattapan, Dorchester. Said district is at present zoned as an R-35 district. Said petition is likewise intended to include such modification or extension of area or use as may appear advisable to the Board. (Zoning Sheet No. 8.)

Bids close Wednesday, March 19, at 12 m.

CONSOLIDATION OF COUNTIES TO REDUCE TAXES.

Just as consolidation of small business under holding or managing companies reduces overhead costs, it is fair to believe that consolidation of small counties into larger units would reduce taxes through eliminating duplicating offices, etc.

New York has a plan for recasting more than 60 counties into 37 units, and Tennessee, after already having merged 2 counties, now plans to merge the 95 counties in the state into 11 new units.

The results of Tennessee's experience in merging Hamilton and James counties in 1919, as portrayed by J. W. Manning of Vanderbilt University, are interesting. He points out that taxes in James County have been reduced one half, paved highways have been increased from two miles to fifty miles, and many manufacturing plants have entered the county because of the reduction in taxes. The results in New York and Tennessee will be watched with interest by the whole country.

DIMENSIONS, ETC., OF BOSTON.

Boston's greatest length, 13.8 miles, *i. e.*, from northern end of East Boston to southern end of Hyde Park; greatest width, 7.75 miles, *i. e.*, from Marine Park shore to western end of Brighton; median transverse width, 5.75 miles, *i. e.*, from Charles river at Harvard Bridge to Neponset river at Blue Hill avenue; width of business center, 1.2 miles, *i. e.*, from Charles river at Cambridge Bridge to Fort Point channel at Summer street. Geographical center of city in Roxbury, corner Walnut and Westminster avenues.

BOSTON AREA TO WARD LINES.

Total, 30,598 acres (*i. e.*, 47.81 square miles), 2,944 acres being filled land, 1,143 acres water area and 1,436 acres flats. Land area only, 28,019 acres (*i. e.*, 43.78 square miles). Included in the latter are 160 acres of filled flats recently added to the land area of South Boston and 175 acres to that of East Boston.

Original Boston contained about 780 acres of land. Of the twelve leading American cities, eight are larger in land area than Boston, *viz.*, Los Angeles (441 square miles), New York (318), Chicago (199.4), Philadelphia (129), Baltimore (91.9), Detroit (80), Cleveland (56.6) and St. Louis (61.25). The only city in Massachusetts with larger land area is Taunton (50 square miles).

If Boston should expand by annexations as New York, Chicago, Philadelphia, Los Angeles and others have expanded, its total area, in case of including the thirty-nine cities and towns within the 15-mile radius, would be second to the largest, *viz.*, Los Angeles, the present land area of "Greater Boston" being 409.5 square miles.

ALTITUDES IN BOSTON.

(1) Highest, Custom House tower, 510.71 feet, *i. e.*, top of finial above mean low water (same as "city base") or 495 feet from surface of street; (2) Bellevue Hill, West Roxbury, 376.3 feet to top of new reservoir, or about 320 feet of top of hill; (3) Bunker Hill Monument, 307.84 feet, or top of Breed's Hill, Charlestown, at base of monument, 86.44 feet; (4) Slocum Hill, near Allandale street, Jamaica Plain, about 300 feet; (5) High Fort Observatory, Highland Park, Roxbury, 291 feet, on top of hill at base of tower, 158 feet; (6) Revolution Memorial Monument, Telegraph Hill, South Boston, 270 feet, or top of hill at base of monument, 145 feet; (7) State House, top of dome, 261 feet; (8) Hill between Poplar and Dale streets, West Roxbury, near Hyde Park boundary line, about 258 feet; (9) Peters' Hill, Arnold Arboretum, 237 feet; (10) Fairmount Hill, Hyde Park, about 220 feet, Beacon Hill, now 107.89 feet (*i. e.*, at corner of Mt. Vernon and Joy streets), was originally about as high as the base of the State House dome.

LIFE-GIVING PATRIOTISM IS LOCAL.

By civic patriotism is meant the feeling and the taking of a deep, unselfish, earnest, ever-wakeful, active interest in the affairs of one's own city or local community, regarding it as having an autonomy, a distinct personality, a name and interests of its own, and, if one pleases, endowed with a sense of personal honor and with all laudable ambitions for the promotion of the welfare of its people.

Where such civic virtues exist the local community will neither suffer from the dry-rot of public indifference and neglect nor become tainted with graft or corruption. Its life will be healthful, and, like the ocean, will be kept pure by its own ceaseless flow and movement. All life-giving patriotism is local.

Show a good municipal citizen and one will see a citizen who loves his state, and who loves his nation, and who will discharge all the duties of this triple relation. Good government in local affairs is the best assurance of good government in state and national affairs.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, March 6:

Total, \$333.40.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon February 26 the Mayor approved a contract with M. DeMatteo for sewerage works in River street, from Standard street to a point 135 feet west of Duxbury road, Dorchester. Bids, opened February 24, were as follows:

John F. Kennedy & Co., \$5,906.60; DeCristofaro Brothers Company, \$6,657.60; M. DeMatteo, \$7,057.37; C. Struzziery, \$7,341; Zoppo & Civitarese, \$7,591.31; A. Piatelli & Co., \$7,664.40; N. Sennalla & Son, \$7,696; John Williams, \$8,339; Joseph Todesca, \$8,393.50; P. Guarino, \$8,436; Cook Construction Company, \$8,632.50; Joseph Capone, \$8,834.50; C. Russo, \$8,983.51; M. DeSisto Company, \$9,066; J. J. Conway, \$9,432.23.

The reason for awarding this work to the third bidder, Mr. DeMatteo, is that this contractor now has a contract for paving River street, from Milton street to Duxbury road, which contract was awarded last fall, the Sewer Division having money enough at that time only for sewerage works from Morton street to Standard street.

Upon March 5 the Mayor approved a contract with John Williams for sewerage works in Lauriat street and outlet in Woodrow avenue, Dorchester. Bids, opened February 28, were as follows:

John Williams, \$2,162.50; L. Balboni, \$2,267.30; A. Piatelli & Co., \$2,375.10; J. Todesca, \$2,472.50; P. & O. Construction Company, \$2,481.50; C. Russo, \$2,537.22; N. Sannella & Son, \$2,584.47; J. F. Kennedy & Co., \$2,617.88; J. Capone, \$2,733.50; M. DeSisto Company, \$2,865; Cook Construction Company, \$3,057; P. Guarino, \$3,226; A. D. Daddario, \$3,294.18; Brophy Contract Company, \$4,796.20.

SUPPLY DEPARTMENT.

Upon March 1 the Mayor approved a contract with J. P. O'Connell Company for furnishing approximately 250,000 sewer bricks to the Sewer Service. Bids, opened February 24, were as follows:

250,000 Sewer Bricks.—Boston Building Material Company, \$17.65 per M.; J. P. O'Connell Company, \$17.50 per M.*; Central Building Wrecking Company, \$11.50 per M.; Eastern Clay Goods Company, \$18 per M.; Portland Stone Ware Company, \$18 per M.

Cash Discount, Ten Days.—J. P. O'Connell Company, 2 per cent; Central Building Wrecking Company, 2 per cent; second-hand; Eastern Clay Goods Company, 15 cents per M., fifteen days; Portland Stone Ware Company, 15 cents per M.

* Contract awarded.

Upon March 5 the Mayor approved a contract with Donohue & Riordan for furnishing uniforms to the Fire Department. Bids, opened January 14, were as follows:

Approximate Amounts

Cloth Blouses and Trousers, 18-ounce Oakes, Boston.—Leopold Morse Company, \$3.70 a yard; Rosenfield Uniform Company, \$3.80 a yard; Donohue & Riordan, \$3.70 a yard.

CONTRACTS AWARDED.

SUPPLY DEPARTMENT.

Upon March 1 the Mayor approved a contract with lowest bidders, as indicated, for furnishing hay, grain and straw to the various city departments during March, 1930. Bids, opened February 26, were as follows:

Irregular bids: Rosenfield Uniform Company, proposal at auditor's office was signed but one at Supply Department was not signed; Donohue & Riordan, proposal at auditor's office and one at Supply Department not signed.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

HOSPITAL DEPARTMENT.

Matthew Cummings Company, contractor for erection and completion of Medical Building, Boston City Hospital, have been instructed to add to the contract the sum of \$142.29 for furnishing and installing six metal access panels on the heating riser lines, as per letter of February 4, 1930. Original contract, \$651,000; corrected contract, as per order No. 1570, \$678,023.27; now added, \$142.29; corrected contract, \$678,165.56; total added, \$28,115.56; total deducted, \$950.

PROVIDES WOOD FOR 240 NEEDY FAMILIES.

Mayor Curley has issued the following statement regarding wood for Overseers of Public Welfare:

The Park Commissioners have utilized the labor forces of that department in the clearing of land at West Roxbury Parkway and as a consequence Chairman William P. Long has reported to the Mayor that 240 feet of wood have been sawed in lengths suitable for use in a stove. Mayor Curley has requested the Overseers of Public Welfare to submit the names of 240 families receiving aid from the city to whom a foot of this wood could be sent.

LAND-TAKING IN EAST BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land bounded on the northerly side by Byron street; on the easterly side by Pope street; on the westerly side by the Boston & Maine Railroad; and on the southerly side by land abutting the northerly side of Pope street court, containing approximately 49,482 square feet, East Boston district, for playground purposes.

A parcel of land, supposed to belong to Florence J. McCarthy, bounded:

Southeasterly by Pope street, one hundred feet; southwesterly by land supposed to belong to D'Addio *et al.*, to Calhoun and to McCarthy, one hundred sixty-two and 37-100 feet; northwesterly by land supposed to belong to the East Boston Company, one hundred and 97-100 feet on a curve of seventy-one hundred thirty and 50-100 feet radius; northeasterly by land hereinafter described as taken from McCarthy, one hundred seventy-six and 34-100 feet, containing sixteen thousand nine hundred and twenty-four square feet, more or less. The aforesaid parcel is registered in the Land Court, Registered Title Certificate No. 2480, Book 9, page 80.

A parcel of land, supposed to belong to Florence J. McCarthy, bounded:

Southwesterly by land hereinbefore described as taken from McCarthy, one hundred seventy-six and 34-100 feet; northwesterly by land supposed to belong to the East Boston Company, one hundred three and 43-100 feet on a curve of seventy-one hundred thirty and 50-100 feet radius; northeasterly by land hereinafter described as taken from Murphy, one hundred thirty-four and 70-100 feet; and southeasterly by Pope street, by two measurements, one hundred seventy and 30-100 feet and one and 11-100 feet, containing twenty thousand five hundred and seventy-eight square feet, more or less. The aforesaid parcel is registered in the Land Court, Registered Title Certificate No. 2480, Book 9, page 80.

A parcel of land, supposed to belong to Michael P. Murphy, bounded:

Southeasterly by Pope street, one hundred feet; southwesterly by land hereinbefore described as taken from McCarthy, one hundred thirty-four and 70-100 feet; northwesterly by land supposed to belong to the East Boston Company, by two measurements, two and 53-100 feet on a curve of seventy one hundred thirty and 50-100 feet radius and one hundred and 86-100 feet; northeasterly by Byron street, one hundred eight and 45-100 feet, containing twelve thousand one hundred and fifty-six square feet, more or less. The aforesaid parcel is registered in the Land Court, Registered Title Certificate No. 2481, Book 9, page 81.

The aforesaid parcels are shown on a plan marked "City of Boston, Pope Street, Byron Street, East Boston, January 28, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

RETIREMENT BOARD REPORT.

February 27, 1930.

To the Auditor.

At a meeting of the Boston Retirement Board, held on Friday, February 14, 1930, the retirement from active service of the following-named members of the Boston Retirement System was approved to become effective at the close of business, February 28, 1930:

ASSESSING DEPARTMENT.

Michael J. Toumey, first assistant assessor, salary at time of retirement, \$1,700 a year.

FIRE DEPARTMENT.

Lawrence J. O'Neil, laborer, salary at time of retirement, \$1,560 a year.

Michael Mullin, stableman, salary at time of retirement, \$1,638 a year.

George W. O'Mara, laborer, salary at time of retirement, \$1,560 a year.

Michael Ronan, laborer, salary at time of retirement, \$1,716 a year.

John H. Leary, laborer, salary at time of retirement, \$1,560 a year.

Cornelius Sullivan, repairer, salary at time of retirement, \$1,638 a year.

Attest:

WILFRED J. DOYLE,
Chairman.

MAYOR CURLEY GIVES GAL- LIVAN BOULEVARD ORDER PEN TO GENERAL LOGAN.

Mayor Curley, on February 28, sent the following letter to Lieut.-Gen. Edward L. Logan:

MY DEAR GENERAL,—I beg to forward you herewith pen with which order was signed changing the name of what heretofore has been known as the Southern Artery to the Gallivan Boulevard.

This honor extended to the memory of a public official, whose loyalty and devotion to you has been of the Damon and Pythias type, is due wholly to your interest, and as Mayor it is an exceeding pleasure to congratulate you upon the success of the fight you have waged for the establishment of this permanent memorial to your friend.

Sincerely yours,

JAMES M. CURLEY, Mayor.

BOSTON STREETS TO BEAR OLD NAMES—STREET COMMISSIONERS DECIDE ON TEMPORARY MARKING SIGNS FOR BENEFIT OF VISITORS—TO AID IN REVIVING OLD SCENES FOR THOSE INTERESTED IN THINGS HISTORICAL.

The Street Commissioners during the tercentenary year will place temporary marking signs designating, by original names, the following streets and thoroughfares in the city:

ADAMS PLACE—North Anderson street to Blossom street, Formerly Bridge street; avenue, 1832.

WASHINGTON STREET—Adams square to School street, 1708, formerly called Cornhill; from School street to Summer street, formerly called Marlborough street, 1708; Summer street to Essex street, formerly called Newbury street, 1708; Essex street to Dover street, formerly called Orange street.

PERMIT TO HIRE STEAMER.

The Mayor has approved the following request of the Institutions Department:

February 25, 1930.

HON. JAMES M. CURLEY, *Mayor of Boston.*

DEAR MR. MAYOR,—Your permission is respectfully requested to hire the steamer "Myrtle" for approximately six (6) days at the rate of one hundred and fifty dollars (\$150) per day, from Capt. Alfred Sorenson, 70 Orchard street, Malden, while the steamer "George A. Hibbard" is undergoing repairs.

The steamer "Myrtle" is the only boat suitable for such service which is available at a reasonable rate and, therefore, no advantage would accrue from advertising, which would mean delay.

Respectfully yours,

JOHN J. LYDON,
Acting Commissioner.

FINDS DYNAMITE IN MUNICIPAL BUILDING LOCKER.

Chairman William P. Long of the Park Department has addressed the following letter to Forest Courtney:

March 3, 1930.

MR. FOREST COURTNEY, *Williams Municipal Building, West Brookline Street and Shawmut Avenue, Boston, Mass.*

DEAR MR. COURTNEY,—Superintendent James E. O'Reilly informs me that you were the employee who found dynamite in the locker of the Williams Municipal Building. He also informs me that you were paying strict attention to the work assigned to you and you had to examine over one hundred lockers and you were doing it in a careful manner and thereby came across a stick of dynamite.

I want to congratulate you and at the same time thank you for performing your duties in such a careful manner.

I assure you the Board of Park Commissioners appreciate your earnest work and I also wish to state that it will be remembered.

Very truly yours,

WILLIAM P. LONG, *Chairman.*

EXTENSION OF CONTRACT.

HOSPITAL DEPARTMENT.

Matthew Cummings Company, Incorporated, have been granted an extension of time for completion of contract for erection and completion of Medical Pavilion, Boston City Hospital, from February 17 to May 1.

CONTRACTS AMENDED.

FIRE DEPARTMENT.

Thomas O'Connor & Co., Incorporated, contractor for new Fire Department building at Cambridge and Bulfinch streets, have been allowed to amend the contract by omitting the clause on pages 32 and 33, section 4, namely: "All injury to basement floor caused by wrecking of buildings formerly on the site and any basement columns left to be incorporated in the new building are to be repaired, or if in the judgment of the architect or building commissioner they are deemed unfit for repair are to be built by this contractor as part of this contract," and substituting thereof the following new paragraph be inserted:

"All injury to basement floor caused by wrecking of buildings formerly on the site and any basement columns left to be incorporated in the new building are to be rebuilt satisfactory to the architect and building commissioner, and the contractor is to receive the sum of \$4,083.75 in addition to the contract price for this work."

HOSPITAL DEPARTMENT.

J. A. Singarella has been allowed to amend the contract for erection and completion of men's and women's open-air ward buildings, at Sanatorium Division, Boston City Hospital, by waiving the second clause of first paragraph on page 87 of the specifications, which reads as follows: "and Contractor shall furnish a guaranty bond covering the entire roofing and flashing work as herein elsewhere provided for" and substituting therefor the clause "the guaranty on the tar and gravel roofs is to be included as part of the general maintenance bond given by the general contractor."

MAYOR CURLEY HEADS PROTEST MOVE TO SECURE NEW ENGLAND GRANITE FOR NEW POST OFFICE.

Mayor Curley made public, on March 5, the following information relative to protests against using any other than New England granite for new Post Office.

Mayor Curley, on March 5, received the following communication from the Journeymen Stonecutters' Association of North America:

DEAR MR. MAYOR,—We appreciate your efforts to insure local labor for the production of material for the exterior of the proposed new Post Office Building in Boston, and we therefore take the liberty of calling your attention to cut cast granite, which if used instead of limestone in connection with natural granite for the lower part of the building, would, we believe, not only meet the government's plea for economy but would produce an enduring monument, architecturally harmonious, and offer employment to several thousand men now idle in the Boston district.

Cut cast granite is no experiment, having been used for many years in both public and private buildings with excellent results. It closely resembles granite, is more fire-resisting, and is less absorbent than limestone.

We inclose a copy of a letter sent to the Hon. David I. Walsh which is self-explanatory and we will feel grateful if you can help us toward a favorable consideration of this material by the Treasury Department.

Very respectfully yours,

THE JOURNEYMEN STONECUTTERS' ASSOCIATION OF NORTH AMERICA,
JOSEPH F. DELEAR,
Corresponding Secretary.

To the Honorable David I. Walsh,
United States Senate, Washington,
D. C.

DEAR SENATOR,—We wish to respectfully call your attention to the fact that we represent approximately 75 per cent of labor involved in the cast stone industry in this district, involving over two thousand men, and represent at least eleven different concerns in the Boston district alone. Incidentally, 90 per cent of all stonecutting in the Boston district is on cast stone.

We have been informed that there is a strong movement on in Washington advocating the use of limestone from another state for the exterior walls of the proposed new Post Office Building, Post Office square, Boston. We further understand that the government's reason for advocating this material is for the sake of economy.

We respectfully offer the suggestion that cast cut granite be given careful consideration and investigation for two principal reasons, economy and local industry.

We feel that the many excellent existing examples of long standing of cast cut granite offer sufficient reason for the Treasury Department to seriously consider its use, either in whole or in part for the proposed building. We feel that our suggestion will meet the government's policy of economy, as well as the requirements of local labor.

We will appreciate it very much in-

deed if you will put this suggestion to the Treasury Department, as we feel that this material will not be a new venture for them, as it has been used heretofore in quite a number of post office buildings.

Thanking you for anything you can do in our behalf, which will be greatly appreciated, we are,

Very respectfully yours,

THE JOURNEYMEN STONECUTTERS' ASSOCIATION OF NORTH AMERICA,
JOSEPH F. DELEAR,
Corresponding Secretary.

Mayor Curley today received the following telegram from Congressman John W. McCormack:

Your telegram relative use granite in new Post Office Building received. I thoroughly agree with sentiments expressed in your telegram. Have already been working on this matter and doing everything in my power to bring conditions where granite instead of limestone will be used. Regards.

JOHN W. MCCORMACK, M. C.

Mayor Curley received the following telegram from Congressman William P. Connery, Jr.:

Thanks for your telegram. Will be glad to help in every way possible.

CONGRESSMAN WILLIAM P. CONNERY, JR.

FIRE DEPARTMENT ORDERS.

General Order No. 19.

I. PROMOTION.

The following promotion is hereby announced to take effect at 8 a. m., Friday, February 28, 1930:

Capt. Samuel J. Pope of Ladder Company 1 to District Chief.

II. TRANSFER.

The following transfer is hereby announced to take effect at 8 a. m., Friday, February 28, 1930:

District Chief Samuel J. Pope from Ladder 1 to District 7.

By order of Acting Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

General Order No. 20.

I. ACTING FIRE COMMISSIONER.

During the absence of the Acting Fire Commissioner, from 8 a. m., Friday, February 28, 1930, Chief of Department Daniel F. Sennott will be Acting Fire Commissioner.

II. ACTING CHIEF OF DEPARTMENT.

While Chief of Department Daniel F. Sennott is Acting Fire Commissioner, Assistant Chief of Department Henry A. Fox will be Acting Chief of Department, beginning at 8 a. m., Friday, February 28, 1930.

By order of Acting Fire Commissioner Daniel F. Sennott.

HENRY A. FOX,
Acting Chief of Department.

General Order No. 21.

I. LADDERMAN PHILIP F. LEAHY.

It is with deep regret that the Acting Fire Commissioner announces the death of Ladderman Philip F. Leahy of Ladder Company 16, on March 2, 1930.

Ladderman Leahy was appointed to this department on March 16, 1928.

The funeral will take place from his late residence 45 Newberg street, Roslindale, at 8.30 a. m., Tuesday, March 4, 1930, followed by services at the Church of the Holy Name, 1689 Centre street and West Roxbury Parkway, at 9 a. m. Interment will be at Holy Cross Cemetery, Malden.

Ladder Company 16 will be excused from duty in order to attend the funeral and the Acting Chief of Department will make the usual detail to serve as a funeral escort. Members of the department who are off duty have been invited to join the detail.

The detail will report to District Chief Charles A. Donohoe at the quarters of Engine Company 45, Washington and Poplar streets, Roslindale, at 8.15 a. m., Tuesday, March 4, 1930. Uniform overcoats and white gloves will be worn by the detail.

By order of Acting Fire Commissioner Daniel F. Sennott.

HENRY A. FOX,
Acting Chief of Department.

MAYOR CURLEY MOURNS PASSING OF FATHER GASSON.

Mayor Curley, on February 28, issued the following statement upon the death of Father Gasson, S. J.:

The passing of Father Gasson represents a tragic loss not only to the religious organization of which he was an honored member, the Society of Jesus, but to America, blest and benefited many times by his clear vision and courageous utterances for the preservation of the highest possible standards of morality in the case of the individual and of the nation.

To his courageous vision may be traced the exquisite conception, whose towers and crosses rear heavenward at Newton, known as Boston College, and so long as this institution of learning endures it will continue as a permanent and blessed memorial of his service in our midst.

AUTHORITY TO AWARD CONTRACT.

The Mayor has approved the request of the Public Works Department for authority to award a contract, without advertising, to the Bethlehem Shipbuilding Corporation, for repairs to ferryboat "Daniel A. McCormack," which was injured in a collision during the fog on Saturday morning, February 22, 1930. Some plates were badly bent in near the end and some frames supporting them and some rivets were broken out. It is desirable to get the boat back in service as soon as possible as the ferryboat "Lieutenant Flaherty" comes off for her annual inspection on March 28. There is not very much time in which to make repairs. If both boats are out at the same time the traffic cannot be properly handled. The Bethlehem Shipbuilding Corporation is the best qualified repair firm to do this work as the corporation built the boat originally and undoubtedly has the best plant in this locality for making such repairs. The estimated cost for labor and material is \$5,000.

MAYOR NAMES WILLIAM G. O'HARE TO BE PENAL INSTITUTIONS COMMISSIONER.

The following is a summary of the life of William G. O'Hare, 21 Bartlett street, Charlestown, appointed on February 28 by Mayor Curley as Penal Institutions Commissioner:

Born in Boston December 3, 1882. Parents moved to Charlestown when he was an infant. He has resided there since. Was graduated from Warren Grammar School, Charlestown, Boston Latin School, 1907, Harvard University, A. B. 1911, Boston Normal School, 1912.

Served as teacher in Boston Public Schools for nine years. Managed Charlestown School Center for seven years. Worked in Boston Juvenile Court as probation officer for several summers.

Specialized at college in history, government and economics, with courses in general government, municipal government, the government of Boston, municipal finance, social ethics, and psychology. Son of the late Joseph and Mary A. O'Hare.

Older brother, John B., former probation officer, Boston Juvenile Court, and now a practising attorney. Younger brother, Major Joseph J., military attache at the Embassy in Havana. Sister, Mary E., now deceased, for years a teacher in the North End. Uncle, John, for many years chairman of the Children's Institutions Board, City of Boston.

Married Miss Florence F. Comerford of Cambridge December 27, 1915. Has three children, William G., Jr., Robert J. and Mary E. O'Hare. Member of the Boston School Committee for five years. Treasurer of that body for two years.

Member and Past Grand Knight of Bunker Hill Council, K. of C. Member of the Massachusetts Catholic Order of Foresters, the Alumni Sodality of Boston, the Boston Lodge of Elks, the Charitable Irish Society and St. Alphonsus Association.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 12-inch, 15-inch and 18-inch pipe and three catch-basins in Devon street, between Columbia road and New York, New Haven & Hartford Railroad, in the Dorchester district, at an estimated cost of \$3,000.

A surface drain of 12-inch pipe and two catch-basins in Lauriat street, between Callender street and Woodrow avenue, and in Woodrow avenue, between Lauriat street and Ballou avenue, in the Dorchester district, at an estimated cost of \$3,000.

A surface drain of 12-inch pipe and four catch-basins in Rhoades street, between Blue Hill avenue and Morton street, in the Dorchester district, at an estimated cost of \$3,000.

A surface drain of 24-inch pipe in Water street, between Dana avenue and a point 45 feet southwesterly, in the Hyde Park district, at an estimated cost of \$700.

Three catch-basins in Goodale road, between Wellington Hill street and a point 440 feet southeasterly, in the Dorchester district, at an estimated cost of \$800.

A surface drain of 10-inch, 12-inch and 18-inch pipe and four catch-basins in Hemlock street, between Walworth street and Washington street, in the West Roxbury district, at an estimated cost of \$3,800.

TRAFFIC COMMISSION RULINGS.

Voted, That for reasons of public safety and convenience the street traffic regulations and rules for driving adopted by the Board of Street Commissioners December 10, 1908, as amended and adopted by the Boston Traffic Commission June 7, 1929, are amended as follows, effective March 9, 1930:

That section 39, part 1, is amended by eliminating the following:

Avery Street:

From Tremont street to Washington street.

La Grange Street:

From Tremont street to Washington street.

Friend Street:

From Faneuil Hall square to Causeway street.

That section 39, part 1, is amended by adding the following:

Avery Street:

From Washington street to Tremont street.

Boylston Street:

From Tremont street to Washington street.

La Grange Street:

From Washington street to Tremont street.

Merrimac Street:

From Haymarket square to Friend street.

Friend Street:

From Union street to Hanover street.

From Merrimac street to Washington street.

From Merrimac street to Causeway street.

Voted, That for reasons of public safety and convenience the street traffic regulations and rules for driving adopted by the Board of Street Commissioners December 10, 1908, as amended and adopted by the Boston Traffic Commission June 7, 1929, are amended as follows, effective October 7, 1929:

That section 39, part 1, is amended by eliminating the following:

Exchange Street:

From State street to Dock square.

That section 32 is amended by adding the following:

Nor from Devonshire street into State street, easterly.

Voted, That for reasons of public safety and convenience the street traffic regulations and rules for driving adopted by the Board of Street Commissioners December 10, 1908, as amended and adopted by the Boston Traffic Commission June 7, 1929, are amended as follows, effective March 2, 1930:

That section 32 is amended by adding the following:

Nor from Congress street into State street, westerly.

That section 39, part 1, is amended by adding the following:

Central Street:

From India street to Atlantic avenue.

Green Street:

From Bowdoin square to Chambers street.

Voted, That for reasons of public safety and convenience vehicles are excluded from Tyler street, between Kneeland street and Beach street on Sunday, March 2, 1930, from 2 p. m. to 3 p. m.

Voted, That for reasons of public safety and convenience during the period of underground construction by the New England Telephone and Telegraph Company, vehicles are excluded from Tudor street, between B street and C street, for a period estimated to be four (4) days, effective February 28, 1930.

Voted, That for reasons of public safety and convenience during the period of underground construction by the Edison Electric Illuminating Company of Boston, vehicles are excluded from Gold street, between C street and D street, for a period estimated to be ten (10) days, effective February 28, 1930.

Voted, That for reasons of public safety and convenience, during the period of underground construction by the Edison Electric Illuminating Company of Boston, parking of vehicles is prohibited on the south side of Purchase street, from Pearl street to opposite Hartford street, for a period estimated to be one week, effective March 6, 1930.

Voted, That for reasons of public safety and convenience, parking of vehicles is prohibited in Huntington avenue, north roadway, north side, between Norway street and Massachusetts avenue, on Thursday, March 6, 1930, from 6 p. m. to 11 p. m.

MAYOR CURLEY URGES NEW ENGLAND GRANITE FOR POST OFFICE BUILDING.

Mayor Curley, on March 4, sent the following telegram to:

All members of the Massachusetts Delegation in the Senate and House:

Unemployment situation was not overstated by members of Massachusetts Legislature representing both political parties yesterday when they declared that seventy-five thousand persons were unable to secure employment in Greater Boston area. Congress can aid materially in reducing the ranks of the unemployed by stipulating that Boston post office be constructed of material that is either quarried in New England or manufactured in New England rather than permitting, on the specious plea of difference in cost, of substitution of limestone.

In the opinion of New England granite quarry men the actual difference in cost between limestone and granite would not exceed five hundred thousand dollars and provided that New England granite and New England brick were used the structure could be completed within the original appropriation and at much lower cost than would result if limestone were used. The unemployment situation is serious, and early and favorable action, which is possible through united efforts of Massachusetts delegation in Congress, will be most helpful.

JAMES M. CURLEY, Mayor.

CIVIL SERVICE EXAMINATIONS. (STATE.)

JUNIOR CHEMIST, DEPARTMENT OF
PUBLIC WORKS, MARCH 29, 1930.

(Requisition is for male, but the examination is open to both males and females.)

The entrance salary is \$1,800 a year. The maximum salary is \$2,160 a year.

Duties: The duties are chemical and physical in nature, the work involving chemical analysis of paint, pigments, paint oils, thinners, lubricating oils, asphaltic and tar oils, cement, lime, water, etc. The physical work involves testing of broken stone, gravel, bituminous and concrete sand, bituminous materials, steel, cement concrete, various types of culvert pipes, sewer brick, premolded joints, and other materials pertaining to highway construction and maintenance.

Qualifications: Applicants must have education equivalent to graduation from a college or university of recognized standing, or have training and experience in chemistry or chemical engineering, which, in the opinion of the Commissioner of Civil Service, is equivalent to that required for graduation from a recognized college.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain a mark of at least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners, as to their physical fitness for the position.

INDUSTRIAL INSTRUCTOR, DEPARTMENT
OF CORRECTION, STATE PRISON,
MARCH 29, 1930.

The entrance salary is \$1,800 a year. The maximum salary is \$2,160 a year.

Duties: To act as instructor in the new shop that is being established for the painting of beds and signs. Applicants must have a complete knowledge of a paint-spraying gun, including its proper operation, in the application of lacquer and pyroxylin; should be able to apply a uniform finish to metal beds and various highway sign products, and should be able to supervise the manufacture of metal products, especially the highway signs and markers.

Qualifications: Applicants must have education equivalent to graduation from a grammar school.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain at least 60 per cent in practical questions, and 70 per cent in the other subjects and in general average in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

BUILDING INSPECTOR, DEPARTMENT OF
PUBLIC SAFETY, MARCH 29, 1930.

The entrance salary is \$2,160 a year. The maximum salary is \$2,640 a year.

Duties: To inspect all public buildings, to supervise the erection of all public buildings, to examine applicants for moving picture operators' licenses, to inspect and tag moving picture machines

and booths, to inspect elevators, to examine applicants for elevator licenses in cities and towns which have no building department.

Qualifications: Applicants must be not less than 25 nor over 50 years of age at the time of filing application, not less than 5 feet 7 inches in height, and weigh not less than 135 pounds. A certificate of date of birth must be filed with the application. Applicants must have education equivalent to graduation from a standard high school, and have four years' experience in building construction of which one year shall have been either inspection or supervision. Applicants should have a knowledge of modern methods and materials in building construction, be familiar with the state laws relating to building construction and have a practical knowledge of general building operations, be able to interpret plans and specifications and to check construction methods.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

ELECTRIC STATION OPERATOR, METRO-
POLITAN DISTRICT COMMISSION,
MARCH 29, 1930.

The entrance salary is \$1,560 a year. The maximum salary is \$1,920 a year.

Duties: Installation, repair and operation of high voltage lines and apparatus. This position is at the Wachusett section, Wachusett Dam, Clinton, which is a hydroelectric power station.

Qualifications: Applicants must have education equivalent to grammar school graduation, and must have at least one year's experience in the operation and maintenance of an electric power station. Preference will be given to persons having experience in hydroelectric work. Applicants must have a journeyman electrician's license.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Requirements: Applicants must obtain at least 60 per cent in practical questions and 70 per cent in experience and in general average in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the Commissioners as to their physical fitness for the position.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

GUARDS AND PRISON OFFICERS,
APRIL 5, 1930.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service. This service includes turnkeys and guards in prisons, houses of detention and reformatories.

Applicants for appointment as officers in State Prison and Massachusetts Reformatory must be not less than twenty-five nor over forty years of age at the time of filing application. Applicants for appointment as officers in the Prison Camp and Hospital must be not less than twenty-three nor over forty years of age at the time of filing application. All applicants for these places must be

not less than 5 feet 7 inches in height and weigh not less than 135 pounds.

A certificate of date of birth must be filed with the application.

Applicants must have education equivalent to graduation from grammar school.

The subjects of examination with their respective weights will be as follows: Training and experience, 4; practical questions covering general disciplinary and penological methods, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

In marking the subject of training and experience credit will be given for the satisfactory completion of courses on the conduct and management of penal institutions. The amount of credit will be determined by the Division of Civil Service and will depend on the standing of the department or institution giving the course and the length of time required for its completion.

Applicants will be required to obtain a mark of at least 60 per cent in practical questions and 70 per cent in the other subjects and general average in order to become eligible.

Applicants who pass the examination for prison officers will, upon request, also be placed on the list for watchmen.

Physical fitness to be determined by physical examination and strength tests. Educational test, 3; physical test, 1; total, 4.

WATCHMEN, APRIL 12, 1930.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service. This service includes watchmen and guards in public parks, grounds, institutions and departments and gatemen for ferries.

The subjects of examination with their respective weights will be as follows: Training and experience, 6; memory test, 1; arithmetic, 1; handwriting, 1; accuracy, 1; total, 10.

Applicants will be required to obtain at least 70 per cent in experience, 50 per cent in other subjects, and at least 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination.

STATIONARY ENGINEERS, MARINE ENGINEERS AND OILERS, APRIL 24, 1930.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service.

The examination for each kind of position will include a statement of training and experience, a physical examination and the possession of a license, either as first, second or third class stationary engineer; or as chief, first assistant or second assistant marine engineer. Oilers are not required to have a license.

The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications will be given a physical examination.

SAFE DRIVING.

Most cities and towns have a long list of "dout's" but do little to educate the drivers of cars. If one half the time that is used trying to make people do something or not to do something was spent in educating the drivers much better results would be obtained. We need drivers' schools and the city or town that first starts such a school will be doing a real service.

COLLECTION OF DELINQUENT TAXES BY MUNICIPALITIES.

The collection of delinquent taxes is often neglected by city officials, resulting in a considerable financial loss to the municipality.

The sale of property for taxes usually takes place from one to three years after the taxes have become due and after the publication of a tax sale notice for from three to six weeks. The property is sold at auction to the highest bidder provided that the bid covers the amount of taxes, all unpaid assessments, interest, fees, penalties, and other charges against the property. If the bid is not sufficient to cover these items, the city bids in the property. Property sold for taxes may be redeemed after a period varying from one to three years upon payment of sum sold for, together with interest computed at the rate of 12 per cent per annum. If the property is not redeemed within the prescribed time the purchaser is given either a deed, an estate in fee simple, or an absolute estate in fee, subject only to the lien of unpaid state and county taxes.

In two cities, White Plains and Yonkers, the tax lien is sold. This has worked out very satisfactorily. In Yonkers the problem of the collection of delinquent taxes has been cleared up:

1. By keeping the assessed valuation down to the real present market value, thereby preventing the accumulation of a large amount of uncollectible taxes.
2. By foreclosure, in one action, of large numbers of lots in one ownership.
3. By assignment of tax liens, at full value, to any one applying for same.
4. By resale, at reduced amounts, of tax liens held by the city.
5. By compromise with owners, reducing the amounts due to a sum that will make it worth while for such owners to pay up the city thereby saving foreclosure costs, and immediately placing such property on a taxpaying basis, and at the same time allowing the owners to get out with some equity. Foreclosure should never be resorted to where an owner shows any disposition to compromise.

FEDERAL AID TO BUILD HIGHWAYS REVIEWED.

From the beginning of highway construction under the system of Federal aid, in 1916, to February 28, 1929, an aggregate of 76,986.2 miles of roads have been completed with Federal assistance, according to statistics compiled and made public, April 8, by the Bureau of Public Roads, Department of Agriculture.

The three states having the highest completed mileage to February 28 are Texas, 6,102.6 miles; Minnesota, 4,089.8 miles, and North Dakota, 3,670.7 miles.

A total mileage was under construction on February 28 of 8,739.4 miles at a total estimated cost of \$215,634,347.32 and with a Federal aid allotment of \$86,918,253.10. Of the total mileage, 7,679 miles were initial construction, and on 1,060.4 miles stage construction or work done on projects previously improved with Federal aid.

Mileage approved for construction, as of February 28, amounted to 1,572.8 miles at a total estimated cost of \$30,738,175.49, and a Federal aid allotment of \$12,438,337.10. Of the total approved 1,162.8 miles were initial and 410 miles were stage construction.

There remains a balance of \$94,799,396.05 of Federal aid funds available to the states and the Territory of Hawaii for new projects as of February 28.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

METHODS OF ELIMINATING GRADE-CROSSING ACCIDENTS.

Five suggestions aimed at the elimination of grade-crossing accidents are offered in the monthly report of the Street Traffic Committee of the National Automobile Chamber of Commerce.

It is estimated that curing the grade-crossing evil would reduce traffic accidents by 10 per cent in a very short time, and the Committee presents the following five points for discussion:

1. Do away with those grade crossings which have the heaviest traffic.
2. Place warning signs not less than 500 feet back from the railroad tracks.
3. Take down all signs from obsolete trackage.
4. Use traffic-light signals (operated by trains) instead of signs, if there are fewer than five trains per day.
5. Consider scrapping all railroad signs in favor of signals for use only when train is approaching.

"The last two points merit consideration first, because, though they are new doctrines, they seem the least expensive and most practical of application."

MUNICIPALITY TAKES OVER CHAMBER OF COMMERCE AIRPORT.

Oklahoma City has voted \$425,000 in bonds for the enlargement and improvement of its municipal airport. The Aviation Committee of the Oklahoma City Chamber of Commerce has operated the airport for the past four years and was largely instrumental in putting over the bond-issue campaign. The port will in the future be operated by the city as a strictly municipal project.

When completed, the new field will comprise 360 acres and will meet all of the qualifications for an A 1A airport as set forth by the United States Department of Commerce.

THE COST OF DIPHTHERIA.

Diphtheria costs New York City over \$5,000,000 annually, according to Dr. Shirley W. Wynne, Health Commissioner of New York, whose statement, given in a news release from the department, is based on the calculations of the value of the lives lost, the cost of hospital care, and the expense of caring for patients in their homes.

Last year the loss occasioned by diphtheria in New York City was as follows:

Value of 642 human lives lost.....	\$4,575,000
Cost of hospital care for 2,976 cases in the Contagious Disease Hospitals.....	391,000
Cost of caring for 7,800 cases in private homes.....	273,000
	\$5,139,000

As against an annual economic loss of over \$5,000,000 a year it is stated that an expenditure of less than 10 per cent of this sum will suffice to wipe out diphtheria and thus save the community \$4,500,000 annually.

Figures by the New York City Department of Health show that thus far this year over 25,000 children have been immunized against diphtheria, nearly 12,000 having been protected by private physicians. The growing interest on the part of parents is well shown in the steady increase in the number of children immunized, which increased from 555 in the first week of the present campaign to 4,702 during the first week in April, or almost ninefold.

TRAFFIC SIGNALS REDUCE BALTIMORE TRAFFIC TOLL.

An analysis of traffic accidents at street intersections in Baltimore indicates that the automatic traffic signal is proving very effective in reducing the number of such accidents.

There were 419 traffic accidents at all intersections covered in the report issued by the Baltimore Safety Council for the first six months of 1927, before the signals were installed. In direct contrast, only 259 such accidents were recorded for the first six months of this year, with the signals in operation.

The casualties were: one person killed and 129 injured before the installation of the signals, as compared with two killed but only 92 injured after. A reduction in the number of accidents was reported at thirty-two intersections, following the installation of the signals, while seventeen other intersections have shown little or no change as yet, and ten actually have experienced an increase since the use of the signals.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 3, 1930.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President LYNCH in the chair and all the members present.

JURORS DRAWN.

Jurors were drawn under the law (Coun. Ruby being designated by the President to preside at the box in the absence of the Mayor), as follows:

Twenty-five traverse jurors, Superior Civil Court, First Session, April Sitting, to appear April 7, 1930:

John Staffery, Ward 1; William Thompson, Ward 2; Louis H. Pollach, Ward 3; Cornelius A. Sullivan, Ward 3; Patrick Donovan, Ward 4; Nathaniel Roberts, Ward 5; Patrick J. Shields, Ward 6; Charles R. Track, Ward 8; Bartlett F. Barrett, Ward 10; Hugh F. McMullen, Ward 10; Lester H. Dana, Ward 11; Thomas J. O'Brien, Ward 11; Timothy C. O'Connell, Ward 11; Nathan J. Gropper, Ward 12; Stephen T. Cleary, Ward 13; Stanley R. Meeker, Ward 17; John J. Austin, Ward 18; Eskel O. Carlson, Ward 18; Ernest E. Gray, Ward 18; Chester L. Nason, Ward 18; George A. Vance, Ward 18; Charles S. Walker, Ward 18; Joseph J. Carson, Ward 20; Frank W. Buttrick, Ward 22; Edward C. Webster, Ward 22.

Twenty-seven traverse jurors, Superior Civil Court, Second Session, April Sitting, to appear April 7, 1930:

Lewis B. Leary, Ward 1; Jeremiah Harrington, Ward 2; Harold Frederick Stevenson, Ward 2; Archibald A. McPhail, Ward 4; Edward Bartlett, Ward 5; Harry Cooley, Ward 5; Leon A. Achorn, Ward 8; Joseph M. Brown, Ward 9; John B. Lyons, Jr., Ward 10; Charles A. Stokinger, Ward 11; Jacob Diamond, Ward 12; Ezra W. Lurvey, Ward 12; Melbourne P. Miller, Ward 12; Edward J. McGovern, Ward 13; Harry Garber, Ward 14; Philip A. Robrish, Ward 14; David Silver, Ward 14; John E. Doyle, Ward 15; James F. Breen, Ward 16; Max Bernhardt, Ward 17; John J. Hickey, Ward 18; Edward McCarthy, Ward 19; John Tews, Ward 19; Warren Godfrey, Ward 20; Edward W. Melia, Ward 20; Michael F. J. Diggins, Ward 22; Raymond L. McPhail, Ward 22.

Twenty-five traverse jurors, Superior Civil Court, Third Session, April Sitting, to appear April 7, 1930:

Asa H. Josselyn, Ward 1; Hugh J. Montgomery, Ward 1; John J. Vaughn, Ward 1; Fred G. Essenhimer, Ward 4; Fred Harkness, Ward 4; Patrick Hallahan, Ward 5; Joseph F. Connelly, Ward 6; Michael Geaney, Ward 6; William A. Glynn, Ward 9; Joel A. Rosenlof, Ward 9; Thomas F. McCall, Jr., Ward 10; Walter E. Barber, Ward 11; Timothy C. Shuckrowe, Ward 11; Patrick A. Whelan, Ward 11; John F. Wise, Ward 12; Joseph J. Clark, Ward 13; Michael McNamara, Ward 13; Clyde O. Wheelock, Ward 13; Charles S. Cohen, Ward 14; James F. Dacey, Ward 16; John J. Muldoon, Ward 16; Andrew E. McShea, Ward 18; George H. Brauer, Ward 20; Lewis J. Dickey, Ward 20; George W. Peacock, Ward 20.

Twenty-nine traverse jurors, Superior Civil Court, Fourth Session, April Sitting, to appear April 7, 1930:

David T. Fenner, Ward 1; William J. Jordan, Ward 2; Benjamin J. Green, Ward 3; Joseph A. O'Keefe, Ward 3; Moses Reah, Ward 3; John J. Docherty, Ward 6; John J. Higgins, Ward 6; Frank J. Conroy, Ward 7; Thomas H. Float, Ward 8; Thomas J. Flynn, Ward 8; George H. Walsh, Ward 8; James J. Nolan, Ward 10; James W. Boleman, Ward 12; Phillip T. Doherty, Ward 13; Alfred H. Robinson, Ward 13; William Hornberg, Ward 14; Samuel Stein, Ward 14; Henry Goldsmith, Ward 15; William L. Murray, Ward 16; Albin J. Neilson, Ward 16; Arthur S. Cowan, Ward 18; Herbert A. Fish, Ward 18; John A. Stoltz, Ward 18; Henry F. Ferguson, Ward 19; Harold R. Pugsley, Ward 19; Clifton W. Gregg, Ward 20; George W. Smith, Ward 20; Thomas J. Morrissey, Ward 22; Robert Naughton, Jr., Ward 22.

Twenty-eight traverse jurors, Superior Civil Court, Fifth Session, April Sitting, to appear April 7, 1930:

John Baptista, Ward 1; Albert L. Kelley, Ward 1; Patrick Long, Ward 1; Maurice Woolf, Ward 1; William L. McLean, Ward 2; Daniel F. Regan, Ward 2; Everett Moss, Jr., Ward 5; Walter R. Bartlett, Ward 6; Charles A. Dodge, Ward 9; Patrick H. Noonan, Ward 11; Harry D. Ross, Ward 12; Thomas L. Carey, Ward 13; Patrick R. Giblin, Ward 13; Herbert W. Russell, Ward 14; Arthur Whitney, Ward 14; John H. Kearns, Ward 15; Otto W. Anderson, Ward 16; Michael F. Carroll, Ward 16; George Ingham, Ward 18; Louis B. Adams, Ward 19; Charles S. Greene, Ward 19; William E. Ricker, Ward 19; Frederick D. Begley, Ward 19; Carl J. A. Benson, Ward 20; James W. Shepard, Ward 20;

Samuel F. Davis, Ward 21; Harrison W. Gilbert, Ward 22; William A. Marr, Ward 22.

Twenty-five traverse jurors, Superior Civil Court, Sixth Session, April Sitting, to appear April 7, 1930:

Harry Fay Russell, Ward 1; James F. Lawlor, Ward 2; Timothy O'Brien, Ward 2; Walter C. Davis, Ward 4; Milton O. Thompson, Ward 4; Patrick J. Garvey, Ward 5; Clarence H. Jacobs, Ward 5; Ernest G. Lundberg, Ward 7; Samuel McLaren, Ward 7; Charles J. Quinn, Ward 8; William Rimmer, Ward 10; Charles McCarthy, Ward 11; William Shapiro, Ward 12; John D. Diggin, Ward 13; Albert E. Hubart, Ward 13; Samuel I. Maurice, Ward 14; Michael J. O'Malley, Ward 15; Richard T. Delaney, Ward 16; Conut J. Johnson, Ward 18; Edwin J. Soderlund, Ward 18; George Moore, Ward 19; James B. Shea, Ward 19; Leonard C. Daniels, Ward 21; Benjamin A. Prager, Ward 21; Louis E. Williams, Ward 21.

Twenty-seven traverse jurors, Superior Civil Court, Seventh Session, April Sitting, to appear April 7, 1930.

Frank S. Price, Ward 4; William G. Rueter, Ward 5; William Dalzell, Ward 6; Joseph E. Larkin, Ward 6; Frank C. Brophy, Ward 8; Joseph N. Flanagan, Ward 10; Cornelius J. O'Brien, Ward 11; Lawrence F. Oliver, Ward 12; David Goldman, Ward 14; George W. Goodwin, Ward 14; Louis Nanez, Ward 14; Theodore F. Fandel, Ward 15; Patrick V. Sullivan, Ward 15; William K. Nelson, Ward 16; William N. Crowell, Ward 17; Joseph A. Greene, Ward 17; Louis Gale, Ward 18; David Kirby, Ward 18; John P. Mitchell, Ward 18; Crowell T. Roberts, Ward 18; Simon A. Veno, Ward 18; James Francis Cullen, Ward 19; William C. Hanson, Ward 19; Bartlett W. Eldredge, Ward 20; John B. Knox, Ward 21; Albert E. Sullivan, Ward 21; John W. Broderick, Ward 22.

Thirty-one traverse jurors, Superior Criminal Court, First Session; to appear April 7, 1930:

Alexander S. Findley, Ward 1; Harold Spear, Ward 4; Alfred R. McIntyre, Ward 5; John F. Owens, Ward 5; Joseph P. Connaughton, Ward 6; Francis J. Hallahan, Ward 6; Joseph E. Murphy, Ward 8; Walter F. Edmunds, Ward 9; Joseph F. Murphy, Ward 9; Kerin D. Whittaker, Ward 9; James A. McCaffrey, Ward 10; Herman Feer, Ward 12; William F. Tobin, Ward 13; Harry Grossman, Ward 14; Thomas J. Kennedy, Ward 16; Morris K. Leventhal, Ward 14; Jacob Linsky, Ward 14; Leon Noehemsen, Ward 14; Edmund J. Daly, Ward 17; John T. Joyce, Ward 17; Howard H. Linnell, Ward 17; Maurice P. Shedd, Ward 17; Harry Levine, Ward 14; Charles L. Carter, Ward 18; Walter H. Smith, Ward 18; Stanley G. Bayer, Ward 19; Frederick W. Spear, Ward 19; James M. Stack, Ward 19; George B. Pearson, Ward 20; Edwin R. Doremus, Ward 21; Richard J. Fleming, Ward 22.

Nine traverse jurors, Superior Criminal Court, Second Session, to appear April 9, 1930:

William F. Cushing, Ward 2; Louis H. Sears, Ward 4; William A. Carey, Ward 10; John Cottrell, Ward 15; John Nelson, Ward 20; Edwin I. Warshawer, Ward 20; Stephen G. Brickett, Ward 21; Malachi J. Finnegan, Ward 22; Henry Gartland, Ward 22.

Thirty-one traverse jurors, Superior Criminal Court, Fourth Session, to appear April 7, 1930:

William J. Watson, Ward 1; Abraham Morse, Ward 2; Charles A. Fuller, Ward 3; Edward J. Maguire, Ward 3; Frederick M. Osgood, Ward 4; Benjamin F. Curtis, Ward 5; Daniel J. Donovan, Ward 6; Henry H. O'Connor, Ward 6; John J. Hennessey, Ward 8; Henry W. Brennon, Ward 7; Paul Psoto, Ward 7; Raymond A. Young, Ward 7; Charles H. Bonfeldt, Ward 10; Patrick Cotter, Ward 10; Thomas O'Connor, Ward 10; John E. Noonan, Ward 11; Guy W. Lucas, Ward 12; Howard J. Taft, Ward 12; David J. Cole, Ward 13; Albert E. Smith, Ward 13; Harry Peterson, Ward 15; Henry J. White, Ward 16; George W. Harlow, Ward 17; William H. Russell, Ward 17; Thomas R. Duggan, Ward 18; Thomas J. McCone, Ward 19; Frank Reynolds, Ward 19; Frank G. Drewett, Ward 20; Edwin J. Keyes, Ward 21; Frank A. Burke, Ward 22; David J. Murphy, Ward 22.

Thirty-one traverse jurors, Superior Criminal Court, Fifth Session, to appear April 14, 1930:

Albert A. Richardson, Ward 1; Frank J. Palmer, Ward 7; Michael F. Ryan, Ward 4; Arthur E. J. Shaw, Ward 4; John Powers, Ward 5; Francis A. Shea, Ward 5; Edward A. Weeks, Jr., Ward 5; George A. Baldwin, Ward 9; George Nolen, Ward 10; Peter L. Archibald, Ward 11; Fred S. Arnold, Ward 11; Samuel C. Clayton, Ward 12; Thomas E. Masterson, Ward 12; John A. Brack, Ward 14; William E. Ganer, Ward 14; Maurice Kahn, Ward 14; Joseph A. Marotto, Ward 14; Tileston J. Bostwick, Ward 15; John J. Ayers, Ward 16; Dominick Rogers, Ward 16; George M. Barrett, Ward 17; Charles A. Petersen, Ward 18; Berthold W. Uriot, Ward 18; Herbert L. Watson, Ward 18; Henry S. Bacon, Ward 19; William G. Marple, Ward 19; Charles H. Hayes, Ward 20; Irving H. Ward, Ward 20; John M. Armstrong, Ward 21; Charles C. Paul, Ward 21; Thomas Gibbons, Ward 22.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the following appointments were submitted by the Mayor for the term ending April 30, 1930, viz.:

Constables: James P. Hayes, 68 Woodlawn street, Forest Hills; Edgar F. Callahan, 524 Cambridge street, Allston; Archibald W. Ready, 41 Sheridan street, Jamaica Plain; Hyman Rossman, 22 Crawford street, Roxbury; William T. J. O'Malley, 11 Bynner street, Roxbury; William J. Galby, 64 Glendale street, Dorchester; John Kelly, 80 Boylston street, Boston; John H. Logue, 1381 Washington street, Roxbury; Charles E. Dowd, 102 Gainsborough street, city.

Weighers: Hugh P. McColgan, 81 Bunker Hill street, Charlestown; Thomas J. Duffley, 40 Reym street, Jamaica Plain.

Severally laid over for a week under the law.

HANDBALL COURT, ENGINE HOUSE 29.

The following was received:

City of Boston,
Office of the Mayor, March 3, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Eugene C. Hultman, Acting Fire Commissioner, relative to establishing a handball court in the rear of the house of Engine 29, on Chestnut Hill avenue. This is in reply to your order of February 17, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, February 24, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I return herewith the following order from the City Council:

Ordered, That the Acting Fire Commissioner be requested, through his Honor the Mayor, to establish a handball court in the rear of the house of Engine Company 29, on Chestnut Hill avenue.

In reply thereto I would say that I have received no request from the members of the department quartered in this station for a handball court.

Before getting an estimate of the cost for such a court I am of the opinion that the members should make a request for it themselves, as I do not believe that it is the proper location for a public handball court.

Yours very truly,
EUGENE C. HULTMAN,
Acting Fire Commissioner.

Placed on file.

CENTRAL FIRE STATION IN CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, March 3, 1930.
To the City Council.

Gentlemen,—I herewith transmit report to you from Eugene C. Hultman, Acting Fire Commissioner, relative to establishing a central fire station in Charlestown. This is in reply to your order of February 17, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, February 24, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I return herewith the following order introduced in the City Council:

Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to provide for a central fire station for the Charlestown district.

In reply thereto I would say that at the present time a study is being made of the advisability of consolidating certain fire stations in different sections of the city with a view to reducing the number of houses and establishing central fire stations where they will provide more efficient service. In the course of this study the Charlestown district will receive every consideration.

Yours very truly,
EUGENE C. HULTMAN,
Acting Fire Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and severally referred to the committees named, viz.:

Claims.

Mike Albanese, for compensation for damage to team by ash truck.

Batchelder, Snyder, Dorr & Doe Company, for refund on unused refuse tickets.

Alice A. Bemish, for compensation for damage to property at 89 Pembroke street, caused by water service.

General Electric Company, for refund on unused refuse tickets.

Rose Grossman, for compensation for injuries caused by an alleged defect in Allen street, Boston.

Helen M. Kerrigan, for compensation for injuries caused by city car.

John Mandanas, for compensation for damage to property at 476 East Seventh street, caused by park employees.

John Manion, for compensation for injuries received at House of Correction, Deer Island.

Roderick P. Morrison, for compensation for injuries caused by an alleged defect in Beach street.

F. A. Morse, for refund on unused refuse tickets.

Robert J. Moylan, for compensation for damage to clothing in Ward K, City Hospital.

Benjamin Nathanson, for compensation for damage to car caused by an alleged defect in Charles and Poplar streets.

New England Box Company, for compensation for damage to horse and wagon by city team.

Mrs. Katherine B. Noonan, for compensation for damage to property at 12 Hawthorne street, Roxbury, caused by ashmen.

A. Solari, for refund on unused refuse tickets.

Mrs. Elizabeth Conley, for compensation for injuries caused by falling in water gate at 3 Boylston place, Jamaica Plain.

New Amsterdam Casualty Company, for compensation for damage to property at 2179 Washington street, Roxbury, caused by city men.

Executive.

Petition for children under fifteen years of age to appear at places of public amusement, viz.:

Rev. J. J. Hart, St. Francis Xavier School Hall, March 16, 17 and 18.

CONSTABLE'S BOND.

The constable's bond of Joseph M. Goode, having been duly approved by the City Treasurer, was received and approved.

CHANGES OF STREET NAMES.

Notice was received from the Board of Street Commissioners of following changes in street names:

Exchange street, Boston proper, from State street to Dock square, changed to Congress street.

Congress square, Boston proper, from State street southerly and thence easterly and from Devonshire street to Congress street, changed to Quaker lane.

Southern Artery, Dorchester, between Morton street and Neponset avenue, including such parts of Codman, Adams and Marsh streets as were included in laying out of Southern Artery, to Gallivan Boulevard.

Placed on file.

APPOINTMENTS BY THE MAYOR.

Notice was received of appointments by the Mayor as follows:

Vincent Brogna, 112 Bayswater street, East Boston, Overseer of Public Welfare.

Mary A. Barr, 29 Wallingford road, Brighton, member of City Planning Board.

Edmund L. Dolan, 380 Jamaicaaway, City Treasurer.

James F. Caffney, 51 Adams street, Dorchester, member of Board of Appeal.

William G. O'Hare, 21 Bartlett street, Charlestown, Penal Institutions Commissioner.

Placed on file.

APPROVAL OF APPOINTMENTS BY THE MAYOR.

Notice was received of approval by the Commissioners of Civil Service of the following appointments by the Mayor, viz.:

James E. Maguire, 41 St. Andrew road, East Boston, Institutions Commissioner.

Philip A. Chapman, 47 Sudan street, Superintendent of Supplies.

Charles T. Harding, 54 Kenwood street, Dorchester, Election Commissioner.

Anders T. Tellstrom, 91 Claybourne street, Dorchester, Overseer of Public Welfare.

Charles F. Bogan, 1500 Commonwealth avenue, Brighton, Street Commissioner.

Placed on file.

FINANCE REPORTS.

Coun. DONOVAN, for the Committee on Finance, submitted the following:

1. Report on message of Mayor and order (referred February 17) appropriating \$250,000 for Airport improvements—that same ought to pass.

Coun. DONOVAN—Mr. President, this money is to be used for the enlargement of the present airport and the reclamation of the flats in the immediate vicinity. This reclamation project calls for forty acres of solid fill, so that the largest planes in use at the present day may be able to land. Under present conditions, the largest planes cannot land at the airport. Part of this \$250,000 is to be used for lighting, marking, the building of a solid road and a parking space. Under the heading of lighting comes the placing of signal lights on the water tower of the Boston & Albany Railroad, the Assumption Church of East Boston, and the grain elevator located in

East Boston. Some of the money is to be used to build a road in back of the airport.

Report accepted; order read once and passed, yeas 20, nays 0.

2. Report on message of Mayor and order (referred January 13) recommending appropriation of \$200,000 to be expended by Trustees of Boston Public Library for establishment of Branch Libraries—that same ought not to pass.

The question came on the acceptance of the report.

Coun. DONOVAN—Mr. President, the opinion of the trustees and the Mayor is that two branch libraries should be established each year for a period of twenty years. They have at the present time a crying need for ten additional buildings. Their survey showed that they needed thirteen new branch libraries. According to the report as furnished by Mr. Belden, \$75,000 will be needed for the building of the proposed libraries, and \$25,000 for the land and books. Due to the fact that every member of this Council is vitally interested in these proposed libraries, and by virtue of the fact that Mr. Belden could not give the desired information, your committee voted this order "ought not to pass," and instructed its chairman to file a substitute order for \$200,000, in order that we may have presented to us by the trustees the information that the Council desires.

The report was accepted and the question came on the passage of the Mayor's order.

Coun. McGRATH—Mr. President, it seems to me that this should only be judged on its merits. This is either a necessary appropriation or it is not, and it is not a matter for logrolling by the various members of the Council as to where these buildings are to be placed. It does not make a great deal of difference so far as the order itself is concerned, whether East Boston or Brighton is the place to get the first of these two buildings; but it does make a great deal of difference whether the program as laid out is to be started. I think this Council would be placed in a very embarrassing and foolish position if it should at any time vote against an appropriation of such vital importance as the extension of the Public Library system in this city. Therefore, I want to make this suggestion, sir, that the report of the committee "ought not to pass" be defeated, and that we substitute the original order proposed by his Honor the Mayor for \$200,000 for this purpose.

Coun. DONOVAN—Mr. President, I might say to the councilor from Dorchester that there was unanimity of opinion that the order ought to pass, but different councilors—I believe Councilors Murray, Englert, Kelly, Power, and I think others, stated that there had been mass meetings held in their respective wards in the matter of the necessity for branch libraries, and they asked that the matter be postponed for just one week. Added to that was the fact that the time limit had expired. The chairman of the committee is perfectly in accord with the views of the Mayor of the city with respect to this \$200,000 appropriation for library purposes, but I thought, in view of the fact that different members of the Council wanted information to protect themselves in their own districts, the thing ought to be reported in this way. The chairman repents, however, that he is heartily in accord with the idea of providing \$200,000 for this purpose.

Coun. RUBY—Mr. President, may I ask the councilor from Ward 1 whether Mr. Belden has agreed to give the desired information?

Coun. DONOVAN—Mr. President, I would say for the councilor's information that Mr. Belden had no direct knowledge as to where the proposed libraries were to be. He said if the Council wanted to procure the information it would be necessary to send for the trustees. I believe he mentioned Mr. Kirsten, Monsignor Connolly, and, I believe, Mr. Buxton, and said they would be available if the Council wished to obtain their views this week.

Coun. MURRAY—Mr. President, I might say that I was at the meeting and that I asked Mr. Belden questions in regard to the matter as to where it was intended to locate branch libraries for which this \$200,000 would be spent. Mr. President, we got no satisfaction in that matter. Before I vote for \$200,000 for branch libraries in Boston, the people of my district demand information as to where they are to be put. For thirty-five years those people have been demanding a branch library, and no attention has been paid to their wishes. I shall vote against the order until the people of my district get the desired information. I certainly feel that they have a right to know whether a branch library building is to be established in the neighborhood of Forest Hills.

Coun. COX—Mr. President, it seems to me the trustees of the Public Library, who have been appointed by his Honor the Mayor, are best suited to say where these libraries shall be put. I feel that the order submitted by his Honor the Mayor should pass, for this reason. There is a great demand that projects employing labor shall be put through at this time and in the immediate future. Many laborers and mechanics are out of employment, and such unemployment will continue if works like these are held up and building is not started. I think the trustees of the Public Library are in a better position to know just what communities need these libraries, whether one community is in greater need than another, and I am not in favor of logrolling for any one particular district. The Germantown section of my district needs a library, but if, in the opinion of the Public Library Trustees, some other section needs it more,

I think we should abide by their decision. I am in favor of and will vote for the Mayor's original order.

Coun. KELLY—Mr. President, I was present at the meeting held by the Committee on Finance when Mr. Belden was interrogated by different councilors relative to the location of the proposed new libraries. He seemed very vague and evasive in his answers to the questions put to him. So the chairman—and I think rightly so—desired that we should be furnished with this information before we are called upon to vote away \$200,000 of the city's money. We asked Mr. Belden when this building would start. He did not know. Having such vague answers, we felt that we should have the Library Trustees before us for information. The people of Meeting House Hill very strongly need and desire a branch library, and I would most earnestly wish, desiring as far as possible to see the unemployment situation cleared up, to have work commence right away on such libraries, which are desired and needed in different sections of this city. But I do feel that these trustees should give information which will be helpful to us and helpful to the public of Boston. I certainly feel that we should get such information before we are expected to vote to pass such an order.

Coun. BUSH—Mr. President, I think the councilor from West Roxbury (Coun. Cox) struck the nail right on the head when he stated that the trustees were in the best position to know where these branch libraries ought to go. As chairman of the Committee on Branch Libraries several years ago, I came in close contact with the trustees of the Public Library and with Mr. Belden, in particular, and I requested at that time for the use of the committee that a map be furnished me showing the locations of all the branch libraries at that time and of the areas intended to be covered by those branch libraries, with an indication of what the prospects were in the future for the construction of new branch libraries. That map is now in the custody of the Clerk of Committees and shows the areas which are served by these libraries in the form of concentric circles, giving the half mile and mile radius. The trustees and the director of the Library, Mr. President, are in the best position to be able to determine where branch libraries are necessary or desirable. They have all the data and information before them. They have the records of attendance at the various branch libraries, and they are able to place branches in locations best suited to the nature of the territory and the size of the population. They arrive at their judgment from a purely technical study of the different parts of the city and are far better qualified to know where these branches should go than any member of the City Council or any citizen of the City of Boston. Furthermore, with reference to the statement that Mr. Belden seemed to be evasive in answering the questions, I wish to say that that is not a just accusation. Mr. Belden is a very, very capable executive in the particular position which he happens to hold, fortunately for the City of Boston, and Mr. Belden did not answer those questions because he could not answer them of his own knowledge. He would not know, nor could he say, with any definiteness or certainty where any of these branches are going. All he can do is make recommendations, and the trustees are the ones who have the final decision as to where any of the branches are to be directed, and even their decision is subject to the approval of the Mayor. So it is perfectly obvious that Mr. Belden could not have answered the questions members of the committee put to him, even if he desired, with any certainty. I think the matter can be safely left in the hands of the trustees, who are an unpaid board, to fix the locations of these libraries after technical study of the matter.

Coun. DOWD—Mr. President, can the President of the Council advise us as to when the sixty-day period terminates on this loan order?

President LYNCH—March 14.

Coun. DOWD—Well, Mr. President, I am personally against any loan order to which the Council cannot give two readings. We cannot give two readings to this, but only one, and it will then become a law without the fourteen-day clause as to second reading becoming operative. I say that that is a very bad precedent. I agree with Councilor McGrath and Councilor Cox that the loan order should pass, and I understand that the Finance Committee instructed the chairman of the committee to substitute today a loan order for \$200,000. If there is no objection, at this time we can suspend the rules and give that loan order which the chairman has introduced its first reading, thereby enabling the Council to give to the \$200,000 order the customary two readings.

Coun. MURRAY—Mr. President, I don't see why a week's delay will do any harm. Mr. Belden said that the trustees could give us the information we desire. Now, why the hurry? What is the great necessity of pushing this through today? Why not wait a week, so that we may be able to tell the people of our districts what the trustees tell us? If we obtain the information from the trustees, it will then be available to the people of our districts. If the trustees cannot give the information, we can simply state to the people of the district what the situation is. I say again that the people of my district have for the last thirty-five years been fighting for a branch library. They have been told every year that they were going to have one, but they have never received it yet. I

would like to have the trustees brought here and have them state what the answer is. We can then relay the story back to our constituents. So I say that the order should lie on the table until we hear something more about the matter.

Coun. RUBY—Mr. President, I cannot agree with the report of the committee, because as long as we have been members of this Council I don't think there has been a branch library built in the City of Boston. Within the last year, however, the Library Trustees have inaugurated a building program, and they intend to alleviate the situation within the next ten years, and any action that may be taken to place branch libraries in any part of the city is a step forward in relieving the present situation in all parts of Boston. Some members of the Council who have spoken today have expressed an unwillingness to act at this time because of the situation in their districts. Let me say that I have been after a branch library for the Franklin Field section of Ward 14. There was one removed from there several years ago, taken from the Refectory Building on Franklin Park when that building was leased by the city for commercial purposes. But I believe, if I am to get a branch library for Ward 14, or if the councilor from Ward 19 is to get a branch library for his district, it is incumbent upon us at least not to interfere with the progress that will naturally be made under the proposed branch library program. If we are fortunate enough to get a library building immediately, in the carrying out of the program, so much the better for our district; but if in the opinion of the Library Trustees the need in other districts is more urgent than in ours, our district should be satisfied with that decision, having in mind always the fact that the more progress is made, the more nearly the branch library program comes to completion, the nearer we are coming to the time when our district can be taken care of. With reference to giving a second reading to a bill at this time, I would ordinarily agree with the councilor from Ward 8, but I think this is the kind of appropriation, after we have made up our minds in the first instance to vote for the appropriation, where such action might well be taken. This is nothing new in the way of a construction program. It is an old program that the trustees have tried to carry out since Councilor Bush's chairmanship of the committee four years ago. As a result of the agitation at that time by various councilors the trustees agreed on a building program. For that reason I believe we are in duty bound to vote for the Mayor's order, so that the Library Trustees may immediately select the two sites. We can, in our several districts, of course, hope that our district may be one of the favored ones but, if not, the program is to be pushed through, anyway, from year to year, and in so far as it interests all of our respective districts, will be advanced so much nearer to completion. For that reason I believe that the report of the Committee on Finance ought not to be accepted. I believe we should reject the report and pass the loan order as suggested by the Mayor.

Coun. DONOVAN—Mr. President, this places the Committee on Finance in rather an embarrassing position. The Committee on Finance was of the opinion, on the whole, that the order ought to pass. But, due to the fact that the time had expired for the two readings of the bill, the chairman was instructed to introduce a new order, which was really a copy of the Mayor's order. I do not believe it will be a violation of parliamentary procedure if we should vote "ought not to pass" on the original order, and then substitute a direct copy of the Mayor's order and pass it under suspension of the rule, and I think that would remove the necessity for such discussion as we have had here. But the thing does place the Committee on Finance in an embarrassing position, due to the fact that members of the Council are so much interested in hearing what the trustees have to say. This would afford an opportunity for the trustees to come in and make a statement. If the substitute order is accepted, I see no reason why it should not receive its first reading today. It is a direct copy of the Mayor's order.

Coun. FITZGERALD—Mr. President, I believe that the Council should go through with the original proposition and pass the appropriation order as submitted by the Mayor. If we don't we are liable to lose the whole business. The gentleman from East Boston (Coun. Donovan) is very modest. There is no question but what East Boston sorely needs a branch library. I was for some years a member of the examining committee of the Public Library. I believe Councilor Bush is now a member. There is certainly a crying need over there in East Boston for a branch library. The condition is disgraceful. It is an outstanding disgrace to the city that the conditions in East Boston in this respect should have been tolerated as long as they have been. There is no other section where such conditions exist. There are many things I might say but that I do not desire to say for the record. In the last report of the trustees I notice mention of the fact that the branch over there should be changed as soon as possible. At present it is a rented building, and so infested with rats that it is a positive disgrace. Moreover, the building is a building that is used for entertainments, dances. They are compelled to have two or three police officers on duty there, according to the evidence that I was given four or five years ago, to maintain order. I do not need to tell you what conditions should be about a dance hall or a hall used for entertain-

ments for little girls and boys, who are clamoring to get in, especially in a section which is so crowded and where the population is so dense. In the name of decency and fair play to East Boston, it should have a good branch library, and I hope the Council will follow the suggestion of Councilor McGrath.

The order was given its first reading and passage, yeas 21, nays 1:

Yeas—Coun. Arnold, Bush, Cox, Curtis, Donovan, Dowd, Englert, Fish, Fitzgerald, Gallagher, Gleason, Green, Hein, Lelly, Lynch, Mahoney, McGrath, Norton, Power, Ruby, Wilson—21.

Nays—Coun. Murray—1.

Later in the session Coun. MURRAY said:

Mr. President, I would move a reconsideration of the vote on branch libraries. I think the Chair was in error in putting the vote on the passage of the order. The report of the committee submitted by the councilor from East Boston was that the order ought not to pass.

President LYNCH—The Chair would say that, so far as the vote on accepting the committee's report was concerned, we had nothing else to do. The acceptance of the committee's report is merely a formality to discharge the committee from further consideration of the subject. If the vote had been the opposite way, the order would have been returned to the committee.

Coun. MURRAY—Mr. President, I now make a motion that we reconsider our action on that library matter.

Coun. Murray's motion to reconsider was lost.

(3) Report on order (referred February 3) that \$5,000 be appropriated for filling, grading, etc., on Randolph Street Playground—that same ought to pass.

(4) Report on order (referred February 3) that \$50,000 be appropriated for construction of locker building and shower baths on Chestnut Hill Playground, Ward 21—that same ought to pass.

(5) Report on order (referred February 17) that \$25,000 be appropriated for erection of concrete bleachers at Chestnut Hill Playground—that same ought to pass.

(6) Report on order (referred February 24) appropriating \$10,000 for erection of concrete bleachers and resurfacing and reseeding of Ronan Park, Ward 15—that same ought to pass.

(7) Report on order (referred February 17) that \$20,000 be appropriated for grading and placing in proper condition Smith Playground, Allston, and building of concrete bleachers—that same ought to pass.

Coun. DONOVAN—Mr. President, these are orders that were offered by different members of the Council having to do with improved playground facilities in their districts. The Committee on Finance took the attitude that members of the Council were well aware of existing conditions in their own respective wards, but the Mayor of Boston has the sole power of granting the requests.

The reports were accepted and said orders passed, yeas 22, nays 0.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President LYNCH called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor February 24, 1930, of Joseph E. Ferreira, Thomas Freedman, Shepard S. Epstein, Patrick H. Murphy, Julius Ansel, Frederick R. Lawrence, Alfred R. Mitchell and Daniel E. Fallon, to be Constables, and Paul C. Morrison, to be a Weigher of Goods.

The question came on confirmation. Committee, Coun. Hein and Englert. Whole number of ballots 21, yeas 21, and the appointments were confirmed.

LOAN ORDERS PASSED.

President LYNCH called up, under unfinished business, Nos. 2 to 7, inclusive, on the calendar, viz.:

2. Ordered, That the sum of \$160,000 be, and hereby is, appropriated, to be expended under the direction of the Superintendent of Public Buildings, for Courthouse, Brighton, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On February 17, 1930, the foregoing order was read once and passed, yeas 19, nays 0.

3. Ordered, That the sum of \$35,000 be, and hereby is, appropriated, to be expended under the direction of the Park Commissioners, for Muddy River and Leverett Pond, Improvements, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On February 17, 1930, the foregoing order was read once and passed, yeas 18, nays 0.

4. Ordered, That the sum of \$45,000 be, and hereby is, appropriated, to be expended under the direction of the Park Commissioners, for the erection of a Tercentenary Memorial, gateway, et cetera, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On February 17, 1930, the foregoing order was read once and passed, yeas 19, nays 0.

5. Ordered, That the sum of \$275,000 be, and hereby is, appropriated, to be expended under the direction of the Superintendent of Public Buildings, for East Boston Courthouse and Police Station 7, Alterations and New Building, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On February 17, 1930, the foregoing order was read once and passed, yeas 19, nays 0.

6. Ordered, That the sum of \$40,000 be, and hereby is, appropriated, to be expended under the direction of the Park Commissioners, for Webster Avenue Playground, Improvements, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On February 17, 1930, the foregoing order was read once and passed, yeas 19, nays 0.

7. Ordered, That under the provisions of section 2, chapter 371, of the Acts of 1929, the sum of \$25,000 be, and hereby is, appropriated, to be expended by the Park Commissioners for the purchase of land from the state in the vicinity of Leverett and Nashua streets, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On February 17, 1930, the foregoing order was read once and passed, yeas 19, nays 0.

The orders were given their second and final reading and passage, yeas 22, nays 0.

SIDEWALK ON PIERCE AVENUE.

Coun. FISH offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Pierce avenue (both sides), from Adams street to Plain street, Ward 16, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SIDEWALK ON WORCESTER SQUARE.

Coun. DOWD offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Worcester square (both sides), from Washington street to Harrison avenue, Ward 8, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 3 to 10 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

LAYING OUT OF WARD 8 STREETS.

Coun. DOWD offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Fellows street, Ward 8, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Sherwood street, Ward 8, as a public highway.

Severally passed under suspension of the rule.

WHITE WAY LIGHTING, WARREN STREET.

Coun. DOWD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to provide for the installation of a white way system of lighting on Warren street, between Dudley street and Washington street, Ward 8.

Passed under suspension of the rule.

TAKING OF LAND FOR POLICE STATION 12.

Coun. MAHONEY offered the following:

Ordered, That the sum of ten thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Commissioner of Police for the taking of land and the erection of a garage adjacent to Police Station 12, South Boston, and that to meet such expense the City Treasurer be authorized to issue, from time to time, at the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

WARD 2 IMPROVEMENTS.

Coun. GREEN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to include in the budget for 1930 a sum sufficient to provide

for the building of a concrete handball court at the Sullivan Square Playground, Ward 2.

Ordered, That the Commissioner of Public Works make a sidewalk along Elm street, from Bunker Hill street to High street, Ward 2, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to include in the budget for 1930 a sum sufficient to provide for the establishment of shower baths at Dewey Beach, Ward 2.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to include in the budget for 1930 a sum sufficient to provide for playground needs in the Charlestown district.

Ordered, That the City Planning Board be requested, through his Honor the Mayor, to submit to the City Council an estimate of the cost of the abolition of the crossing at grade of the tracks of the Boston & Maine Railroad at Sullivan square, Ward 2.

Severally passed under suspension of the rule.

INDORSEMENT OF COMMERCIAL MOVEMENT.

Coun. McGRATH offered the following:

Resolved, That the Boston City Council indorses, without reservation, the movement for the expansion of the commercial and industrial interests of Boston, as outlined by his Honor the Mayor at a meeting at the Chamber of Commerce on Thursday evening, February 27, 1930.

Referred to the Committee on Rules.

SHUTTLE LINE, ANDREW SQUARE AND SAVIN HILL AVENUE.

Coun. McGRATH offered the following:

Ordered, That his Honor the Mayor be requested to ask the management of the Boston Elevated Railway to provide continuous service on the shuttle line running between Andrew square and Savin Hill avenue via Dorchester avenue, and eliminate the present practice of waiting over at Savin Hill avenue for a number of minutes on each trip.

Passed under suspension of the rule.

PROPOSED IMPROVEMENTS IN WARD 14.

Coun. RUBY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Ormond street, Ward 14, as a public highway.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Wales street, Ward 14.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Abbot street, Ward 14.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Kerwin street, Ward 14.

Severally passed under suspension of the rule.

PROPOSED IMPROVEMENTS IN WARD 11.

Coun. ENGLERT offered the following:

Ordered, That the Trustees of the Boston Public Library be requested, through his Honor the Mayor, to establish a branch library in the Forest Hills section of Ward 11.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept as a public highway Glade avenue, Ward 11.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving St. Rose street, Ward 11.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Dimock street, Ward 11.

Severally passed under suspension of the rule.

PROPOSED IMPROVEMENTS IN WARD 19.

Coun. MURRAY offered the following:

Ordered, That the sum of forty thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Park Commissioner, for the erection of bleachers, rearranging baseball diamonds, etc., on the Healy Playground, Ward 19, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Ravenna road, Ward 19, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Cerdan avenue, Ward 19, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Bowditch road, Ward 19, as a public highway.

Severally passed under suspension of the rule.

STREET LOAN OF \$10,000,000.

Coun. COX offered the following:

Resolved, That the City Council of the City of Boston approves the enactment of legislation to authorize the city to borrow, outside the debt limit, the sum of \$10,000,000, to be used for the laying out and construction of unaccepted streets and for the reconstruction of accepted streets.

Passed under a suspension of the rules.

PROPOSED STREET IMPROVEMENTS, WARD 20.

Coun. COX—Mr. President, I would like to say in connection with the fifty orders I am offering for extension of streets in Ward 20—and the introduction of which is giving considerable fun to the councilors—that this large number of orders is simply being offered because of the necessities of that district, and that the end is not yet, because next Monday I am going to offer forty more. In that connection, however, let me say that Ward 20 has 138 unaccepted streets, that it has a tax valuation of \$43,000,000, and that the taxable property has increased \$6,000,000 in the last four years. I realize that I am not going to get all these streets attended to at once, but I wish at least to let the City Council and city officials know what our condition is. These are unaccepted streets. I understand, however, that the sewers are in—that they are in such a position that we can go ahead. Any of you councilors who may have attended the meeting at the State House last Wednesday must have been impressed by the size of the delegation from West Roxbury demanding that some action be taken for the improvement of the streets. I want to tell you now that they are all in a very deplorable and neglected condition. Therefore, I offer these orders, and I shall offer the forty others I have spoken of next Monday.

Coun. COX offered the following:

Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be requested to resurface Stratford street, Ward 20, the entire length.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to lay out a sewer in Rockland street, Ward 20, from Washington street to the Dedham line.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to lay out a sewer in Washington street, Ward 20, from Highview avenue to La Grange street.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to lay out a sewer in Vershire street, Ward 20.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to lay out a sewer in Goethe street, Ward 20, from Schiller road to the Dedham line.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Hinsdale road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Garden street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Goethe street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out George street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Goodrich road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Glenburnie road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Furbush road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Fresno street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Freeman avenue, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Ferncliff avenue, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Florence street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Farragut street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Eastbourne street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Elmwood street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Emmons road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Ellwood street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Dunwell street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Durant street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Centre terrace, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Clement Avenue Extension, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Cheriton road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Cerdan avenue, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be requested to accept and lay out Capital street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be requested to accept and lay out Cypress street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be requested to accept and lay out Cedar street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Crest street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Cheswick road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Carroll street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Caspar street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Cottage avenue, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Cushing street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Baker street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Berwick street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Bellaire road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Burard street, Precinct 12, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Burnside avenue, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Arboretum road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Atlantis street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be requested to accept and lay out Alberta street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Amesbury street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Alder street, Precinct 13, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Alder street, Precinct 3, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be requested to accept and lay out Ashland avenue, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be requested to accept and lay out Hayes street, Ward 20, between Washington street and Birch street, as a public highway.

The orders were severally passed under suspension of the rule.

RESIDENCE OF RECENTLY APPOINTED PATROLMEN.

Coun. WILSON offered the following:
Ordered, That the Police Commissioner, through his Honor the Mayor, be, and he hereby is, respectfully requested to furnish to the Boston City Council the names of the most recent five hundred men appointed as patrolmen in the Boston Police Department, together with the addresses of each man as given on the date of his appointment.

Coun. WILSON—Mr. President, during my service of the last four years in this body it has been repeatedly brought to my attention that it has been the custom in various departments of the City of Boston to employ nonresidents. In recently looking over the pay roll, with names and addresses of head masters of grammar and other schools in this city, men receiving salaries of \$4,450, or more, from the city, it came as quite a shock to me to see what a large proportion of them are living outside the boundaries of the city that is paying them their salaries, out perhaps where the air may be a little better. It is also interesting to see the situation in other departments of the city and of the County of Suffolk, where people whose salaries are paid here are actually living outside, in metropolitan Boston. It would seem that at the present time over 50 per cent of the employees of the city see fit to live outside the city limits. This is merely one of several orders which I plan to introduce the present year—in this particular instance wishing to ascertain, for example, how many members of our Police Department vacate

for purposes of residence the city into whose service they are so anxious to enter.

The order was passed under suspension of the rule.

SIDEWALK ON LORING STREET.

Coun. NORTON offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Loring street (both sides), from Williams street to Tyler street, Ward 18, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

NEW EAST BOSTON FERRY TARIFF.

Coun. DONOVAN called up assignment, viz.:

8. Ordinance establishing a new tariff of tolls on the East Boston ferries, to take effect April 1, 1930.

The question came on passage of the ordinance.

Coun. WILSON—Mr. President, unless the councilor from East Boston is in a hurry to get away and has objection to the disposition I now propose, I see no reason why the matter in question cannot be considered in Executive, so that we may have an opportunity to examine this rather sketchy outline that we have. I understand that the gentleman from West Roxbury (Coun. Cox) has not even a sketchy outline,—so I will give him a few bites of mine.

No. 8 was assigned until later in the session.

LAW ON TAXI STANDS.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel, through his Honor the Mayor, be, and he hereby is, respectfully requested to advise the Special City Council Committee on Taxi Stands with reference to the following:

1. By virtue of what authority are taxicab locations now granted, with any rental or fee charged by any private owner or lessee of any building, on any public street in the City of Boston?

2. Assuming that consent is given by the owner or lessee of an adjacent building, is the proper legal authority for the granting of a taxicab stand on a public street in the City of Boston legally vested at the present time in the Board of Street Commissioners or the Police Commissioner?

3. Has the Police Commissioner authority to grant a license for a taxicab stand on any public street in the City of Boston, and if so by virtue of what act of the Legislature or what city ordinance?

4. Has the Board of Street Commissioners authority to grant a license for a taxicab stand on any public street in the City of Boston, and, if so, by virtue of what act of the Legislature or what city ordinance?

5. By virtue of what city ordinance or what act of the Legislature do the owners or lessees of hotel buildings in the City of Boston now receive rentals or fees for the use of adjacent city streets in the City of Boston?

6. In your opinion is the present practice of granting exclusive taxi stand locations on Boston streets, with rentals or fees paid private persons or corporations, legal; and, if so, by virtue of what statute or ordinance?

7. Is the present practical monopoly granted almost exclusively to two taxicab concerns for stands on public streets in the Boston business district legal?

8. Has the owner of any hotel building or railway terminal in Boston, even with the consent of the Police Commissioner, any legal right to restrict:

(a) The parking of any automobile on any part of any public street?

(b) To grant any exclusive use of any part of any public way for parking purposes even where a fee or rental is paid the owner of the property immediately adjacent?

9. By exactly what legal procedure is it possible to prevent:

(a) The further renting of any part of any public street in the City of Boston by the owner or lessee of a building adjacent thereto?

(b) The further granting of taxicab parking privileges on any part of any public street in the City of Boston exclusively to any person or company?

(c) A continuation of the present practice now existing in Boston of allowing any corporation other than the City of Boston, or any person, to receive any rental or fee for the use of any part of any public street?

10. Exactly what are the present legal provisions effective in the City of Boston with reference to the granting of a taxicab stand on any part of any public street?

11. By virtue of what authority has a taxicab stand been granted on that part of State street immediately adjacent to the Custom House?

Coun. WILSON—Mr. President, with reference to these eleven questions here submitted to the Corporation Counsel for advice, I will simply say

that they are the eleven questions that were submitted in our special taxi stand committee meeting to the Corporation Counsel of the City of Boston. The request is made by a member, Mr. President, that they be read in full at this time.

(The clerk read Coun. Wilson's order in full.)

Coun. WILSON—I will merely state, Mr. President, that those questions were submitted by the Special Committee on Taxi Stands to the Corporation Counsel at a meeting last week. The purpose of introducing them in this form at this time is that they may be a matter of record in our minutes—particularly in view of the unexplained absence from our file of the report of the hearings by the Special Committee of 1928. That report your committee has been able to find in the files of the City Council, merely being able to obtain a partial copy from the stenographer. So we wish to have, so far as our present committee is concerned, some definite record of this sort that can be found after the investigation is over. We summoned before us the Corporation Counsel and he was given these particular questions, in an endeavor to check up in whom the authority rests to grant these stands. Representative Finnegan, who introduced last year in the Legislature the original orders or resolves with reference to this matter, also appeared before the committee, as did other witnesses. We obtained also the report of the Special Commission on the Licensing of Taxicab Stands in the City of Boston, which was appointed under a resolve of the Legislature, in Senate Bill No. 240 of last year. Under that resolve, Mr. President, the Massachusetts Legislature appointed as its representative on the commission a senator from Waltham, a representative from New Bedford and a representative from the city of Chelsea, to investigate and decide on the question of the use of streets in the City of Boston, this city being in the unenviable situation apparently of being the only city in the Commonwealth that needs to ask the Legislature to run its business for it. That commission finally consisted of five, being composed of these members of the Legislature, not one a representative from Boston, but having also added to it one resident of Boston by his Excellency the Governor and also a resident of Milton, fortunately one of the ablest attorneys that we have in this city, Mr. Rackemann. That commission, singularly enough, has followed out the idea that our own committee has expressed, recommending increasing the number of public or open stands in the downtown business area of Boston, with a limitation of the number of taxicabs. It is also made other recommendations. It is also interesting to find out, in the light of this particular report that, taking six cities,—Chicago, New York City, Buffalo, Detroit, Cleveland and Atlanta, all of which rank favorably in size with the City of Boston,—that every one of those six cities, especially including New York City and Chicago, which I am reliably informed have at least as many cabs as we have, operate on a public stand system. I do wish to correct one item that came out in the papers last week, referring to an incident in which I was involved on State street, in the matter of parking a car, that that was not a move in the line of what came two years ago but merely a means of trying out the law on the point in question. Now, the object of this particular committee is to ascertain the information—which has been ducked, apparently, down to date—as to the source in which the taxicab authority rests, the Street Commissioners or the Police Commissioner. I have no quarrel with this particular Police Commissioner, as I understand that he inherited the practice, although he has enlarged it to some extent. But this committee wishes to place the responsibility where it properly belongs; and I might say, for the benefit of the City Council, with all due modesty in reference to this particular committee, that we are in a position to go ahead, and, if we have, as we expect, the cooperation of the other members of the City Council, you may be sure that the report which the committee makes will result in something.

The order was passed under suspension of the rule.

PUBLIC LANDS.

Coun. McGRATH, for the Committee on Public Lands, submitted the following:

1. Report on message of Mayor and order (referred February 25, 1929) recommending release of easement on land at Vermont street and Roberts avenue—that same ought to pass.

2. Report on message of Mayor and order (referred February 17) recommending exchange of land and flats at South Boston with Commonwealth of Massachusetts—that said order be passed.

3. Report on message of Mayor and order (referred February 4) in regard to sale of land on Faneuil street to Florence Crittenton League of Compassion—that same ought to pass.

The reports were severally accepted, and the orders were passed, yeas 22, nays 0.

RECESS.

The Council voted, at 3.28 p. m., on motion of Coun. McGRATH, to take a recess, subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President LYNCH at 3.36 p. m.

INDORSEMENT OF MAYOR'S INDUSTRIAL ACTIVITIES.

Coun. DONOVAN, for the Committee on Rules, submitted the following:

1. Report on order (referred today) that the Council indorse, without reservation, the movement for expansion of commercial and industrial interests of Boston, as outlined by the Mayor at meeting at the Chamber of Commerce on February 27 that same ought to pass.

Report accepted; said order passed.

EXECUTIVE COMMITTEE REPORT.

Coun. RUBY, for Coun. Mahoney, submitted the following:

1. Report on petition (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Rev. J. J. Hart, St. Francis Xavier School Hall, March 16, 17 and 18—that leave be granted.

Report accepted; leave granted on usual conditions.

PROPOSED NEW FERRY TARIFF.

Coun. DONOVAN called up assignment, No. 8, viz.:

Ordinance establishing a new tariff of tolls on the East Boston ferries, to take effect April 1, 1930. The question came on the passage of the ordinance.

Coun. DONOVAN—Mr. President, I do not intend to burden the Council with any further remarks in regard to the East Boston ferry tolls. The people of East Boston merely ask for justice and fair play.

Coun. WILSON—Mr. President, we are told that there is some information which will give to those members of the Council who do not live in East Boston perhaps an alibi for voting differently from what they did vote four or more months ago, in light of the alleged falling off in the travel of teams and trucks over the ferry because of what are claimed to be exorbitant rates. We are told that since the increased tolls were put into effect the revenue has fallen off to a great extent. I desire to make two points in reference to that. First, if I am correctly informed, one excellent reason for the falling off in revenue is the present practice of many employees of truck concerns going back and forth on the ferries instead of buying two tickets and coming back the same way, going over, when they have a very heavy load, and coming back by the roundabout way when they are empty, but charging two tickets to the concern. So that may account for some of the decreased revenue to the City of Boston. I imagine if the Truck Association would check up their books and drivers they would find that that is being done,—that so far as the books show there has been no reduction in the ferry traffic. I have every sympathy, Mr. President, with the gentleman from Ward 1, who represents that district, and I will not burden the Council with a repetition of what I said along that line last week. But I do object to the manner in which this present change is being effected. Last week there was more or less talk about the prospective East Boston Tunnel. The last Mayor of Boston for many months—in fact, I guess for several years—had realized that there was an annual deficit in the Ferry Department, amounting to about three-quarters of a million dollars in some years. That was a problem that was continually facing the administration in this city. Finally, there was the agitation for the tunnel, and the representatives of that ward naturally fought for the tunnel. I might say, also, that if I had represented East Boston I would have fought for the tunnel. But the understanding in regard to the tunnel was that the people of East Boston would accept a toll in connection with it. That is not a new idea, even in American democracy. I understand that there are tunnels in New York and in other parts of the country and that tolls are paid in those tunnels. But until the tunnel should be constructed, there was still this deficit in the running of the ferries to be reckoned with. Since 1887 this sort of thing had been going on. There was a tunnel in prospect, for which it was generally understood and agreed that tolls should be paid, but in the meantime the financial situation had to be dealt with. Accordingly, an ordinance increasing the ferry rates in the meantime was passed. Now, my brother from East Boston raises the question, I understand, that the tunnel will not be built for a year, or probably for two years, and in the meantime he does not want this additional toll imposed on the ferries. Well, of course, when the gentlemen of the City Council voted last year to increase the ferry tolls, I don't imagine anybody thought for one moment that the new tunnel would be completed by the first of January of this year! But the gentleman from East Boston, after the Council had voted to increase the tolls, got up and asked that the increase be postponed until the first of January. Possibly he felt that with the change in administration the thing would be killed, anyway. Now, I understand, he wishes that there shall be a decrease in tolls because of the delay in the building of the tunnel—although, I repeat, nobody could have thought that the tunnel would be built before the first of January, and there was no possible argument for postponing the increase of the ferry tolls until the first of January on any other grounds.

So I now ask the gentleman from East Boston, from the best information he is able to get, if he has any, when he expects that the tunnel will be built to East Boston, or when he expects that there will be a bridge to East Boston, if such a bridge as is suggested by the Mayor is to be erected? Of course, the tunnel will not go through if we get a bridge to East Boston through the Legislature. A bridge or tunnel will certainly take two or three years to build. Certainly there could be no argument for postponement on any other grounds than the completion of the bridge or tunnel, suspending he proposed increase until the bridge or tunnel went into effect. Mr. President, I think nobody, even with the optimism of my brother, would feel that such a bridge or tunnel would be completed by the first of January of this year. So what he really had in mind was probably a change in administration, under which he expected that there would be a real change, and that what had been done last year would be negated.

Coun. DONOVAN—Mr. President, if the council will look the matter up, he will see that after the action that was taken I later introduced an order asking the Mayor to suspend the increased tolls until we had either a tunnel or a bridge. I think if he looks it up he will see that that is so, as a matter of record, that it was to be postponed until we had a tunnel or bridge—instead of having the increased tolls placed in operation before January 1, in spite of our protest.

Coun. WILSON—Mr. President, do I understand that the chief reason animating the council from East Boston at the present time in pressing for the adoption of this ordinance is that there has been an unexpected delay in the construction of this tunnel, or that it is because of the rising tolls that the revenue from the ferries has seriously dropped off?

Coun. DONOVAN—Mr. President, it has been shown that the revenue from the East Boston ferries has been decreased, and under the present situation, while there may have been in the past a deficit of \$570,000 to \$700,000, as my brother contends, there will be a greater deficit in the present fiscal year if the present rates of the schedule are kept up. My colleague from Dorchester states that he does not blame me for taking the stand I do on this matter. Then there must be some merit in my stand on the question of tolls. He admits that if he were in my position he would be looking for this very relief for the citizens of his district, and he admits that the real reason he has for taking the position he does today is because he, too, feels that he is looking after the interests of his constituents.

Coun. WILSON—Of course, Mr. President, the answer is—although the argument is a poor argument—that under our present charter a councilor primarily represents the ward from which he has been elected. I, of course, am just as strongly against the proposed decrease in the tolls as the councilor from East Boston is in favor of it, namely, that it means adding, we will say, fifty cents a thousand, or however it may figure out, to the taxation of the people in the ward I represent. Of course, you cannot lose money in one part of the city without making up for it in the other part. Perhaps that is a narrow attitude to take, but it is the attitude that the councilor from East Boston has first assumed in this matter, and representatives from the other sections of the city should realize just what it means. It is claimed that as a result of the increase in tolls there has been a decrease in the revenues of the East Boston ferries. We should go carefully in accepting that statement, however, in view of the fact that the new system, inaugurated under Mayor Nichols, has been in effect for only sixty days, also having in mind the statement that has been advanced that truck drivers are going one way over the ferries, with the heavily-loaded truck, and taking it back by the roundabout way, pocketing the amount that would be paid for the return trip.

Coun. DONOVAN—Mr. Chairman, I would say in answer to the gentleman from Dorchester that I filed an order asking that a survey be made of the trucking to and from East Boston, and then, despite the claim made by the gentleman, there is a decrease in the trucking that goes over the ferries, resulting in a decrease in revenue.

Coun. WILSON—Well, can the gentleman tell us how much that amounts to?

Coun. DONOVAN—I cannot tell the amount, but, as one continually utilizing the East Boston ferries, I can see what is happening. Where we used to commonly see a line of forty or fifty waiting to get on the boats, at the present time you will see only five or six machines going over the ferry at a time. That is common knowledge, Mr. President. You have all seen in the past the long lines of vehicles that used to be awaiting a chance to go across.

Coun. WILSON—Well, Mr. President, I don't see that we are getting anywhere in this matter. I think we are entitled to further figures, further information, and I move that the matter lie on the table.

The motion to lay on the table was declared carried. Coun. DONOVAN doubted the vote and asked for the yeas and nays.

The motion to lay on the table was lost, yeas 8; nays 12.

Yeas—Coun. Arnold, Cox, Gleason, Kelly, Lynch, Mahoney, Murray, Wilson—8.

Nays—Coun. Bush, Curtis, Donovan, Dowd, Englert, Fish, Fitzgerald, Green, McGrath, Power, Ruby—12.

Coun. WILSON—Mr. President, in view of what has been stated, the principal argument appears to be that it is unfair to the people of East Boston to expect them to pay even the small increase shown by the Nichols increase, as compared with the amount turned in since 1887; and, in view of the fact that it was estimated last week and this week that it would take about two years to complete the tunnel or the bridge, I now offer an amendment to the proposed ordinance.

Coun. WILSON offered the following amendment:

Section 3. This ordinance shall take effect beginning with the first day of April, 1930. The fees herein established shall continue until April 1, 1932, and on and after that day the fees shall be as follows:

Passengers.		
Foot passengers.....	1 cent	
Passengers on vehicles, other than driver, each.....	1 cent	
Vehicles.		
One or two horse vehicles with driver....	15 cents	
Three or four horse vehicle with driver....	25 cents	
Passenger automobile with driver.....	20 cents	
Motor truck, six tons or less, with driver..	20 cents	
Motor truck, over six tons, with driver....	30 cents	
Auto bus with driver.....	30 cents	
Motorcycle, with driver.....	10 cents	
Trailer.....	20 cents	
Miscellaneous.		
Hand cart, or wheelbarrow, and man....	10 cents	
Horse and rider.....	10 cents	
Horses and cattle, each, with attendant, ..	10 cents	

Ticket for Vehicles.

Tickets in packages of twenty shall be sold at a reduction of 20 per cent from toll rates.

Funeral Processions.

Funeral processions shall pass free of tolls.

Coun. WILSON—Mr. President, since the argument appears to be that the present ordinance should be accepted because it will take two years to build the tunnel, I ask for an amendment which says that the present ordinance shall take effect the first of next month and remain in effect for two years, by which time the tunnel will have been completed, and then the present rates now in existence can again go into effect. In view of the argument advanced by my colleague from East Boston, I certainly can see no objection to the amendment.

President LYNCH—Does the gentleman accept the amendment?

Coun. DONOVAN—I accept the amendment. (The proposed amendment was read at request of Coun. Dowd.)

Coun. DOWD—Mr. President, do I understand that the councilor from East Boston is agreeable to that amendment?

Coun. DONOVAN—Mr. President, as I understand it, the amendment merely means the adoption of the proposed ordinance introduced by the Mayor at the present time, subject to this other amendment going into effect in 1932. Do I understand it right?

Coun. WILSON—Mr. President, I don't want any misapprehension. The ordinance as now amended, if my amendment is adopted, will reduce or curtail the present rates for the coming two years at the expiration of which time it is estimated that the tunnel will have been built, and at which time the rates will revert to the rates existing today, on March 3, 1930.

Coun. BUSH—Mr. President, I rise to a point of information. Does the amendment simply mean that the Mayor's present schedule is to go into effect with a time limit on it, a limit to the time within which it is to operate?

Coun. WILSON—Mr. President, the proposed amendment means that this Council wishes that the proposed ordinance submitted by Mayor Curley will decrease the rates for the next two years, at the expiration of which time, according to estimate, there will be a new East Boston tunnel or bridge, and the present rates will go back.

President LYNCH—Is that information satisfactory to Councilor Bush?

Coun. BUSH—I am not sure that I understand it as yet.

Coun. DOWD—Mr. President, I want to be thoroughly advised in this matter. As I understand the amendment proposed by Councilor Wilson, he simply desires to have Mayor Curley's schedule go into effect for two years. Is that correct, Councilor Wilson?

Coun. WILSON—That is correct, Mr. President. I want to make this additional explanation. The reason why I am proposing that amendment at this present time is that the reason advanced for as decrease in rates is only a valid reason until a bridge or tunnel is built. If that is their argument, they should stand by it and then let the rates revert back to the present rates, two years from today, or from April 1, by which time they will have their tunnel or bridge. I simply want the thing clear on the record, so that it will not be said two years from now that this ordinance was passed without any such understanding this afternoon.

Coun. DOWD—Mr. President, being an ordinary layman I don't know much about engineering work, but I do say that this proposed East Boston

tunnel or bridge will not be built possibly within five years. Now, why should we go on record that it will be in effect in two years? I say that we should accept Mayor Curley's proposition or reject it. I do not believe the Council should adopt any amendment with regard to the completion of a bridge or tunnel, because even to the ordinary lay mind, I think it must be apparent that it will take four to five years to complete a tunnel or bridge to East Boston. I hope the Council will not favor any amendment that will prejudice the acceptance or rejection of Mayor Curley's proposal.

Coun. DONOVAN—Mr. President, I think it is fairly obvious that when the bridge or tunnel is constructed, the Council can take any action it sees fit. At the present time, however, it must be clear to any fair-minded man that the people and the merchants of East Boston are being unjustly treated, that they are paying exorbitant fares at the present time. With that in mind, regardless of tunnel or bridge, I am heartily in favor of the Mayor's proposed schedule being put into effect today. I believe then the Council can wait for two years, or whatever the time may be, to see whether further action of any kind should be taken.

Coun. WILSON—Mr. President, let us lay the cards on the table and talk plainly. We all know the action of the Council last year, and how the members of this body went on record, in view of the deficit in the Ferry Department, in favor of increasing the tolls. That was done last autumn, and the new system has not been given a fair trial, and I say now that if the rates are reduced without my proposed amendment they will never be raised again. The councilor from East Boston wants us to let the thing rest, and then if we wish take up the matter two years from now. But if this amendment is not passed, two years from now we will see the same gentleman from East Boston not asking for an increase in the rates but for abolition of the tolls. I press the amendment for another reason—that I like to see the members in this body from other wards squarely representing the wards that elected them; and two years from now, if this amendment is not adopted—whether we are here or not,—the point will not be raised, as I have raised it now, but it will be stated that the question of tolls on the ferries was acted upon without any such agreement or understanding. So the time to take this action is right now. If something is not done, you will be putting on every house in the City of Boston, in every one of the wards outside of East Boston, the burden of carrying the deficit that will be created on the ferries. Before introducing the amendment I asked the question when the tunnel or the bridge was to be built, or completed. We had a suggestion from East Boston today, and also last week, that it would probably not happen for a couple of years. That is why I have put in here the date I have, in 1932.

Coun. DOWD—Mr. President, I simply rise to ask the gentleman from Dorchester to show me any time when I voted to increase these rate under Mayor Nichols?

Coun. Wilson's amendment was declared rejected.

Coun. BUSH—Mr. President, I rise to a question of information—whether the amendment offered by Councilor Wilson carries with it going back automatically to the present rates in two years, or whether the matter would have to be taken up and perhaps opened up at that time. My question merely was whether, under the amendment, we would then return automatically to the present rates?

President LYNCH—The clerk will call the roll on the adoption of the amendment.

Coun. Wilson's amendment was defeated on roll call, yeas 8, nays 13.

Yeas—Coun. Arnold, Cox, Gleason, Kelly, Lynch, Mahoney, Murray, Wilson—8.

Nays—Coun. Bush, Curtis, Donovan, Dowd, Englert, Fish, Fitzgerald, Gallagher, Green, McGrath, Norton, Power, Ruby—13.

The ordinance was declared passed.

LIGHTING FACILITIES ON DARTMOUTH STREET.

Coun. ARNOLD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to provide adequate lighting facilities on Dartmouth street, between the railroad bridge and Columbus avenue, Ward 4 (Nos. 685 to 703).

Passed under suspension of the rule.

LIGHTING ON EAST FOURTH STREET, WARD 6.

Coun. MAHONEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install sufficient arc lamps to provide for adequate lighting facilities on East Fourth street, between P street and Farragut road, Ward 6.

Passed under suspension of the rule.

ADDITIONAL LIGHTS ON TREMONT STREET, WARD 4.

Coun. ARNOLD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the

Mayor, to provide for the installation of two additional lights on Tremont street, Ward 4, between Rutland square and West Newton street.

Passed under suspension of the rule.

REPAVING OF CHELSEA STREET.

Coun. DONOVAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Chelsea street, from Porter street to Day square, Ward 1.

Passed under suspension of the rule.

LIST OF BAIL COMMISSIONERS AND PROFESSIONAL BONDSMEN.

Coun. GREEN offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to advise the City Council if there is any objection to posting a list of bail commissioners and professional bondsmen in the corridors of the courthouses and other public buildings of the City of Boston.

Passed under suspension of the rule.

PROPOSED NEW FERRY TARIFF.

Coun. WILSON—Mr. President, I move a reconsideration of the vote we have taken with reference to East Boston tolls on the following ground—that possibly, if the matter is put over for one week, we may be in the position of ascertaining from some one who is an engineer how long it will take to build the proposed tunnel or bridge, and we can then have some idea of the date, and will have more information which will enable us to vote intelligently.

Coun. DONOVAN—Mr. President, my colleague from Dorchester is resorting to rather what I might call sharp practice in this matter, because some of the members have departed for their homes, not expecting anything to happen after voting to accept the ordinance presented by the Mayor. I therefore oppose reconsideration.

Coun. WILSON—Mr. Chairman, I realize the friendly spirit in which the gentleman is referring to the absent members, but, in view of the fact that the twenty-two members of the Council are still continuing to be paid \$1,500 a year to attend these weekly meetings of an hour or two, I don't see why a few of them should be excused for leaving earlier than the rest of us, in a matter of this kind. There is no sharp practice, in any event, as those same gentlemen a week from today will have a chance to vote on the same question. It will simply be a matter of a week's delay, so that we may obtain some information in regard to the matter.

The motion to reconsider was declared carried. Coun. DONOVAN doubted the vote and asked for a roll call.

Reconsideration prevailed, yeas 9, nays 8:

Yeas—Coun. Arnold, Bush, Cox, Gleason, Kelly, Lynch, Mahoney, Murray, Wilson—9.

Nays—Coun. Donovan, Dowd, Englert, Fish, Gallagher, Green, McGrath, Norton—8.

Coun. DONOVAN—Mr. President, I move further reconsideration of our action which has resulted in postponing this matter for one week.

President LYNCH—The Chair will rule that the vote cannot be twice reconsidered.

Coun. WILSON—Mr. President, I move to adjourn.

A rising vote was taken on the question of adjournment, and it was defeated, 8 to 8.

President LYNCH—The question now before the body is the passage of No. 8 on the calendar.

Coun. DOWD—Mr. President, I move you, sir, that it be laid on the table for one week.

The motion was declared carried.

Coun. DONOVAN—Mr. President, I ask unanimous consent to make a statement.

President LYNCH—The Chair hears no objection. The gentleman will proceed.

Coun. DONOVAN—Mr. President, the action of my colleague from Dorchester places this Council in a rather peculiar light. At the same meeting that the Council goes on record as accepting the ordinance as submitted by the Mayor, specifically voting in favor of it, that action is reconsidered and the question is put over to the next meeting. That has been possible because of the fact that several members went away from the meeting, thinking that the incident was closed. What the councilor from Dorchester has in mind or wants to learn, I cannot understand. We have discussed this thing over a period of four or five years, going on five years, and I believe all the members here are thoroughly conversant with it. But for some reason the councilor wants to hold the members of this body up in a rather peculiar light before the voters of this city.

Coun. WILSON—Mr. President, I would like to say for the information of the few members who are left here, when we are told that this places us in a rather peculiar light, that there is no real reason in the world why this matter should not go over for one week, so that we may ascertain whether it will take two years or five years to complete the proposed tunnel. As I understand

it, all those who voted in favor of the proposed ordinance feel the same way as I do, as expressed in my proposed amendment, but they did not think it was wise to put a time limit on the thing, perhaps not thinking that it would be completed in two years. It was simply in order that we might have something reasonably definite that I have requested the delay. Mr. President, I move that we adjourn.

Coun. GREEN—Mr. President, I would like to make a statement, with unanimous consent.

President LYNCH—The Chair will rule that no further debate is in order.

Coun. GREEN—Then, Mr. President, I would request the councilor from Dorchester to withdraw his motion to adjourn, temporarily, as I would like to make a statement. I would ask the chairman of the Committee on Public Safety, Mr. President, to call a hearing by his committee at his earliest convenience, because I would like to take the grade crossing matter in my district up before that committee. It means a lot to my district. The thing is a menace and a sore spot over there, and I would like to ask the chairman of that committee to call a meeting at his own convenience, but very early, if possible.

President LYNCH—The chairman of the committee will take the matter under advisement.

Adjourned, at 4.42 p. m., on motion of Coun. WILSON, to meet on Monday, March 10, 1930, at 2 p. m.

DAMAGES SUSTAINED.

The Mayor has approved the following vote of the Board of Street Commissioners:

That this Board determines that the undermentioned persons sustain damages in their estate by the taking made for school purposes on Pope and Byron streets, East Boston district, under the order of the Board, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

Florence J. McCarthy, 16,924 square feet	\$3,892.52
Florence J. McCarthy, 20,578 square feet	4,732.94
Michael P. Murphy, 12,156 square feet	2,795.88

Total,\$11,421.34

TO REMOVE DANGEROUS BUILDINGS.

On Tuesday, March 4, the Mayor issued the following statement:

The Building Department have inaugurated a campaign for the protection of public health and public safety, as well as to protection from fire, through the removal of condemned structures throughout the city, which constitutes a menace to everyone, and I have given my assent to prosecution of that program.

JOHN WINTHROP DESCENDANT PLACES WREATH ON STATUE OF COLONIAL GOVERNOR.

Frederic Winthrop, 299 Berkeley street, a lineal descendant of Governor John Winthrop, in company with Mr. J. Philip O'Connell, Director of Public Celebrations, City of Boston, placed a wreath at the John Winthrop Statue, at ten o'clock, Monday, March 3.

LEGAL HOLIDAYS.

As provided by the Revised Laws of Massachusetts, also by chapter 473, Acts of 1910, and chapter 104, General Acts of 1916 (ratified by the electorate on November 7, 1916), legal holidays on which the public offices shall be closed, include January 1, February 22, April 19, May 30, July 4, September (first Monday), October 12, Armistice Day (November 11), Thanksgiving Day (the last Thursday in November) and Christmas Day (December 25).

PORT OF BOSTON.

Boston Harbor comprises an area of about 47 square miles (exclusive of the islands), including all the expanse of tidewater within a straight line from Point Allerton to Point Shirley and extending therefrom to the mainland. It is the best of natural harbors, near open sea, sheltered and spacious for anchorage; main ship channel 35 feet in depth at mean low water, increasing to 40 feet from President Roads to open sea; new dredging operations in charge of United States engineers are under way for increasing depth of said main channel to 40 feet; waterfront (*i. e.*, lineal pier space) 40 miles, 6 miles fronting on 30 feet depth at low water.

Commonwealth Pier No. 5, South Boston, 1,200 feet long, 400 feet wide, accommodating five 600-foot ships at one time, 40 feet depth at mean low water on both sides, with three 2-story fireproof buildings of steel and concrete construction, containing 900,000 square feet of floor space, total cost of this enterprise to State, \$4,500,000. Commonwealth Pier No. 6, South Boston (Fish Pier), buildings on same erected by lessee, Boston Fish Market Corporation, cost to State, \$1,487,361. Commonwealth Pier, No. 1, East Boston, 900 feet long, costing State \$764,600 for site and \$426,674 for construction. New dry dock at South Boston (probably the largest in world), completed in 1919, 1,200 feet long and 120 wide, costing \$3,169,651 and taken by United States Government at total cost.

Islands in Boston Harbor over 3 acres in area, 17, with total area of 965 acres; Long Island the largest, or 215.5 acres Owned by United States, 392 acres; by City of Boston, 334 acres. Number of wharves, 143, of which eight are owned by the city.

There are 38 foreign steamship lines with regular sailings to and from Boston, ten coastwise lines and three intercoastal. In 1915 a revision of the harbor lines was made and the project undertaken whereby 600 acres of flats between Governor's Island and Jeffries Pt. will be filled in and used for extensive commercial developments under State control. About 175 acres of flats have recently been filled in and added to the land area of East Boston and 160 acres to that of South Boston.

In April, 1918, the Government decided to establish its Army Supply Base on a portion of the Commonwealth lands in South Boston. About 57.6 acres were purchased of the State, the price being \$1,317,510, soon followed by the construction of two pier sheds, each 920 feet long, a wharf shed and other buildings, including one of the largest storehouses in the world, built of reinforced concrete, eight stories high, 1,638 feet long, 126 feet wide and with floor space of over 1,650,000 square feet. The total outlay for the plant was \$26,000,000.

Total expenditure by State for improvement of Boston Harbor \$22,575,827 from 1859 to November 30, 1927, inclusive; in the same period, there was expended additionally \$951,992 on small channels; total Federal expenditure from 1790 to June 30, 1927, \$13,258,846.

THROUGH TRAFFIC STREETS.

Many a city government, confronted almost unawares by the ever-increasing traffic problem, has seized upon the "through street" idea as the least expensive sop to those who clamor for some-

thing to relieve the distress. This situation is reflected in many city traffic ordinances which give absolute right-of-way to vehicles on any of the "arterial highways" included in a long list, and which fail entirely to provide for stop requirements, signs, enforcement facilities, or public education. Unfortunately, traffic regulation is not so simple. It cannot be successfully accomplished by merely designating certain through streets.

Still, through streets are useful. Their successful application depends only on an understanding of what can and what cannot be expected of them, and on a realization of where they fit into the traffic control picture. Consider a street as it develops with the increasing traffic from a minor highway to a heavily traveled main thoroughfare. Traffic control will logically develop in successive steps something like these:

1. No control at all.
2. Slow or stop signs at isolated intersections.
3. Through streets with stop signs at every intersection.
4. Occasional automatic signals introduced where there is heavy cross traffic.
5. Complete flexible progressive signal control.
6. Grade separation at important intersecting streets.
7. Elevated or depressed roadway without intersecting streets.

AIRPORTS IN THE UNITED STATES.

The number of airports in the country continues to grow steadily, and the listing compiled by the Department of Commerce showed 1,520 airports in operation on October 2 of this year. Of these, 442 were municipal airports, and 468 were privately owned and operated. The rest included army fields, naval air stations, Department of Commerce intermediate fields, marked auxiliary fields and miscellaneous others. As will be noted, the municipal airports comprise 29 per cent of the total number now in use in the country. The fact that 442 cities of various sizes have indicated their interest by investing substantial funds in the purchase of property and construction of these airports illustrates the stability of aviation today. As indicative of the volume of traffic already in evidence at municipal airports, it might be noted that in a recent representative week the Des Moines airport showed 88 airplanes arriving and 86 leaving. Oakland, California, showed 55 arriving, 52 leaving; while the Tulsa, Oklahoma, airport showed 272 arriving and 265 leaving. These figures are constantly increasing, and they show that the city airport is already being used.

FLAG DAYS.

By order of the City Council it is the duty of the City Messenger to have the national colors displayed upon the public flagstaffs on the following days:

Franklin's Birthday, January 17; Lincoln's Birthday, February 12; Washington's Birthday, February 22; Evacuation Day, March 17; Patriot's Day, April 19; Grant's Birthday, April 27; Memorial Day, May 30; Anniversary of Adoption of National Colors, June 14; Bunker Hill Day, June 17; Independence Day, July 4; Labor Day, September (first Monday); Anniversary of Founding of Boston, September 17; Columbus Day, October 12; Armistice Day, November 11.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

CITY OF BOSTON.

PENAL INSTITUTIONS DEPARTMENT.

TO GENERAL CONTRACTORS.

The Penal Institutions Department of the City of Boston, through its Penal Institutions Commissioner, invites sealed proposals to erect and complete, including all trades, the new doctor's building and new roof and other alterations to Administration Building at Deer Island, Boston, Mass., giving bond of a surety company satisfactory to the department therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioner, 806 City Hall Annex, signed by the bidder, and left before 12 o'clock m. of March 20, 1930, at said office, with a certified check for \$5,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening the bids. The Commissioner reserves the right to reject any or all proposals. A deposit of \$25 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

PHILIP A. CHAPMAN,
Acting Commissioner.

(March 8.)

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR CONCRETE BLEACHERS, GRADING, ETC., AT COLUMBUS PARK, SOUTH BOSTON.

Proposals on blanks obtained at the engineer's office of the Park Department, 33 Beacon street, Boston, for concrete bleachers, grading, etc., at Columbus Park, South Boston, signed by the bidder and left before 12 o'clock noon on Monday, March 17, 1930, at the office of the Park Department, with a certified check for \$25,000, payable to and to be the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work of a surety company approved by the Commissioners, in the sum of at least 50 per cent of the contract price, to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFFENREFFER,
Commissioners.

EDMUND L. DOLAN,
(Mar. 1-8-15.) Acting Commissioner.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

TO IRON WORKERS.

The Trustees of the Boston City Hospital invite sealed proposals for removing old smokestack and furnishing and installing new one at South Department, Boston City Hospital, and giving bond of a surety company therefor in the sum of 45 per cent of estimate. Only proposals received at the office of the Superintendent, Boston City Hospital, 818 Harrison avenue, and left before 12 o'clock m. of Tuesday, March 18, 1930, at the office of the Superintendent of the Boston City Hospital, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, before 12 o'clock noon on the date given above for receiving proposals. The Trustees reserve the right to reject any and all proposals.

JOHN J. DOWLING, M. D.,
(March 8.) Superintendent.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING 45 PER CENT ASPHALTIC ROAD OIL.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department, Street Cleaning and Oiling Service, 400,000 gallons, more or less, of 45 per cent asphaltic road oil, as per specifications. Quote prices applied to the road. Oil to be delivered as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. Proposals, with a certified check for \$500, to be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Tuesday, March 18, 1930, at which time and place they will be publicly opened and read. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
Superintendent of Supplies.
(March 8.)

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR BRICK GARAGE AT THE FRANKLIN PARK YARD, WEST ROXBURY.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for construction of a brick garage at the Franklin Park Yard, West Roxbury. Forms of proposals and plans must be obtained at the engineer's office of the Park Department, 33 Beacon street, Boston. Each proposal should be signed by the bidder, sealed, and marked "Proposal for Brick Garage at the Franklin Park Yard, West Roxbury," and left before 12 o'clock noon on Thursday, March 20, 1930, at the office of the Park Department, with a certified check for \$4,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 50 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN BUNKER HILL STREET, BETWEEN PEARL STREET AND BALDWIN STREET, CHARLESTOWN.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 2,500 feet of 12-inch water pipe in Bunker Hill street, between Pearl street and Baldwin street, Charlestown. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of thirty-five hundred (\$3,500) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes, Bunker Hill Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, March 18, 1930, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
Commissioner of Public Works.
(March 8.)

PROPOSALS FOR ASSEMBLING 200 6-INCH GATE VALVES.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for assembling 200 6-inch gate valves. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of sixteen hundred (1,600) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Assembling Gate Valves," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, March 13, 1930, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(March 8.) Commissioner of Public Works.

PROPOSALS FOR ROAD ASPHALT FOR CONSTRUCTION.

The Supply Department of the City of Boston invites proposals for furnishing and applying 1,000 tons, more or less, road asphalt for construction OA-2, as per specifications. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 801, City Hall Annex. Deliveries to be made on such streets as may be designated by the Commissioner of Public Works within the city limits, to be delivered as required. Proposals, with a certified check for \$500, will be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Monday, March 17, 1930, at which time and place they will be publicly opened and read. The successful bidder must furnish a bond for one quarter the amount of the contract with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. A duplicate bid, without check, must be left with the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 22.

SATURDAY, MARCH 15, 1930.

No. 11

AGREEMENT REACHED FOR RAPID TRANSIT EXTENSION AND TRAFFIC RELIEF AT GOVERNOR SQUARE.

On March 7 the Mayor issued the following statement:

The subcommittee of the Committee on Metropolitan Affairs, to whom was referred the further consideration of legislation providing rapid transit extension and traffic relief at Governor square, have been in conference considering the drafting of the necessary legislation for more than a week.

The subcommittee referred the drafting of the necessary legislation to counsel representing the City of Boston, Samuel Silverman; counsel representing the Boston Elevated Public Control Trustees, H. Ware Barnum; and counsel representing the Board of Directors of the Boston Elevated Railway, Frederick E. Snow. The result of the deliberations of the counsel representing the three parties interested was submitted late Thursday to the subcommittee, which committee, through its chairman, were in agreement upon the question of acceptance of such bill as might be determined upon by counsel representing all parties at interest. The subcommittee of the Committee on Metropolitan Affairs are now in a position to submit the report and findings and bill to the full Committee on Metropolitan Affairs.

The bill as finally agreed upon and submitted to the subcommittee of the Committee on Metropolitan Affairs represents the first agreement that it has been possible to secure upon which all three parties at interest were in agreement in a period of more than five years. In the event that the Committee on Metropolitan Affairs report the bill as agreed upon to the Legislature and the Legislature approves and the Governor signs, steam shovels and compressed air with man labor will take the place of acrimonious

recrimination and words in the matter of the solution of this rapid transit problem which has proved the most vexatious and difficult of solution of any that have been considered during the entire history of the movement for improved transit facilities in Boston.

A real opportunity is presented in the adoption of the bill as drafted, for the solution not only of the transportation problem at this particular point, but the providing of immediate work for the vast number of persons seeking the same at the present time. As Mayor of Boston, ably assisted by the Corporation Counsel, Samuel Silverman, I rejoice at the speedy progress that has been made upon this long delayed improvement.

The responsibility for any further delay will not rest either on the City of Boston, Transit Department, the Boston Elevated Board of Public Control of the Boston Elevated Railway Board of Directors. It will rest squarely with the General Court. I sincerely trust they will recognize this opportunity to perform a service both to the traveling public and the great army of unemployed by immediate action and if necessary to secure that action by a suspension of the rules.

This bill provides for the construction of the improvement of Governor square by the Boston Transit Department with a rental to be paid by the Boston Elevated Railway Company, on the basis of $4\frac{1}{2}$ per cent of the cost, with the proviso that in the event the earnings of the company are not sufficient to meet this rental that the rental shall be paid by the Metropolitan District to the City of Boston, and the Metropolitan Transit District Trustees assess any such payment made by it to the cities and towns in the district.

FLAGS ORDERED FLOWN AT HALF-STAFF FOR THIRTY DAYS IN MEMORY OF FORMER PRESIDENT TAFT.

The Mayor, on March 10, presented to the City Council the following resolution on the death of former President Taft:
To the City Council.

GENTLEMEN,—Whereas, Almighty God, in his Divine wisdom, has seen fit to take from our midst former President of the United States and Chief Justice of the Supreme Court of the United States, William Howard Taft; and

Whereas, The services of William Howard Taft during an entire lifetime have been devoted to the welfare of America and its people; and

Whereas, By his splendid talents, genial and kindly nature, he has, during a lifetime, been a source of comfort and confidence and through these God-given qualities has merited and enjoyed in an unusual measure the good will of the American nation and his death will be felt as a genuine national loss that is shared by all the people; therefore be it

Resolved, That the sincere sympathy of the people of Boston be conveyed to the grief stricken companion who has shared with him joys and sorrows, laughter and tears, Mrs. William Howard Taft, and to his family.

Ordered, That as a mark of respect the flags on all municipal buildings be placed at half-staff for a period of thirty (30) days.

JAMES M. CURLEY, Mayor.

Mayor Curley also forwarded the following communication to the heads of all municipal departments having public buildings in their charge:

DEAR SIR,—In conformity with established custom the City of Boston will give expression to the grief that is experienced in the death of former President and Chief Justice of the United States Supreme Court, William Howard Taft.

You are directed, as an expression of a sorrow that is both genuine and general, to have the flag of the United States displayed at half-staff for a period of thirty days.

MAYOR CURLEY PRESENTED VASE BY JAPANESE CONSUL-GENERAL.

Mayor Curley, on March 12, received the following letter from Setan Sawada, Consul-General of Japan, at New York.

CONSULATE GENERAL OF JAPAN,
165 BROADWAY,
NEW YORK, N. Y., March 11, 1930.

THE HONORABLE JAMES MICHAEL CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—Nearly two months have passed since my recent visit to your city, but the pleasant impressions I carried back with me are still fresh in my memory.

The cloisonne flower vase which I ordered from Japan has just arrived. I am taking the liberty of sending it to you by express and shall be much pleased if you will kindly accept it as a token of my sincere appreciation of the courtesy and hospitality which you were good enough to extend to me on the occasion of my visit.

Mme. Sawada heard from your daughter at the Sacred Heart Convent in this city that Mrs. Curley is getting better. We were much pleased to know that, and wish you will accept from us our sincere good wishes for her recovery.

I am,

Yours very truly,

S. SAWADA.

DAMAGES ACCEPTED.

John D. McLaughlin agrees to accept the sum of \$52 as full payment for all land taken from, all rights acquired in, and all damages occasioned to his estate on 244 Manthorne road by the laying out and construction of said street under the order of the Street Commissioners and Mayor of September 24, 1928.

Rose Munier agrees to accept the sum of \$65 as full payment for all land taken from, all rights acquired in, and all damages occasioned to her estate on Manthorne road (formerly Walker street) by the laying out and construction of said street under the order of the Street Commissioners and Mayor of September 24, 1928.

MAYOR CURLEY PLEASED THAT GRANITE WILL BE USED FOR NEW POST OFFICE.

Mayor Curley, on March 11, made the following statement relative to the use of granite for the Post Office:

The news that favorable action has been taken by the authorities at Washington in the matter of providing sufficient funds to permit of the use of granite in the construction of the Boston Post Office is most gratifying and is evidence of the value of unity and the necessity for similar united action on all matters of legislation, either in nation, state or municipality, that are beneficial to the community. The delay upon the matter of proceeding with the construction of the Post Office should now be at an end and it is to be hoped that work will begin at once.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO ROOM 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

CIVIL SERVICE EXAMINATIONS. (STATE.)

BUILDING INSPECTOR, DEPARTMENT OF PUBLIC SAFETY, MARCH 29, 1930.

The entrance salary is \$2,160 a year. The maximum salary is \$2,640 a year.

Duties: To inspect all public buildings, to supervise the erection of all public buildings, to examine applicants for moving picture operators' licenses, to inspect and tag moving picture machines and booths, to inspect elevators, to examine applicants for elevator licenses in cities and towns which have no building department.

Qualifications: applicants must be not less than 25 nor over 50 years of age at the time of filing application, not less than 5 feet 7 inches in height, and weigh not less than 135 pounds. A certificate of date of birth must be filed with the application. Applicants must have education equivalent to graduation from a standard high school, and have four years' experience in building construction of which one year shall have been either inspection or supervision. Applicants should have a knowledge of modern methods and materials in building construction, be familiar with the state laws relating to building construction and have a practical knowledge of general building operations, be able to interpret plans and specifications and to check construction methods.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination

ELECTRIC STATION OPERATOR, METROPOLITAN DISTRICT COMMISSION, MARCH 29, 1930.

The entrance salary is \$1,560 a year. The maximum salary is \$1,920 a year.

Duties: Installation, repair and operation of high voltage lines and apparatus. This position is at the Wachusett section, Wachusett Dam, Clinton, which is a hydroelectric power station.

Qualifications: Applicants must have education equivalent to grammar school graduation, and must have at least one year's experience in the operation and maintenance of an electric power station. Preference will be given to persons having experience in hydroelectric work. Applicants must have a journeyman electrician's license.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Requirements: Applicants must obtain at least 60 per cent in practical questions

and 70 per cent in experience and in general average in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the Commissioners as to their physical fitness for the position.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

GUARDS AND PRISON OFFICERS,
APRIL 5, 1930.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service. This service includes turnkeys and guards in prisons, houses of detention and reformatories.

Applicants for appointment as officers in State Prison and Massachusetts Reformatory must be not less than twenty-five nor over forty years of age at the time of filing application. Applicants for appointment as officers in the Prison Camp and Hospital must be not less than twenty-three nor over forty years of age at the time of filing application. All applicants for these places must be not less than 5 feet 7 inches in height and weigh not less than 135 pounds.

A certificate of date of birth must be filed with the application.

Applicants must have education equivalent to graduation from grammar school.

The subjects of examination with their respective weights will be as follows: Training and experience, 4; practical questions covering general disciplinary and penological methods, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

In marking the subject of training and experience credit will be given for the satisfactory completion of courses on the conduct and management of penal institutions. The amount of credit will be determined by the Division of Civil Service and will depend on the standing of the department or institution giving the course and the length of time required for its completion.

Applicants will be required to obtain a mark of at least 60 per cent in practical questions and 70 per cent in the other subjects and general average in order to become eligible.

Applicants who pass the examination for prison officers will, upon request, also be placed on the list for watchmen.

Repairers.—T. Byrnes, S. Mickewicz, J. McKenney, J. Barry, 1½ days, \$9 each; Patrick Mealey, M. Rizzo, J. DeCoursey, 1½ days, \$8.25 each; G. Waters,

H. Cassidy, ¾ day, \$1.55 each; J. Hourihan, J. Glennon, ¾ day, \$1.69 each; W. Dolan, G. DeGrann, 1½ days, \$6.19 each; W. Shields, ¾ day, \$3.78; J. Feeley, ¼ day, \$4.13; T. Joyce, ¾ day, \$1.55; T. Dalrymple, ¾ day, \$1.41; C. Ring, 1½ days, \$6.47; M. Matthews, 1½ days, \$8.63; B. Lyons, 1½ days, \$7.88; T. Rose, 1½ days, \$6.75; H. Krauss, ¼ day, \$1.97; J. Leonard, 1½ days, \$8.68.

Laborers.—W. Behan, B. Glynn, ¾ day, \$1.88 each.

Total, \$134.62.

Traffic Commission.

For the week ending Thursday, March 6:

Thomas H. McAleney, painter, 1 day, \$6; Joseph Piazza, painter, ¼ day, \$4.50; Norman R. Dean, painter, ¼ day, \$4.50; John F. Montgomery, foreman, ¼ day, \$4.52. Total, \$19.52.

ADDITIONS TO CONTRACT.

FIRE DEPARTMENT.

Thomas O'Connor & Co., Incorporated, have been allowed the following additions to the contract for erecting and completing a Fire Department building at Cambridge and Bulfinch streets:

Addition No. 2.—(a.) Changing Bulfinch street elevation from brick to rusticated limestone to match Cambridge street elevation, \$10,348; deduct 13,500 face brick at \$80 per M, \$1,080—\$9,268. (b.) Change type of paving in the yard from granolithic to granite, \$5,302. (c.) Substitute Kalman patent finish for granolithic on apparatus floor, \$3,950; total additions, \$18,520; Original contract, \$270,000; addition No. 1 (January 10, 1930), \$4,088.60; amendment (February 17, 1930), \$4,083.75; total contract with additions and amendment, \$296,692.35.

Although the foregoing is in addition to the work contemplated in the original contract it is incidental thereto. These changes have been recommended by the architect, and it is for the best interest of the city to adopt them.

MAYOR OF BOSTON, ENGLAND, TO VISIT BOSTON, MASS.

Mayor Curley, on March 12, received the following letter from the Mayor of Boston, England:

MAYOR'S PARLOUR,
BOSTON, 28th February, 1930.

THE HONOURABLE JAMES M. CURLEY,
Worshipful Mayor of Boston, Massachusetts, U. S. A.

MY DEAR SIR,—It will give me the greatest possible pleasure as the Mayor of this old town of Boston to accept the very kind invitation you have given me to attend the tercentenary celebrations at your famous city in September next.

I shall esteem it a very great honour to be your guest on such an important occasion and shall look forward to my visit among you. I am sure that all the inhabitants of the old town will join with me in extending to the daughter city our very heartiest greetings and good wishes.

May I ask if the invitation will further include any other member or official of the Corporation, as, personally, I should like others to accompany me to America.

Yours very sincerely,

REUBEN SALTER, Mayor.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Approximate Amounts.

15,000 Feet Two and One-half Inch Double Jacket Cotton Fire Hose.—Globe Rubber Works, Incorporated, 71 cents a foot; Eureka Fire Hose Manufacturing Company, 71 cents a foot; Reece Rubber Company, 67.8 cents a foot; Bi-Lateral Fire Hose Company, \$1 a foot; 71 cents a foot; the Manhattan Rubber Manufacturing Division of Raybestos Manhattan, Incorporated, 72 cents a foot; Ashton-Deveer, Incorporated, \$1.25 a foot; 89 cents a foot; Pearson Rubber Company, 70½ cents a foot; Boston Woven Hose and Rubber Company, 71 cents a foot; Hewitt Gutta Percha Rubber Corporation, 71 cents a foot.

5,000 Feet Three-inch Double Jacket Cotton Fire Hose.—Globe Rubber Works, Incorporated, \$1 a foot; Eureka Fire Hose Manufacturing Company, \$1.02 a foot; Reece Rubber Company, 95.65 cents a foot; the Manhattan Rubber Manufacturing Division of Raybestos Manhattan, Incorporated, \$1.06 a foot; Ashton-Deveer, Incorporated, \$1.50 a foot; \$1.25 a foot; Pearson Rubber Company, \$1.10 a foot; Boston Woven Hose and Rubber Company, \$1 a foot; Hewitt Gutta Percha Rubber Corporation, \$1.05 a foot.

1,000 Feet Three and One-half Inch Double Jacket Cotton Fire Hose.—Globe Rubber Works, Incorporated, \$1.34 a foot; Eureka Fire Hose Manufacturing Company, \$1.34 a foot; Reece Rubber Company, \$1.34 a foot; Ashton-Deveer, Incorporated, \$2.15 a foot; \$1.68 a foot; Pearson Rubber Company, \$2.25 a foot; Boston Woven Hose and Rubber Company, \$1.34 a foot.

2,500 Feet Three-quarter Inch Chemical Rubber Hose.—Globe Rubber Works, Incorporated, 22½ cents a foot; Eureka Fire Hose Manufacturing Company, 27.8 cents a foot; Reece Rubber Company, 23½ cents a foot; the Manhattan Rubber Manufacturing Division of Raybestos Manhattan, Incorporated, 28 cents a foot; Ashton-Deveer, Incorporated, 19½ cents a foot, uncoupled; 23½ cents a foot, coupled; Pearson Rubber Company, 33 cents a foot; Boston Woven Hose and Rubber Company, 17 cents a foot; Hewitt Gutta Percha Rubber Corporation, 28½ cents a foot.

Cash Discount, Ten Days.—Globe Rubber Works, Incorporated, 2 per cent; Eureka Fire Hose Manufacturing Company, 2 per cent; Reece Rubber Company, 2 per cent; Bi-Lateral Fire Hose Company, 2 per cent, sixty days; the Manhattan Rubber Manufacturing Division of Raybestos Manhattan, Incorporated, 2 per cent; Ashton-Deveer, Incorporated, 2 per cent; Pearson Rubber Company, 2 per cent; Boston Woven Hose and Rubber Company, 2 per cent; Hewitt Gutta Percha Rubber Corporation, 2 per cent.

Best Date of Delivery.—Globe Rubber Works, Incorporated, 4 weeks; Eureka Fire Hose Manufacturing Company, 30 days; Reece Rubber Company, 30 days; Bi-Lateral Fire Hose Company, 25 days; the Manhattan Rubber Manufacturing Division of Raybestos Manhattan, Incorporated, 2 weeks; Ashton-Deveer, Incorporated, 2 weeks; Pearson Rubber Company, 30 days; Boston Woven Hose and Rubber Company, 21 days; Hewitt Gutta Percha Rubber Corporation, 3 weeks.

Total.—Globe Rubber Works, Incorporated, \$17,552.50; Eureka Fire Hose Manufacturing Company, \$17,785; Reece Rubber Company, \$16,880; Bi-Lateral Fire Hose Company, \$15,000; \$10,650, bid on 2½-inch only; the Manhattan Rubber Manufacturing Division of Raybestos Manhattan, Incorporated, \$16,800 No. 3½-inch; Ashton-Deveer, Incorporated, \$28,987.50; \$21,867.50; Pearson Rubber Company, \$19,112.50; Boston Woven Hose and Rubber Company, \$17,415; Hewitt Gutta Percha Rubber Corporation, \$16,612.50; no bid on 3½-inch.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

John Bowen Company, Incorporated, has been allowed to deduct from this contract for the following changes in the contract for the Michelangelo District School addition, per architect's letter of February 28, 1930. All of the drains to be hung from the under side of the ground floor slab to a point on front where drain connects with sink in auto room. This would eliminate the digging of trenches from the Michelangelo street side, up to this portion of the building, and in order to take care of the floor drain in the pump

room we would install an ejector. This change to be made without any change in the contract price. Deduct: Allowance for water, \$100; allowance for finish hardware, \$2,000; total deduction, \$2,100, and the amount of \$2,100 will be deducted therefor, making the account as follows: Contract price, \$243,000; total deduction, \$2,100; amount of contract, \$240,900.

Nichols-Egan Company has been allowed the following changes in the contract for the Edmund P. Tileston District School to substitute 28½ pairs of 6 by 6 fiber washed extra heavy butts for outside doors in place of 28½ pairs of 5 by 5 butts specified per architect's letter of February 28, 1930, and the amount of \$171 will be added therefor, making the account as follows: Contract price, \$18,689.71; total additions, \$171; amount of contract, \$18,860.71.

CIRCULAR LETTER NO. 2.

MAYOR'S OFFICE,
BOSTON, March 11, 1930.

To the Heads of Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, on the day of the Evacuation Day parade, March 17, 1930, to all employees in your department who participate in that parade, and to all others who can be spared.

Very truly yours,

JAMES M. CURLEY, Mayor.

LOCATION OF STREETS.

The Mayor has approved the following vote of the Board of Street Commissioners:

That the location, direction, width and grade of the private way, in the West Roxbury district, designated as Oakdale avenue, leading northwesterly from Washington street, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby are, approved.

CIRCULAR LETTER NO. 3.

MAYOR'S OFFICE,
BOSTON, March 8, 1930.

To the Heads of Departments.

GENTLEMEN,—My attention has been directed by the Superintendent of Supplies to the custom which has developed in recent years of utilizing the Supply Department for the confirming of requisitions rather than the purchase of supplies in a competitive way, with a view to securing wholesale rather than retail prices for the best interests of the city the law permits department heads to make purchases in cases of emergency but, from the number of requisitions received, it would appear that the emergency is in evidence at all times.

I beg to direct your attention at this time to the fact that confirming requisitions will not be honored hereafter by the Supply Department unless an actual emergency is proven to exist and any supplies hereafter ordered other than through the Supply Department will be paid for personally by the department head.

Very truly yours,

JAMES M. CURLEY, Mayor.

CENSUS PROCLAMATION.

FIFTEENTH DECENNIAL CENSUS OF THE UNITED STATES.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Whereas, by the Act of Congress approved June 18, 1929, the Fifteenth Decennial Census of the United States is to be taken beginning on the second day of April, nineteen hundred and thirty; and

Whereas, a correct enumeration of the population every ten years is required by the Constitution of the United States for the purpose of determining the representation of the several States in the House of Representatives; and

Whereas, it is of the utmost importance to the interests of all the people of the United States that this Census should be a complete and accurate report of the population and resources of the Nation:

Now, Therefore, I, Herbert Hoover, President of the United States of America, do hereby declare and make known that, under the law aforesaid, it is the duty of every person to answer all questions on the Census schedules applying to him and the family to which he belongs, and to the farm occupied by him or his family, and all other Census schedules as required by law, and that any person refusing to do so is subject to penalty.

The sole purpose of the Census is to secure general statistical information regarding the population and resources of the country, and replies are required from individuals only to permit the compilation of such general statistics. No person can be harmed in any way by furnishing the information required. The Census has nothing to do with taxation, with military or jury service, with the compulsion of school attendance, with the regulation of immigration or with the enforcement of any national, state or local law or ordinance. There need be no fear that any disclosure will be made regarding any individual person or his affairs. For the due protection of the rights and interests of the persons furnishing information every employee of the Census Bureau is prohibited, under heavy penalty, from disclosing any information which may thus come to his knowledge.

I therefore earnestly urge upon all persons to answer promptly, completely and accurately all inquiries addressed to them by the enumerators or other employees of the Census Bureau and thereby to contribute their share toward making this great and necessary public undertaking a success.

In Witness Whereof, I have hereunto set my hand and caused to be affixed the great seal of the United States.

Done at the City of Washington, this 22d day of November, in the year of our Lord One Thousand Nine Hundred and Twenty-nine and of the Independence of the United States the One Hundred and Fifty-fourth.

(SEAL)

HERBERT HOOVER.

By the President:

HENRY L. STIMSON,
Secretary of State.
(No. 1898)

MANY OFFICERS IN POLICE DEPARTMENT APPOINTED FROM OUTSIDE CITIES AND TOWNS.

 James P. O'Day, 16 Barnes avenue, Worcester.

ORDERS ISSUED TO HAVE STREETS REPAIRED PROMPTLY AND THUS PREVENT WASTE OF CITY'S FUNDS IN DAMAGE SUITS.

On March 5 Mayor Curley wrote Mr. Joseph A. Rourke as follows:

"Actions brought against the city during the year 1929 resulted in payments by the city to claimants of about \$160,000.

"It is customary for the Police Department to forward a list, each day, of depressions in the streets or sidewalks of the city and, while I am aware that in a majority of the cases payments are made for injuries that never could be traced to defects in the highways, it is nevertheless advisable to take precautionary protective measures.

"In my opinion two emergency crews could be developed, one for north of Dover street and one for south of Dover

street, each supplied with a motor truck and a group of competent men to make repairs as fast as reported, and do away with the rotten system which now obtains of placing a wooden horse with a red light over a street defect and expending for oil to keep the lantern lighted more money than would be actually necessary to repair the damage."

On March 8, 1930, the Commissioner of Public Works wrote the Mayor as follows:

"In reply to your letter of January 20, regarding the establishment of two emergency crews to take care immediately of defects in streets and sidewalks: These crews will be organized at once, with a suitable area for each in which to operate, who, in general, will take care of first major defects to be reported by telephone from the police officials. To further carry out your suggestion we have started to make arrangements with the different Public Works Department foremen to go to the police stations in their districts every morning and copy the list of defects brought in by the officers, including those which may have been previously reported by telephone to the city yards by the officers, and start immediately each day on this list. In this way at least one and perhaps two days will be saved before the yards, through the present channels, are notified of these defects.

"Although damages awarded by the Law Department or obtained through court action for accidents through these defects are charged against the Reserve Fund, yet we feel that were the greater part of these damage awards eliminated through having the defects corrected earlier, we could utilize this money obtained from the tax levy in meeting the expense of two and perhaps more emergency crews should their necessity later be required.

"Due to the neglect of the previous administration in not awarding contracts during two years for any permanent bituminous patching of the city streets, and the contract which was awarded for such work during the past year paying more particular attention to the large areas rather than to the smaller cuts and defects, the streets of the city at the beginning of this administration were in probably worse condition than they ever were before for a long period, and will tax the resources of the department forces during the entire spring to make safe for travel, by temporary patches, the city streets.

"We open bids for bituminous patching in two districts of the city on Monday, March 10, and it is expected that the contractor in each district will do more work than the contractor for the entire city had previously done, and at the end of the year the streets will be in such condition as to require the minimum amount of temporary patching."

CLAIMS DISAPPROVED.

The Law Department has disapproved twenty-three claims against the city aggregating \$3,139.74, and they are classified as follows:

Against the Building Department, one, amounting to \$65; against the Fire Department, three, amounting to \$953.46; against the Park Department, two, amounting to \$250; against the Public Works Department, fifteen, amounting to \$1,791.28; against the School Department, one, amounting to \$75; against the Board of Street Commissioners, one, amounting to \$5.

LOSS OF GRAIN SHIPMENTS TO PORT OF BOSTON OVER 25-YEAR PERIOD FOUND TO BE 13,000,000 BUSHELS.

Mayor Curley, on March 8, forwarded the following communication to Hon. Frank G. Allen, Governor of Massachusetts:

YOUR EXCELLENCY,—I beg to forward herewith copy of communication received from Frank S. Davis, Manager of the Maritime Association of the Boston Chamber of Commerce, which is, in a measure, self-explanatory.

The decline of Boston as a commercial port is due to two primary causes: First, the discriminatory differentials, and, second, the inability to furnish bottom cargoes, preferably of grain, to which may be traced the fact that the principal port of New England is today a port of call rather than a cargo port.

The pathetic story of Boston's decline commercially is best understood by a perusal of the figures with reference to grain shipments from Boston over five-year periods during the last quarter of a century, as per addenda.

The twenty-five year period with reference to grain shipments of the port of Boston includes the year 1915, which should not be considered in view of the figures due to the fact that the World War was in progress and an unusual and extraordinary condition obtained in that particular year.

In 1905 the grain shipments totaled 17,344,754 bushels. In 1910, 9,322,840 bushels. In 1915, which is not a normal year, due to the war, 16,695,447 bushels. In 1920, 6,057,742 bushels. In 1925, 6,490,930 bushels. In 1929, 3,879,817 bushels, or a reduction in shipments of more than 13,000,000 bushels in a twenty-five year period.

The opportunity to overcome what has been an obstacle during the past twenty-five years is presented in the adoption of the recommendation as contained in the accompanying communication submitted by the Maritime Association of the Boston Chamber of Commerce.

I sincerely trust that you will find it possible to cause investigation to be made at once and, in the event that the facts are as set forth by the Maritime Association, recommend to the Legislature an appropriation in the amount that may be necessary for the erection of a grain elevator upon state-owned land at South Boston.

Respectfully,
JAMES M. CURLEY, Mayor.

FIRE DEPARTMENT ORDERS.

General Order No. 22.

I. BOSTON PROTECTIVE DEPARTMENT.

Due to certain changes in the assignment system of the Boston Protective Department the Acting Superintendent has requested that copies of Boston Protective Department General Orders No. 431 be issued to the Fire Department.

In addition the Fire Department will be guided by the following rules:

(a) Officers in charge of fires, as soon as consistent with their fire duties, shall notify the Fire Alarm Office that the Protective Department is needed, if, in their judgment, the services of the Protective Department are necessary.

(b) The Fire Alarm Office will continue as heretofore to notify the Protec-

The letter received by Mayor Curley from Frank S. Davis of the Maritime Association reads as follows:

DEAR MAYOR CURLEY,—The importance to Boston of the opening of the new Welland Ship Canal next July and coincident therewith the development of port terminal facilities, including a 4,000,000 bushel grain elevator at Oswego, New York, cannot be overestimated.

You have heard several mention this lately, including Mr. Fay at your luncheon yesterday.

It will afford Boston a net differential rate advantage of one cent under Philadelphia and Baltimore on ex-lake grain for Boston via New York, Ontario and Western and New Haven Railroads, a 100 per cent New England controlled route. This really is the main objective of our port differential fight. But we have no modern grain elevator on the New Haven at South Boston. Perhaps you will wish to suggest that the Port Authority cooperate with the Department of Public Works and look to the feasibility of having the state construct a modern grain elevator at South Boston, so we may be in a position to reap full benefit from the Welland Ship Canal project.

Very truly yours,
F. S. DAVIS, Manager.

The Mayor received the following letter from John D. Wright, Secretary to the Governor:

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—Before leaving the State House today Governor Allen directed me to acknowledge your letter of March 5, inclosing copy of communication from Mr. Frank S. Davis, Manager of the Maritime Association of the Boston Chamber of Commerce, recommending the construction of a modern grain elevator at South Boston as a further measure in the development of the port's terminal facilities.

I am instructed further to say that the matter will receive the prompt attention of the Governor.

Sincerely yours,
JOHN D. WRIGHT,
Secretary to the Governor.

tive Department Headquarters of all still alarms throughout the city.

(c) District officers, on telephone request, shall give to the Protective Department Headquarters information in regard to fires.

In accordance with an order of the Protective Department, all changes will take effect March 5, 1930.

By order of Acting Fire Commissioner Daniel F. Sennott.

HENRY A. FOX,
Acting Chief of Department.

General Order No. 23.

I. BOSTON AUTOMATIC FIRE ALARM COMPANY.

Two new pages, Nos. 2 and 9, for the Boston Automatic Fire Alarm Company

assignment book are being issued to the department today. Old pages, Nos. 2 and 9, will be returned to Headquarters in the envelopes provided not later than Friday, March 7, 1930.

II. CHANGES IN NAMES OF STREETS.

The following changes in names of streets, which took effect on March 1, 1930, are hereby announced for the information of the department:

Southern Artery, Dorchester, between Morton street and Neponset avenue, to Gallivan Boulevard.

Congress square, Boston, from State street southerly and thence easterly, and from Devonshire street to Congress street, to Quaker lane.

Exchange street, Boston, from State street to Dock square, to Congress street.

III. NEW MORSE DECK GUNS.

New Morse deck guns have been installed on the following pumers of this department: Engines 3, 4, 5, 7, 8, 10, 25, 35 and 39. These deck guns are of 1,100 gallons capacity per minute and are equipped with 1½-inch nozzles. In the event of larger or smaller streams being required the nozzles may be changed to the spare nozzles available with the companies.

As there are a great many fires in the high pressure zone, where pumers are not required to operate, the officers in command at these fires will have these extra deck guns available when needed.

IV. COMMENDATIONS.

The Acting Fire Commissioner is in receipt of the following letter from Rear Admiral William S. Sims, U. S. N., which was accompanied by a check for \$10. The check has been turned over to the treasurer of the Boston Firemen's Relief Fund.

THE FIRE DEPARTMENT, Boston, Mass.

DEAR SIRS,—Please accept the inclosed small contribution to the Boston Fire Department Pension Fund, with the thanks of Mrs. Sims and me for your prompt assistance in putting out the recent chimney fire at our house, 26 Brimmer street.

Very truly yours,
WILLIAM S. SIMS,
Rear Admiral, U. S. N.

Hoseman Albert L. O'Neil of Engine Company 5 is hereby commended for responding to and working at fire, Box 6184, February 27, 1930, while off duty.

Ladderman Chesar Aspesi of Ladder Company 23 is hereby commended for responding to and working at fire, Box 3188, on February 27, 1930, while off duty.

V. TRANSFERS.

The following transfers are hereby announced to take effect at 8 a. m., Friday, March 7, 1930:

Hoseman Fred Hahn, from Engine 23 to Engine 16.

Ladderman Joseph A. Curtis, from Ladder 21 to Ladder 16.

Hoseman Francis M. Sullivan, from Engine 16 to Engine 23.

By order of the Acting Fire Commissioner Daniel F. Sennott.

HENRY A. FOX,
Acting Chief of Department.

General Order No. 24.

The following is published for the information and guidance of the members of the Fire Department:

CITY OF BOSTON,
OFFICE OF THE CITY CLERK,
CITY HALL, March 4, 1930.

MR. EDWARD F. McLAUGHLIN.

SIR,—I have the honor to inform you that you have been duly appointed, in accordance with the provisions of chapter 486 of the Acts of 1909, as Fire Commissioner for the term ending April 30, 1934. You are required to be sworn before acting under this appointment.

WILFRED J. DOYLE,
City Clerk.

COMMONWEALTH OF MASSACHUSETTS.

BOSTON, March 5, 1930.

SUFFOLK, SS.

Personally appeared Edward F. McLaughlin, above named, and made oath that he would faithfully and impartially discharge and perform all the duties incumbent in the office aforesaid.

Before me,

WILFRED J. DOYLE,
City Clerk.

In accordance with the foregoing I hereby assume charge of the Fire Department of the City of Boston to take effect at 12 m., Wednesday, March 5, 1930.

EDWARD F. McLAUGHLIN,
Fire Commissioner.

General Order No. 25.

I. TAXES.

Notice has been received from his Honor the Mayor that fully 20 per cent of the employees of the City of Boston have been negligent in the important duty of paying their taxes. Instructions have been received to inform all employees of this department that they must present a receipted bill covering poll, personal and excise taxes on or before April 1, 1930, or their names will be submitted to the City Treasurer with an order to withhold from such salaries and wages due them an amount sufficient to reimburse the city.

District chiefs and heads of department divisions are instructed to examine every man in their command and require him to show a paid poll tax bill for 1929. They will also ask each man if he has received any personal property tax bill for the years 1925-28, inclusive, or an excise tax bill for the year 1929. If the employee has received such a bill a receipt must be shown to the district chief or head of department division.

On April 2, 1930, consolidated reports will be forwarded to the Fire Commissioner giving the names of all employees under their command who have not shown a paid poll tax bill for 1929, and the names of all those who have received personal and excise tax bills and do not show receipted bills.

II. BUILDING LAW.

A copy of the new edition of the Building Law has been furnished this day to the headquarters of each district and division.

III. COMMENDATIONS.

Hoseman Edward M. Doherty of the Fire Prevention Division is hereby commended for extinguishing a serious fire

in a closet at 41 Washington street, Charlestown, while off duty, and without the necessity of calling the Fire Department.

The Fire Commissioner is in receipt of the following letter from the management of Thompson's Spa, concerning the services rendered by members of this department at the fire in Thompson's Spa on Saturday evening, March 1, 1930. A check for \$50 was sent with the letter and it has been turned over to the treasurer of the Boston Firemen's Relief Fund.

HON. EDWARD F. McLAUGHLIN, *Fire Commissioner.*

DEAR COMMISSIONER,—We wish to express our sincere appreciation of the most excellent work which the Boston Fire Department did in connection with our recent fire.

The Chief and his men were confronted with a dangerous task, but they were most considerate of our interests.

As a token of our appreciation, there is inclosed a check which we would like to have credited to the Firemen's Relief Fund.

We wish to extend our thanks to each member of your department, who participated in fighting the fire.

Sincerely yours,

THOMPSON'S SPA, INC.,
by M. H. EATON, *Treasurer.*

The Fire Commissioner has also received the following communication from the superintendent of the Boston State Hospital in appreciation of the services rendered by members of this department at the fire in the Boston State Hospital on March 4, 1930:

MR. EDWARD F. McLAUGHLIN, *Fire Commissioner*, Bristol Street, Boston.

DEAR SIR,—I wish to express my appreciation of the work done by the Fire Department at 9.30 p. m., March 4, under the direction of Deputy Chief Walter M. McLean.

The fire was in one of the buildings of the West Group; several companies responded within a very few minutes, and everything was handled with neatness and dispatch.

It affords me great pleasure to express my appreciation of the work done by the department on that occasion.

Very sincerely yours,

JAMES V. MAY, *Superintendent.*

By order of Fire Commissioner Edward F. McLaughlin.

DANIEL F. SENNOTT,
Chief of Department.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

JUNIOR CHEMIST, DEPARTMENT OF PUBLIC WORKS, MARCH 29, 1930.

(Requisition is for male, but the examination is open to both males and females.)

The entrance salary is \$1,800 a year. The maximum salary is \$2,160 a year.

Duties: The duties are chemical and physical in nature, the work involving chemical analysis of paint, pigments, paint oils, thinners, lubricating oils, asphaltic and tar oils, cement, lime, water, etc. The physical work involves testing of broken stone, gravel, bituminous and concrete sand, bituminous materials,

steel, cement concrete, various types of culvert pipes sewer brick, premolded joints, and other materials pertaining to highway construction and maintenance.

Qualifications: Applicants must have education equivalent to graduation from a college or university of recognized standing, or have training and experience in chemistry or chemical engineering, which, in the opinion of the Commissioner of Civil Service, is equivalent to that required for graduation from a recognized college.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain a mark of at least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners, as to their physical fitness for the position.

INDUSTRIAL INSTRUCTOR, DEPARTMENT OF CORRECTION, STATE PRISON, MARCH 29, 1930.

The entrance salary is \$1,800 a year. The maximum salary is \$2,160 a year.

Duties: To act as instructor in the new shop that is being established for the painting of beds and signs. Applicants must have a complete knowledge of a paint-spraying gun, including its proper operation, in the application of lacquer and pyroxylin; should be able to apply a uniform finish to metal beds and various highway sign products, and should be able to supervise the manufacture of metal products, especially the highway signs and markers.

Qualifications: Applicants must have education equivalent to graduation from a grammar school.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain at least 60 per cent in practical questions, and 70 per cent in the other subjects and in general average in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

THE METROPOLITAN DISTRICT.

With its 40 Municipalities.

Consists in the most inclusive sense of forty municipalities, including Boston, or fourteen cities and twenty-six towns, all within fifteen miles of the State House but not yet consolidated in one complete governmental system. The seven cities in the first zone, *i. e.*, adjacent to Boston, are these, *viz.*, Cambridge, Chelsea, Everett, Newton, Quincy, Revere and Somerville; the six cities in the second zone, not adjacent, are Lynn, Malden, Medford, Melrose, Waltham and Woburn. The six adjacent towns are Brookline, Dedham, Milton, Needham, Watertown and Winthrop; the twenty other towns are Arlington, Belmont, Braintree, Canton, Cohasset, Dover, Hingham, Hull, Lexington, Nahant, Reading, Saugus, Stoneham, Swampscott, Wakefield, Wellesley, Weston, Westwood, Weymouth and Winchester. North and northwest of Boston are situated eleven of the cities and twelve of the towns; south and southwest, two cities and fourteen towns.

POLICE DEPARTMENT ORDERS.

General Order No. 1476.

The resignation of Patrolman John C. O'Neil of Division 9 having been presented, it is hereby accepted, to take effect on Friday, March 7, 1930, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1477.

The resignation of Patrolman Mortimer F. Duggan of Division 6 having been presented while charges against him are pending, it is hereby accepted, to take effect as of Monday, March 10, 1930, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1478.

A trial board consisting of Captains Grant, Perry and Campbell, having heard by reference a complaint against Patrolman John M. Kelly of Division 5, charging him with conduct unbecoming an officer, and disobedience of orders, reported to the commissioner a finding of not guilty on Charge 1 and specifications thereunder, and guilty on Charge 2 and specification thereunder.

In accordance with which it is hereby ordered that the said Patrolman John M. Kelly perform two hundred and ten hours' punishment duty.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

MAYOR CURLEY FELICITATED BY ORDER OF FOUNDERS AND PATRIOTS OF AMERICA.

Mayor Curley is in receipt of the following communication from the Massachusetts Society of the Order of the Founders and Patriots of America:

"At the Annual Meeting of this Society, on March fourth, 1930, it was

Voted, That the Secretary of this Society is hereby requested to place upon the records our sense of deep appreciation for the patriotic services being rendered by

The Honorable James M. Curley,
Mayor of Boston,
in planning for a proper and suitable observance of
The Founding of Boston in 1630.

We, the members of this Society, of the Order of the Founders and Patriots of America, have special interest in the observance of the tercentenary as our claim to membership is based upon direct descent from the Founders; and it is further

Voted, That the Secretary transmit a certified copy of the above vote to his Honor the Mayor of Boston.

Tuesday, March Fourth, being 'Charter Day,' 1930."

MUNICIPALITY TAKES OVER CHAMBER OF COMMERCE AIRPORT.

Oklahoma City has voted \$425,000 in bonds for the enlargement and improvement of its municipal airport. The Aviation Committee of the Oklahoma City Chamber of Commerce has operated the airport for the past four years and was largely instrumental in putting over the bond-issue campaign. The port will in the future be operated by the city as a strictly municipal project.

When completed, the new field will comprise 360 acres and will meet all of the qualifications for an A 1A airport as set forth by the United States Department of Commerce.

TRAFFIC SIGNALS REDUCE BALTIMORE TRAFFIC TOLL.

An analysis of traffic accidents at street intersections in Baltimore indicates that the automatic traffic signal is proving very effective in reducing the number of such accidents.

There were 419 traffic accidents at all intersections covered in the report issued by the Baltimore Safety Council for the first six months of 1927, before the signals were installed. In direct contrast, only 259 such accidents were recorded for the first six months of this year, with the signals in operation.

The casualties were: one person killed and 129 injured before the installation of the signals, as compared with two killed but only 92 injured after. A reduction in the number of accidents was reported at thirty-two intersections, following the installation of the signals, while seventeen other intersections have shown little or no change as yet, and ten actually have experienced an increase since the use of the signals.

THROUGH TRAFFIC STREETS.

Many a city government, confronted almost unawares by the ever-increasing traffic problem, has seized upon the "through street" idea as the least expensive sop to those who clamor for something to relieve the distress. This situation is reflected in many city traffic ordinances which give absolute right-of-way to vehicles on any of the "arterial highways" included in a long list, and which fail entirely to provide for stop requirements, signs, enforcement facilities, or public education. Unfortunately, traffic regulation is not so simple. It cannot be successfully accomplished by merely designating certain through streets.

Still, through streets are useful. Their successful application depends only on an understanding of what can and what cannot be expected of them, and on a realization of where they fit into the traffic control picture. Consider a street as it develops with the increasing traffic from a minor highway to a heavily traveled main thoroughfare. Traffic control will logically develop in successive steps something like these:

1. No control at all.
2. Slow or stop signs at isolated intersections.
3. Through streets with stop signs at every intersection.
4. Occasional automatic signals introduced where there is heavy cross traffic.
5. Complete flexible progressive signal control.
6. Grade separation at important intersecting streets.
7. Elevated or depressed roadway without intersecting streets.

CONSTRUCTION WORK.

The Mayor has approved the order of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch and 12-inch pipe and a surface drain of 5-foot and 5-foot 3-inch circular concrete in Lasell street, between Harwood street and private land; private land, between Lasell street and Keith street; Keith street, between private land and Alder street, and in Alder street, between Keith street, and 237 feet southeasterly, in the West Roxbury district, at an estimated cost of \$20,000.

A sanitary sewer of 15-inch pipe in Radford lane, between Bushnell street and 77 feet easterly, in the Dorchester district, at an estimated cost of \$600.

A sanitary sewer of 12-inch pipe in Clifford street, between Hawthorne street and 295 feet southerly, in the Hyde Park district, at an estimated cost of \$2,000.

A sanitary sewer of 15-inch pipe in Bushnell street, between Van Winkle street and Radford lane, in the Dorchester district, at an estimated cost of \$2,400.

A surface drain of 10-inch pipe in Strathcona road, between Brinsley street and 247 feet southwesterly, in the Dorchester district, at an estimated cost of \$1,500.

A surface drain of 10-inch, 12-inch and 18-inch pipe and four catch-basins in Hemlock street, between Walworth street and Washington street, in the West Roxbury district, at an estimated cost of \$3,800.

Two catch-basins in Park street, between Robin street and Martin street, in the West Roxbury district, at an estimated cost of \$600.

A sanitary sewer of 5-foot circular concrete in Mt. Vernon street, between land of Commonwealth of Massachusetts and a point 240 feet southeasterly, and in land of the Commonwealth of Massachusetts, between Mt. Vernon street and a point 276 feet southeasterly, in the Dorchester district, at an estimated cost of \$20,600.

A surface drain of 10-inch pipe and eight catch-basins in South Crescent Circuit, between Breck street and a point 970 feet easterly, in the Brighton district, at an estimated cost of \$5,500.

A sanitary sewer of 10-inch pipe, a surface drain of 10-inch pipe and two catch-basins in Stratford street, between Saville street and Woodward road in the West Roxbury district, at an estimated cost of \$1,500.

A sanitary sewer of 10-inch and 12-inch pipe (to be built in old taking) in Lasell street, between Harwood street and 65 feet southwesterly; Keith street, between private land and Alder street, and in Alder street, between Keith street and 230 feet southeasterly, in the West Roxbury district, at an estimated cost of \$2,700.

A sanitary sewer of 10-inch pipe, a surface drain of 10-inch and 12-inch pipe and seven catch-basins in Robin street, between La Grange street and 130 feet northeast of Park street, in the West Roxbury district, at an estimated cost of \$1,225.

A surface drain of 10-inch and 12-inch pipe in Gladstone street, between Breed street and Selma street, in the East Boston district, at an estimated cost of \$3,200.

A sanitary sewer of 12-inch pipe in Southern Artery (Gallivan Boulevard) (south side), between Druid street and 740 feet westerly, in the Dorchester district, at an estimated cost of \$7,400.

MASSACHUSETTS CIVIL SERVICE
EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

DAIRY INSPECTOR, BOSTON HEALTH DEPARTMENT, MARCH 28, 1930.

Salary, \$1,600 a year.

It is desirable that applicants have experience in field inspection, animal husbandry and dairying, a working knowledge of all types of milk processing machinery, a knowledge of the rules, regulations and statutes applying to milk and dairy production for the Boston market.

Subjects and weights: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners, as to their physical fitness for the position.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

The New England Construction and Maintenance Company have been granted an extension of the time of completion of the contract for repairing steel and rebuilding floor of draw span of Prison Point Bridge, from February 15, 1930, to March 22, 1930.

PROCEEDINGS OF SCHOOL COMMITTEE.

Feb. 17, 1930

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7.35 o'clock, P. M., the Chairman presiding.

Present: Messrs. Gray, Hurley, Lyons, Mrs. Pigeon, and Mr. Reilly.

AMENDMENT AND APPROVAL OF MINUTES

On motion, the minutes of previous meetings were amended as follows:

Oct. 7, 1929, on page 230, to provide that the leave of absence without pay granted Anna J. Corliss, assistant, intermediate, Abraham Lincoln District, under a suspension of the rules, shall read "Sept. 11, 1929, to Dec. 10, 1929."

Nov. 18, 1929, on page 274, as amended Dec. 23, 1929, on page 307, and Jan. 20, 1930, on page 7, to provide that the appointment from the eligible list of Thomas J. Cunney shall read as follows: "Abraham Lincoln District—Thomas J. Cunney, assistant, intermediate, tenth year, Jan. 2, 1930."

Nov. 18, 1929, on page 275, as amended Jan. 6, 1930, on page 2, to provide that the appointment from the eligible list of Margaret J. O'Brien, as assistant, elementary, fourth year, in the Francis Parkman District, shall read "fifth year."

Dec. 16, 1929, on page 301, to provide that the text book authorized in Order No. 3 shall read "Brownlee, Raymond B., Hancock, William J., Fuller, Robert W., Sohon, Michael D., Whitsit, Jesse E. Laboratory Exercises to Accompany Elementary Principles of Chemistry, rev. Allyn and Bacon, cpt. 1928 cloth-bound net .75."

Dec. 23, 1929, on page 307, as amended Jan. 20, 1930, on page 7, to provide that the appointment from the eligible list of Elizabeth Skirball as assistant in the Roxbury Memorial High School (Girls), to take effect Jan. 20, 1930, shall read "fifth year."

The reading of the minutes of the previous meeting was omitted. The Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers as submitted by the Superintendent and laid over at the previous meeting.

The appointments were approved.

The total expenditures on the January draft for all school purposes were therefore \$1,247,483.03
Placed on file.

DEATH OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1930, reporting the death on Feb. 11, 1930, of Leo T. Young, custodian, James Otis Schoolhouse.

Placed on file.

The following was offered:

The School Committee has learned with sincere regret of the untimely death of Leo T. Young, custodian of the James Otis Schoolhouse. In the early morning of Feb. 10, 1930, Mr. Young, while performing his duties, was overcome by the fumes of illuminating gas which penetrated the building. He lived until the following day but never regained consciousness. Mr. Young was a conscientious and faithful public servant and his death is a distinct loss to the Department.

The School Committee tenders to the bereaved family its sincere sympathy and appreciation of the loss which the family has sustained in the sudden taking away of husband and father.

RESOLVED, That this memorial be spread upon the records and a copy thereof sent to the family.

Adopted unanimously.

APPOINTMENTS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1930, reporting that he has considered the candidates certified by the Civil Service Division as eligible to fill three vacancies as regular substitute custodians, and recommending the appointments of the following-named persons, the first three on the list willing to accept appointment, to take effect Feb. 16, 1930:

Thomas H. Gillis, John F. Muldoon, Vincent T. Gilligan.

Placed on file and the appointments approved to take effect on the date stated.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1930, recommending that leaves of absence be granted the following-named custodians for the periods specified:

Charles D. P. Desmond, custodian, Bigelow Schoolhouse Jan. 28, one-half day, and Jan. 29 to

Feb. 5, 1930, inclusive, on one-half net compensation, because of personal illness.

Charles V. Gillis, custodian, Fairmount Schoolhouse, Jan. 13 to 16, 1930, inclusive, on one-half net compensation, because of personal illness.

James J. Dunn, custodian, Girls' High School Annex, Jan. 27 to Feb. 1, 1930, inclusive, on one-half net compensation, because of personal illness.

William L. Kendrick, custodian, Michael J. Perkins Schoolhouse, Feb. 6 to 9, 1930, inclusive, on one-half net compensation, because of personal illness.

Albert L. O'Brien, custodian, George Frisbie Hoar Schoolhouse, Feb. 9 to 14, 1930, inclusive, on one-half net compensation, because of personal illness.

Placed on file and leaves of absence granted for the periods specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1930, transmitting a list of candidates desiring transfer to the custodianship of the Wendell Phillips Schoolhouse, and recommending that James J. Clark, custodian, John Greenleaf Whittier Schoolhouse, who stands at the head of the list, be appointed to the position to take effect Mar. 2, 1930.

Placed on file and the transfer of James J. Clark approved to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1930, recommending that Edward F. Dowd, regular substitute custodian, the only candidate in the service desiring transfer to the custodianship of the Thomas Dwight Schoolhouse, be appointed to the position to take effect Feb. 21, 1930.

Placed on file and the transfer of Edward F. Dowd approved to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1930, transmitting a list of candidates desiring transfer to the custodianship of the Williams Schoolhouse, and recommending that Martin A. Keeley, custodian, Asa Gray Schoolhouse, who stands at the head of the list, be appointed to the position to take effect Feb. 21, 1930.

Placed on file and the transfer of Martin A. Keeley approved to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1930, transmitting a list of candidates desiring transfer to the custodianship of the Martha A. Baker Schoolhouse, and recommending that John J. Kelly, regular substitute custodian, who stands at the head of the list, be appointed to the position to take effect Feb. 21, 1930.

Placed on file and the transfer of John J. Kelly approved to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1930, trans-

mitting a list of candidates desiring transfer to the custodianship of the Asa Gray Schoolhouse, and recommending that Richard A. McCarthy, custodian, Albert Palmer Schoolhouse, who stands at the head of the list, be appointed to the position to take effect Feb. 21, 1930.

Placed on file and the transfer of Richard A. McCarthy approved to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1930, recommending that Colin McPherson, regular substitute custodian, the only candidate in the service desiring transfer to the custodianship of the Copley Schoolhouse, be appointed to the position to take effect Feb. 21, 1930.

Placed on file and the transfer of Colin McPherson approved to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1930, recommending that Charles T. Norton, regular substitute custodian, the only candidate in the service desiring transfer to the custodianship of the William Wirt Warren Schoolhouse, be appointed to the position to take effect Feb. 21, 1930.

Placed on file and the transfer of Charles T. Norton approved to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1930, recommending that Robert A. Powers, regular substitute custodian, the only candidate in the service desiring transfer to the custodianship of the Mary L. Brock Schoolhouse, be appointed to the position to take effect Feb. 21, 1930.

Placed on file and the transfer of Robert A. Powers approved to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1930, transmitting a list of candidates desiring transfer to the custodianship of the Clinch Schoolhouse, and recommending that Joseph J. Ridge, custodian, Mary L. Brock Schoolhouse, who stands at the head of the list, be appointed to the position to take effect Feb. 21, 1930.

Placed on file and the transfer of Joseph J. Ridge approved to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of Feb. 17, 1930, recommending the transfer of John A. Tyrell, regular substitute custodian, the only candidate in the service desiring transfer to the custodianship of the Austin Schoolhouse, to take effect Feb. 21, 1930.

Placed on file and the transfer of John A. Tyrell approved to take effect on the date stated.

OBSERVANCE OF EVACUATION DAY

The following were offered:

ORDERED, That the sessions of the day and evening schools in South Boston be suspended on Evacuation Day, Monday, Mar. 17, 1930, and that the Dorchester High School for Boys, the Dorchester

High School for Girls, and the William E. Russell District close at twelve o'clock noon on that day.

ORDERED, That, weather permitting, the South Boston and Dorchester High School for Boys Battalions be permitted, if they so desire, to participate in the parade to be held in South Boston in commemoration of Evacuation Day on Monday, Mar. 17, 1930.

ORDERED, That the Superintendent is hereby requested to instruct the principals of schools and districts, except those in South Boston and Dorchester the sessions of which have been suspended, to hold appropriate patriotic exercises during the afternoon of Monday, Mar. 17, 1930, in commemoration of Evacuation Day.

ORDERED, That pupils who reside in South Boston but attend public schools situated in other parts of the city be excused from attendance on Monday, Mar. 17, 1930, in connection with the celebration of Evacuation Day.

Passed by unanimous vote.

ANNUAL REPORT FOR 1929

On motion, it was

ORDERED, That this Committee hereby adopts as its Annual Report for the year 1929, the Annual Report of the Superintendent of Public Schools, being School Document No. 7, 1929.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

THE COST OF DIPHTHERIA.

Diphtheria costs New York City over \$5,000,000 annually, according to Dr. Shirley W. Wynne, Health Commissioner of New York, whose statement, given in a news release from the department, is based on the calculations of the value of the lives lost, the cost of hospital care, and the expense of caring for patients in their homes.

Last year the loss occasioned by diphtheria in New York City was as follows:

Value of 642 human lives lost.....	\$4,575,000
Cost of hospital care for 2,976 cases in the Contagious Disease Hospitals.....	391,000
Cost of caring for 7,800 cases in private homes.....	273,000
	<u>\$5,139,000</u>

As against an annual economic loss of over \$5,000,000 a year it is stated that an expenditure of less than 10 per cent of this sum will suffice to wipe out diphtheria and thus save the community \$4,500,000 annually.

Figures by the New York City Department of Health show that thus far this year over 25,000 children have been immunized against diphtheria, nearly 12,000 having been protected by private physicians. The growing interest on the part of parents is well shown in the steady increase in the number of children immunized, which increased from 555 in the first week of the present campaign to 4,702 during the first week in April, or almost ninefold.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent. Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

METHODS OF ELIMINATING GRADE-CROSSING ACCIDENTS.

Five suggestions aimed at the elimination of grade-crossing accidents are offered in the monthly report of the Street Traffic Committee of the National Automobile Chamber of Commerce.

It is estimated that curing the grade-crossing evil would reduce traffic accidents by 10 per cent in a very short time, and the Committee presents the following five points for discussion:

1. Do away with those grade crossings which have the heaviest traffic.
2. Place warning signs not less than 500 feet back from the railroad tracks.
3. Take down all signs from obsolete trackage.
4. Use traffic-light signals (operated by trains) instead of signs, if there are fewer than five trains per day.
5. Consider scrapping all railroad signs in favor of signals for use only when train is approaching.

"The last two points merit consideration first, because, though they are new doctrines, they seem the least expensive and most practical of application."

BOSTON AREA TO WARD LINES.

Total, 30,598 acres (*i. e.*, 47.81 square miles), 2,944 acres being filled land, 1,143 acres water area and 1,436 acres flats. Land area only, 28,019 acres (*i. e.*, 43.78 square miles). Included in the latter are 160 acres of filled flats recently added to the land area of South Boston and 175 acres to that of East Boston.

Original Boston contained about 780 acres of land. Of the twelve leading American cities, eight are larger in land area than Boston, *viz.*, Los Angeles (441 square miles), New York (318), Chicago (199.4), Philadelphia (129), Baltimore (91.9), Detroit (80), Cleveland (56.6) and St. Louis (61.25). The only city in Massachusetts with larger land area is Taunton (50 square miles).

If Boston should expand by annexations as New York, Chicago, Philadelphia, Los Angeles and others have expanded, its total area, in case of including the thirty-nine cities and towns within the 15-mile radius, would be second to the largest, *viz.*, Los Angeles, the present land area of "Greater Boston" being 409.5 square miles.

ALTITUDES IN BOSTON.

(1) Highest, Custom House tower, 510.71 feet, *i. e.*, top of finial above mean low water (same as "city base") or 495 feet from surface of street; (2) Bellevue Hill, West Roxbury, 376.3 feet to top of new reservoir, or about 320 feet of top of hill; (3) Bunker Hill Monument, 307.84 feet, or top of Breed's Hill, Charlestown, at base of monument, 86.44 feet; (4) Slocum Hill, near Allandale street, Jamaica Plain, about 300 feet; (5) High Fort Observatory, Highland Park, Roxbury, 291 feet, on top of hill at base of tower, 158 feet; (6) Revolution Memorial Monument, Telegraph Hill, South Boston, 270 feet, or top of hill at base of monument, 145 feet; (7) State House, top of dome, 261 feet; (8) Hill between Poplar and Dale streets, West Roxbury, near Hyde Park boundary line, about 258 feet; (9) Peters' Hill, Arnold Arboretum, 237 feet; (10) Fairmount Hill, Hyde Park, about 220 feet, Beacon Hill, now 107.89 feet (*i. e.*, at corner of Mt. Vernon and Joy streets), was originally about as high as the base of the State House dome.

LIFE-GIVING PATRIOTISM IS LOCAL.

By civic patriotism is meant the feeling and the taking of a deep, unselfish, earnest, ever-wakeful, active interest in the affairs of one's own city or local community, regarding it as having an autonomy, a distinct personality, a name and interests of its own, and, if one pleases, endowed with a sense of personal honor and with all laudable ambitions for the promotion of the welfare of its people.

Where such civic virtues exist the local community will neither suffer from the dry-rot of public indifference and neglect nor become tainted with graft or corruption. Its life will be healthful, and, like the ocean, will be kept pure by its own ceaseless flow and movement. All life-giving patriotism is local.

Show a good municipal citizen and one will see a citizen who loves his state, and who loves his nation, and who will discharge all the duties of this triple relation. Good government in local affairs is the best assurance of good government in state and national affairs.

CIVIL SERVICE EXAMINATIONS. (STATE.)**STATE EXAMINERS OF ELECTRICIANS.**

Examination will be held at the following points and on the following dates:

Boston, Monday, April 7.
Springfield, Thursday, April 10.
Boston, Monday, May 12.
Worcester, Thursday, May 15.
Boston, Monday, June 23.
Boston, Tuesday, June 24.
Boston, Monday, September 22.
Worcester, Thursday, September 25.
Boston, Monday, October 6.
Lowell, Thursday, October 9.
Springfield, Friday, November 7.
Pittsfield, Saturday, November 8.
Boston, Monday, December 8.
New Bedford, Wednesday, December 10.
New Bedford, Thursday, December 11.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master of journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

ELLIOT H. GOODWIN,
PAYSON SMITH,
GEORGE C. NEAL,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

PITTSFIELD FIRST CITY TO ADOPT WELDING SOCIETY BUILDING CODE.

Pittsfield, Mass., is the first city in this country to make formal adoption of the building code proposed by the American Welding Society to make available the advantages of welding in the construction of buildings in municipalities.

CONSOLIDATION OF COUNTIES TO REDUCE TAXES.

Just as consolidation of small business under holding or managing companies reduces overhead costs, it is fair to believe that consolidation of small counties into larger units would reduce taxes through eliminating duplicating offices, etc.

New York has a plan for recasting more than 60 counties into 37 units, and Tennessee, after already having merged 2 counties, now plans to merge the 95 counties in the state into 11 new units.

The results of Tennessee's experience in merging Hamilton and James counties in 1919, as portrayed by J. W. Manning of Vanderbilt University, are interesting. He points out that taxes in James County have been reduced one half, paved highways have been increased from two miles to fifty miles, and many manufacturing plants have entered the county because of the reduction in taxes. The results in New York and Tennessee will be watched with interest by the whole country.

SETTLEMENT OF BOSTON, 1630.

Effectuated by Puritan colonists under Governor John Winthrop in the latter part of August, 1630. The name of the original settlement was changed to Boston from Trimountaine by order of the Court of Assistants on September 7, (O. S.), 1630. This date was moved forward by the new style calendar in 1752 to September 17, the recognized date of the founding of Boston. The name, Trimountaine, had been given because of the three peaks of the most prominent hill, afterward called Beacon Hill, much higher then than now. By the Indians the place was called Shawmut. The name, Boston, was derived from the English town of Boston in Lincolnshire, the home of some of the leading colonists and promoters of the enterprise.

DIMENSIONS, ETC., OF BOSTON.

Boston's greatest length, 13.8 miles, *i. e.*, from northern end of East Boston to southern end of Hyde Park; greatest width, 7.75 miles, *i. e.*, from Marine Park shore to western end of Brighton; median transverse width, 5.75 miles, *i. e.*, from Charles river at Harvard Bridge to Neponset river at Blue Hill avenue; width of business center, 1.2 miles, *i. e.*, from Charles river at Cambridge Bridge to Fort Point channel at Summer street. Geographical center of city in Roxbury, corner Walnut and Westminster avenues.

NEW ORLEANS BUILDING THREE NEW INCINERATORS.

Three new incinerators to cost a total of \$700,000 are under construction at New Orleans and will add appreciably to that city's sanitation system. This will make a total of five plants where garbage can be readily disposed of. The plants, according to Commissioner of Public Property John Klorer, will be equipped in the most scientific manner with special provision for the prevention of any smoke nuisance.

The incinerators are conveniently distributed about the city, one of the new ones being almost ready for use. The one now nearing completion can handle 170 tons of garbage every 16 hours with no odor escaping, and its stacks are 125 feet high.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

PREVIOUS ACCIDENT EXPERIENCE OF OPERATORS INVOLVED IN FATAL ACCIDENTS.

Only 147, or little more than one-third of the 393 motor-vehicle operators involved in fatal accidents in Connecticut in 1928 had previously been in accidents, according to the study of automobile mishaps in that state for that year, made by Richard S. Kirby, Associate Professor of the Department of Civil Engineering of Yale University.

The survey shows that 4 drivers involved in fatal accidents in 1928 had each been in 7 accidents previously; 2 others had previously been involved in 6 accidents; 4 in 5 accidents; 8 in 4; 13 in 3; 43 in 2; and 73 in 1.

There were 256, or close to two-thirds, however, who had clear accident records. Only 2 drivers out of the entire number had figured in previous fatal accidents.

Actually, 90 more drivers were in fatal collisions, but 20 of these were "hit and run" drivers, and 70 others were killed.

SITUATION OF BOSTON.

Boston is situated in latitude, north, 42 degrees, 21 minutes, 29.596 seconds, longitude, west, 71 degrees, 3 minutes, 51.040 seconds (exact situation of apex of State House dome, according to United States Coast and Geodetic Survey). Boston's latitude is similar to that of Detroit and the southern boundary of Oregon, also Rome (Italy), Sofia (Bulgaria) and Mukden (Manchuria); longitude nearly that of Quebec (Canada), Bogota (Colombia) and Santiago (Chile).

COLLECTION OF DELINQUENT TAXES BY MUNICIPALITIES.

The collection of delinquent taxes is often neglected by city officials, resulting in a considerable financial loss to the municipality.

The sale of property for taxes usually takes place from one to three years after the taxes have become due and after the publication of a tax sale notice for from three to six weeks. The property is sold at auction to the highest bidder provided that the bid covers the amount of taxes, all unpaid assessments, interest, fees, penalties, and other charges against the property. If the bid is not sufficient to cover these items, the city bids in the property. Property sold for taxes may be redeemed after a period varying from one to three years upon payment of sum sold for, together with interest computed at the rate of 12 per cent per annum. If the property is not redeemed within the prescribed time the purchaser is given either a deed, an estate in fee simple, or an absolute estate in fee, subject only to the lien of unpaid state and county taxes.

In two cities, White Plains and Yonkers, the tax lien is sold. This has worked out very satisfactorily. In Yonkers the problem of the collection of delinquent taxes has been cleared up:

1. By keeping the assessed valuation down to the real present market value, thereby preventing the accumulation of a large amount of uncollectible taxes.
2. By foreclosure, in one action, of large numbers of lots in one ownership.
3. By assignment of tax liens, at full value, to any one applying for same.
4. By resale, at reduced amounts, of tax liens held by the city.
5. By compromise with owners, reducing the amounts due to a sum that will make it worth while for such owners to pay up the city thereby saving foreclosure costs, and immediately placing such property on a taxpaying basis, and at the same time allowing the owners to get out with some equity. Foreclosure should never be resorted to where an owner shows any disposition to compromise.

FEDERAL AID TO BUILD HIGHWAYS REVIEWED.

From the beginning of highway construction under the system of Federal aid, in 1916, to February 28, 1929, an aggregate of 76,986.2 miles of roads have been completed with Federal assistance, according to statistics compiled and made public, April 8, by the Bureau of Public Roads, Department of Agriculture.

The three states having the highest completed mileage to February 28 are Texas, 6,102.6 miles; Minnesota, 4,089.8 miles, and North Dakota, 3,670.7 miles.

A total mileage was under construction on February 28 of 8,739.4 miles at a total estimated cost of \$215,634,347.32 and with a Federal aid allotment of \$86,918,253.10. Of the total mileage, 7,679 miles were initial construction, and on 1,060.4 miles stage construction or work done on projects previously improved with Federal aid.

Mileage approved for construction, as of February 28, amounted to 1,572.8 miles at a total estimated cost of \$30,738,175.49, and a Federal aid allotment of \$12,438,337.10. Of the total approved 1,162.8 miles were initial and 410 miles were stage construction.

There remains a balance of \$94,799,396.05 of Federal aid funds available to the states and the Territory of Hawaii for new projects as of February 28.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING POWDERED ARSENATE OF LEAD.

The Supply Department of the City of Boston invites proposals for furnishing to the Park Department approximately fifteen tons of arsenate of lead as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. Bidder must leave a one-pound sample with his proposal. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at 12 m., on Thursday, March 27, 1930, at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The proposal must state the price per ton of 2,000 pounds, f. o. b. Franklin Park Yard, Boston, Mass., for fifteen tons, more or less, of powdered arsenate of lead in twenty-pound packages, net weight. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(March 15.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GASOLENE AND KEROSENE.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, gasolene and kerosene, to be delivered within the period from April 1, 1930, to September 30, 1930, inclusive, according to specifications, a copy of which may be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The bid, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Friday, March 21, 1930, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(March 15.) Superintendent of Supplies.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals to erect and complete an addition and alterations to the Margaret Fuller School, Glen road, Jamaica Plain, Boston, giving bond of a surety company satisfactory to the Board therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, 1007 City Hall Annex, signed by the bidder and left before 11 o'clock a. m. of Thursday, March 27, 1930, at said office, with a certified check for \$10,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

LOUIS K. ROURKE,
(March 15.) Superintendent of Construction.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

BIDS FOR BUILDING STEEL FERRYBOAT.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites bids for building steel ferryboat and giving bond therefor of a surety company approved by the Commissioner in the sum of two hundred thousand dollars (\$200,000) to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 508, City Hall Annex. Each bid should be inclosed in an envelope, sealed, marked "Bid for Ferryboat," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Tuesday, March 25, 1930, with a certified check for twenty thousand (20,000) dollars, payable to and to become the property of the city if the bid, after acceptance, is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price bid appears to the Commissioner to be abnormally high or low it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all bids, or to accept any bid, should he deem it to be for the best interest of the city so to do.

JOSEPH A. ROURKE,
Commissioner of Public Works.

(March 1-8-15-22.)

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR BRICK LOCKER BUILDING AT JOHN A. DOHERTY PLAYGROUND, DORCHESTER.

Proposals on blanks obtained at the engineer's office of the Park Department, 33 Beacon street, Boston, for brick locker building at John A. Doherty Playground, Dorchester, signed by the bidder and left before 12 o'clock noon on Thursday, March 27, 1930, at the office of the Park Department, with a certified check for \$3,000, payable to and to be the property of the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work of a surety company approved by the Commissioners, in the sum of at least 50 per cent of the contract price, to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
JOHN J. MARTIN,
Commissioners.

(March 15-22.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING PIERS AT THE NORTH AND SOUTH FERRIES.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing piers at the North and South Ferries, and giving bond therefor of a surety company approved by the Commissioner in the sum of four thousand (4,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Repairing Piers at North and South Ferries," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Wednesday, March 26, 1930, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals, or to accept any proposal should he deem it to be for the best interest of the city so to do.

JOSEPH A. ROURKE,
Commissioner of Public Works.

(March 15.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN CUMMINS HIGHWAY, BETWEEN RICHMOND ROAD AND RIVER STREET, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Cummins Highway, between Richmond road and River street, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Cummins Highway," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, March 27, 1930, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
Commissioner of Public Works.
(March 15.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR CINDERS.

The Supply Department of the City of Boston invites proposals for furnishing the Park Department the following:

3,000 yards, more or less, of cinders,

as per specifications to be obtained at the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal and a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the office of the Supply Department. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Tuesday, March 25, 1930, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
Superintendent of Supplies,
(March 15.)

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR SUB POWER STATION NEAR MASSACHUSETTS STATION, BOYLSTON STREET SUBWAY.

The Transit Department of the City of Boston, 1 Beacon street, invites proposals for building substation building. A bond will be required in the sum of 45 per cent of the total bid price for the performance of the contract. Proposals may be obtained at the office of the department. The bids will be publicly opened at 12 o'clock noon, Monday, March 31, 1930. A certified check for \$5,000, payable to the City of Boston, must accompany the proposal. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals.

By order of the City of Boston Transit Department.

EDWARD F. CONDON,
Secretary.
(March 15.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN MEDFORD STREET, BETWEEN CAUSEWAY STREET AND WASHINGTON STREET NORTH, CITY PROPER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Medford street, between Causeway street and Washington Street North, city proper. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Medford Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, March 25, 1930, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
Commissioner of Public Works.
(March 15.)

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LOAM TO THE PARK DEPARTMENT.

Proposals on blanks obtained at the office of the Supply Department, 801 City Hall Annex, for furnishing loam to the Park Department, signed by the bidder and left before 12 o'clock noon on Wednesday, March 26, 1930, at the office of the Supply Department, with a certified check for \$500, payable to and to become the property of the city if the proposal is not carried out, will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(March 15.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SURGICAL SUPPLIES.

The Supply Department of the City of Boston invites proposals for furnishing surgical supplies to the Boston City Hospital as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Thursday, March 27, 1930, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CLEANING CATCH-BASINS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for taking out and removing about 26,600 cubic yards of material from about 7,800 catch-basins in Districts 1, 2, 2A, 3, 4, and 7, all work to be completed by December 31, 1930, and giving bond therefor of a surety company approved by the Commissioner in the sum of 50 per cent of the total amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal, accompanied by a statement, clearly setting forth the equipment of which the bidder is possessed for the proper and speedy carrying out of such contract (such equipment to be considered as an essential consideration in the awarding of the contract), should be inclosed in an envelope, sealed, marked "Proposal for Cleaning Catch-Basins," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, March 24, 1930, with a certified check for 5 per cent of the total amount of the contract, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price bid on any district appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal for said district. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

To GENERAL CONTRACTORS.

The Trustees of the Boston City Hospital invite sealed proposals to erect and complete, including the plumbing, electric work, heating and ventilating work, the Kitchen and Dining Room Building, Boston (Mattapan), Mass., for the Sanatorium Division, Boston City Hospital, giving bond of a surety company satisfactory to the Board of Trustees therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Architects and Engineers, James H. Ritchie and Associates, 100 Arlington street, Boston, Mass., signed by the bidder, and left before 12 o'clock noon of Thursday, April 3, 1930, at the office of the Superintendent of the Boston City Hospital, with a certified check for \$15,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening the bids. The Trustees of the Boston City Hospital reserve the right to reject any or all proposals. Plans and specifications may be obtained at the office of the Architects and Engineers, James H. Ritchie and Associates, 100 Arlington street, Boston, at 12 o'clock noon of Thursday, March 20, 1930. A deposit of \$50 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 22.

SATURDAY, MARCH 22, 1930.

No. 12

WORK STARTED ON NEW ADDITION TO THE THOMAS J. KENNY SCHOOL IN THE GROWING OAKLAND SECTION OF DORCHESTER—TO BE READY IN SEPTEMBER.

HOW THOMAS J. KENNY SCHOOL WILL APPEAR WHEN ADDITION NOW UNDER WAY IS COMPLETED AT COST OF \$95,000.

Work has already begun on the nine-room addition to the Thomas J. Kenny elementary school, on Oakton avenue, Dorchester, in the Minot School District. It is the plan of the contractor and architect to have the building ready for occupancy in September. This is being built to accommodate the needs of the growing section of Dorchester. Mayor Curley approved the contract several weeks ago.

When completed, the building will be one of the best equipped and most modern of the entire school system. The addition will make the building two stories high, the first section having been completed some time ago at a cost of \$194,000. The price of this addition is estimated at \$95,000.

It is planned, also, at a later date, to provide for an auditorium, at a cost of \$100,000, which will be available for use of the citizens as a district center. It is to be built of brick, with limestone trimmings, and of first-class construction. The contractor is Frank Imhof Company.

MAYOR CURLEY PLEASSED AT NEWS THAT NEW CONSTRUCTION BY GAS AND FUEL COMPANIES WILL ADD TO RELIEF OF UNEMPLOYMENT.

His Honor the Mayor was much gratified to learn that the Boston Consolidated Gas Company and the New England Fuel and Transportation Company have made provision for new construction which calls for the expenditure of over \$6,500,000, and the employment of hundreds of men.

The Gas Company proposes to lay over 144 miles of main pipe for supply-

ing gas to the residents of the Greater Boston district, and expect to start the work at once in response to the urgent appeal of the Mayor to relieve the conditions incidental to the unemployment situation.

The New England Fuel Company proposes to construct three batteries and a total of 149 coke ovens of the most modern type at their plant in Everett. The construction of this new plant will not only provide immediate relief to those in need of employment but will bring about the development of a New England industry in the greater production of coke and gas for heating purposes that means continued employment of an even greater number of men than have

been engaged in the industry up to the present time.

The Mystic Steamship Company affiliated with the New England Fuel Company will add two towboats to its fleet now operating in Boston Harbor. These boats will be of the best developed type now used by the industry in the United States, and will be an important addition to the facilities of the port of Boston.

The wholehearted response of these important industries to the appeal of the Mayor for the development of New England industries encourages his Honor to believe that his industrial program will in a large measure bring about the relief that is necessary.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquises, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

CALLS CONFERENCE TO PREVENT GARMENT WORKERS' STRIKE.

Mayor Curley, on March 14, sent this letter to the following:

I note in the newspapers of this day that a strike has been declared by the garment workers and I am extremely desirous of conferring with you as one of the parties at interest before the matter has reached that stage where an adjudication might be difficult.

A conference has been arranged at the office of the Mayor, City Hall, School street, at 3 p. m. this day to which I have invited representatives of the employers and employees and will esteem it a personal favor, as well as an expression of your desire to cooperate for the general good of the community, if you will attend.

Trusting that you will be present, I beg to remain,

Respectfully yours,

JAMES M. CURLEY, Mayor.

J. Colpak, president Associated Dress Manufacturers' Association, care of Colpak-Van Costume Company, 35 Kneeland street, Boston.

B. Rudy, secretary, care of Miller & Rudy, 75 Kneeland street, Boston.

Samuel Vernon, secretary, care of Vernon Brothers, 15 Kneeland street, Boston.

Seymour Raiwitz, secretary, 15 Kneeland street, Boston.

David Dubinsky, international secretary-treasurer, 15 Kneeland street, Boston.

Louis Schultz, president New England Cloak and Suit Manufacturers' Association, 15 Kneeland street, Boston.

Joseph Reiner, president New England Wholesale Garment Association, 25 Kneeland street, Boston.

Boston Joint Board Cloak, Skirt and Dressmakers' Union, 25 La Grange street, Boston.

Max Amdur, manager, 15 Kneeland street, Boston.

POLICE DEPARTMENT ORDERS.

General Order No. 1481.

A trial board consisting of Captains Grant, Perry and Mullen, having heard by reference a complaint against Patrolman Chester A. McRury of the Superintendent's Office, charging him with neglect of duty, has reported to the commissioner a finding of guilty as charged. In accordance with which it is hereby ordered that the complaint against the said Patrolman Chester A. McRury be placed on file.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1482.

The resignation of Patrolman Myles J. Joyce of Division 15 having been presented while charges against him are pending, it is hereby accepted, to take effect as of Monday, March 17, 1930, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

DAIRY INSPECTOR, BOSTON HEALTH DEPARTMENT, MARCH 28, 1930.

Salary, \$1,600 a year.

It is desirable that applicants have experience in field inspection, animal husbandry and dairying a working knowledge of all types of milk processing machinery, a knowledge of the rules, regulations and statutes applying to milk and dairy production for the Boston market.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners, as to their physical fitness for the position.

SAFE DRIVING.

Most cities and towns have a long list of "dout's" but do little to educate the drivers of cars. If one half the time that is used trying to make people do something or not to do something was spent in educating the drivers much better results would be obtained. We need drivers' schools and the city or town that first starts such a school will be doing a real service.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon March 13 the Mayor approved a contract with C. Russo for sewerage works in Dent street brook conduit, between Vermont street and Lasell street, West Roxbury. Bids, opened March 11, were as follows:

C. Russo, \$14,657; M. DeSisto Company, \$14,846.50; J. Todesca, \$15,375.30; Zoppo & Civitarese, \$15,483; C. Struzziery, \$15,882; C. & R. Construction Company, \$15,930.80; A. Piatelli & Co., \$16,729.10; A. Daddario & Son, \$17,041.10; John Williams, \$17,171.51; A. D. Daddario, \$17,546.67; A. Baruffaldi, \$18,097.81; J. J. Conway, \$19,912.40; L. Balboni, \$21,343.01.

Upon March 13 the Mayor approved a contract with D. Vozzella for sewerage works in Bushnell street, from Van Winkle street to Radford lane, Dorchester. Bids, opened March 11, were as follows:

D. Vozzella, \$2,070.71; Cook Construction Company, \$2,249.84; M. DeSisto Company, \$2,320.50; J. J. Conway, \$2,379.42; A. Piatelli & Co., \$2,405.81; L. P. Federico & Susi Company, \$2,537; Roxbury Concrete Construction Company, Incorporated, \$2,628.02; P. & O. Construction Company, \$2,628.11; J. F. Kennedy & Co., \$2,641; N. Sannella & Son, \$2,661.54.

Upon March 14 the Mayor approved a contract with N. Sannella & Son for sewerage works in Gladstone street, between Breed street and Selma street, East Boston. Bids, opened March 12, were as follows:

N. Sannella & Son, \$2,392.88; L. P. Federico & Susi Company, \$2,440.80; J. J. Conway, \$2,462.73; P. & O. Construction Company, \$2,647; Loconzolo & DiBartolomeo Company, \$2,704; A. Piatelli & Co., \$2,853.50; J. F. Kennedy & Co., \$2,944; M. DeSisto Company, \$2,995; P. Guarino, \$3,015; D. Vozzella, \$3,180.43; Cook Construction Company, \$3,205.73; C. Russo, \$3,231.

Upon March 14 the Mayor approved a contract with James J. Conway for sewerage works in Gallivan Boulevard, southerly side, between Druid street and Morton street, Dorchester. Bid, opened March 12, were as follows:

James J. Conway, \$5,303.97; A. Piatelli & Co., \$5,464.09; N. Sannella & Son, \$5,553.83; J. Williams, \$5,698; C. Struzziery, \$5,745; M. DeSisto Company, \$6,510; A. Daddario & Son, \$7,005; P. Guarino, \$7,369; L. P. Federico & Susi Company, \$7,995; P. & O. Construction Company, \$8,085.

Upon March 18 the Mayor approved a contract with A. Cefalo for sewerage works in Park street, Stratford street, Robin street and private land, West Roxbury. Bids, opened March 13, were as follows:

A. Cefalo, \$4,885.52; M. DeSisto Company, \$5,074.25; L. P. Federico & Susi Company, \$5,171.25; C. Struzziery, \$5,232.50; A. Piatelli & Co., \$5,281.75; Joseph Todesca, \$5,317.50; N. Sannella & Son, \$5,330.52; J. F. Kennedy & Co., \$5,331.55; S. Giampapa, \$5,488.55; A.

Daddario & Son, \$5,737; L. Balboni, \$5,825.45; Cook Construction Company, \$5,962.50; P. & O. Construction Company, \$6,311; P. Guarino, \$7,001.50.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon March 18 the Mayor approved a contract with the McCulloch Manufacturing Company for assembling 200 6-inch gate valves. Bids, opened March 13, were as follows:

McCulloch Manufacturing Company, \$2,380; Keltz Machine Works, \$2,960.

Upon March 19 the Mayor approved a contract with the Roxbury Concrete Construction Company for laying and relaying water pipes in Colonial path, Brighton; Herbert road, La Grange, Lasell and Lyall streets; Oakdale avenue, Stimson street and Washington Street Boulevard, West Roxbury. Bids, opened March 17, were as follows:

Roxbury Concrete Construction Company, Incorporated, \$2,863; D. Vozzella, \$3,204.75; M. DeSisto Company, \$3,262.50; John Williams, \$3,655; A. Piatelli & Co., \$3,703; J. Capone, \$3,720; Appel & O'Toole, \$3,810.

Upon March 19 the Mayor approved a contract with M. DeSisto Company for laying and relaying water pipes in Cambridge street, between Harvard street and Union square, Brighton. Bids, opened March 14, were as follows:

M. DeSisto Company, \$2,310; Appel & O'Toole, \$2,535.50; A. Piatelli & Co., \$2,621; P. Guarino, \$2,675; D. Vozzella, \$2,860; J. Capone, \$3,086; J. Williams, \$3,150; C. Struzziery, \$3,730.

SCHOOL COMMITTEE.

The School Committee has awarded a contract for rebinding books for the Boston Public Schools. Proposals were submitted Monday, January 27, 1930, as follows:

Frank Brown's Bindery, 30 cents a book; George Coleman Company, 32 cents a book; F. J. Barnard & Co., Incorporated, 32.5 cents a book. The contract was awarded to Frank Brown's Bindery (the lowest bidder), under date of March 5, 1930.

The School Committee has awarded contract as follows for furnishing military equipment for the Boston Public Schools. There was but one bid, opened Monday, February 17. The contract was awarded to Messrs. Harrington & Co., under date of March 5, 1930.

SUPPLY DEPARTMENT.

Upon March 14 the Mayor approved a contract with the Mechanics Iron Foundry Company for furnishing iron castings and bronze fittings to the Sewer Division. Bids, opened March 4, were as follows:

1,000,000 Pounds Class A Common Castings.—Gibby Foundry Company, 3.55 cents a pound; Mechanics Iron Foundry Company, 3.4 cents a pound.

20,000 Pounds Class B Heavy Castings.—Gibby Foundry Company, 5.125 cents a pound; Mechanics Iron Foundry Company, 4.75 cents a pound.

10,000 Pounds Class C Special Castings.—Gibby Foundry Company, 5.125 cents a pound; Mechanics Iron Foundry Company, 4.75 cents a pound.

115,000 Pounds Class D Catch-basin Traps, Etc.—Gibby Foundry Company, 8 cents a pound; Mechanics Iron Foundry Company, 7.8 cents a pound.

1,000 Bronze Pins.—Gibby Foundry Company, 35 cents each; Mechanics Iron Foundry Company, 35 cents each.

1,200 Pounds Bronze Fittings, Etc.—Gibby Foundry Company, 75 cents a pound; Mechanics Iron Foundry Company, 65 cents a pound.

1,000 Pounds Tobin Bronze, Etc.—Gibby Foundry Company, 63 cents a pound; Mechanics Iron Foundry Company, 60 cents a pound.

Total.—Gibby Foundry Company, \$48,217.50; Mechanics Iron Foundry Company, \$46,125.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with department forces without advertising; additions to and deductions from contracts.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon February 13 the Mayor approved a contract with the Scientific Equipment Company for furnishing and installing laboratory furniture equipment in the new Brighton High School. A communication from Louis K. Rourke of the Department of School Buildings was as follows:

BOSTON, February 11, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request the approval of your Honor, under the provisions of chapter 486, section 30, of the Acts of 1909, to awarding a contract, without advertising, in the sum of \$10,643, to the Scientific Equipment Company, 70 Fifth Avenue, New York City, for furnishing and installing laboratory furniture equipment in the new Brighton High School.

All of this equipment is special furniture for the biology, chemistry, physics and general science rooms in the building. This work comes under an allowance of \$12,000, which was in the general contract and has been deducted therefrom. After a conference with the chairman of the Science Council of the School Department and consultation with other members of the Council, it was decided that from a maintenance point of view, in their opinion, the equipment furnished by this company is the best for the teaching of science.

The Scientific Equipment Company has done work for this department before, and I feel that the best interests of the city will be served by awarding as above, and I hope that this request will meet with the approval of your Honor.

Respectfully yours,

LOUIS K. ROURKE,
Superintendent.

INSTITUTIONS DEPARTMENT.

Upon February 15 the Mayor approved a contract with the Almy Water Tube Boiler Company for retubing boiler on steamer "George A. Hibbard." A communication from John J. Lydon, Acting Commissioner, was as follows:

BOSTON, February 14, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested to award a contract to the Almy Water Tube Boiler Company of Providence, Rhode Island, for furnishing all labor and materials necessary to retube the boiler on the steamer "George A. Hibbard," for a sum not to exceed \$2,400, without advertising.

This is an emergency situation as the repairs have been ordered by the United States Bureau of Navigation. The Army Water Tube Boiler Company are the makers of the boiler on the "Hibbard" and the only concern which can furnish the necessary parts. There would, therefore, be no advantage in advertising, which would mean unnecessary delay.

Respectfully yours,

JOHN J. LYDON,
Acting Commissioner.

PARK DEPARTMENT.

Upon March 5 the Mayor approved a contract with John W. Paramino for a memorial tablet, holding stone, and entrance on Boston Common. A communication from Daniel J. Byrne of the Park Department was as follows:

BOSTON, March 4, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—By vote of the Board of Park Commissioners your authority is respectfully asked to award a contract, without advertising, to John F. Paramino, sculptor, 295 Huntington avenue, Boston, for the construction of a memorial tablet, holding stone, and entrance, on Boston Common, for the sum of \$40,000.

The reason for the request to award this contract without advertising is that the type of work to be performed is such that it requires a sculptor of the highest ability, and the Board believes that Mr. John F. Paramino is particularly fitted for this line of work and that no better result could be obtained by advertising.

The City Council voted to authorize the Board of Park Commissioners to expend the sum of \$45,000 for the whole work, and it will be necessary for the Art Commission to sign this contract together with the chairman of the Board of Park Commissioners.

Yours very respectfully,

DANIEL J. BYRNE,
Secretary.

SUPPLY DEPARTMENT.

Upon February 18 the Mayor approved a contract with the Pennsylvania Oil Company for delivering light fuel oil to the various city departments. A communication from Herbert S. Frost of the Supply Department was as follows:

BOSTON, February 4, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Under date of October 17, 1929, his Honor the Mayor signed a contract for the Pennsylvania Oil Company to deliver light fuel oil to the various city departments from October 1, 1929, to September 30, 1930.

In order to cover deliveries under the 1930 budget the following clause was inserted in the contract under the direction of the Law Department:

"It is agreed that the City of Boston, with the approval of the Mayor, may, beginning January 1, 1930, at its option purchase and the Contractor agrees to deliver upon the same terms and conditions as aforesaid, such quantities of said fuel oil as may not have been ordered up to and including December 31, 1929. This privilege is extended to September 30, 1930."

In accordance with the terms of the clause quoted above, I would respect-

fully request that permission be granted me to extend this contract to September 30, 1930.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

Upon February 18 the Mayor approved a contract with the Beacon Oil Company for the delivery of heavy fuel oil to the various city departments. A communication from Herbert S. Frost of the Supply Department was as follows:

BOSTON, February 4, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Under date of October 17, 1929, his Honor the Mayor signed a contract for the Beacon Oil Company, Incorporated, to deliver heavy fuel oil to the various city departments from October 1, 1929, to September 30, 1930.

In order to cover deliveries under the 1930 budget the following clause was inserted in the contract under the direction of the Law Department:

"It is agreed that the City of Boston, with the approval of the Mayor, may, beginning January 1, 1930, at its option purchase and the Contractor agrees to deliver upon the same terms and conditions as aforesaid, such quantities of said fuel oil as may not have been ordered up to and including December 31, 1929. This privilege is extended to September 30, 1930."

In accordance with the terms of the clause quoted above, I would respectfully request that permission be granted me to extend this contract to September 30, 1930.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

Upon February 28 the Mayor approved a contract with the Ingersoll-Rand Company of New England for furnishing the Water Service two compressors, four paving breakers, and four 50-foot lengths of hose with couplings. A communication from Herbert S. Frost of the Supply Department was as follows:

BOSTON, February 28, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Ingersoll-Rand Company of New England for furnishing to the Water Service, 710 Albany street, the following:

Two Ingersoll-Rand, Type 20, portable gasoline engine driven compressor units, 5½-inch bore, 5-inch stroke, mounted on Model AA, 1½-ton Ford chassis, complete with cabs, electric lights and starters at \$2,420 each, \$4,840; four CA35 paving breakers, 1½ inches, at \$165 each, \$660; four 50-foot lengths ¾-inch 7-ply air hose, complete with couplings, at \$14 each, \$56. Total amount of the contract, \$5,556. Prices f. o. b. destination.

As the Ingersoll-Rand Company of New England are the manufacturers of these compressors, no advantage would accrue from publicly advertising for same.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

Upon March 6 the Mayor approved a contract with McCarthy Brothers for furnishing the Institutions Department, Long Island Hospital, fifty beds. A communication from Philip A. Chapman of the Supply Department was as follows:

BOSTON, March 5, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to McCarthy Brothers for furnishing to the Long Island Hospital, Institutions Department, the following:

Fifty Simmons hospital beds, with white enamel finish, delivered, at a price of \$33 each, \$1,650.

There has been a tremendous increase in the number of patients at the Long Island Hospital within the last six months, and this has made necessary the purchase of these additional fifty beds to meet the emergency.

The price of \$33 each quoted by McCarthy Brothers is the lowest price at which we have been able to buy the Simmons bed from the direct agents of the Simmons Company.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

Upon March 19 the Mayor approved a contract with the Buick Sales Company for one Buick sedan for the Institutions Department. A communication from Philip A. Chapman of the Supply Department was as follows:

BOSTON, March 13, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Buick Sales Company of Boston to deliver to the Institutions Department the following:

One 1930, Model 60, seven-passenger Buick sedan, four-door, including the following equipment: Front and rear bumpers, spare tire and tube, tire cover, tire lock, Lovejoy shock absorbers (front and rear), double automatic windshield wiper, gasoline dash gauge, thermometer dash gauge, three-way stop signal, tire gauge, Buick watch, spring covers, delivered at a price of \$2,106; less allowance on 1926, Model 50, Buick, \$250. Net amount of the contract, \$1,856.

As the Buick Sales Company of Boston are the direct agents of the manufacturers, no advantage would accrue from publicly advertising for same.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon March 5 the Mayor approved a contract with various contractors for the construction of artificial stone sidewalks. A communication from Joseph A. Rourke of the Public Works Department was as follows:

BOSTON, March 1, 1930.

To the Mayor of Boston.

Your permission is respectfully requested to the award of contract for the construction of artificial stone sidewalks in the public streets, without advertising, to the following persons and corporations on the ground that these contractors are not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; and also because such contracts vary greatly in amounts and seldom involve \$1,000:

Charles T. Alger, Hervey F. Armington, Incorporated, John Basile, A. Brenci,

C. M. Callahan, Incorporated, Sylvester Connolly, Cundari Construction Company, Charles Desimone, C. W. Dolloff Company, A. A. R. Doyle, Patrick J. Duffy & Sons, Merton P. Ellis, B. F. Hanrahan, Thomas J. Hind Company, Jenkins-Anderson Corporation, Thomas J. Kelly, Louis Luccio, Louis Martiniello & Son, J. J. McCarthy & Co., John McCourt Company, William Moschella, W. A. Murtfeldt Company, Leo J. Nawn, Incorporated, Cosimo Pasquale, R. Pensavalle & Co., D. F. Reardon & Sons, M. D. Russo, Pompeo Silverii, Simpson Brothers Corporation, Joseph A. Singarella, M. Solimando, A. G. Tomasello & Son, Incorporated, Samuel J. Tomasello, Tufo and Yerba, Charles Umana, John Varnerin, Domenick Vozzella, Thompson, Starrett Company, Incorporated.

Respectfully yours,

JOSEPH A. ROURKE,
Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon February 27 the Mayor approved a contract with V. Barletta Company for completing interceptor under Mayflower Highway, Dorchester. A communication from Joseph A. Rourke of the Public Works Department was as follows:

Boston, February 26, 1930.

To the Mayor of Boston.

Your permission is requested for the award of a contract, without advertising, to V. Barletta Company, at a total cost not to exceed \$5,000, to do work and furnish materials and equipment in connection with the 5-foot Dorchester interceptor, which is broken under the Mayflower Highway near Mt. Vernon street in Dorchester.

Mr. Barletta has furnished unit prices for materials, equipment and labor necessary for his work.

Mr. Barletta at present has a contract for section one of the Savin Hill bay sewerage works and he is now being held up on the final closures to complete his job, on account of the necessity for closing off the broken interceptor and backing up of the water previously flowing through it to other Dorchester surface drains.

He agrees that he will have no claim on account of holding up the work on his original contract if this emergency contract is given to him. This is an extreme emergency.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Rugo Construction Company, Incorporated, has been allowed the following addition to the contract for the New Brighton High School, to install a hung ceiling of Macoustic plaster in the music room on first floor. Materials to be in accordance with requirements of section 12 of the specification. All work of any kind, including adjustment of electric outlets and fixtures, caused by this change, shall be included within the scope of this order, per architect's letter of March 13, 1930, and the amount of \$842.35 will be added therefor, making the account as follows: Contract price, \$1,255,000; total additions, \$52,532.33; total deductions, \$83,600; amount of contract, \$1,223,932.33.

FIRE DEPARTMENT ORDERS.

General Order No. 26.

I. ANNUAL BALL.

The financial report of the fifty-first annual ball which has been submitted to the Fire Commissioner shows that the sum of \$33,013.89 was realized on the ball this year. This is the largest net return from this annual event in the history of this department.

The Fire Commissioner desires to congratulate the members of the department upon this splendid showing, particularly those directly responsible for the arrangements for the ball, members of the various committees, etc., who worked so untiringly to make this result possible.

Once again, the citizens and business men of Boston have manifested their appreciation of the services rendered by the members of the Boston Fire Department in the protection of life and property, for without their hearty cooperation it would be impossible to achieve any measure of success.

II. BOSTON AUTOMATIC ASSIGNMENT CARD.

A new assignment card for page 18 of the Boston Automatic Fire Alarm Company assignment book will be forwarded to the department today. Commanders of companies having these cards will replace the card and return the old one to Headquarters in the envelope provided. The new card is dated February 15, 1930.

III. COMMENDATIONS.

Lieut. John F. O'Brien of Engine Company 10 is hereby commended for service rendered when the cover blew off a man-hole opposite 581 East Eighth street, South Boston, March 7, 1930. Lieutenant O'Brien was off duty at the time.

Deputy Chief William F. Quigley of Division 2 is hereby commended for responding to fire at Box 2448, March 11, 1930, and directing operations. He was off duty at the time.

Ladderman Arthur I. Roake of Ladder Company 19 is hereby commended for apprehending two boys who had snatched a pocketbook from a woman on March 10, 1930. Ladderman Roake was in quarters at the time and upon hearing the screams of the woman, pursued the boys and held them for a police officer. He also recovered the handbag.

IV. TRANSFERS.

The following transfers are hereby announced to take effect at 8 a. m., Friday, March 14, 1930:

Capt. Walter C. Glynn, from Ladder 29 to Ladder 24.

Capt. Thomas F. McGowan, from Ladder 24 to Ladder 29.

By order of Fire Commissioner Edward F. McLaughlin.

DANIEL F. SENNOTT,
Chief of Department.

General Order No. 27.

I. TRANSFERS.

All requests for transfers which have been received previous to March 21, 1930, from members of the department who desired transfers to other companies are hereby canceled. Many requests are now on file which are several years old. In order that the requests may be tabulated and put in proper form new re-

quests should be made out on and after March 22, 1930. All requests for transfers must be made through official channels.

II. COMMENDATION.

The following letter which has been received from the Director of the Boston Public Library is published below for the information of the department.

March 15, 1930.

MR. EDWARD F. McLAUGHLIN, *Fire Commissioner*, 60 Bristol Street, Boston, Mass.

DEAR SIR,—Permit me to express the warm appreciation of the Trustees of the Boston Public Library and of myself as Director for the intelligent work of the department on the occasion of the fire in the Library Thursday night. The arrival of the machines was very speedy and the men in charge showing admirable judgment and care in their handling of the situation. They took great pains not to damage the building in any way, by their hose or other material, they used the minimum amount of water necessary to extinguish the fire, and they were most patient and courteous at every stage of the affair. I do not see how their work could have been handled better, and I hope you will transmit to them the thanks of the Library for their efficient work.

Yours very truly,

CHARLES BELDEN,
Director.

Ladderman George R. McLaughlin of Ladder Company 29 is hereby commended for responding and working at the fire in the Merrimac Chemical Company, off Broadway, Everett, Friday, March 14, 1930, while off duty.

III. A. D. T. BOOKS.

District chiefs will forward to Headquarters on or before Monday, March 24, consolidated lists showing the number of A. D. T. books in each house in their districts.

IV. TRANSFERS.

The following transfer is hereby announced to take effect at 8 a. m., Friday, March 21, 1930:

Capt. Dennis M. Condon, from Engine 50 to Ladder 1.

By order of Fire Commissioner Edward F. McLaughlin.

DANIEL F. SENNOTT,
Chief of Department.

CLAIMS DISAPPROVED.

The Law Department has disapproved thirteen claims against the city aggregating \$2,206.93, and they are classified as follows:

Against the Hospital Department, one, amounting to \$10.75; against the Park Department, one, amounting to \$150; against the Police Department, three, amounting to \$1,172.50; against the Public Works Department, eight, amounting to \$691.68.

APPOINTMENT OF ARCHITECTS.

Approval has been given to appoint O'Connell & Shaw as architects on the proposed completion of the Brighton Courthouse.

SPECIAL COUNSEL ENGAGED TO AID BATTLE FOR PORT DIFFERENTIALS.

At a conference held on March 14, at the office of the Mayor, approval was given to the recommendation of the Board of Port Authority for the engaging of Hon. Johnston Campbell, former member of the Interstate Commerce Commission, as special counsel to act with the Corporation Counsel, Samuel Silverman, to direct the fight for the removal of the port differentials.

The expenditure in connection with this work will be borne by the City of Boston and the Mayor shall provide such appropriations as may be necessary to be expended under the direction of the Board of Port Authority.

MAYOR CURLEY EXTENDS SYMPATHY OF BOSTON TO THE WIDOW OF EDWARD F. ALBEE.

Mayor Curley, on March 15, sent the following letter to Mrs. Edward F. Albee, Larchmont, New York, expressing sympathy upon the death of her husband:

DEAR MRS. ALBEE,—I desire to extend you and the members of your family a sincere and earnest expression of my sympathy and sorrow in the death of your devoted husband.

He was for many years a friend whom I cherished deeply for his splendid attributes of mind and heart.

The labors of Mr. Albee established the vaudeville profession in its best estate and his successful accomplishment in bringing managers and artists together upon a plane of common fellowship is one of the beacon lights of the American theater.

He was a fine citizen, of loyal and patriotic spirit, imbued with a love of country that ever marked the story of his daily life.

It was Mr. Albee who was responsible for selling Liberty Bonds, in the amount of more than \$27,000,000, that the United States might vigorously prosecute the World War, and save the world's destiny and the civilization of mankind.

Through Mr. Albee's generous auspice, the fund was raised that made possible the establishing of Monticello, the home of Thomas Jefferson, in the vale of Virginia, as a great patriotic shrine for lovers of liberty throughout the world.

His great and loving labor as a leader of the American committee to raise the necessary fund for the building equipment of the Memorial Theater in honor of William Shakespeare, at Stratford-on-Avon, endears his memory also in the minds and hearts of the people of the United States.

Mr. Albee was one of the most unselfish men I have ever known. There seemed never a day should pass but what he aided some good friend upon the pathway of life.

The loss of Mr. Albee is indeed national in its character, for he was the friend of every good and righteous cause, and his service knew no boundary in the power of his genuine affection.

Very sincerely yours,

JAMES M. CURLEY, Mayor.

NAMES JAMES A. McELANEY TO BOARD OF APPEAL.

Mayor Curley, on March 14, appointed James A. McElaney, of 53 Greateon road, West Roxbury, to the position of member of the Board of Appeal. Mr. McElaney held this position under Mayor Curley's last administration.

SEEKS TO MAKE BOSTON PORT OF CALL FOR CANADIAN STEAMSHIP LINE.

Mayor Curley, on March 12, sent the following letter to Sir Henry Thornton, President of the Canadian National Railways Company, Toronto, Canada:

MY DEAR SIR HENRY,—My attention has been directed to the fact that the Canadian National Steamship Company are contemplating the establishment of a port of call in connection with your West Indies line and the City of Boston extends an invitation to make Boston as the intermediate port of call.

The Boston Chamber of Commerce and the newly created Commission on Commerce, Industry and Publicity, are prepared to extend every possible courtesy and assistance in the event that this arrangement, desired by the entire citizenship of Boston, may be made.

Awaiting a reply, which I trust will be favorable, I beg to remain,

Sincerely yours,

JAMES M. CURLEY, Mayor.

BOSTON INTERVENES IN PORT DIFFERENTIALS CASE.

Mayor Curley, on March 18, received the following letter from Corporation Counsel Samuel Silverman:

HON. JAMES M. CURLEY, Mayor of Boston.

DEAR SIR,—The Port Authority of the City of Boston, through its attorneys, Johnston B. Campbell of Washington and Corporation Counsel Samuel Silverman, this day intervened in the case of the State of New Jersey *v.* the New York Central Railroad Company *et al.*, now pending before the Interstate Commerce Commission. The New Jersey case seeks to secure a differential under New York City in favor of certain New Jersey ports.

The City of Boston has intervened in this case because it is felt that if the New Jersey ports are entitled to a differential under New York, Boston, being in a similar position, is entitled to the same relief. The contention of the New York ports is that the terminal costs and charges are greater at the Port of New York than at the New Jersey ports and that this should be considered in the establishment of railroad rates. The terminal charges and costs at Boston are also lower than those at the Port of New York and, consequently, if the New Jersey ports are to be given relief as against the Port of New York, the City of Boston is entitled to similar relief.

You will remember that the question of intervening was discussed with your Honor at your office last week, and with the members of the Port Authority and former Commissioner Campbell and myself present.

Very truly yours,

SAMUEL SILVERMAN,
Corporation Counsel.

TRAFFIC COMMISSION RULINGS.

Voted, That for reasons of public safety and convenience the street traffic regulations and rules for driving adopted by the Board of Street Commissioners, December 10, 1908, as amended, and adopted by the Boston Traffic Commission June 7, 1929, are amended as follows:

That section 18, part 2, is amended by adding the words:

"Or in front of any loading platform" after the words "in any loading zone" so that said section 18, part 2, shall read as follows:

"No operator shall stop, stand or park any vehicle in any loading zone, or in front of any loading platform, except for the purpose of, or for a period of time longer than is necessary for the loading or unloading of passengers or

materials, provided that the loading or unloading of materials shall not consume more than twenty minutes."

Voted, That for reasons of public safety and convenience, during the period of the Evacuation Day parade, March 17, 1930, parking of vehicles is prohibited in Broadway, both sides, from Dorchester avenue to Farragut road.

Voted, That for reasons of public safety and convenience during the period of bridge construction of Boston street, estimated to be three (3) weeks, the following rules are effective:

Boston street is a one way street, from Ralston street to Rawson street.

Parking of vehicles is prohibited on both sides of Rawson street, from Boston street to Dorchester avenue.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

PREVIOUS ACCIDENT EXPERIENCE OF OPERATORS INVOLVED IN FATAL ACCIDENTS.

Only 147, or little more than one-third of the 393 motor-vehicle operators involved in fatal accidents in Connecticut in 1928 had previously been in accidents, according to the study of automobile mishaps in that state for that year, made by Richard S. Kirby, Associate Professor of the Department of Civil Engineering of Yale University.

The survey shows that 4 drivers involved in fatal accidents in 1928 had each been in 7 accidents previously; 2 others had previously been involved in 6 accidents; 4 in 5 accidents; 8 in 4; 13 in 3; 43 in 2; and 73 in 1.

There were 256, or close to two-thirds, however, who had clear accident records. Only 2 drivers out of the entire number had figured in previous fatal accidents.

Actually, 90 more drivers were in fatal collisions, but 20 of these were "hit and run" drivers, and 70 others were killed.

SITUATION OF BOSTON.

Boston is situated in latitude, north, 42 degrees, 21 minutes, 29.596 seconds, longitude, west, 71 degrees, 3 minutes, 51.040 seconds (exact situation of apex of State House dome, according to United States Coast and Geodetic Survey). Boston's latitude is similar to that of Detroit and the southern boundary of Oregon, also Rome (Italy), Sofia (Bulgaria) and Mukden (Manchuria); longitude nearly that of Quebec (Canada), Bogota (Colombia) and Santiago (Chile).

COLLECTION OF DELINQUENT TAXES BY MUNICIPALITIES.

The collection of delinquent taxes is often neglected by city officials, resulting in a considerable financial loss to the municipality.

The sale of property for taxes usually takes place from one to three years after the taxes have become due and after the publication of a tax sale notice for from three to six weeks. The property is sold at auction to the highest bidder provided that the bid covers the amount of taxes, all unpaid assessments, interest, fees, penalties, and other charges against the property. If the bid is not sufficient to cover these items, the city bids in the property. Property sold for taxes may be redeemed after a period varying from one to three years upon payment of sum sold for, together with interest computed at the rate of 12 per cent per annum. If the property is not redeemed within the prescribed time the purchaser is given either a deed, an estate in fee simple, or an absolute estate in fee, subject only to the lien of unpaid state and county taxes.

In two cities, White Plains and Yonkers, the tax lien is sold. This has worked out very satisfactorily. In Yonkers the problem of the collection of delinquent taxes has been cleared up:

1. By keeping the assessed valuation down to the real present market value, thereby preventing the accumulation of a large amount of uncollectible taxes.
2. By foreclosure, in one action, of large numbers of lots in one ownership.
3. By assignment of tax liens, at full value, to any one applying for same.
4. By resale, at reduced amounts, of tax liens held by the city.
5. By compromise with owners, reducing the amounts due to a sum that will make it worth while for such owners to pay up the city thereby saving foreclosure costs, and immediately placing such property on a taxpaying basis, and at the same time allowing the owners to get out with some equity. Foreclosure should never be resorted to where an owner shows any disposition to compromise.

FEDERAL AID TO BUILD HIGHWAYS REVIEWED.

From the beginning of highway construction under the system of Federal aid, in 1916, to February 28, 1929, an aggregate of 76,986.2 miles of roads have been completed with Federal assistance, according to statistics compiled and made public, April 8, by the Bureau of Public Roads, Department of Agriculture.

The three states having the highest completed mileage to February 28 are Texas, 6,102.6 miles; Minnesota, 4,089.8 miles, and North Dakota, 3,670.7 miles.

A total mileage was under construction on February 28 of 8,739.4 miles at a total estimated cost of \$215,634,347.32 and with a Federal aid allotment of \$86,918,253.10. Of the total mileage, 7,679 miles were initial construction, and on 1,060.4 miles stage construction or work done on projects previously improved with Federal aid.

Mileage approved for construction, as of February 28, amounted to 1,572.8 miles at a total estimated cost of \$30,738,175.49, and a Federal aid allotment of \$12,438,337.10. Of the total approved 1,162.8 miles were initial and 410 miles were stage construction.

There remains a balance of \$94,799,396.05 of Federal aid funds available to the states and the Territory of Hawaii for new projects as of February 28.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

METHODS OF ELIMINATING GRADE-CROSSING ACCIDENTS.

Five suggestions aimed at the elimination of grade-crossing accidents are offered in the monthly report of the Street Traffic Committee of the National Automobile Chamber of Commerce.

It is estimated that curing the grade-crossing evil would reduce traffic accidents by 10 per cent in a very short time, and the Committee presents the following five points for discussion:

1. Do away with those grade crossings which have the heaviest traffic.
2. Place warning signs not less than 500 feet back from the railroad tracks.
3. Take down all signs from obsolete trackage.
4. Use traffic-light signals (operated by trains) instead of signs, if there are fewer than five trains per day.
5. Consider scrapping all railroad signs in favor of signals for use only when train is approaching.

"The last two points merit consideration first, because, though they are new doctrines, they seem the least expensive and most practical of application."

*Assumed by city.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Department for permission to raze the following structures as fire menaces and nuisances:

To enter the premises at 40 Baxter street, Ward 6, and secure or remove the building.

The owner of the building, Joseph Miskauskas, has been notified relative to the unsafe condition on the external wall of the building.

The building is in such a condition as to constitute a fire menace and a nuisance.

The property at 33 Ormond street, Ward 14, owned by Mabel Nicholl, whom we have not been able to locate.

A notice of the unsafe condition was tacked on the building on the premises by our constable.

Approval granted to make this structure safe by removing the unsafe floor and taking down stone wall above grade.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 12-inch pipe and a surface drain of 18-inch and 24-inch pipe in Wiltshire road, between private land and Portina road; Portina road, between Wiltshire road and Hatherly road, and in Hatherly road, between Portina road and Chestnut Hill avenue, in the Brighton district, at an estimated cost of \$12,600.

A sanitary sewer of 12-inch pipe and a surface drain of 24-inch pipe in Foster street, between Kenrick street and 704 feet southerly, in the Brighton district, at an estimated cost of \$6,600.

A sanitary sewer of 12-inch pipe and a surface drain of 24-inch pipe in private land, between Wiltshire road and Foster street, in the Brighton district, at an estimated cost of \$6,000.

A sanitary sewer of 2-foot by 3-foot concrete in Medford street, between Causeway street and Washington street in the City Proper district, at an estimated cost of \$10,433.

AIRPORTS IN THE UNITED STATES.

The number of airports in the country continues to grow steadily, and the listing compiled by the Department of Commerce showed 1,520 airports in operation on October 2 of this year. Of these, 442 were municipal airports, and 468 were privately owned and operated. The rest included army fields, naval air stations, Department of Commerce intermediate fields, marked auxiliary fields and miscellaneous others. As will be noted, the municipal airports comprise 29 per cent of of the total number now in use in the country. The fact that 442 cities of various sizes have indicated their interest by investing substantial funds in the purchase of property and construction of these airports illustrates the stability of aviation today. As indicative of the volume of traffic already in evidence at municipal airports, it might be noted that in a recent representative week the Des Moines airport showed 88 airplanes arriving and 86 leaving. Oakland, California, showed 55 arriving, 52 leaving; while the Tulsa, Oklahoma, airport showed 272 arriving and 265 leaving. These figures are constantly increasing, and they show that the city airport is already being used.

PORT OF BOSTON.

Boston Harbor comprises an area of about 47 square miles (exclusive of the islands), including all the expanse of tidewater within a straight line from Point Allerton to Point Shirley and extending therefrom to the mainland. It is the best of natural harbors, near open sea, sheltered and spacious for anchorage; main ship channel 35 feet in depth at mean low water, increasing to 40 feet from President Roads to open sea; new dredging operations in charge of United States engineers are under way for increasing depth of said main channel to 40 feet; waterfront (i. e., lineal pier space) 40 miles, 6 miles fronting on 30 feet depth at low water.

Commonwealth Pier No. 5, South Boston, 1,200 feet long, 400 feet wide, accommodating five 600-foot ships at one time, 40 feet depth at mean low water on both sides, with three 2-story fireproof buildings of steel and concrete construction, containing 900,000 square feet of floor space, total cost of this enterprise to State, \$4,500,000. Commonwealth Pier No. 6, South Boston (Fish Pier), buildings on same erected by lessee, Boston Fish Market Corporation, cost to State, \$1,487,361. Commonwealth Pier, No. 1, East Boston, 900 feet long, costing State \$764,600 for site and \$426,674 for construction. New dry dock at South Boston (probably the largest in world), completed in 1919, 1,200 feet long and 120 wide, costing \$3,169,651 and taken by United States Government at total cost.

Islands in Boston Harbor over 3 acres in area, 17, with total area of 965 acres; Long Island the largest, or 215.5 acres Owned by United States, 392 acres; by City of Boston, 334 acres. Number of wharves, 143, of which eight are owned by the city.

There are 38 foreign steamship lines with regular sailings to and from Boston, ten coastwise lines and three intercoastal. In 1915 a revision of the harbor lines was made and the project undertaken whereby 600 acres of flats between Governor's Island and Jeffries Pt. will be filled in and used for extensive commercial de-

velopments under State control. About 175 acres of flats have recently been filled in and added to the land area of East Boston and 160 acres to that of South Boston.

In April, 1918, the Government decided to establish its Army Supply Base on a portion of the Commonwealth lands in South Boston. About 57.6 acres were purchased of the State, the price being \$1,317,510, soon followed by the construction of two pier sheds, each 920 feet long, a wharf shed and other buildings, including one of the largest storehouses in the world, built of reinforced concrete, eight stories high, 1,638 feet long, 126 feet wide and with floor space of over 1,650,000 square feet. The total outlay for the plant was \$26,000,000.

Total expenditure by State for improvement of Boston Harbor \$22,575,827 from 1859 to November 30, 1927, inclusive; in the same period, there was expended additionally \$951,992 on small channels; total Federal expenditure from 1790 to June 30, 1927, \$13,258,846.

FLAG DAYS.

By order of the City Council it is the duty of the City Messenger to have the national colors displayed upon the public flagstaffs on the following days:

Franklin's Birthday, January 17; Lincoln's Birthday, February 12; Washington's Birthday, February 22; Evacuation Day, March 17; Patriot's Day, April 19; Grant's Birthday, April 27; Memorial Day, May 30; Anniversary of Adoption of National Colors, June 14; Bunker Hill Day, June 17; Independence Day, July 4; Labor Day, September (first Monday); Anniversary of Founding of Boston, September 17; Columbus Day, October 12; Armistice Day, November 11.

THE COST OF DIPHTHERIA.

Diphtheria costs New York City over \$5,000,000 annually, according to Dr. Shirley W. Wynne, Health Commissioner of New York, whose statement, given in a news release from the department, is based on the calculations of the value of the lives lost, the cost of hospital care, and the expense of caring for patients in their homes.

Last year the loss occasioned by diphtheria in New York City was as follows:

Value of 642 human lives lost.....	\$4,575,000
Cost of hospital care for 2,976 cases in the Contagious Disease Hospitals.....	391,000
Cost of caring for 7,800 cases in private homes.....	273,000
	<u>\$5,139,000</u>

As against an annual economic loss of over \$5,000,000 a year it is stated that an expenditure of less than 10 per cent of this sum will suffice to wipe out diphtheria and thus save the community \$4,500,000 annually.

Figures by the New York City Department of Health show that thus far this year over 25,000 children have been immunized against diphtheria, nearly 12,000 having been protected by private physicians. The growing interest on the part of parents is well shown in the steady increase in the number of children immunized, which increased from 555 in the first week of the present campaign to 4,702 during the first week in April, or almost ninefold.

MUNICIPALITY TAKES OVER CHAMBER OF COMMERCE AIRPORT.

Oklahoma City has voted \$425,000 in bonds for the enlargement and improvement of its municipal airport. The Aviation Committee of the Oklahoma City Chamber of Commerce has operated the airport for the past four years and was largely instrumental in putting over the bond-issue campaign. The port will in the future be operated by the city as a strictly municipal project.

When completed, the new field will comprise 360 acres and will meet all of the qualifications for an A 1A airport as set forth by the United States Department of Commerce.

TRAFFIC SIGNALS REDUCE BALTIMORE TRAFFIC TOLL.

An analysis of traffic accidents at street intersections in Baltimore indicates that the automatic traffic signal is proving very effective in reducing the number of such accidents.

There were 419 traffic accidents at all intersections covered in the report issued by the Baltimore Safety Council for the first six months of 1927, before the signals were installed. In direct contrast, only 259 such accidents were recorded for the first six months of this year, with the signals in operation.

The casualties were: one person killed and 129 injured before the installation of the signals, as compared with two killed but only 92 injured after. A reduction in the number of accidents was reported at thirty-two intersections, following the installation of the signals, while seventeen other intersections have shown little or no change as yet, and ten actually have experienced an increase since the use of the signals.

THROUGH TRAFFIC STREETS.

Many a city government, confronted almost unawares by the ever-increasing traffic problem, has seized upon the "through street" idea as the least expensive sop to those who clamor for something to relieve the distress. This situation is reflected in many city traffic ordinances which give absolute right-of-way to vehicles on any of the "arterial highways" included in a long list, and which fail entirely to provide for stop requirements, signs, enforcement facilities, or public education. Unfortunately, traffic regulation is not so simple. It cannot be successfully accomplished by merely designating certain through streets.

Still, through streets are useful. Their successful application depends only on an understanding of what can and what cannot be expected of them, and on a realization of where they fit into the traffic control picture. Consider a street as it develops with the increasing traffic from a minor highway to a heavily traveled main thoroughfare. Traffic control will logically develop in successive steps something like these:

1. No control at all.
2. Slow or stop signs at isolated intersections.
3. Through streets with stop signs at every intersection.
4. Occasional automatic signals introduced where there is heavy cross traffic.
5. Complete flexible progressive signal control.
6. Grade separation at important intersecting streets.
7. Elevated or depressed roadway without intersecting streets.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 10, 1930.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 2 p. m., President LYNCH in the chair. Absent, Coun. Gallagher.

DEATH OF WILLIAM HOWARD TAFT.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1930.
To the City Council.

Gentlemen,—Whereas, Almighty God, in His Divine wisdom, has seen fit to take from our midst former President of the United States and Chief Justice of the Supreme Court of the United States, William Howard Taft; and

Whereas, The services of William Howard Taft during an entire lifetime have been devoted to the welfare of America and its people; and

Whereas, By his splendid talents, genial and kindly nature, he has, during a lifetime, been a source of comfort and confidence and through these God-given qualities has merited and enjoyed in an unusual measure the good will of the American nation and his death will be felt as a genuine national loss that is shared by all the people; therefore be it

Resolved, That the sincere sympathy of the people of Boston be conveyed to the grief stricken companion who has shared with him joys and sorrows, laughter and tears, Mrs. William Howard Taft, and to his family.

Ordered, That as a mark of respect the flags on all municipal buildings be placed at half-staff for a period of thirty (30) days.

Respectfully yours,
JAMES M. CURLEY, Mayor.

The preambles, resolve and order were adopted by a unanimous rising vote.

NEW BUILDING FOR PUBLIC WORKS DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, March 8, 1930.
To the City Council.

Gentlemen,—I herewith transmit report from the Commissioner of Public Works relative to the erection of a modern building for the Public Works Department on Rutherford avenue, Charlestown. This is in reply to your order of February 27, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department, March 5, 1930.
To His Honor the Mayor.

In reply to the attached order in Council, regarding modern buildings in the Charlestown Public Works yards, introduced by Councilor Green: The condition of the Charlestown yards is identical with that in practically every yard of the city, where the buildings are old and dilapidated and, in common decency, should be replaced. During your previous administration we built two garages, one on Albany street and one on Hancock street in Dorchester. These were the first buildings constructed in the memory of the oldest employee in the city service.

During the past administration there were purchased sixty large trucks and no housing accommodations were provided. Our immediate problem in construction would naturally be the erection of one or more garages in locations close to our greater activities, and it is hoped that in some future year money will be available to provide for this city public works yards equal in appearance and accommodation to those now in service in many of the smaller communities.

Yours very truly,
JOSEPH A. ROURKE,
Commissioner of Public Works.

Placed on file.

COST OF NEW ROXBURY COURTHOUSE.

The following was received:

City of Boston,
Office of the Mayor, March 8, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from John P. Englert, Superintendent of Public Buildings, relative to securing the estimate cost of a building suitable for a new courthouse for the Roxbury district. This communication is in reply to your order of February 24, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Buildings Department,
March 5, 1930.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Replying to the inclosed order of the City Council that the Superintendent of

Public Buildings be requested, through his Honor the Mayor, to furnish the City Council with an estimate of the cost for the purchase of land and construction of a building suitable for a new courthouse for the Roxbury district, I respectfully state that I am obtaining the necessary data regarding same and will be very glad to furnish same at a later date.

Respectfully yours,
JOHN P. ENGLERT,
Superintendent of Public Buildings.
Placed on file.

PLAYGROUND IN WARD 15.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, relative to securing an estimate of amount of money required to establish a playground in the vicinity of Greenwich and Fenton streets. This is in reply to your order of February 24, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, March 3, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have your memorandum of February 27, with inclosure, order from the City Council that the Park Commission submit an approximate amount of money required to establish a playground for children in the vicinity of Greenwich and Fenton streets, Ward 15—\$30,000 will be required for this purpose.

Very respectfully yours,
WILLIAM P. LONG, Chairman.
Placed on file.

VETO OF NAMING OF SQUARES.

The following was received:

City of Boston,
Office of the Mayor, March 5, 1930.
To the City Council.

Gentlemen,—I return herewith without my signature two orders from the City Council, naming the junction of Lenox and Sawyer streets Louis Marshal square, and the junction of Columbus and Massachusetts avenues Thomas J. McDonald square, for the reason that it has been the practise of the city to confine the naming of squares to men who died overseas during the World War. I have been unable as yet to obtain the information as to the deaths of these two veterans and accordingly withhold my approval of the orders.

I will have no objection to approving new orders for the same purpose at a later date if I receive satisfactory information concerning them.

Respectfully,
JAMES M. CURLEY, Mayor.

SPOT LIGHT, UNION SQUARE, BRIGHTON.

The following was received:

City of Boston,
Office of the Mayor, March 8, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Herbert A. Wilson, Police Commissioner, relative to the installation of an electric spot light over the traffic officer stationed at Union square, Brighton. This is in reply to your order of February 24, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Police Department, March 6, 1930.
C. Reardon, Chief Clerk,
Office of the Mayor.

Dear Sir,—Replying to your letter of February 27 with inclosure of an order from the City Council that the Police Department be requested to install a spot light at Union square, Brighton, I desire to state that on every week day there is a route officer from Division 14 who covers this location principally for the protection of the school children who must use this intersection when going to school, as follows:
8.15 a. m. to 9 a. m.; 11.50 a. m. to 1.30 p. m.; 3.30 p. m. to 6 p. m.

With daylight now up to 6 p. m., there is no immediate need for this spot light, and there will not be until some permanent traffic officer is assigned to this post.

Yours respectfully,
HERBERT A. WILSON,
Police Commissioner.
Placed on file.

HANOVER STREET BUS LINE.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Edward Dana, General Manager of the

Boston Elevated Railway, relative to the Hanover street bus line. This is in reply to your order of February 17, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Elevated Railway,
Boston, March 4, 1930.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—In reply to your letter of February 24, the matter will be presented to the trustees for further consideration. The trustees took their action because of the necessity for exercising every possible effort to balance income and expenditures for the trustee year ending June 30 and avoid any possibility of assessing a deficit.

The line in question was operated during rush hours; twelve trips being operated; 250 passengers were carried on these twelve trips, which is an average of 10 per half trip. They were all transfer passengers and no revenue accrued to the line itself. The pull-out to get the bus into service was a long one, and in view of the character of traffic, and the fact that a rapid transit station exists on both edges of the district involved (the Atlantic avenue elevated and the Washington Street Tunnel), making the length of route so short, the trustees did not believe they were justified in charging against cost-of-service, a service, of this character for such a minority use. It is only through consideration of services such as these that we have been able to conserve resources to render adequate service where great numbers of people are involved.

Yours very truly,
EDWARD DANA,
General Manager

Placed on file.

ADVERTISING SIGNS AT CEDAR GROVE STATION.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Edward Dana, General Manager of the Boston Elevated Railway, in reference to the removal of advertising signs from the Cedar Grove Station. This is in reply to your order of February 17, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Elevated Railway,
Boston, February 28, 1930.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—In reply to your communication with regard to the question of advertising on the Dorchester Tunnel Extension, I beg to advise that the lease for the Dorchester Rapid Transit provides for just such action as has been taken. This is in conformity with all of the leases with regard to rapid transit extensions. The revenue derived from this source is one of the items that offsets the heavy rental charges involved in these extensions.

Very truly yours,
EDWARD DANA, General Manager.

Placed on file.

POLICING OF CHARLESTOWN PARKS AND PLAYGROUNDS.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, relative to having the parks and playgrounds in the Charlestown district policed twenty-four hours. This is in reply to your order of February 24, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, March 3, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have your memorandum of February 27, with inclosure, order from the City Council, that the Park Commission consider the advisability and feasibility of having the parks and playgrounds in Charlestown district policed twenty-four hours daily.

There is no question but what there is an immense amount of damage done to the playgrounds in the Charlestown district. The Park Department cannot, with its limited number of employees, have men on every playground during the twenty-four hours.

I will, however, take this matter up with the Police Department and see if we cannot get the protection we should have in this district.

Very respectfully yours,
WILLIAM P. LONG, Chairman.
Placed on file.

HANDBALL COURT, LADDER 27 HOUSE.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1930.
To the City Council.
Gentlemen, I herewith transmit to you report from Edward F. McLaughlin, Fire Commissioner, relative to the establishment of a handball court in the rear of the Ladder 27 House on Walnut street, Neponset. This communication is in reply to your order of February 24, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, March 6, 1930.
Hon. James H. Curley,
Mayor of Boston.

Dear Sir,—I return herewith a copy of the following order passed by the City Council:

"Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to establish a handball court in the rear of the Ladder 27 House on Walnut street, Neponset."

The commissioner has not received any request from the members of Engine Company 20 or Ladder Company 27 that a handball court be established.

I am not of the opinion that a public handball court should be established adjacent to a fire station.

Yours very truly,
EDWARD F. McLAUGHLIN,
Fire Commissioner.

Placed on file.

SALE OF POLICE BOAT "GUARDIAN."

The following was received:

City of Boston,
Office of the Mayor, March 10, 1930.
To the City Council.

Gentlemen,—I beg to submit herewith communication received from the Police Commissioner, with reference to the police boat commonly called "Guardian." It has been condemned by the United States Steamboat Inspectors and in view of the fact that an appropriation has been made for a new boat for the Police Department the "Guardian" will no longer be required. I respectfully recommend the adoption of the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Police Department, March 6, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Mayor Curley,—I hereby respectfully request that you submit an order to the City Council requesting the sale at public auction of the police boat "Guardian" which has been condemned by the United States Steamboat Inspectors.

I have had two prices submitted to me, which in the opinion of the submitters would be a fair price for the steamer. One is \$7,000 and the other is \$4,000.

I am sending this communication to you after having consulted with the City Auditor, Rupert S. Carven, who states that this is the proper procedure.

Yours respectfully,
HERBERT A. WILSON,
Police Commissioner.

Ordered, That the Police Commissioner be, and hereby is, authorized to sell at a duly advertised public auction, at an upset price of \$7,000, the police boat "Guardian."

Referred to the Executive Committee.

APPROPRIATION FOR CODIFICATION OF BUILDING LAWS.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1930.
To the City Council.

Gentlemen,—I beg to forward herewith communication received from the Building Commissioner requesting an appropriation in a sum sufficient to permit of the codification of the building laws. It is my purpose that the proposed codification shall be applicable to the entire metropolitan Boston area, to the end that the city may not be at a disadvantage in the matter of construction because of laws in the remaining cities and towns of the metropolitan area which are lax in provisions necessary for the conservation of health and the protection of life and property.

The codification as here requested is, in the opinion of competent authorities, necessary for the safeguarding of life and property from fire, and represents a chapter in the program of conservation through which it is hoped that it will be possible for Boston to reduce by one half the present annual fire loss.

In the opinion of the Building Commissioner, as set forth in his communication, the sum of \$15,000 to \$20,000 is necessary for this work but, after consultation with the Budget Com-

missioner and personal investigation I feel satisfied that the sum of \$10,000 should prove ample and I accordingly recommend the adoption of the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Building Department, February 27, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—After careful investigation of the expenditures attending previous codifications and drawing of Building Laws for the City of Boston, I am convinced that the preparation of the new law will cost between fifteen and twenty thousand dollars, and I would respectfully request your consideration and approval of such an amount.

Respectfully yours,
EUGENE C. HULTMAN,
Building Commissioner.

Ordered, that the sum of \$10,000 be, and the same hereby is, appropriated, to be expended by the Building Commissioner for meeting charges for expert and stenographic services and other necessary and proper expenditures in connection with a codification of the building laws of the city, said sum to be charged to the Reserve Fund, when made.

Referred to the Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Annie Baker, for compensation for injuries caused by an alleged defect at 150 Tremont street.

Ida S. Dickson, for compensation for damage to garbage cans by ashmen.

Frank J. Gartner, for wife, for compensation for injuries received at Jamaica Pond boat house.

J. H. Hebb, for compensation for damage to car by city car.

Elizabeth E. Hein, for compensation for injuries caused by an alleged defect at 1135 and 1137 Commonwealth avenue.

Mills Transfer Company, for compensation for damage to car caused by an alleged defect in Sleeper street.

Walter J. Mulhall, for compensation for damage to car caused by an alleged defect in Curve street, Boston.

Mrs. Frances Peters, for compensation for injuries caused by an alleged defect at 28 Allen street.

John B. Robinson, for compensation for injuries caused by an alleged defect in River street.

Martha L. Seally, for compensation for injuries caused by an alleged defect at Massachusetts avenue and Newbury street.

William Toon, to be reimbursed for work done for Public Works Department in 1927.

Emilio Vitale, for compensation for injuries received on terryboat.

Edward F. Wallace, for compensation for damage to car caused by an alleged defect at 1205 Tremont street, Roxbury.

Bessie V. and Lucius W. Wright, for compensation for damage to property caused by stones thrown from Rutherford Avenue Playground.

Gertrude E. Gorey, for compensation for injuries received caused by an alleged defect at 43 Beaumont street, Dorchester.

Peter Bent Brigham Hospital, for compensation for damage to property caused by break in water main.

Committee on Jitney Licenses.

Petition of Boston Elevated Railway for license to operate motor vehicles between Cambridge-Boston line on Charles river dam and Scollay square.

APPOINTMENTS BY THE MAYOR.

The appointments by the Mayor of Henry L. Daily, 35 Clarkson street, Dorchester, to be City Registrar, and James R. Gibson, 65 Long Wharf, to be a member of Board of Zoning Adjustment, were received and placed on file.

APPROVAL OF APPOINTMENTS BY THE MAYOR.

Notice was received of approval by the Commissioners of Civil Service of the following appointments, viz.:

Frank B. Howland, 6 Waverly street, Roxbury, as Overseer of Public Welfare.

James P. Maloney, 624 Cambridge street, Allston, as Overseer of Public Welfare.

Edward F. McLaughlin, 76 Dunster road, Jamaica Plain, as Fire Commissioner.

Severally placed on file.

CONSTABLES' BONDS.

The constable's bonds of Henry G. Dalquist, Thomas Freedman, Rudolph L. Trent, having been duly approved by the City Treasurer, were received and approved.

SIDEWALK ASSESSMENTS.

Notice was received from the Commissioner of Public Works of costs assessed for constructing artificial stone sidewalks, with orders assessing said sums, as follows:

	Half Cost
Dean street, Ward 13.....	\$80 51
Boylston street, Wards 5 and 21.....	2,609 14
Florence street, south side, Ward 19.....	2,503 64
Vale street, Ward 11.....	1,312 42
Everett street, north side, Ward 18.....	165 10
Morton street, Ward 14.....	2,134 37
Winship street, Wards 21 and 22.....	1,108 98

Orders severally passed under suspension of the rule.

PAY ROLL OF REGISTRY OF DEEDS.

The pay roll of Registry of Deeds for work from March 1 to March 15, inclusive, regular employees, amounting to \$4,746.45, was received and approved.

REPORT OF COMMITTEE ON FINANCE.

Coun. DONOVAN, for the Committee on Finance, submitted reports as follows, viz.:

1. Report on message of Mayor and order (referred February 10) appropriating \$350,000 for new fireboat—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. DONOVAN—Mr. President, I might briefly say, for the benefit of the members of the Council, that the appropriation of \$350,000 is for the construction of a new fireboat. The information which we received from the Acting Fire Commissioner is that there are three boats in bad shape, Engine 31 being in the worst shape of the three, which has one pump, built in 1914, and has a capacity of three thousand gallons a minute. Engine 44, built in 1895, has a capacity of six thousand gallons a minute. Engine 47, built in 1909, has a capacity of six thousand gallons a minute. Every year these boats are inspected by the United States steamboat inspectors. The cost of maintenance and upkeep of these boats in 1927 amounted to \$10,904.46, and an additional \$4,207.95 represents work performed by the department mechanics. In 1928 the cost of the upkeep was \$12,595.78, and the work supplied by the department mechanics \$1,901.47. In 1929 the cost of upkeep was \$26,922.39, with the department mechanics' work \$1,151.23, aggregating \$57,883.68 for repairs and upkeep over a period of three years. Each boat is out of service one month each year for repairs. The boiler in Engine 31 is eighteen years old, and last year they replaced eighteen tubes in this boiler. The ordinary life of these boilers is from twelve to fifteen years. A steel ship is contemplated by the Fire Commissioner, with a pump that will throw between eight to ten thousand gallons a minute, with 150 pounds pressure. The estimated cost of construction is furnished by a survey by competent men in their respective lines. They submit a Type A construction, costing, complete, \$344,300. It is an oil-burning steamboat. The Type B is a Diesel pump engine, estimate \$483,450. The gasoline estimate is \$310,200. The Diesel engine, while the most economical engine on long runs, is not adapted to fire service. The steam is a moderate triple expansion engine. The Diesel is a high grade engine, and the gasoline is a low grade engine. The Acting Fire Commissioner, Mr. Hultman, stressed the crying need of a fireboat at this time.

The report was accepted and the order given its first reading and passage, yeas 20, nays 0.

2. Report on order (referred March 3) that \$40,000 be appropriated to be expended by Park Commission for erection of bleachers, rearranging baseball diamonds, etc., on Healy Playground, Ward 19,—that same ought to pass.

Report accepted; said order passed, yeas 19, nays 0.

PAYMENT OF AID TO SOLDIERS AND SAILORS.

Coun. MAHONEY, for the Committee on Soldiers' Relief, submitted report recommending payment of aid to soldiers and sailors and their families in City of Boston for month of March, 1930.

Report accepted; said order passed.

PROPOSED WARD 16 IMPROVEMENTS.

Coun. FISH offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Ashmont street, from Peabody square to Neponset avenue, Ward 16.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to investigate and report to the City Council upon the practicability and estimated cost of enlarging the present inadequate area of Tenean Beach, Ward 16. Severally passed under suspension of the rule.

OBSERVANCE OF EVACUATION DAY.

Coun. MAHONEY offered the following:
Ordered, That the heads of departments be authorized to allow all city employees whose services can be dispensed with without detriment to the service, a half-holiday without loss of pay on Evacuation Day, March 17.

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to prohibit the parking of automobiles on Broadway, between Dorchester avenue and Farragut road, during the passing of the parade on Evacuation Day, March 17.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to have cleaned and put in proper order, not only the streets to be used for the parade on Evacuation Day, March 17, but all the other streets in South Boston, so that the thousands of people who visit the district on that day will find it in a condition creditable to the City of Boston. Severally passed under suspension of the rule.

SIDEWALK ON MONKS STREET.

Coun. MAHONEY offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along 1, 3, 5 and 7 Monks street, Ward 6, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SEWERS EMPTYING INTO ROXBURY CANAL.

Coun. COX offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to submit to the City Council an engineers' report as to whether or not the present system of sewers and drains now emptying into the Roxbury canal, Fort Point channel and South bay, are adequate for the needs of the adjacent limited area which they now serve; and if, in their opinion, they are inadequate, or a menace to public health, to submit to the City Council a comprehensive plan of adequate sewerage and drainage requirements, together with estimated cost; and whether or not, in their opinion, in the construction of any additional sewerage it is necessary to do away with or fill in the navigable waters of Fort Point channel and the Roxbury canal.

Passed under a suspension of the rule.

PARTITION OF FLATS.

Coun. COX offered the following:
Ordered, That the Law Department, through his Honor the Mayor, be requested to petition the Court for a partition of flats as provided by law,—to establish the ownership of the City of Boston to the flats within the original tidal area of South bay.

Said flats of South Boston were formerly within the territorial limits of the towns of Boston, Roxbury and Dorchester, and are now part of the City of Boston. Said territorial limits are substantially shown on plans authorized by the Commonwealth of Massachusetts in 1794 and recorded in the archives at the State House, Boston.

Coun. COX.—Mr. President, I should appreciate an opportunity to say a few words explanatory of my reasons for offering these orders. There is now before the Harbors and Public Lands Committee, House Bill 190, a report of the special commission, established under chapter 48 of the Resolves of 1929, to investigate the advisability of filling in the present navigable waters of Fort Point channel and South bay above Dorchester Avenue Bridge, and the disposal of the drainage of their dependents, Dorchester brook and Roxbury canal into the lower portion of Fort Point channel. Mr. President, I am interested in the industrial development of the City of Boston. I am deeply interested in any project which will restore to the Port of Boston its commercial importance. The development of any great port includes the conservation of its navigable waters; and the wisdom of filling in a navigable channel now serving a great industrial section of this city seems to me questionable. The future commercial development of the City of Boston is dependent on its available harbor facilities. Fort Point channel extends from the inner harbor at Northern avenue, southwesterly to Dover street. Roxbury canal extends from Dover street to Southampton street, a total distance of nearly two miles. The water traffic of these channels has consisted of

lumber, logs, coal, brick, lime, sand, building and paving materials and bulky freight that can only be carried profitably by water. The total waterborne traffic of these channels above Dorchester Bridge during the year 1927 was over 277,000 tons, with a valuation of \$3,041,000. South bay was a natural drainage basin for the surrounding territory into which Roxbury and Dorchester brooks discharged. It was used even in Colonial and post-Revolutionary times for the navigation of craft serving the commercial needs of Dorchester and Roxbury of that date. At low tide it was a mass of flats and marshes,—the marshes being grass grown and utilized for cattle grazing and hay-making by the earlier settlers. Originally there were about 100 acres south of what is now Dover street. This condition continued from 1630 to 1800. Between 1800 and 1850 a large area of Boston proper was filled in from excavations taken from South bay and the adjoining marshes,—thereby enlarging the tidal area of South bay to something over 200 acres. This condition continued until about 1900 and from that time on, South bay has been filled in by the various railroad interests, and at present there is a tidal area of approximately twenty acres. Most of the original South bay has been filled in and is now claimed by the New York, New Haven & Hartford Railroad. It seems to me that the problems of South bay can be divided in three parts, as follows: First,—The commercial interests of the City of Boston—which do not seem to me to be advanced by this project of filling and destroying a navigable portion of Boston Harbor. Second,—The question of whether or not there is a necessity for additional sewerage facilities, and whether or not it is necessary in this connection to do away with the navigable waters of South bay. As shown in the legislative report, 1928, this work would cost the taxpayers of Boston \$6,734,000. Third,—The question of ownership of these flats in South bay, which has never been determined. From a study of ancient plans of the South bay in the City of Boston and the adjacent towns of Dorchester and Roxbury, it is evident that the flats in the South bay were owned in 1630 by Dorchester, Roxbury and Boston and their territorial limits and boundary lines were recognized by the General Court. These lines remained unchanged as shown on a plan authorized in 1794 by the General Court. In 1868 and 1870, respectively, Roxbury and Dorchester were annexed to Boston. Boston therefore took title to the flats belonging to Dorchester and Roxbury. There has never been a partition of the flats of South bay as required by law and without such partition there could be no individual ownership of these flats. After 1900 the Legislature began to reduce the area within the Harbor Commissioners' lines of South bay and licenses were given from time to time to the railroad companies to fill this abandoned area. About 1868 there were approximately 170 acres of flats encompassed by harbor lines in South bay; and the tidal flow of this great area twice daily carried the impurities out to sea—thus furnishing a natural drainage. This extension of the harbor lines by the Legislature continued until May, 1929, when all harbor lines were abolished; but there are still remaining about twenty acres of tidal area out of the 170 acres originally within the harbor commissioner's lines in 1868. Chapter 134 of the Resolves of 1914 created a commission consisting of the State Board of Health, the Directors of the Port of Boston and the Commissioner of Public Works of the City of Boston—who was at that time Louis K. Rourke—to investigate the advisability of preventing the nuisance now existing in South bay. I quote as follows from their report:

"In a report made by Mr. John L. Howard, assistant engineer to Mr. F. W. Hodgdon, chief engineer of the Directors of the Port of Boston, on this matter of South Bay in 1912, he states that according to statements made by the wharf owners the annual tonnage 'accommodated' by the wharves on South bay was 1,216,000 tons, which was divided up about as follows: coal, 936,850 tons; lumber, 73,000; building materials generally, 64,750 tons; paving material, 16,000 tons; and garbage, 125,000 tons,—1,216,000 tons in round numbers. The paving and garbage tonnage represents the intake and output traffic of the city yards on Albany street, which have a water frontage on the South bay; and the coal supply of the Boston City Hospital, some 11,000 tons annually, is delivered at its coal sheds on the Roxbury canal. The elimination of these navigable channels would make a difference in the freight and cartage bills of the municipality of Boston serious enough to deserve consideration, even if the question of convenience, time-saving in delivery and efficiency of administration were ignored.

"There appears to be a difference in tonnage between the tonnage statistics of the United States Engineer's Office and those of Mr. Howard for the year 1912 of some 500,000 tons, the explanation of which has not been ascertained; but as the federal figures exclude the traffic of Fort Point channel and the municipal garbage and waste tonnage this may account for some of the discrepancy.

"The fact cannot be ignored that there is a very useful and flourishing volume of business transacted in and about the waters of South bay, which afford transportation facilities that are the economic salvation of that business. Deprived of these cheap and convenient traffic routes, as they would be by filling in South bay and its subsidiary

channels, the wharf owners would be compelled to seek new locations and new transportation facilities, to the disorganization and possible loss of their business. If they sought new waterfront locations in Dorchester bay, as has been suggested by some investigators, they would move to a shore front whose waters would first have to be made navigable by dredging; and they would find themselves further from their customers, and the deliveries of their supplies slower and more expensive. If they remained in or about the same locality they would have to depend upon the railroads for the transportation of their stock-in-trade, and it is a trade truism that coal, building materials, and heavy, bulky materials of that nature must have water transportation, or freight rates equally reasonable, since cheap carrying facilities are the breath of their life. Railroads are not either eleemosynary or altruistic institutions; when competition ceases rates rise.

"If the business is displaced or destroyed the owners must be compensated, not only for the business ruined or removed, but for the riparian rights lost. The value of such enterprises, after ruin or removal, grows like Jonah's gourd.

"Here again comes up the purely utilitarian and economic question of the expense to the community such charges involve, and the value derived from them in the increased land prices, business development and aesthetic improvements. Unless the question of the public health and the general betterment of the municipal sanitation is involved, and can be secured only by the complete elimination of South bay, the state and municipality of Boston should be chary in engaging in such an enterprise.

"The ownership of the flats beyond the harbor line in the lower part of South bay, between the railroad tracks and Albany street, which are uncovered at low tide, appears to be in doubt; they have an area of about 1,400,000 square feet; the Commonwealth may or may not have title to them; that is a question that must be settled by investigation, and until it is settled improvements there at public expense cannot very well be entered upon . . . and until the legal ownership of the flats is settled such action would be ill-advised."

It is my understanding, Mr. Chairman, that the City of Boston has title to flats of South bay amounting to from 25 to 50 acres, with a valuation if this property is filled in of from \$25,000 to \$50,000. Therefore, I feel that this is properly a matter for the Law Department to look into.

The order was referred to the Committee on Public Lands.

PROPOSED WARD 20 IMPROVEMENTS.

Coun. COX offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Schiller road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Stimson road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Shaw street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor to accept and lay out Schirmer road, Precinct 6, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Stimson street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Saville street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Selwyn street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Ravenna road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Roberts avenue, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Rumford road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Partridge street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Park Front road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Perham Street Extension, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Nut street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out New Haven street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Newfield street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out North avenue, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Newburg street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out McCraw Street Footway, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Manning street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Montclair avenue, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Merlin street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Moreland street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Montgomery street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Libby street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Lorette street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Leland road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Keith street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Keystone street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Hodgdon terrace, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Hill street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Highview avenue, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Hollywood road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Harwood road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Halton road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be requested to accept and lay out Heldun street, Ward 20, as a public highway.

Severally passed under suspension of the rule.

REPAVING OF THORNTON STREET.

Coun. ENGLERT offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave Thornton street, Ward 11, with smooth paving.

Passed under suspension of the rule.

SIDEWALK ON WASHINGTON STREET, WARD 11.

Coun. ENGLERT offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Washington street, from Glen road to Lotus place, Ward 11, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining; to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgstones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

FENCE ON MATHER SCHOOL PROPERTY.

Coun. KELLY offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to erect a fence on the Mather School property bordering East street, in order to eliminate further accidents to primary grade children of tender years, caused by a forty-foot drop to the street for a distance of approximately one hundred yards, the last similar accident, in which serious injury resulted to a child named McKendry, nearly resulting in death, having stirred the people of Dorchester to demand the immediate remedying of this dangerous situation.

Passed under suspension of the rule.

PROPOSED WARD 9 IMPROVEMENTS.

Coun. GLEASON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install a light in Eliot square, at the corner of Highland street, Ward 9.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Blanchard street, Ward 9.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install a light at the corner of Norfolk and Highland streets, Ward 9.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install a light at the car stop on Northampton street, between Chester place and Washington street.

Severally passed under suspension of the rule.

PROPOSED WARD 2 IMPROVEMENTS.

Coun. GREEN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept, lay out and extend Dupont street, from Decatur street to Moulton street, Ward 2, for the purpose of relieving traffic congestion on Chelsea street.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Chauncey place, Ward 2, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept, lay out and extend Decatur court, from Decatur to Moulton street, Ward 2, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to consider the advisability and feasibility of widening Decatur street, Ward 2, for the purpose of relieving traffic congestion on Chelsea street.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Fremont place, Ward 2, as a public highway.

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install a beacon at the junction of Warren, Park, Henley and Call streets, Ward 2.

Severally passed under suspension of the rule.

PROPOSED WARD 19 IMPROVEMENT.

Coun. MURRAY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Ferndale road, Ward 19, as a public highway.

Passed under suspension of the rule.

PROPOSED WARD 14 IMPROVEMENTS.

Coun. RUBY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Astoria street, Ward 14, as a public highway.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Kerwin street, Ward 14.

Severally passed under suspension of the rule.

REINSTATEMENT OF WILLIAM P. HAYES.

Coun. DONOVAN offered the following:

Resolved, That the City Council of Boston hereby favors the enactment of legislation authorizing the temporary reinstatement, for the purpose of retirement only, of William P. Hayes as a member of the Boston Police Department.

Passed under suspension of the rule.

ANNUITY TO WIDOW OF JOSEPH L. ALLEN.

Coun. NORTON offered the following:

Ordered, That an annuity of \$600 be allowed and paid to the widow of Joseph L. Allen, late member of the Fire Department, who died from injuries received in the performance of his duty, such annuity to continue so long as said widow remains unmarried, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Referred to the Executive Committee.

PROPOSED WARD 18 IMPROVEMENT.

Coun. NORTON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Waterloo street, Ward 18.

Passed under suspension of the rule.

INVITATION TO HON. ALFRED E. SMITH.

Coun. NORTON offered the following:

Resolved, That his Honor the Mayor be requested, on behalf of the City Council, to invite the Hon. Alfred E. Smith of New York to be the guest of the City of Boston during the coming tercentenary exercises.

Passed under suspension of the rule.

BASEBALL DIAMONDS.

Coun. FISH offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to place in proper condition for the coming season the baseball diamonds on the Dorchester Town Field, Ashmont Playground, Mary Hemenway Playground, Neponset Playground and Dorchester Park.

Passed under suspension of the rule.

PROPOSED WARD 17 IMPROVEMENTS:

Coun. WILSON offered the following:

Ordered, That the Board of Street Commissioners be, and said Board hereby is, requested, through his Honor the Mayor, to lay out and accept as a public highway Darling street, Dorchester, from Norfolk street to Southern avenue, in Ward 17.

Ordered, That the Board of Street Commissioners be, and said Board hereby is, requested, through his Honor the Mayor, to lay out and accept as a public highway Moody street, Dorchester, in Ward 17.

Severally passed under suspension of the rule.

STREET CAR RESERVATION IN HUNTINGTON AVENUE.

Coun. ARNOLD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to investigate and report to the City Council upon the advisability and practicability of either narrowing the street-car reservation in

Huntington avenue, between Copley square and Francis street, or eliminating it altogether, as a measure of public safety.

Coun. ARNOLD—Mr. President, feeling, as I do, that this is the psychological moment to engage the attention of the members of the Council, in view of the fact that most members of this body had occasion to visit Huntington avenue last week, Thursday night, I would say at this time that the congestion then in evidence is not an unusual thing upon Huntington avenue. Last night, it took me ten minutes to get from Westland avenue to my office, a distance of about six blocks. The records of accidents during the years of 1927, 1928 and 1929 show that Huntington avenue, from Copley square to Francis street, has had 196 accidents resulting in personal injury or death. Huntington avenue, from curb to curb, is about 75 feet wide, divided into two 25-foot roadways and a 25-foot reservation on which the Boston Elevated Railway has two tracks. This reservation is bounded on either side with granite curbs. The distance from the outer rail to the curb is 3½ feet and the dummy between the tracks is about 8½ feet. The standard width of dummy between tracks on most streets is 5 feet. If both tracks in the Huntington avenue reservation were moved in so as to make a 5-foot dummy, this would give a clearance of 5 feet between the outer rail and curb on either side of the reservation. This would allow room enough for passengers entering or leaving the cars to stand on the reservation. As it is now, passengers waiting for street cars have to step from the reservation into the roadway on the approach of a street car, thus placing the street car patrons in a very dangerous position. These track changes would probably cost upwards of \$120,000. An alternative proposition that would relieve congestion on Huntington avenue would be to remove the reservation entirely, relay the tracks so that a 5-foot dummy would be between tracks and have a continuous pavement from curb to curb. Safety zones would have to be established at each car stop. A study of the matter has been made by the Traffic Commission, and I would now suggest that it be taken up by the Commissioner of Public Works, with a view to having something done which will relieve the congestion in that particular area. It is one of the most populous parts of downtown Boston, and I believe the relief suggested by either of these two plans would mean really a great benefit to the public. I move suspension of the rule and the passage of the order.

On motion of Coun. BUSH, the order was referred to the Committee on Public Safety.

MOTION TO TAKE UP APPOINTMENTS.

Coun. GREEN—Mr. Chairman, I move to take No. 2 from the calendar.

No. 2, under unfinished business, is as follows:

2. Action on appointments submitted by the Mayor March 3, 1930, of Hugh P. McColgan and Thomas J. Duffley, to be Weighers of Goods.

President LYNCH—The Chair will also call up No. 1.

No. 1, under unfinished business, is as follows:

1. Action on appointments submitted by the Mayor March 3, 1930, of James P. Hayes, Edgar F. Callahan, Archibald W. Ready, Hyman Rossman, William T. J. O'Malley, William J. Galby, John Kelly, John H. Logue, and Charles E. Dowd, to be Constables.

Coun. BUSH—Mr. President, I move that these appointments be held until after the meeting of the Executive Committee.

President LYNCH—If there is no objection, the Chair will defer the matter until the latter part of the session.

NEW EAST BOSTON FERRY TOLLS.

On motion of Coun. DONOVAN, assignment No. 3 on the calendar was taken from the table, viz:

3. Ordinance establishing a new tariff of tolls on the East Boston ferries, to take effect April 1, 1930.

The question came on the passage of the ordinance.

Coun. WILSON—Mr. President, I wish to offer the following amendment:

Section 3. This ordinance shall take effect beginning with the first day of April, 1930. The fees herein established shall continue until January 1, 1934, and on and after that day the fees shall be as follows:

Passengers.	
Foot passengers.....	1 cent
Passengers on vehicles, other than driver, each.....	1 cent
Vehicles.	
One or two horse vehicles with driver...	15 cents
Three or four horse vehicle with driver...	25 cents
Passenger automobile with driver.....	20 cents
Motor truck, six tons or less, with driver...	20 cents
Motor truck, over six tons, with driver...	30 cents
Auto bus with driver.....	30 cents
Motorcycle with driver.....	10 cents
Trailer.....	20 cents

Miscellaneous.

Hand cart, or wheelbarrow, and man...	10 cents
Horse and rider.....	10 cents
Horses and cattle, each with attendant,	10 cents

Tickets for Vehicles.

Tickets in packages of twenty shall be sold at a reduction of 20 per cent from toll rates.

Funeral Processions.

Funeral processions shall pass free of tolls.

The question came on the adoption of the amendment.

Coun. DONOVAN—Mr. President, I am opposed to that amendment as offered by Councilor Wilson, because, as I view it, it is nothing more nor less than a repetition of the one he introduced last week asking postponement for two years. None of us can foresee what conditions will be four years from today, and I believe it would be good policy to leave matters so that the Council that is here at that time may deal with the situation that exists, whatever it may be.

Coun. NORTON—Mr. President, I come from the farther end of the city, as far away from Councilor Donovan's ward as any section, and I am not influenced in any sectional way, therefore, so far as East Boston is concerned. Nevertheless, for some years I have been interested in the East Boston section, and have had a strong feeling that it has not been justly dealt with. It appears to me that we have become rather toll-minded so far as that part of our city is concerned. It has been interesting to me to follow the history of Noddle Island down from the early days to the time of the Civil War and since, and to see how the question of a bridge or some means of communication with East Boston, was debated and considered many years ago. Ferries, instead of a bridge, were decided on, and there has ever since been continual controversy about the tolls, their increase, decrease or abolition. To my mind, Mr. President, the whole question of transportation between East Boston and the city proper was never justly settled. It seems to me rather singular, for example, that we should build subways here in Boston and tax the Boston Elevated Railway 4½ per cent a year interest to pay for those subways, and yet when a tunnel was built to East Boston a toll should be charged, which has been in existence for over twenty years. I don't see why that toll should ever have been imposed, as I do not see at this time why the ordinance proposed by Mayor Curley should not be passed. It seems to me simply a matter of justice. While it may be unfortunate that there is this stretch of water between Noddle Island and the City of Boston, the fact remains that East Boston is a part of this city and that that is the existing condition. There was a time when tolls were general, not only for ferries but for bridges, a time when tolls were charged going over the bridges to Chelsea and Charlestown, a time in the old days when people were compelled to pay tolls to travel over the Worcester and the Newburyport turnpikes. But that time has long passed, and yet still we see this toll existing between the City of Boston proper and another part of our city, East Boston. To my mind it is time that this handicap, so far as the East Boston section is concerned, was eliminated. Councilor Fitzgerald at the last meeting spoke about former conditions in East Boston, and about the recent period of decline. It is a fact that, particularly within the last twenty years, East Boston, so far as industrial progress is concerned, has declined. It is unfortunate that we have treated East Boston in the way we have as compared with other outlying sections of this city. Conditions have changed. We have seen many millions spent upon the Army Base and upon the Commonwealth Pier in South Boston; we have seen the development of the Fish Pier and the diversion of a great deal of shipping and commercial movement to the South Boston area. Forty, fifty and sixty years ago East Boston was the great pier section. It was selected by Sam Cunard, when he came here with his vessels, and they and some others are still there, in spite of the unfortunate handicap through tolls and the fact that the section is hard to get to. It is today a fact that a teamster or truckman who makes eight trips between the Commonwealth Pier or Army Base in South Boston and the National Warehouse docks in East Boston has to pay tolls which amount to more than he is paid for his day's labor. It is unfortunate for the National Dock Terminal, the Hodge Boiler Works, the Atlantic Works and other such industries, situated in the Noddle Island section, that they should be in the position they are in at the present time. There is a severe handicap to the National Dock Company, for example, with an investment of over \$5,000,000 in storage property, that it has to compete under such conditions with other storage warehouses in various sections of the city. Traffic goes over the L Street Bridge, Northampton street and other bridges, to South Boston, as well as the other outlying sections of the city besides South Boston, without this handicap that applies to East Boston alone. Over all the bridges, to South Boston, Charlestown, to Cambridge to other sections, there is free passage, freely availed of by the industries in the different sections, and East Boston alone suffers. Therefore, I feel certain that increased tolls should not go into effect. The idea behind Councilor Wilson's amendment is that such increased tolls will be imposed when the tunnel or bridge to East Boston shall have

been completed. It is impossible to tell at this time when that will be. I would like to make the tolls between East Boston and the East Boston section as small as possible consistent with the finances of the city. When the great President Wilson sailed up to the Commonwealth Pier from abroad in 1919, he asked one question of the late Lieutenant-Commander, and that question was, "Show me, Mr. Commander, the yard of Donald McKay," Robert W. Emmons could only point out the general section where the yard had been, and to say that conditions had since changed; and the reply was that that was unfortunate considering that years ago that section was the primary ship-building section of the Commonwealth and of the nation, with the added comment, "And see the condition it is in now!" That vividly illustrates the contrast between past and present conditions so far as East Boston is concerned. I feel that many of us would like to see conditions in that section at least partially restored, as might well happen with the removal of present handicaps.

Coun. WILSON—Mr. President, with reference to the remarks of the gentleman who lives a lot nearer to my ward than to East Boston, I would simply say that I am interested in as low tolls as are possible consistent with a proper financial policy of the city. I am simply wondering how we might reach such a figure. But we must, it seems to me, bear in mind the fact that there is at present an annual deficit on the ferries in the neighborhood of three-quarters of a million dollars. I am wondering, looking at this purely as a matter of financial policy on the part of the City of Boston, how long we are justified in continuing that sort of thing when the burden must be borne by other sections of the city. I do not for a moment endeavor to set up my personal judgment against a policy that has been pursued for the last forty-three years, nor against the policy that has been followed in the matter of tunnel tolls since the inception of the tunnel; nor for a moment would I set up my judgment against the apparently satisfactory fiscal policy of New York City, which looks upon tunnel tolls as no particular innovation. With reference to the figures that have been given, of course, they make excellent material for popular appeal, and there is a note of pathos in the speeches in favor of no tolls for East Boston, when stress is laid upon the fact that the district has gone back in the past thirty, forty or fifty years.

Coun. DONOVAN—Mr. President, will the councilor yield for a question?

Coun. WILSON—Yes.

Coun. DONOVAN—Would the gentleman be in favor of imposing a toll on bridges connecting different parts of Boston, or connecting Boston with other communities?

Coun. WILSON—Mr. President, I don't know of any bridge that separates my ward from Boston, but if there were such I should probably object to a toll on a bridge across which I had to go under my own gasoline power, and which I was not carried across.

Coun. DONOVAN—Mr. President, one more question,—would the gentleman be in favor of paying a toll on the bridges from South Boston to Boston?

Coun. WILSON—No. As I say, I would object to a toll on a bridge where I went across under my own power, just as I would suggest that the people of East Boston can do, by taking the three-mile route through Charlestown rather than going by the short route on the ferry, and in going by way of Charlestown they would be traveling a much shorter distance than I would have to travel coming in from Dorchester.

Coun. DONOVAN—One further question,—does the gentleman realize that there is a deficit arising from the operation of the bridges in Boston amounting to \$600,000? He speaks of there being a deficit of \$500,000 to \$700,000 in the operation of the East Boston ferries, but does he realize that there is an annual deficit in running our bridge system of \$600,000, for which the people of East Boston, as well as the people of other parts of the city are taxed?

President LYNCH—The Chair would rule the question which the councilor originally desired to ask has been answered.

Coun. WILSON—Mr. President, I would like to answer the gentleman's question in this way. I don't know how much the deficit from the bridges is, but I am interested to learn that the deficit from all the bridges of Boston is \$150,000 less annually than the deficit that arises from running the three or four ferryboats that go to East Boston and back, and that makes my argument in this matter stronger, that house owners in other parts of the City of Boston should not be called upon to meet the large deficit which arises from simply running these few ferryboats. Nor do I suppose that the previous speaker would wish me or any other member of the Council to agree that the mere fact that vehicles passing over on the East Boston ferryboats last year paid a total of \$89,000 imposed such a hardship as to account for the crippling of East Boston industry in recent years, or that the conditions complained of would be corrected if they paid only half that amount. I don't suppose he would claim that if the people of East Boston were required to pay only \$30,00 or \$40,000 in tolls it would bring back previous business conditions, that it would result in concerns going there and erecting twenty or thirty story buildings against the skyline. The thing that appeals to me in the matter is this: We all know the action that was taken practically unani-

mously by this body last year. We now see a change of front, and I don't know of any change in the conditions that has brought it about. The members of this body last year were virtually in complete agreement on the increased rates that were put through by that body, under the Nichols administration. The Nichols rates were considered for a year and a half or two years, and there came a day when the people of East Boston wanted the people of Boston to authorize the expenditure of \$16,000,000 or more for a tunnel. The action taken last year had the construction of such a tunnel in view, and the people of East Boston were then apparently agreeable to the imposition of the increased rates which were passed at that time. Now, if you want a tunnel to East Boston, that will cost \$16,000,000 at least, and the cost of which will probably exceed \$20,000,000, isn't it a fair proposition that the Nichols amendment to the ordinances, in the matter of rates, should stand? The thing went through on that basis, and I and many other members voted for the East Boston tunnel on that understanding. That was the basis upon which it went through and, therefore, I say that the action now proposed is unfair and improper. I say that to the members of the Council sitting here this afternoon, and having in mind that the action then taken was upon that understanding. I say it is now poor sportsmanship to go back on it simply because you have the votes, and I say that whether you like it or not. A point has been made in regard to the difference in the amendment offered last week and the one offered this week. Last week, asking various persons how many years it would take to finish the tunnel, we got the figure of about two years, and I put in the two years accordingly. Asking the chairman of the Transit Commission last week how long it would take, he said it would be three or three and one-half years. So I have now introduced a change in the time, accordingly, as a result of having had the matter put over for one week, until this meeting. But I do say now to the members from sections of the city outside of East Boston, who took the action they did last year and who are now proposing to take different action, that they are not giving a square deal to the house owners who elected them.

Coun. BUSH—When does this amendment take effect?

President LYNCH—1934.

Coun. NORTON—Mr. President, the gentleman from Dorchester (Coun. Wilson) speaks about the negligible effect that the payment of \$89,000 in tolls would have as affecting the business prosperity of that section. I would remind the gentleman that a 2-cent differential against the port of Boston is considered sufficient to send the port commercially into the realm of oblivion. It is not a question of the seemingly small total amount that you may figure, but the estimates of the Chamber of Commerce show that a differential of 2 cents per 100 pounds against the port of Boston would probably result in the ruin of the port, because of the effect of that differential on products coming from the Middle West, consigned via Albany, Buffalo and Boston. We have spent a quarter of a million dollars in an attempt to have the Interstate Commerce Commission eliminate that 2 cents per 100 pounds, and the argument presented is that that 2 cents per 100 pounds will probably result in the diversion of freight, that would otherwise be consigned by way of Boston, to New York or other ports. That is the result that is feared from a differential of but 2 cents per 100 pounds. It sounds small, just as the East Boston toll seems small to some, but it results in untold injury to our port. So, when we are told that the question of \$50,000 or \$89,000 in tolls to East Boston makes no difference, I say that a very small charge may well result in the diversion of business from East Boston. While \$89,000 may not seem large as a total amount, the imposition of these tolls has a far-reaching effect. Trade moves according to the economics of finance, and a five-cent charge on a truck going to the East Boston section is very likely to divert the truck to some other area. So I say that this sort of thing is unfair to East Boston. That section has had to suffer hardship. From the time when Samuel Maverick went there and settled, we have had discussions regarding tolls, ferries and bridges for the East Boston section. During the Civil War East Boston appealed to the City of Boston to give to them the benefit of the Boston water supply. A great battle was put up for that by the Noddle Islanders at that time, but the argument used against East Boston was that she is too far away, too hard to get to. Finally, East Boston got the Cochituate water supply. But we have always in Boston labored under the delusion that East Boston is a section apart. Why should we have made the discrimination that we did against East Boston in the matter of subways or tunnels? Why should the people of my ward be able to use the tunnels and subways without the payment of a toll charge, while for twenty-one years the East Boston people have had to pay a toll in the East Boston tunnel? When we are faced by the fact that the additional toll charges since the first of January for the use of the ferries have resulted in a decline of 40 per cent in the traffic over the ferries, isn't that a good argument for remedying the situation at the present time? The gentleman talks about the additional burden that may be placed upon the people of his ward or of other sections because of these tolls. If one section suffers seriously, Mr. President, all sections suffer. If East Boston is unjustly treated as

a section, and suffers serious detriment, every section of Boston suffers. We cannot go forward in the Hyde Park or Dorchester sections unless proper treatment is accorded to other parts of the city, and I say that East Boston is entitled to a fair deal and to justice in this matter.

Coun. WILSON—Mr. President, I don't want to keep this up indefinitely, but I do not want to have it appear on record, seemingly through my silence, that I am convinced by the comparisons which the gentleman from the adjacent ward has made. Of course, there is no fair basis of comparison between the 2 cents per 100 pounds differential rate that he refers to and the \$89,000 for East Boston tolls. A fair comparison might be the thousands or hundreds of thousands of dollars total affected by the Interstate Commerce rate, not simply making a comparison between the 2 cents per 100 differential and the \$89,000 paid for tolls. Nor do I want to appear on the record as apparently having fallen for the argument, for one moment, that there is a fair basis of comparison between the Dorchester elevated tunnel and the East Boston Ferry. Every fair-minded man knows, also, that the Dorchester elevated tunnel and the East Boston elevated tunnel were treated on the same basis.

Coun. BUSH—Mr. President, it seems to me that this is more or less of a tempest in a teapot at the present time. The councilor from Dorchester, in the amendment to the ordinance that he has offered, calls for a reduction of the Nichols tolls, or tolls on somewhere near that scale, four years from the present time. When the tolls were increased last year it was understood that the purpose of the increase was to reimburse the city for the deficit it was forced to pay because of the running of the ferries, in view of the tunnel that was going to be built, and that it was the desire to help meet the cost of the tunnel. As a practical matter, when the tunnel is finally constructed there will be a toll charge on the tunnel which will force the ferries into competition with the tunnel, with the result that there will be a considerable amount of traffic on both the ferries and the tunnel. The ferries may eventually have to be abolished entirely or they may have to decrease the fares or the tolls, in order to compete with the traffic in the tunnel. I fail to see, however, why this body should concern itself with that contingency until it arises. I don't think the councilor from Dorchester (Coun. Wilson) is asking anything extraordinary in placing this amendment before the body, to take effect four years from now. Undoubtedly by that time either a tunnel or a bridge will be constructed, and when that time comes there will then be an opportunity to take the matter up again and arrive at a decision with regard to ferry and tunnel fares and tolls. I think the amendment offered at the present time is a fair enough amendment. It does not impose any hardship for the present, and four years from now, if the citizens of East Boston feel that any hardship is being imposed upon them, can have the matter taken up by the Council with a view to determine whether it is really a hardship, is really inequitable or unjust to the citizens of East Boston to continue the ferry tolls at all, or whether new rates should go into effect.

Coun. DONOVAN—Mr. President, I did not intend to burden the Council today with any further remarks in regard to the East Boston tunnel. I have taken the position I have here, as representing the citizens of East Boston, the same as my colleague from Dorchester is representing the people of his section. Let me say, however, that when the people of his section and of the rest of the city were enjoying the privilege of a five-cent fare, the people of East Boston were paying a six-cent fare; that when the Dorchester tunnel was put through, the people of East Boston did not say, "You should pay an extra cent to ride to Dorchester," although the people of East Boston have had to pay that extra cent on the East Boston tunnel. Mr. President, the people of East Boston are paying today a ten-cent carfare for a ride of less than a mile, where the people of Dorchester and other outlying sections pay only a ten-cent carfare for a very much longer ride, coming in, for instance, from Milton, Dorchester Lower Mills and from Newton. I am living in East Boston, because I was born in East Boston. There are some advantages in living in some of these other outlying communities, but I love East Boston, I am living there as my forefathers lived there; and, as my forefathers objected to unjust taxation, so do I, on behalf of the people of East Boston, object today to unjust taxation. I certainly trust that no unjust tribute will be demanded of the people whom I have the honor to represent. We have been unjustly treated for very many years, and it is now time that it should cease.

Coun. Wilson's amendment was declared rejected. Coun. WILSON doubted the vote and asked for the yeas and nays.

Coun. Wilson's amendment was rejected, yeas 7, nays 14.

Yeas—Coun. Arnold, Bush, Cox, Gleason, Hein, Kelly, Wilson—7.

Nays—Coun. Curtis, Donovan, Dowd, Englert, Fish, Fitzgerald, Green, Lynch, Mahoney, McGrath, Murray, Norton, Power, Ruby—14.

The ordinance was passed.

SIDEWALK ON HIGHLAND STREET.

Coun. GLEASON offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Highland street, both sides, from Millmont street to Lambert street, Ward 9, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

REAPPOINTMENT OF CONSTABLES.

Coun. RUBY offered the following:

Ordered, That a special committee of five members of the City Council be appointed by the President to investigate candidates for reappointment as constables.

Referred to the Committee on Rules.

RECESS.

The Council voted, at 3.27 p. m., on motion of Coun. BUSH, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber at 4.15 p. m. and were called to order by President LYNCH.

EXECUTIVE COMMITTEE REPORTS.

Coun. MAHONEY, for the Executive Committee, submitted reports, as follows:

1. Report on message of Mayor and order (referred today) that \$10,000 be appropriated for the codification of the building laws—that same ought to pass.

The report was accepted and the order was passed, yeas 21, nays 0.

2. Report on message of Mayor and order (referred today) for the sale of police boat "Guardian" at public auction—that same ought to pass. Report accepted; said order passed.

ADDITIONAL REPORT OF COMMITTEE ON FINANCE.

Coun. DONOVAN, for the Committee on Finance, submitted the following:

1. Report on message of Mayor and order (referred January 13) appropriating \$300,000 for purchase of site and erection of building for Printing Department—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. DONOVAN—Mr. President, I might briefly state what I have here in reference to the Municipal Printing Plant. The appropriation of \$300,000 for a municipal printing plant represents a saving in that department, through Mr. Casey and his workmen, of \$300,000 on competitive work. At present the printing plant of the City of Boston leases a place at 286 Congress street, for which they pay a rental of \$15,000 a year. Since 1897 the printing plant of our city has been forced to move four times, three times by compulsion, costing some \$80,000 for these moves. Their present lease is renewed yearly. They have at the present time 24,000 feet of floor space, and need an additional 15,000 feet.

Coun. MURRAY—Mr. President, I would like to ask whether that is a loan or an appropriation?

Coun. DONOVAN—An appropriation.

Coun. MURRAY—Then, Mr. President, I think that was referred to the wrong committee. I think it should go to the Committee on Appropriations and not to the Committee on Finance.

President LYNCH—The Chair will rule that he referred the order to the Committee on Finance, as that committee was already functioning, and the Committee on Appropriations had not functioned up to that time. That was the reason for the reference, so that the necessary action on the order might be taken as soon as possible.

Coun. WILSON—Mr. Chairman, as chairman of the Committee on Appropriations let me say that that committee is ready to serve and to act upon anything that may properly come before it. But that is not the reason why I have arisen. Do I understand that this particular order calls for the purchase of land, for the erection of a building, or for the purchase of land and the erection of a building? Just what does it provide for?

President LYNCH—The clerk will read the order.

(The clerk read the order.)

Coun. HEIN—Do I understand, Mr. President, that this is a new appropriation of \$300,000 that they want, or is it an amount that they have got now, what they have saved in conducting the printing plant?

President LYNCH—It is made up of surplus revenue that has been accumulated for a period of years.

Coun. HEIN—That the printing plant has saved, themselves?

President LYNCH—Yes.

Coun. MURRAY—Mr. President, would it be out of order to refer that to the Committee on Appropriations now?

President LYNCH—The councilor may make the motion to refer it to the committee, if he wishes to do so.

Coun. MURRAY—Mr. President, I make a motion to refer that order to the Committee on Appropriations.

The motion to refer the order to the Committee on Appropriations was declared lost.

Coun. WILSON—Mr. President, I don't want to appear too persistent, but would you mind having that order read again?

(The clerk again read the order.)

Coun. WILSON—Mr. President, I thought my hearing was good. Now, do I understand, having heard the reading of that order, that we are going to spend this money for the purchase of an existing building, for the purchase of land on which a building is to be erected, or just what is proposed? I have the misfortune or the good fortune not to be on the Committee on Finance, and I am wondering perhaps whether such a small detail as that has been gone into by the committee.

President LYNCH—The Chair understands that the order contemplates the purchase of land and the erection of a building. I think the chairman of the committee may give any further information that may be desired.

Coun. DONOVAN—Mr. President, I would like to say, for the benefit of my colleagues, that the Superintendent of the Printing Plant stated specifically that he had no particular knowledge where the building was to be erected. He stressed the point, however, that he would like to have a new municipal plant and said he would like to see it constructed in a place accessible to City Hall. I am unaware where the plant is to be located, and, in talking with the superintendent, he did not know where it was to be located. He merely stressed the point that he wanted a new municipal printing plant.

Coun. WILSON—Mr. President, I want to be consistent and logical, even if I am in the City Council, and it is hard to vote logically for a proposition when you don't know exactly what it means. I think it is well to know, when we are dealing with a matter that involves \$300,000, what it is proposed to do. I feel that we are entitled to know, in regard to such a large amount, whether it is proposed to buy a building, to buy land and construct a building, or to buy building and land. We might, for instance, be in favor of appropriating \$300,000 to purchase land and erect a building, when we might feel that it was too much for simply the building, to be placed on city-owned land, perhaps on the site of Station 8 or wherever it might be. I would like to know from the Committee on Finance, if they know, whether it is proposed to take the site of Station 8 and erect a building, or whether it is proposed to buy land and erect a building, or whether this is simply intended for the building itself. I think it is well to know about these things and not to take too much for granted, no matter what outside assurances we may have, on a matter involving several hundred thousand dollars.

Coun. BUSH—Mr. President, I want to state for the benefit of the members of the Council that when this matter was considered by the committee at its first meeting I received notification of the meeting by special delivery which arrived at my home at midnight on the day when the meeting was held. The hearing, I understand, was at three o'clock that afternoon. Therefore, I was unable to be present at that first meeting. The order was passed at that time, but because of that fact was not introduced earlier. There was another meeting held here last week, of which I received no notification at all, although the Clerk of Committees said he did send a notice of the meeting, and I am inclined to believe him. I never received it, however, and therefore I was not present at that meeting. It seems to me that the order as it reads at the present time is not properly signed. I may be wrong. I shall vote for the order, in any event, but it seems to me the order should be phrased so as to include the land and the building, rather than just the building itself.

President LYNCH—The Chair would state that the City Auditor has passed on this order and that it covers both land and building.

Coun. McGRATH—Might I suggest, Mr. President, that this order has been introduced by his Honor the Mayor and, while the Finance Committee, because in the regular course of procedure it has to report the order that has come to it in this way, has so reported it, we can rely on his Honor the Mayor to see that the people will get a good deal, no matter whether the order in its wording applies to the land or to the building.

Coun. WILSON—Mr. President, in view of those remarks, I want my position made clear. I have every respect and regard for the Mayor of this city, but still I have not got yet to the point where I think the City Council should be done away with, however bad it may be. Therefore, I still insist, whether I am voting on a five-dollar bill or a larger amount, that I want adequate explanations, no matter who is mayor. I would therefore ask, if the order does not include land and the construction of the building, that it be amended to read properly, no matter what city official may say it is all right. While I continue to be a member of the body, I will vote on my own basis.

Coun. HEIN—Mr. President, I understand that this money is to be spent by the Superintendent of Public Buildings, and I think if the Mayor is to have jurisdiction of the expenditure of this \$300,000, he will see that it is spent to good advantage.

Chairman LYNCH—The Chair will state that the money is to be expended by the Superintendent of Printing. The question is on the acceptance of the report.

The report was accepted and the order was passed, yeas 21, nays 0.

Later in the session Coun. WILSON said:

Mr. President, I would like to make an inquiry with reference to the order we have passed today concerning the printing plant. Do I understand that that is an appropriation or a loan order, and whether it requires a second reading?

President LYNCH—The Chair will state that it was an appropriation order and requires no second reading.

Coun. WILSON—Mr. President, because I thought the order was simply having its first reading, and not being desirous of being finicky, I did not ask to get an opinion of the Corporation Counsel on the matter before we finally acted on it. I now wish to call attention to the point—because I hate to be in the position of voting for \$300,000 for the construction of a building—that this order does not include in its terms the purchase of land and the construction of the building. I still do not think the order is in proper form.

President LYNCH—The Chair will state that, if he mentioned that the order had simply taken its first reading, he was in error.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. GREEN, for the Committee on Ordinances, submitted the following:

1. Report on message of Mayor and ordinance (referred January 20) in regard to standing passengers in jitneys—recommending passage of accompanying new draft, viz.:

An Ordinance Concerning Passengers on Jitneys.
Be it ordained by the City Council of Boston, as follows:

Chapter thirty-nine of the Revised Ordinances of 1925 is hereby amended by striking out section one hundred and one, and inserting in place thereof the following:

Section 101. The license issued for each motor vehicle shall fix and specify its seating capacity, exclusive of the operator. Passengers in excess of twenty-five per cent above the seating capacity of such motor vehicle shall not be carried. Whenever the number of passengers applying for transportation exceeds the number hereinbefore provided for it shall be the duty of the licensee to furnish sufficient additional facilities to carry such passengers. No person operating or in charge of any such vehicle shall take on or suffer or permit more persons to ride or to be carried thereon at any one time than is authorized by this section, or permit any person to stand or sit upon any running board, steps, fender, dash or hood thereof, or permit any person to ride on such motor vehicle outside the body thereof; provided, however, that in addition to the number of passengers which said motor vehicle by the terms of this section is permitted to carry, children under seven years of age may be carried therein, in arms, or seated on the laps of adult persons accompanying them, but no passenger with a child in arms or seated on the lap shall be permitted on any front seat of the vehicle.

Coun. GREEN—Mr. President, I received, as chairman of the Committee on Ordinances, a communication from the officials of the Elevated that I would like to have the clerk read for the information of the members.

The clerk read the communication referred to, as follows:

Boston Elevated Railway,
Public Trustees,
Park Square Building,
Boston, January 9, 1930.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—In the effort to meet the practical situation with regard to running satisfactory bus service we are confronted with short periods of time where fluctuations in movement of passengers for short distances indicate that it would be in the interest of the car riders themselves to have the privilege, up to a reasonable limit, of boarding buses in excess of the seating capacity, which limit is now set by ordinance at the seating capacity.

The Department of Public Utilities in the rules and regulations which they have laid down recognize and provide for standing passengers up to 25 per cent of the seating capacity, as follows:

"Standees and Seats. Passengers in excess of 25 per cent above the seating capacity of the motor vehicle shall not habitually be carried. Where the number of passengers regularly applying for transportation exceeds that above provided for, it shall be the duty of the licensee to furnish additional facilities to carry such passengers. In no event shall standing passengers be carried for a distance in excess of 15 miles."

The ordinances in the towns of Arlington, Belmont, Brookline, Medford, Malden, Somerville, Watertown now provide for standing passengers to meet the very conditions to which I am calling attention.

The more modern type of buses which are now being manufactured lend themselves to this situation also in a very much more noticeable degree.

It is manifestly impossible for car riders to carry the expense involved of additional operators, busses, etc., to take care of such brief periods of overload.

The inconvenience now caused such passengers of waiting for following buses can be obviated if the city would modify the ordinance to coincide with the regulations now in effect of the Department of Public Utilities.

There are short peaks in the movement of traffic as well as emergencies where it would seem as if such action would be in the interest of those who ride.

I am calling this to your attention with the hope that we may have this cooperation extended to us in Boston, as is done in the other cities and towns.

Yours very truly,

EDWARD DANA,
General Manager.

Coun. HEIN—Mr. President, I don't believe there is an Elevated bus running today at the peak hours that does not carry passengers to the extent of the standing room. They are just packed in like a lot of sheep, the same as they are in the cars. Now, why not change the law, and then hold them up to compliance with the law?

Coun. DOWD—Mr. President, the amendment reported by the Committee on Ordinances is simply a repetition of what the Council has done twice before in the last four years. The question for the members of the Council to determine is, whether they are going to allow the Boston Elevated Railway Company to crowd its buses the same as it crowds the elevated cars in the tunnels and elsewhere at night? God knows, it is bad enough to ride home during the rush hours, anyway, without having the cars and buses crowded as they are. I feel very sorry for the unfortunate persons who are riding thirty to thirty-two in a bus, but if this amendment prevails, an addition of 20 to 25 per cent of standees will be added in the rush hours—and if you give sanction to 25 per cent, what will happen? You know, and I know, that there will be 50 per cent of standees, and the number of buses rendering service will not be enlarged but lessened. I say that the officials of the Elevated Street Railway Company obtain sufficient revenue to supply the people of Boston, especially in buses, with seats for each and every person. Only two weeks ago the city of Cambridge, across the river, rejected this same offer. This Council has already on two occasions rejected it, and I see no reason why at this time the members of the Council should say to the Boston Elevated, "You can pack the people of Boston into your buses like cattle, the same as you do in your tunnel trains and on your Elevated cars." I say that this is an opening wedge for pickpockets in the City of Boston, giving them a chance to operate in the buses the same as they are operating in the cars. So I say it would be a mistake on the part of this Council to give to the Elevated road the right to pack passengers into the buses in any such way.

Coun. GREEN—Mr. President, I would say just a word for the information of the councilor from Roxbury, who has made reference to putting on more buses on the different lines. I asked the question of the representative of the Elevated if he was limited under the franchise to the number of buses going over the route. He said he was; that they were limited under the franchise in the number of vehicles going over any one route.

Coun. McGRATH—Mr. President, I might say that when this order came in originally it had in it the word "habitually," no bus being allowed to have on it habitually more than 25 per cent of standees in addition to the seating capacity of the bus. As I previously voted against the ordinance, I appeared before the committee and spoke against it as it appears here. It was the word "habitually" that prevented the order going through before. So he said he was willing to remove the word "habitually" and have it read that 25 per cent of standees, and no more, should be allowed. When the order was so changed I told the members of the committee that I would vote in favor of it. I only speak now to explain my position, having fought against it three years ago, when the word "habitually" was in.

Coun. WILSON—Mr. President, as one who voted against the same ordinance three years ago, I simply wish to say that I feel the same way now as I did then. For instance, I don't feel that we are in a position to decide or that the Boston Elevated is in a position to decide, whether a man is an occasional or an habitual drunkard. As far as I can see, the Boston Elevated are now allowing standees in the buses in the entire Dorchester district, and I am firmly of the impression that if we grant the entering wedge and allow 25 per cent of standees above the seating capacity, the buses will be filled up to the doors. I am willing to admit that the character of the buses on the Elevated has changed since two years ago, when the order came in, and when the roof of the buses was only 2 or 3 inches above the passengers' heads. Then, too, there may be substantial number of patrons of the Elevated who would prefer to stand in buses and be moving along, instead of waiting in the rain for another bus. But, speaking for my district, I am inclined to think that the great majority of the people in the Dorchester district would prefer to ride safely even if they did have to wait a bit, rather than to submit to the crowding that would otherwise result. However, I would ask to have the matter lie on the table until I may have an opportunity to comply with my usual custom in such matters affecting the district, getting a postcard poll of the opinion of the people

as to whether they wish to ride standing in buses or to stand in the rain or in pleasant weather until another bus comes along. I, for one, until I get the sentiment of the people of the district cannot vote for the ordinance.

Coun. GREEN—Then, Mr. President, I will agree that this matter may lie on the table until the next meeting of the Council, so that the gentleman from Dorchester may get the information he desires.

Coun. Wilson's motion to lay on the table was declared lost.

Coun. WILSON made a motion to lay on the table until the next meeting. The motion was carried.

IMPROVEMENTS AT CHARLESTOWN HEIGHTS.

Coun. GREEN offered the following:

Ordered, That the sum of twelve thousand dollars be, and the same is, hereby appropriated, to be expended under the direction of the Park Commission, for improvements, etc., at Charlestown Heights, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the City to said amount.

Coun. GREEN—Mr. President, I am going to ask a suspension of the rule on that order, in view of the fact that the money was appropriated under the last administration, being recommended by the committee that made the survey of parks and playgrounds. The order took its two readings and passage by the City Council, and went to the Mayor but for some reason it was never signed. The money has now been appropriated, and I am asking that this order be passed under suspension of the rule.

The order was given its first reading and passage, yeas 18, nays 0.

ONE-WAY THOROUGHFARE.

Coun. GREEN offered the following:

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to designate Washington street, Charlestown, as a one way thoroughfare.

Passed under suspension of the rule.

WARD 21 IMPROVEMENTS.

Coun. HEIN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Corey road, from Summit avenue to Commonwealth avenue, Ward 21, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Florence avenue, from Commonwealth avenue to Allston street, Ward 21, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Woodstock avenue, from Summit avenue to Warren street, Ward 21, as a public highway.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace the present dilapidated wooden structure located on the Chestnut avenue city yard with a modern concrete structure.

Severally passed under suspension of the rule.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

Coun. GREEN—Mr. President, under No. 2 on the calendar (appointments to be weighers of goods, submitted by the Mayor March 3, 1930) I would like to take up the name of Hugh P. McColgan.

Coun. MURRAY—Mr. President, under No. 1 on the calendar (appointments of constables submitted by the Mayor March 3, 1930) I would like to take up the name of Archibald W. Ready.

President LYNCH—The Chair will call up Nos. 1 and 2 on the calendar, under unfinished business, and the Council can except any names they see fit. The question is on confirmation of the names appearing under Nos. 1 and 2 as printed on the calendar.

Nos. 1 and 2 as printed on the calendar, under unfinished business, are as follows:

1. Action on appointments submitted by the Mayor March 3, 1930, of James P. Hayes, Edgar F. Callahan, Archibald W. Ready, Hyman Rossman, William T. J. O'Malley, William J. Galby, John Kelly, John H. Logue, and Charles E. Dowd, to be Constables.

2. Action on appointments submitted by the Mayor March 3, 1930, of Hugh P. McColgan and Thomas J. Duffley, to be Weighers of Goods.

Coun. BUSH—Mr. President, I move that No. 1 on the calendar be laid on the table until such time as the special committee on constables is appointed.

Coun. Bush's motion was declared carried. The question came on confirming the appointees under No. 2 on the calendar. Committee, Coun. Hein and Englert. Whole number of ballots 17, yeas 17, and the appointments were confirmed.

Later in the session, Coun. MURRAY moved to take, from No. 1 on the calendar, the name of Archibald W. Ready, appointed constable by the Mayor March 3, 1930.

The motion was carried. The question came on confirmation. Committee, Coun. Cox and Power. Whole number of ballots 15, yeas 13, nays 2, and the appointment was confirmed.

Coun. DONOVAN—Mr. President, I would like to take the names of John Kelly and John H. Logue, appointed as constables, from No. 1 on the calendar.

Coun. Donovan's motion was carried, and the question came on confirmation of the appointments of John Kelly and John H. Logue. Committee, Coun. Norton and Donovan.

Whole number of ballots 12, yeas 12, and the appointments were confirmed.

Later in the session Coun. NORTON moved to take up, under No. 1 on the calendar, the name of William T. J. O'Malley, appointed constable March 3, 1930.

The motion was carried, and the question came on confirmation. Committee, Coun. Wilson and Arnold. Whole number of ballots 12, yeas 12, and the appointment was confirmed.

CORRECTION IN MARCH 3 ORDERS.

Coun. ARNOLD—Mr. President, I want to clear up the record on page 78 of last meeting of the Council. I then offered orders under two hearings—lighting facilities on Dartmouth street and additional lights on Tremont street, Ward 4. The "numbers 655 to 703" which appears at the end of the first order, relating to lighting facilities on Dartmouth street, should appear at the end of the second order, "additional lights on Tremont street, Ward 4."

President LYNCH—The correction will be noted.

THE NEXT MEETING.

Coun. RUBY—Mr. President, Coun. Mahoney being absent for awhile, I move that when the Council adjourns it be to meet two weeks from today.

It was voted that when the Council adjourns it be to meet on Monday, March 24, 1930, at 2 p. m.

Adjourned, on motion of Coun. McGRATH, at 4.42 p. m., to meet on Monday, March 24, 1930, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE.)

JUNIOR CHEMIST, DEPARTMENT OF PUBLIC WORKS, MARCH 29, 1930.

(Requisition is for male, but the examination is open to both males and females.)

The entrance salary is \$1,800 a year. The maximum salary is \$2,160 a year.

Duties: The duties are chemical and physical in nature, the work involving chemical analysis of paint, pigments, paint oils, thinners, lubricating oils, asphaltic and tar oils, cement, lime, water, etc. The physical work involves testing of broken stone, gravel, bituminous and concrete sand, bituminous materials, steel, cement concrete, various types of culvert pipes, sewer brick, premolded joints, and other materials pertaining to highway construction and maintenance.

Qualifications: Applicants must have education equivalent to graduation from a college or university of recognized standing, or have training and experience in chemistry or chemical engineering, which, in the opinion of the Commissioner of Civil Service, is equivalent to that required for graduation from a recognized college.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain a mark of at least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners, as to their physical fitness for the position.

BUILDING INSPECTOR, DEPARTMENT OF PUBLIC SAFETY, MARCH 29, 1930.

The entrance salary is \$2,160 a year. The maximum salary is \$2,640 a year.

Duties: To inspect all public buildings, to supervise the erection of all public buildings, to examine applicants for moving picture operators' licenses, to inspect and tag moving picture machines and booths, to inspect elevators, to examine applicants for elevator licenses in cities and towns which have no building department.

Qualifications: Applicants must be not less than 25 nor over 50 years of age at the time of filing application, not less than 5 feet 7 inches in height, and weigh not less than 135 pounds. A certificate of date of birth must be filed with the application. Applicants must have education equivalent to graduation from a standard high school, and have four years' experience in building construction of which one year shall have been either inspection or supervision. Applicants should have a knowledge of modern methods and materials in building construction, be familiar with the state laws relating to building construction and have a practical knowledge of general building operations, be able to interpret plans and specifications and to check construction methods.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

PUBLIC AUCTION.

By order of the Superintendent of Construction, Department of School Buildings, and approved by his Honor the Mayor, I will sell at public auction, on Wednesday, March 26, 1930, at 11 a. m., on the premises, Canterbury street, Mt. Hope, a parcel of land containing approximately 20,120 square feet and the building thereon at an upset price of \$4,000. Terms and conditions of the sale, cash or certified check for \$400 at the time of the sale and the balance in thirty days. Further information from the auctioneer.

EDWARD W. FOYE,
Municipal Auctioneer,
(March 22.) 15 School Street, Boston.

BIDS FOR BUILDING STEEL FERRYBOAT.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites bids for building steel ferryboat and giving bond therefor of a surety company approved by the Commissioner in the sum of two hundred thousand dollars (\$200,000) to secure the due performance of the contract and the full protection of the city. Forms of bids may be obtained at Room 508, City Hall Annex. Each bid should be inclosed in an envelope, sealed, marked "Bid for Ferryboat," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Tuesday, March 25, 1930, with a certified check for twenty thousand (20,000) dollars, payable to and to become the property of the city if the bid, after acceptance, is not carried out. The bids will then and there be publicly opened and read. Bids must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price bid appears to the Commissioner to be abnormally high or low it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all bids, or to accept any bid, should he deem it to be for the best interest of the city so to do.

JOSEPH A. ROURKE,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., on Friday, March 28, 1930, at which time and place they will be publicly opened and read for furnishing hay, grain and straw to the various departments during the month of April, 1930. The bidder must include the cost of delivery. The bidders are requested to bid on domestic United States No. 2 timothy hay, United States No. 2 light grass mixed, United States No. 2 light clover mixed, large and medium size bales. The straw to be rye straw in good condition. The grade of hay must comply with the Federal hay grades and straw must comply with the National Hay Association. The bidders are requested to bid on No. 2 white oats, thirty-six pounds or over, graded under the Federal standards, and the bidders are to furnish a certificate to this office showing the grade of oats bid on. The hay and oats must be weighed by a sworn weigher and on the scales designated by the Superintendent of Supplies. The bidder must use the form of proposal to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

GUARDS AND PRISON OFFICERS,
APRIL 5, 1930.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service. This service includes turnkeys and guards in prisons, houses of detention and reformatories.

Applicants for appointment as officers in State Prison and Massachusetts Reformatory must be not less than twenty-five nor over forty years of age at the time of filing application. Applicants for appointment as officers in the Prison Camp and Hospital must be not less than twenty-three nor over forty years of age at the time of filing application. All applicants for these places must be not less than 5 feet 7 inches in height and weigh not less than 135 pounds.

A certificate of date of birth must be filed with the application.

Applicants must have education equivalent to graduation from grammar school.

The subjects of examination with their respective weights will be as follows: Training and experience, 4; practical questions covering general disciplinary and penological methods, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

In marking the subject of training and experience credit will be given for the satisfactory completion of courses on the conduct and management of penal institutions. The amount of credit will be determined by the Division of Civil Service and will depend on the standing of the department or institution giving the course and the length of time required for its completion.

Applicants will be required to obtain a mark of at least 60 per cent in practical questions and 70 per cent in the other subjects and general average in order to become eligible.

Applicants who pass the examination for prison officers will, upon request, also be placed on the list for watchmen.

Physical fitness to be determined by physical examination and strength tests. Educational test, 3; physical test, 1; total, 4.

MARKET REPORTER, DEPARTMENT OF
AGRICULTURE, APRIL 5, 1930.

Requisition is for a male, but the examination is open to both males and females.

The entrance salary is \$1,800 a year. The maximum salary is \$2,160 a year. This position is in the Worcester district.

Duties: To collect both wholesale and retail prices; to prepare and release mimeograph, newspaper and radio reports daily, including all conditions bearing on and of the market; to prepare and release weekly summary reports to the newspapers and radio for the use of consumers; to prepare for publication reports on sources of supply of all food commodities, how they are handled at shipping point, transported, received in city terminal markets, and how they are distributed by wholesalers, jobbers and retailers; to make investigations upon which standard grades for fruits and vegetables can be established; to make investigation upon which standard packages can be established.

Applicants should have a knowledge of the methods of securing publicity of market and crop reports, have a knowledge of the wholesale and retail markets,

have a working knowledge of agricultural economics, also agricultural geography, have a knowledge of methods used in making investigations for the purpose of establishing standard grades for fruits and vegetables and the same for standard packages, and have a knowledge of procedure to follow in securing information upon which to base estimates of supplies of fruits and vegetables from producing areas surrounding a city market.

Qualifications: Applicants must have education equivalent to graduation from a standard high school.

Subjects and weights: Training and experience, 3; practical questions, 2; total, 5.

Requirements: At least 70 per cent in each subject in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioner as to their physical fitness for the position.

WATCHMEN, APRIL 12, 1930.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service. This service includes watchmen and guards in public parks, grounds, institutions and departments and gatemen for ferries.

The subjects of examination with their respective weights will be as follows: Training and experience, 6; memory test, 1; arithmetic, 1; handwriting, 1; accuracy, 1; total, 10.

Applicants will be required to obtain at least 70 per cent in experience, 50 per cent in other subjects, and at least 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination.

STATIONARY ENGINEERS, MARINE ENGINEERS AND OILERS, APRIL 24, 1930.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service.

The examination for each kind of position will include a statement of training and experience, a physical examination and the possession of a license, either as first, second or third class stationary engineer; or as chief, first assistant or second assistant marine engineer. Oilers are not required to have a license.

The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications will be given a physical examination.

NURSES, MAY 10, 1930.

The examination will include school nurses (excluding Boston school nurses), health nurses, visiting nurses, etc., and will be held for the service of all cities and of such towns in the state as are classified under civil service.

Applicants must be registered under the State Board of Registration of Nurses.

Subjects and weights: Training and experience, 6; the mark on file with the Board of Registration, 4; practical questions, 5; personality and fitness as determined by an oral interview, 5; total, 20.

Requirements: At least 65 per cent in registration mark, and at least 70 per cent in the other subjects and in general average in order to become eligible.

Physical fitness to be determined by physical examination.

CHICAGO TRAFFIC POLICE IN YEAR- LONG DRIVE.

Chicago traffic experts have promised a 50 per cent decrease in deaths from motor-car accidents, as a result of a week-by-week drive now in operation by Commissioner Russell of the Police Department to enforce the city traffic code. The drive, an outgrowth of the National Safety Congress and Chicago Safety Week recently held in Chicago, is expected to prove a valuable educational feature for drivers, pedestrians and policemen.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

CHANGING STREET NAMES.

Alteration in the names of streets seems to be on the increase in the United States. In most cases the reasons for it are inadequate, while changes that would actually make for clearness remain unmade. The reason for change would usually seem to be general patriotism, national or local, as where the name of some prominent person is given to a street. During the war German names were largely discarded, as where Berlin avenue in St. Louis became Pershing avenue. In the height of President Wilson's popularity abroad, Wilson avenues sprang up all over the allied countries. Later, disappointment or dissatisfaction caused many of these to be changed again.

THE METROPOLITAN DISTRICT.

With its 40 Municipalities.

Consists in the most inclusive sense of forty municipalities, including Boston, or fourteen cities and twenty-six towns, all within fifteen miles of the State House but not yet consolidated in one complete governmental system. The seven cities in the first zone, i. e., adjacent to Boston, are these, viz., Cambridge, Chelsea, Everett, Newton, Quincy, Revere and Somerville; the six cities in the second zone, not adjacent, are Lynn, Malden, Medford, Melrose, Waltham and Woburn. The six adjacent towns are Brookline, Dedham, Milton, Needham, Watertown and Winthrop; the twenty other towns are Arlington, Belmont, Braintree, Canton, Cohasset, Dover, Hingham, Hull, Lexington, Nahant, Reading, Saugus, Stoneham, Swampscott, Wakefield, Wellesley, Weston, Westwood, Weymouth and Winchester. North and northwest of Boston are situated eleven of the cities and twelve of the towns; south and southwest, two cities and fourteen towns.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 22.

SATURDAY, MARCH 29, 1930.

No. 13

INVESTIGATION OF SCHOOL ACTIVITIES IN INTEREST OF PUPILS AND TO PREVENT WASTE OF PUBLIC FUNDS FAVORED BY MAYOR CURLEY IN COMMUNICATION TO FINANCE COMMISSION CHAIRMAN.

Mayor Curley, on March 22, forwarded the following communication to Hon. Frank A. Goodwin, Chairman of the Finance Commission:

DEAR SIR,—In your communication addressed to me under date of February 28, 1930, in which you direct attention to costly errors of judgment upon the part of the school authorities, you state that if something is not done before the proposed funds for the schoolhouse construction program are made available, namely, the sums as represented in the legislation presented by me to the Committee on Municipal Finance of the Massachusetts Legislature, as recommended to me by the school authorities, it will result in the continuance of extravagance and waste, with consequent loss to the citizens.

In your communication you further stated that the abolition of the old Schoolhouse Commission did not provide a remedy for that portion of the responsibility which would serve as a safeguard against lack of proper care and study by the Board of Apportionment, based upon examination made by capable investigators before recommendations for school accommodations were provided.

I am in agreement with you that an investigation is needed, but not alone of the activities in connection with the providing of school accommodations. The most unfortunate feature in connection with the entire question of school accommodations is the endeavor to place the entire responsibility for the shortcomings, the errors and the so-called failures, both in the educational and in the construction phases of school work, upon one individual. There is no way to justify the attempt to hold the Superintendent of Schools responsible for conditions over which he has but a limited control, namely, one vote in eight.

DESIRES TO PREVENT WASTE.

I am desirous that waste and extravagance in the conduct of school activities be prevented, not only in the matter of schoolhouse accommodations, but in the more important matter of curriculum and, under the circumstances, since the Finance Commission proposes an investigation, it is my purpose to serve notice upon the Committee of Municipal Finance of the Massachusetts Legislature that so far as I am concerned, as Mayor of Boston, I am opposed, not only to the bill as submitted by me at the request of the school authorities, making provision for additional school accommodation appropriations for the school department, beyond those now authorized by law, until such time as the entire question of expenditures,

both for educational purposes and for schoolhouse accommodations, also the entire expenditures, have been investigated by the Finance Commission.

In this connection I beg to direct your attention to the fact that the school appropriations for educational purposes in the years 1920-1921 were \$9,858,869.09 and in 1929 were \$17,145,314.07, exclusive of new school buildings, an increase of 74 per cent or an average annual increase of nearly three quarters of a million dollars.

It would appear from these figures and from the criticism with reference to the new methods introduced in education that an investigation of the educational system is equally as important at this time as an investigation as to the question of additional accommodations for pupils in the schools.

It is contended by the Finance Commission, and supported by facts, that space now devoted to the teaching of trades if utilized for educational purposes would make unnecessary a major program such as has been requested by the school authorities.

The sinister program to fasten the responsibility for existing conditions upon the Superintendent of Schools is to be deplored, for the reason that the Superintendent is but one, as previously stated, of a tribunal of eight, that determine the educational as well as the construction program for the public schools. The Board of Apportionment, charged with the responsibility for educational and construction programs, consists of the following:

Superintendent Jeremiah E. Burke, Assistant Superintendent Mary C. Mellyn, Assistant Superintendent John C. Brodhead, Assistant Superintendent Arthur L. Gould, Assistant Superintendent William B. Snow, Assistant Superintendent Michael J. Downey, Assistant Superintendent Patrick T. Campbell, Business Manager Alexander M. Sullivan, all of whom share equal responsibility with Superintendent Burke for errors of judgment in the matter of educational or construction program.

VICTIMS OF SYSTEM.

It is just possible that they are not wholly responsible, in fact, that they are victims of a system that predates their present responsibility.

In 1894 the General Court of Massachusetts had enacted legislation which reads as follows: "After September 1, 1895, in cities of 20,000 or more inhabitants, there shall be maintained as part

(Continued on page 339.)

ASKS STATE AUTHORITIES DRAFT LEGISLATION TO REDUCE ANNUAL FIRE LOSSES—MAYOR CURLEY ADDRESSES LETTER TO FIRE AND SAFETY OFFICIALS.

Mayor Curley, on March 22, sent the following letter to Merton L. Brown, Insurance Commissioner, and General Alfred E. Foote, Department of Public Safety:

DEAR SIR,—I beg to forward herewith correspondence between the City of Boston and the Boston Board of Fire Underwriters with reference to ways and means through which it may be possible to materially reduce the annual fire losses.

A perusal of the letter submitted by the Boston Board of Fire Underwriters convinces me that it is a state matter rather than a municipal one and accordingly this is sent in the hope that such legislation may be drafted by the two bodies sitting jointly, i. e., the Insurance Commissioner and the Department of Public Safety, which, if accepted by the Legislature, will increase the measure of protection, in the opinion of competent authorities, essential to a reduction in the annual fire losses, which the Boston Board of Fire Underwriters contend will be necessary in order to secure a reduction in fire insurance rates.

Very truly yours,

JAMES M. CURLEY, Mayor.

Mayor Curley's letter to John H. Eddy, president Board of Fire Underwriters, 40 Broad street, follows:

March 19, 1930.

DEAR MR. EDDY,—I have waited patiently for a reply to my letter forwarded you under date of March 5, and reading as follows:

"In my opinion the City of Boston has done about everything within reason that I can think of for the prevention of fire. At the present time I am making available \$10,000 for the codification of the building laws, with a view to make the building laws and regulations strict and to provide for the installation, in a larger measure, of slow-burning and noninflammable materials in construction. I am extremely desirous of learning what, in addition, the City of Boston can do in order to secure a reduction in fire insurance rates. I would appreciate hearing from you."

Trusting you will give this matter your early and earnest attention and that I may receive a reply to the interrogatory submitted, I beg to remain,

Respectfully,

JAMES M. CURLEY, Mayor.

The following reply from John H. Eddy, President of the Boston Board of

(Continued on page 340.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

STREET AGENCY.

Old South News-stand, Old South entrance to subway.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, March 31, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending March 22, 1930:
Population estimated, July, 1930, United States Census estimate, 811,200; number of deaths (stillbirths excluded): Residents, 210; nonresidents, 55; total, 265.

Death rate per 1,000 of population: All deaths, 16.99; nonresidents deducted, 13.46.

Death rate per 1,000 of population: Last week, 15.77; corresponding week last year, 18.27.

Deaths by age periods, sex, etc.: Under one year, 28; one year to four years, inclusive, 14; sixty years and over, 118; total deaths: Male, 149; female, 116; deaths in hospitals and institutions, 152; deaths of colored, 5.

INVESTIGATION OF SCHOOL ACTIVITIES.

(Continued from page 337.)

of its high school system, the teaching of manual training." And again, in 1898, by action of the General Court, manual training was made compulsory in both elementary and high schools.

A great impetus was given to the movement of vocational education in Massachusetts in 1905, when Governor Douglas appointed a Commission on Industrial Education. This commission was composed of very representative and distinguished citizens: namely, Carroll D. Wright, chairman; Warran A. Reed, vice-chairman; John Golden, secretary; Mary Morton Kehew, George H. Martin, Nathaniel I. Bowditch, John P. Murphy, Simeon B. Chase, and George E. Keith. The commission held state-wide hearings and submitted to the Legislature a report which attracted national attention. The commission in its report placed the responsibility upon school officials for making more adequate provision for this kind of training.

Among the conclusions of the commission were the following:

"In the long run that industry, wherever in the world it is located, which combines with general intelligence the broadest technical knowledge and the highest technical skill will command the markets of the world.

"The industries of Massachusetts need, in addition to the general intelligence furnished by the public school system and the skill gained in the narrow fields of subdivided labor, a broader training in the principles of the trades and a finer culture in taste as applied to material, workmanship and design."

An outstanding conclusion was the following:

"Whatever may be the cost of such training, the failure to furnish it would in the end be more costly."

Pursuant to the Douglas commission's report there were two important bits of legislation: one, the authorization of towns and cities to provide industrial schools, and the second that wherever such schools are established by the cities and towns they shall be reimbursed by the state for one half the expense of maintenance.

SYSTEM OF COOPERATIVE SHOPS.

The system of cooperative shops, and acquisition of machinery and construction of buildings to provide the same, originated in 1912, when Franklin B. Dyer, the then President of the Department of Superintendence, and, therefore, the chief executive officer of the National Education Association, came from Cincinnati to become Superintendent of Schools in Boston. At the inception of his administration Mr. Dyer began the introduction of numerous extravagances with which the school system has ever since been burdened, and among these were the so-called cooperative shops, as listed below:

East Boston High School, for machine, woodworking, sheet metal and printing shops, \$110,000.

Old High School Building, East Boston, now Junior High, for the same shops, as above, \$35,000.

Donald McKay School, Junior High, East Boston, for machine, woodworking, printing and electric shops, \$25,000.

U. S. Grant School, Junior High, East Boston, for woodworking shops, \$2,000,

and for a printing outfit in the Theodore Lyman School in the same district, \$2,500.

South Boston High School, for sheet metal shops, \$6,000.

Parkman School, Junior High, South Boston, for machine and woodworking shops, \$12,000.

Charlestown High School Annex, for electric shops, \$7,500.

Hyde Park High School, for extremely large machine shops, sheet metal, woodworking and printing shops, and now claiming that it is still lacking in machinery, \$82,500.

Old Hyde Park High School, now the William Rogers Junior High, for printing, woodworking, sheet metal and machine shops, \$18,000.

Memorial High School, Roxbury, for printing equipment alone, and now asking for a fourth shop, \$52,000.

Dorchester High School (for boys), for woodworking shops only, \$20,000.

Washington School, North End, Junior High, for woodworking, printing and electric shops, \$20,000.

Michelangelo School, North End, Junior High, for auto and machine shops, \$2,500.

Brighton High School, for auto and machine shops, \$7,500.

Winship School, Junior High, Brighton, for machine and woodworking shops, \$10,000.

Eliot School, Jamaica Plain, Junior High, for agricultural and woodworking equipment, \$4,000.

Washington Irving, West Roxbury, Junior High, for two woodworking shops, \$4,000.

Henry L. Pierce School, Junior High, Dorchester, with the Emily Fifield School in the same district, for printing, woodworking and machine shops, \$10,000.

Frank V. Thompson, Junior High, Dorchester, for machine, woodworking, sheet metal and electric shops, \$18,000.

An investigation conducted by the Finance Commission should prove most illuminating, inasmuch as it undoubtedly will disclose the forces responsible for the expensive programs which have been substituted in education as being more vital to the individual, such as the ability to drive a nail rather than to write one's name so that some one other than the writer might be enabled to read it.

The fifth Year Book of the Department of Superintendence of the National Education Association, published in 1927, and prepared by distinguished educators throughout the country, expresses the opinion with reference to intermediate or junior high schools that the first objective of such schools is meeting individual differences of pupils, enabling pupils to follow the line of their interest and ability. The second most important objective is prevocational training and exploration resulting in wise choice of later school courses or life work. The report assumes as a matter of course that all junior high schools will have shop work as well as courses preparing for college and for commercial pursuits.

VOCATIONAL WORK NOT QUITE SUCCESSFUL.

I am quite certain that you will be found in agreement with me that the substitution of this vocational work in place of the fundamentals of education, sufficient to at least give a grounding to the boy or girl required at an early age to begin life's struggle to read and write, has not proven the educational success predicted for it, but on the contrary has

been detrimental to the boy or girl attending the public school, and costly to the municipality.

The great leaders, through whose mentality, vision and courage the American Republic came into being, were well-grounded in the fundamentals of education, even though they never learned how to destroy materials as part-time students of industrial courses. The present-day industrial leaders, Edison, Ford, Firestone, outstanding figures in the world, despite the fact that they reached the highest pinnacle in their particular lines of industrial endeavor, were never privileged in their school years to do more than acquire the fundamentals, commonly termed the three R's, thanks to the fact that educational "fads and fancies," as created by the National Education Association, were unknown.

I shall be most pleased to recommend such additional funds as the Finance Commission may require for the conduct of an investigation covering all school activities; first, for the interests of the pupils in our public schools; second, to prevent a continuance of the waste of public money in the operation of the schools.

Pending the result of the investigation and the submission of a report by the Finance Commission there is no way to justify the appropriation of additional funds other than those already authorized by law for school purpose.

In the event that the Finance Commission is in agreement that the present educational system is at fault, and that correction is necessary, I know of no educator more competent to execute the findings of the commission than the present capable superintendent of schools, Jeremiah E. Burke.

Very truly yours,

JAMES M. CURLEY, Mayor.

MAYOR CURLEY WINS NEW SHIPPING LINES FOR PORT OF BOSTON.

Mayor Curley, on March 21, received the following letter from Leonard Castelli, General Eastern Agent of the Cosulich Line, of Trieste, located at 131 State street, Boston.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. CURLEY,—As per inclosed circular, which I am mailing to our agents, I am very pleased to announce five sailings from Boston, to be made by the "Saturnia" and "Vulcania" which are the largest ships to embark passengers from the port of Boston. The five sailings will add a total of 120,000 gross tons to the business of the port of Boston.

It is solely due to your campaign to boost the port of Boston that prompted me to ask my company for these sailings. If they prove successful, as I have every reason to expect, the Cosulich Line, next year, will inaugurate a regular east and west bound service out of Boston. A ship your goods and sail from Boston program will help retain these lines permanently.

I take this opportunity to reiterate my thanks for the courtesy you have always extended to me.

Very truly yours,

L. CASTELLI.

REDUCTION OF FIRE LOSSES.

(Continued from page 337.)

Fire Underwriters, 40 Broad street, was received to the preceding letter of Mayor Curley's:

MY DEAR MR. MAYOR,—In reply to your letter of March 5, asking what you can do to cause a reduction in the fire insurance rates of Boston, we wish to say that the changes in the codification of the present building laws as suggested in your letter is of the utmost importance in obtaining results which you wish and we take this opportunity to congratulate you on your proposed action in this respect.

There are two sure conditions necessary to obtain lower levels of rates for insurance. First, a Fire Department second to none in morale and efficiency, and second, make building laws which are compulsory as to construction of buildings and the installation of automatic sprinklers and other protective devices which tend to stop a fire in its inception thereby reducing losses to a minimum.

During the past three years, due largely to the improved conditions in the Fire Department, the fire losses in Boston have been reduced quite materially over the records for the several preceding years, and although a three-year period is far too short a time to consider as an average for computing the loss record of any city, yet on account of the improvement we have, the past year, voluntarily made rate reductions in many classes of risks which have continuously shown a favorable loss record to the insurance companies, and we are at the present time considering several other classes with a view of possible reductions to a lower level of rates.

It may be of interest to you to know that in the last twelve months we have been reducing rates on an average of approximately eight hundred risks per month, many of them being of the largest and most important classes, which has resulted in a very substantial saving to the insuring public.

We welcome the installation of sprinkler equipments and other devices for protection by liberal reductions for the same, which not only affects the risk in which installation has been effected but also adjoining properties, by a reduction in exposure charges.

It is pleasing to us to have you evidence this spirit of cooperation and we assure you that we are ready and willing to do our part as fast as conditions warrant.

If there is anything further in the way of information or assistance which you feel would be helpful please do not hesitate to call upon us.

Yours very sincerely,

JOHN H. EDDY,
President.

CLAIMS DISAPPROVED.

The Law Department has disapproved 38 claims against the City aggregating \$8,044.43, and they are classified as follows:

Against the Employment Bureau, one, amounting to \$205.30; against the Fire Department, two, amounting to \$669.83; against the Park Department, four, amounting to \$400; against the Police Department, two, amounting to \$255; against the Public Works Department, twenty-eight, amounting to \$6,356.05; against the County of Suffolk, one, amounting to \$158.25.

TEMPORARY EMPLOYMENT FOR CITY LABORERS.

Mayor Curley, on March 27, received the following letter from Commissioner Joseph A. Rourke, Public Works Department.

To the Mayor of Boston.

The time limit of three months of the temporary employment of certain persons appointed as teamster-laborers at \$5 a day, in Sanitary, Highway and Water Divisions, on December 30, 1929, expires on March 30. Requisition has been made on civil service for the certification to appoint 100 men who have persons dependent upon them for support under the recently enacted law. Until said appointments are made approval is requested to continue the services of those now temporarily employed for from two to four weeks from March 30.

One hundred ten teamster-laborers in Sanitary Division; sixteen teamster-laborers in Highway Division; two teamster-laborers in Water Division.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

JAMES M. CURLEY, Mayor.

SEEKS TO HAVE BRANCH POST OFFICES REOPENED.

Mayor Curley, on March 26, forwarded the following communication to Congressman John J. Douglass:

MY DEAR CONGRESSMAN,—I have received information that, under new regulations, the branch post offices located at the North Postal Station, Essex street, Hanover street and in the Back Bay section of Boston are closed for the handling of all mail after 8 p. m. at night.

Evidently, the purpose of this action is to effect economies and to dispense with the services of employees, regardless of the fact that this causes injury to the service and greatly inconveniences the public generally.

In my opinion these branches are equally as important as the South Postal Station, through which all the mail is now being handled after 8 p. m., and I would greatly appreciate your taking this matter up with the Postmaster General as soon as possible, with a view to having the stations now closed placed on the same operating schedule as the South Postal Station.

Very truly yours,

JAMES M. CURLEY, Mayor.

PROPOSALS ADVERTISED.

Bids have been asked for by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of the receipt of such proposals. This will be published weekly.

MAYOR CURLEY URGES DIRECT SAILINGS FROM BOSTON.

Mayor Curley, on March 26, sent the following telegram and cablegram, respectively, urging direct weekly service with combination passenger and cargo steamers from Boston to German ports, to the following:

Telegram to:

HERR ERNST GLAESSEL, *Director General North German Lloyd*, 57 Broadway, New York City.

Cablegram to:

DR. WILHELM CUNO, *Director Hamburg American Line*, Hamburg, Germany.

The port of Boston, center of America's most active industrial and productive overseas passenger area, with superior port facilities and many advantages, including shortest ocean distances, deepest channel, longest pier and greatest dry dock on Western Hemisphere, cordially invites your consideration in reallocation of steamers under pooling of Hamburg American and North German Lloyd. Beyond question direct weekly service with combination passenger and cargo steamers from Boston to German ports is most promising opportunity on Atlantic seaboard.

JAMES M. CURLEY, *Mayor*.

PACKAGE BUSINESS BY AIR MAIL.

Mayor Curley, on March 21, received the following telegram from C. A. Crane, superintendent, Western Union Telegraph Company:

JAMES M. CURLEY,
Mayor of Boston.

The Western Union Telegraph Company and Colonial Air Transport, Incorporated, announce the following important changes in the schedule of rates governing inter-city shipments of parcels between Boston, New York City and Newark, N. J.: Up to one pound, \$1.35; one pound to two pounds, \$2; two pounds to five pounds, \$3; five pounds to ten pounds, \$4; ten pounds to fifteen pounds, \$5. This includes messenger service at both terminals. Insurance may be procured at the rate of 25 cents for each \$100 valuation. Liability on uninsured packages is limited to \$50. Bus leaving time New York terminal 8.15 a. m., 11.15 a. m. and 4.15 p. m. Boston leaving time 7.30 a. m., 11.30 a. m. and 4 p. m. Packages will be picked up and delivered from any Western Union office in Boston, New York, City and Newark, N. J.

C. A. CRANE, *Superintendent*,
Western Union Telegraph Company.

FIRE DEPARTMENT ORDER.

General Order No. 30.

I. CAPT. FRANK L. LYONS.

1. It is with deep regret that the Fire Commissioner announces the death, on March 25, 1930, of Capt. Frank L. Lyons of Engine Company 19.

2. Captain Lyons was appointed to this department on August 17, 1900. His promotions were as follows: To lieutenant, January 2, 1920; to captain, November 2, 1928.

3. The funeral will take place from his late home, 54 Alicia road, Dorchester, at 8.30 a. m. Friday, March 28, 1930, followed by services at St. Gregory's Church, Dorchester avenue, at 9 a. m.

4. The Chief of Department will make the customary detail, under command of District Chief Charles A. Donohoe of District 13, to represent this department at the funeral. Uniform overcoats and white gloves will be worn by the detail. The detail will report at the quarters of Engine Company 16, at 8 a. m., March 28.

5. Engine Company 19 will be excused from duty in order to attend the funeral.

6. Members of the department who are off duty are invited to attend the funeral and join the escort from this department.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

DANIEL F. SENNOTT,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That for reasons of public safety and convenience during the period of water pipe installation by the City of Boston, vehicles are excluded from School street, between Province street and Washington street, from March 29, 1930, at 11 p. m. to March 30, 1930, at 6 p. m.

Voted, That for reasons of public safety and convenience, during the period of underground construction by the Edison Electric Illuminating Company of Boston, vehicles are excluded from Emmet street, between Second street and Third street, for a period estimated to be ten days, effective March 27, 1930.

THOMAS F. SULLIVAN,
Acting Commissioner.

REVISION OF ASSESSMENT.

The Mayor has approved the following order of the Board of Street Commissioners:

In the matter of applications for revision of assessments levied on account of the construction of sewerage works the Board of Street Commissioners, acting under the provisions of chapter 359 of the acts of the year 1896, and deeming it just and proper that such action should be taken upon said applications.

Order, That the amounts hereinafter specified, being the annual apportionments of said assessments for the years specified below, be, and the same are, hereby abated.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examination will be held at the following points and on the following dates:

Boston, Monday, April 7.
Springfield, Thursday, April 10.
Boston, Monday, May 12.
Worcester, Thursday, May 15.
Boston, Monday, June 23.
Boston, Tuesday, June 24.
Boston, Monday, September 22.
Worcester, Thursday, September 25.
Boston, Monday, October 6.
Lowell, Thursday, October 9.
Springfield, Friday, November 7.
Pittsfield, Saturday, November 8.
Boston, Monday, December 8.
New Bedford, Wednesday, December 10.
New Bedford, Thursday, December 11.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master of journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

ELLIOT H. GOODWIN,

PAYSON SMITH,

GEORGE C. NEAL,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

PITTSFIELD FIRST CITY TO ADOPT WELDING SOCIETY BUILDING CODE.

Pittsfield, Mass., is the first city in this country to make formal adoption of the building code proposed by the American Welding Society to make available the advantages of welding in the construction of buildings in municipalities.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for public improvements consisting of the discontinuance of a part of Codman street, Dorchester district, as a highway, between the Southern Artery, so called, and Nevada street, and the discontinuance of a part of Codman street, Dorchester district, as a highway, on the southerly side of the Southern Artery, so called, near Washington street.

Ordered, That this Board having passed the order of notice relating to the public improvements hereinafter described, and having caused a copy of said order to be published January 31, February 1, 3 and 4, 1930, in the *Boston Post* and the *Boston Globe*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience so requires, does hereby order the making in said city of the public improvements, shown on a plan marked "City of Boston, Friedane Terrace, Codman Street, January 29, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," deposited in the office of the Street Laying-Out Department of said city, and named, bounded and described as follows:

A part of the highway named Codman street is hereby discontinued easterly from Nevada street.

Said part of said highway as hereby discontinued is bounded:

Westerly by another part of said Codman street (highway), forty and 11-100 feet; northerly by the northerly line of said Codman street as hereby discontinued, by four measurements, sixty and 88-100 feet, one hundred ten and 7-100 feet on a curved line, sixty-six and 62-100 feet and sixty-four and 81-100 feet; southerly by the northerly line of said Gallivan Boulevard, sixty-eight and 19-100 feet; and again southerly by the southerly line of said Codman street as hereby discontinued, by four measurements, fifty-one and 42-100 feet, fifty-three and 23-100 feet, fifty-six and 80-100 feet on a curved line, and sixty-one and 35-100 feet; containing ten thousand four hundred and sixty-two square feet, more or less.

A part of the highway named Codman street is hereby discontinued on the southerly side of the Gallivan Boulevard near and west of Washington street.

Said part of said highway as hereby discontinued is bounded:

Southerly by the southerly line of said Codman street as hereby discontinued, by five measurements, thirty-five and 31-100 feet on a curved line, fifty-five and 99-100 feet, ninety-nine and 4-100 feet, forty-four and 70-100 feet and five feet; and northerly by the southerly line of Gallivan Boulevard, by two measurements, one hundred sixty-eight and 73-100 feet and sixty-nine and 61-100 feet; containing eleven hundred and eighteen square feet, more or less.

No betterments are to be assessed for the making of the aforesaid improvements.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvements, consisting of the discontinuance of a part of the highway named Codman street easterly from Nevada

street; and the discontinuance of a part of the highway named Codman street on the southerly side of the Gallivan Boulevard near and west of Washington street; under the order of the Board, and awards no damages therefor.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

SUPERVISOR, BOSTON PARK DEPARTMENT,
APRIL 15, 1930.

Salary: \$2,300 a year. This position is for supervisor of care and registration of veterans' graves.

Duties: To have charge of veterans' graves and registration of same in Boston; to keep these areas in proper condition; and handle men. Applicants should know how to grade and prepare areas for graves, have a general knowledge of shrubs and trees, and how to seed and sod graves, and have some idea of the care of roads.

Subjects and Weights: Training and experience, 4; questions on law pertaining to the position, 3; questions on the proper care of graves, shrubs, trees, etc., 3; total, 10.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 12-inch pipe and a surface drain of 24-inch pipe in Foster street, between Kenrick street and 704 feet southerly, in the Brighton district, at an estimated cost of \$6,000.

A sanitary sewer of 12-inch pipe in Southern Artery (Gallivan Boulevard) (south side), between Druid street and 740 feet westerly, in the Dorchester district, at an estimated cost of \$7,400.

An overflow (surface drain) of 8-foot by 10-foot concrete (Savin Hill Bay, Section 4), in land of Commonwealth of Massachusetts, between Old Colony Parkway and 750 feet westerly, in the Dorchester district, at an estimated cost of \$35,000.

A surface drain of 12-inch pipe and eight catch-basins in Weld street, between Church street and Manthorne

road, in the West Roxbury district, at an estimated cost of \$5,000.

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch, 15-inch and 18-inch pipe in Church street, between Brookline line and Burwell road, in the West Roxbury district, at an estimated cost of \$9,000.

A surface drain of 12-inch pipe and one catch-basin in Schirmer road, between Church street and 340 feet southwesterly in the West Roxbury district, at an estimated cost of \$2,000.

DAMAGES ACCEPTED.

Theodora McDonald agrees to accept the sum of \$3,500 as full payment for all land taken from, all rights acquired in, and all damages occasioned to her estate on 3 Eden avenue by the taking of said estate for school purposes under the order of the Street Commissioners and Mayor of November 14, 1929.

DAMAGES ASSESSED.

The Mayor has approved the following vote of the Board of Street Commissioners:

That in the matter of John F. and Anna V. Rooney, petitioners for damages occasioned their estate by the relocation of River street, Hyde Park district, under the order of the Street Commissioners and Mayor of November 21, 1928, after consultation with the Law Department, and on its advice, the Board assesses the petitioners' damages in the sum of \$5,000, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

That in the matter of the Animal Rescue League, petitioner for abatement of betterment assessment levied for the improvement of Stuart street (lot 142, assessment \$2,322), after consultation with the Law Department, and on its advice, the Board agrees to abate the sum of \$2,000 from said assessment, thus making the assessment \$322, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

FIRE DEPARTMENT ORDERS.*General Order No. 28.***I. ASSIGNMENT CARDS.**

Assignment cards for Boxes 3573 and 3722 are being returned to the department today. Attention is called to the fact that new boxes have been added to these cards, namely, Box 12-3573, Prendergast Preventorium, 1000 Harvard street, and Box 12-3722, Edison Service Station, Hyde Park avenue. The installation of these two boxes was announced in General Orders No. 10, c. s.

A new assignment card is being issued today for Box 1481. Attention is called to the fact that Box 15-1481 has been dropped from this card and Box 14-1481, Girls' Continuation School, Common street, has been added. Company commanders will return the old assignment card for Box 1481 to headquarters not later than Thursday, March 27, 1930. The company number will be written on back of old cards. The new card is dated March 24, 1930. The changes on this card were announced in General Order No. 113, series of 1929.

A new assignment card is being issued today for Box 3721, the location of which has been changed from Huntington avenue, opposite 109, to Huntington and Richards avenues. The new card is dated March 24, 1930. Company commanders will return the old card for Box 3721 to headquarters not later than Thursday, March 27, 1930. The company number will be written on the back of the old card.

II. NEW FIRE ALARM BOX.

The following new fire alarm box will shortly be established:

Box 6122, Boston Airport, United States Army hangar.

The assignments will be the same as for Box 6123. The new box will be connected into circuit No. 48. Assignment cards for this box will be issued as soon as they are printed.

III. COMMENDATIONS.

The following letter has been received from the Merrimac Chemical Company, Incorporated, which the Fire Commis-

sioner is pleased to publish for the information of the department.

March 19, 1930.

To the Chief, Boston Fire Department.

DEAR SIR,—I desire to extend to you my personal thanks and the thanks of this company for the splendid work performed by your department in assisting the Everett Fire Department in fighting the fire which occurred at our Everett plant on the morning of March 14, 1930. In appreciation, therefore, we are inclosing a contribution towards the Firemen's Relief Fund.

CHARLES BELKNAP, *President.*

A check for \$100, which accompanied this letter, has been turned over to the Treasurer of the Boston Firemen's Relief Fund.

The following letter, received from the Mayor of Everett, is published for the information of the department:

EVERETT, MASS., CITY HALL,
OFFICE OF THE MAYOR,

March 18, 1930.

DANIEL F. SENNOTT, *Chief, Boston Fire Department, Boston, Mass.*

DEAR CHIEF SENNOTT,—The splendid assistance rendered by you at the Merrimac Chemical Company fire is deeply appreciated by the citizens of Everett.

When the chief and the deputy chief of the Everett Fire Department were forced to retire, you willingly assumed responsibility and charge of fighting the fire. The efficient and capable manner in which you conducted the work and the very fine spirit you displayed are deserving of the highest praise.

Very sincerely yours,

MICHAEL C. O'NEIL.

Ladderman John L. Chandler, of Ladder Company 25, is hereby commended for responding to and working at fire, Box 2663, March 17, 1930, while off duty.

By order of Fire Commissioner Edward F. McLaughlin.

DANIEL F. SENNOTT,
Chief of Department.

*General Order No. 29.***I. A. D. T. RUNNING CARDS.**

Two new pages for the running card book of the A. D. T. Company are being issued to the department today. The new pages are dated March 17, 1930. The present page, No. 11, is to be removed from the book and returned to Headquarters, with the company number written on the back, not later than Friday, March 28, 1930. The old page is dated at the lower right hand corner 4-15-'29.

II. ADDITIONAL A. D. T. SIGNAL NUMBERS.

1. Notice has been received from the A. D. T. Company that additional signal numbers have been given to the following locations:

Assignment No. 521.—13-25 Harvard street (W. F.). This is the same building as covered by signal No. 284, and the assignments will be the same as for signal No. 284.

Assignment No. 522.—90 Wareham street (N. W. & A. F.). This is for the same building as covered by signal No. 458, and the assignments will be the same as for signal No. 458.

Assignment No. 523.—63 Melcher street (W. F.). This is for the same building as covered by signal No. 146, and the assignments will be the same as for signal No. 146.

2. These new signal numbers are included in the new pages issued to the department today.

III. BOSTON AUTOMATIC FIRE ALARM ASSIGNMENT CARDS.

New assignment cards for pages 11 and 17 are being issued to the department today for the Boston Automatic Fire Alarm Company Book. These cards are dated March 28, 1930. Commanders of companies having Boston Automatic Fire Alarm Company Books shall replace the present old cards with the new cards and return the old cards, in the envelopes provided, to Headquarters not later than Friday, March 28, 1930.

IV. PYROFAX GAS.

As a result of the use of Pyrofax gas the following information, received from the State Fire Marshal, is published for the information of the department:

Pyrofax gas is a pure hydrocarbon gas, derived from natural gas, free from moisture, sulphur and other impurities, consisting essentially of the hydrocarbon propane.

The explosive range of propane, which is sold under the trade name of Pyrofax as given by reliable authorities, is as follows:

Low limit, per cent by volume, 2.3; upper limit, per cent by volume, 7.3; range 5 per cent; and that of illuminating gas is, low limit, per cent by volume, 7; upper limit, per cent by volume, 21, range, 14 per cent.

As Pyrofax gas has a much lower range of explosibility than illuminating gas, its use for pilot light purposes would not be prohibited as provided for in section 15 of the light fuel oil burner regulations.

Remarks.—It is the opinion of the undersigned that when properly installed the use of Pyrofax as a gas pilot in connection with light fuel oil burners presents no greater fire or explosion risks than that of illuminating gas.

With further reference to the use of Pyrofax gas in connection with a pilot light for an oil burner, I desire to inform you that the chemist of this department has investigated this gas and has reported to me that he finds its range of explosibility in admixture with air is much less than that of illuminating gas, and therefore complies with section 15 of the oil burner regulations and is not prohibited for use as a pilot light gas.

JOHN W. RETH,
State Fire Marshal.

V. REPORTING FOR DUTY.

When a member of the department returns to duty after having been on injured or sick leave, with loss of pay, the company commander will call Mr. Egan at Fire Headquarters and notify him of the fact as soon thereafter as possible.

By order of Fire Commissioner Edward F. McLaughlin.

DANIEL F. SENNOTT,
Chief of Department.

PROCEEDINGS OF SCHOOL COMMITTEE.

March 3, 1930

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7.00 o'clock, P. M., the Chairman presiding.

Present: Messrs. Gray, Hurley, Lyons, Mrs. Pigeon, and Mr. Reilly.

AMENDMENT AND APPROVAL OF MINUTES

On motion, the minutes of the meeting of Sept. 16, 1929, on page 205, were amended to provide that the appointment from the eligible list of James F. Gilligan as assistant, intermediate, in the Joseph H. Barnes Intermediate District, to take effect Sept. 1, 1929, shall read "James J. Gilligan."

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENT

The Chairman stated that the question was on approving the appointment of a teacher as reported by the Superintendent and laid over at a previous meeting.

The appointment was approved.

DISCONTINUANCE OF WARREN-BUNKER HILL SCHOOL

The following was received:
ORDERED: That the School Committee be requested, through His Honor the Mayor, to consider the advisability of discontinuing the Warren-Bunker Hill School following the completion of the new Junior High School in Charlestown. In City Council, Feb. 24, 1930.

Passed.

Attest:
(Signed)

W. J. DOYLE,
City Clerk.

Referred to the Board of Superintendents for consideration and report.

ACCEPTANCE OF NEW SCHOOL

A communication was received from the Superintendent of Construction, Department of School Buildings, reporting that the Martin Milmore School, Prince District, has been accepted finally as of Feb. 15, 1930.

Placed on file.

DEATHS

Roxbury Memorial High School (Girls)—May Whiting, assistant, from Sept. 1, 1930, to Aug. 31, 1931, for study and travel.

Board of Examiners—Joel Hatheway, Chief Examiner, from Sept. 1, 1930 to Aug. 31, 1931, for rest.

Department of Manual Arts—Florence O. Bean, first assistant, from Sept. 1, 1930 to Aug. 31, 1931, for rest.

Joseph H. Barnes Intermediate District—Myrtle W. Webster, assistant, intermediate, from Sept. 1, 1930, to Aug. 31, 1931, for rest.

Martin District—Mary E. McLean, assistant, model school, from Sept. 1, 1930 to Aug. 31, 1931, for study.

Mather District—Virginia K. de Haro, assistant, elementary, from Sept. 1, 1930 to Aug. 31, 1931, for study; Marion E. Puttner, assistant, kindergarten, from Sept. 1, 1930 to Aug. 31, 1931, for study.

Wells District—Gertrude E. Schnurr, assistant, elementary, from Sept. 1, 1930 to Aug. 31, 1931, for study and travel; Margaret G. Stanwood, assistant, elementary, from Sept. 1, 1930 to Aug. 31, 1931, for study and travel.

William E. Russell District—Helen L. Murphy, assistant, elementary, from Sept. 1, 1930, to Aug. 31, 1931, for study.

DESIGNATIONS

A communication was received from the Superintendent, under date of March 3, 1930, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, to take effect on the dates stated:

Edward Everett District—Estelle K. Kennedy, assistant, intermediate, as acting master's assistant (vice Carrie M. Schroeder, absent on leave), Jan. 20, 1930.

Grover Cleveland Intermediate District—Mary E. O'Kane, assistant, intermediate, as acting master's assistant (vice Annie G. Scollard, absent on leave), Jan. 30, 1930.

Norcross District—Josephine L. Smith, master's assistant, as acting master (vice Mary R. Thomas, absent on leave), Feb. 24, 1930.

Placed on file.

TERMINATION OF SERVICE IN AFTERNOON KINDERGARTEN

A communication was received from the Superintendent, under date of Mar. 3, 1930, reporting that he has terminated the services of Clara G. Dennis, first assistant, kindergarten, Bowditch District, in the afternoon session of the kindergarten in that district, to take effect Mar. 3, 1930.

Placed on file.

PLAYGROUND ACTIVITIES, 1930

The Superintendent offered the following eight orders:

ORDERED, That for the current school year the playground term shall extend from Mar. 24 to Dec. 19, inclusive, the seasons to be as follows:

Spring season: Mar. 24 to June 30, inclusive.

Summer season: July 1 to Sept. 10, inclusive.

Fall season: Sept. 11 to Dec. 19 inclusive.

ORDERED, That variations in the established dates for beginning and terminating playground activities for the respective seasons may be allowed in the discretion of the Superintendent on recommendation of the Director of Physical Education.

ORDERED, That the Director of Physical Education is hereby authorized to conduct playground activities in such schoolyards, children's corners and athletic fields as may be approved by the Superintendent during the season of 1930.

ORDERED, That the Superintendent is hereby authorized to change the days and hours on which each playground may be conducted at his discretion.

ORDERED, That the Superintendent is hereby authorized to make such emergency appointments as may be necessary for service in the playgrounds during the season, 1930.

ORDERED, That any teacher whose name appears on the list of teachers appointed in playgrounds for the season of 1930 may be transferred by the Superintendent from one position to another for which said teacher holds the required certificate, and said teacher shall be paid according to the schedule established for the position actually filled during any day or part of day certified to by the Director of Physical Education.

ORDERED, That the sessions of the playgrounds shall be as follows:

Spring Season: From four o'clock P. M. until six o'clock P. M. on school days, and from ten o'clock A. M. to five o'clock P. M. on Saturdays and holidays.

Summer Season: From ten o'clock A. M. to five o'clock P. M. daily, inclusive of holidays, Sundays excepted.

Fall Season: From four o'clock P. M. until six o'clock P. M. on school days up to and including Oct. 31; and from Nov. 1 until Dec. 19, inclusive, the close of the playground season, the hours shall be from three thirty o'clock P. M. until five thirty o'clock P. M., and that the session on Saturdays and holidays throughout the Fall Season shall be from ten o'clock A. M. until five o'clock P. M.

ORDERED, That the hours of service of teachers and custodians employed in the playgrounds during the season of 1930, unless otherwise specified, shall be such portion of the time between 8 o'clock A. M. and 8 o'clock P. M. as the Superintendent may direct.

The orders passed.

GARDENING, SEASON OF 1930

The Superintendent offered the following six orders:

ORDERED, That the Superintendent is hereby authorized to conduct instruction in gardening during the season of 1930, from Feb. 25 to Dec. 31, the summer term of which shall coincide with the summer vacation period.

ORDERED, That the Superintendent is hereby authorized to appoint teachers of gardening to the following ranks for service during the season of 1930:

Supervisor of gardening
Garden teacher

First assistant, gardening

Garden assistant

Assistant in school gardens

ORDERED, That the Superintendent is hereby authorized to make such emergency appointments as may be necessary for service in gardens during the season of 1930.

ORDERED, That any teacher of gardening appointed for the season 1930 may be transferred by the Superintendent from one position to another for which said teacher holds the required license, and said teacher shall be paid according to the schedule established for the position actually filled during any session certified to by the Associate Director of Manual Arts.

ORDERED, That the hours of service of teachers and custodians employed in gardening during the season 1930, unless otherwise specified, shall be such portion of the time between 8 o'clock A. M. and 9 o'clock P. M. as the Superintendent may direct.

ORDERED, That the Superintendent is hereby authorized during the financial year 1929-30 to conduct a course of instruction for teachers of gardening in conjunction with the Extension Service of the Massachusetts Agricultural College, the share of the expense of instruction to be borne by the City not to exceed one hundred dollars (\$100), and the City to supply equipment and accommodations, including the garden plot.

The orders passed.

TRANSFER OF JAMES J. MAHAR, DOMESTIC ENGINEER

A communication was received from the Superintendent, under date of Mar. 3, 1930, reporting the transfer of James J. Mahar, Domestic Engineer, from the office of the Business Manager to the office of the Superintendent of Schools, to take effect Feb. 18, 1930.

It is proposed that Mr. Mahar shall act as adviser to the Superintendent on plans, specifications, and requisitions dealing with the construction, repair and alteration of school buildings and with other matters growing out of the relationship of the Superintendent of Schools to the Board of Commissioners of School Buildings under the provisions of Chapter 351 of the Acts of 1929.

This transfer is made with the authority of the Division of Civil Service and with the approval of the Business Manager.

Placed on file and the transfer approved to take effect on the date stated.

On motion of the Superintendent, it was

ORDERED, That the salary of James J. Mahar, Domestic Engineer, office of the Superintendent, is hereby established at six thousand dollars (\$6,000) per annum, to take effect Feb. 18, 1930.

APPOINTMENT OF CLERICAL ASSISTANT

A communication was received from the Superintendent, under

date of Mar. 3, 1930, reporting that, subject to the approval of the School Committee and with the approval of the Deputy Commissioner, Department of Correction, Commonwealth of Massachusetts, he has appointed Esther Glynn as clerical assistant, third year, in the Jamaica Plain High School and the Thomas Gardner District, by transfer from the Department of Correction, to take effect Feb. 24, 1930.

Placed on file and the appointment approved to take effect on the date stated.

PAYMENT OF MONEY DUE WARREN J. STOKES

On motion of the Superintendent, it was

ORDERED, That the money due Warren J. Stokes, late retired supervisor of attendance, be paid his son, Waldo J. Stokes.

AUTHORIZED LIST OF TEXT BOOKS

The Superintendent offered the following orders:

ORDERED, That the following-named books are hereby dropped from the list, no further copies to be purchased (Recommendations from Councils):

Barber, E. D., Fuller, M. L., Pricer, J. L., and Adams, H. First Course in General Science. Henry Holt & Co.

Laid over.

AMENDMENTS TO RULES AND REGULATIONS

The following was offered:

ORDERED, That the Rules and Regulations are hereby amended as follows:

Sect. 80, paragraph IV. In the paragraph which describes the eligibility requirements for the High School certificate, in the fifteenth line, insert to immediately follow the words "City of Boston" the following—

"and for holders of the degree of Master of Education from a college or university approved by the board of superintendents which grants the degree only upon the completion of two years' work under the direction of that institution,"

so that the paragraph shall read as follows:

The requirements for this certificate are: The degree of Master of Education, Master of Arts, or equivalent degree, from a college or university approved by the board of superintendents; evidence of two years' successful experience in teaching and governing regular graded day schools, which experience shall include at least one year in a day high or a day intermediate school; provided, that for holders of the degree of Master of Education from The Teachers College of the City of Boston, and for holders of the degree of Master of Education from a college or university approved by the board of superintendents which grants the

degree only upon the completion of two years' work under the direction of that institution, one year's experience in teaching shall be accepted."

Insert to immediately follow the foregoing, the following paragraph:

For candidates for the Master's degree from a college or university approved by the board of superintendents which grants the Master's degree only upon the completion of two years' work, the board of superintendents may accept as meeting the degree requirement, not less than three hundred sixty hours of academic work towards the Master's degree, certified by the institution as having been satisfactorily and exclusively completed under the direction of the institution, together with such amount of approved practice teaching as the board of superintendents may determine.

Sect. 80, paragraph XXXV. Strike out the paragraph and substitute in place thereof the following:

XXXV. Horace Mann School: To assistants in the Horace Mann School for the Deaf.

The requirements for this certificate are: Graduation from a normal school approved by the board of superintendents or the completion of two years' work in a college approved by the board of superintendents, and the completion of a course in training for the teaching of the deaf approved by that board; and evidence of two years' successful experience in teaching and governing oral classes in a graded school for the deaf, or, in the case of a regularly appointed teacher in the Boston schools assigned to the Horace Mann School, evidence of one year's successful experience in teaching in the Horace Mann School for the Deaf.

Sect. 97, paragraph 3. In the fourth line, insert to immediately follow the word—evening—the words "and summer"—so that the paragraph shall read as follows:

3. Pupils may be suspended by principals of evening schools for disobedience or improper conduct, and such pupils shall not be readmitted without the consent of the director of evening and summer schools.

Sect. 166, paragraph 15. In the second line, insert to immediately follow the word—evening—the words "and summer"—so that the paragraph shall read as follows:

15. The sessions of the day practical arts classes organized by the director of evening and summer schools shall be at least two hours in length and shall be held between 8:30 o'clock a. m. and 5 o'clock p. m., and at such hours as the superintendent may determine.

Sect. 196, paragraph 9. In the fourth line, insert to immediately follow the word—evening—the words "and summer"—so that the paragraph shall read as follows:

9. During the last week of the evening school term, each principal may obtain from the business manager, with the approval of the director of evening and summer schools, the refund of such portion of the advance payments previously transmitted by him to the busi-

ness manager as shall be required to remit to pupils the advance payments to which they are entitled under the regulations.

Sect. 225. Insert the following paragraph as new paragraph 4 and re-number paragraphs 4 to 10, inclusive, as 5 to 11:

4. Principals and directors shall, under the direction of the Business Manager, inventory and account for educational equipment in school buildings.

Sect. 229, paragraph 1. Strike out the paragraph and substitute in place thereof the following:

Sect. 229. 1. Principals or teachers in charge of buildings shall see that the rules and regulations governing custodians and their employees are enforced; and principals shall notify the school-house custodian of any neglect of duty or improper conduct on the part of custodians or their employees.

Sect. 237. Strike out the section and substitute in place thereof the following:

Sect. 237. 1. The director of evening and summer schools shall have general supervision and control over evening schools, summer schools, the Day School for Immigrants, and day practical arts classes organized by the director of evening and summer schools.

Sect. 304, paragraph 7. In the second line, insert to immediately follow the word—evening—the words “and summer”—so that the paragraph shall read as follows:

7. Teachers of day practical arts classes organized by the director of evening and summer schools shall be appointed on the basis of one teacher for each 15 pupils in average attendance.

Section 307. Strike out paragraph 2 and substitute in place thereof the following:

2. A department of evening and summer schools.

Sect. 308. Strike out paragraph 1 and substitute in place thereof the following:

Sect. 308. 1. A director of evening and summer schools and an assistant director of evening and summer schools.

Sect. 322, paragraph 1. In the fifth line, strike out the words—school nurses—and in the sixth line strike out the words—school physicians—so that the paragraph shall read as follows:

Sect. 322. 1. The superintendent may grant, subject to the approval of the School Committee, leaves of absence to teachers and members of the supervising staff, except the supervising nurse, assistant supervising nurses, and supervising school physicians, for study, for study and travel, or for rest, for a period not exceeding one year; provided, that such leave shall take effect only at the beginning of a school year and shall be continuous for the full period for which application is made. Any unexpired portion of a full year's leave shall not be credited for a further leave of absence to be taken before the completion of the prescribed period of subsequent service. Teachers and members of the supervising staff become eligible for a leave of absence for study, or for study and travel after the completion of seven years of service, and for leave of absence for rest after twenty years of service in the schools of the

City of Boston, a part of which service may have been rendered in the Parental School; provided, that leave of absence for rest may begin with any school year in the course of which the required twenty years of service shall have been completed. Teachers and members of the supervising staff may be granted leave of absence for study, or for study and travel, for not more than one year in any eight consecutive years, and for rest for not more than one year in any twenty-one consecutive years; provided, that before such leave may be granted they shall file with the superintendent an application upon a form prescribed by him stating the definite purpose for which the leave of absence is desired.

Laid over.

REMOVAL OF NAME FROM ELIGIBLE LIST

A communication was received from the Board of Superintendents, under date of March 3, 1930, reporting the amendment of School Document No. 5, 1929—Candidates Eligible for Appointment as Teachers—as follows:

Page 19. Holders of the Degree of Bachelor of Education, Class of 1929. 710. Virginia Hill (Class of 1928) Name removed by request.

Placed on file.

TRANSFER OF APPROPRIATION

The following communication was received:

City of Boston—Department of School Buildings

Feb. 26, 1930

School Committee of the City of Boston,
15 Beacon st.,
Boston, Mass.

Gentlemen:

In reply to your letter of February 25th, 1930, in which you submitted to this Board the following order:

“ORDERED, That of the amounts appropriated by the School Committee under date of July 10, 1929 (see p. 191), the following amount is hereby transferred to the 1928 item of school accommodations as listed below:

FROM

Item 49, 1929—Robert Gould Shaw District, West Roxbury: Plans for thirteen-classroom elementary building\$10,000.00

TO

Item 23, 1928—Prince District, City Proper: (Martin Milmore School) Construction of eight-classroom building, kindergarten and Grades I to VI (Item 30, 1925; Item 49, 1926).....\$10,000.00”

the Board of Commissioners of School Buildings of the City of Boston hereby reports to the School Committee that it approves the transfer as stated, and believes the amount named to be reasonable. Very truly yours,

(Signed) RICHARD J. LANE,
Chairman.

Placed on file.

The following was offered:

ORDERED: That of the amounts appropriated by the School Committee under date of July 10, 1929 (see p. 191), the following amount is hereby transferred to the 1928 item of school accommodations as listed below:

FROM

Item 49, 1929—Robert Gould Shaw District, West Roxbury: Plans for thirteen-classroom elementary building\$10,000.00

TO

Item 23, 1928—Prince District, City Proper: (Martin Milmore School) Construction of eight-classroom building, kindergarten and Grades I to VI (Item 30, 1925; Item 49, 1926).....\$10,000.00

Passed by the following vote:

YEAS—Messrs. Gray, Hurley, Lyons, Mrs. Pigeon, and Mr. Reilly—5.

NAYS—0.

APPROPRIATION ON ACCOUNT, ALTERATIONS AND REPAIRS

The following communication was received:

City of Boston—Department of School Buildings

Feb. 20, 1930

School Committee of the City of Boston,
15 Beacon St.,
Boston, Mass.

Gentlemen:

In answer to your letter of February 19th, 1930, in which you submit to the Board of Commissioners of School Buildings an appropriation order of \$100,000 on account for alterations and repairs of school buildings, etc., which appropriation is to include payment for liabilities covering emergency and other purposes incurred prior to January 1st, 1930, and accompanying which letter you enclosed an order reading as follows:

“ORDERED, That to provide for the cost of alteration and repair of school buildings and for furniture, fixtures and means of escape in case of fire, and for fire protection for existing buildings, and for improving existing school yards during the financial year Jan. 1 to Dec. 31, 1930, the sum of one hundred thousand dollars (\$100,000.00) is hereby appropriated on account, which appropriation on account shall include payments for liabilities covering emergencies and other purposes incurred prior to Jan. 1, 1930.”

The Board of Commissioners of School Buildings at a meeting held the 19th day of February, 1930, voted to report that the order which you submitted to us as above set forth is in the opinion of this Board reasonable. Our reasons for this action were fully set forth at the meeting of the School Committee held on February 17th, 1930.

Very truly yours,

(Signed) RICHARD J. LANE,
Chairman.

Placed on file.

The following was offered:

ORDERED, That to provide for the cost of alteration and repair of school buildings and for furniture, fixtures and means of escape in case of fire, and for fire protection for existing buildings, and for improving existing school yards during the financial year Jan. 1 to

Dec. 31, 1930, the sum of one hundred thousand dollars (\$100,000.00) is hereby appropriated on account, which appropriation on account shall include payments for liabilities covering emergencies and other necessary purposes incurred prior to Jan. 1, 1930.

The Chairman stated that the appropriation order as now presented has been approved by the Committee after conference with the Board of Commissioners of School Buildings, the Corporation Counsel, and the City Auditor.

The order passed by the following vote:

YEAS—Messrs. Gray, Hurley, Lyons, Mrs. Pigeon, and Mr. Reilly—5.

NAYS—0.

SALE OF SCHOOL PROPERTY

The following was offered:

ORDERED, That it is advisable to sell the following-named properties which are not now required for school purposes, in accordance with the provisions of Chapter 259 of the Acts of 1906:

Brainerd Road, Brighton—Land.
Union Street, Brighton—Land.
Passed by unanimous vote.

APPOINTMENT OF ASSISTANT IN THE SUPPLY ROOM

A communication was received from the Business Manager, under date of Feb. 17, 1930, recommending the appointment of Christina L. Barry as assistant, Group E, in the Supply Room, to take effect March 6, 1930.

Placed on file and the appointment approved to take effect on the date stated.

On motion, it was

ORDERED, That the salary of Christina L. Barry, Assistant in the Supply Room, Group E, is hereby established at the rate of eighteen dollars (\$18) per week, to take effect March 6, 1930, and to continue until otherwise ordered.

APPOINTMENT OF BOOKBINDER

A communication was received from the Business Manager, under date of March 3, 1930, reporting the need for an additional bookbinder and recommending the employment of James Gaynor, who stands number one on the Civil Service list, to take effect March 10, 1930.

Placed on file and the appointment approved to take effect on the date stated.

On motion, it was

ORDERED, That the salary of James Gaynor, bookbinder, Group E, in the office of the Business Manager, is hereby established at the rate of forty-one dollars and fifty cents (\$41.50) a week, to take effect March 10, 1930, and to continue until otherwise ordered.

ADDITIONAL COMPENSATION TO CUSTODIAN

A communication was received from the Schoolhouse Custodian,

under date of March 3, 1930, recommending the passage of the accompanying orders in connection with the additional compensation to be allowed Gerard J. Harrington for services in portables.

Placed on file.

On motion, it was

ORDERED, That the order passed by the School Committee at the meeting of Dec. 2, 1930 (see p. 288) allowing additional compensation to Gerard J. Harrington, custodian, Beethoven Schoolhouse and portables, because of the opening of an additional portable, is hereby rescinded.

On motion it was

ORDERED, That there be allowed and paid Gerard J. Harrington, custodian, compensation at the rate of ten dollars (\$10) a week in addition to the minimum wage, for services rendered in connection with two portables located on Grouse Street in the Robert Gould Shaw District, to take effect May 19, 1929.

PAYMENT OF SALARY DUE CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of March 3, 1930, recommending that the salary due Leo T. Young, late custodian, James Otis Schoolhouse, be paid his widow, Marie Young.

Placed on file.

On motion, it was

ORDERED, That the salary due Leo T. Young, late custodian, James Otis Schoolhouse, be paid his widow, Marie Young.

TRANSFERS OF CUSTODIANS

Communications were received from the Schoolhouse Custodian, under date of March 3, 1930, transmitting lists of custodians desiring transfer and recommending that the following-named candidates who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates stated:

John Connolly, custodian, Benjamin Cushing Schoolhouse, to the John Greenleaf Whittier Schoolhouse, March 9, 1930.

Philip D. Doherty, custodian, Commodore Barry Schoolhouse, to the John L. Motley Schoolhouse, March 9, 1930.

Edward J. McDonald, custodian, Wyman Schoolhouse, to the Benedict Fenwick Schoolhouse and Portable No. 147, Feb. 28, 1930.

Placed on file and the transfers approved to take effect on the dates stated.

A communication was received from the Schoolhouse Custodian, under date of March 3, 1930, reporting the transfers of the following-named custodians to take effect on the dates stated:

Christopher C. Callahan, custodian, Patrick F. Lyndon Schoolhouse, to the Theodore Parker Schoolhouse, Feb. 28, 1930.

William P. Flanagan, custodian, Horace Mann Schoolhouse, to the Joshua Bates Schoolhouse, Feb. 28, 1930.

Placed on file and the transfers approved to take effect on the dates stated.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of March 3, 1930, recommending that leaves of absence be granted the following-named custodians for the periods specified:

Joseph L. Clougherty, custodian, Benjamin Dean Schoolhouse, Feb. 12, 13, and 14, 1930, on one-half net compensation, because of personal illness.

Michael Dorgan, custodian, Winthrop Street Schoolhouse, Jan. 20 to Feb. 9, 1930, inclusive, on one-half net compensation, because of personal illness.

George J. Westwater, custodian, Francis Parkman Schoolhouse, Feb. 19, 20, and 21, 1930, on one-half net compensation, because of personal illness.

Daniel J. O'Neill, custodian, Hyde Schoolhouse, Feb. 9 to 23, 1930, inclusive, on one-half net compensation, because of personal illness.

John H. Palmer, custodian, Joseph H. Barnes Schoolhouse, Feb. 9 to 15, 1930, inclusive, on one-half net compensation, because of personal illness.

John J. Hoyer, custodian, Wells Schoolhouse, Feb. 13 to 18, 1930, inclusive, on one-half net compensation, because of personal illness.

Placed on file and leaves of absence granted for the periods specified.

OBSERVANCE OF EVACUATION DAY

The following communication was received from the Chief Marshal of the Evacuation Day Celebration:

February 28, 1930

Ellen M. Cronin, Secretary
The School Committee of the City of Boston
Administration Building, 15 Beacon Street
Boston, Mass.

Dear Miss Cronin:

May I extend, through your office, my sincere thanks to the members of the School Committee and to Superintendent Burke for their hearty co-operation in assisting me to make the observance of the 154th anniversary of the Evacuation of Boston by the British a success.

With the participation of a large number of the boys from the Boys Battalions of the South Boston, Dorchester and other High Schools the parade will, I have no doubt, be the largest ever held in South Boston.

Sincerely yours,

(Signed) EDWARD C. CARROLL
Chief Marshal

Placed on file.

UNFINISHED BUSINESS

The five orders laid over at the meeting of Feb. 17, 1930, making changes in the authorized list of text books, were taken up and passed unanimously.

The order submitted at the meeting of May 20, 1929 (see p. 113) empowering the Business Manager to arrange for a friendly suit to determine the authority of the School Committee to purchase athletic apparel for school children was taken up.

The Chairman reported that the Supreme Judicial Court has decided against the plaintiff in this friendly suit. The School Committee has now before the Legislature a petition for authority to purchase athletic uniforms for school use. The order was thereupon placed on file.

The reference to the Board of Apportionment of March 21, 1927, (see p. 72), of consideration of the whole question of furnishing athletic equipment and material, was taken up in this connection and placed on file.

The order introduced at the meeting of Dec. 3, 1928 (see p. 295), directing the Board of Apportionment to consider the advisability of increasing the compensation of temporary teachers was taken up and placed on file in view of the general financial situation which will not permit of increasing the compensation of teachers.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred, who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

THE WORST YEAR YET IN DEATHS FROM AUTOMOBILE ACCIDENTS.

Thirty-one thousand five hundred motor-vehicle deaths in the United States during 1929 is the estimate of the National Safety Council. This is 13 per cent worse than the 1928 record, although motor-vehicle registration increased only 8 per cent during the year. This increase corresponds closely to figures just reported by the Metropolitan Life Insurance Company, covering automobile accident deaths of its Industrial Department weekly premium policyholders for the last two years. The insurance company's total for this group for the calendar year 1929 is 4,127, as compared with 3,619 in 1928. The comparisons on a basis of policyholders exposed to risk are 21.8 motor-vehicle deaths per 100,000 policyholders in 1929, and 19.7 in 1928.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

GUARDS AND PRISON OFFICERS,
APRIL 5, 1930.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service. This service includes turnkeys and guards in prisons, houses of detention and reformatories.

Applicants for appointment as officers in State Prison and Massachusetts Reformatory must be not less than twenty-five nor over forty years of age at the time of filing application. Applicants for appointment as officers in the Prison Camp and Hospital must be not less than twenty-three nor over forty years of age at the time of filing application. All applicants for these places must be not less than 5 feet 7 inches in height and weigh not less than 135 pounds.

A certificate of date of birth must be filed with the application.

Applicants must have education equivalent to graduation from grammar school.

The subjects of examination with their respective weights will be as follows: Training and experience, 4; practical questions covering general disciplinary and penological methods, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

In marking the subject of training and experience credit will be given for the satisfactory completion of courses on the conduct and management of penal institutions. The amount of credit will be determined by the Division of Civil Service and will depend on the standing of the department or institution giving the course and the length of time required for its completion.

Applicants will be required to obtain a mark of at least 60 per cent in practical questions and 70 per cent in the other subjects and general average in order to become eligible.

Applicants who pass the examination for prison officers will, upon request, also be placed on the list for watchmen.

Physical fitness to be determined by physical examination and strength tests. Educational test, 3; physical test, 1; total, 4.

MARKET REPORTER, DEPARTMENT OF AGRICULTURE, APRIL 5, 1930.

Requisition is for a male, but the examination is open to both males and females.

The entrance salary is \$1,800 a year. The maximum salary is \$2,160 a year. This position is in the Worcester district.

Duties: To collect both wholesale and retail prices; to prepare and release mimeograph, newspaper and radio reports daily, including all conditions bearing on and of the market; to prepare and release weekly summary reports to the newspapers and radio for the use of consumers; to prepare for publication reports on sources of supply of all food commodities, how they are handled at shipping point, transported, received in city terminal markets, and how they are distributed by wholesalers, jobbers and retailers; to make investigations upon which standard grades for fruits and vegetables can be established; to make investigation upon which standard packages can be established.

Applicants should have a knowledge of the methods of securing publicity of market and crop reports, have a knowledge of the wholesale and retail markets,

have a working knowledge of agricultural economics, also agricultural geography, have a knowledge of methods used in making investigations for the purpose of establishing standard grades for fruits and vegetables and the same for standard packages, and have a knowledge of procedure to follow in securing information upon which to base estimates of supplies of fruits and vegetables from producing areas surrounding a city market.

Qualifications: Applicants must have education equivalent to graduation from a standard high school.

Subjects and weights: Training and experience, 3; practical questions, 2; total, 5.

Requirements: At least 70 per cent in each subject in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioner as to their physical fitness for the position.

WATCHMEN, APRIL 12, 1930.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service. This service includes watchmen and guards in public parks, grounds, institutions and departments and gatemen for ferries.

The subjects of examination with their respective weights will be as follows: Training and experience, 6; memory test, 1; arithmetic, 1; handwriting, 1; accuracy, 1; total, 10.

Applicants will be required to obtain at least 70 per cent in experience, 50 per cent in other subjects, and at least 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination.

STATIONARY ENGINEERS, MARINE ENGINEERS AND OILERS, APRIL 24, 1930.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service.

The examination for each kind of position will include a statement of training and experience, a physical examination and the possession of a license, either as first, second or third class stationary engineer; or as chief, first assistant or second assistant marine engineer. Oilers are not required to have a license.

The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications will be given a physical examination.

NURSES, MAY 10, 1930.

The examination will include school nurses (excluding Boston school nurses), health nurses, visiting nurses, etc., and will be held for the service of all cities and of such towns in the state as are classified under civil service.

Applicants must be registered under the State Board of Registration of Nurses.

Subjects and weights: Training and experience, 6; the mark on file with the Board of Registration, 4; practical questions, 5; personality and fitness as determined by an oral interview, 5; total, 20.

Requirements: At least 65 per cent in registration mark, and at least 70 per cent in the other subjects and in general average in order to become eligible.

Physical fitness to be determined by physical examination.

BOSTON AREA TO WARD LINES.

Total, 30,598 acres (*i. e.*, 47.81 square miles), 2,944 acres being filled land, 1,143 acres water area and 1,436 acres flats. Land area only, 28,019 acres (*i. e.*, 43.78 square miles). Included in the latter are 160 acres of filled flats recently added to the land area of South Boston and 175 acres to that of East Boston.

Original Boston contained about 780 acres of land. Of the twelve leading American cities, eight are larger in land area than Boston, *viz.*, Los Angeles (441 square miles), New York (318), Chicago (199.4), Philadelphia (129), Baltimore (91.9), Detroit (80), Cleveland (56.6) and St. Louis (61.25). The only city in Massachusetts with larger land area is Taunton (50 square miles).

If Boston should expand by annexations as New York, Chicago, Philadelphia, Los Angeles and others have expanded, its total area, in case of including the thirty-nine cities and towns within the 15-mile radius, would be second to the largest, *viz.*, Los Angeles, the present land area of "Greater Boston" being 409.5 square miles.

ALTITUDES IN BOSTON.

(1) Highest, Custom House tower, 510.71 feet, *i. e.*, top of finial above mean low water (same as "city base") or 495 feet from surface of street; (2) Bellevue Hill, West Roxbury, 376.3 feet to top of new reservoir, or about 320 feet of top of hill; (3) Bunker Hill Monument, 307.84 feet, or top of Breed's Hill, Charlestown, at base of monument, 86.44 feet; (4) Slocum Hill, near Allandale street, Jamaica Plain, about 300 feet; (5) High Fort Observatory, Highland Park, Roxbury, 291 feet, on top of hill at base of tower, 158 feet; (6) Revolution Memorial Monument, Telegraph Hill, South Boston, 270 feet, or top of hill at base of monument, 145 feet; (7) State House, top of dome, 261 feet; (8) Hill between Poplar and Dale streets, West Roxbury, near Hyde Park boundary line, about 258 feet; (9) Peters' Hill, Arnold Arboretum, 237 feet; (10) Fairmount Hill, Hyde Park, about 220 feet, Beacon Hill, now 107.89 feet (*i. e.*, at corner of Mt. Vernon and Joy streets), was originally about as high as the base of the State House dome.

LIFE-GIVING PATRIOTISM IS LOCAL.

By civic patriotism is meant the feeling and the taking of a deep, unselfish, earnest, ever-wakeful, active interest in the affairs of one's own city or local community, regarding it as having an autonomy, a distinct personality, a name and interests of its own, and, if one pleases, endowed with a sense of personal honor and with all laudable ambitions for the promotion of the welfare of its people.

Where such civic virtues exist the local community will neither suffer from the dry-rot of public indifference and neglect nor become tainted with graft or corruption. Its life will be healthful, and, like the ocean, will be kept pure by its own ceaseless flow and movement. All life-giving patriotism is local.

Show a good municipal citizen and one will see a citizen who loves his state, and who loves his nation, and who will discharge all the duties of this triple relation. Good government in local affairs is the best assurance of good government in state and national affairs.

CONSOLIDATION OF COUNTIES TO
REDUCE TAXES.

Just as consolidation of small business under holding or managing companies reduces overhead costs, it is fair to believe that consolidation of small counties into larger units would reduce taxes through eliminating duplicating offices, etc.

New York has a plan for recasting more than 60 counties into 37 units, and Tennessee, after already having merged 2 counties, now plans to merge the 95 counties in the state into 11 new units.

The results of Tennessee's experience in merging Hamilton and James counties in 1919, as portrayed by J. W. Manning of Vanderbilt University, are interesting. He points out that taxes in James County have been reduced one half, paved highways have been increased from two miles to fifty miles, and many manufacturing plants have entered the county because of the reduction in taxes. The results in New York and Tennessee will be watched with interest by the whole country.

DIMENSIONS, ETC., OF BOSTON.

Boston's greatest length, 13.8 miles, *i. e.*, from northern end of East Boston to southern end of Hyde Park; greatest width, 7.75 miles, *i. e.*, from Marine Park shore to western end of Brighton; median transverse width, 5.75 miles, *i. e.*, from Charles river at Harvard Bridge to Neponset river at Blue Hill avenue; width of business center, 1.2 miles, *i. e.*, from Charles river at Cambridge Bridge to Fort Point channel at Summer street. Geographical center of city in Roxbury, corner Walnut and Westminster avenues.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO MASONRY CONTRACTORS.

The Department of School Buildings of the City of Boston invites sealed proposals for building concrete wall and erecting wire fences at the Harbor View Street School, and giving bond of a surety company approved by the Superintendent in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Superintendent, Room 1009, City Hall Annex, signed by the bidder and left before 11 o'clock a. m. of Thursday, April 3, 1930, at said office with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent reserves the right to reject any or all proposals. A deposit of \$5 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN ADELAIDE TERRACE, CHESWICK ROAD, DENT STREET, WEST ROXBURY; AUSTIN STREET, DE FOREST STREET, FARRAR STREET AND SHERRIN STREET, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 1,610 feet of 6-inch, 8-inch, and 12-inch water pipe in Adelaide terrace, Cheswick road, Dent street, West Roxbury; Austin street, De Forest street, Farrar street, and Sherrin street, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of fourteen hundred (\$1,400) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes, Adelaide Terrace, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Friday, April 4, 1930, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 22.

SATURDAY, APRIL 5, 1930.

No. 14

MAYOR TO PRESENT ADMIRAL BYRD WITH GOLD MEDALLION WHEN CITY ENTERTAINS HIM ON JUNE 16.

REPRODUCTION OF MEDALLION WHICH CITY WILL PRESENT TO ADMIRAL BYRD AS TOKEN OF ESTEEM FOR HIS ANTARCTIC ACHIEVEMENTS.

Mayor Curley has announced the preliminary plans for entertaining and greeting Rear Admiral Richard E. Byrd, upon his arrival in the city on June 16. On that date the Rear Admiral will be the guest of the city.

He will be presented with a magnificent medallion of solid gold, three by four inches in size, suitably engraved. Theodore G. Holcombe, secretary, in the absence of W. Irving Bullard, chairman of the Byrd reception organization committee, yesterday informed the Mayor of the plans.

Following a reception at the Boston Airport, the distinguished explorer will be escorted to Boston Common, where a public reception will be held either at the Parkman Bandstand or on a special grandstand to be erected on the slope in front of the Soldiers' Monument. At night, Rear Admiral Byrd will be the guest of Charlestown's "Night Before," and he there will receive the City of Boston gold medallion.

The organization plans to have at the reception in this city, Mrs. Elizabeth B. Byrd of Winchester, Va., mother of Rear Admiral Byrd; Mrs. Richard E. Byrd of 9 Brimmer street, wife of Rear Admiral Byrd, and Ex-Governor Harry Flood Byrd of Virginia.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, April 7, at 2 p. m.

A regular meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, April 7, 1930, at 6.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAKES CHARGE OF MALFEASANCE IN OFFICE IN CONNECTION WITH BOILER INSTALLATION AT LONG ISLAND.

Mayor Curley, on March 28, received the following letter from Chairman Frank A. Goodwin of the Finance Commission:

BOSTON, March 27, 1930.

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR,—We are herewith submitting the report of our engineer relative to the installation and condition of boilers at the Long Island Hospital, as requested by you.

This report would seem to indicate that you should immediately refer the whole matter to the Corporation Counsel. In the first place it would seem that there was no necessity for installing these expensive boilers. In the second place the peculiar circumstances surrounding the contract, its changes and extensions, would seem to indicate a deliberate malfeasance in office.

The original cost, as shown by the first contract, was to have been \$68,300. The total cost, not including repairs recently made, was \$175,149. Of this amount \$101,149 was for new contracts, let without competition. The net result of the whole proceeding is that the new plant is much inferior to the plant it replaced and the city is \$175,149 poorer.

Very truly yours,

FRANK A. GOODWIN,
Chairman.

TAKES EXCEPTION TO STATEMENT OF FINANCE COMMISSION ON BOILER PLANT INSTALLATION.

Mayor Curley, on March 31, received the following letter from J. P. Dwyer Company, engineers and contractors, 254 Harrison avenue, Boston:

DEAR MR. MAYOR—We have read in the *Boston Post of Sunday, March 30*, the report of the Finance Commission's engineer, Guy C. Emerson, on his investigation of the new boilers at the Power Plant, Long Island, Boston.

His statement that "the contractor installed the heating system in the new nurses' home, and after the radiators had been attached to the ceilings, another contract of \$3,750 was awarded which provided for removing the radiators from the ceilings and placing them on the walls" is incorrect.

The fact is that the "new nurses' home" about which he speaks was not a new building as he infers, but was in the form of an *additional story on the old building and a Lecture Hall*. The radiators he mentions were installed on the ceilings of the basement rooms of the *original building* when it was erected ten or fifteen years ago, and had been the source of trouble through leakage, inefficient heat and sluggish circulation for years, rendering the basement rooms practically useless. We removed the radiators from the ceilings of the *old building* and placed them on the walls, and, since then, all of these rooms have been in use and are heating perfectly. For this we received a contract in the sum of \$3,750, which we understood was the low bid for this work.

The reported statement of Engineer Emerson that "three boilers were removed from use during the coldest part of the winter, and the entire duty of furnishing

light, heat and power placed upon the two new boilers already installed," is also incorrect.

The facts are that with the exception of ten days four of the five boilers were in operating condition while work was in progress, and during these ten days three of the five boilers were operating and are of sufficient capacity to handle the peak load of the plant.

We carried the entire installation through to its final completion, changing the plant from a seven-boiler thirty-year-old plant to a five-boiler new plant, under contract, for which we were the low bidder, and in accordance with plans and specifications prepared by architect and engineers, without a shutdown.

Very truly yours,

J. P. DWYER COMPANY,
JAMES P. DWYER.

SHIP TO SHORE AIR MAIL URGED FOR BOSTON AIRPORT.

Mayor Curley, on March 28, forwarded the following communication to the United States Senators from Massachusetts and the three Boston Congressmen:

MY DEAR SENATOR,—The City of Boston, with private interests already located, have an investment approximating five millions of dollars at the Boston Airport and the indications are that it will shortly be the best airport in the entire United States.

In the administration building recently completed rooms were provided for the handling of United States mail.

Assurances have been received from the French Steamship Lines and the North German Lloyd Line that if a postoffice room may be established at the East Boston Airport, in the administration building, so that a "ship to shore" mail service may be put in operation, both the French Line and the North German Lloyd Line will assign to the Port of Boston some of their larger ships that now make New York as their American port.

Intercession by you with the Postmaster General and a recommendation from him to the local postmaster, to make the necessary arrangements for the establishment of a postoffice at the airport will be of real benefit to the City of Boston.

Trusting that you will give this matter immediate attention, I beg to remain,

Sincerely yours,

JAMES M. CURLEY, *Mayor.*

CHARLES STREET IMPROVEMENT PEN SENT TO HENRY I. HARRIMAN BY MAYOR.

Mayor Curley, on March 31, sent the following letter to Henry I. Harriman, President of the Boston Chamber of Commerce:

DEAR MR. HARRIMAN,—I am forwarding you herewith the pen with which the order for the widening and improvement of Charles street has been signed.

It is a pleasure to be able not only to sign the order but to congratulate you upon being the father of an improvement which should serve as a permanent contribution to the convenience of the public and to the æsthetic development of a most interesting section of Boston.

With every good wish, I am,

Sincerely yours,

JAMES M. CURLEY, *Mayor.*

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Brighton and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Sanderson place, bounded:

Northeasterly by Faneuil street, ten and 2-100 feet; southeasterly by another part of Sanderson place, three hundred and fifty feet; southwesterly by the same, ten feet; and northwesterly by the same, three hundred fifty and 65-100 feet, containing thirty-five hundred and three square feet, more or less.

The sewerage works to be constructed are as follows: 350 linear feet of 10-inch pipe sanitary sewer.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northwesterly and southeasterly sides of Sanderson place, excluding the lots at the corners of Faneuil street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 938, Sewerage Works, Sanderson Place, Brighton, February 25, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

SAFE DRIVING.

Most cities and towns have a long list of "don'ts" but do little to educate the drivers of cars. If one half the time that is used trying to make people do something or not to do something was spent in educating the drivers much better results would be obtained. We need drivers' schools and the city or town that first starts such a school will be doing a real service.

LIST OF GARAGE PETITIONS FOR HEARING BEFORE THE BOARD OF STREET COMMISSIONERS.

Bids close Tuesday, April 15, at 12 m.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Temple terrace, bounded:

Northeasterly by Perham street, ten feet; southwesterly by another part of Temple terrace, two hundred forty-four and 30-100 feet; southwesterly by Temple street, ten feet; and northwesterly by another part of Temple terrace, two hundred forty-four and 30-100 feet, containing twenty-four hundred and forty-three square feet, more or less.

The sewerage works to be constructed are as follows: 200 linear feet of 10-inch pipe sanitary sewer.

Betterments are to be assessed for the making of the aforesaid improvement.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Ordered, That this Board estimates that the abutting lots of land on the northwesterly and southeasterly sides of Temple terrace, excluding the lots at the corners of Perham street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 935, Sewerage Works, Temple Terrace, West Roxbury, February 17, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

RETIREMENT BOARD REPORT.

Boston, March 31, 1930.

To the Auditor.

At a meeting of the Boston Retirement Board, held on Friday, March 14, 1930, the retirement from active service of the following-named members of the Boston Retirement System was approved to become effective at the close of business, March 31, 1930:

PUBLIC BUILDINGS DEPARTMENT.

Joseph Butt, oiler, salary at time of retirement, \$41.50 a week.

PUBLIC WORKS DEPARTMENT.

William Hogan, quartermaster, salary at time of retirement, \$42 a week.

Thomas F. Gillespie, laborer, salary at time of retirement, \$1,560 a year.

John Sullivan, laborer, salary at time of retirement, \$1,560 a year.

Daniel H. Gillespie, supervisor, salary at time of retirement, \$4,000 a year.

Joseph J. Downing, inspector, salary at time of retirement, \$2,100 a year.

James Cassell, watchman, salary at time of retirement, \$1,560 a year.

Patrick Curran, teamster, salary at time of retirement, \$1,560 a year.

Jeremiah F. O'Leary, laborer, salary at time of retirement, \$1,560 a year.

James Bourke, laborer, salary at time of retirement, \$1,560 a year.

Daniel J. Sullivan, pipelayer, salary at time of retirement, \$31.50 a week.

SUFFOLK COUNTY.

Mary O'Shea, cleaner, salary at time of retirement, \$936 a year.

Louis Baker, officer, salary at time of retirement, \$40.50 a week.

SCHOOL DEPARTMENT.

Caroline N. Poole, assistant, salary at time of retirement, \$3,072 a year.

Attest:

WILFRED J. DOYLE,
 Chairman.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon March 29 the Mayor approved a contract with M. Spinelli & Sons for erecting and completing addition and alterations to Margaret Fuller School. Bids, opened March 27, were as follows:

Item 1.—M. S. Kelliher Company, \$64,850; M. Spinelli & Sons, \$65,000; Matthew Cummings & Co., Incorporated, \$65,118; J. A. Singarella, \$70,000; Rugo Construction Company, Incorporated, \$74,435; Banspar Construction Company \$74,900; J. Slotnick Company, \$74,920.

Item 2.—M. S. Kelliher Company, \$67,680; M. Spinelli & Sons, \$67,200; Matthew Cummings & Co., Incorporated, \$68,118; J. A. Singarella, \$74,000; Rugo Construction Company, Incorporated, \$78,000*; Banspar Construction Company, \$80,900; J. Slotnik Company, \$79,420.

* Auditor's copy not signed.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Upon March 28 the Mayor approved a contract with the Bethlehem Shipbuilding Corporation, Ltd., for steel ferryboat. Bids, opened March 25, were as follows:

Bethlehem Shipbuilding Corporation, Ltd., \$346,800; United Dry Docks, Incorporated, \$405,000.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon March 28 the Mayor approved a contract with the C. & R. Construction Company for sewerage works in Medford street, between Causeway street and Washington Street North, city proper. Bids, opened March 25, were as follows:

DeCristofaro Brothers Company, \$6,617.65; Zoppo & Civitarese, \$7,290.37; C. & R. Construction Company, \$7,414.39; A. D. Daddario, \$7,625.33; Cook Construction Company, \$8,463.50; A. Grande, \$8,981.40; M. DeSisto Company, \$9,825.

Upon March 28 the Mayor approved a contract for cleaning catch-basins in the various districts of the city as follows: District 1, D. W. Norton, second bidder, \$1.54 per cubic yard, as the lowest bidder has never done any work for this department; District 2, all bids rejected; will handle this work by day labor forces; District 2A, D. W. Norton, lowest bidder, \$1.78 per cubic yard; District 3, M. Doyle & Co., Incorporated, lowest bidder, \$1.75 per cubic yard; District 4, W. G. C. Company, lowest bidder, \$1.80 per cubic yard; District 7, A. A. R. Doyle, second bidder, \$1.60 per cubic yard, for the reason that the lowest bidder, David W. Norton, has been awarded Districts 1 and 2A. Bids, opened March 24, were as follows:

District No. 1 (8,500 Cubic Yards).—Anthony J. Bond, \$1.45, \$12,325; D. W. Norton, \$1.54, \$13,090; Joseph Capone, \$1.59, \$13,515; Massachusetts Contracting Company, Incorporated, \$1.65, \$14,025; Edward P. Healey, \$1.65, \$14,025; J. F. Kennedy & Co., \$1.65, \$14,025; M. Doyle & Co., Incorporated, \$1.73, \$14,705; W. G. C. Company, \$1.80, \$15,300.

SUPPLY DEPARTMENT.

Upon March 31 the Mayor approved a contract with lowest bidders as indicated for furnishing hay, grain and straw to the various city departments during April, 1930. Bids, opened March 28, were as follows:

LeBaron Foundry Company, 3.5 cents per pound; The Central Foundry Company, 3.2475 cents per pound; Gibby Foundry Company, 3.98 cents per pound; The Waltham Corporation, 2.92 cents per pound; no check deposited with bid.

Upon March 31 the Mayor approved a contract with Edward J. McHugh & Son for furnishing approximately 3,000 yards cinders to the Park Department. Bids, opened March 25, were as follows:

Approximately 3,000 Yards Well-Burned Black Cinders.—Dooley Brothers, Incorporated, \$1.65 per yard; Vincent N. Bellizia Cinder Company, \$1.25 per yard; M. Doyle & Co, Incorporated, \$1.20 per yard; Coleman Brothers, Incorporated, \$1.30 per yard; Edward J. McHugh & Son, \$1.15 per yard.

Cash Discount, Ten Days.—Vincent N. Bellizia Cinder Company, 2 per cent; M. Doyle & Co., Incorporated, 1 per cent; Coleman Brothers, Incorporated, 1 per cent; Edward J. McHugh & Son, 2 per cent.

Upon March 31 the Mayor approved a contract with the New England Bolt Company for furnishing approximately 6,000 wrought-iron manhole steps to the Sewer Division. Bids, opened March 25, were as follows:

Approximately 6,000 Wrought-Iron Manhole Steps.—New England Bolt Company, Incorporated, 32½ cents each; Boston Structural Steel Company, 32½ cents each.

Upon March 31 the Mayor approved a contract with the General Chemical Company for furnishing approximately fifteen tons powdered arsenate of lead to the Park Department. Bids, opened March 27, were as follows:

Approximately 15 Tons Powdered Arsenate of Lead.—Arthur J. McCann, \$224.80 per ton in 20-pound packages; The Grasselli Chemical Company, Incorporated, \$244 per ton, in 20-pound packages; Bowker Chemical Company, \$246.60 per ton, in 20-pound packages; The Sherwin-Williams Company, \$234.80 per ton, twelve 4-pound bags to case; Pittsburgh Plate Glass Company, Corona Chemical Division, \$230 per ton, in 20-pound packages; General Chemical Company, \$218 per ton, in 20-pound packages; The Dow Chemical Company, 12 cents a pound, in 100-pound drums, in 5-pound, 4-pound or 3-pound bags.

Cash Discount.—The Grasselli Chemical Company, Incorporated, 2 per cent, 15 days; Bowker Chemical Company, 2 per cent, 10 days; Pittsburgh Plate Glass Company, 1 per cent, 10 days; General Chemical Company, 2 per cent, 10 days; The Dow Chemical Company, 2 per cent, 10 days, bid irregular; submitted on their letter form.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Suffolk Construction Company have been allowed the following changes in the contract for various school shelters: Add for 11 cubic yards of rock excavation at \$12, \$132. Deduct for 11 cubic yards of earth excavation at \$2.50, \$27.50. Net addition, \$104.50.

The above work is in conjunction with shelter erected at the Hull School per Civil Engineer Patterson's letter of March 22, 1930, and the amount of \$104.50 will be added therefor, making the account as follows: Contract price, \$8,650; total additions, \$104.50; total deductions, \$1,000; amount of contract, \$7,754.50.

Rugo Construction Company, Incorporated, have been ordered to furnish and install a standard elementary science demonstration table in Room 110, complete with water, air, gas, electricity and plumbing drainage, in the Brighton High School, as per Architect's letter of March 24, 1930, and the amount of \$842.72 will be added therefor, making the account as follows: Contract price, \$1,255,000; total additions, \$53,375.05; total deductions, \$83,600; amount of contract, \$1,224,775.05.

Suffolk Construction Company have been allowed to deduct for allowance for grading and paving at various schools as per Civil Engineer Patterson's letter of March 18, 1930, and the amount of \$1,000 will be deducted therefor, making the account as follows: Contract price, \$8,650; total deductions, \$1,000; amount of contract, \$7,650.

Frank Imhof Company have been allowed the following for changes in the contract for the Prince District School, in laying of Akron drain and cork asphalt pavement, by laying drain on a mud sill, excavating, and filling with one foot of steam cinders, rolling both subgrade and cinders, to make a firm bed and provide drainage under the cork asphalt pavement, \$5,705; grading work, furnishing loam, spreading, rolling, seeding and watering same, \$2,756. Total, \$8,461, per Architect's letter of October 29, 1929, and the amount of \$8,461 will be added therefor, making the account as follows: Contract price, \$185,000; total additions, \$12,171; total deductions, \$6,643; amount of contract, \$190,528.

Frank Imhof Company have been allowed to deduct from the contract for the Thomas J. Kenny School, Addition, for allowance for finish hardware, per architect's letter of March 25, 1930, and the amount of \$1,200 will be deducted therefor, making the account as follows: Contract price, \$95,000; total deductions, \$1,200; amount of contract, \$93,800.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

BOSTON CITIZENS PATRONIZE FORSYTH DENTAL INFIRMARY — MAYOR CURLEY THANKED FOR CITY'S COOPERATION.

Mayor Curley, on April 2, made the following statement:

A conference was held at the office of the Mayor today, at which were present Dr. Percy R. Howe, Director of Forsyth Dental Infirmary; Dr. Charles F. Wilinsky, Director of Health Units for City of Boston; and Dr. William H. Griffin, Director of Dental Clinics, George Robert White Fund Health Units.

The Director of the Forsyth Infirmary expressed his appreciation for the co-operation that the city was extending his institution which, he stated, had a larger number of applicants for treatment during the past three months than in any three months' period in the history of the institution.

Some idea may be obtained as to the character of service now being rendered the entire community, but very particularly the children, through the instrumentality of the health units in the matter of dental service, by the following figures which show the total number receiving dental treatment at the health units throughout the city for the month of March:

West End Unit,	1,020
North End Unit,	1,106
South End Unit,	875
East Boston Unit,	1,039
South Boston Unit,	1,223
Roxbury Unit,	956
Charlestown Unit,	1,158
Grand total, patients,	<u>7,371</u>

This figure for the month of March, 7,371, represents an increase over March of 1929 of 110 per cent and conveys, in some measure, the story of the service now possible through cooperation of health and dental agencies in the city.

The dentists now conducting dental clinics at the George Robert White Fund Health Units are detailed to this work from the Forsyth Dental Infirmary, under the direction of Doctor Howe, and it is a character of service that is unique in the matter of municipal function in American cities in that it brings the dentist directly to the congested centers of the city where opportunity is offered for contact without inconvenience between the dentist and the patient.

PATIENTS TREATED AT DENTAL CLINICS OF HEALTH UNITS, MARCH, 1930.

West End Unit,	1,020
North End Unit,	1,106
South End Unit,	875
East Boston Unit,	1,039
South Boston Unit,	1,223
Roxbury Unit,	956
Charlestown Unit,	1,152
Total patients,	<u>7,371</u>

Total patients, January, 1930,	4,053
Total patients, February, 1930,	5,439
Total patients, March, 1930,	7,371
Total patients treated March, 1929,	3,503
Total patients treated March, 1930,	7,371

Increase over last year,
1929, 5 clinics.
1930, 7 clinics.

Increase of patients at the five units functioning last year, 50 per cent.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, supposed to belong to Lillian Boynton, bounded:

Southwesterly by Rockland street, ten and 4-100 feet; northwesterly by other land supposed to belong to said Boynton, by two measurements, one hundred fifty-three and 46-100 feet and 42-100 feet; northeasterly by land hereinafter described as taken from West Roxbury Lieder Kranz, ten and 1-100 feet; and southeasterly by land supposed to belong to West Roxbury Lieder Kranz, one

hundred fifty-four and 42-100 feet, containing fifteen hundred and forty-one square feet, more or less.

A parcel of land, supposed to belong to West Roxbury Lieder Kranz, bounded:

Southwesterly by land hereinbefore described as taken from Lillian Boynton, ten and 1-100 feet; northwesterly by other land supposed to belong to West Roxbury Lieder Kranz, one hundred six and 40-100 feet; northeasterly by Birchwood street, ten feet; and southeasterly by other land supposed to belong to West Roxbury Lieder Kranz, one hundred seven and 14-100 feet, containing ten hundred and sixty-eight square feet, more or less. The aforesaid taking is a part of a parcel of land registered in the Land Court, Registered Title Certificate No. 6217, Book 27, page 17.

The sewerage works to be constructed are as follows: 260 linear feet of 10-inch pipe sanitary sewer and 260 linear feet of 2-foot by 2-foot 8-inch concrete conduit in the above described premises, being private land between Rockland street and Birchwood street.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that the undermentioned estates sustain damages by the taking of an easement for sewerage purposes and the construction of sewerage works therein, in private land between Birchwood street and Rockland street, West Roxbury district, under the order of the Board, in the amounts hereinafter respectively set against them and awards said amounts therefor.

West Roxbury Lieder Kranz, 1,068 square feet.....	\$106 80
Lillian Boynton, 1,541 square feet.....	154 10

UPHOLDS MAYOR IN "SHOT HEARD AROUND THE WORLD" STATEMENT AS CORRECT.

Mayor Curley, on March 31, received the following communication from Rev. Lucius R. Paige, of 120 Elm street, North Cambridge:

MY DEAR AND HONORABLE SIR,—Anent your wonderfully gracious and well written welcome to Boston, and as a descendant of one who carried the flag at Concord Bridge, in '75, let me say that you are *right*, and the Concord Post is also right.

The reason the Concord shot was heard the *farthest* was that *we*, taking the luster from our ancestors in whose glory we bask, *stopped "em"* there at the bridge; Lexington let "em" go by.

With cordial appreciation of your good work,

Sincerely yours,
LUCIUS R. PAIGE.

Other communications upholding the Mayor were as follows:

Mayor Curley, on March 29, received the following letter from Harold B. Lamont, chairman, Lexington Tercentenary Committee, 20 Winthrop road, Lexington, Mass.:

DEAR SIR,—The people of Lexington were glad to see that the Mayor of Boston is a keen student of local history.

It has been said among us that the people of Lexington were ready for battle in 1775 and ever since.

We doubt whether you need any reinforcements in the stand that you have taken that the Revolutionary War began on the Battle Green at Lexington, but if you do, do not hesitate to call on me and sufficient and convincing proof will be submitted on short notice.

I might add, however, that this argument over Lexington and Concord is nothing new and by mutual consent of Lexington and Concord it was allowed to sleep a number of years ago as the only results obtained were anything but constructive.

Yours very truly,

HAROLD D. LAMONT, Chairman,
Lexington Tercentenary Committee.

Mayor Curley, on March 29, received the following communication from R. W. Wagner of the R. W. Wagner Company, 73 Tremont street, Boston, distributors of the Commonwealth History of Massachusetts:

DEAR SIR,—In Chapter XIX., Volume Three, of the Commonwealth History of Massachusetts, pages 569 and 570, you will probably find that your contention is correct. This chapter is entitled "The Nineteen of April 1775" by Allen French of Concord, Antiquarian Society.

Very truly yours,

R. W. WAGNER COMPANY,
per R. W. WAGNER.

MORE THAN 1,000 CITIES HAVE MUNICIPAL AIRPORTS.

The Department of Commerce reports that more than 1,000 cities in the United States now have municipal airports, or plan to construct them in the immediate future.

A few days ago the department announced the names of forty-one additional cities in which airports are planned, including Skagway, Alaska. When the Skagway airport is constructed, it will bring Alaska's airports and intermediate landing fields to more than fifty.

ASSESSMENT OF BETTERMENTS BY BOARD OF STREET COM- MISSIONERS.

The widening, relocation and construction of Ashland street (now Cummins Highway), West Roxbury, from Hyde Park avenue to Washington street, and from junction of Wood avenue and Harvard street to Wilnot street. The widening, relocation and construction of Oakland street, Dorchester (now Cummins Highway), from Richmond road to junction of said Wood avenue and Harvard street.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to widen Charles street, city proper, between Silver place and Nashua street, with department forces, without advertising, the estimated cost for labor and material being \$1,000.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Jennett avenue, bounded:

Northeasterly by Potomac street, ten feet; southeasterly by another part of Jennett avenue, one hundred ninety-two and 28-100 feet; southwesterly by La Grange street, ten feet; and northwesterly by another part of Jennett avenue, one hundred ninety-two and 29-100 feet, containing nineteen hundred and twenty-two square feet, more or less.

The sewerage works to be constructed are as follows: 225 linear feet of 10-inch pipe sanitary sewer.

Betterments are to be assessed for the making of the aforesaid improvement.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Ordered, That this Board estimates that the abutting lot of land on the southeasterly side of Jennett avenue, beginning at a point approximately one hundred and two feet northeast of La Grange street and extending northeasterly for a distance of approximately forty feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; said lot to the amount hereinafter mentioned; said lot and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 934, Sewerage Works, Jennett Avenue, West Roxbury, February 20, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LOCATION OF STREET.

The Mayor has approved the following vote of the Board of Street Commissioners:

That the location, direction, width and grade of the private way, in the Brighton district, designated as an extension of Undine road to Lake street, as shown on a plan approved in writing by the Board of Street Commissioners and on file in the office of the Street Laying-Out Department, be, and the same hereby are, approved.

REVISED BETTERMENTS ASSESSED.

The Mayor has approved the following rates of the Board of Street Commissioners: That in the matter of the several petitions now pending in Suffolk Superior Court for determination of betterment assessments levied December 31, 1927, for the improvement of Dock square, Faneuil Hall square and adjacent streets, after consultation with the Law Department, and on its advice, the Board agrees to revise said assessments in accordance with a schedule of such revisions submitted by the Law Department and incorporated in this order and to abate from the original assessments made in the aforementioned cases the excesses of the same over and above the amounts determined by this order of revision as the revised assessments in said cases; that the Corporation Counsel be authorized to agree to judgment in said cases on the terms herein stated.

LAND-TAKING IN BOSTON PROPER.

The widening of the southerly side of the Board of Street Commissioners for the taking of land for a public improvement consisting of:

The widening of the southerly side of Allston street, Boston proper district, as a highway, from the passageway between properties numbered 18 and 22 on said street, for a distance of approximately sixty-two feet easterly, said widening being of a maximum depth of about one foot and containing thirty square feet, more or less.

The widening of the westerly side of Somerset street, Boston proper district, as a highway, for a distance of approximately seventy-two feet southerly from the present southerly line of Allston street, said widening being of a maximum depth of one and 28-100 feet and containing forty-five square feet, more or less.

The discontinuance of a part of the southerly side of Allston street, Boston proper district, as a highway, for a distance of approximately forty-nine feet westerly from said Somerset street, said portion of Allston street containing seventy-five square feet, more or less; substantially as shown on a plan in the office of this Board, that it intends to pass orders for making said improvements, and that it appoints 11 o'clock a. m., of February 20, 1930, and the office of this Board as the time and place for public hearings in the matters.

A true copy of an order passed by said Board on said day.

Attest:

JOSEPH F. SULLIVAN,
Secretary.

Ordered, That this Board, having passed the order of notice relating to the public improvements hereinafter described, and having caused a copy of said order to be published February 7, 8, 10 and 11, 1930, in the Boston Post and the Boston Transcript, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience so requires, does hereby order the making, in said city, of the public improvements, shown on a plan, marked "City of Boston, Somerset Street, Allston Street, Boston Proper, February 6, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," deposited in the office of the Street Laying-Out Department of said city, and named, bounded and described as follows:

The highway named Allston street is hereby widened on the southerly side, from the passageway between properties numbered 18 and 22 on said street for a distance of approximately sixty-two feet easterly.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

Northerly by the southerly line of said Allston street as it existed previous to this widening, by two measurements, twenty-four and 12-100 feet and thirty-seven and 48-100 feet; and southerly by the southerly line of Allston street as hereby widened, sixty-one and 57-100 feet, containing thirty square feet, more or less.

The highway named Somerset street is hereby widened on the westerly side, for a distance of approximately seventy-two feet southerly from the present southerly line of Allston street.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

Easterly by the westerly line of said Somerset street as it existed previous to this widening, by two measurements, forty-two and 95-100 feet and twenty-eight and 40-100 feet; and westerly by the westerly line of said Somerset street as hereby widened, seventy-one and 30-100 feet, containing forty-five square feet, more or less.

A part of the highway named Allston street is hereby discontinued for a distance of approximately forty-nine feet westerly from Somerset street, on the southerly side.

Said part of said highway as hereby discontinued is bounded:

Easterly by the westerly line of Somerset street as it existed previous to this discontinuance, three and 13-100 feet; southerly by the southerly line of said Allston street as it existed previous to this discontinuance, forty-eight and 3-100 feet, and northerly by the southerly line of Allston street as hereby established, forty-eight and 23-100 feet, containing seventy-five square feet, more or less.

No betterments are to be assessed for the making of the aforesaid improvements.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvements, consisting of the widening of the southerly side of Allston street, Boston proper district, as a highway, from the passageway between properties numbered 18 and 22 on said street, for a distance of approximately sixty-two feet easterly; the widening of the westerly side of Somerset street, Boston proper district, as a highway, for a distance of approximately seventy-two feet southerly from the present southerly line of Allston street; and the discontinuance of a part of the southerly side of Allston street, Boston proper district, as a highway, for a distance of approximately forty-nine feet westerly from said Somerset street, under the order of the Board and awards no damages therefor.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

SUPERVISOR, BOSTON PARK DEPARTMENT,
APRIL 15, 1930.

Salary: \$2,300 a year. This position is for supervisor of care and registration of veterans' graves.

FIRE DEPARTMENT ORDERS.

General Order No. 31.

I. RETIREMENT.

The following retirement is hereby announced, to take effect at 8 a. m., Friday, April 18, 1930:

John J. Whalen, Engine Company 53.

Hoseman Whalen was appointed to this department February 26, 1904. He leaves the department with the best wishes of his associates.

II. COMMENDATIONS.

The Fire Commissioner is in receipt of the following letter from R. H. White Company, which he is pleased to publish for the information of the department:

March 29, 1930.

MR. EDWARD F. McLAUGHLIN, Fire Commissioner.

DEAR MR. McLAUGHLIN,—During the fire which recently occurred in the Jefferson Building we noted with admiration the very good work and excellent efficiency of your men. We have no doubt that but for the expert manner in which your force conducted themselves a very serious situation would have developed.

As an expression of our admiration for their work on this occasion, we would like to make a donation to the Firemen's Relief Fund, and we are inclosing a check for \$250.

Yours sincerely,

M. R. MACCURDY,
Vice President.

This check has been turned over to the treasurer of the Boston Firemen's Relief Fund.

The Fire Commissioner has received a contribution of \$5 from the Blue Hill Coal Company, 1072 Blue Hill avenue, Dorchester, in appreciation of the services rendered by the members of this department at the fire at 24 Ralston road, March 22, 1930. This donation been turned over to the treasurer of the Boston Firemen's Relief Fund.

Aide to the Chief of Department Joseph A. Hayner is hereby commended for the prompt action taken by him on Saturday, March 29, 1930, when he assisted in the capture of an alleged pickpocket at the Northampton Street Station of the Boston Elevated Railway Company.

Aide to the Chief Hayner is granted one week's additional vacation and the case is referred to the Board of Merit for further investigation.

From an investigation of the facts it appears that Aide to the Chief Hayner saw a man take something from the pocket of another passenger on the Boston Elevated. The train stopped at Northampton street and the alleged pickpocket started to leave the car. Aide to the Chief Hayner seized the man and was compelled to use force in subduing him. He was assisted by the station guard and turned over to Patrolman Thomas Boland of Station 5. The alleged pickpocket was brought to Police Headquarters where he was identified because of previous record.

Hoseman William T. Pero of Engine Company 49 is hereby commended for responding to and working at fire, Box 3851, March 27, 1930, while off duty.

Ladderman James A. McGonigle of Ladder Company 12 is hereby commended for responding to and working at fire, Box 2213, March 27, 1930, while off duty.

By order of Fire Commissioner Edward F. McLaughlin.

DANIEL F. SENNOTT,
Chief of Department.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 24-inch pipe in West Roxbury Parkway (west side), between Brookline line and 361 feet southerly (near Ledyard road), in the West Roxbury district, at an estimated cost of \$3,600.

A sanitary sewer of 24-inch pipe in Parkvale road, between 35 feet south of Ledyard road and 365 feet southerly, in the West Roxbury district, at an estimated cost of \$3,900.

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch and 15-inch pipe in Prospect street, between Oakmere street and Caledonian avenue, and in Caledonian avenue, between Prospect and Hamilton streets, in the West Roxbury district, at an estimated cost of \$9,000.

A sanitary sewer of 2 foot by 3 foot concrete in Medford street, between Causeway street and Washington street, in the city proper district, at an estimated cost of \$10,433.

TRAFFIC COMMISSION RULINGS.

Voted, That for reasons of public safety and convenience the street traffic regulations and rules for driving adopted by the Board of Street Commissioners December 10, 1908, as amended and adopted by the Boston Traffic Commission June 7, 1929, are amended as follows, effective March 29, 1930:

That Section 18, part 3, is amended by adding the following:

Washington Street:

North side from Henshaw street to Wirt street.

Voted, That for reasons of public safety and convenience during the period of roadway resurfacing, vehicles are excluded from Beacon street, between Somerset street and Tremont street, on March 30, 1930, from 7 a. m. to 7 p. m.

Voted, That for reasons of public safety and convenience during the period of roadway resurfacing, vehicles are excluded from Austin street, between Thompson square and Lawrence street, for a period of three (3) days, effective March 31, 1930.

Voted, That for reasons of public safety and convenience Cambridge street is one way, from Union square to Harvard avenue, during the period of water pipe construction, estimated to be two (2) weeks, effective March 31, 1930.

Voted, That for reasons of public safety and convenience during the period of roadway resurfacing, estimated to be three (3) days, Purchase street is one-way from Congress street to Federal street, effective April 2, 1930.

BUILDING PERMITS ISSUED MARCH 27 TO APRIL 2.

CHICAGO TRAFFIC POLICE IN YEAR-LONG DRIVE.

Chicago traffic experts have promised a 50 per cent decrease in deaths from motor-car accidents, as a result of a week-by-week drive now in operation by Commissioner Russell of the Police Department to enforce the city traffic code. The drive, an outgrowth of the National Safety Congress and Chicago Safety Week recently held in Chicago, is expected to prove a valuable educational feature for drivers, pedestrians and policemen.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

CHANGING STREET NAMES.

Alteration in the names of streets seems to be on the increase in the United States. In most cases the reasons for it are inadequate, while changes that would actually make for clearness remain unmade. The reason for change would usually seem to be general patriotism, national or local, as where the name of some prominent person is given to a street. During the war German names were largely discarded, as where Berlin avenue in St. Louis became Pershing avenue. In the height of President Wilson's popularity abroad, Wilson avenues sprang up all over the allied countries. Later, disappointment or dissatisfaction caused many of these to be changed again.

THE METROPOLITAN DISTRICT.

With its 40 Municipalities.

Consists in the most inclusive sense of forty municipalities, including Boston, or fourteen cities and twenty-six towns, all within fifteen miles of the State House but not yet consolidated in one complete governmental system. The seven cities in the first zone, i. e., adjacent to Boston, are these, viz., Cambridge, Chelsea, Everett, Newton, Quincy, Revere and Somerville; the six cities in the second zone, not adjacent, are Lynn, Malden, Medford, Melrose, Waltham and Woburn. The six adjacent towns are Brookline, Dedham, Milton, Needham, Watertown and Winthrop; the twenty other towns are Arlington, Belmont, Braintree, Canton, Cohasset, Dover, Hingham, Hull, Lexington, Nahant, Reading, Saugus, Stoneham, Swampscott, Wakefield, Wellesley, Weston, Westwood, Weymouth and Winchester. North and northwest of Boston are situated eleven of the cities and twelve of the towns; south and southwest, two cities and fourteen towns.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

SUPERVISOR OF MOTOR TRANSPORTATION, BOSTON PUBLIC WORKS DEPARTMENT, APRIL 18, 1930.

Salary: \$2,300 a year.

Duties: To keep a check on operation of all city cars as to mileage, gas, oil, tires, repairs, etc.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

VETERINARY INSPECTOR, BOSTON HEALTH DEPARTMENT, APRIL 22, 1930.

Requisition is for a male, but the examination is open to both males and females.

Salary: \$2,000 a year.

Duties: Applicants should have knowledge of the laws relating to the control and eradication of contagious diseases in domestic animals; the methods and reasons for quarantining, transportation and the various compensations permitted; the methods of detection of glanders and its eradication, and the post-mortem lesions of glanders in horses; the proper methods of feeding and stabling and care of cattle, and knowledge of the tuberculin test and the value of reactions; the diagnosis, prevention, methods and periods of quarantine of animals for rabies; the diseases of swine and poultry, etc.

Applicants must be registered graduate veterinarians.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners, as to their physical fitness for the position.

AUTOMOBILE FATALITIES.

Automobile fatalities for the months of January and February of this year, as compared with last year, decreased considerably in the cities and increased considerably in the towns and country, as indicated by the Nation-wide reports received by the National Safety Council.

These reports show that the cities had six per cent fewer automobile deaths this year than last year; 61 of the 90 cities that reported showed declines, or no changes at all, as compared with a year ago. But the state-wide reports received during the same period showed an increase of 11 per cent in fatal automobile accidents. In the total, there were an estimated 4,240 motor vehicle deaths during January and February of this year, as compared with 4,220 such fatalities during the same two months of last year.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

Nurses, May 10, 1930.

The examination will include school nurses (excluding Boston school nurses), health nurses, visiting nurses, etc., and will be held for the service of all cities and of such towns in the state as are classified under civil service.

Applicants must be registered under the State Board of Registration of Nurses.

Subjects and weights: Training and experience, 6; the mark on file with the Board of Registration, 4; practical questions, 5; personality and fitness as determined by an oral interview, 5; total, 20.

Requirements: At least 65 per cent in registration mark, and at least 70 per cent in the other subjects and in general average in order to become eligible.

Physical fitness to be determined by physical examination.

PILOTS — THEIR WHEREABOUTS AND NUMBER.

The West still leads the East in piloting activities. A recent tabulation by states puts California in the lead with 633 licensed aviators; New York second with 347. Ten states had 2,343 of the 3,659 pilots holding active licenses. The remainder was divided among the other states and territories. Here is the record: California, 633; New York, 347; Illinois, 216; Michigan, 194; Pennsylvania, 180; Ohio, 180; Texas, 176; District of Columbia, 162; Missouri, 150; Virginia, 105.

METHODS OF THAWING OUT FROZEN HYDRANTS.

A study of the methods used for thawing out frozen hydrants was recently made by the New York State Bureau of Municipal Information. According to reports, twenty-five municipalities use steam for this purpose, ten use electricity, seven use a commercial hydrant-thawing device, and five use salt, carbide or other materials. Two municipalities use alcohol in the hydrants to prevent freezing, and fourteen reported that they never experienced any difficulty with the freezing hydrants.

STIMULATING WISE MUNICIPAL CONSTRUCTION.

The American people are initiating one of the most important governmental experiments ever tried on any considerable scale. For many years there have been suggestions that public projects could be made to constitute an important element of stabilization in times of economic depression. At the instance of President Hoover the states and cities of the country are about to cooperate with the Federal Government to prevent the stock market depression from spreading into business generally.

WORK OF DAIRY DIVISION OF HEALTH DEPARTMENT FOR FEBRUARY.

Total services	2,159
Dairies inspected	200
Scoring above 50	134
Scoring below	66
With milk rooms	174
Without milk rooms	26
Inactive	3
Total cattle inspected	3,512

THOMAS J. HURLEY,
JOHN J. O'CALLAGHAN,
CHARLES F. BOGAN,
Street Commissioners.

Approved, March 31, 1930.

JAMES M. CURLEY,
Mayor of Boston.

OPPOSES REMOVAL OF EDWARD EVERETT STATUE TO NEW SITE.

Mayor Curley, on March 28, received the following letter from Chairman J. Harleston Parker of the Art Commission of the City of Boston:

DEAR MR. MAYOR,—Complying with your request, members of the Art Commission in company with Mr. Long of the Park Department, examined the site proposed for the removal of the Edward Everett Statue, namely the site of the First Dorchester Schoolhouse. We have come to the conclusion that this site is inadequate and should not be considered on account of its surroundings and background.

Referring to the general question of the removal of the Edward Everett Statue, the commission sees no æsthetic or sentimental reasons for its removal

from the square which bears its name. At the time this statue was placed in its present location, the various authorities were consulted and their general approval obtained. Also some years ago this question was thoroughly investigated from all points of view, the Police Department, Boston Elevated and the Uphams Corner Improvement Association taking part in the discussion.

If it can be shown conclusively that the statue is a serious menace to traffic and that the safety of the public absolutely necessitates its removal, this commission will gladly cooperate in endeavoring to find a suitable site for it. Should it be removed from the square which bears its name, it seems to us that its location in the neighborhood is not obligatory unless an excellent site can be found, but it might be placed in any part of the city where it would enhance the appearance of the surroundings.

With assurance of our cooperation in the solution of this difficult question, we remain,

Yours very truly,

J. HARLESTON PARKER,
Chairman.

PREDICTS VICTORY FOR DEMOCRATS IN STATE ELECTION IN FALL.

Mayor Curley, on March 31, addressed the following communication to Chairman Lawler of the State Democratic Committee:

CHAIRMAN HENRY E. LAWLER, Democratic City Committee, Hotel Statler, Boston.

MY DEAR MR. CHAIRMAN,—I regret exceedingly my inability to be present at the great Democratic gathering held under the auspices of the Boston Democratic City Committee this night.

The same intelligent vision and unselfish, energetic work which made possible the placing of Massachusetts in the Democratic column for the great Governor of New York State in 1928 gives promise of repetition for the entire state ticket this year. The victory of 1928 is truly remarkable in view of the absence of a genuine economic issue in that campaign and can be traced solely to the work of organization, to the success of which the liberal women and men of Massachusetts contributed time, energy and money.

The prospect for success in the state campaign this year, due to the four B's, namely, Borah, Brookhart, bread and beer, is assured, provided that every person eligible for listing is listed, and that later every person listed and eligible to vote is registered, and the voters so registered can be induced to go to the polls at the election and exercise their franchise.

The Republican Party in the campaign of 1930, regardless of what may take place during the remainder of the year, will be upon the defensive from the start and with an electorate as intelligent as that which is to be found in Massachusetts they will be confronted with the impossible task of endeavoring to disclaim responsibility for industrial unrest and industrial depression, for which they alone are responsible.

With harmony in the ranks, and organization as a watchword, Massachusetts can be safely counted in the Democratic column.

Sincerely,

JAMES M. CURLEY,
Mayor of Boston.

CONTRACT FOR MILK AWARDED.

Mayor Curley, on March 29, awarded a contract for furnishing milk and cream to the Boston City Hospital, the Boston Sanatorium and the Long Island Hospital, for a period of six months from April 1, to the Turner Centre System, Incorporated, the bids being as follows:

FOR CITY HOSPITAL.	
United Farmers' Cooperative Creamery Association,	\$46,215 54
Turner Centre System, Incorporated,	47,411 46
H. P. Hood & Sons, Incorporated,	49,989 08
Whiting Milk Companies,	50,071 72
Herlihy Brothers, Incorporated,	51,054 35

FOR SANATORIUM DIVISION.	
United Farmers' Cooperative Creamery Association,	11,458 00
Turner Centre System, Incorporated,	11,802 48
E. Weiler & Sons,	11,919 01
H. P. Hood & Sons, Incorporated,	12,273 81
Joseph L. Griffin,	12,322 78
Whiting Milk Companies,	12,493 41
Herlihy Brothers, Incorporated,	12,570 27
Martin S. Cosgrove,	13,144 89

FOR LONG ISLAND HOSPITAL.	
United Farmers' Cooperative Creamery Association,	\$10,628 64
Turner Centre System, Incorporated,	10,991 53
Herlihy Brothers, Incorporated,	11,367 96
H. P. Hood & Sons, Incorporated,	11,442 54
Whiting Milk Companies,	11,855 66

Contract has been awarded to the Turner Centre System, Incorporated, which is a branch of the H. P. Hood & Sons, Incorporated, and which represents real estate values in Boston of \$1,132,200 as against \$78,100 on the United Farmers' Cooperative Creamery Association. The deliveries and product of the Turner Centre System in the past have been found eminently satisfactory and under the circumstances the award is made to the Turner Centre System.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

SOCIAL WORKER, BOSTON CITY HOSPITAL, APRIL 15, 1930.

Requisition is for a female, but the examination is open to both males and females.

The requirement of six months' domicile in Boston is waived.

Salary: \$1,200 a year.

Age limits: Applicants must be not less than twenty-one nor more than forty-five years of age at the time of filing application.

A certificate of date of birth must be filed with the application.

Applicants must have a good general knowledge of modern social case work and be able to understand the social implications and after care treatment of diseases most frequently met with in connection with a large city hospital. They should also be able to write accurate social case histories and compile accurate statistical data on their case work.

Applicants must have education equivalent to four years in a standard high school, or preferably college education, and at least one year's training or one year's experience in social case work with a recognized agency.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners, as to their physical fitness for the position.

LAND TAKING IN CITY PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for public improvements consisting of the laying out and construction of the following public ways:

The laying out and construction of a vehicular circle at the westerly end of Cambridge street, Boston proper district, including the widening and reconstruction of portions of Cambridge street, Charles street, Embankment road and the approach to the Longfellow Bridge and including the laying out and construction of a street passing under the Longfellow Bridge and connecting Charles street north of this bridge with Embankment road south of said bridge;

The laying out and construction of a vehicular circle at the easterly end of the Charles river dam and the widening and reconstruction of portions of Charles street, Leverett street, Nashua street and the approach to said dam that may be deemed necessary and desirable;

The widening and reconstruction of Charles street, between the Charles river dam and Longfellow Bridge; said widening to be made on the Charlesbank side of said street; substantially as shown on plans in the office of this Board, that it intends to pass orders for making said improvements, and that it appoints 11 o'clock a. m., of February 27, 1930, and the office of this Board as the time and place for a public hearing in the matters.

A true copy of an order passed by said Board on said day.

Attest:

JOSEPH F. SULLIVAN,
Secretary.

Ordered, That this Board, having passed the order of notice relating to the public improvements hereinafter described, and having caused a copy of said order to be published February 14, 15, 17 and 18, 1930, in the *Boston Post* and the *Boston Transcript*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience so requires, does hereby order the making, in said city of the public improvements, shown on a plan, marked "City of Boston, Charles Street, Boston Proper, February 26, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," deposited in the office of the Street Laying-Out Department of said city, and named, bounded and described as follows:

The highway named Charles street is hereby widened, relocated and ordered constructed, between Silver place and Nashua street; and traffic circles ordered constructed at Cambridge and Leverett streets; all as shown on the aforesaid plan.

WIDENING OF CHARLES STREET, AND TRAFFIC CIRCLE AT CAMBRIDGE STREET.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described lands exclusive of trees or structures standing upon or affixed thereto:

A parcel of land supposed to belong to the City of Boston (Suffolk County Jail) situated on the easterly side of Charles street at the corner of Cambridge Street avenue, bounded:

Westerly by Charles street, as it existed at the time of the passage of this order, by two measurements, one and 64-100 feet and one hundred and thirty-five feet; easterly and northeasterly by the easterly and northeasterly lines of Charles street as widened and relocated under this order, by two measurements, ninety-six and 35-100 feet on a curve of one hundred feet radius and eighty-eight and 49-100 feet; and southerly by the way known as Cambridge Street avenue as it existed at the time of the passage of this order, one hundred fifteen and 33-100 feet, containing approximately fifty-two hundred and eighty-eight square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Cambridge Street avenue, bounded:

Westerly by Charles street as it existed at the time of the passage of this order, twelve and 19-100 feet; northerly by land hereinafter described as taken from the City of Boston, one hundred fifteen and 33-100 feet; easterly by another part of said Cambridge Street avenue, twenty and 3-100 feet; and southerly by land hereinafter described as taken from Governors of St. Francis Xavier College, Antigonish, Nova Scotia, trustees, and from Henry M. Williams and Elliott Henderson, trustees, by two measurements, twenty-eight and 20-100 feet and one hundred one and 3-100 feet, containing fourteen hundred and sixty-seven square feet, more or less.

A parcel of land, supposed to belong to Henry M. Williams and Elliott Henderson, trustees, bounded:

Westerly by Charles street as said street existed at the time of the passage of this order, seventy and 83-100 feet; northerly by land hereinafter described as taken from owners unknown (Cambridge Street avenue) one hundred one and 3-100 feet; easterly by land hereinafter described as taken from Governors of St. Francis Xavier College, Antigonish, Nova Scotia, trustees, sixty-eight and 28-100 feet; and southerly by Cambridge street as said street existed at the time of the passage of this order, eighty-nine and 65-100 feet, containing approximately sixty-five hundred and eighty-three square feet, more or less.

A parcel of land, supposed to belong to Governors of St. Francis Xavier College, Antigonish, Nova Scotia, trustees, bounded:

Westerly by land hereinafter described as taken from Henry M. Williams and Elliott Henderson, trustees, sixty-eight and 29-100 feet; northerly by land hereinafter described as taken from owners unknown (Cambridge Street avenue), twenty-eight and 20-100 feet; northeasterly by the northeasterly line of Charles street as widened and relocated under this order, sixty-four and 20-100 feet; southeasterly by land hereinafter described as taken from George B. Dewson, trustee under will of John L. Roberts, twenty-eight and 59-100 feet; and southerly by Cambridge street as it existed at the time of the passage of this order, seventy-nine feet, containing approximately forty-three hundred and sixty-nine square feet, more or less.

A parcel of land, supposed to belong to George B. Dewson, trustee under will of John L. Roberts, bounded:

Westerly by land hereinafter described as taken from Governors of St.

Francis Xavier College, Antigonish, Nova Scotia, trustee, twenty-eight and 59-100 feet; northeasterly by the northeasterly line of Charles street as widened and relocated under this order, six and 37-100 feet; southeasterly by land hereinafter described as taken from Joseph Goodman, City of Boston T. T., twenty-four and 73-100 feet; and southerly by Cambridge street as it existed at the time of the passage of this order, five feet, containing one hundred and thirty-three square feet, more or less.

A parcel of land supposed to belong to Joseph Goodman, City of Boston T. T., bounded:

Westerly by land hereinafter described as taken from Dewson, trustee, twenty-four and 73-100 feet; northeasterly by the northeasterly line of Charles street as widened and relocated under this order, by two measurements, thirty and 44-100 feet and nineteen and 27-100 feet on a curve of twenty-nine and 29-100 feet radius; and southerly by Cambridge street as it existed at the time of the passage of this order, forty-two feet, containing four hundred and seven square feet, more or less.

A parcel of land, supposed to belong to Massachusetts Charitable Eye and Ear Infirmary, bounded:

Northerly by Embankment road as it existed at the time of the passage of this order, by three measurements, fifty-two and 40-100 feet, thirty-seven and 70-100 feet on a curve of one hundred and eighty feet radius and twenty and 49-100 feet; easterly by Charles street as it existed at the time of the passage of this order, one hundred thirteen and 66-100 feet; and southwesterly by the southwesterly line of Charles street as widened and relocated under this order, by three measurements, thirty-eight and 59-100 feet on a curve of thirty-five feet radius, seventy-three and 78-100 feet on a curve of one hundred eighty-two and 50-100 feet radius and thirty-four and 9-100 feet on a curve of thirty-three and 4-100 feet radius, containing forty-five hundred and seventy-four square feet, more or less.

A parcel of land, supposed to belong to Northern Realty Trust, bounded:

Westerly by Charles street as it existed at the time of the passage of this order, nineteen and 8-100 feet; northerly by Cambridge street as it existed at the time of the passage of this order, by five measurements, forty-two and 7-100 feet, 17-100 feet, six and 92-100 feet, seven feet and twenty-four and 38-100 feet; easterly by land hereinafter described as taken from owners unknown (Gilson court), sixteen and 90-100 feet; and southerly by land hereinafter described as taken from Northern Realty Trust, by three measurements, forty-eight and 22-100 feet, 13-100 feet and thirty-two feet, containing fourteen hundred and twenty-three square feet, more or less.

A parcel of land, supposed to belong to Northern Realty Trust, bounded:

Westerly by Charles street as it existed at the time of the passage of this order, nineteen and 9-100 feet; northerly by land hereinafter described as taken from said trust, by three measurements, thirty-two feet, 13-100 feet and forty-eight and 22-100 feet; easterly by land hereinafter described as taken from owners unknown (Gilson court), fifteen and 67-100 feet; and southerly by land

hereinafter described as taken from Northern Realty Trust, eighty feet, containing thirteen hundred and ninety-nine square feet, more or less.

A parcel of land, supposed to belong to Northern Realty Trust, bounded:

Westerly by Charles street as it existed at the time of the passage of this order, eighteen feet; northerly by land hereinbefore described as taken from said trust, eighty feet; easterly by land hereinafter described as taken from owners unknown (Gilson court), eighteen feet; and southerly by land hereinbefore described as taken from Bertha E. Morton and Helen Morton, eighty feet, containing fourteen hundred and forty square feet, more or less.

A parcel of land, supposed to belong to Bertha E. Morton and Helen Morton, bounded:

Westerly by Charles street as it existed at the time of the passage of this order, thirty-four feet; northerly by land hereinbefore described as taken from Northern Realty Trust and by land hereinafter described as taken from owners unknown (Gilson court), eighty-seven and 92-100 feet; easterly by land hereinafter described as taken from Northern Realty Trust and from Abraham Cohen, ten and 30-100 feet; southeasterly by the southeasterly line of Charles street as widened and relocated under this order, by two measurements, sixty-two and 3-100 feet on a curve of one hundred seventy-two and 50-100 feet radius and seven and 16-100 feet on a curve of thirty-six and 45-100 feet radius; and southerly by land hereinafter described as taken from Annie S. Penfield, twenty-three and 16-100 feet, containing twenty-three hundred and fifty square feet, more or less.

A parcel of land, supposed to belong to Annie S. Penfield, bounded:

Westerly by Charles street as it existed at the time of the passage of this order, twenty-four feet; northerly by land hereinbefore described as taken from Morton *et al.*, twenty-three and 16-100 feet; southeasterly by the southeasterly line of Charles street as widened and relocated under this order, thirty-three and 52-100 feet on a curve of thirty-six and 45-100 feet radius; and southerly by land hereinafter described as taken from owners unknown (Silver place) one and 40-100 feet, containing two hundred and twenty-one square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Silver place, bounded:

Westerly by Charles street as it existed at the time of passage of this order, ten feet; northerly by land hereinbefore described as taken from Annie S. Penfield, one and 40-100 feet; and southeasterly by the southeasterly line of Charles street as widened and relocated under this order, ten and 12-100 feet, containing four square feet, more or less.

A parcel of land, owners unknown, being the private way known as Gilson court, bounded:

Northerly by Cambridge street as it existed at the time of the passage of this order, five and 15-100 feet; easterly by land hereinafter described as taken from Northern Realty Trust, fifty and 8-100 feet; southerly by land hereinbefore described as taken from Morton *et al.*, seven and 92-100 feet; westerly by land hereinbefore described as taken from Northern Realty Trust, fifty and 57-100 feet; and

again by Cambridge street as it existed at the time of the passage of this order, by two measurements, five feet, and 34-100 feet, and containing four hundred and fifty-five square feet, more or less.

A parcel of land, supposed to belong to the Northern Realty Trust, bounded:

Northerly by Cambridge street as it existed at the time of the passage of this order, eighty and 33-100 feet; easterly by West Cedar street as it existed at the time of the passage of this order, thirty-nine and 96-100 feet; southwest-erly by the southwesterly line of Charles street as widened and relocated under this order, forty-four and 16-100 feet on a curve of twenty feet radius; south-easterly by the southeasterly line of Charles street as widened and relocated under this order, forty-nine and 6-100 feet; again southeasterly by the same, four and 97-100 feet on a curve of one hundred seventy-two and 50-100 feet radius; southwesterly by land hereinafter described as taken from Abraham Cohen, four and 60-100 feet; and westerly by land hereinbefore described as taken from Morton *et al.* and from owners unknown (Gilson court) fifty-seven and 8-100 feet, containing twenty-seven hundred and eighty-six square feet, more or less.

A parcel of land, supposed to belong to Abraham Cohen, bounded:

Northerly by land hereinbefore described as taken from Northern Realty Trust, four and 60-100 feet; southeasterly by the southeasterly line of Charles street as widened and relocated under this order, five and 60-100 feet on a curve of one hundred seventy-two and 50-100 feet radius; and westerly by land hereinbefore described as taken from Morton *et al.*, three and 30-100 feet, containing nine square feet, more or less.

Said Charles street as hereby widened and relocated at Cambridge street is bounded:

Beginning at a point on the easterly line of Charles street 219.66 feet north of the northeasterly corner of Charles and Cambridge streets as said streets existed at the time of the passage of this order, thence by a line running in southerly, southeasterly and easterly directions, with seven measurements, 96.35 feet on a curve of 100 feet radius, 88.49 feet, 20.03 feet, 64.20 feet, 6.32 feet, 30.44 feet and 19.27 feet on a curve of 29.29 feet radius to a point on the northerly line of Cambridge street east of the northeasterly corner of Charles and Cambridge streets as said streets existed at the time of the passage of this order 215.65 feet, thence southerly across Cambridge street to a point on the westerly line of West Cedar street 39.96 feet south of the southwesterly corner of Cambridge and West Cedar streets as said streets existed at the time of the passage of this order, thence by a line running in northwesterly, westerly, southwesterly and southerly directions, with four measurements, 24.16 feet, on a curve of 20 feet radius, 49.06 feet, 72.60 feet on a curve of 172.50 feet radius, and 50.80 feet on a curve of 36.45 feet radius, to the southeasterly corner of Charles street and Silver place, thence across Charles street to a point 113.66 feet south of the southwesterly corner of Embankment road and Charles street as said ways existed at the time of the passage of this order; thence by a line running in a northwesterly direction with three

measurements, 38.59 feet on a curve of 35 feet radius, 73.78 feet on a curve of 182.50 feet radius and 34.09 feet on a curve of 33.04 feet radius to a point in Embankment road 110.59 feet west of the southwesterly corner of Embankment road and Charles street as said ways existed at the time of the passage of this order.

Ordered, That a circular inclosed space paved with suitable material be constructed with a radius of 122.50 feet and a center point in the easterly line of Charles street produced from the south-easterly to the northeasterly corners of Charles and Cambridge streets as said streets existed at the time of the passage of this order, said point being 68.47 feet distant from said northeasterly corner in a southerly direction.

WIDENING OF CHARLES STREET AND TRAF- FIC CIRCLE AT LEVERETT AND NASHUA STREETS.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described lands exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Joseph W. Guarente, bounded:

Northwesterly by Charles street as it existed at the time of the passage of this order, twenty and 67-100 feet; north-easterly by land hereinafter described as taken from said Guarente, thirteen and 50-100 feet; southerly by the southerly line of Charles street as widened and relocated under this order, by two measurements, seventeen and 78-100 feet on a curve of twenty and 15-100 feet radius, and eight feet, containing eighty-seven square feet, more or less.

A parcel of land, supposed to belong to Joseph W. Guarente, bounded:

Northwesterly by Charles street as it existed at the time of the passage of this order, twenty and 65-100 feet; northeast-erly by land hereinafter described as taken from said Guarente, thirty-eight and 75-100 feet; southerly by Charles street as widened and relocated under this order, thirty-two and 71-100 feet; and southwesterly by land hereinbefore described as taken from said Guarente, thirteen and 50-100 feet, containing five hundred and forty-one square feet, more or less.

A parcel of land, supposed to belong to Joseph W. Guarente, bounded:

Northwesterly by Charles street as it existed at the time of the passage of this order, twenty and 81-100 feet; north-easterly by land hereinafter described as taken from Bessie Pinstein and Fannie Post, sixty-one and 7-100 feet; southerly by Charles street as widened and relocated under this order, twenty-eight and 91-100 feet; and southwesterly by land hereinbefore described as taken from said Guarente, thirty-eight and 75-100 feet, containing ten hundred and sixty-two square feet, more or less.

A parcel of land, supposed to belong to Bessie Pinstein and Fannie Post, bounded:

Northwesterly by Charles street as it existed at the time of the passage of this order, twenty-four and 23-100 feet; north-easterly by land hereinafter described as taken from said Pinstein and Post, twenty-one and 63-100 feet; again south-easterly by the same, 50-100 feet; again northeasterly by the same, thirty-eight and 96-100 feet; again southeasterly by

a common passageway, six and 4-100 feet (hereinafter described as taken from owners unknown); again northeasterly by said passageway, three and 84-100 feet; again northeasterly by land hereinafter described as taken from Joseph Stillman, by two measurements, two and 10-100 feet and twenty-three and 26-100 feet; southerly by the southerly line of Charles street as widened and relocated under this order, thirty-two and 86-100 feet; and southwesterly by land hereinbefore described as taken from Guarente, sixty-one and 7-100 feet, containing twenty hundred and eighteen square feet, more or less.

A parcel of land, supposed to belong to Bessie Pinstein and Fannie Post, bounded:

Northwesterly by Charles street as it existed at the time of the passage of this order, twenty-three and 83-100 feet; northeasterly by Leverett street as said street existed at the time of the passage of this order, fifty-eight and 55-100 feet; southeasterly by said common passageway, twenty-four and 50-100 feet; southwesterly by land hereinbefore described as taken from Pinstein and Post, thirty-eight and 96-100 feet; again northwesterly by land hereinbefore described as taken from Pinstein and Post, 50-100 feet; and again southwesterly by land hereinbefore described as taken from Pinstein and Post, twenty-one and 63-100 feet, containing fourteen hundred and forty square feet, more or less.

A parcel of land, owners unknown (common passageway), bounded:

Northeasterly by Leverett street as it existed at the time of the passage of this order, three feet; southeasterly by land hereinafter described as taken from Joseph Stillman, thirty and 92-100 feet; southwesterly by land hereinbefore described as taken from Pinstein and Post, three feet; northwesterly by land hereinbefore described as taken from Pinstein and Post, by two measurements, six and 4-100 feet and twenty-four and 50-100 feet, containing ninety-two square feet, more or less.

A parcel of land, supposed to belong to Joseph Stillman, bounded:

Northeasterly by Leverett street as it existed at the time of the passage of this order, forty-five feet; southeasterly by Auburn street as it existed at the time of the passage of this order, forty-one and 15-100 feet; southwesterly by the southwesterly line of Charles street as widened and relocated under this order, by two measurements, twenty and 54-100 feet on a curve of nine and 10-100 feet radius and seven and 32-100 feet; again southwesterly by land hereinbefore described as taken from Pinstein and Post, by two measurements, twenty-three and 26-100 feet and two and 10-100 feet; northwesterly by common passageway hereinbefore described as taken, thirty and 92-100 feet, containing fifteen hundred and thirteen square feet, more or less.

A parcel of land, supposed to belong to the Commonwealth of Massachusetts, bounded:

Northwesterly by a curve line at the junction of Nashua and Leverett streets as said streets existed at the time of the passage of this order, fifty and 92-100 feet on a curve of twenty-five feet radius; northerly by Nashua street as it existed at the time of the passage of this order,

eighty-two and 42-100 feet; southeasterly by the southeasterly line of Charles street as widened and relocated under this order, by three measurements, twenty-seven feet on a curve of twenty-eight feet radius, sixty-one and 16-100 feet on a curved line, and forty-one and 69-100 feet on a curve of twenty-eight feet radius; and southwesterly by Leverett street as it existed at the time of the passage of this order, sixty and 26-100 feet, containing thirty-eight hundred and eighty-six square feet, more or less.

A parcel of land, supposed to belong to the Commonwealth of Massachusetts, bounded:

Southwesterly by Leverett street as it existed at the time of the passage of this order, one hundred thirty and 99-100 feet; northerly by the northerly line of Charles street as widened and relocated under this order, by three measurements, fifty-seven and 18-100 feet on a curve of forty feet radius, two hundred thirty and 71-100 feet on a curve of one hundred and forty-seven feet radius and forty-eight and 73-100 feet on a curve of forty feet radius; southeasterly by Nashua street as it existed at the time of the passage of this order, by three measurements, nineteen feet on a curve of seven hundred and twenty feet radius, one hundred fifty-seven and 90-100 feet and forty-four and 19-100 feet on a curve of forty feet radius, containing twenty thousand eight hundred and ninety-six square feet, more or less.

Said Charles street as hereby widened and relocated at Leverett and Nashua streets is bounded:

Beginning at a point on the northeasterly line of Leverett street 130.99 feet northwest of tangent point of the curve at the junction of Nashua and Leverett streets, thence by a line running generally in an easterly direction, with three measurements, 57 and 18-100 feet on a curve of 40 feet radius, 230 and 71-100 feet on a curve of 147 feet radius and 48 and 73-100 feet on a curve of 40 feet radius, to a point on the northerly line of Nashua street 176.90 feet east of the tangent point of the curve at the junction of Nashua and Leverett streets, thence across Nashua street to a point on the southerly line of Nashua street 82.42 feet east of the tangent point near Leverett street as said street existed at the time of the passage of this order, thence by a line running generally in a southerly direction, with three measurements, 27 feet on a curve of 28 feet radius, 61.16 feet on a curve line and 41.69 feet on a curve of 28 feet radius, to a point on the northeasterly line of Leverett street 60.26 feet southeast of the tangent point at the junction of Leverett and Nashua streets as said streets existed at the time of the passage of this order, thence across Leverett street to the southerly corner of Leverett and Auburn streets as said streets existed at the time of the passage of this order, thence across Auburn street to a point on the northwesterly line of Auburn street 41.15 feet southwest of the corner of Leverett and Auburn streets as said streets existed at the time of the passage of this order, thence by a line running generally in a westerly direction, with seven measurements, 20.54 feet on a curve of 9.10 feet radius, 7.32 feet, 32.86 feet, 28.91 feet, 32.71 feet, 8 feet and 17.78 feet on a curve of 20.15 feet radius.

Ordered, That a circular inclosed space paved with suitable material be constructed with a radius of 97 feet and a center point in the center line of Charles street, as said street existed at the time of the passage of this order, produced, said point being 77.10 feet distant from the southerly corner of Charles and Leverett streets as said streets existed at the time of the passage of this order.

WIDENING OF CHARLES STREET BETWEEN LONGFELLOW BRIDGE AND LEVERETT STREET (CHARLES RIVER DAM).

Said highway as widened and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Longfellow Bridge, sixty and 81-100 feet; northwesterly by a line parallel with and sixty feet distant northwesterly from the northwesterly line of Charles street as said street existed at the time of the passage of this order, by several measurements, seventy-seven and 46-100 feet, two hundred ninety-four and 13-100 feet, twelve hundred thirty and 80-100 feet, four hundred twenty-seven and 98-100 feet; westerly by the westerly line of said Charles street as hereby widened, by three measurements, thirty-nine and 61-100 feet on a curve of forty feet radius, fifty-one and 68-100 feet on a curve of one hundred and ninety-seven feet radius and thirty-seven and 83-100 feet on a curve of forty feet radius; northeasterly by Leverett street (Charles River Dam) as said street existed at the time of the passage of this order, one hundred fifty-one and 84-100 feet; southeasterly by the northwesterly line of Charles street as it existed at the time of the passage of this order, by four measurements, five hundred twelve and 80-100 feet, twelve hundred thirteen and 96-100 feet, two hundred eighty-one and 94-100 feet and eighty-one feet, containing one hundred twenty-nine thousand and eighty-seven square feet, more or less.

REMOVAL OF CONSTRUCTION.

Trees or structures standing upon or affixed to the aforescribed lands, taken for the improvements ordered hereunder, shall be removed therefrom within sixty days after service of notice by Board of Street Commissioners to vacate said lands.

BETTERMENTS.

No betterments are to be assessed for the making of the improvements ordered hereunder.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred, who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

PREVIOUS ACCIDENT EXPERIENCE OF OPERATORS INVOLVED IN FATAL ACCIDENTS.

Only 147, or little more than one-third of the 393 motor-vehicle operators involved in fatal accidents in Connecticut in 1928 had previously been in accidents, according to the study of automobile mishaps in that state for that year, made by Richard S. Kirby, Associate Professor of the Department of Civil Engineering of Yale University.

The survey shows that 4 drivers involved in fatal accidents in 1928 had each been in 7 accidents previously; 2 others had previously been involved in 6 accidents; 4 in 5 accidents; 8 in 4; 13 in 3; 43 in 2; and 73 in 1.

There were 256, or close to two-thirds, however, who had clear accident records. Only 2 drivers out of the entire number had figured in previous fatal accidents.

Actually, 90 more drivers were in fatal collisions, but 20 of these were "hit and run" drivers, and 70 others were killed.

SITUATION OF BOSTON.

Boston is situated in latitude, north, 42 degrees, 21 minutes, 29.596 seconds, longitude, west, 71 degrees, 3 minutes, 51.040 seconds (exact situation of apex of State House dome, according to United States Coast and Geodetic Survey). Boston's latitude is similar to that of Detroit and the southern boundary of Oregon, also Rome (Italy), Sofia (Bulgaria) and Mukden (Manchuria); longitude nearly that of Quebec (Canada), Bogota (Colombia) and Santiago (Chile).

COLLECTION OF DELINQUENT TAXES BY MUNICIPALITIES.

The collection of delinquent taxes is often neglected by city officials, resulting in a considerable financial loss to the municipality.

The sale of property for taxes usually takes place from one to three years after the taxes have become due and after the publication of a tax sale notice for from three to six weeks. The property is sold at auction to the highest bidder provided that the bid covers the amount of taxes, all unpaid assessments, interest, fees, penalties, and other charges against the property. If the bid is not sufficient to cover these items, the city bids in the property. Property sold for taxes may be redeemed after a period varying from one to three years upon payment of sum sold for, together with interest computed at the rate of 12 per cent per annum. If the property is not redeemed within the prescribed time the purchaser is given either a deed, an estate in fee simple, or an absolute estate in fee, subject only to the lien of unpaid state and county taxes.

In two cities, White Plains and Yonkers, the tax lien is sold. This has worked out very satisfactorily. In Yonkers the problem of the collection of delinquent taxes has been cleared up:

1. By keeping the assessed valuation down to the real present market value, thereby preventing the accumulation of a large amount of uncollectible taxes.
2. By foreclosure, in one action, of large numbers of lots in one ownership.
3. By assignment of tax liens, at full value, to any one applying for same.
4. By resale, at reduced amounts, of tax liens held by the city.
5. By compromise with owners, reducing the amounts due to a sum that will make it worth while for such owners to pay up the city thereby saving foreclosure costs, and immediately placing such property on a taxpaying basis, and at the same time allowing the owners to get out with some equity. Foreclosure should never be resorted to where an owner shows any disposition to compromise.

FEDERAL AID TO BUILD HIGHWAYS REVIEWED.

From the beginning of highway construction under the system of Federal aid, in 1916, to February 28, 1929, an aggregate of 76,986.2 miles of roads have been completed with Federal assistance, according to statistics compiled and made public, April 8, by the Bureau of Public Roads, Department of Agriculture.

The three states having the highest completed mileage to February 28 are Texas, 6,102.6 miles; Minnesota, 4,089.8 miles, and North Dakota, 3,670.7 miles.

A total mileage was under construction on February 28 of 8,739.4 miles at a total estimated cost of \$215,634,347.32 and with a Federal aid allotment of \$86,918,253.10. Of the total mileage, 7,679 miles were initial construction, and on 1,060.4 miles stage construction or work done on projects previously improved with Federal aid.

Mileage approved for construction, as of February 28, amounted to 1,572.8 miles at a total estimated cost of \$30,738,175.49, and a Federal aid allotment of \$12,438,337.10. Of the total approved 1,162.8 miles were initial and 410 miles were stage construction.

There remains a balance of \$94,799,396.05 of Federal aid funds available to the states and the Territory of Hawaii for new projects as of February 28.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

METHODS OF ELIMINATING GRADE-CROSSING ACCIDENTS.

Five suggestions aimed at the elimination of grade-crossing accidents are offered in the monthly report of the Street Traffic Committee of the National Automobile Chamber of Commerce.

It is estimated that curing the grade-crossing evil would reduce traffic accidents by 10 per cent in a very short time, and the Committee presents the following five points for discussion:

1. Do away with those grade crossings which have the heaviest traffic.
2. Place warning signs not less than 500 feet back from the railroad tracks.
3. Take down all signs from obsolete trackage.
4. Use traffic-light signals (operated by trains) instead of signs, if there are fewer than five trains per day.
5. Consider scrapping all railroad signs in favor of signals for use only when train is approaching.

"The last two points merit consideration first, because, though they are new doctrines, they seem the least expensive and most practical of application."

AIRPORTS IN THE UNITED STATES.

The number of airports in the country continues to grow steadily, and the listing compiled by the Department of Commerce showed 1,520 airports in operation on October 2 of this year. Of these, 442 were municipal airports, and 468 were privately owned and operated. The rest included army fields, naval air stations, Department of Commerce intermediate fields, marked auxiliary fields and miscellaneous others. As will be noted, the municipal airports comprise 29 per cent of the total number now in use in the country. The fact that 442 cities of various sizes have indicated their interest by investing substantial funds in the purchase of property and construction of these airports illustrates the stability of aviation today. As indicative of the volume of traffic already in evidence at municipal airports, it might be noted that in a recent representative week the Des Moines airport showed 88 airplanes arriving and 86 leaving. Oakland, California, showed 55 arriving, 52 leaving; while the Tulsa, Oklahoma, airport showed 272 arriving and 265 leaving. These figures are constantly increasing, and they show that the city airport is already being used.

PORT OF BOSTON.

Boston Harbor comprises an area of about 47 square miles (exclusive of the islands), including all the expanse of tidewater within a straight line from Point Allerton to Point Shirley and extending therefrom to the mainland. It is the best of natural harbors, near open sea, sheltered and spacious for anchorage; main ship channel 35 feet in depth at mean low water, increasing to 40 feet from President Roads to open sea; new dredging operations in charge of United States engineers are under way for increasing depth of said main channel to 40 feet; waterfront (i. e., lineal pier space) 40 miles, 6 miles fronting on 30 feet depth at low water.

Commonwealth Pier No. 5, South Boston, 1,200 feet long, 400 feet wide, accommodating five 600-foot ships at one time, 40 feet depth at mean low water on both sides, with three 2-story fireproof buildings of steel and concrete construction, containing 900,000 square feet of floor space, total cost of this enterprise to State, \$4,500,000. Commonwealth Pier No. 6, South Boston (Fish Pier), buildings on same erected by lessee, Boston Fish Market Corporation, cost to State, \$1,487,361. Commonwealth Pier, No. 1, East Boston, 900 feet long, costing State \$764,600 for site and \$426,674 for construction. New dry dock at South Boston (probably the largest in world), completed in 1919, 1,200 feet long and 120 wide, costing \$3,169,651 and taken by United States Government at total cost.

Islands in Boston Harbor over 3 acres in area, 17, with total area of 965 acres; Long Island the largest, or 215.5 acres. Owned by United States, 392 acres; by City of Boston, 334 acres. Number of wharves, 143, of which eight are owned by the city.

There are 38 foreign steamship lines with regular sailings to and from Boston, ten coastwise lines and three intercoastal. In 1915 a revision of the harbor lines was made and the project undertaken whereby 600 acres of flats between Governor's Island and Jeffries Pt. will be filled in and used for extensive commercial de-

velopments under State control. About 175 acres of flats have recently been filled in and added to the land area of East Boston and 160 acres to that of South Boston.

In April, 1918, the Government decided to establish its Army Supply Base on a portion of the Commonwealth lands in South Boston. About 57.6 acres were purchased of the State, the price being \$1,317,510, soon followed by the construction of two pier sheds, each 920 feet long, a wharf shed and other buildings, including one of the largest storehouses in the world, built of reinforced concrete, eight stories high, 1,638 feet long, 126 feet wide and with floor space of over 1,650,000 square feet. The total outlay for the plant was \$26,000,000.

Total expenditure by State for improvement of Boston Harbor \$22,575,827 from 1859 to November 30, 1927, inclusive; in the same period, there was expended additionally \$951,992 on small channels; total Federal expenditure from 1790 to June 30, 1927, \$13,258,846.

FLAG DAYS.

By order of the City Council it is the duty of the City Messenger to have the national colors displayed upon the public flagstuffs on the following days:

Franklin's Birthday, January 17; Lincoln's Birthday, February 12; Washington's Birthday, February 22; Evacuation Day, March 17; Patriot's Day, April 19; Grant's Birthday, April 27; Memorial Day, May 30; Anniversary of Adoption of National Colors, June 14; Bunker Hill Day, June 17; Independence Day, July 4; Labor Day, September (first Monday); Anniversary of Founding of Boston, September 17; Columbus Day, October 12; Armistice Day, November 11.

THE COST OF DIPHTHERIA.

Diphtheria costs New York City over \$5,000,000 annually, according to Dr. Shirley W. Wynne, Health Commissioner of New York, whose statement, given in a news release from the department, is based on the calculations of the value of the lives lost, the cost of hospital care, and the expense of caring for patients in their homes.

Last year the loss occasioned by diphtheria in New York City was as follows:

Value of 642 human lives lost.....	\$4,575,000
Cost of hospital care for 2,976 cases in the Contagious Disease Hospitals.....	391,000
Cost of caring for 7,800 cases in private homes.....	273,000
	<u>\$5,139,000</u>

As against an annual economic loss of over \$5,000,000 a year it is stated that an expenditure of less than 10 per cent of this sum will suffice to wipe out diphtheria and thus save the community \$4,500,000 annually.

Figures by the New York City Department of Health show that thus far this year over 25,000 children have been immunized against diphtheria, nearly 12,000 having been protected by private physicians. The growing interest on the part of parents is well shown in the steady increase in the number of children immunized, which increased from 555 in the first week of the present campaign to 4,702 during the first week in April, or almost ninefold.

MUNICIPALITY TAKES OVER CHAMBER OF COMMERCE AIRPORT.

Oklahoma City has voted \$425,000 in bonds for the enlargement and improvement of its municipal airport. The Aviation Committee of the Oklahoma City Chamber of Commerce has operated the airport for the past four years and was largely instrumental in putting over the bond-issue campaign. The port will in the future be operated by the city as a strictly municipal project.

When completed, the new field will comprise 360 acres and will meet all of the qualifications for an A 1A airport as set forth by the United States Department of Commerce.

TRAFFIC SIGNALS REDUCE BALTIMORE TRAFFIC TOLL.

An analysis of traffic accidents at street intersections in Baltimore indicates that the automatic traffic signal is proving very effective in reducing the number of such accidents.

There were 419 traffic accidents at all intersections covered in the report issued by the Baltimore Safety Council for the first six months of 1927, before the signals were installed. In direct contrast, only 259 such accidents were recorded for the first six months of this year, with the signals in operation.

The casualties were: one person killed and 129 injured before the installation of the signals, as compared with two killed but only 92 injured after. A reduction in the number of accidents was reported at thirty-two intersections, following the installation of the signals, while seventeen other intersections have shown little or no change as yet, and ten actually have experienced an increase since the use of the signals.

THROUGH TRAFFIC STREETS.

Many a city government, confronted almost unawares by the ever-increasing traffic problem, has seized upon the "through street" idea as the least expensive sop to those who clamor for something to relieve the distress. This situation is reflected in many city traffic ordinances which give absolute right-of-way to vehicles on any of the "arterial highways" included in a long list, and which fail entirely to provide for stop requirements, signs, enforcement facilities, or public education. Unfortunately, traffic regulation is not so simple. It cannot be successfully accomplished by merely designating certain through streets.

Still, through streets are useful. Their successful application depends only on an understanding of what can and what cannot be expected of them, and on a realization of where they fit into the traffic control picture. Consider a street as it develops with the increasing traffic from a minor highway to a heavily traveled main thoroughfare. Traffic control will logically develop in successive steps something like these:

1. No control at all.
2. Slow or stop signs at isolated intersections.
3. Through streets with stop signs at every intersection.
4. Occasional automatic signals introduced where there is heavy cross traffic.
5. Complete flexible progressive signal control.
6. Grade separation at important intersecting streets.
7. Elevated or depressed roadway without intersecting streets.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 24, 1930.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President LYNCH in the chair and all the members present.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted appointments for the term ending April 30, 1930, as follows:

Constables: John T. Kelly, 78 Myrtle street, city; Arthur McNeil, 138 M street, South Boston; William H. McInerney, 19 Myrtle street, city; David G. Moran, 104 Selden street, Dorchester; John J. Mahoney, 123 Minot street, Dorchester; Daniel F. O'Connor, 100 Farquhar street, Roslindale; Alexander A. Ardolino, 106 Prince street, city; Henry A. Gagin, 95 Cowper street, East Boston; John M. Fabins, 24 Sidlaw road, Allston; David Epstein, 9 Westminster terrace, Roxbury; Dennis J. Hickey, 777 East Fourth street, South Boston; Louis Davis, 51 Devon street, Roxbury.

Weighers of Coal: Walter J. Fallon, 35 Westford street, Allston; Arthur J. Sangster, 107 Goddard street, Quincy, Mass.; Lawrence O'Connor, 250 Stuart street, Boston; Lucian R. Temple, 137 Audubon road, Boston.

Severally laid over a week under the law.

SALE OF FERRYBOAT.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1930.
To the City Council.

Gentlemen,—The ferryboat commonly called the "General Sumner" was advertised to be sold at auction on February 26, 1930, at an upset price of \$2,500.

Apparently the upset price represented a value greater than the salvage value of the boat since no bids were received. I accordingly recommend the adoption of the accompanying order setting a lower upset price on the boat.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the Commissioner of Public Works be, and hereby is, authorized to sell at a duly advertised public auction, at an upset price of \$700, the ferryboat "General Sumner."

Referred to the Executive Committee.

ONE-WAY STREET, CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Thomas F. Sullivan, Acting Traffic Commissioner, to designate Washington street, Charlestown, a one-way thoroughfare. This is in reply to your order of March 10, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, March 21, 1930.
Hon. James M. Curley,
Mayor of Boston,

Dear Sir,—I return herewith the following order passed by the City Council March 10, 1930:

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to designate Washington street, Charlestown, as a one-way thoroughfare.

I beg to report that a public hearing will be given on the matter of making Washington street, Charlestown, a one-way thoroughfare at an early date.

Very respectfully,
THOMAS F. SULLIVAN,
Acting Commissioner.

Placed on file.

COST OF ENLARGING TENEAN BEACH.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, relative to the estimated cost of enlarging the present area at Tenean Beach. This is in reply to your order of March 10, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, March 15, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have your memorandum of March 13, with inclosure, order from the City Council that the Park Commission be requested to investi-

gate and report upon the practicability and estimated cost of enlarging the present area at Tenean Beach.

It is practicable to enlarge the present house at an estimated cost of \$25,000.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

SEWERAGE WORKS IN WARD 20.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Joseph A. Rourke, Commissioner of Public Works, relative to sewerage works in Ward 20. This is in reply to your order of March 3, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department, March 17, 1930.
To His Honor the Mayor.

In reply to two attached orders in Council, by Councilor Cox, regarding sewerage works in Ward 20, the following is submitted:

Goethe street, from Schiller road to Dedham line, will cost \$7,500 within these limits, and for the outlet necessary in Rockland street an additional cost of \$14,000, making \$21,500 to take care of Goethe street.

Rockland street, from Washington street to the Dedham line, will cost, including outlets, \$14,000.

In reply to a third order requesting a sewer in Washington street, from Highview avenue to La Grange street: This is a section where an additional expense will be required to build an outlet on the easterly side of Washington street, from Grove street northeasterly and through the Stony brook reservation, at a cost of \$38,000.

The total cost of carrying out these three orders is \$73,500.

Only a portion of this work is included in our tentative program for this year totaling \$1,870,235, and if only \$1,000,000 is available and no increase is afforded by the Legislature this year, it looks as though all the demands for sewerage works throughout the city must be considered before this work could be included in the final program.

Yours respectfully,
JOSEPH A. ROURKE,
Commissioner of Public Works.

Placed on file.

CONDITIONING OF BASEBALL DIAMONDS.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, relative to the baseball diamonds on the Dorchester Town Field, Ashmont Playground, Mary Hemenway Playground, Neponset Playground and Dorchester Park. This is in reply to your order of March 10, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, March 15, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have your memorandum of March 13, with inclosure, order from the City Council that the Park Commission be requested to place in proper condition for the coming season the baseball diamonds on the Dorchester Town Field, Ashmont Playground, Mary Hemenway Playground, Neponset Playground and Dorchester Park.

This department has invariably placed the ball fields in proper condition just as soon as it can possibly be done in the spring. Weather conditions determine to a great extent the date of the formal opening of said fields.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

BEACON IN WARD 2.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Thomas F. Sullivan, Acting Traffic Commissioner, in regard to installing a beacon at the junction of Warren, Park, Henley and Call streets, Ward 2. This is in reply to your order of March 10, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, March 21, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I return herewith the following order passed by the City Council March 10, 1930:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install a beacon at the junction of Warren, Park Henley and Call streets, Ward 2.

I beg to advise that this location will be given due consideration after the annual appropriations have been made.

Very respectfully,
THOMAS F. SULLIVAN,
Acting Commissioner.

Placed on file.

SHUTTLE LINE BETWEEN ANDREW SQUARE AND SAVIN HILL AVENUE.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Edward Dana, General Manager of the Boston Elevated Railway, regarding a shuttle line running between Andrew square and Savin Hill avenue via Dorchester avenue. This is in reply to your order of March 3, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Elevated Railway,
Public Trustees, March 17, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—In reply to your letter of March 11, with inclosure regarding the Andrew square-Savin Hill avenue line, the division has taken the matter in charge and will do everything possible to solve the difficulty. If the bus line was granted for which we have applied, to be run from Northampton and Washington streets via Massachusetts avenue, Columbia road and Dorchester avenue to Savin Hill Station of the Dorchester tunnel (which was made in order that the city might resurface Massachusetts avenue) it would make it possible for us to still further improve this condition.

Yours very truly,
EDWARD DANA,
General Manager.

Placed on file.

INSTALLATION OF ELECTRIC LAMPS.

The following was received:

City of Boston,
Office of the Mayor, March 17, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Joseph A. Rourke, Commissioner of Public Works, regarding the installation of electric lamps. This is in reply to your orders of February 3, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
March 12, 1930.

To His Honor the Mayor.

I return City Council orders requesting the installation of electric lamps at the following locations:

Seaver, Harold and Hutchings streets, Ward 12.
Wellington Hill street and Blue Hill avenue, Ward 14.

Dorchester avenue and Doris street, Ward 13.
Stratton street and Blue Hill avenue, Ward 14, on the Franklin Field side.

Orders for the installation of arc lamps have been sent to the Edison Electric Illuminating Company, with requests for compliance as soon as possible.

Yours respectfully,
J. A. ROURKE,
Commissioner of Public Works.

Placed on file.

CHESTNUT HILL AVENUE PAVING YARD.

The following was received:

City of Boston,
Office of the Mayor, March 17, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Joseph A. Rourke, Commissioner of Public Works, relative to the building of a modern concrete structure at the Chestnut Hill avenue city yard. This is in reply to your order of March 10, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
March 15, 1930.

To His Honor the Mayor.

In reply to the attached order, by Councilor Hein, that the present dilapidated wooden structure located at the Chestnut Hill avenue paving yard be replaced with a modern concrete structure: The condition of the Brighton paving yard is not any worse than any other similar yard in the city. At the present time we are paying approximately \$35,000 a year for the storage of automobiles, and we are more interested in having

facilities to take care of these automobiles in the line of one or more new buildings than in any local yard. We appreciate that every yard of the city should have modern buildings, but we don't know where to find the money.

Yours respectfully,
J. A. ROURKE,
Commissioner of Public Works.
Placed on file.

PLAYGROUND NEEDS IN CHARLESTOWN.

The following was received:
City of Boston,
Office of the Mayor, March 17, 1930.
To the City Council

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, relative to providing in the budget a sufficient sum for the playground needs in Charlestown. This is in reply to your order of March 3, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, March 10, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have your memorandum of March 7, with inclosure, order from the City Council that the Park Commission be requested, through his Honor the Mayor, to include in the budget for 1930 a sum sufficient to provide for playground needs in the Charlestown district.

I am very happy to inform you that the budget will care for the immediate needs, outside of construction needs, which of course will have to be loan orders.

Very respectfully yours,
WILLIAM P. LONG, Chairman.
Placed on file.

SULLIVAN SQUARE PLAYGROUND.

The following was received:
City of Boston,
Office of the Mayor, March 17, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, relative to the building of a concrete handball court at Sullivan Square Playground. This is in reply to your order of March 3, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, March 10, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have your memorandum of March 7, with inclosure, order from the City Council, that the Park Commissioners be requested to include in the budget a sum sufficient to provide for the building of a concrete handball court at Sullivan Square Playground.

At the present time we have two wooden handball courts. The best handball players in the country insist on playing handball off wood on account of its resiliency. I regret exceedingly that the Board of Park Commissioners deem it inadvisable to erect concrete courts on any of the playgrounds.

Very respectfully yours,
WILLIAM P. LONG, Chairman.
Placed on file.

SHOWER BATHS AT DEWEY BEACH.

The following was received:
City of Boston,
Office of the Mayor, March 17, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, relative to the establishment of shower baths at Dewey Beach. This is in reply to your order of March 3, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, March 10, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have your memorandum of March 7, with inclosure, order from the City Council that the Park Commission be requested to include in the budget for 1930 a sum sufficient to provide for the establishment of shower baths at Dewey Beach.

I feel that the department forces can erect two showers, one on each side of the main entrance for the use of the bathers without any additional sum in the budget.

Very respectfully yours,
WILLIAM P. LONG, Chairman.
Placed on file.

PERMITS FOR DUMPS.

The following was received:
City of Boston,
Office of the Mayor, March 17, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from Joseph A. Rourke, Commissioner of Public Works, relative to securing the names and addresses of all men and corporations holding permits for dumps in that section of Ward 12 adjacent to the Old Colony Boulevard. This is in reply to your order of February 24, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.
City of Boston,
Public Works Department,
March 14, 1930.

To His Honor the Mayor.

The following information is respectfully submitted in reply to the attached order in Council, introduced by Councilor McGrath, "That the Commissioner of Public Works be requested, through his Honor the Mayor, to furnish the City Council with the names and addresses of all men or corporations holding permits for dumps in that section of Ward 13 adjacent to the Old Colony Boulevard."

Robinson court and Wave avenue: N. W. Robinson, agent, 242 Savin Hill avenue.

Between 301 and 305 Savin Hill avenue, about 100 feet from avenue: N. W. Robinson, agent, 242 Savin Hill avenue.

West side Old Colony parkway, 1,200 feet from Mt. Vernon street: E. B. Badger & Sons, Company, 75 Pitts street, Boston; M. Doyle & Co., Inc., lessee.

Old Colony parkway, approximately 600 feet from Mt. Vernon street: John F. Coleman, 245 State street, Boston.

West side Old Colony avenue, 200 feet south from Mt. Vernon street: Elizabeth E. Myers, 28 Ormond street, Dorchester.

Mt. Vernon street (Mile road) Lots 1, 2, 4, 4A & "Sarah C. Townsend et al" on plan 5939-B, Suffolk Registry: Mary E. Day and Charles L. Stratton care of Willard Welch, 209 Washington street.

Southerly side of Mt. Vernon street, about 1,500 feet east of railroad: Mary S. Parker and Lucy P. Hayden, care of Albert F. Hayden attorney, 60 State street.

Southerly side of Mt. Vernon street, about 1,300 feet east of railroad: Margaret T. Curley, 52 Winthrop street, Roxbury.

Easterly side of Mt. Vernon street, 200 feet from Columbia road: John F. Coleman, 245 State street, Boston.

Yours very truly,
J. A. ROURKE,
Commissioner of Public Works.

Placed on file.

POSTING OF LIST OF BAIL COMMISSIONERS.

The following was received:
City of Boston,
Office of the Mayor, March 17, 1930.
To the City Council.

Gentlemen,—I herewith transmit to you report from John P. Englert, Superintendent of Public Buildings, relative to posting a list of bail commissioners and bondsmen in the corridors of the courthouses and other public buildings in the City of Boston. This is in reply to your order of March 3, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Buildings Department,
March 8, 1930.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Replying to the inclosed order of the City Council that the Superintendent of Public Buildings be requested through his Honor the Mayor to advise the City Council if there is any objection to posting a list of bail commissioners and professional bondsmen in the corridors of the courthouses and other public buildings in the City of Boston, I respectfully state that according to section 89 of the Revised Ordinances of 1925 "no person shall without the consent of the Mayor, affix in any manner a notice, advertisement or bill upon any building belonging to the City of Boston." According to this ordinance I cannot see where I have any choice in the matter.

I might add for your information that the names of professional bondsmen and bail commissioners are on file in the office of every clerk of the court and also in the several police stations of the city.

Respectfully yours,
JOHN P. ENGLERT,
Superintendent of Public Buildings.
Placed on file.

LOAN FOR HIGHWAYS.

The following was received:
City of Boston,
Office of the Mayor, March 15, 1930.
To the City Council.

Gentlemen,—On or about January 15 a bill was submitted to the Legislature seeking authoriza-

tion to expend the sum of \$10,000,000 for the permanent paving of highways in Boston. To the present time definite action, other than the holding of a hearing, has not been taken by the Legislative Committee in charge of this measure and while I am extremely hopeful of early and favorable action I, nevertheless, recognize the necessity for taking advantage of the opportunity for highway construction work at the present time.

The sum of \$500,000, as set forth in the accompanying order, should be sufficient to cover the preliminary charges in connection with the major highway construction programme and complete some of the pending and absolutely necessary work. Accordingly I recommend the adoption of this order.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the sum of \$500,000 be, and hereby is, appropriated for Highways, Making of, under the provisions of chapter 393 of the Acts of 1906, and that to meet said appropriation the City Treasurer be authorized to issue from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

The order was declared referred to the Committee on Finance.

Coun. DOWD—Mr. President, if there is no objection, I would move that the rule be suspended and that the order be given its first reading today.

The rule was suspended and the order was given its first reading and passage, yeas 18, nays 0.

FANEUIL HALL MARKET LEASES.

The following was received:
City of Boston,
Office of the Mayor, March 24, 1930.
To the City Council.

Gentlemen,—I beg to submit herewith report with recommendation of the commission appointed to investigate and determine the terms of market leases for Faneuil Hall Market.

The report as received favors a system of rentals at the same rate as has been in effect since 1919, and I respectfully submit the same with the accompanying order for such action as in the opinion of your honorable body may be deemed best for the city.

Respectfully,
JAMES M. CURLEY, Mayor.

John Beck,
Real Estate Broker and Appraiser,
110 State Street,
Boston, March 17, 1930.

James M. Curley,
Mayor of Boston.

Dear Sir,—Your communication of March 13, 1930, relative to the status of the committee appointed to determine the terms of the market leases was received.

I have had several conferences with Mr. Loveland, who represents the market tenants, and Mr. Bradley, who is acting for the Boston Finance Commission.

We realize that the location generally referred to as "The Market District" has declined sharply in value during the last few years, many of the buildings being without tenants or partly occupied.

The markets that belong to the city, however, have no vacancies, and we have been unable to agree as yet that the rentals that have been in effect since 1919 should be reduced.

I attach hereto a schedule of tenants showing the rentals in detail.

Respectfully yours,
JOHN BECK.

Ordered, That the Superintendent of Markets be authorized, with the approval of the Mayor, to renew for a period of ten years from October 1, 1929, the leases of stalls, cellars and space in the Faneuil Hall and Quincy Market Buildings and subside walk space adjacent thereto, to those lessees who shall notify the superintendent in writing that they desire to retain their respective holdings, and otherwise shall give leases to such suitable persons as shall be approved by the Mayor; such renewals and new leases to be for the same annual rental as was fixed therefor during the last five years of the term expiring October 1, 1929, and on the same terms and conditions as provided in the prior leases.

Coun. DOWD—Mr. President, I move you, sir, that that be referred to the Committee on Public Lands.

Coun. Dowd's motion was declared carried. Coun. Ruby doubted the vote and asked for a rising vote. The Council stood divided, and the motion to refer to the Committee on Public Lands was lost.

The order was referred to the Executive Committee.

WARREN-BUNKER HILL SCHOOL.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1930.
To the City Council.
Gentlemen,—In response to an order adopted by your honorable body on February 24, 1930, I beg to submit reply received from the School Committee of the City of Boston in answer thereto.
Respectfully,
JAMES M. CURLEY, Mayor.

School Committee of the City of Boston,
15 Beacon Street,
Office of the Secretary, March 19, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—At the meeting of March 3, 1930, the School Committee received and referred to the Board of Superintendents for report the following order passed by the City Council at its meeting of February 24, 1930.

Ordered, That the School Committee be requested, through his Honor the Mayor, to consider the advisability of discontinuing the Warren-Bunker Hill School following the completion of the new Junior High School in Charlestown.

At the meeting of the School Committee held on Monday of this week, March 17, 1930, the Board of Superintendents recommended that the School Committee advise the City Council, through his Honor the Mayor, that the term "Warren-Bunker Hill" refers to a combination of two school districts—the Warren District and the Bunker Hill District—now being operated as one school district. The construction of the proposed intermediate school in Charlestown will relieve this district and the other two districts in Charlestown and enable the School Committee to discontinue the use of several buildings in the three districts; but neither the Warren building nor the Bunker Hill building could well be spared for they will be needed for kindergartens and Grades I to VI. At the present time there is no information at hand which would seem to warrant the discontinuance in the near future of either the Warren or the Bunker Hill School buildings.

This report of the Board of Superintendents was accepted and ordered transmitted to the City Council through his Honor the Mayor, in accordance with the terms of the order.

Very truly yours,
ELLEN M. CRONIN, Secretary.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Vasil Adams, for compensation for damage to property by city cart.

Giovanni Arrigo and Giuseppe Sardina, for compensation for injuries received on ferryboat.

Frances Baccucci, for compensation for injuries caused by an alleged defect at 235 Highland street.

Mrs. Roy Bare, for refund on unused refuse tickets.

George N. Varrie, for compensation for damage to car by city car.

Phineas D. Beers, for compensation for damage to car caused by an alleged defect at 70 Childs street, Hyde Park.

Joseph Blake and William H. Kiley, for compensation for damage to car by city truck.

Pasquale Blasi, for compensation for damage to property by balls thrown from Mary Hemenway Playground.

Mrs. C. F. Buckes, for compensation for fur coat ruined at Beaumont street School.

Mrs. Luella K. Burnell, for compensation for injuries caused by an alleged defect in Summer street.

James R. Butler, for injuries caused by an alleged defect in a highway.

Carbone, Inc., for compensation for damage to property at 348 Congress street, caused by fire apparatus.

Tony Coli, for compensation for injuries caused by an alleged defect at 440 Hanover street.

George R. Conroy, for compensation for damage to coat caused by an alleged defect at Washington and Summer streets.

Margaret Courlang, for compensation for damage to property at 30 Allen street, caused by explosion in manhole.

Thomas J. Dolan, for compensation for damage to taxi by city truck.

Nathan Fingeman, for refund on unused refuse tickets.

Clara L. Fisher, for compensation for injuries caused by an alleged defect in Wait street.

Harris Goldman, for compensation for damage to property at 362 Harrison avenue, caused by negligence of city.

Mrs. M. Granafsky, for compensation for loss of baby carriage taken by ashmen.

Great Atlantic & Pacific Tea Company, for compensation for damage to property at 748 Huntington avenue, caused by break in water main.

Nicholas M. Halley, for compensation for injuries caused by an alleged defect at 158A street, South Boston.

Mrs. Margaret Jackson, for compensation for injuries caused by an alleged defect at 11-15 Harrison avenue extension.

Mary Janeves, for compensation for injuries caused by defect in Cabot street Bath House.

Coleman Joyce, for compensation for injuries caused by an alleged defect at 229 Gold street, South Boston.

Mrs. Blanche Kennedy, for compensation for injuries caused by an alleged defect at Bennington and Prescott streets.

Max E. Knopp, for refund on unused refuse tickets.

Nicholas LaFanci, for compensation for injuries caused by an alleged defect at 382 Harrison avenue.

Isadore Lippa, for compensation for damage to car by city truck.

James H. Mooney, for compensation for injuries caused by an alleged defect at Devonshire and Water streets.

Arthur F. Norcross, for refund on refuse tickets.

John J. Pierce, for compensation for loss of clothing at Brighton paving yard.

L. H. Poladian, for refund on building permit.

Rogers Market, for refund on refuse tickets.

Samuel Slatrow, for compensation for injuries caused by an alleged defect at 240 Warren street.

Ada Trehewy, for compensation for injuries caused by an alleged defect at 1098 Boylston street, Boston.

William W. Walter, for compensation for injuries caused by an alleged defect at Oliver and Milk streets.

Irene Wasserman, for compensation for injuries caused by an alleged defect in Eldon street.

Burtman Ornamental Iron and Wire Works, for payment for screen furnished to Fire Department.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Maria Paporello, Jordan Hall, May 7.

CONSTABLES' BONDS.

The City Treasurer submitted constables' bonds, having duly approved of surety on same, viz.: Julius Ansel, Patrick H. Murphy, Archibald W. Ready.

Approved by the Council.

STREET RAILWAY POLICE OFFICERS.

Notice was received from the Public Trustees of the Boston Elevated Railway that services as street railway police officers of fourteen men in attached list, dated March 14, 1930, were no longer required.

Placed on file.

NOTICE OF INTEREST IN CONTRACT.

Notice was received from Thomas P. Burns, school teacher, of interest in material known as "American Art Stone."

Placed on file.

NEW JUNIOR HIGH SCHOOL IN CHARLESTOWN.

The following was received:

School Committee of the City of Boston,
March 14, 1930.

Mr. W. J. Doyle,
City Clerk.

My dear Mr. Doyle,—There has been referred to the School Committee the order of the City Council of February 17, making inquiry as to when the buildings now standing on land purchased by the city as a site for the new junior high school in Charlestown will be removed, and work started on the erection of the school building.

In response thereto, permit me to report that the School Committee has on its docket a proposition for an appropriation for preparation of plans for the new intermediate school, but final action has been deferred until the committee learns definitely what action may be taken by the General Court, with reference to its petition for land and buildings appropriations.

Just as soon as action is taken along the lines indicated in your inquiry, I shall be greatly pleased to communicate with you again.

Very truly yours,

J. E. BURKE,
Superintendent of Public Schools.

Placed on file.

APPOINTMENT BY THE MAYOR.

The appointment by the Mayor of James A. McElaney of 53 Groaton road, West Roxbury, to position of member of Board of Appeal, was received and placed on file.

REGISTRY OF DEEDS PAY ROLL.

The pay roll of Registry of Deeds for work amounting to \$8,450.64, from February 17 to March 15, piece work, and March 16 to March 31 for regular employees, was received and approved.

MINORS' LICENSES.

President LYNCH submitted applications for minors' licenses from thirty newsboys, nine vendors and one bootblack.

Licenses granted under usual conditions.

LOAN ORDERS PASSED.

President LYNCH called up, under unfinished business, Nos. 2 to 13 inclusive, viz.:

2. Ordered, That the sum of \$350,000 be, and hereby is, appropriated, to be expended under the direction of the Fire Commissioner, for new fireboat, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On March 10, 1930, the foregoing order was read once and passed, yeas 20, nays 0.

3. Ordered, That the sum of \$250,000 be, and hereby is, appropriated, to be expended under the direction of the Park Commissioners, for Airport Improvements, and that to meet said appropriations the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On March 3, 1930, the foregoing order was read once and passed, yeas 20, nays 0.

4. Ordered, That the sum of five thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Park Commission, for filling, grading, etc., of the Randolph Street Playground, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On March 3, 1930, the foregoing order was read once and passed, yeas 22.

5. Ordered, That the sum of fifty thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Park Commission, for the construction of a locker building and shower baths on the Chestnut Hill Playground, Ward 21, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the City to said amount.

On March 3, 1930, the foregoing order was read once and passed, yeas 22.

6. Ordered, That the sum of twenty thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Park Commission, for the grading and placing in proper condition of the Smith Playground, Allston, and the building of concrete bleachers thereon, and that to meet such expense the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On March 3, 1930, the foregoing order was read once and passed, yeas 22.

7. Ordered, That the sum of twenty-five thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Park Commission, for the erection of concrete bleachers at the Chestnut Hill Playground, and that to meet such expense the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On March 3, 1930, the foregoing order was read once and passed, yeas 22.

8. Ordered, That the sum of ten thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Park Commission for the erection of concrete bleachers, and the resurfacing and reseeding of Ronan Park, Ward 15, and that to meet such expense the City Treasurer be authorized to issue, from time to time, at the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On March 3, 1930, the foregoing order was read once and passed, yeas 22.

9. Ordered, That the sum of forty thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Park Commission, for the erection of bleachers, rearranging baseball diamonds, etc., on the Healy Playground, Ward 19, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On March 10, 1930, the foregoing order was read once and passed, yeas 19, nays 0.

10. Ordered, That the sum of twelve thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Park Commission, for improvements, etc., at Charlestown Heights, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On March 10, 1930, the foregoing order was read once and passed, yeas 18, nays 0.

11. Ordered, That his Honor the Mayor be, and he hereby is, authorized and empowered, in the name and behalf of the City of Boston, to release to the Commonwealth of Massachusetts by deed approved by the Attorney-General all right, title and interest of said city in and to certain lands and flats at South Boston, being a part of an area

now known as Marine Park, lying easterly of Farragut road and between said road and flats of the Commonwealth, acquired by the said city for the purposes of a public park under the provisions of chapter 185, Acts of 1875, and otherwise, bounded and described as follows:

That land lying southerly of Reserved channel, and bounded westerly by the extension northerly of the easterly boundary line of Farragut road to the United States pierhead and bulkhead line on the southerly side of Reserved channel; southerly by the following described lines: Line B-C, which is an extension easterly of the southerly boundary line of East First street, one hundred feet; line C-D, running north sixty-seven degrees, fourteen minutes, eighteen and eight-tenths seconds east, seven hundred fifty-two and eight hundredths feet; line D-E, running north eighty-eight degrees, forty-one minutes, ten and seven-tenths seconds east, one thousand six hundred forty-three and sixty-seven hundredths feet; line E-F, running north forty degrees, twenty-seven minutes, ten and eight-tenths seconds east, to its intersection with the United States pierhead and bulkhead line on the southwesterly side of the Main Ship channel; bounded northeasterly by said United States pierhead and bulkhead line; bounded northerly by the United States pierhead and bulkhead line on the southerly side of Reserved channel; all as shown on a plan marked "Exchange of Land at Marine Park, South Boston, Between the Commonwealth of Massachusetts and City of Boston. Department of Public Works of Massachusetts, Scale 1 to 5,000, John N. Ferguson, District Waterways Engineer Acc. 4050," filed in the office of the Massachusetts Department of Public Works, 413 State House.

And as consideration for said conveyance by said City of Boston of the above-described land, the Commonwealth is to convey to the City of Boston the following described land which is at least equal in area to the land above described, and the land to be conveyed by the Commonwealth of Massachusetts is bounded and described as follows:

All the land and flats between Marine Park and Castle Island which lie southerly and easterly of the above-described lines, B-C, C-D, D-E, E-F and extending into Pleasant Bay to a line drawn between points marked B and HH on the United States pierhead and bulkhead line, all as shown on said plan.

And in addition the Commonwealth is to convey to the City of Boston the following described parcels of land:

Three certain parcels of land situated in that part of said Boston called South Boston, bounded and described as follows:

Parcel No. 1: Private way fifty (50) feet wide known as Fargo street, northwesterly by the southeasterly side line of D street, fifty (50) feet; northeasterly by land now or formerly of Fargo Real Estate Trust, seven hundred forty-eight and sixty-six one-hundredths (748.66) feet; southwesterly by the private way known as "E" street, fifty (50) feet; southwesterly by land of the Commonwealth, land now or formerly of the Fargo Real Estate Trust and land now or formerly of Joseph Burnett Company, seven hundred forty-eight and sixty-six one-hundredths (748.66) feet.

Parcel No. 2: Private way sixty (60) feet wide known as Fargo street, northwesterly by the southeasterly side line of the private way known as "E" street, eighty (80) feet, more or less; northerly by land now or formerly of Fred B. Rice four hundred five and ninety-two one-hundredths (405.92) feet, more or less; northeasterly by the southwesterly side line of Summer street ninety (90) feet, more or less; southerly by land of the Commonwealth five hundred twenty-six and forty-six one-hundredths (526.46) feet, more or less.

Parcel No. 3: Private way sixty (60) feet wide known as "E" street, northeasterly by E street as laid from Fargo street to Summer street, December 16, 1901, sixty (60) feet; southeasterly by the private way known as Fargo street and land of the Commonwealth eight hundred eighty (880) feet, more or less; southwesterly by E street as laid out to the low-water mark November 17, 1868, and land of the Commonwealth sixty (60) feet; northwesterly by land of the Commonwealth and the private way known as Fargo street, eight hundred eighty (880) feet, more or less.

Reserving to the said Commonwealth and its assigns the right at any time to lay and operate or to authorize the laying and operating of railroad tracks at grade across the said Fargo and E streets, as provided in chapter three hundred and seventy-seven, Acts of the Legislature of said Commonwealth for the year 1902 and the said Commonwealth for said consideration grants the said city the right to place or slope and maintain all filling required for the grading of said Fargo street and E street upon several premises owned by said Commonwealth, adjoining the above-described parcels of land. The said parcels of land are to be used for the purposes of public streets and the grade of said streets shall be established substantially as follows: Fargo street, between D street and E street as shown on a plan and profile marked "City of Boston, Fargo Street, South Boston, March 1, 1921, F. O. Whitney, Chief Engineer, Street Laying-Out Department"; Fargo street, between E street

and Summer street substantially as now laid out and constructed; E street as shown on plan and profile marked "City of Boston, E Street, South Boston, October 6, 1903, William Jackson, City Engineer."

On March 3, 1930, the foregoing order was read once and passed, yeas twenty-two.

12. Whereas, By an instrument of taking dated September 19, 1919, recorded with Suffolk Registry District of the Land Court as Document No. 32447 and filed with Certificate of Title numbered 7787, the City of Boston laid out Faneuil street, as described in said instrument; and

Whereas, W. Stanley Tripp of Boston conveyed to the said City of Boston a strip of land included in said taking by deed recorded with Suffolk Deeds, Book 4271, page 311, being a portion of the premises described in said deed; and

Whereas, The said taking has not been completed by an entry upon the said land taken for the purpose of construction; and

Whereas, The Florence Crittenton League of Compassion, a Massachusetts corporation, is the owner of adjacent premises and is desirous of having access to said Faneuil street over the said strip of land conveyed as aforesaid to the said City of Boston by the said W. Stanley Tripp;

It is hereby Ordered, That upon the conveyance to the City of Boston by a confirmatory deed satisfactory in form to the Law Department of the City of Boston, of that portion of the premises above mentioned which were owned by W. Stanley Tripp to the said City of Boston, his Honor the Mayor be, and he hereby is, authorized in the name and behalf of the City of Boston to grant all its right, title and interest in and to the premises conveyed to it as aforesaid by the said W. Stanley Tripp to the said Florence Crittenton League of Compassion.

The premises to be conveyed as aforesaid to the said Florence Crittenton League of Compassion are bounded and described as follows:

Easterly by land supposed to belong now or formerly to White, twenty-four and 13-100 feet; southeasterly by the northwesterly line of Faneuil street, four hundred sixty-five and 42-100 feet; westerly by land supposed to be now or formerly of Brogie, thirteen and 71-100 feet; and northwesterly by land now or formerly of the Florence Crittenton League of Compassion, four hundred sixty-four and 78-100 feet, and being lot F on a subdivision plan numbered 134-J, drawn by C. B. Humphrey, surveyor for the Land Court, dated July 25, 1919, and filed with Certificate of Title No. 10911 in the Registry District of the Land Court for Suffolk County, and being a portion of the premises described in Certificate 7787, Book 34, page 187, in said Registry District.

And it is hereby further Ordered, That as a condition precedent to said conveyance by the City of Boston to the said Florence Crittenton League of Compassion the said League shall deliver to the said City of Boston an instrument in writing satisfactory in form to the Law Department of the said City of Boston wherein the said League agrees for itself, and its successors and assigns to waive all claims for damages, and to hold the said City of Boston harmless from all claims for damages caused by or in any way growing out of any laying out or widening of said Faneuil street as a public street of the City of Boston, over any portion of the premises to be conveyed to said League by this order when and if the said City of Boston shall widen and lay out said Faneuil street as a public highway of said City of Boston, and wherein the said League agrees that said agreement shall be made a part of any conveyance to the said League under the authority of this order, and wherein the said League agrees that the said agreement shall be a covenant that will run with the land.

On March 3, 1930, the foregoing order was read once and passed, yeas 22.

13. Ordered, That his Honor the Mayor be, and he hereby is, authorized in the name and behalf of the City of Boston to execute an instrument of release in form satisfactory to the Law Department of the easement taken in private land, Vermont street and Roberts avenue, situate in that part of Boston called West Roxbury. The easement herein referred to was taken for sewerage purposes by an order of the Board of Street Commissioners of the City of Boston approved by the Mayor July 30, 1913, and is shown on a plan marked "City of Boston, Plan No. 293, Sewerage Works, Vermont Street and Roberts Avenue, West Roxbury, July 15, 1913, F. O. Whitney, Chief Engineer, Street Laying-Out Department." Said plan is recorded with Suffolk Registry of Deeds, Book 3750, page 631.

On March 3, 1930, the foregoing order was read once and passed, yeas 22.

The orders were given their second and final reading and passage, yeas 22.

CONFIRMATION OF APPOINTMENTS.

On motion of Coun. BUSH the Council took up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor March 3, 1930, of James P. Hayes, Edgar F. Callahan, Hyman Rossman, William J. Galby, and Charles E. Dowd, to be Constables.

The question came on confirmation. Committee, Coun. Hein and Fitzgerald; whole number of ballots, 20, yeas 20, and the appointments were confirmed.

ANNUITY TO WIDOW OF MICHAEL FALLON.

Coun. WILSON offered the following: Ordered, That an annuity of six hundred dollars be allowed and paid to the widow of Michael Fallon, late member of the Boston Fire Department, who died from injuries received in the performance of his duty, such annuity to continue so long as said widow remains unmarried, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Referred to the Executive Committee.

SIDEWALK ON MATHER STREET.

Coun. WILSON offered the following: Ordered, That the Commissioner of Public Works make a sidewalk along 47 Mather street, Ward 17, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

RESURFACING OF WELLESLEY PARK.

Coun. WILSON offered the following: Ordered, That the Public Works Commissioner through his Honor the Mayor, be, and he hereby is, respectfully requested to resurface Wellesley Park, Ward 17, Dorchester, from Melville avenue to Park street.

Passed under suspension of the rule.

SUPERVISED PLAYGROUND, DORCHESTER PARK.

Coun. WILSON offered the following: Ordered, That the Park Commissioner through his Honor the Mayor be, and he hereby is, respectfully requested to arrange that at least a section of Dorchester Park may be made as supervised playground.

Passed under suspension of the rule.

NEW PLAYGROUND IN WARD 17.

Coun. WILSON offered the following: Ordered, That the Park Commissioner through his Honor the Mayor be, and he hereby is, respectfully requested to name the proposed new playground in the Dunbar avenue section of Ward 17 in honor of the late Corporal Thomas F. Roberts of Dorchester.

Coun. WILSON—Mr. President, I would like to say in regard to that order that it is the desire of Thomas J. Roberts Post No. 216 of the American Legion, in Dorchester, that the new Ward 17 playground be named in honor of Thomas J. Roberts. Thomas J. Roberts was born and always lived in Dorchester. He enlisted in Company C of the old "Fighting Ninth" Regiment in April, 1917. This regiment soon after became part of the 101st Infantry of the Twenty-Sixth Division. He was the first man in his company to give his life for his country, and it is likewise felt that he was the first Dorchester boy to fall on the field of action in France during the World War. He is survived by his father and mother, Mr. and Mrs. Henry G. Roberts, now living at 105 Capen street, Dorchester, and by a sister, Kathryn. The date of Corporal Roberts' death was April 7, 1918. He was commended for conspicuous gallantry while on the field of duty in the La Raine sector, in France. For these reasons I think it is most fitting that this playground should be named for him.

The order was passed under suspension of the rule.

CONSTABLES.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be, and he hereby is, respectfully requested to furnish the City Council with the annual list of constables substantially prior to May 1, 1930.

Passed under suspension of the rule.

Ordered, That a special committee on constables be appointed to consider the advisability of a reduction in the large number of constables annually appointed for the service of civil process in Boston, and especially to consider the qualifications of applicants for reappointment as constables for the City of Boston on and after May 1, 1930.

Coun. WILSON—Mr. President, in reference to those two orders, I would say that they are largely instigated as a result of the recent hearing at the State House on a bill introduced by a Dorchester Representative with regard to the issuance of writs by constables, at which time there was much testimony in reference to the general character of many men now serving as constables of the City of Boston, testimony to the effect that many of them are absolutely unfit for

their duty; that a large number of them were in fact doing the work of collection agencies and various credit houses, and so on. The point was very properly raised by the legislative committee hearing these particular bills that one of the things that might well receive attention was the character of those authorized by the City Council and by the City of Boston to act as constables. So I think it might be well, having the list of constables before us, to carefully go over it and analyze each one that comes in. The question of the qualifications of these appointees is brought to our attention from time to time in our various wards, and it may be that by proper supervision we could lop off 25 to 50 per cent of those now occupying these offices in the City of Boston.

The order was referred to the Committee on Rules.

POLES ON RESIDENTIAL STREETS.

Coun. WILSON offered the following:

Ordered, That the City Council investigate the continued practice of erecting telephone and electric light poles on residential streets in the City of Boston as well as the possibility of taking such steps or drafting such ordinances as will prevent or at least discourage further disfigurement of our residential streets.

Coun. WILSON—Mr. President, in reference to that particular order, and having in mind our recent request to the Board of Street Commissioners that we be notified of these various petitions that have been slipped through by the telephone and electric light companies, with resulting disfigurement of streets in the City of Boston, I would merely raise the point that practically every member of the Council is interested in this matter, on behalf of his constituents. We all know how new streets are put through, and then we continually see poles put up which disfigure those streets. I have recently seen such cases out in my own district. I know of cases, and I think other members have in mind such cases in their own wards, where the companies, where they are unable to put in poles, will make a payment, say of \$100 or \$200 to a property owner, who will allow the company to put up a pole in his rear yard. So it seems to me it might be well to ascertain if there would not be some means of charging the companies a proper amount for putting the poles in back, something that might make it worthwhile, not having them go on and make these deals with private property owners, to the injury of abutting owners, with the city receiving nothing in return. It might be well to see if some arrangements cannot be made with the Telephone Company and the Edison Light Company by which such poles may be put in back where they belong, not disfiguring our streets. I suggest that the rule be suspended and the order passed, and that the City Messenger request a representative of the Street Commissioners to attend our executive meeting, so that we may ascertain just what the situation is.

The order was referred to the Executive Committee.

PROHIBITION OF DOWN-TOWN PARKING.

Coun. WILSON offered the following:

Resolved, That the Boston City Council be recorded with the Boston Traffic Commission as opposed to the recent suggestion by garage interests, two favored taxi cab companies, trucking concerns and Park Square real estate operators to create a closed area on dead parking of automobiles in the entire down-town business district and Beacon Hill.

Coun. WILSON—Mr. President, with reference to this particular order, I might say that last week one of the most destructive proposals for alleged traffic relief presented to date was made by a few elements in the community seeking to put a few additional dollars in their own pockets at the expense of the wholesale and retail business men of Boston and the general public. As the representative of retail business establishments in Boston well pointed out, "the only justification for any regulation of parking is to be found in anticipated benefits to business." Who are the proponents of the present drastic proposals to clear every Boston down-town street, except for the exclusive private parking stands now monopolized by the two taxi cab concerns who block any approach, even by a transient vehicle attempting to leave or take on passengers at every hotel, club and railway terminal in the city? Who are the proponents? First, the down-town garages, one of which for example does more to block Custom House street all day long than any other factor, and all of which have one sole object in view. And it isn't the relief of traffic congestion. Second, two favored taxicab companies, comprising about 20 per cent of the licensed cabs in the city, have obtained a monopoly on every desirable private stand in down-town Boston but apparently are unable to hog all the business even with stacked cards and so would like to drive the other 80 per cent of the taxicab drivers out of down-town Boston entirely. The granting of private stands for a half dozen cabs, for example, on a narrow, congested, one way, no parking, intersecting street such as School street, is an outstanding example of the real attitude of these favored taxicab concerns with reference to an unobstructed and free flow of traffic into the down-town business district. The removal of such a stand would

do more to ease the general traffic flow than complete denial of reasonable parking rights for the general public on any twenty adjacent streets. Third, numerous trucking concerns favor the excluding of your car and mine from the streets in order to make room for more of the five and ten-ton trucks that now stand for hours jutting out into the street with tail boards to the curb and a plank blocking pedestrians even from the sidewalk. Fourthly, they have lined up one of the few interests in Boston which, unless they have money sunk in a few large garage projects, apparently have no real interest in the matter either way, namely, a few brokerage and investment houses, whose customers probably most of them telephone in their orders. Finally, the real power behind this drastic proposal, I say, are the business houses and real estate speculators of the Park square district who see an opportunity to force business away from the down-town stores and out beyond Arlington street where, for some reason parking is not to be thus restricted. They want the suggestion put into effect for at least ninety days. In other words, make it effective while thousands of people are in our city during the next few months incident to the Tercentennial Celebration or on one of the many conventions which are to be held here. The stranger on a visit back to the old home town who wishes to stop his car long enough to make a purchase may either shop out beyond Arlington street, or else park his car out in Jamaica Plain somewhere, and telephone for a Checker taxi to bring him in. So I say that this body should record itself as against a proposal made solely for the benefit of one or two chosen classes in the community and solely from a selfish viewpoint. We are here to represent the real business interests of the community at large and the general public of the City of Boston.

Coun. FITZGERALD—Mr. President, I don't think the Council ought to go on record in a matter of this kind without having some information in regard to it. I don't know whether the councillor was present at the hearing before the Traffic Commissioner or not, but I appeared before the Traffic Commissioner the other day to oppose the parking of automobiles in certain streets in the district I have the honor to represent. I also have the privilege of representing this part of Boston that covers the entire business section. If any man in this body can take the stand that we should allow on a 15-foot street the parking of automobiles all day long, I certainly cannot understand his position in favoring such a proposal. I believe before the Council go on record in this matter they ought to wait and have a little more investigation, get a little more information. We have a situation here in Boston that is deplorable. The people living in the Beacon Hill section, people who occupy their own homes, are unable to get into their homes. The cars come in and park at 8 o'clock in the morning and remain, most of them, until 5 o'clock at night. There is a band of lawyers in this city who will not park their cars in public garages, but their cars can be found any day parked on the hill, and they can be found parked all through the district that I have the honor to represent. I know that the gentleman, as well as the rest of us, must have received serious complaints in regard to this matter. Even on the street where I live myself it is absolutely impossible for those living there to park their own cars, unless they get them there at 6 or 7 o'clock in the morning, going to the garage and bringing them there, and leaving them there until they want to use them. That is the situation that you will find on Allen street, McLean street, Chambers street, Green street, Lynde street, Staniford street, Temple street, Hancock and Derne streets. A number of these streets are absolutely cluttered up with automobiles all day long. I don't want to vote for this proposition until I have more information in regard to it. I simply wish to have my position understood. So far as having the parking such as is now going on in the downtown section and on the hill, I am absolutely opposed to it. Something has got to be done sooner or later. It is not simply a matter of Checker or Town taxis or Independent taxis. It has got to the point when people living in their own homes and paying large rentals are blocked off from their homes. I have made a study of this matter, with other people to assist me, and we have looked up a number of cars. Most of these cars come from outside the confines of Boston, and those driving them in do not leave one cent here. But they leave their cars on the streets all day long and then go out in them at night. There is also, it seems, collusion with certain officials in regard to this car situation. That was brought out at the hearing and is a matter of public record. So I feel that this matter should be laid over and that the official proceedings at the hearing should be brought down here, so that members of the Council may look over the proceedings before voting on the question. I think before arriving at an intelligent solution of the matter we should have an opportunity to read the records of the hearing. I have no quarrel with the gentleman from Dorchester, so far as the situation on State street or in the neighborhood of the Custom House or other streets down there is concerned. But I don't want to go on record on a matter which vitally interests the people of the section I represent, who are bitterly opposed to this promiscuous parking in town. We widen and extend Cambridge street and other streets, expending millions of dollars, and then advantage is taken of that improvement merely for parking purposes. There

are these men who have built garages, at large expense and for the purpose of accommodating cars, and they should be patronized. I am not, however, defending them. I am speaking of this general situation. Take the Suffolk Law School. Just see the cars that are parked in the neighborhood of that school. There are enough cars there to fill a garage. Cars are parked there for hours, cars are parked over that section by lawyers who will charge you a \$50 or \$75 fee if you wished to consult them about anything, and who yet are unwilling to pay 25 or 50 cents for parking their cars. As I say, that is the situation on Allen, McLean, Chambers, Green, Lynde, Staniford, Temple, Hancock and Derne streets, and all down through that section, to the great annoyance and objection of people who live in the section, and who do not have a chance to get access to or egress from the houses where they live, so far as the use of automobiles is concerned. You go to these lawyers for legal advice or services, and they will very soon let you know where they come in, in the matter of their fees, but they do not seem to be able to be willing to spend a little to put their cars into garages and off the streets. They are supposed to assist in upholding the laws and they are constant violators themselves. I saw recently a car parked on Somerset street at 12 o'clock in the day, not along the curb, but directly across, so that a truck couldn't go up or down the hill, and it was still there at 4 o'clock. It had undoubtedly been parked there all day. I noticed it at 12 o'clock and again at 4 o'clock. Finally a tag was put on it. But they also tell you that there are different ways of putting on tags, when you are dealing with your friends or otherwise, so that sometimes they don't mean anything when you are dealing with a favored man. So I think this matter should be referred to our Executive Committee and that it might be well for us to get the records of the hearing before the Traffic Commissioner and to learn something about what was said. There were some serious charges made in regard to police and others in connection with this parking problem, Mr. President. So I think it would be well for the Council to look the proceedings over before we vote for or against the proposed order. I am certainly opposed to such parking as now goes on in front of people's homes all day long.

The order was referred to the Executive Committee.

PROPOSED ACCEPTANCE OF NORMANDY STREET.

Coun. RUBY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept as a public highway Normandy street, Ward 14.

Passed under suspension of the rule.

PROPOSED ACCEPTANCE OF OAK TERRACE.

Coun. RUBY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Oak terrace, Ward 14, as a public highway.

Passed under suspension of the rule.

PROPOSED WARD 12 IMPROVEMENTS.

Coun. BUSH offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Ruthven street, Ward 12.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Schuyler street, Ward 12.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Waban street, Ward 12.

Severally passed under suspension of the rule.

PROPOSED ACCEPTANCE OF HOMES AVENUE.

Coun. KELLY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Homes avenue, from Juliette to Adams streets, Ward 15, as a public highway, in preparation for Dorchester Day of this year, as this avenue is an entrance to Ronan Park and is practically impassable at the present time.

Passed under suspension of the rule.

WARD 22, TRAFFIC SIGNALS.

Coun. GALLAGHER offered the following:
Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to install an automatic traffic signal at Western avenue and North Harvard street, Ward 22.

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to install an automatic traffic signal at Soldiers' Field road and North Harvard street, near Larz Anderson Bridge, Ward 22.

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to install an automatic traffic signal at Soldiers' Field road and Cambridge street, Ward 22.

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to install an automatic traffic signal at Soldiers' Field road and Western avenue, near the Western Avenue Bridge, Ward 22.

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to install an automatic traffic signal at Market street and Western avenue, Ward 22.

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to install an automatic traffic signal at Market street and Washington street, Ward 22.

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to install an automatic traffic signal at Market street and North Beacon street, Ward 22.
Severally passed under suspension of the rule.

PROPOSED ACCEPTANCE OF WASHINGTON PLACE, WARD 9.

Coun. GLEASON offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Washington place, Ward 9, as a public highway.
Passed under suspension of the rule.

WARD 20 IMPROVEMENTS.

Coun. COX offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Tarleton road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out the unaccepted part of Stratford street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Thurlow street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Varick road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Willow street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Walnut street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Westbourne street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Westover extension, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out West Saville street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Worley street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Welton road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Welland road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Whitmore street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Wren street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Wolfie street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Wright street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Yorktown street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Glendale road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Gilmore terrace, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Oakmere street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Park street, Ward 20, from Martin street to Robin street, as a public highway.
Severally passed under suspension of the rule.

ROPING OFF STREETS.

Coun. DOWD offered the following:
Ordered, That the City Messenger be, and he hereby is, authorized to rope off Union Park street and Harrison avenue in the vicinity of Union Park street, between 2.30 and 4.30 p. m. on Saturday, April 12, for the cross-country run of the Cathedral Athletic Association, the expense incident thereto to be charged to the appropriation for City Council, Flags, Ropes and Stakes.
Passed under suspension of the rule.

NEW FIRE STATION.

Coun. MAHONEY offered the following:
Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to provide for the construction of a new fire station in the City Point section to house Ladder 19 and Engine 2.
Passed under suspension of the rule.

RECESS.

The Council voted, at 3.15 p. m., on motion of Coun. FITZGERALD, to take a recess, subject to the call of the Chair. The members reassembled in the Council chamber and were called to order by President LYNCH at 4.45 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. MAHONEY, for the Executive Committee, submitted reports as follows, viz.:

1. Report on resolve (referred today) that City Council be recorded with Traffic Commission as opposed to closed area on dead parking of automobiles in entire downtown business district and Beacon Hill—that same ought to pass.
Report accepted; said resolve passed.

2. Report on message of Mayor and order (referred today) that Commissioner of Public Works be authorized to sell at duly advertised public auction at an upset price of \$700 the ferryboat "General Sumner"—that same ought to pass.
Report accepted; said order passed.

3. Report on order (referred today) that City Council investigate practice of erecting poles on residential streets as well as possibility of taking such steps as will discourage further disfigurement of residential streets—that same ought to pass.
Report accepted; said order passed.

4. Report on petition (referred today) for children under 15 years of age to appear at places of public amusement, viz.:

Maria Paporello, Jordan Hall, May 7—that leave be granted.

Leave granted under usual conditions.

REPORT OF COMMITTEE ON RULES.

Coun. DONOVAN, for the Committee on Rules, submitted report as follows:

1. Report on order (referred March 10) that a special committee of five members be appointed by the President to investigate candidates for reappointment as constables that same ought to pass.
Report accepted; said order passed.

President LYNCH appointed as said committee Coun. Wilson, Fitzgerald, Mahoney, Norton, Donovan.

PROPOSED WARD 19 IMPROVEMENTS.

Coun. MURRAY offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Goldsmith street, from Custer street to the City of Boston passageway, Ward 19, as a public highway.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Goldsmith street, Ward 19.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Lochstead avenue, Ward 19.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Ballard street, Ward 19.
Severally passed under suspension of the rule.

SIDEWALK CONSTRUCTION.

Coun. COX offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Fairview street, from South street to Arnold Arboretum, both sides, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Corey street, from Park street to Newton boundary line, both sides, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. NORTON offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along West street, odd number side, Hyde Park avenue to top of Grew Hill (east side), Ward 18, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Washington street, both sides, Neponset avenue to beyond Van Brunt street, Ward 18, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. KELLY offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Rill street, from Nos. 9 to 31 and Nos. 10 to 36, Ward 15, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. MURRAY offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Goldsmith street, both sides, Ward 19, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Lochstead avenue, both sides, Ward 19, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Ballard street, both sides, Ward 19, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.
Severally passed under suspension of the rule.

APPROPRIATION, CENTRE AND ST. ANN STREETS.

Coun. MURRAY offered the following:
Ordered, That under authority of chapter 248 of the Acts of 1929 the sum of \$1,100,000 be, and the same hereby is, appropriated, to be expended by the Board of Street Commissioners, for Centre

street, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Ordered, That under authority of chapter 248 of the Acts of 1929 the sum of \$500,000 be, and the same hereby is, appropriated, to be expended by the Board of Street Commissioners, for St. Ann street, and that to meet said appropriations the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Coun. MURRAY—Mr. President, might I say in regard to these two orders that the act was accepted by the Council last year and that the tax levy on both streets was fixed. We now have a lot of unemployment, and here is an opportunity to start work on these two streets and keep men employed. If the Mayor so desires, he can start work on Centre street first and on St. Ann street second. We consider in our district work on these two streets to be a necessity, and we feel that it is very important to relieve the unemployment situation in this city. I hope the Finance Committee will meet this week and report back favorably, then putting the matter up to the Mayor and seeing what he intends to do.

The orders were severally referred to the Committee on Finance.

PROPOSED ACCEPTANCE OF FRAWLEY STREET, WARD 10.

Coun. POWER offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Frawley street, Ward 10, as a public highway.

Passed under suspension of the rule.

ANNUITY TO WIDOW OF PHILIP LEAHY.

Coun. COX offered the following:

Ordered, That an annuity of six hundred dollars be allowed and paid to the widow of Philip Leahy, late member of the Boston Fire Department, who died from injuries received in the performance of his duty, such annuity to continue so long as said widow remains unmarried, and to be charged to the appropriation for the Fire Department, Pensions and Annuities.

Referred to the Executive Committee.

POLICE LISTING CARDS.

Coun. NORTON offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Listing Board as to the expediency of having inserted on the police listing cards of April 1 the following questions: "Wage Earner?" "Employed?"

Coun. NORTON—Mr. President, on April 1, a week from tomorrow, the police of Boston will list the residents of this city who are twenty years of age or over. On the cards they will use are two vacant lines at the bottom. The order I have just introduced asks that the Mayor be requested, through the Police Commissioner and the Listing Board, to place a stamp on these two last lines—the first question, "Wage earner?" and the second question, "Employed?" This will then be the first time in the history of any American municipality that an attempt is made to definitely ascertain who is out of work and what the number of those so out of work is. There is no problem today in American life calling for greater attention than that question, now. Getting the desired information, we will then be in a position, knowing what the problem is, to deal with it. The Mayor of Boston, for instance, says that there are 75,000 out of work in the city; others say 100,000. Some of the sunshine fellows claim that there are only 20,000. Here is an opportunity to ascertain from direct data who is a wage earner, and, if a wage earner, whether or not he is working.

The order was passed under suspension of the rule.

PAYMENT OF AID TO SOLDIERS AND SAILORS.

Coun. MAHONEY, for the Committee on Soldiers' Relief, submitted report recommending payment of aid to soldiers and sailors and their families in the City of Boston for the month of March, 1930.

Report accepted, said order passed.

Adjourned, on motion of Coun. WILSON, at 4.54 p. m., to meet on Monday, March 31, 1930, at 2 p. m.

Correction: At the meeting of March 10 (page 93) Coun. Power (not Coun. Norton) called up from the calendar, for confirmation, the appointment of William T. J. O'Malley as constable.

PROCEEDINGS OF SCHOOL COMMITTEE.

March 13, 1930

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6.50 o'clock, P. M., the Chairman presiding.

Present: Messrs. Gray, Hurley Lyons, Mrs. Pigeon, and Mr. Reilly.

The Chairman stated the purpose of the meeting was to provide an additional appropriation by transfer for the taking of property adjoining the Bowditch School yard.

TRANSFER OF APPROPRIATION

The following communication was received:

CITY OF BOSTON—DEPARTMENT OF SCHOOL BUILDINGS

March 12, 1930

School Committee of the City of Boston, 15 Beacon St., Boston, Mass.

Gentlemen:

In compliance with your letter of March 12th, 1930, in which you originate a proposed appropriation order, in accordance with the provisions of Section 7, Chapter 351, of the Acts of 1929, for the transfer of the sum of \$3,500 from the available balance under Item 11, 1928, which made appropriation for the construction of the second unit of the Continuation School (for Girls), to Item 34, 1929, which made provision for the enlargement of the Bowditch School yard, Jamaica Plain:

The Board of Commissioners of School Buildings, at a meeting held this 12th day of March, approved the transfer of the sum of \$3,500 from Item 11, 1928 to Item 34 of 1929, as requested in your communication.

Respectfully submitted,
Board of Commissioners of School Buildings,
By (Signed) RICHARD J. LANE,
Chairman.

Placed on file.

The following was offered:

ORDERED, That of the amounts appropriated by the School Committee under date of Mar. 5, 1928, (see p. 42), the following amount is hereby transferred to the 1929 item of school accommodations as listed below:

FROM

Item 11, 1928—Abraham Lincoln District, City Proper (Continuation School): Construction of second unit, for girls, with public library, shops, etc. (Item 42, 1926).....\$3,500.00

TO

Item 34, 1929—Bowditch District, Jamaica Plain: Enlargement of school yard.....\$3,500.00

Passed by the following vote:

YEAS—Messrs. Gray, Hurley, Lyons, Mrs. Pigeon, and Mr. Reilly—5.

NAYS—0.

Mr. Reilly thanked the members of the Committee for complying with his request for this special meeting of the Committee and explained that his purpose in asking for the meeting was that the appropriation already agreed upon by the School Committee and the Board of Commissioners of School Buildings might be made available immediately so as to permit of the taking by the Board of Street Commissioners within the specified time—March 14. Were action not taken tonight, it would be necessary for the Board of Street Commissioners to re-advertise, and the delay in procedure would of necessity postpone the fitting up of accommodations in the building on the lot immediately adjoining the Bowditch School, and probably postpone until September the transfer of the classes of little children who are to be given the advantage of these better housing conditions. This action tonight will no doubt make the quarters available for school use within the next six or eight weeks.

The prompt action of this evening is a further evidence of the harmony existing between the School Committee, the Superintendent, the Board of Apportionment and the Department of School Buildings.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

WATCHMEN, APRIL 12, 1930.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service. This service includes watchmen and guards in public parks, grounds, institutions and departments and gatemen for ferries.

The subjects of examination with their respective weights will be as follows: Training and experience, 6; memory test, 1; arithmetic, 1; handwriting, 1; accuracy, 1; total, 10.

Applicants will be required to obtain at least 70 per cent in experience, 50 per cent in other subjects, and at least 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination.

STATIONARY ENGINEERS, MARINE ENGINEERS AND OILERS, APRIL 24, 1930.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service.

The examination for each kind of position will include a statement of training and experience, a physical examination and the possession of a license, either as first, second or third class stationary engineer; or as chief, first assistant or second assistant marine engineer. Oilers are not required to have a license.

The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications will be given a physical examination.

PROCEEDINGS OF SCHOOL COMMITTEE.

March 17, 1930

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7.50 o'clock, P. M., the Chairman presiding.

Present: Messrs. Hurley, Lyons, Mrs. Pigeon, and Mr. Reilly.

APPROVAL OF MINUTES

The reading of the minutes of the meetings of March 3 and March 13, 1930, was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENT

The Chairman stated the question was on approving the appointment of a teacher as reported by the Superintendent and laid over at the meeting of March 3, 1930.

The appointment was approved.

PROPOSED FENCE ON MATHER SCHOOL PROPERTY

The following was received:

ORDERED: That the Boston School Committee be requested, through His Honor the Mayor, to erect a fence on the Mather School property bordering East Street, in order to eliminate further accidents to primary grade children of tender years caused by a forty-foot drop to the street for a distance of approximately one hundred yards, the last similar accident in which serious injury resulted to a child named McKendry, nearly resulting in death, having stirred the people of Dorchester to demand the immediate remedying of this dangerous situation.

In City Council, March 10, 1930. Passed.

Attest:

(Signed) W. J. DOYLE,
City Clerk.

Referred to the Superintendent for investigation and report.

DEATH

A communication was received from the Superintendent, under date of March 17, 1930, reporting the death of the following-named teacher on the date stated:

Mather District—Marietta S. Murch, master's assistant, March 3, 1930.

Placed on file.

APPOINTMENTS AND TRANSFER

The following appointments and transfer by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted, under the provisions of Section 265, paragraph 2 of the regulations, the

following additions to the list of teachers approved by him for temporary service:

Day High Schools—Ruth E. Davis, Mary E. Connor, Gerald R. Houghton, Francis W. Leavey.

Day Intermediate Schools—Nicholas DeSalvo.

Day Elementary Schools—Mary E. Clark, Helen C. Crimmins, Kathleen T. Murphy.

Continuation School—Francis R. Doherty.

Trade School for Girls—May D. Fordan, Helen M. Foley, Margaret M. Hurley, Helyn E. Waible.

Household Science and Arts—Kathleen M. Bowen.

Special Classes—Helen T. Goldrick.

Approved.

TEMPORARY TEACHER

On motion of the Superintendent, it was

ORDERED, That the employment of Arthur J. Hartin as temporary shop instructor in the Continuation School is hereby authorized for one day, Feb. 27, 1930.

SPECIAL ASSISTANT

(Appointment)

(Mechanical Department)

Boston Trade School—Joseph F. Hynes, March 6, 1930.

Approved.

TOOLKEEPERS

On motion of the Superintendent, it was

ORDERED, That the employment of the following-named persons as toolkeepers in the Continuation School is hereby authorized on the dates stated:

Joseph Gaffney, Feb. 10, 11, 13, 14, 24, 25, 1930.

Raymond J. Fish, Feb. 26, 27, 28, 1930.

Arthur B. Weener, Feb. 25, 1930.

Primo Lorenzoni, Feb. 24, 1930.

EVENING SCHOOLS

Term 1929-30

Dorchester Evening Commercial High School—Edward J. Rowse, assistant, Feb. 6, 11 and 13, 1930, (three evenings).

Edward Everett Evening School—Katherine F. Dooley, assistant, Mar. 3, 1930, (one evening); Josephine V. Hogan, assistant, Mar. 3, 1930, (one evening).

Eliot Evening School—John A. Dunn, assistant, Mar. 4, 1930, (one evening).

Grover Cleveland Evening School—Gertrude M. Treanor, assistant, Mar. 6, 1930, (one evening).

Washington Irving Evening School—S. Margaret Knowlton, assistant, Mar. 4, 17 and 18, 1930, (three evenings); Mary L. Brennan, assistant, Mar. 6 and 17, 1930, (two evenings).

Boston Trade School (Evening Classes)—Frank T. Deltufo, toolkeeper, Mar. 13, 1930.

Approved.

SUMMER REVIEW SCHOOLS

Principals—Term 1930

(To take effect June 30, 1930)

Summer Review High School—Wilfred F. Kelley.

Lewis Summer Review Intermediate School—John F. Barnicle.

Oliver Wendell Holmes Summer Review Intermediate School—Patrick L. Geary.

Abraham Lincoln Summer Review Elementary School—Joseph F. O'Sullivan.

Bigelow Summer Review Elementary School—Nelson I. Mixer.

Dudley Summer Review Elementary School—William R. Silva.

Hugh O'Brien Summer Review Elementary School—Walter A. Cremen.

Sarah Greenwood Summer Review Elementary School—William P. McDonough.

Shurtleff Summer Review Elementary School—Mary R. Quinn.

Theodore Roosevelt Summer Review Elementary School—Julia R. O'Brien.

Ulysses S. Grant Summer Review Elementary School—Francis O. Wood.

Warren Summer Review Elementary School—Francis A. Duffey.

Wells Summer Review Elementary School—Charles O. Halloran.

William Barton Rogers Summer Review Elementary School—John J. Mahoney.

Approved.

PLAYGROUND TEACHERS

Spring Term of 1930

First Assistants

John H. L. Noyes Playground—Hilda G. Bensliman, May 1, 1930.

Andrews Playground—Augusta F. Borenstein, April 14, 1930.

Vincent Cutillo Playground—Dolores M. Bryan, March 24, 1930.

Plummer Playground—A. Mae Caffery, May 1, 1930.

Edmund P. Tileston Playground—Rose M. Connelly, April 14, 1930.

William Eustis Park Playground—Catherine J. Connolly, April 14, 1930.

Almont Playground—Edith E. Corchemny, April 14, 1930.

William L. Garrison Playground—Margaret M. Corkery, May 1, 1930.

Lucretia Crocker Playground—Martha E. Crane, April 14, 1930.

Fenway Playground—Mary G. Crofwell, May 1, 1930.

Buckley Playground—Lillian Crowley, April 14, 1930.

Madison Park Playground—M. Veronica Davin, April 14, 1930.

Fairmount Playground—Margaret H. Davis, May 1, 1930.

Stanley Ringer Playground—Sylvia DeSimone, April 14, 1930.

U. S. Grant Playground—Emily F. Doherty, March 24, 1930.

Lester Rotch Playground—Mildred A. Doherty, April 14, 1930.

Quincy Dickerman Playground—A. Gertrude Downey, May 1, 1930.

Layfayette Playground—Katherine A. Eaton, May 1, 1930.

Ripley Playground—Mary V. Eaton, April 14, 1930.

Franklin Field Playground—Marjorie H. O. Ellis, April 14, 1930.

Charlesbank-Boys Playground—M. Grace Farley, April 14, 1930.

Comins Playground—Margaret E. Fisher, April 30, 1930.

Franklin Square Playground—Hattie G. Fletcher, April 14, 1930.

William Blackstone Playground—Ann I. Flynn, March 24, 1930.

Matthew J. Sweeney Playground—Eleanor S. Foster, March 24, 1930.

Samuel G. Howe Playground—Anna C. Geoghegan, May 1, 1930.

Mary Hemenway Playground—Esther M. Germaine, April 14, 1930.

Prescott Playground—Gertrude A. Geswell, April 14, 1930.

J. J. Connelly Playground—Josephine F. Gildea, April 14, 1930.

Quincy Playground—Mary J. Glancy, April 14, 1930.

Mission Hill Playground—Esther M. Hanney, March 24, 1930.

William E. Carter Playground—Anna G. Harrington, April 14, 1930.

Michael J. Perkins Playground—Ella T. Hayes, April 14, 1930.

Hancock Playground—Emma K. Heggie, April 14, 1930.

John A. Doherty Playground—Julia R. Hennessey, April 14, 1930.

William F. Smith Playground—Agnes E. Holland, May 1, 1930.

Billings Field Playground—Esther K. A. Johnson, April 14, 1930.

Charlestown Heights Playground—Margaret M. Kane, April 14, 1930.

James A. Garfield Playground—Mary E. Kean, May 1, 1930.

Samuel Adams Playground—Gertrude C. Keating, April 14, 1930.

Bowdoin Playground—Sarah A. Keefe, March 24, 1930.

John J. Williams Playground—Alice H. Kelley, May 1, 1930.

Richard C. Humphreys Playground—Vera Leaf, May 1, 1930.

Winchell Playground—Leonore E. Lewis, April 14, 1930.

Ellis Mendell Playground—Anna M. Madden, April 14, 1930.

Brookside Playground—Kathleen B. Mahoney, April 14, 1930.

George H. Walker Playground—Mabel A. Michie, April 14, 1930.

Roger Wolcott Playground—Annabelle E. Moise, May 1, 1930.

John W. Murphy, Jr., Playground—Pearl D. Monaghan, April 14, 1930.

J. M. & J. J. Sullivan Playground—Teresa L. Monahan, March 24, 1930.

Harborview Playground—Alice E. Moore, May 1, 1930.

Cudworth Playground—Helen F. Morrison, May 1, 1930.

West Third Street Playground—Margaret P. Mullen, March 24, 1930.

William E. Russell Playground—Florence E. Murphy, May 1, 1930.

Everett Playground—Margaret M. Murphy, May 1, 1930.

John Winthrop Playground—Marjorie M. Murphy, March 24, 1930.

McConnell Park Playground—Anna E. Murray, May 1, 1930.

Stoughton Playground—Muriel H. Murray, May 1, 1930.

Daniel Webster Playground—Helen M. Macdonald, March 24, 1930.

Ronan Park Playground—Marie C. McCabe, April 14, 1930.

Shawmut Playground—Mary D. McCusker, May 1, 1930.

Orchard Park Playground—Helen M. McGinley, April 14, 1930.

Robert Swan Playground—Eleanor McGowan, May 1, 1930.

James Otis Playground—Grace E. McKinnon, March 24, 1930.

Arthur McLean Playground—Mary M. McLaughlin, March 24, 1930.

Fallon Field Playground—Agnes M. McNulty, April 14, 1930.

James F. Holland Playground—Mary C. Norton, April 14, 1930.

Washington Park Playground—Eleanor F. O'Brien, April 14, 1930.

Columbus Park Playground—Mary F. O'Connell, April 14, 1930.

Frederick D. Emmons Playground—Jane E. O'Brien, April 14, 1930.

James L. Cronin Playground—Helen B. O'Neill, April 14, 1930.

William H. Garvey Playground—Marian H. Parker, May 1, 1930.

Readville Playground—Helen D. Perry, May 1, 1930.

Morrison Playground—Marguerite E. Quilty, April 14, 1930.

Wachusett Playground—Helen L. Regan, May 1, 1930.

Christopher J. Lee Playground—Mary A. Reilly, April 14, 1930.

Washington Schoolyard Playground—Ida M. Rizzo, April 14, 1930.

James F. Healey Playground—Anna A. Rush, April 14, 1930.

Peter Faneuil Playground—Dorothy G. Sharkey, April 14, 1930.

Charlestown Neck Playground—M. Alice Sheridan, April 14, 1930.

Wendell Phillips Playground—Catherine C. Sullivan, May 1, 1930.

Portsmouth Street Playground—Monica P. Sullivan, April 14, 1930.

Frothingham Playground—Elizabeth I. Teaffe, May 1, 1930.

Philip H. Sheridan Playground—Elvira L. Vecchione, May 1, 1930.

Farragut Playground—Gladys I. Viennau, May 1, 1930.

Charlesbank—Girls Playground—Rebecca Zoken, April 14, 1930.

Rogers Park Playground—Elizabeth A. O'Toole, April 14, 1930.

Approved.

Assistants

John Winthrop Playground—Harriett M. Brazzell, March 24, 1930.

Lucretia Crocker Playground—Margaret B. Clancy, April 14, 1930.

Harbor View Playground—Marguerite Coughlan, May 1, 1930.

Stanley H. Ringer Playground—Regina K. Curley, April 14, 1930.

Orchard Park Playground—Eleanor C. Curran, April 14, 1930.

Lafayette Playground—Katherine F. Glynn, May 1, 1930.

Mary Hemenway Playground—Agnes R. Kelley, April 14, 1930.

Matthew J. Sweeney Playground—Ruth P. Lang, March 24, 1930.

Washington Park Playground—Margaret E. Lundell, April 14, 1930.

Hancock Playground—Mary F. Monahan, April 14, 1930.

Michael J. Perkins Playground—Mary E. McGinty, April 14, 1930.

Morrison Playground—Anna J. Reavey, April 14, 1930.

Daniel Webster Playground—Roberta Selig, April 14, 1930.

William L. Garrison Playground—Dorothy Tuohy, May 1, 1930.

Prescott Playground—Alice M. Wells, April 14, 1930.

Charlestown Heights Playground—Margaret M. Tague, April 14, 1930.

Approved.

Sand Garden Assistants

Charlesbank—Boys Playground—Goldie Brass, April 14, 1930.

James Otis Playground—Anna C. Cardoza, March 24, 1930.

Mission Hill Playground—Mary A. Cooney, March 24, 1930.

Frederick D. Emmons Playground—Anna V. Cremins, April 14, 1930.

Vincent Cuttillo Playground—Anne M. Dirksmeier, March 24, 1930.

Madison Park Playground—Mary R. Flaherty, April 14, 1930.

Cudworth Playground—Elizabeth F. Harvey, May 1, 1930.

U. S. Grant Playground—Mary T. Healey, April 14, 1930.

Ronan Park Playground—Ruth A. Leddy, April 14, 1930.

Washington Schoolyard Playground—Mary L. Mahoney, April 14, 1930.

John A. Doherty Playground—Marie G. A. Ryan, April 14, 1930.

William E. Carter Playground—Eleanor E. Sullivan, April 14, 1930.

Approved.

Emergency List, Playground Service Spring Term of 1930

A communication was received from the Superintendent, submitting, subject to the approval of the School Committee, lists of teachers approved by him for service in the playgrounds for the Spring Term of 1930, in accordance with the provisions of section 306, paragraph 2 of the regulations, from which lists appointments will be made as needed, according to numerical rating:

First Assistants—Theresa E. Adan, Beatrice Barish, Mary C. Barrett, Charlotte C. Blue, Florence G. Bogrette, Agnes C. Brine, Dorothy M. Buck, Anna T. Burke, Mary C. Cadigan, Anne M. Callahan, Alice V. Campbell, Eleanor F. Clancy, Margaret E. Cleary, Ruth E. Condon, Catherine G. Crane, Mary H. Crotty, Helen V. Crowley, Madeline C. Cunningham, Anabel M. Dacey, Virginia M. Dente, Margaret E. Devine, Catherine M. Doherty, Helen L. Doyle, Dorothy E. A. Dunn, Dorothea Duane, Marie A. Dwyer, Eleanor F. Fallon, Blanche Feldman, Mary R. Freiburger, Louise C. Galvin, Frances H. Garrett, Margaret M. Gill, Margaret E. Grant, Bessie L. Greenstein, Dorothy I. Guy, Mary M. Hale, Mary B. Hart, Mary W. Hastry, Mary B. Helfrich, Margaret E. Hennessey, Anna I. Horne, Margaret S. Humphrey, Louise E. Hurley, Gertrude Hurwitz, Eleanor R. Kiernan, Marion C. Kiernan, Thelma M. Knight, Helen R. Leary, Helen M. Leonard, Edna Livingston, Grace K. Loneragan, Mary L. Maguire, Miriam I. Maloney, Catherine T. Manning, Mary C. Matthes, Mary E. Milliken, Alice G. Moran, Julia E. Matthes, Catherine G. Mulcahy, Helen F. Murphy, Sibyl U. Murphy, M. Ella MacGibbon, Mary P. MacIntyre, Julia C. McAndrew, Anna E. McCarthy, Katherine F. McCarthy, Mary J. McCarthy, Lillian M. McCormick, Alice M. McLaughlin, Elizabeth A. McMurtry, Marion F. O'Brien, Gertrude R. O'Doherty, Elizabeth M. O'Keefe, Marguerite F. Otis, Dorothy J. Page, Eileen T. Raftery, Alice V. Rice, Stella D. Rose, Ada Schlosberg, Anne Segaloff, Florence E. Smith, Margaret M. L. Sloan, Mary V. St. Thomas, Margaret R. Scully, Helen T. Sullivan, Helen E. Sweeney, Alice L. Treacy, J. Dorothy Troy, Helen F. Twiss, Helen C. Weiss, Annie L. Young.

Approved.

Assistants—Hannah R. Aronson, Dorothy F. Baxter, Anna M. Bergin, Anna Block, Victoria A. Blue, Kathleen M. Brooks, Aimee F. Brown, Genevieve F. Campbell, Mary C. Campbell, Elsie M. Carlson, Claire M. Carty, Kathryn Chamberlain, Mary A. Creagh, Marie F. Curran, Sara M. Curran, Dorothy G. Cussen, Kathleen L. Doherty, Katherine V. Donahue, Mary C. Donahue, Maud A. Dooley, Alice M. Dunn, Helen V. Donnelly,

Dorothy M. DeCoursey, Ruth A. Edwards, Katherine A. Eldridge, Marion A. Elliott, Ellen S. Enos, Helen J. Finan, Louise M. Flavin, Jane E. Fleming, Teresa C. Fopiano, Ruth L. Gallant, Anna Glavin, Evelyn A. Glavin, Margaret E. Good, Mary L. Harrington, Mary Elizabeth Hayes, Florence E. Horne, Editha L. Hurley, Mary E. Hutchens, Dorothy A. Hynes, Anna R. Keating, Margaret B. Keefe, Catherine H. Keleher, Mary P. Killion, Marion G. Lane, Dorothy A. Loughran, Elinor B. Lynch, Phyllis G. Madden, Ernestine G. Manks, Helen J. Martin, Helen B. Maxwell, Lillian I. McCarthy, Madeline H. McCarthy, Helen G. McGillicuddy, Hilda M. Meagher, Katherine M. Meara, Mary A. Meehan, Margaret Mellen, Marion W. Meloy, Mary G. Moran, Mary Agnes Mullen, Mary Angela Mullin, Anna May Murphy, Eleanor R. Murray, Kathleen R. O'Brien, Helen M. O'Conner, Rose M. O'Donnell, Ella M. O'Leary, Helen G. Phillimore, Rae Pimental, Mary V. Quane, Dorothy L. Quinn, Mary A. Rodenhiser, Dora F. Rosen-gard, Margaret C. Rossiter, Alice T. Sweet, Ethel J. Tierney, Frances B. Tierney, Grace E. Tracy, Catherine M. Vaughan, Viola F. Velardo, Vivian A. Wheaton, Mary F. Watson, Eva B. Weiner, Helen T. White, Elizabeth P. Wight.

Approved.

Sand Garden Assistants—Lily G. Alexander, Mollie Berly, Genevieve M. Cannata, Sophie Cohen, Ethel M. Cunningham, Elizabeth M. Corr, Theresa M. DeGrandis, Catherine A. Davis, Mary J. Grant, Gertrude C. Grossman, Marion F. Hally, Helen P. Hourihan, Mary J. Keefe, Gertrude S. Lampke, Catherine E. Lavache, Mary H. Leaney, Anna T. McNerny, Georgie S. Munroe, Elizabeth B. Perlmuter, Mary J. Petruzzelli, Margaret A. Reilly, Elizabeth A. Scheele, Madelene R. Sullivan, Ida C. Tucker, Joanna T. Vaughan.

Mechanic Arts High School—at 101st Infantry Armory—Friday, May 16, 1930.

Annual Street Parade, Friday, June 6, 1930.

ADOPTION OF SCHOOL DOCUMENTS

On motion of the Superintendent, it was

ORDERED, That the accompanying pamphlet, "Suggestions for Tercentenary Celebration in Boston Public Schools, Grades I-VI, 1630 to 1930" is hereby adopted; and that twenty-five hundred (2,500) copies be printed as a school document.

On motion of the Superintendent, it was

ORDERED, That the accompanying pamphlet, "Tercentenary Bibliography for Boston Public Schools" is hereby adopted; and that six thousand (6,000) copies be printed as a school document.

DISCONTINUANCE OF WARREN-BUNKER HILL SCHOOL

A communication was received from the Board of Superintendents, under date of March 17, 1930, reporting that in response to reference from the School Committee at the meeting of March 3, 1930, the Board of Superintendents has considered the following order passed by the City Council at its meeting of Feb. 24, 1930:

ORDERED, That the School Committee be requested, through His Honor the Mayor, to consider the advisability of discontinuing the Warren-Bunker Hill School following the completion of the new Junior High School in Charlestown.

The Board of Superintendents recommends that the School Committee advise the City Council through His Honor the Mayor, that the term "Warren-Bunker Hill" refers to a combination of two school districts—the Warren District and the Bunker Hill District—now being operated as one school district.

The construction of the proposed intermediate school in Charlestown will relieve this district and the other two districts in Charlestown and enable the School Committee to discontinue the use of several buildings in the three districts; but neither the Warren building nor the Bunker Hill building could well be spared for they will be needed for kindergartens and Grades I-VI. At the present time there is no information at hand which would seem to warrant the discontinuance in the near future of either the Warren or the Bunker Hill School buildings.

The report was accepted and ordered transmitted to the City Council.

AUTHORIZED LIST OF TEXT BOOKS

The Superintendent offered the following orders:

ORDERED, That the following-named books are hereby authorized for use in the grades indicated, instead of in the grades previously authorized:

Burke, E. Speech on Conciliation with America. All editions Grade XII.

Goethe, J. W. Von. Hermann and Dorothea. All editions. Grade XII.

Hill, H. C. and Lyman, R. La V. Reading and Living, cpt. 1924. Book 2. Chas. Scribner's Sons. Grade VIII.

Jackson, J. H., Sanders, T. H. and Sproul, A. H. Forms to accompany "Bookkeeping and Business Knowledge," Ginn and Co.

First-year course, Grade X.

Second-year course, Grade XI.

Lessing, G. E. Minna von Barnhelm. All editions. Grade XII.

Lowell, J. R. The Vision of Sir Launfal, with Coleridge's Ancient Mariner. Scott, Foresman Co. Grade VII.

Lowell, J. R. The Vision of Sir Launfal, Under the Old Elm, and other poems. (Riverside Literature Series.) Houghton, Mifflin Co. Grade VII.

Marsh, L. Elementary German Correspondence. I. Pitman and Sons. Grade X.

ORDERED, That the following-named books are hereby dropped from the list, no further copies to be purchased (Recommendations by Councils):

Bierwirth, H. C. and Herrick, A. H. Ahrenlese: A German Reader with Practical Exercises, D. C. Heath & Co.

DeVitis, M. A. A Spanish Reader for Beginners. Allyn and Bacon.

Ford, E. C. and Ford, J. D. M., editors. Spanish Fables in Verse. cpt. 1918, D. C. Heath and Co.

Hamann, A. Echo of Spoken German. Rud. Geigler. (Schoenhof Book Co.)

Howes, A. W. A Brief English Literature. cpt. 1903. D. C. Heath and Co.

Pinol, F. Historietas, cpt. 1924. World Book Co.

Ramsay, M. M. Elementary Spanish Reader. Henry Holt and Co.

Warshaw, J. and Bonilla, R. H. Elements of Spanish. cpt. 1924. Scott, Foresman Co.

Laid over.

REPORT ON AUDIT OF BOOKS AND ACCOUNTS

A communication was received from Charles E. DiPesa & Co., under date of March 7, 1930, submitting the report on the audit of the books and accounts of the Business Manager, the Secretary, the Principals of the Boston Trade School, the Continuation School, and the Trade School for Girls, the coordinators of the co-operative industrial courses in the Brighton High School, the Charlestown High School, the Dorchester High School for Boys, and the Roxbury Memorial High School (Boys), and the Treasurer of the School Committee, for the twelve-month period ending Dec. 31, 1929.

Placed on file.

The Chairman called attention to the following paragraph contained in the report of the auditors above mentioned:

"We are pleased to comment upon the standard of efficiency maintained at the office of the Business Manager, and also upon the willingness of all branches to co-operate in the performance of our audit."

FEBRUARY DRAFT ON CITY AUDITOR

A communication was received from the Business Manager, under date of March 17, 1930, reporting that the totals of the requisitions on the City Auditor, covering expenditures on the February draft

of the current year, approved by the members of the Committee were as follows, the expenditures on the same draft by the Department of School Buildings being also shown:

EXPENDITURES BY SCHOOL COMMITTEE

Salaries of Principals, Teachers, Members of the Supervising Staff and Others....	\$1,019,916.62
Salaries of Administrative Officers, Clerks, Stenographers, Supervisors of Attendance and Other Employees...	31,314.53
Salaries of Custodians and Salaries of Matrons.....	70,629.77
Fuel and Light, including electric current for power.....	38,579.03
Supplies and Incidentals.....	56,837.72
Pensions to Supervisors of Attendance and Pensions to Custodians	273.01
Physical Education—Salaries of Teachers, Members of the Supervising Staff and Others, and Supplies and Incidentals —Day Schools and Playgrounds	13,968.44
Salaries of School Physicians, Salaries of School Nurses and Care of Teeth.....	17,898.74
Extended Use of the Public Schools—Salaries and Supplies and Incidentals.....	10,700.52
Pensions to Teachers.....	10,559.57
	\$1,270,677.95

EXPENDITURES BY DEPARTMENT OF SCHOOL BUILDINGS

Alterations, repairs, furniture and fixtures for school buildings	\$37,065.29
Lands, plans and construction of school buildings.....	219,847.72
	\$256,913.01

The total expenditures on the February draft for all school purposes were therefore \$1,527,590.96.

Placed on file.

TRANSFERS OF CUSTODIANS

Communications were received from the Schoolhouse Custodian, under date of March 17, 1930, transmitting lists of custodians desiring transfer and recommending that the following-named candidates, who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates stated:

Joseph Doherty, custodian, Thomas Dwight Schoolhouse, to the Charles Bulfinch Schoolhouse, March 14, 1930.

Walter S. Harvey, custodian, Benjamin F. Tweed Schoolhouse, to the Ellen H. Richards Schoolhouse and Portable No. 165, March 14, 1930.

Placed on file and the transfers approved to take effect on the dates stated.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of March 17, 1930, recommending that leaves of absence be granted the following-named custodians for the periods specified:

Jeremiah J. Murphy, custodian, Roger Wolcott Schoolhouse, March 12, 13, and 14, 1930, on one-half net compensation, because of personal illness.

John J. Murphy, custodian, William Eustis Schoolhouse, March 1, 1930, on one-half net compensation, because of personal illness.

Edward J. Peterson, custodian, Public Latin Schoolhouse, Feb. 25 to Feb. 28, 1930, inclusive, on one-half net compensation, because of personal illness.

Placed on file and leaves of absence granted for the periods specified.

FINANCE COMMISSION'S INVESTIGATION OF SCHOOL EXPENDITURES

The Chairman read the following statement and in connection therewith reported that Mr. Gray, who is unfortunately confined to his home by illness this evening, has listened to the reading of the statement over the telephone and has been told of the discussion in School Committee as a result of which this statement is issued. Mr. Gray joins with the School Committee in its issuance, making the action unanimous:

The School Committee welcomes the Finance Commission's declared intention of investigating school expenditures. The criticisms made by the Finance Commission have been leveled not at the integrity of the members of the Board of Apportionment, but at their judgment. Every man is innocent until the contrary is proved. This fundamental American principle finds application here. The public should reserve its decision until the report of the Finance Commission has been acted upon by the School Committee. If the School Committee finds, after the Finance Commission's report, that any mistakes have been made and that a repetition of such mistakes can be avoided by School Committee action, then the School Committee hereby pledges itself to take whatever action is necessary in the premises, regardless of the individual, individuals, or system which may be affected by such action.

Two years ago the School Committee appointed a Survey Committee composed of such citizens as Judge Michael H. Sullivan, former Chairman of the Finance Commission; President A. Lawrence Lowell of Harvard University; Mr. Carl Dreyfus; Mr. Francis R. Bangs; Mr. Frank P. Fenton; and Mrs. Willard Dana Woodbury to investigate the entire school system. After devoting a year and a half of study to this investigation, the Survey Committee has presented to the School Committee its report. The present School Committee has devoted one extra meeting each week to the consideration of the Survey Committee's report, on which much progress has been made.

The School Committee will give the same consideration to the Finance Commission's report and will take any action it deems necessary upon the receipt of the report.

UNFINISHED BUSINESS

The two orders laid over at the meeting of March 3, 1930, making changes in the authorized list of text books, were taken up and passed.

The order laid over at the meeting of March 3, 1930, amending various sections of the rules and regulations, was taken up and passed.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

BOSTON AREA TO WARD LINES.

Total, 30,598 acres (*i. e.*, 47.81 square miles), 2,944 acres being filled land, 1,143 acres water area and 1,436 acres flats. Land area only, 28,019 acres (*i. e.*, 43.78 square miles). Included in the latter are 160 acres of filled flats recently added to the land area of South Boston and 175 acres to that of East Boston.

Original Boston contained about 780 acres of land. Of the twelve leading American cities, eight are larger in land area than Boston, viz., Los Angeles (441 square miles), New York (318), Chicago (199.4), Philadelphia (129), Baltimore (91.9), Detroit (80), Cleveland (56.6) and St. Louis (61.25). The only city in Massachusetts with larger land area is Taunton (50 square miles).

If Boston should expand by annexations as New York, Chicago, Philadelphia, Los Angeles and others have expanded, its total area, in case of including the thirty-nine cities and towns within the 15-mile radius, would be second to the largest, viz., Los Angeles, the present land area of "Greater Boston" being 409.5 square miles.

ALTITUDES IN BOSTON.

(1) Highest, Custom House tower, 510.71 feet, *i. e.*, top of finial above mean low water (same as "city base") or 495 feet from surface of street; (2) Bellevue Hill, West Roxbury, 376.3 feet to top of new reservoir, or about 320 feet of top of hill; (3) Bunker Hill Monument, 307.84 feet, or top of Breed's Hill, Charlestown, at base of monument, 86.44 feet; (4) Slocum Hill, near Allandale street, Jamaica Plain, about 300 feet; (5) High Fort Observatory, Highland Park, Roxbury, 291 feet, on top of hill at base of tower, 158 feet; (6) Revolution Memorial Monument, Telegraph Hill, South Boston, 270 feet, or top of hill at base of monument, 145 feet; (7) State House, top of dome, 261 feet; (8) Hill between Poplar and Dale streets, West Roxbury, near Hyde Park boundary line, about 258 feet; (9) Peters' Hill, Arnold Arboretum, 237 feet; (10) Fairmount Hill, Hyde Park, about 220 feet, Beacon Hill, now 107.89 feet (*i. e.*, at corner of Mt. Vernon and Joy streets), was originally about as high as the base of the State House dome.

LIFE-GIVING PATRIOTISM IS LOCAL.

By civic patriotism is meant the feeling and the taking of a deep, unselfish, earnest, ever-wakeful, active interest in the affairs of one's own city or local community, regarding it as having an autonomy, a distinct personality, a name and interests of its own, and, if one pleases, endowed with a sense of personal honor and with all laudable ambitions for the promotion of the welfare of its people.

Where such civic virtues exist the local community will neither suffer from the dry-rot of public indifference and neglect nor become tainted with graft or corruption. Its life will be healthful, and, like the ocean, will be kept pure by its own ceaseless flow and movement. All life-giving patriotism is local.

Show a good municipal citizen and one will see a citizen who loves his state, and who loves his nation, and who will discharge all the duties of this triple relation. Good government in local affairs is the best assurance of good government in state and national affairs.

**CIVIL SERVICE EXAMINATIONS.
(STATE.)****STATE EXAMINERS OF ELECTRICIANS.**

Examination will be held at the following points and on the following dates:

Boston, Monday, April 7.
Springfield, Thursday, April 10.
Boston, Monday, May 12.
Worcester, Thursday, May 15.
Boston, Monday, June 23.
Boston, Tuesday, June 24.
Boston, Monday, September 22.
Worcester, Thursday, September 25.
Boston, Monday, October 6.
Lowell, Thursday, October 9.
Springfield, Friday, November 7.
Pittsfield, Saturday, November 8.
Boston, Monday, December 8.
New Bedford, Wednesday, December 10.
New Bedford, Thursday, December 11.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master of journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

ELLIOT H. GOODWIN,
PAYSON SMITH,
GEORGE C. NEAL,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

**PITTSFIELD FIRST CITY TO ADOPT
WELDING SOCIETY BUILDING CODE.**

Pittsfield, Mass., is the first city in this country to make formal adoption of the building code proposed by the American Welding Society to make available the advantages of welding in the construction of buildings in municipalities.

**CONSOLIDATION OF COUNTIES TO
REDUCE TAXES.**

Just as consolidation of small business under holding or managing companies reduces overhead costs, it is fair to believe that consolidation of small counties into larger units would reduce taxes through eliminating duplicating offices, etc.

New York has a plan for recasting more than 60 counties into 37 units, and Tennessee, after already having merged 2 counties, now plans to merge the 95 counties in the state into 11 new units.

The results of Tennessee's experience in merging Hamilton and James counties in 1919, as portrayed by J. W. Manning of Vanderbilt University, are interesting. He points out that taxes in James County have been reduced one half, paved highways have been increased from two miles to fifty miles, and many manufacturing plants have entered the county because of the reduction in taxes. The results in New York and Tennessee will be watched with interest by the whole country.

SETTLEMENT OF BOSTON, 1630.

Effected by Puritan colonists under Governor John Winthrop in the latter part of August, 1630. The name of the original settlement was changed to Boston from Trimountaine by order of the Court of Assistants on September 7, (O. S.), 1630. This date was moved forward by the new style calendar in 1752 to September 17, the recognized date of the founding of Boston. The name, Trimountaine, had been given because of the three peaks of the most prominent hill, afterward called Beacon Hill, much higher then than now. By the Indians the place was called Shawmut. The name, Boston, was derived from the English town of Boston in Lincolnshire, the home of some of the leading colonists and promoters of the enterprise.

DIMENSIONS, ETC., OF BOSTON.

Boston's greatest length, 13.8 miles, *i. e.*, from northern end of East Boston to southern end of Hyde Park; greatest width, 7.75 miles, *i. e.*, from Marine Park shore to western end of Brighton; median transverse width, 5.75 miles, *i. e.*, from Charles river at Harvard Bridge to Neponset river at Blue Hill avenue; width of business center, 1.2 miles, *i. e.*, from Charles river at Cambridge Bridge to Fort Point channel at Summer street. Geographical center of city in Roxbury, corner Walnut and Westminster avenues.

**NEW ORLEANS BUILDING THREE NEW
INCINERATORS.**

Three new incinerators to cost a total of \$700,000 are under construction at New Orleans and will add appreciably to that city's sanitation system. This will make a total of five plants where garbage can be readily disposed of. The plants, according to Commissioner of Public Property John Klorer, will be equipped in the most scientific manner with special provision for the prevention of any smoke nuisance.

The incinerators are conveniently distributed about the city, one of the new ones being almost ready for use. The one now nearing completion can handle 170 tons of garbage every 16 hours with no odor escaping, and its stacks are 125 feet high.

THE WORST YEAR YET IN DEATHS FROM AUTOMOBILE ACCIDENTS.

Thirty-one thousand five hundred motor-vehicle deaths in the United States during 1929 is the estimate of the National Safety Council. This is 13 per cent worse than the 1928 record, although motor-vehicle registration increased only 8 per cent during the year. This increase corresponds closely to figures just reported by the Metropolitan Life Insurance Company, covering automobile accident deaths of its Industrial Department weekly premium policyholders for the last two years. The insurance company's total for this group for the calendar year 1929 is 4,127, as compared with 3,619 in 1928. The comparisons on a basis of policyholders exposed to risk are 21.8 motor-vehicle deaths per 100,000 policyholders in 1929, and 19.7 in 1928.

CHICAGO POLICE ALLOW SPEED ON SAFETY BASIS.

Traffic police in Chicago have been ordered to make a "sane application" of the law on speeding, determining the relation of an automobile's speed to the hazards it may create, according to "Chicago Commerce," published by the Association of Commerce of that city.

Such an interpretation of the law is new to Chicago, but is based on the experience of Michigan police and of those in other states where speed limits have been legally removed in favor of the enforcement of cautious driving.

"The Illinois statute," states Police Commissioner William F. Russell, "makes it illegal to drive at a speed greater than is reasonable and proper, having regard to the traffic and the use of the way, or so as to endanger the life or limb or injure the property of any person."

"The following types of fast driving are particularly dangerous and must be stopped:

"Cutting in and out of traffic at excessive speed.

"Excessive speed while approaching or passing pedestrians in the street.

"Excessive speed while approaching an intersection where the view of the other street is obstructed.

"Driving at high speed on a boulevard or through street in such a manner as to prevent other drivers from entering or crossing the same after they have made the legal stop.

"Driving at excessive speed while turning a corner where pedestrians are crossing.

"Driving at excessive speed at any time where an accident results, causing injury to any person or property."

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

PUBLIC AUCTION.

By order of the Superintendent of Construction, Department of School Buildings, and approved by his Honor the Mayor, I will sell at public auction on Friday, April 11, 1930, at 11 a. m., the land located on Union street, Brighton, containing approximately 67,280 square feet, more or less, at an upset price of \$35,000.

Terms and conditions of the sale, cash or certified check for \$3,500 and the balance in thirty days. Further information from the auctioneer.

EDWARD W. FOYE,
Municipal Auctioneer,
24 School Street, Boston.

(April 5.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TRAFFIC TREADS TO THE BRIDGE SERVICE.

The Supply Department of the City of Boston invites proposals for furnishing traffic treads to the Bridge Service, Public Works Department of the City of Boston, according to specifications to be obtained from the office of the Supply Department, Room 801, City Hall Annex. Bidder must use the form of proposal to be obtained at this office, and the successful bidder must furnish a bond for one quarter the amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Tuesday, April 15, 1930, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left with the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all proposals or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
Superintendent of Supplies.

(April 5.)

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR WIRE FENCE AT MT. HOPE CEMETERY, WEST ROXBURY.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for wire fence at Mt. Hope Cemetery, West Roxbury. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street, Boston. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Wire Fence at Mt. Hope Cemetery, West Roxbury," and left before 12 o'clock noon on Thursday, April 17, 1930, at the office of the Park Department, with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 50 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

TO GENERAL CONTRACTORS.

The Superintendent of Public Buildings of the City of Boston invites sealed proposals to erect and complete, including all trades, the additions and alterations to East Boston Court-house and Police Station 7, East Boston district, Boston, Mass., giving bond of a surety company satisfactory to the Superintendent therefor in the sum of the full amount of the entire contract price. Only proposals obtained at the office of the Superintendent of Public Buildings, 802 City Hall Annex, signed by the bidder, and left before 12 o'clock noon of April 22, 1930, at said office, with a certified check for \$5,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening the bids. The Superintendent reserves the right to reject any or all proposals. A deposit of \$25 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

JOHN P. ENGLERT,
Superintendent of Public Buildings.

STREET LAYING-OUT DEPARTMENT.

NOTICE OF LAND-TAKING.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, April 2, 1930.

Ordered, That due notice be given that this Board is of the opinion that public necessity requires the taking of the following properties for school purposes, substantially as shown on plans on file in the office of this Board, that it intends to pass orders to make said takings, and that it appoints 12 o'clock m., of April 22, 1930, and the office of this Board, 401 City Hall Annex, as the time and place for public hearings in the matters.

88-90 Green street, West Roxbury district, approximately 5,880 square feet of land, and building.

Vacant lot, containing approximately 3,720 square feet of land, on Middle street, South Boston district, abutting the northwesterly side of the John Boyle O'Reilly School lot; and 52 Woodward street, South Boston district, approximately 2,700 square feet of land and building.

Eight lots of land bounded by Hyde Park avenue, Hawthorne and Hamilton streets, Hyde Park district, containing approximately 48,000 square feet.

Land and buildings, 187 and 189 Paris street, East Boston district, containing approximately 3,625 square feet; and land and buildings, 1, 2, 4, 6, 8, 10 Chelsea court and vacant lot adjoining No. 1, East Boston district, containing approximately 5,005 square feet.

A true copy of an order passed by said Board on said day.

Attest:

JOSEPH F. SULLIVAN,

Secretary.

(April 5-12.)

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 22.

SATURDAY, APRIL 12, 1930.

No. 15

COLLEGE EXPERTS JOIN WITH MAYOR CURLEY, THROUGH HIS COMMERCIAL, INDUSTRIAL AND PUBLICITY BUREAU, FOR MAKING BOSTON GREATER.

Mayor Curley has announced, through John T. Scully, Director of Industries in the Commercial, Industrial and Publicity Bureau, that important material which will be used by the City's Bureau in connection with its program for industrial expansion, is now being prepared by technically trained men associated with several of the larger educational institutions in Greater Boston.

Some of this material is being prepared at Harvard University and the Massachusetts Institute of Technology, and other studies of a similar nature are being made at Boston University, Boston College and Tufts College. In each case the study is being conducted by members of the faculty who are recognized experts in their respective lines.

The idea of industrial promotion under municipal auspices originated in this city, and has been adopted with success in other large cities of the country. Here, for the first time, however, local educational institutions are given a prominent part in the program, and this is one of the ideas which Mayor Curley emphasized so forcibly at the dinner which he gave to a large number of business men at the Chamber of Commerce a few weeks ago.

The general program to be carried out by the Commercial, Industrial and Publicity Bureau, Mr. Scully also stated, might be described in the following manner:

Three Lines of Work.

After a careful study of all available material on the subject of industrial development programs, and guided by the experience of other large cities in which similar work has been undertaken with considerable success, the Commercial, Industrial and Publicity Bureau proposes to conduct its work along three separate and distinct lines, to include:

- (a) Research.
- (b) Advertising.
- (c) Personal contact with prospective new industries.

Under the heading of Research and Fact-Finding, the Bureau is assured of the hearty cooperation of the educational and technical institutions in obtaining a comprehensive survey of what the city actually is, and what it offers in the way of advantages to new industries, and to manufacturers and producers of commodities in most general demand. This should develop an accurate inventory of the city's commercial and industrial assets, and provide important basic data for general advertising and publicity purposes. It will also constitute, in a large measure, the Bureau's "sales talk" in approaching outside enterprises which it is hoped to attract here.

A survey of this character, made under the intelligent direction of the educational institutions, would include maps, graphs, statistical exhibits and municipal facts, from which any person may form an opinion as to the desirability of Boston in respect to a business location. These salient features should set forth clearly, precisely, and in the fewest possible words:

1. Accessibility and quality of various raw materials, and cost of transportation to Boston.
2. Accessibility of finished product to the markets of the world.
3. That Boston itself is the trading center of more than 4,000,000 people living within fifty miles of the State House.
4. Cost and adaptability of industrial sites, or price range of leases and rentals.
5. Construction costs.
6. Tax and water rates.
7. Availability of labor, character, wage level and general freedom from strikes.
8. Cost, capacity and character of power, and whether electricity, gas, coal or oil.
9. General trend of legislation as affecting industries and manufacturers.

To Secure Vital Facts.

A survey of this nature — and not necessarily expensive either in study or preparation — should include the vital facts concerning:

1. General market and living conditions, and the availability of fresh food supplies.
2. Housing facilities.
3. Educational and recreational facilities.
4. Opportunities for religious and fraternal association.

The importance of advertising and publicity is self-evident. Without advertising and publicity the surveys recommended would be of no avail. Publicity naturally divides itself into these classes:

1. Display advertising in newspapers, periodicals and magazines.
2. Industrial and feature "write-ups" for such publications as will use them for their general news interest.
3. Literature and pamphlets dealing with the industrial and historic assets of the city for general distribution.

(Continued on page 395.)

"O Boston, fair City enthroned like a radiant queen,

From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly under legislative act by the City of Boston, Massachusetts.

FRANK H. CUSHMAN, *Editor*, Room 73, City Hall.
JOSHUA H. JONES, JR., *Associate Editor*.
EDWARD F. O'DOWD, *Business Agent*, Room 73, City Hall.

Entered as second class matter at Boston Post Office.

By Subscription \$2.00 Per Year
Single Copies 10 Cents

IN ADVANCE.

STREET AGENCY.

Old South News-stand, Old South entrance to subway.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, April 14, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO ROOM 908, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending April 5, 1930:
Population estimated, July, 1930, United States Census estimate, 811,200; number of deaths (stillbirths excluded): Residents, 201; nonresidents, 49; total, 250.

Death rate per 1,000 of population: All deaths, 16.02; nonresidents deducted, 12.88.

Death rate per 1,000 of population: Last week, 15.90; corresponding week last year, 14.66.

Deaths by age periods, sex, etc.: Under one year, 26; one year to four years, inclusive, 11; sixty years and over, 104; total deaths: Male, 131; female, 119; deaths in hospitals and institutions, 135; deaths of colored, 10.

MAKING BOSTON GREATER.

(Continued from page 393.)

4. Preparation of material for public addresses and debates, largely in demand by the schools and colleges, here and elsewhere.

5. Cooperation and friendly relation with general advertisers with a view to encouraging the use in their advertising of the "industrial assets" as developed by the Bureau's surveys.

6. Representation at the most important industrial expositions and trade gatherings, with exhibits produced by our surveys.

7. Adoption of a standard poster, the use of which to be urged at all stations and ports touched by railroads and steamship lines connecting with Boston.

8. Development of a direct mailing list to which may be sent, as frequently as possible, literature and pamphlets descriptive of the city and its commercial and industrial advantages.

9. Radio broadcasting.

The use of the radio is suggested last, because it is the most expensive form of publicity. There is a possibility, however, that this form of advertising might be used to some extent through friendly relations with firms employing this medium of attracting public attention.

Direct communication and personal contact with the industrial leaders in other cities who may be interested in an opportunity for expansion, removal, or the establishing of branch locations in a city offering so many advantages as Boston presents, seems the most advisable means of procedure.

"Leads" of this character can come from many sources, and several of them have already reached the office of the Bureau, and are being carefully followed.

Sales promotion—and that is what the Bureau hopes and believes it can accomplish—selling Boston to new business and new industry—consists of creating a need as well as a commodity.

Through a well-planned campaign of literature, directed personally to the industrial leaders of the country who might be interested in Boston and its trading population of 4,000,000 people, the Bureau believes that it can create a need of Boston, and by following that line of action with a personal visit, whenever or wherever it finds the slightest interest, we believe that we can sell Boston to the mutual advantage of all concerned.

More industries mean more workers, more workers mean larger pay rolls, larger pay rolls mean more spending, more spending means more business and all of this leads to placing Boston where she belongs in the leadership among the industrial cities of the country.

CONTRACT AMENDED.

Frank Imhof Company has been allowed to amend the contract for the erection and completion of an elementary school in the Prince District, Peterborough street and Kilmarnock street, by striking out the words "within ten months from the date of this contract," on page 8, Article II, and substituting therefor the words and figures "on or before March 29, 1930," so that Article II, on page 8, shall read: "The contractor shall carry on the work with due diligence and dispatch, shall bring the work to entire completion, as defined in the specifications, on or before March 29, 1930."

LIST OF GARAGE PETITIONS FOR HEARING BEFORE THE BOARD OF STREET COMMISSIONERS.

SEEKS TO HAVE GOLD STAR MOTHERS SAIL FROM BOSTON.

Mayor Curley, on April 8, sent the following telegram to Secretary of War Patrick J. Hurley, at Washington, D. C.:
HON. PATRICK J. HURLEY,

Secretary of War, Washington, D. C.

The Boston Board of Port Authority is endeavoring to arrange with the United States Lines for the sailing from the port of Boston of New England Gold Star Mothers, provided that the same, is agreeable to the War Department. In the event that the War Department does not see fit to make this arrangement at this time Mr. Parkhurst of the Boston Port Authority Board is prepared to visit you at Washington with a view to adjusting the matter of sailing of Gold Star Mothers.

JAMES M. CURLEY,
Mayor of Boston.

P. & O. Construction Company, \$6,157; C. Struzziery, \$6,493; J. J. Conway, \$7,696.50; M. DeSisto Company, \$8,275; J. Capone, \$8,358; Loconzolo & Di Bartolomeo, \$8,430; A. Grande, \$8,753.03; C. Russo, \$9,530; P. Guarino, \$9,695; L. Balboni, \$10,916.

Upon April 10 the Mayor approved a contract with DeCristofaro Brothers Company for sewerage works in Warren street, between Monastery road and Allston street, Brighton. Bids, opened April 7, were as follows:

DeCristofaro Brothers Company, \$12,597.40; Cook Construction Company, \$12,685.50; John Williams, \$13,201.50; P. Guarino, \$13,453.25; L. Balboni, \$13,527; J. Todesca, \$13,962; J. Capone, \$14,111.50; M. DeSisto Company, \$15,371.50; J. J. Conway, \$15,486.90.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon April 7 the Mayor approved a contract with D. Vozzella for laying and relaying water pipes in Adelaide terrace, Cheswick road, Dent street, West Roxbury; Austin street, DeForest street, Farrar avenue and Sherrin street, Hyde Park. Bids, opened April 4, were as follows:

D. Vozzella, \$2,556.25; J. Capone, \$2,625.75; Appel & O'Toole, \$2,721.70; M. DeSisto Company, \$2,810.50; John Williams, \$2,905.25; Roxbury Concrete Construction Company, Incorporated, \$3,030.75; P. & O. Construction Company, \$3,078.

SUPPLY DEPARTMENT.

Upon April 4 the Mayor approved a contract with M. McGinnis Company for furnishing loam to the Park Department. Bids, opened March 26, were as follows:

Approximately 4,000 Cubic Yards Fibrous Loam.—Peter Salvucci, \$2 a cubic yard; J. C. Coleman & Sons Company, \$1.70 a cubic yard; R. E. Cunniff, \$1.47 a cubic yard; M. McGinnis Company, \$1.45 a cubic yard.

Approximately 1,000 Cubic Yards Screened Loam.—Peter Salvucci, \$3 a cubic yard; J. C. Coleman & Sons Company, \$3 a cubic yard; R. E. Cunniff, \$2 a cubic yard; M. McGinnis Company, \$2.20 a cubic yard.

Total.—Peter Salvucci, \$11,000; J. C. Coleman & Sons Company, \$9,800; R. E. Cunniff, \$7,880; M. McGinnis Company, \$8,000.

Cash Discount, Ten Days.—J. C. Coleman & Sons Company, 2 per cent; M. McGinnis Company, 1 per cent.

Upon April 5, the Mayor approved a contract with the Turner Center System, Incorporated, for furnishing milk, cream, etc., to the various city departments from April 1, 1930, to September 30, 1930. Bids, opened March 24, were as follows:

Hospital Department.

50,508 Cans Massachusetts Legal Standard Milk 8-Quart Cans.—United Farmer's Cooperative Creamery Association, Incorporated, 67.7 cents a can; Whiting Milk Companies, 76 cents a can; H. P. Hood & Sons, Incorporated, 76 cents a can; Herlihy Brothers, Incorporated, 75.2 cents a can; Turner Centre System, Incorporated, 71.94 cents a can.

4,575 Cans Cream, 15 Per Cent, 8-Quart Cans.—United Farmer's Cooperative Creamery Association, Incorporated, \$1.78 a can; Whiting Milk Companies,

\$1.75 a can; H. P. Hood & Sons, Incorporated, \$1.72 a can; Herlihy Brothers, Incorporated, \$2 a can; Turner Centre System, Incorporated, \$1.64 a can.

418 Cans Heavy Cream, 8-Quart Cans.—United Farmer's Cooperative Creamery Association, Incorporated, \$4.64 a can; Whiting Milk Companies, \$4 a can; H. P. Hood & Sons, Incorporated, \$4 a can; Herlihy Brothers, Incorporated, \$4.60 a can; Turner Centre System, Incorporated, \$3.94 a can.

104 Quarts Heavy Cream.—United Farmer's Cooperative Creamery Association, Incorporated, 60 cents a quart; Whiting Milk Companies, 57 cents a quart; H. P. Hood & Sons, Incorporated, 62 cents a quart; Herlihy Brothers, Incorporated, 60 cents a quart; Turner Centre System, Incorporated, 58 cents a quart.

732 Pints Heavy Cream.—United Farmer's Cooperative Creamery Association, Incorporated, 32 cents a pint; Whiting Milk Companies, 30 cents a pint; H. P. Hood & Sons, Incorporated, 31 cents a pint; Herlihy Brothers, Incorporated, 32 cents a pint; Turner Centre System, Incorporated, 29 cents a pint.

366 Cans Skim Milk, 8-Quart Cans.—United Farmer's Cooperative Creamery Association, Incorporated, 30 cents a can; Whiting Milk Companies, 35 cents a can; H. P. Hood & Sons, Incorporated, 28 cents a can; Herlihy Brothers, Incorporated, 35 cents a can; Turner Centre System, Incorporated, 25 cents a can.

549 Cans Butter Milk, 8-Quart Cans.—United Farmer's Cooperative Creamery Association, Incorporated, 32 cents a can; Whiting Milk Companies, 35 cents a can; H. P. Hood & Sons, Incorporated, 30 cents a can; Herlihy Brother, Incorporated, 35 cents a can; Turner Centre System, Incorporated, 28 cents a can.

8552 Quarts Grade A Milk.—United Farmer's Cooperative Creamery Association, Incorporated, 14 cents a quart; Whiting Milk Companies, 14½ cents a quart; H. P. Hood & Sons, Incorporated, 15½ cents a quart; Herlihy Brothers, Incorporated, 14 cents a quart; Turner Centre System, Incorporated, 14½ cents a quart.

1,464 Quarts Fat-Free Milk.—United Farmer's Cooperative Creamery Association, Incorporated, 5 cents a quart; Whiting Milk Companies, 6 cents a quart; H. P. Hood & Sons, Incorporated, 7 cents a quart; Herlihy Brothers, Incorporated, 7 cents a quart; Turner Centre System, Incorporated, 6 cents a quart.

312 Pounds Salt Free Butter.—United Farmer's Cooperative Creamery Association, Incorporated, 50 cents a pound; Whiting Milk Companies, 49 cents a pound; H. P. Hood & Sons, Incorporated, 49 cents a pound; Herlihy Brothers, Incorporated, 49 cents a pound; Turner Centre System, Incorporated, 49 cents a pound.

Total.—United Farmer's Cooperative Creamery Association, Incorporated, \$46,215.54; Whiting Milk Companies, \$50,071.72; H. P. Hood & Sons, Incorporated, \$49,989.08; Herlihy Brothers, Incorporated, \$51,054.35; Turner Centre System, Incorporated, \$47,411.46.

Sanatorium Division.

13,908 Cans Massachusetts Legal Standard Milk 8-Quarts Can.—United Farmer's Cooperative Creamery Association, Incorporated, 67.7 cents a can; Whiting Milk Companies, 76 cents a can; Joseph L. Griffin, 71.76 cents a can; H. P. Hood & Sons, Incorporated, 74 cents a can; Martin S. Cosgrove, 79.5 cents a can;

E. Weiler & Sons, 71.62 cents a can; Herlihy Brothers, Incorporated, 76 cents a can; Turner Centre System, Incorporated, 71.94 cents a can.

183 Cans Heavy Cream 8-Quart Cans.—United Farmer's Cooperative Creamery Association, Incorporated, \$4.64 a can; Whiting Milk Companies, \$4 a can; Joseph L. Griffin, \$5.20 a can; H. P. Hood & Sons, Incorporated, \$3.95 a can; Martin S. Cosgrove, \$5 a can; E. Weiler & Sons, \$4.70 a can; Herlihy Brothers, Incorporated, \$4.75 a can; Turner Centre System, Incorporated, \$3.94.

183 One Half Pint Jars Heavy Cream.—United Farmer's Cooperative Creamery Association, Incorporated, 16 cents a jar; Whiting Milk Companies, 19 cents a jar; Joseph L. Griffin, 17 cents a jar; H. P. Hood & Sons, Incorporated, 17 cents a jar; Martin S. Cosgrove, 16 cents a jar; E. Weiler & Sons, 15 cents a jar; Herlihy Brothers, Incorporated, 17 cents a jar; Turner Centre System, Incorporated, 17 cents a jar.

183 Pints Heavy Cream.—United Farmer's Cooperative Creamery Association, Incorporated, 32 cents a pint; Whiting Milk Companies, 30 cents a pint; Joseph L. Griffin, 34 cents a pint; H. P. Hood & Sons, Incorporated, 31 cents a pint; Martin S. Cosgrove, 31 cents a pint; E. Weiler & Sons, 30 cents a pint; Herlihy Brothers, Incorporated, 32 cents a pint; Turner Centre System, Incorporated, 29 cents a pint.

2,196 Quarts Medium Cream.—United Farmer's Cooperative Creamery Association, Incorporated, 45 cents a quart; Whiting Milk Companies, 45 cents a quart; Joseph L. Griffin, 53 cents a quart; H. P. Hood & Sons, Incorporated, 48 cents a quart; Martin S. Cosgrove, 44 cents a quart; E. Weiler & Sons, 41 cents a quart; Herlihy Brother, Incorporated, 42 cents a quart; Turner Centre System, Incorporated, 40 cents a quart.

183 Pints Butter Milk.—United Farmer's Cooperative Creamery Association, Incorporated, 4 cents a pint; Whiting Milk Companies, 5 cents a pint; Joseph L. Griffin, 5 cents a pint; H. P. Hood & Sons, Incorporated, 4 cents a pint; Martin S. Cosgrove, 4 cents a pint; E. Weiler & Sons, 4 cents a pint; Herlihy Brothers, Incorporated, 5 cents a pint; Turner Centre System, Incorporated, 4 cents a pint.

183 Quarts Heavy Cream.—United Farmer's Cooperative Creamery Association, Incorporated, 60 cents a quart; Whiting Milk Companies, 57 cents a quart; Joseph L. Griffin, 68 cents a quart; H. P. Hood & Sons, Incorporated, 60 cents a quart; Martin S. Cosgrove, 62 cents a quart; E. Weiler & Sons, 59 cents a quart; Herlihy Brothers, Incorporated, 60 cents a quart; Turner Centre System, Incorporated, 58 cents a quart.

Total.—United Farmer's Cooperative Creamery Association, Incorporated, \$11,458; Whiting Milk Companies, \$12,493.41; Joseph L. Griffin, \$12,322.78; H. P. Hood & Sons, Incorporated, \$12,273.81; Martin S. Cosgrove, \$13,144.89; E. Weiler & Sons, \$11,919.01; Herlihy Brothers, Incorporated, \$12,570.27; Turner Centre System, Incorporated, \$11,802.48.

Long Island Hospital.

12,810 Cans Massachusetts Legal Standard Milk, 8-Quart Cans.—United Farmer's Cooperative Creamery Association, Incorporated, 67.7 cents a can; Whiting Milk Companies, 76 cents a can; H. P. Hood & Sons, Incorporated, 75 cents a can; Herlihy Brothers, Incorporated, 73.8

cents a can; Turner Centre System, Incorporated, 71.94 cents a can.

183 Quarts Butter Milk.—United Farmer's Cooperative Creamery Association, Incorporated, 7 cents a quart; Whiting Milk Companies, 8 cents a quart; H. P. Hood & Sons, Incorporated, 7 cents a quart; Herlihy Brothers, Incorporated, 6 cents a quart; Turner Centre System, Incorporated, 7 cents a quart.

7,503 Quarts Certified Milk.—United Farmer's Cooperative Creamery Association, Incorporated, 18 cents a quart; Whiting Milk Companies, 20½ cents a quart; H. P. Hood & Sons, Incorporated, 16½ cents a quart; Herlihy Brothers, Incorporated, 18 cents a quart; Turner Centre System, Incorporated, 16½ cents a quart.

1,281 Pints Heavy Cream.—United Farmer's Cooperative Creamery Association, Incorporated, 32 cents a pint; Whiting Milk Companies, 30 cents a pint; H. P. Hood & Sons, Incorporated, 31 cents a pint; Herlihy Brothers, Incorporated, 30 cents a pint; Turner Centre System, Incorporated, 29 cents a pint.

732 Pints Medium Cream.—United Farmer's Cooperative Creamery Association, Incorporated, 25 cents a pint; Whiting Milk Companies, 25 cents a pint; H. P. Hood & Sons, Incorporated, 23 cents a pint; Herlihy Brothers, Incorporated, 23 cents a pint; Turner Centre System, Incorporated, 21 cents a pint.

Total.—United Farmer's Cooperative Creamery Association, Incorporated, \$10,628.64; Whiting Milk Companies, \$11,855.66; H. P. Hood & Sons, Incorporated, \$11,442.54; Herlihy Brothers, Incorporated, \$11,367.96; Turner Centre System, Incorporated, \$10,991.53.

CHICAGO POLICE ALLOW SPEED ON SAFETY BASIS.

Traffic police in Chicago have been ordered to make a "sane application" of the law on speeding, determining the relation of an automobile's speed to the hazards it may create, according to "Chicago Commerce," published by the Association of Commerce of that city.

Such an interpretation of the law is new to Chicago, but is based on the experience of Michigan police and of those in other states where speed limits have been legally removed in favor of the enforcement of cautious driving.

"The Illinois statute," states Police Commissioner William F. Russell, "makes it illegal to drive at a speed greater than is reasonable and proper, having regard to the traffic and the use of the way, or so as to endanger the life or limb or injure the property of any person."

"The following types of fast driving are particularly dangerous and must be stopped:

"Cutting in and out of traffic at excessive speed.

"Excessive speed while approaching or passing pedestrians in the street.

"Excessive speed while approaching an intersection where the view of the other street is obstructed.

"Driving at high speed on a boulevard or through street in such a manner as to prevent other drivers from entering or crossing the same after they have made the legal stop.

"Driving at excessive speed while turning a corner where pedestrians are crossing.

"Driving at excessive speed at any time where an accident results, causing injury to any person or property."

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city, trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Fredonia street, bounded:

Northerly by Westville street, six feet; easterly by another part of Fredonia street, one hundred and sixty-eight feet; southerly by the same, six feet; and westerly by the same, one hundred sixty-eight and 25-100 feet, containing ten hundred and nine square feet, more or less.

The sewerage works to be constructed are as follows: 160 linear feet of 10-inch pipe sanitary sewer.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Fredonia street, excluding the lots at the corners of Westville street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 936, Sewerage Works, Fredonia Street, Dorchester, February 19, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the

Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly West Roxbury, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Parkvale road, bounded:

Easterly by the easterly line of Parkvale road, ten feet; southerly by another part of Parkvale road, twenty-four and 50-100 feet; westerly by the same, by two measurements, two hundred four and 11-100 feet and one hundred sixty-nine and 22-100 feet; northerly by the northerly line of Parkvale road, ten and 11-100 feet; again easterly by Parkvale road, by two measurements, one hundred seventy-one and 44-100 feet and one hundred ninety-five and 88-100 feet; and again northerly by the same, fifteen and 50-100 feet containing thirty-nine hundred and four square feet, more or less.

The sewerage works to be constructed are as follows: 680 linear feet of 10-inch pipe sanitary sewer.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the westerly side of Parkvale road, for a distance of approximately 415 feet southerly from Ledyard road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 939, Sewerage Works, Parkvale road, West Roxbury, February 28, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said

sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Glenham street, bounded:

Southeasterly by easement taken by the City of Boston for sewerage purposes in Perham street, December 13, 1910, six feet; southwesterly by another part of Glenham street, twenty-three feet; northwesterly by the same, two hundred and twenty-three feet; northeasterly by Dent street, six feet; southeasterly by another part of Glenham street, two hundred and seventeen feet; and northeasterly by the same, seventeen feet, containing fourteen hundred and forty square feet, more or less.

Included in the above taking are the respective parts of the following lots registered in the Land Court which lie between the middle line of said Glenham street and the side lines of said taking:

Edmour Gouin, Cert. No. 26795, Book 129, page 198.

Ansfred L. Christensen and Oda J. Christensen, Cert. No. 22348, Book 107, page 148.

The sewerage works to be constructed are as follows: 230 linear feet of 10-inch pipe sanitary sewer, in the above-described taking.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northwesterly side of Glenham street, and the lot of abutting land at the southerly corner of Glenham street and Dent street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 942, Sewerage Works, Glenham street, West Roxbury, March 18, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

EXTENSION OF CONTRACTS.**PUBLIC WORKS DEPARTMENT.**

DeCristofaro Brothers Company have been granted an extension of the time of completion of the contract for building sewerage works in Mt. Vernon street and private land, west of Old Colony Parkway, Dorchester, dated March 11, 1930, from March 29, 1930, to May 17, 1930 (forty-nine days).

Joseph Loconzolo, Jr., and N. DeBartolomeo have been granted an extension of the date of completion of the contract for the building of sewerage works in Weld Park outlet, Section 2, West Roxbury, from April 5, 1930, to June 5, 1930 (sixty-one days).

BUILDINGS RAZED.

The Mayor has approved the request of the Building Department for permission to raze structures as follows:

To enter the premises at 4 Roughan road and 10 Roughan terrace, Ward 2, and secure or remove the building.

The owner, Louise C. Casselman of 10 State street, Boston, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause of complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the premises at 2 and 4 Roughan terrace, Ward 2, and secure or remove the building.

The owners, the Real Estate Cooperative Bank of 7 Water street, Boston, have been served with a notice relative to the unsafe condition of the building, but neglect to remove the cause for complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the premises at 98 Water street, Ward 2, and secure or remove the building.

The owner, Neil McLaughlin of 112 Water street, Charlestown, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause of complaint.

The building is in such condition as to constitute a fire menace and a nuisance.

To enter the premises at 17 Bunker Hill street, Ward 2, and secure or remove the building.

The owner, Mary G. Biffin of 15 Hemenway street, Boston, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such condition as to constitute a fire menace and a nuisance.

To enter the premises at 256 West Fourth street, rear, Ward 6, and secure or remove the building.

A notice of the unsafe condition of the building was sent by registered mail to the owner of record, John Faust, Marshall Building, Cleveland, Ohio, but it was returned by the Post Office indorsed, "Deceased." We, therefore, tacked a notice of the unsafe condition on the external wall of the building.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the premises at 63 Reading street, Ward 8, and vacate and secure or remove the building.

The owner, Mrs. Nellie Joyce of 27 Longwood avenue, Brookline, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause of complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the premises at 29 and 31 New street, Ward 1, and secure or remove the building.

The owner, Mrs. B. F. Wooley of 245 North Beacon street, Brighton, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause of complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the premises at 7 and 9 New street, Ward 1, and secure or remove the building.

The owner, Mrs. B. F. Wooley of 245 North Beacon street, Brighton, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause of complaint. The building is in such a condition as to constitute a fire menace and a nuisance.

This department has taken up the matter of the condition of these premises repeatedly with the owner and requested that the property be secured in such a way as to make it reasonably safe.

What we are asking permission to do in this case is to secure the premises for the safety of the public, both from accident and fire, by boarding up all openings wherever necessary.

To enter the premises at 1-5 New street and 24 and 26 Sumner street, Ward 1, and vacate and secure or remove the building.

The owner, Mrs. B. F. Wooley of 245 North Beacon street, Brighton, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause of complaint. The building is in such a condition as to constitute a fire menace and a nuisance.

This department has taken up the matter of the condition of these premises repeatedly with the owner and requested that the property be secured in such a way as to make it reasonably safe.

What we are asking permission to do in this case is to order the premises vacated, and then proceed to secure the premises for the safety of the public, both from accident and fire, by boarding up all openings wherever necessary.

To enter the premises at 129 Dartmouth street, Ward 4, and secure or remove the building.

The owner, Bertha Ruth of 358 Columbus avenue, Boston, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause of complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the premises at 127 Dartmouth street, Ward 4, and secure or remove the building.

The owner, the New York, New Haven & Hartford Railroad of 577 South Station, Boston, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause of complaint.

The building is in such a condition as to constitute a fire menace and a nuisance.

To enter the premises at 90 Silver street, Ward 6, and secure or remove the building.

The owner, James Heifitz of 1 Chapman court, Andover, has been served with a notice relative to the unsafe condition of the building, but neglects to remove the cause for complaint.

The building is in such condition as to constitute a fire menace and a nuisance.

SITUATION OF BOSTON.

Boston is situated in latitude, north, 42 degrees, 21 minutes, 29.596 seconds, longitude, west, 71 degrees, 3 minutes, 51.040 seconds (exact situation of apex of State House dome, according to United States Coast and Geodetic Survey). Boston's latitude is similar to that of Detroit and the southern boundary of Oregon, also Rome (Italy), Sofia (Bulgaria) and Mukden (Manchuria); longitude nearly that of Quebec (Canada), Bogota (Colombia) and Santiago (Chile).

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

METHODS OF ELIMINATING GRADE-CROSSING ACCIDENTS.

Five suggestions aimed at the elimination of grade-crossing accidents are offered in the monthly report of the Street Traffic Committee of the National Automobile Chamber of Commerce.

It is estimated that curing the grade-crossing evil would reduce traffic accidents by 10 per cent in a very short time, and the Committee presents the following five points for discussion:

1. Do away with those grade crossings which have the heaviest traffic.
2. Place warning signs not less than 500 feet back from the railroad tracks.
3. Take down all signs from obsolete trackage.
4. Use traffic-light signals (operated by trains) instead of signs, if there are fewer than five trains per day.
5. Consider scrapping all railroad signs in favor of signals for use only when train is approaching.

"The last two points merit consideration first, because, though they are new doctrines, they seem the least expensive and most practical of application."

FIRE DEPARTMENT ORDERS.

General Order No. 32.

I. TRANSFERS.

The following transfers are hereby announced to take effect at 8 a. m., Friday, April 4:

Lieut. Jeremiah C. Sullivan, from Engine 47 to Engine 43.

Lieut. Francis B. Hanron, from Headquarters to Engine 47.

Frank J. Gayeski, from Rescue 1 to Engine 35.

Charles W. Johnson, from Rescue 1 to Engine 35.

Ronald D. McEachern, from Rescue 1 to Ladder 21.

Edward J. Welch, from Rescue 1 to Tower 2.

Hugh F. McGaffigan, from Tower 2 to Maintenance Division.

John B. McDonald, from Engine 38-39 to Maintenance Division.

William F. Johnson, from Engine 38-39 to Maintenance Division.

John J. Leary, from Engine 5 to Maintenance Division.

Francis J. Scott, from Engine 13 to Engine 21.

Michael T. Barrett, from Engine 21 to Headquarters.

Thomas J. Feeley, from Fire Prevention Division to Headquarters.

John E. Lamb, from Rescue 2 to Ladder 16.

Robert F. Barry, from Rescue 2 to Ladder 16.

John J. Doyle, from Rescue 2 to Engine 13.

John J. McDonough, from Rescue 2 to Ladder 4.

Joseph J. Shea, from Ladder 4 to Rescue 2.

Edward J. McNabb, from Engine 6 to Ladder 18.

John E. Fencer, from Ladder 18 to Engine 6.

James F. Mahoney, from Engine 8 to Ladder 1.

Charles H. McCarthy, from Engine 1 to Engine 15.

Henry M. Welch, from Engine 15 to Engine 1.

Robert T. Donovan, from Rescue 3 to Ladder 9.

Daniel J. Crowley, from Rescue 3 to Tower 1.

Edward C. Gurnon, from Rescue 3 to Engine 8.

James P. Shea, from Engine 53 to Engine 25.

Arthur I. Bourd, from Engine 25 to Engine 52.

William P. Burke, from Engine 52 to Engine 53.

Carl A. Carlson, from Engine 25 to Ladder 7.

Bernard J. Judge, from Ladder 7 to Engine 25.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

DANIEL F. SENNOTT,

Chief of Department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the

following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Rosslerin street, bounded:

Westerly by easement taken by the City of Boston for sewerage purposes in Gustine street August 1, 1902, six and 1-100 feet; northerly by another part of Rosslerin street, two hundred forty-five and 66-100 feet; easterly by easement taken by the City of Boston for sewerage purposes in Rosslerin street, six feet; and southerly by another part of Rosslerin street, two hundred forty-five and 25-100 feet, containing fourteen hundred and seventy-three square feet more or less.

Included in the above taking is a part of the following lot registered in the Land Court, said part lying between the middle line of Rosslerin street and the northerly line of said taking:

Gespere Crassa and Antonio Grassa, Cert. No. 23451, Book 113, page 51.

The sewerage works to be constructed are as follows: 245 linear feet of 10-inch pipe sanitary sewer, in the above described taking.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the taking of the aforesaid improvement.

Ordered, That this Board estimate that the abutting lots of land on the northerly side of Rosslerin street, beginning at a point approximately forty feet east of Gustine street and thence running easterly for a distance of approximately one hundred and seventy-eight feet, and the lot of abutting land on the southerly side of Rosslerin street, beginning at a point one hundred feet east of Gustine street and thence running easterly for a distance of approximately one hundred and fifty-seven feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 945, Sewerage Works, Rosslerin street, Dorchester, March 29, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

TRAFFIC COMMISSION RULINGS.

Voted, That for reasons of public safety and convenience during the period of elevated structure repairs, parking of vehicles is prohibited on both sides of Atlantic avenue, between State street and Central street, for a period estimated to be three (3) weeks, effective April 7, 1930.

Voted, That for reasons of public safety and convenience during the period of roadway resurfacing, vehicles are excluded from Pearl street, between Bunker Hill street and Russell street, for a period estimated to be five (5) days, effective April 8, 1930.

Voted, That for reasons of public safety and convenience on account of dangerous condition of building, vehicles are excluded from Porter street, between Broadway and Corning street, for a period estimated to be thirty (30) days, effective April 5, 1930.

POLICE DEPARTMENT ORDERS.

General Order No. 1483.

Patrolman Charles L. Howell of the Property Clerk's Office having arrived at the age of sixty-five and six-twelfths years, and having performed faithful service in the Police Department for forty and eleven-twelfths years, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman Charles L. Howell be retired from active service and that his name be placed on the department pension roll with pay at the rate of one thousand and fifty (1,050) dollars per annum, said sum being one-half of the amount of compensation received by him in office from which he is retired; to take effect Monday, April 7, 1930, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON, *Commissioner*.

Office, 105 City Hall Annex. Tel. Hub. 5100.
JAMES A. SWEENEY, *Sealer*.

AIRPORTS IN THE UNITED STATES.

The number of airports in the country continues to grow steadily, and the listing compiled by the Department of Commerce showed 1,520 airports in operation on October 2 of this year. Of these, 442 were municipal airports, and 468 were privately owned and operated. The rest included army fields, naval air stations, Department of Commerce intermediate fields, marked auxiliary fields and miscellaneous others. As will be noted, the municipal airports comprise 29 per cent of the total number now in use in the country. The fact that 442 cities of various sizes have indicated their interest by investing substantial funds in the purchase of property and construction of these airports illustrates the stability of aviation today. As indicative of the volume of traffic already in evidence at municipal airports, it might be noted that in a recent representative week the Des Moines airport showed 88 airplanes arriving and 86 leaving. Oakland, California, showed 55 arriving, 52 leaving; while the Tulsa, Oklahoma, airport showed 272 arriving and 265 leaving. These figures are constantly increasing, and they show that the city airport is already being used.

PORT OF BOSTON.

Boston Harbor comprises an area of about 47 square miles (exclusive of the islands), including all the expanse of tidewater within a straight line from Point Allerton to Point Shirley and extending therefrom to the mainland. It is the best of natural harbors, near open sea, sheltered and spacious for anchorage; main ship channel 35 feet in depth at mean low water, increasing to 40 feet from President Roads to open sea; new dredging operations in charge of United States engineers are under way for increasing depth of said main channel to 40 feet; waterfront (i. e., lineal pier space) 40 miles, 6 miles fronting on 30 feet depth at low water.

Commonwealth Pier No. 5, South Boston, 1,200 feet long, 400 feet wide, accommodating five 600-foot ships at one time, 40 feet depth at mean low water on both sides, with three 2-story fireproof buildings of steel and concrete construction, containing 900,000 square feet of floor space, total cost of this enterprise to State, \$4,500,000. Commonwealth Pier No. 6, South Boston (Fish Pier), buildings on same erected by lessee, Boston Fish Market Corporation, cost to State, \$1,487,361. Commonwealth Pier, No. 1, East Boston, 900 feet long, costing State \$764,600 for site and \$426,674 for construction. New dry dock at South Boston (probably the largest in world), completed in 1919, 1,200 feet long and 120 wide, costing \$3,169,651 and taken by United States Government at total cost.

Islands in Boston Harbor over 3 acres in area, 17, with total area of 965 acres; Long Island the largest, or 215.5 acres. Owned by United States, 392 acres; by City of Boston, 334 acres. Number of wharves, 143, of which eight are owned by the city.

There are 38 foreign steamship lines with regular sailings to and from Boston, ten coastwise lines and three intercoastal. In 1915 a revision of the harbor lines was made and the project undertaken whereby 600 acres of flats between Governor's Island and Jeffries Pt. will be filled in and used for extensive commercial de-

velopments under State control. About 175 acres of flats have recently been filled in and added to the land area of East Boston and 160 acres to that of South Boston.

In April, 1918, the Government decided to establish its Army Supply Base on a portion of the Commonwealth lands in South Boston. About 57.6 acres were purchased of the State, the price being \$1,317,510, soon followed by the construction of two pier sheds, each 920 feet long, a wharf shed and other buildings, including one of the largest storehouses in the world, built of reinforced concrete, eight stories high, 1,638 feet long, 126 feet wide and with floor space of over 1,650,000 square feet. The total outlay for the plant was \$26,000,000.

Total expenditure by State for improvement of Boston Harbor \$22,575,827 from 1859 to November 30, 1927, inclusive; in the same period, there was expended additionally \$951,992 on small channels; total Federal expenditure from 1790 to June 30, 1927, \$13,258,846.

FLAG DAYS.

By order of the City Council it is the duty of the City Messenger to have the national colors displayed upon the public flagstaffs on the following days:

Franklin's Birthday, January 17; Lincoln's Birthday, February 12; Washington's Birthday, February 22; Evacuation Day, March 17; Patriot's Day, April 19; Grant's Birthday, April 27; Memorial Day, May 30; Anniversary of Adoption of National Colors, June 14; Bunker Hill Day, June 17; Independence Day, July 4; Labor Day, September (first Monday); Anniversary of Founding of Boston, September 17; Columbus Day, October 12; Armistice Day, November 11.

THE COST OF DIPHTHERIA.

Diphtheria costs New York City over \$5,000,000 annually, according to Dr. Shirley W. Wynne, Health Commissioner of New York, whose statement, given in a news release from the department, is based on the calculations of the value of the lives lost, the cost of hospital care, and the expense of caring for patients in their homes.

Last year the loss occasioned by diphtheria in New York City was as follows:

Value of 642 human lives lost.....	\$4,575,000
Cost of hospital care for 2,976 cases in the Contagious Disease Hospitals.....	391,000
Cost of caring for 7,800 cases in private homes.....	273,000
	<u>\$5,139,000</u>

As against an annual economic loss of over \$5,000,000 a year it is stated that an expenditure of less than 10 per cent of this sum will suffice to wipe out diphtheria and thus save the community \$4,500,000 annually.

Figures by the New York City Department of Health show that thus far this year over 25,000 children have been immunized against diphtheria, nearly 12,000 having been protected by private physicians. The growing interest on the part of parents is well shown in the steady increase in the number of children immunized, which increased from 555 in the first week of the present campaign to 4,702 during the first week in April, or almost ninefold.

MUNICIPALITY TAKES OVER CHAMBER OF COMMERCE AIRPORT.

Oklahoma City has voted \$425,000 in bonds for the enlargement and improvement of its municipal airport. The Aviation Committee of the Oklahoma City Chamber of Commerce has operated the airport for the past four years and was largely instrumental in putting over the bond-issue campaign. The port will in the future be operated by the city as a strictly municipal project.

When completed, the new field will comprise 360 acres and will meet all of the qualifications for an A 1A airport as set forth by the United States Department of Commerce.

TRAFFIC SIGNALS REDUCE BALTIMORE TRAFFIC TOLL.

An analysis of traffic accidents at street intersections in Baltimore indicates that the automatic traffic signal is proving very effective in reducing the number of such accidents.

There were 419 traffic accidents at all intersections covered in the report issued by the Baltimore Safety Council for the first six months of 1927, before the signals were installed. In direct contrast, only 259 such accidents were recorded for the first six months of this year, with the signals in operation.

The casualties were: one person killed and 129 injured before the installation of the signals, as compared with two killed but only 92 injured after. A reduction in the number of accidents was reported at thirty-two intersections, following the installation of the signals, while seventeen other intersections have shown little or no change as yet, and ten actually have experienced an increase since the use of the signals.

THROUGH TRAFFIC STREETS.

Many a city government, confronted almost unawares by the ever-increasing traffic problem, has seized upon the "through street" idea as the least expensive sop to those who clamor for something to relieve the distress. This situation is reflected in many city traffic ordinances which give absolute right-of-way to vehicles on any of the "arterial highways" included in a long list, and which fail entirely to provide for stop requirements, signs, enforcement facilities, or public education. Unfortunately, traffic regulation is not so simple. It cannot be successfully accomplished by merely designating certain through streets.

Still, through streets are useful. Their successful application depends only on an understanding of what can and what cannot be expected of them, and on a realization of where they fit into the traffic control picture. Consider a street as it develops with the increasing traffic from a minor highway to a heavily traveled main thoroughfare. Traffic control will logically develop in successive steps something like these:

1. No control at all.
2. Slow or stop signs at isolated intersections.
3. Through streets with stop signs at every intersection.
4. Occasional automatic signals introduced where there is heavy cross traffic.
5. Complete flexible progressive signal control.
6. Grade separation at important intersecting streets.
7. Elevated or depressed roadway without intersecting streets.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

SUPERVISOR OF MOTOR TRANSPORTATION,
BOSTON PUBLIC WORKS DEPARTMENT,
APRIL 18, 1930.

Salary: \$2,300 a year.

Duties: To keep a check on operation of all city cars as to mileage, gas, oil, tires, repairs, etc.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

VETERINARY INSPECTOR, BOSTON HEALTH DEPARTMENT, APRIL 22, 1930.

Requisition is for a male, but the examination is open to both males and females.

Salary: \$2,000 a year.

Duties: Applicants should have knowledge of the laws relating to the control and eradication of contagious diseases in domestic animals; the methods and reasons for quarantining, transportation and the various compensations permitted; the methods of detection of glanders and its eradication, and the post-mortem lesions of glanders in horses; the proper methods of feeding and stabling and care of cattle, and knowledge of the tuberculin test and the value of reactions; the diagnosis, prevention, methods and periods of quarantine of animals for rabies; the diseases of swine and poultry, etc.

Applicants must be registered graduate veterinarians.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners, as to their physical fitness for the position.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

STATIONARY ENGINEERS, MARINE ENGINEERS AND OILERS, APRIL 24, 1930.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service.

The examination for each kind of position will include a statement of training and experience, a physical examination and the possession of a license, either as first, second or third class stationary engineer; or as chief, first assistant or second assistant marine engineer. Oilers are not required to have a license.

The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications will be given a physical examination.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 31, 1930.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President LYNCH in the chair. Absent, Coun. Dowd.

APPROPRIATION BILL FOR 1930.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1930.

To the City Council.

Gentlemen,—I submit herewith my budget recommendations for the fiscal year 1930 in full segregated form in substitution for the lump sum recommendations submitted on January 27, 1930.

TWO-YEAR BUDGET COMPARISON.

GROUP.	1930.	1929.	Increase.
A. Personal Service.....	\$21,179,674 62	\$20,161,173 76	\$1,018,500 86
B. Contractual Service.....	4,512,300 50	4,419,370 00	92,930 50
C. Equipment.....	1,448,011 04	1,280,966 44	167,044 60
D. Supplies.....	2,451,797 00	2,214,960 00	236,837 00
E. Materials.....	617,265 00	600,370 00	16,895 00
F. Special Items.....	3,747,868 83	3,301,616 58	446,252 25
G. Miscellaneous.....	125,532 13	126,379 68	*847 55
Special Appropriations.....	1,106,800 00	1,553,547 00	*446,747 00
	<u>\$35,189,249 12</u>	<u>\$33,658,383 46</u>	<u>\$1,530,865 66</u>

* Decrease.

The following explanations are offered in connection with the changes indicated in the various groups in the above schedule:

PERSONAL SERVICE.

The personal service requirements of the city for 1930 are \$1,018,500.86 in excess of the appropriations recommended in 1929. The items entering into this excess are indicated in the following table:

Increase in appropriations for permanent employees.....	\$893,725 97
Increase in appropriations for temporary employees.....	204,724 89
	<u>\$1,098,450 86</u>
Decrease in appropriations for overtime.....	79,950 00
Net increase.....	<u>\$1,018,500 86</u>

The increase in appropriations for permanent employees has been caused by salary increases granted to employees of the city, new positions allowed in city departments where increased activities would seem to warrant, and the overlay resulting from personal service changes made during the previous year. The following table indicates the relative importance of these items in contributing to the excess under discussion.

Overlay from 1929.....	\$672,741 28
New positions allowed.....	246,072 47
Salary increases granted.....	136,797 16
	<u>\$1,055,610 91</u>
Less budget savings.....	161,884 94
Net increase.....	<u>\$993,725 97</u>

The heavy overlay from 1929 may be attributed to the salary increases granted and the new positions established during that year. Liberal salary increases granted not only in the budget but also in the closing days of the year, the addition of 184 men in the uniform ranks of the Police and Fire Departments, and the establishment of the Boston Traffic Commission were important contributory factors to the heavy overlay burden which must be borne during the current year.

Provision has been made in the personal service recommendations for 366 new positions. Of this number 271 positions have been provided at the request of the City Hospital Trustees to properly man the new buildings recently completed or now nearing completion at the City Hospital and the Sanatorium Division. The balance of the new positions are spread through twenty-one departments and may be attributed in the main to increased activities within such departments.

The proposed budget provides increases for 2,369 city employees. In the main these increases have been granted to employees working under

The allowances as recommended total \$49,501,799.53. This total represents a reduction of \$3,431,243.71 in the estimates as originally submitted and is \$1,916,210.17 in excess of the total of budget recommendations submitted in 1929. The total of this excess is shown in the following table:

City maintenance.....	\$1,530,865 66
City debt requirements.....	241,898 57
County maintenance.....	61,981 14
County debt requirements.....	14,272 47
Income departments.....	67,192 33
	<u>\$1,916,210 17</u>

CITY MAINTENANCE.

Appropriations for city maintenance expenses are made under eight group headings. The following schedule indicates in comparative form the main points of difference between the appropriations under these groups as recommended last year and as proposed for the current year.

established sliding scales. Provision has also been made for reasonable increases to the lower paid employees. The following table indicates the distribution by groups of these increases:

Police and Fire.....	1,096
Clerical.....	406
Institutional.....	304
Professional.....	243
Inspectional and investigational.....	209
Labor.....	72
Mechanical.....	49
	<u>2,369</u>

The amount designated "budget savings" represents deductions made from departmental personal service requests because of existing vacancies, because of "slack" anticipated to develop during the year due to vacancies occurring through the sickness, death or retirement of employees, or because of the discontinuance of certain positions no longer deemed essential. If advantage had not been taken of these savings, the city budget for 1930 would have been approximately \$160,000 in excess of the total recommended.

In order that the city may do its proper share in helping to alleviate unemployment conditions in the community increased appropriations for temporary employees have been provided in the budget of the Park and Public Works Departments. It is estimated that approximately 200 men will benefit by this appropriation increase. In addition provision must be made this year for two election functions, the State Primary and State Election, whereas last year only one function was conducted. The reduction in the appropriations for overtime are in accord with the policy announced early in the year to limit payments for overtime service to the lowest possible minimum.

CONTRACTUAL SERVICE.

Appropriations for services to be rendered the city by individuals and corporations are segregated in the budget under twenty-four items. A comparison of the total appropriations recommended this year with those of 1929 indicate that ten items show very slight changes, two items show large decreases and twelve items reflect large increases. The open winter and a change in the policy of flushing city streets have made possible large reductions in the appropriations for snow removal and hire of contract trucks.

Increased appropriations for advertising and property registration fees have been provided in the budget of the Collecting Department because of the large amount of taxes outstanding at the beginning of this fiscal year. The installation of automatic traffic signals in the downtown area, the erection of new hospital and institutional buildings, the lighting of City Hall and City Hall Annex by Edison current, have necessitated increased appropriations for electric current. Increased costs in connection with the hire of branch library

accommodations, and the additional election function to be conducted by the Election Department, have made necessary increased allowances for rentals. The natural expansion of the city's motor equipment and the policy of keeping the horse-drawn vehicles of the city in an efficient condition have resulted in increased appropriations for motor and motorless vehicle repairs. Contracts for the removal of waste during the current year show an increase of \$21,000 over similar contracts of last year, making necessary additional appropriations for the removal of ashes, dirt and garbage. The opening of new health units has made possible an increase in the number of clinics offered to citizens and has required increased amounts for medical services rendered at these clinics. To modernize the records of the Assessing and Registry Departments, additional allowances have been made for expert engineering, drafting and stenographic service. The number of children under the care of the Child Welfare Department has shown a tendency to increase in the last three years, making necessary each year additional appropriations under the budget item "Care of persons." Appropriations for the repair of city property in five departments show a substantial increase. In the Park and Public Buildings Departments approximately \$100,000 additional has been allowed this year in order that the parks, playgrounds, and public buildings of the city may be placed in proper condition for observance and use during this tercentenary year. In the Hospital Department the erection of new buildings has necessarily carried with it additional responsibilities in the matter of keeping these buildings in proper repair. In the Paving Division it has been necessary to allow an appropriation of \$18,000 for the replacement of the wooden bulkhead on Northern avenue near the piers of the Merchants and Miners Transportation Company. In the Sanitary Division an additional allowance of \$15,000 has been provided for major repairs in the loading station at Fort Hill Wharf.

Equipment.

Allowances for the purchase of new equipment are segregated in the budget under sixteen items. Comparison shows that six of these items reflect little if any increase over 1929 allowances, two show large decreases and eight reflect large increases. Purchases of special machinery made last year by the Library, Paving and Fire Departments, and of bathing suits in the Park Department do not recur this year, thus making possible the reductions in the appropriations for machinery and wearing apparel. The activities of the Traffic Commission in the matter of installation of automatic traffic signals have occasioned additional appropriations for the purchase of cable, timing devices, flashing beacons, signs and miscellaneous traffic equipment. The heavy duty trucks purchased four years ago have practically reached the limit of their usefulness and an increase of approximately \$120,000 has been provided in the motor vehicle items of the different divisions of the Public Works Department for the replacement of these trucks. Increased activities at the City Hospital and its Sanatorium Division have caused increased demands for furniture, fittings, medical, surgical and laboratory equipment. The installation of modern office equipment in the Treasury Department is responsible for the increase present under this item. At the request of the trustees of the Boston Public Library an increased appropriation has been made available for the purchase of books.

Supplies.

Department appropriations under this heading are segregated under fourteen items, seven of which show little change from 1929, one indicates a large decrease and six reflect substantial increases. The heating and lighting of City Hall and City Hall Annex under a contract with the Edison Company has resulted in material fuel savings. Tercentenary activities and additional election functions, increased activities due to the motor excise tax, and an increased number of patients have made necessary increased appropriations for office supplies in the Mayor's Office, Election, Assessing, Collecting and Hospital Departments. The expansion of the facilities of the hospitals and institutions of the city, making possible the handling of a larger number of patients, naturally has necessitated increased appropriations for food, medical, surgical, laboratory, laundry and cleaning supplies. During the extensive repairs on the Central Library Building it has been necessary to utilize the Central courtyard as a storage area. This yard is one of the beauty spots of the city and its rehabilitation, especially in this tercentenary year, is an important item of increase. The increasing numbers of motor vehicles owned by the city necessarily involve additional appropriations for gasoline and oils. Increased appropriations for chemicals and disinfectants are essential if the convenience stations, swimming pools and public buildings of the city are to be maintained in a sanitary condition.

Materials.

Appropriations under this group are segregated in ten items. The allowances under six of these show little if any change from last year, and the remaining four items show very moderate increases. The expansion of the property and plant of the Hospital Department have made increased appropriations necessary for building materials to be used by the mechanics of the department in

making necessary repairs. The activities of the Traffic Commission have necessitated increased appropriations for electrical materials to be used in the maintenance of the automatic traffic signals, and for paint and traffic buttons to be used in the regulation of pedestrian and vehicular traffic. In the Park Department increased appropriations have been made for the purchase of materials to be used in repair of park and recreational equipment.

Special Items.

Of the eight items in this group 50 per cent show little if any change from last year, and the remaining 50 per cent show substantial increases over the appropriations of 1929. In the Police and Fire Departments increased retirements of the older members of the uniformed forces have resulted in increased appropriations for pensions and annuities. The existing commercial and industrial depression has been heavily felt by the Soldiers' Relief and Public Welfare Departments—approximately \$500,000 additional has been provided for Soldiers' Relief, Mothers' Aid, and Care of Dependents, in this year's budget recommendations.

Miscellaneous.

Increased appropriations for maintenance of the East Boston Airport, special investigations of the Finance Commission, City Planning Board and Health Department, and tercentenary expenditures of the City Council and Mayor's Office, have been offset by the fact that the large appropriation included under this group in last year's budget for the furnishing of the House Officers' Building at the City Hospital is not present this year, and for this reason the group appropriation shows a slight decrease from that of 1929.

Special Appropriations.

Eight of the nine special items appearing in this year's budget also were present in the 1929 budget. Of this eight, two are carried at the same appropriation as of 1929, two indicate substantial increases over last year's appropriations, and four reflect material reductions. The

appropriation for Public Celebrations has been increased \$35,000 because of increased demands resulting from the proper observance of 1930 as the tercentenary year. The Reserve Fund of the city has been increased \$75,000 in order to provide for the codification of the building laws, increased activities of the Commercial, Industrial and Publicity Bureau, and the entertainment grant to the American Legion Convention authorized by the Legislature. Appropriations for granolithic sidewalks, and the repair and reconstruction of streets have been reduced to a minimum pending the action by the Legislature on the petition of the city for a \$10,000,000 loan for this purpose outside the debt limit. Reductions in the appropriations for the reconstruction of park roads have been possible by the allocation of certain contemplated projects to the Parkman Fund. A new appropriation of \$75,000 has been provided for the proper observance by the city of the tercentenary of the founding of the Massachusetts Bay Colony. Plans now in process of preparation for this celebration seem to justify the inclusion of this amount in the 1930 budget.

CITY DEBT REQUIREMENTS.

City debt requirements for 1930 show an increase of approximately \$250,000 over similar requirements in 1929. Of the items entering into this excess, serial loan requirements show an increase of approximately \$443,000. This increase may be attributed in the main to the policy of the Legislature in requiring that the period for which municipal loans are issued shall be shortened. Sinking Funds requirements show a decrease of \$36,000 largely because of the policy of crediting to such funds betterments collected by the city. The prevalence of easy money rates at the present time have made possible a reduction of \$165,000 in the estimate of interest requirements for 1930.

COUNTY MAINTENANCE.

Appropriations for county maintenance show an increase of approximately \$62,000 over similar recommendations made at this time last year. The following table indicates in comparative form the group distribution of this excess:

GROUP.	1930.	1929.	Increase.
A. Personal Service	\$2,183,132 95	\$2,116,560 28	\$66,572 67
B. Contractual Services	\$69,022 25	\$76,378 25	* 7,356 00
C. Equipment	91,523 00	89,581 00	1,942 00
D. Supplies	338,143 00	333,852 00	4,291 00
E. Materials	33,410 00	37,165 00	* 3,755 00
F. Special Items	73,831 02	73,819 55	11 47
G. Miscellaneous	7,775 00	7,500 00	275 00
	\$3,596,837 22	\$3,534,856 08	\$61,981 14

* Decrease.

It is apparent from the above table that increased personal service requirements account entirely for the increase in county maintenance appropriations. County appropriations for permanent employees show an increase of \$71,627.25 over 1929 appropriations, whereas recommendations for temporary employees and overtime show decreases of \$2,378.58 and \$2,676.00, respectively. The increase for permanent employees is accounted for as follows:

Overlay from 1929	\$60,002 31
125 salary increases	9,152 07
6 new positions	8,254 79
	\$77,409 17
Less budget savings	5,781 92
Net increase	\$71,627 25

As explained under city maintenance, overlay represents the burden which must be borne this year because of salary increases granted and new positions allowed during 1929 in county departments.

There is now before the Legislature a proposal to classify and regulate all county salaries. Pending action on this matter, salary increases to county employees have been limited to the lower paid employees. Six new positions have been created by county officials under authority vested in them by existing statute, and the city is bound under existing laws to provide for these positions. The term "Budget Savings" has already been explained under the head of city maintenance.

Improved methods in regulating the services of jurors has been responsible in the main for the decrease indicated in the preceding table under group B. The decrease in materials is due mainly to the fact that items present in last year's allowances do not recur in the current year. The increases shown in the other four items in the table are due in the main to the natural expansion of county business.

COUNTY DEBT REQUIREMENTS.

The increase of approximately \$14,000 in county debt requirements is due to increased serial loan

and interest requirements resulting from the issuance during 1929 of loans for improvements at Charles Street Jail and House of Correction.

INCOME DEPARTMENT.

The increases indicated in the appropriations for the income departments of the city are occasioned largely by the natural expansion and growth of the Printing and Water Departments.

CONCLUSION.

The delay in the submission of budget recommendations to your honorable body is most unfortunate and would be unnecessary provided legislative enactment permitted the municipal authorities to determine the tax limit for Boston. The tax limit allowance this year was \$16, and through a painstaking examination of the budget it has been possible to submit departmental estimates \$1.50 less than the tax limit allowed by law. I sincerely hope that state authorities will at some time accord to the City of Boston the privilege which is enjoyed by all other cities of the Commonwealth, namely, the determination of tax limit by municipal authorities, but until such time as this right is accorded to the City of Boston there must be delay in the submission of budget requirements.

The chief sufferers annually, until a change has been made, must of necessity be the Soldiers' Relief Department, the Charities Department and the Correctional Departments, and what has been true in preceding years in the cases of these departments is equally true today. The limit of expenditures permitted under the law prior to the passage of the budget has been reached in these departments, namely, the Soldiers' Relief Department, the Charities Department and the Correctional Departments, as evidenced by the submission of a separate emergency budget order to your honorable body this day. The early consideration and passage of the budget as here submitted must be evident to every member of the City Council and I sincerely trust that all will so regard it and act accordingly.

Respectfully,
JAMES M. CURLEY, Mayor.

BEQUEST TO CITY BY LATE MARY P. C. CUMMINGS.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1930.
To the City Council.
Gentlemen,—Under the will of the late Mary P. C. Cummings, a former resident of Woburn, there was bequeathed to the City of Boston her home and some two hundred acres of land located in the City of Woburn and, in addition, the land and building thereon numbered 53 North Market street, Boston.

It has been customary for the City of Boston to conduct outings for the children under the provisions of the Randidge Excursion Fund to one of the islands in the harbor during the summer time. The practise has been to use the boat upon which prisoners are transported to Deer Island and the outing exercises have been conducted either at Rainsford Island or at Long Island.

Under the most favorable circumstances, the atmosphere is not of the best and in my opinion an opportunity is presented to not only provide one that would be more cheerful but to develop a summer recreation resort for the children that would be beneficial to both mind and body, in the acceptance of the accompanying order.

In the event that the City Council sees fit to accept the accompanying order, the income from the property located at North Market street, plus such contribution as might be necessary from the Randidge Excursion Fund, should make possible the development of the property bequeathed to the city by Mary P. C. Cummings at Woburn.

Respectfully,
JAMES M. CURLEY, Mayor.

Whereas, Mary P. C. Cummings of Woburn died December 23, 1927, leaving a will which was allowed by the Probate Court of the County of Middlesex January 18, 1928; and

Whereas, By said will the said Mary P. C. Cummings bequeathed certain personal property to persons named in said will and devised certain real property as set forth in said will and directed that the income of other personal property be paid to various persons during their lives and then bequeathed the said personal property to the same legatees entitled to take the said personal property under the provisions of Clause No. 4 of said will; and

Whereas, By Clause No. 4 of said will the said Mary P. C. Cummings devised and bequeathed as follows:

"To the City of Boston, Massachusetts, I give and devise all the land together with the buildings thereon in the City of Woburn and in the town of Burlington, Massachusetts, which was conveyed to me by Charles Fairchild by deed, dated February 26, 1890, and recorded with Middlesex Deeds, Book 1967, Page 131, except so much thereof as shall have been conveyed by me in my lifetime or is herein otherwise specifically devised (the same being known as Babylon Hill) but in trust, nevertheless, for the following purposes and uses, to hold and keep the same forever open as a public pleasure ground and to maintain and care for the same in a suitable manner in accordance with that purpose; and in case the said City of Boston accepts the foregoing gift, I also give and devise to it the land and buildings thereon owned by me numbered 53 North Market street in Boston and the stocks given in trust under the provisions of Item 2 and 3 of this will subject to said trusts, respectively. Said last named real estate and the stocks to be taken by the City of Boston on the trust to apply the net income therefrom to the care and maintenance of said real estate in Woburn and Burlington as a public pleasure ground as aforesaid. In case, however, the said City of Boston shall decline or fail to accept said real estate in Woburn and Burlington for purposes aforesaid, I give and devise the same together with all real and personal property herein given to said City of Boston for the accomplishment of said purposes to the Playground and Recreation Association of America in trust for the same purposes and on the same terms and conditions as are herein prescribed concerning the taking of same by the said City of Boston."

Whereas, By Clause No. 8 of said will, which is the residuary clause of said will, the said Mary P. C. Cummings devised and bequeathed as follows:

"I give, devise and bequeath all the rest, residue and remainder of my property, real and personal, of which I shall die seized or possessed and to which I may be entitled at the time of my decease, to the City of Boston, aforesaid, if it accepts the gift of real estate in Woburn and Burlington, specified in Item 4 of this will for use in the care and maintenance of said real estate as a public pleasure ground as above provided. In case, however, said City of Boston declines or fails to accept said gift of said real estate for the purposes aforesaid, I give the residue of my estate to the Playground and Recreation Association of America for the same purposes as herein specified in gifts of it to the City of Boston."

Now, therefore, it is hereby ordered that the abovenamed bequests and devises to the City of Boston, be, and the same hereby are, accepted by the said City of Boston according to the terms set forth in said will.

Referred to the Executive Committee.

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1930.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1930, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston or County of Suffolk, or the departments or officers thereof, and to meet their obligations for interest on debt, sinking fund requirements and maturing debt not provided for by sinking fund, the respective sums of money specified in the tables and schedules hereinafter set out be and the same are hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriations for Water Service current expenses and the payment to the state under the provisions of chapter 488 of the Acts of 1895, and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department

income and any excess over income from taxes; and the appropriation for City Record be met by the income of said publication and any excess over income from taxes; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1929, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation, and by the income of the financial year beginning January 1, 1930, and taxes to the amount of \$39,490,133.14, and that said amount be raised by taxation on the polls and estates in the City of Boston.

Ordered, That all sums of money which form no part of the income of the city but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston, be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city and county and all taxes assessed for meeting the city's proportion of the state tax for the year 1930, be due and payable on the fifteenth day of September, 1930; that interest shall be charged on all taxes remaining unpaid after the second day of October, 1930, in accordance with the provisions of chapter 59, section 57, of the General Laws, until paid, except the taxes assessed upon shares of national banks, which shall bear interest at the rate of 12 per cent per annum from the fifteenth day of September, 1930, until paid; and that all interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item; and except as aforesaid no salaries or wages shall be paid in excess of the rates specified in said tables and schedules.

Referred to the Committee on Appropriations.

APPROPRIATIONS FOR PUBLIC WELFARE AND SOLDIERS' RELIEF DEPARTMENTS.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1930.
To the City Council.

Gentlemen,—Under existing statute, city departments may expend prior to the passage of the annual budget an amount not in excess of "one-third the entire amount appropriated for the

department for the previous year." Under ordinary conditions the maintenance costs of the city departments for the first four months of the financial year may be financed under the provisions of this act. This year, however, heavy demands for aid and relief, resulting from the unemployment situation prevalent throughout the country, have materially increased the expenditures of the Soldiers' Relief and Public Welfare Departments. I am advised by the Budget Commissioner that the Soldiers' Relief Department has already reached the statutory limit of expenditure and that in all probability the Public Welfare Department will reach this limit within a few days.

In order that the needy of the city may not be estopped from securing the relief necessary to alleviate their condition, I deem it advisable to suggest to the Council the passage of an order providing for the appropriation of the relief amounts recommended in the budgets of the Soldiers' Relief and Public Welfare Departments. For this purpose I submit herewith the necessary order and respectfully suggest its immediate adoption by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1930, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or the department or officers thereof, the respective sums of money specified in the tables hereinafter set forth be, and the same are hereby, appropriated, to be expended for the objects and purposes hereinafter stated, that the same be raised by taxation upon the polls and estates taxable in the City of Boston, and that all orders relating to appropriations, taxes and the interest thereon apply to the taxes herein provided for.

Referred to the Executive Committee.

REMOVAL OF RAILROAD DIFFERENTIALS.

The following was received:

City of Boston,
Office of the Mayor, March 31, 1930.
To the City Council.

Gentlemen,—I beg to submit herewith a communication received from the Corporation Counsel requesting affirmative favorable action for the removal of railroad differentials and respectfully recommend the adoption of the same by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Law Department, March 31, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—The Boston Port Authority is about to file a formal complaint with the Interstate Commerce Commission seeking the removal of the railroad differentials which now so seriously affect the trade and commerce of this city. At the request of the Port Authority, and with your Honor's approval, I am acting as counsel for the Port Authority together with Hon. Johnston B. Campbell of Washington, D. C., former Commissioner of the Interstate Commerce Commission. We are about to file a formal complaint on behalf of the Boston Port Authority with the Interstate Commerce Commission in this connection. We feel that it is essential that the City of Boston join with us as a party complainant and in order that the city government may be on record favoring the filing of a complaint by the City of Boston I am inclosing herewith a copy of an order which I believe should be submitted to the City Council for its approval. Heretofore the differential cases brought by the Maritime Association of the Chamber of Commerce of the Port of Boston have attempted to secure differentials under Baltimore and Philadelphia. In the petition that is about to be filed the port of Boston is to seek a differential under the port of New York which at the present time has more business than it can satisfactorily handle. If the port of Boston is successful in securing this differential under New York we believe that a considerable portion of the surplus

export business of the port of New York will be directed through the port of Boston.

Very truly yours,

SAMUEL SILVERMAN,
Corporation Counsel.

Ordered, That the City Council of the City of Boston favors the commencement of proceedings before the Interstate Commerce Commission to remove the rail differentials which now so adversely affect the trade and commerce of the port of Boston; and be it further ordered that the Corporation Counsel, with the approval of his Honor the Mayor, forthwith commence such proceedings on behalf of the City of Boston.

Referred to the Executive Committee.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted appointments for the term ending April 30, 1930, viz.:

Constables: Nathan E. Rosenberg, 15 Elmhurst street, Dorchester; John T. Galvin, 69 Mountain avenue, Dorchester; William W. Lyons, 589 East Fourth street.

Weigher of Coal: Ethel Pass, 264 Norfolk avenue, Roxbury.

Weigher of Goods: William F. Warren, Hotel Lucerne, Causeway street, Boston.

Respectively laid over a week under the law.

DISAPPROVAL OF CONSTABLE'S BOND.

The following was received:

City of Boston,
Office of the Mayor, March 28, 1930.
To the City Council.

Gentlemen,—I return herewith, disapproved, the constable's bond of Patrick H. Murphy, for the reason that I am informed that one of the indemnitors obtained by the surety company signed under a misapprehension and that the agents of the company have refused to receive a letter of withdrawal.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

Later in the session Coun. WILSON said:

Mr. President, I would like to make an inquiry with regard to bonds for constables. Am I under the wrong impression in thinking that they come down to us from the Law Department in every case? If not, so that we may exercise a little more care in the future, I think it might be well to have them come here after such approval.

President LYNCH—The bonds are approved by the City Treasurer before we get them, following a form approved by the Corporation Counsel.

EXPENDITURES FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, March 26, 1930.
To the City Council.

Gentlemen,—I beg to submit herewith recommendations of the Park Commission making provision for the expenditure of \$32,000 from the income of the George F. Parkman Fund for the purposes as herein set forth.

I accordingly recommend the adoption of the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, March 25, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners you are respectfully asked to make a request upon the City Council for the transfer from the income of the George F. Parkman Fund of the sum of \$32,000 which is now available, for the purposes stated below:

Highland Park Improvements Roxbury:	
Repairs to standpipe, grading, etc...	\$19,500
Arnold Arboretum Improvements:	
Fences, roadways, etc.	7,500
Purchase of Animals, Birds, and Fish:	
Replacements and new stock.	5,000
	<u>\$32,000</u>

Yours very respectfully,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$32,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners for the maintenance and improvement of the Common and parks in existence on January 12, 1887, as follows:

Highland Park Improvements, etc.....	\$19,500
Arnold Arboretum Improvements, etc..	7,500
Animals, Birds, etc.	5,000

Referred to the Committee on Parkman Fund.

EAST BOSTON TUNNEL.

The following was received:

City of Boston,
Office of the Mayor, March 28, 1930.
To the City Council.

Gentlemen,—The rejection by the Legislature of the alternative bill, submitted for the purpose of allowing the city to choose between a bridge and a tunnel to East Boston, apparently makes it necessary to proceed without further delay with the construction of the tunnel.

There is pending before the Committee on Rules of the Legislature a bill providing for certain improvements to the East Boston Tunnel Act and in order that the matter may be considered by the appropriate committee it is necessary that the proposed legislation be favored by the City Council; accordingly I recommend the passage of the accompanying resolution.

Respectfully,
JAMES M. CURLEY, Mayor.

Resolved, That the City Council of the City of Boston favors the enactment of legislation relative to the construction of a vehicular tunnel between Boston proper and East Boston, as set forth in a bill accompanying a petition of Frederic H. Fay and Henry I. Harriman, or like legislation to accomplish the same ends, and favors the borrowing of money outside the legal limit of indebtedness to accomplish said purpose like or as set forth in said bill.

Coun. DONOVAN—Mr. President, I move a suspension of the rule and the passage of the resolution.

Coun. WILSON—Mr. President, I move that the matter be referred to the Executive Committee. The matter was referred to the Executive Committee.

CENSUS OF EMPLOYMENT BY POLICE.

The following was received:

City of Boston,
Office of the Mayor, March 29, 1930.
To the City Council.

Gentlemen,—The order adopted by the City Council at a meeting held upon Monday, March 24, 1930, requesting that the police, in the listing of voters, take a census of employment and unemployment in the City of Boston, has been arranged without interfering with the work of the Police Department and will be carried out in conformity with the wishes of the City Council in the manner set forth in the communication from the Police Commissioner here appended.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Police Department,
Office of the Commissioner, March 27, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Mayor Curley,—I have received your letter of March 25 with which you inclosed a copy of an order of the City Council relative to obtaining information through the police listing as to the number of persons who are unemployed in this city, and in answer to the same I am sending you herewith a copy of an order to be sent to the superintendent, if in your opinion it will obtain the desired results.

Will you kindly communicate your approval as soon as possible.

Yours respectfully,
HERBERT A. WILSON,
Commissioner.

(Appended was the letter to the superintendent referred to).
Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Bethlehem Shipbuilding Corporation, for refund on garage licenses.
Boston Elevated Railway, for refund on refuse tickets.

Vermont street, Ward 20.....	129 83
Vermont street, Ward 20.....	406 96

Orders severally passed under suspension of the rule.

PAYMENT TO WIDOW OF LEO T. YOUNG.

Coun. DONOVAN offered the following:

Resolved, That the City Council of the City of Boston hereby approves the enactment of legislation to authorize the city to pay a sum of money to the widow of Leo T. Young, an employee of the School Department, who died from gas poisoning from a broken gas main in the James Otis School.

Passed under suspension of the rule.

WARD 1 IMPROVEMENTS.

Coun. DONOVAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Maverick street, Ward 1, from New street to the airport.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Liverpool street, from Sumner street to Central square, Ward 1.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Sumner street, Ward 1, from Orleans street to its end.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Webster street, from Orleans street to its end, Ward 1.

Severally passed under suspension of the rule.

BOULEVARD STOP, LOUIS PRANG STREET.

Coun. ARNOLD offered the following:

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to place a "boulevard stop" sign on the right-hand side of Louis Prang street at the proper distance from its intersection with Huntington avenue.

Passed under suspension of the rule.

ENGROSSING RESOLUTIONS ON DEATH OF EX-PRESIDENT TAFT.

Coun. CURTIS offered the following:

Ordered, That the expense of engrossing the resolutions adopted by the City Council on the death of Ex-President Taft, not to exceed \$100, be charged to the Reserve Fund.

Passed under suspension of the rule.

PROPOSED REPAVING OF BRANCH STREET, WARD 5.

Coun. CURTIS offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave Branch street, Ward 5, near Charles street.

Passed under suspension of the rule.

WARD 11 IMPROVEMENTS.

Coun. ENGLERT offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Woodside avenue, Ward 11.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to lay out and accept as a public highway Garfield street, Ward 11.

Severally passed under suspension of the rule.

CONCRETE BLEACHERS, FRANKLIN FIELD.

Coun. RUBY offered the following:

Ordered, That the sum of thirty thousand dollars, be, and the same hereby is, appropriated, to be expended under the direction of the Park Commission for the erection of concrete bleachers on Franklin Field, and that to meet such expense the City Treasurer be authorized to issue from time to time, at the request of the Mayor, bonds or certificates of indebtedness of the City to said amount.

Referred to the Committee on Finance.

WARD 15 IMPROVEMENTS.

Coun. KELLY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install sufficient electric arc lamps to provide adequate lighting along Hamilton street, between Bowdoin street and Clarkson street, Ward 15.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install sufficient electric arc lamps to provide adequate lighting along Dickens street, Ward 15.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Cornell street, Ward 15, as a public highway.

Severally passed under suspension of the rule.

SIDEWALK CONSTRUCTION.

Coun. FISH offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along 49 Train street, Ward 16, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. MURRAY offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Washington street, both sides, from Asticou road to Poplar street, Ward 19, in front of the estates bordering thereon;

said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. NORTON offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Sunnyside street, east side, from 72 to 96, inclusive, Ward 18, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Huntington avenue, both sides, from Thatcher street to Westminster street, Ward 18, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. GLEASON offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Haskins street, both sides, Ward 9, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

AUTOMATIC SIGNALS, WARD 20.

Coun. COX offered the following:

Ordered, That the sum of one hundred twenty-five thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Boston Traffic Commission for the installation of a system of automatic traffic signals on Centre street, Ward 20, from Church street to Spring street, and from Spring street to Baker street, and that to meet such expense the City Treasurer be authorized to issue, from time to time, at the request of the Mayor, bonds or certificates of indebtedness of the city to that amount.

Referred to the Committee on Finance.

WARD 20 IMPROVEMENTS.

Coun. COX offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to lay out a sewer in Amesbury street, Ward 20, the entire length.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to lay out a sewer in Alleyne street, Ward 20, the entire length.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor,

to lay out a sewer in Willowdean avenue, Ward 20, from Weld street to Ledyard road.

Severally passed under suspension of the rule.

RECESS.

The Council voted, at 2.34 p. m., on motion of Coun. BUSH, to take a recess subject to the call of the President. The members reassembled in the Council Chamber and were called to order by President LYNCH at 3.41 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. MAHONEY, for the Executive Committee, submitted reports as follows:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Jennie M. Trainor, Jordan Hall, May 13; Lillafances Viles, Current Events Hall, April 26; Rose E. Donaghey, Municipal Building, Roslindale, May 9; Marion Thayer Hiltz, Municipal Building, Vine street, May 15,—that leave be granted.

Report accepted; leave granted on usual conditions.

2. Report on message of Mayor and order (referred today) appropriating \$2,625,000 for Public Welfare Department and \$300,000 for Soldiers' Relief Department,—that same ought to pass.

Coun. WILSON—Mr. President, in order that the way in which we are voting may be made clear on the record, I want to say this, having in view the discussion of this matter in the Executive Committee, that I do not believe, merely because any member of this Council sees fit to look over an order, to criticize a figure or to use his own brains on any particular matter that comes into the Council, he must necessarily be considered hostile to the present administration, and I don't think the present Mayor will resent any man in this present body of twenty-two members using the brains that God presumably gave him on any occasion. It is now proposed, under the report before us, to pass the entire appropriation for the Public Welfare Department and the Soldiers' Relief Department for 1930. The amount for the Soldiers' Relief Department is \$300,000, and for the Public Welfare Department \$2,625,000. I certainly cannot believe that the Mayor of this city would resent any member of the Council voting to grant \$200,000 out of the \$300,000 which the Budget Commissioner has asked for the Soldiers' Relief Department, particularly in view of the fact that the Budget Commissioner tells us that that will take care of the department certainly until the first of June. The amount upon which we are asked to vote at this time for the Public Welfare Department, the appropriation for the whole year 1930, amounts to \$2,625,000. The order as drawn asks us to pass that without reference to the Appropriations Committee, to pass the appropriation that they say they require for the whole year, without our knowing anything about the details of it, and in spite of the fact that we know that a much smaller sum will meet the requirements of the department for some time to come. The Budget Commissioner has told us quite frankly that if we should vote \$1,500,000 at this time it would take care of every conceivable demand on the part of the Public Welfare Department until the first of June. Knowing those facts, I don't care to be in the position of voting for the entire budget for the year at this time, without even seeing the figures. It is for that reason—with no idea of criticizing any administration but simply in order to fulfill the duties of the position I have been elected to, that I move to amend the figures so that for the Public Welfare Department, instead of \$2,625,000, they will read \$1,250,000, and for the Soldiers' Relief Department, instead of \$300,000, they will read \$200,000, inasmuch as we have been informed by the Budget Commissioner that those amounts will take care of these very necessary departments certainly until the month of June.

Coun. CURTIS—Mr. President, I am in favor of this amendment. I believe we are all in favor of providing these departments with necessary funds. The only question before us is, whether we are going to pass the whole year's appropriation without any consideration whatever, instead of giving the departments sufficient to take care of them for the time being and then having an opportunity to consider the whole matter in an orderly way. I think we should do the latter. In saying this, I do not wish to be understood as opposing the expenditures in any way. I simply think these matters should receive proper consideration. I trust, therefore, that the Council will vote to accept the amendment, and I believe it is our duty, being elected here to give proper consideration to financial questions affecting the city, to vote at this time for such amendments.

Coun. FITZGERALD—Mr. President, speaking upon the amendment offered by the councilor from Dorchester, I might call the attention of the Council to City Document No. 1. If they have it before them they might read it. It is the Mayor's inaugural address, and in it he says: "The expenditures of the Public Welfare Department are an unfailing barometer as to industrial prosperity or depression, and the amount required in the closing months of 1929 indicate that there is dire need at present. The solution of all these problems requires the action

and approval of the City Council. Too often in the past the attention of the citizens has been centered on the inauguration, personality and policies of the chief executive; losing sight of the fact that this ceremony is also the inauguration day of the members of the City Council, who have been selected by the people to act as a Board of Directors. Since the curtailing of their powers along certain executive and administrative lines by the so-called Good Government Charter of 1909, it has become customary for those having little knowledge of the foundations of municipal government to make light of the City Council membership and attempt to belittle their importance. Nothing is more unwarranted and unfair—and no one can more appreciate from actual experience their power and influence for good administration, and the necessity for their hearty cooperation and assistance, than I. From my knowledge of the caliber of the men whom the people have selected to represent them in the present honorable body, I feel certain of that cooperation and assistance to the fullest degree."

Now, that is what the Mayor himself said on inauguration day, and what is this Council now doing? Throwing away their powers in an appropriation of this kind. Last year and the year before last we were led to vote for appropriations for Long Island, and every time we were asked to do anything for Long Island there was a plea for the unfortunate poor and sick and we were urged to immediately put the appropriation through. How much of the money so appropriated was used for improper purposes we don't know. But we do now know that boilers were installed which might at any moment blow up the entire institution and cast the bodies of the poor unfortunates there into the sea. The danger threatened has just been discovered and is so threatening, and conditions are so bad as to indicate malfeasance in office and to perhaps warrant a call of the District Attorney to proceed. In this matter the Council is now proposing to surrender its powers and perhaps to repeat the very sort of thing that I have just referred to. So that is why I go back to the Mayor's own words when he spoke on inauguration day, indicating what our duties and responsibilities are. We are asked to vote away millions of dollars to help the poor veterans and to afford aid to the unfortunates who come under the Public Welfare Department, without reading or seeing the budget. It is all very well to appropriate sufficient money to carry them through until June 1, and the Council can then go into the figures, exercising their rights and prerogatives, and pass on the necessities of the department for the rest of the year. The Mayor himself, when he was a member of this body, would not approve of its taking such action. The records will show that he was always an active member of the body, that he always insisted on observance of its rights, and that he wanted to have the body obtain the necessary and proper information before voting for appropriations. Now, however, the members of this Council are proposing to vote blindly for this order, which will grant the budget asked for by these departments for the entire year, without an opportunity to examine into the matter and see if we would thereby be doing the right thing. We voted to accept the tunnel act, with a possible ultimate expenditure of \$50,000,000, without proper investigation, nobody knowing how far it would go, and possibly resulting in one of the greatest scandals in the history of the city. Nobody knows where it will end. So I urge the members of the body not to surrender their rights and prerogatives today, but to vote for the amendment which the councilor from Dorchester has offered. In acting upon this amendment, I ask you to bear in mind and to read the words uttered by the Mayor of the city when he spoke here on inauguration day, in which he attempted to show the members of the body that they amounted to something and to show the citizens that we here were elected to properly perform the functions of our office, and that we had real power and responsibility. If you are going to surrender your rights, however, we might as well now acknowledge that we are merely rubber stamps and adjourn *sine die*.

Coun. MURRAY—Mr. President, from what the councilor from Dorchester has said, I believe the amount of money that would be appropriated under his amendment would last until July, or certainly until such time as we would have had a chance to look over the budget. A large part of the trouble we have had in connection with the poor of the city has been through the Public Welfare Department. If we adopt the amendment today, we will have a chance to talk with the men there and to get some idea about conditions. Every man here has had a fight with the visitors to people in his district. Let us know what the situation is. I am going to stand with the councilor from Dorchester in his amendment.

President LYNCH—Will Councilor Wilson repeat his amendment, please?

Coun. WILSON—Mr. President, my attention has been called to the fact that there are two items under the Public Welfare Department, the item for care of dependents, \$1,900,000 and for Mothers' Aid, \$725,000. The motion I make is to amend the Public Welfare Department figures, reducing the amount of the total, \$2,625,000, to \$1,500,000, reducing the item for care of dependents from \$1,900,000 to \$1,000,000, and the item for Mothers' Aid from \$725,000 to an even \$500,000; and reducing the amount for Soldiers' Relief Department

from \$300,000 to \$200,000, two thirds of the entire amount. Those figures are the figures that the Budget Commissioner told the members of the Executive Committee would easily carry those departments to the first of June, at least.

Coun. Wilson's amendment was declared rejected. Coun. WILSON doubted the vote and asked for the yeas and nays.

Coun. Wilson's amendment was rejected, yeas 9, nays 12:

Yeas—Coun. Arnold, Cox, Curtis, Fitzgerald, Kelly, Murray, Norton, Ruby, Wilson—9.

Nays—Coun. Bush, Donovan, Engdert, Fish, Gallagher, Gleason, Green, Hein, Lynch, Mahoney, McGrath, Power—12.

The report was accepted and the order was passed, yeas 20; nays—Coun. Curtis—1.

3. Report on message from Mayor and order (referred today) that the City Council favors commencement of proceedings before the Interstate Commerce Commission to remove rail differentials which now adversely affect the trade and commerce of port of Boston, and that the Corporation Counsel commence such proceedings on behalf of Boston—that same ought to pass.

President LYNCH—I think it was understood that Coun. Norton was to explain this matter of differentials and to enlighten the members.

Coun. NORTON—Mr. President, wasn't it understood with the Clerk of Committees that this report was to be deferred for one week?

President LYNCH—The Chair will ask Councilor Arnold, he being the gentleman who made the motion.

Coun. ARNOLD—Mr. President, my reason for making the motion I did in executive session was that I felt that this was one of the most important things affecting the City of Boston in part and New England in general, and that a member of this body, who I felt was qualified to do so, might make himself heard before the Council and have his statement go forth to the citizens of Boston as well as of New England. That is the reason why I made the motion at that time, Mr. President. In view of the fact that the gentleman who was designated as the one best informed on this matter would prefer to be heard a week from today, I would move that the matter be assigned to the next meeting.

President LYNCH—The Chair is informed that it might defeat the object of the order to lay the matter on the table or to assign it for one week.

Coun. BUSH—Mr. President, this matter is one of paramount importance, and to lay it over for a week would serve no useful purpose, except perhaps to give the councilor from Hyde Park a chance to put together and give to us definite information as to what makes up the rate differentials under which Boston is handicapped and is laboring at the present time. We have had this question up before, however, and I believe most of the members of the Council have a general idea of the situation, which amounts to this, that the rate differentials as they now operate exclude the City of Boston from a certain amount of commerce which rightfully belongs to New England and the City of Boston in part. There have been a great many efforts on the part of the Chamber of Commerce and the City of Boston in the past to have for Boston a more favorable rate differential, which will permit New England to obtain some of the traffic that is now kept from us by reason of the differential. I think it is sufficient for us to know that and that it is for the benefit of the City of Boston and of New England in general to pass this order at once, in order that the work which may be done under it may proceed. I will move, therefore, that we pass on this matter today.

Coun. NORTON—Mr. President, my only reason for suggesting assignment was that I might present next week some data that would be of interest to the members of the Council. I agree with Councilor Bush that this is an extremely important matter, and that if time is of the essence of the matter, it should be passed today. While I would prefer myself, in order that I might properly prepare and present the desired information, to have the action deferred until next week, I think I can say a few words at this time that will give a general idea of the situation as it lies in my mind. If I had my way, instead of using the expression that we continually see in the news about "differentials," I would use the expression that there was against Boston, on shipments from the West a handicap of 2 cents per 100 pounds, so that everybody could understand what was meant, what was signified by the abstract expression "differentials." Numerous people in the past twenty years have attempted to tell us what was wrong with Boston and what was wrong in particular with the port of Boston. But those interested in our city invariably speak of the "differential" against the port of Boston in attempting to give the reason why we have not retained our old position in the great galaxy of American cities, in the matter of amount of freight handled as related to population. "Differential" means this, as I understand it, that as applied to commodities or freight coming from the great Western bread basket of America, from the great plains of the Rockies via Chicago, there is a charge of 2 cents more per 100 pounds for such commodity and freight shipped through Boston as compared with Baltimore or Philadelphia. Naturally the farmer in the greatest wheat-growing section of the world—Jowa, Kansas and the other great agricultural states—when it comes to shipping his commodity naturally wishes to send it through the cheapest

port; and the reason why it is sent through the ports of Baltimore and Philadelphia—and a certain amount by way of New York, the great trade center and metropolis of this hemisphere—is that there is this handicap of 2 cents per 100 pounds on freight sent through Boston as compared with Baltimore and Philadelphia, with the result that grain elevators and facilities for handling such commodities have been going to waste in the section represented here by Councilor Donovan of East Boston for twenty years or over. We are speaking here of building additional grain elevators. Whether or not that is to be done, under present circumstances, is an economic question. But the result of this discrimination against Boston has been that grain elevators and facilities for handling freight in the East Boston and Charlestown area have, as I say, for years been going to waste, that there has been nothing doing in a business way. So today the request of Corporation Counsel Silverman and Mayor Curley is that we put up a legal battle before the Interstate Commerce Commission and other interested bodies to see if it will not be possible to remove that 2 cents per 100 pounds obstacle against merchandise going through the port of Boston. The chairman of the Maritime Division of the Chamber of Commerce, Frank W. Davis, tells us that the opening of the Welland Canal and the moving of freight by way of that canal and the New York, New Haven & Hartford Railroad, is destined to result in shipping more grain through Boston, and looking forward to an improvement along that line, the Governor of the Commonwealth and other officials are now considering the advisability of erecting in the South Boston area a grain elevator to handle the additional grain which is destined to move this way, because of the fact that Canada has built that Welland Canal. Mr. President, grain would surely move this way if it were not for the handicap we suffer because of this discrimination against Boston and in favor of other ports. This 2 cents per 100 pounds handicap against Boston means the demolition of this trade, means the destruction of the commerce which has been carried on so successfully through this port in the past for 200 years. So that is the threat of the differential. In stating at a previous meeting my reason for differing with my colleague from Dorchester (Coun. Wilson) with regard to the effect that a toll that was not very carefully thought out might have in injuring East Boston I brought up as a parallel instance, to show the injurious effect on business of a charge that might in itself be thought small, this so-called differential of 2 cents per 100 pounds against the port of Boston as compared with Baltimore and Philadelphia. Nothing in the world is so harmful to commerce as a sometimes seemingly small charge against one city as compared with another. That 2 cents per 100 pounds makes all the difference in the world on ocean-borne freight in deciding its destination, whether through the port of Boston or through some other port. We have here an attempt by the Corporation Counsel of Boston, under the direction of his Honor the Mayor, to place Boston on a parity with other North Atlantic ports, and I certainly trust, Mr. President, that the order will be passed.

Report accepted; order passed.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President LYNCH called up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointments submitted by the Mayor March 24, 1930, of John T. Kelly, Arthur McNeil, William H. McInerney, David G. Moran, John J. Mahoney, Daniel F. O'Connor, Alexander A. Ardolino, Henry A. Gagin, John M. Fabins, David Epstein, Dennis J. Hickey, Louis Davis, to be Constables.

2. Action on appointments submitted by the Mayor March 24, 1930, of Arthur J. Sangster, Walter J. Fallon, Lawrence O'Connor, to be Weighers of Coal, and Lucian R. Temple to be a Weigher of Goods.

The question came on confirmation. Committee—Coun. Wilson and Gleason. Whole number of ballots 18, yeas 18, and the appointments were confirmed.

REPORT OF COMMITTEE ON JITNEY LICENSES.

Coun. MURRAY, for the Committee on jitney Licenses, submitted the following:

1. Report on petition of Boston Elevated Railway (referred today) to operate motor vehicles from Cambridge line to Scollay square between midnight and 6 a. m.—that license be granted.

Coun. WILSON—Mr. President, I am sorry I was not paying attention and did not catch that. Do I understand, however, that this is a proposition to put through one more jitney line in the downtown business district?

Coun. MURRAY—No, sir. It is planned to run this jitney line from Cambridge through the West End to Scollay square, a midnight bus, from the hours of 12 at night to 6 in the morning. I think the councilor representing the district in which it runs might be best informed as to whether he thinks they need it or not.

Coun. WILSON—Perhaps the councilor from the West End is not around much between 12 midnight and 6 in the morning (laughter). Do I understand that the license specifies that this is night service, or is wide open?

President LYNCH—It is night service, between the hours of 12 midnight and 6 a. m.

At request of Coun. Wilson the clerk read the description of the route and the hours between which the vehicles are to be operated, as follows:

"Between the Cambridge-Boston line on Charles river dam and Scollay square, over Charles river dam, Leverett street, Nashua street, Causeway street, Portland street, Sudbury street, Court street, Scollay square, Cornhill, Adams square, Washington street, Haymarket square, Canal street, Causeway street, Nashua street, Leverett street, Charles river dam (Boston section of a route between Central square, Cambridge and Scollay square, Boston); to be operated between the hours of midnight and 6 a. m."

Coun. WILSON—Do I understand, Mr. President, that the restrictions as outlined here are to be maintained? Perhaps we can get the information from the clerk.

President LYNCH—The clerk informs the Chair that the license will be granted strictly in accordance with the terms quoted.

Coun. RUBY—Mr. President, I would like to ask the councilor from Ward 3 (Coun. Fitzgerald) a question, if he cares to answer it,—whether a part of the route in question will interfere with the contemplated improvement of the Charles River Basin, which I understand has been started or is immediately to start?

Coun. FITZGERALD—I would say to the councilor that I don't think it will.

Report accepted; license granted on the usual conditions.

2. Report on petition of Eastern Massachusetts Street Railway Company (referred today) to operate motor vehicles from Mattapan Station to Milton line—that license be granted.

Coun. MURRAY—Mr. President, I might say in regard to this report that the Eastern Massachusetts Street Railway Company now has a license to run street cars across the bridge to Mattapan and turn to the left on River street, and then stay there until they pick up their freight. I understand that they are asking for a change. Of course, their buses on the other side of the line, in Milton, have nothing to do with the City of Boston, and they are simply asking us for the privilege, instead of turning to the left, to turn to the right and go into the rapid transit station at Mattapan square. That, I believe will relieve congestion on Blue Hill avenue. The councilor from that district can, I think, if desired, say a word as to how it affects his district.

Coun. NORTON—Mr. President, at the present time the situation is as the councilor has stated, at Mattapan square. We now have the new rapid transit Mattapan Station, and this change is intended to be worked out in connection with that (illustrating). We will say that this is the main thoroughfare, Blue Hill avenue. Over here is the Mattapan Station of the rapid transit. Instead of having the Mattapan car come here and stay here, say, for some time, blocking traffic, these buses are going to run into the Mattapan rapid transit area, coming in at this point. It will be a decided improvement from the standpoint of traffic. Therefore, I favor it.

Coun. RUBY—Mr. President, I would ask the chairman of the Jitney Committee whether the contemplated change meets with the approval of the Boston Elevated Railway Company?

Coun. MURRAY—Mr. President, I would say to the councilor that if he wants to get any more information he can call up the Boston Elevated.

Coun. RUBY—Mr. President, I resent the last part of the councilor's answer because, if the chairman of the Jitney Committee is not sincere, I am. I feel that, while this largely involves Ward 18, it also involves a part of the district represented by myself, and I wanted to make sure that I was voting for something upon which all the parties concerned were in accord,—because, if my memory serves me right, we have been asked in the past to pass on matters in which the Boston Elevated and the Eastern Massachusetts were at variance. I refer to the Hill Top street matter, out in Councilor Fish's district. So I think we want to be sure that the persons involved have at least agreed on a certain proposition before we are asked to vote on it.

Coun. MURRAY—Might I say, Mr. President, to Councilor Ruby, that our committee are ready at all times to hear all interests involved, and that we give a hearing to all parties interested?

Coun. FISH—Mr. President, I would like to ask a question. Are the Boston Elevated employees going to carry that bus into Mattapan or the Eastern Massachusetts employees?

Coun. MURRAY—The bus comes to about 90 feet from the bridge to the Elevated, and the Eastern Massachusetts will run the bus. That is satisfactory, I understand, also to the Boston Elevated employees' union.

Coun. NORTON—I was understood, Mr. President, that the Boston Elevated favored this idea, and it was also acceptable to the Boston Elevated union men.

Report accepted; license granted on usual conditions.

STANDING PASSENGERS ON JITNEYS.

Coun. GREEN called up assignment, viz.:

3. An Ordinance Concerning Passengers on Jitneys.

Be it ordained by the City Council of Boston, as follows:

Chapter thirty-nine of the Revised Ordinances of 1925 is hereby amended by striking out section one hundred and one, and inserting in place thereof the following:

Section 101. The license issued for each motor vehicle shall fix and specify its seating capacity, exclusive of the operator. Passengers in excess of twenty-five per cent above the seating capacity of such motor vehicle shall not be carried. Whenever the number of passengers applying for transportation exceeds the number hereinbefore provided for it shall be the duty of the licensee to furnish sufficient additional facilities to carry such passengers. No person operating or in charge of any such vehicle shall take on or suffer or permit more persons to ride or to be carried thereon at any one time than is authorized by this section, or permit any person to stand or sit upon any running board, steps, fender, dash or hood thereof, or permit any person to ride on such motor vehicle outside the body thereof; provided, however, that in addition to the number of passengers which said motor vehicle by the terms of this section is permitted to carry, children under seven years of age may be carried therein, in arms, or seated on the laps of adult persons accompanying them, but no passenger with a child in arms or seated on the lap shall be permitted on any front seat of the vehicle.

Coun. GREEN—Mr. President, two weeks ago I presented this report of the Committee on Ordinances in reference to standees in the buses, and the councilor from Dorchester at that time moved that the matter be assigned. I would at this time call up the assignment and ask that this matter be referred to the Executive Committee.

The Council voted to refer No. 3 on the calendar to the Executive Committee.

SALARY OF PORTERS AT CITY HOSPITAL.

Coun. McGRATH offered the following:

Ordered, That the Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to add to the salaries of the ward porters employed at the hospital the sum of \$4.50 per week instead of allowing said porters to have meals at the expense of the city. This will bring their salaries up to \$28.50 per week, the amount on which their retirement deduction is based at the present time.

Coun. McGRATH—Mr. President, I might say in explaining this order that the men now employed as ward porters in the Boston City Hospital are appointed on a basis of \$28.50 a week less amount deducted for meals, and pay in, on a 4 per cent basis, \$1.14 a week to the Retirement Fund. On the average, these men eat from eight to ten meals there, while they are taxed for twenty-one meals. They want to waive the right to the meals and get the salary with which they are credited on the pay roll books, namely, \$28.50 a week.

The order was passed under suspension of the rule.

ROPING OFF CENTRE STREET.

Coun. MURRAY offered the following:

Ordered, That the City Messenger be authorized to rope off Centre street, Jamaica Plain, from Walden to Westley street, on the occasion of the Michael J. O'Connell Post, American Legion, road race on April 19, 1930, the expense attending same to be charged to the appropriation for City Council, Flags, Ropes and Stakes.

Passed under suspension of the rule.

SULLIVAN SQUARE PLAYGROUND IMPROVEMENTS.

Coun. GREEN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to replace the antiquated handball courts at the Sullivan Square Playground with two new wooden courts.

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to provide in the 1930 budget a sum sufficient for an addition to the present locker building and the installation of additional shower baths therein, at the Sullivan Square Playground, Ward 2.

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to arrange to keep open the locker building at the Sullivan Square Playground each day in the year until nine o'clock at night.

Severally passed under suspension of the rule.

LOCKER BUILDING, MARY HEMENWAY PLAYGROUND.

Coun. FISH offered the following:

Ordered, That the sum of twenty thousand dollars be, and the same hereby is, appropriated,

to be expended under the direction of the Park Commission for the construction of a locker building at the Mary Hemenway Playground, Ward 16, and that to meet such expense the City Treasurer be authorized to issue, from time to time, at the request of the Mayor, bonds or certificates of indebtedness of the city to that amount.

Referred to the Committee on Finance.

ROPING OFF STREETS FOR MARATHON RACE.

Coun. CURTIS offered the following:

Ordered, That the City Messenger be authorized to rope off such streets as may be necessary, as in former years, in connection with the Marathon race to be held on April 19, 1930, under the auspices of the Boston Athletic Association, the expense attending same to be charged to the appropriation for City Council, Flags, Ropes and Stakes.

Passed under suspension of the rule.

ABOLITION OF ISLAND AT EVERETT SQUARE.

Coun. NORTON offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to abolish the island at Everett square, Hyde Park.

Passed under suspension of the rule.

WARD 10 IMPROVEMENTS.

Coun. POWER offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Parker street, from Heath to Centre street, Ward 10.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Chestnut avenue, from Boylston to Centre street, Jamaica Plain.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Wigglesworth street, from Huntington avenue to Tremont street, Ward 10.

Passed under suspension of the rule.

ANNUITY TO WIDOW OF FRANK L. LYONS.

Coun. WILSON offered the following:

Ordered, That an annuity of six hundred dollars be allowed and paid to the widow of Frank L. Lyons, late captain of the Boston Fire Department, such annuity to continue as long as said widow remains unmarried, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Referred to the Executive Committee.

IMPROVEMENT OF ELM HILL PARK.

Coun. BUSH offered the following:

Ordered, That the Park Commissioners be requested, through his Honor the Mayor, to place the grounds in Elm Hill park in proper condition.

Passed under suspension of the rule.

Coun. BUSH offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to repave with smooth paving Elm Hill park, Ward 12.

Passed under suspension of the rule.

Adjourned at 4.23, on motion of Coun. GALLAGHER, to meet on Monday, April 7, 1930, at 2 p. m.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

SOCIAL WORKER, BOSTON CITY HOSPITAL, APRIL 15, 1930.

Requisition is for a female, but the examination is open to both males and females.

The requirement of six months' domicile in Boston is waived.

Salary: \$1,200 a year.

Age limits: Applicants must be not less than twenty-one nor more than forty-five years of age at the time of filing application.

A certificate of date of birth must be filed with the application.

Applicants must have a good general knowledge of modern social case work and be able to understand the social implications and after care treatment of diseases most frequently met with in connection with a large city hospital. They should also be able to write accurate social case histories and compile accurate statistical data on their case work.

Applicants must have education equivalent to four years in a standard high school, or preferably college education, and at least one year's training or one year's experience in social case work with a recognized agency.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners, as to their physical fitness for the position.

SUPERVISOR, BOSTON PARK DEPARTMENT, APRIL 15, 1930.

Salary: \$2,300 a year. This position is for supervisor of care and registration of veterans' graves.

Duties: To have charge of veterans' graves and registration of same in Boston; to keep these areas in proper condition; and handle men. Applicants should know how to grade and prepare areas for graves, have a general knowledge of shrubs and trees, and how to seed and sod graves, and have some idea of the care of roads.

Subjects and Weights: Training and experience, 4; questions on law pertaining to the position, 3; questions on the proper care of graves, shrubs, trees, etc., 3; total, 10.

Requirements: At least 50 per cent in questions on law, 60 per cent in questions on care of graves, and 70 per cent in training and experience and in general average in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 7, 1930.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 2 p. m., President LYNCH in the chair. Absent, Coun. Dowd.

JURORS DRAWN.

Jurors were drawn under the law, Coun. RUBY presiding at the box in the absence of the Mayor, as follows:

Twenty-four traverse jurors, Superior Civil Court, First Session, April Sitting, to appear May 5, 1930:

James W. Morris, Ward 1; George E. Silvey, Ward 1; James Kinsella, Ward 2; Joseph N. Orlandi, Ward 3; Patrick W. McNally, Ward 4; Morris Davis, Ward 8; Albert A. Miner, Ward 8; Peter Rose, Ward 9; William H. White, Ward 12; Charles E. Coakley, Ward 13; Thomas Hume, Ward 13; Joseph G. L. Lahive, Ward 13; Thomas A. Aylward, Ward 15; Luke William Condry, Ward 15; William H. Farrell, Ward 16; William D. McKenzie, Ward 16; William J. DeWinter, Ward 17; Arthur H. Burt, Ward 18; F. Henry Caffin, Ward 18; Philip G. Goff, Ward 19; Henry B. Knight, Ward 19; James T. Bjornson, Ward 20; Carl E. Rockstrom, Ward 20; Oliver A. Perrine, Ward 21.

Twenty-nine traverse jurors, Superior Civil Court, Second Session, April Sitting, to appear May 5, 1930:

Joseph A. Vitale, Ward 1; Frederick M. Finn, Ward 2; James P. Sullivan, Ward 3; William Turner, Ward 4; Edwin S. Pickert, Ward 5; Stanley H. Sinton, Ward 5; John Richard Davis, Ward 8; Francis X. Benson, Ward 9; Gustaf A. Gabrielson, Ward 11; John J. Hanley, Ward 11; George F. Kubler, Ward 11; John L. Lindroth, Ward 11; Albert Alexander Beder, Ward 12; David M. Cohen, Ward 12; Lester T. Fales, Ward 12; Patrick H. Brennan, Ward 13; Thomas B. McNeil, Ward 13; Fritz A. Johnson, Ward 16; Francis L. McInnis, Ward 16; August A. Nichols, Ward 18; Charles A. Wiperman, Ward 18; William T. Goodwin, Ward 19; Albert G. Hall, Ward 20; Francis G. Hegner, Ward 20; Walter Hebard, Ward 22; William Hickey, Ward 22; Michael Loughrey, Ward 22; John J. Markham, Ward 22; Charles H. O'Donnell, Ward 22.

Twenty-six traverse jurors, Superior Civil Court, Third Session, April Sitting, to appear May 5, 1930:

Louis Fiorentino, Ward 1; Anthony L. Frederick, Ward 1; Thomas F. Millerick, Ward 1; John Bowdren, Ward 2; Thomas H. Howe, Ward 4; Christopher G. Ross, Ward 4; Alfred E. Baker, Ward 5; James J. Shay, Ward 5; James T. Cogan, Ward 6; Daniel J. O'Neill, Ward 8; Daniel J. Daly, Ward 10; Frank J. Gately, Ward 11; Mayer Newman, Ward 12; David J. Bransfield, Ward 13; David H. Grandberg, Ward 14; Joseph M. Freer, Ward 14; Josef Flaschek, Ward 14; Edward F. Maloney, Ward 14; Abraham Markell, Ward 14; John Denner, Ward 18; George E. Fay, Ward 19; George F. Knapp, Ward 18; Joseph R. DeMers, Ward 20; John W. B. Ladd, Ward 20; John Marr, Ward 20; Harry O. Weber, Ward 20.

Twenty-nine traverse jurors, Superior Civil Court, Fourth Session, April Sitting, to appear May 5, 1930:

Arthur G. Dwelley, Ward 1; Timothy H. Gannon, Ward 1; John O'Hara, Ward 1; Justin E. Beliveau, Ward 2; Burt L. Otis, Ward 2; Herbert F. Hunt, Ward 4; Henry F. Brugnoli, Ward 7; Frank Johnson, Ward 7; Milo O. Bolton, Ward 8; Arthur W. Jones, Ward 8; Patrick H. O'Reilly, Ward 8; George R. Price, Ward 9; Maurice E. Pratt, Ward 10; Alfred E. Hermer, Ward 11; Arthur J. Donohue, Ward 15; Frederick H. Frost, Ward 13; William J. O'Connor, Ward 13; Fred F. Elliott, Ward 17; Fritz Gross, Ward 18; Hugo E. Buttner, Ward 19; Samuel W. B. Hofford, Ward 20; Jean Jeton, Ward 20; William S. Park, Ward 20; Sidney J. True, Ward 20; James James, Ward 21; John H. Ryer, Ward 21; Milton Brown, Ward 22; Daniel J. Robles, Ward 22; Randall B. Williams, Ward 22.

Twenty-six travers jurors, Superior Civil Court, Fifth Session, April Sitting, to appear May 5, 1930:

Hugh McEleney, Ward 2; Winslow Whitman, Ward 3; William D. Chalker, Ward 5; Timothy J. Clifford, Ward 5; Samuel M. Felton, 3d, Ward 5; James E. McConnell, Ward 6; Frank F. Nolan, Ward 6; John J. Bowman, Ward 7; Daniel O'Neill, Ward 7; Joseph Rhlinger, Ward 7; Charles S. Johnson, Ward 9; Frank H. Mulowney, Ward 11; Floyd H. Ricker, Ward 11; John W. Norgrave, Ward 12; Barry W. Gifford, Ward 13; George P. F. Jones, Ward 13; Matthew Kolemman, Ward 14; Samuel Trockman, Ward 14; John J. McCarthy, Ward 16; William F. Martin, Ward 17; George R. Haskell, Ward 18; John H. Gilbert, Ward 20; Clayton Sanborn, Ward 20; Frederick A. Sanford, Ward 20; Charles J. Popp, Ward 22; Anthony Timelege, Ward 22.

Twenty-nine traverse jurors, Superior Civil Court, Sixth Session, April Sitting, to appear May 5, 1930:

Francis Bartlett, Ward 1; Henry A. Ferreira, Ward 1; George C. Park, Ward 1; William F. Dubrau, Ward 3; William W. Murray, Ward 3; Harold E. Buckett, Ward 4; Frank I. Grove, Ward 4; Patrick P. Hickey, Ward 4; John J. O'Connor, Ward 4; Charles Cohen, Ward 5; Frederick T. Shurtleff, Ward 7; Frank Einis, Ward 11; Michael J. Hines, Ward 11; Thomas H. Pollard, Ward 11; Louis Sherman, Ward 12; Robert M. Taylor, Ward 12; Thomas J. L. McDonough, Ward 14; Charles A. Perkins, Ward 14; Archibald A. Galbraith, Ward 16; Albert S. Cushing, Ward 18; Ernan G. Goodale, Ward 18; Thomas Bieg, Jr., Ward 19; Bernard M. Cronin, Ward 19; Edward F. Devlin, Ward 19; Edward A. Wurlitzer, Ward 19; Walter Gardner, Ward 20; Daniel Daly, Ward 22; Wallace A. Johnston, Ward 22; Joseph Neilson, Ward 22.

Twenty-nine traverse jurors, Superior Civil Court, Seventh Session, April Sitting, to appear May 5, 1930:

Henry L. Borgess, Ward 1; Joseph F. Gallagher, Ward 1; Thomas F. Hankard, Ward 1; Percy H. Mortimer, Ward 1; Martin H. King, Ward 5; William S. Ayer, Ward 6; Michael Egan, Ward 7; John Muldowney, Ward 8; William Grindrod, Ward 9; James Ford, Ward 10; Francis Patrick Griffin, Ward 10; Frank J. Kummel, Jr., Ward 10; Ivers J. A. Rutherford, Ward 10; James H. Holland, Ward 11; Albert R. Getchell, Ward 12; Morris Coven, Ward 14; Isidore Krassin, Ward 14; Isaac P. Caro, Ward 15; John P. McKinnon, Ward 17; Timothy J. Sullivan, Ward 17; Harold L. Bradley, Ward 18; James W. Scholpp, Ward 19; James S. Brebner, Ward 20; Chester F. Gibbons, Ward 20; John S. Ingham, Ward 20; Anthony W. Peters, Ward 20; Howard S. Royal, Ward 21; Stewart E. Hill, Ward 22; Joseph Warburton, Ward 22.

Thirty-one traverse jurors, Superior Criminal Court, First Session, to appear May 5, 1930:

Edward T. Lynch, Ward 1; Patrick J. Curran, Ward 1; Walter B. Kelly, Ward 1; John N. Barstow, Ward 2; Fred C. Grover, Ward 3; Alexander M. Cunningham, Ward 4; Martin F. Gavin, Ward 6; Thomas F. Fitzgerald, Ward 7; John J. McCarthy, Ward 7; Harry F. Loigee, Ward 10; Thomas P. Walsh, Ward 10; George A. McDonald, Ward 11; Peter J. Nullen, Ward 11; William B. Silver, Ward 11; John Oliver Grady, Ward 12; James O. Williams, Ward 12; Joseph Balkan, Ward 14; William R. Harrington, Ward 16; Joseph A. McKernan, Ward 16; John H. Pollack, Ward 16; Robert E. Bauch, Ward 18; William B. Kollock, Ward 18; Charles R. Mitton, Ward 18; Charles Egbert Perry, Ward 18; Nicholas Herthel, Jr., Ward 19; George H. Williams, Ward 19; William H. Banks, Jr., Ward 20; Hiram W. Blanchard, Ward 20; Howard R. McCarter, Ward 20; George A. Sanford, Ward 20; Edward Lennon, Ward 22.

Thirty-one traverse jurors, Superior Criminal Court, Fourth Session, to appear May 5, 1930:

Michael Gleason, Jr., Ward 1; John F. Hartnett, Ward 1; Daniel H. Hurley, Ward 2; Matthew McGrath, Ward 2; James Roche, Ward 2; John B. McNamara, Ward 2; Jacob Goldberg, Ward 3; William L. Carlton, Ward 5; Charles C. Dunn, Ward 7; Emile Aries, Ward 8; Patrick J. Higgins, Ward 8; Samuel Burdett, Ward 9; Theodore J. Boebel, Ward 10; Joseph A. Moritz, Ward 10; Benjamin J. Tynion, Ward 10; Thomas W. Rivers, Ward 11; Edward C. Bellows, Ward 12; Arthur J. O'Neill, Ward 13; Albert E. Sweeney, Ward 13; William B. Earley, Ward 15; Elmer C. Gould, Ward 18; Henry Horn, Ward 18; Frank E. Hubbell, Ward 18; Arthur L. Russell, Ward 18; Gorham E. Stanford, Ward 18; Ralph S. Miller, Ward 19; Harry W. Pearson, Ward 19; Richard A. Tobin, Ward 19; Arthur R. Dickey, Ward 20; Robert L. Hunter, Ward 20; Nelson C. Fales, Ward 21.

INSTRUCTORS AT DORCHESTER PARK.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1930.

To the City Council.
Gentlemen,—I herewith transmit to you report from William P. Long, Chairman of the Park Commission, relative to placing instructors at Dorchester Park. This is in reply to your order passed March 24, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, April 4, 1930.

Hon. James M. Curley,
Mayor of Boston.
Dear Sir,—I have your letter of April 2 with inclosure, order from City Council that the Park Commissioner, through his Honor the Mayor, be requested to arrange that a section of Dorchester Park be made a supervised playground. In former years the School Department had teachers there supervising the play of the smaller children. On account of the lonesomeness of the area, these teachers were removed.

This department has not enough instructors to take care of all the playgrounds in the city and arrangements have been made to take care of as many of the larger playgrounds as possible. On account of the conditions at Dorchester Park, it will be impossible to have a male instructor there this year, but I will try and obtain teachers from the School Department to take care of the smaller children.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

TRAFFIC SIGNALS, SOLDIERS FIELD ROAD.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1930.

To the City Council.
Gentlemen,—I herewith transmit to you report from Thomas F. Sullivan, Acting Traffic Commissioner, relative to installing traffic signals at Soldiers Field road. This is in reply to your order passed March 24, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, April 3, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I return herewith orders from the City Council requesting the installation of automatic traffic signals at the intersections of Soldiers Field road, Western avenue, Cambridge street and North Harvard street.

There is no question but that these are very dangerous intersections but the situation has been created entirely by the construction of Soldiers Field road by the Metropolitan District Commission. The only way in which pedestrians and motorists can safely cross these intersections is by the installation of automatic traffic signals, and it seems to me that the Metropolitan District Commission should pay for their installation, as there was no traffic problem at these points previous to the construction of this new automobile race track. Therefore, I do not believe the City of Boston should be compelled to assume this expense.

Respectfully yours,
T. F. SULLIVAN,
Acting Commissioner.

Placed on file.

TRAFFIC SIGNALS, WARD 22.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1930.

To the City Council.
Gentlemen,—I herewith transmit to you report from Thomas F. Sullivan, Acting Traffic Commissioner, relative to installing traffic signals at Market street and North Beacon street, Market street and Washington street, Western avenue and North Harvard street, and Market street and Western avenue. This is in reply to your orders passed March 24, 1930.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, April 3, 1930.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I return herewith orders from the City Council requesting the installation of automatic traffic signals at the intersection of Market street and North Beacon street, Washington street and Western avenue and the intersection of Western avenue and North Harvard street.

The Traffic Commission is making a study of the most necessary locations for installation of automatic traffic signals and the locations mentioned will be given careful consideration in making up this list within the authorized appropriation.

Respectfully yours,
T. F. SULLIVAN,
Acting Commissioner.

Placed on file.

ANNUAL LIST OF CONSTABLES.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1930.

To the City Council.
Subject to confirmation by your honorable body, I hereby appoint the following-named persons constables of the City of Boston for the term of one year, beginning with the first day of May, 1930.

All of the persons named in this list are reappointments.

Commissions of constables not named herein will expire on April 30, 1930, and such constables are hereby removed from office from and after May 1, 1930, for the good of the service.

Respectfully,
JAMES M. CURLEY, Mayor.

Laid over for one week under the law.

CHILDREN'S PAVILION, CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1930.

To the City Council.

Gentlemen,—The Trustees of the Boston City Hospital have informed me that they are in need of additional funds for the construction of the children's pavilion. I submit herewith report of the visiting physician in charge of children's diseases and communication from Superintendent Dowling to the chairman of the Board of Trustees.

In the order submitted to your honorable body under date of January 20, 1930, provision was made for a four-story building, with foundation to permit of an increased height to provide for the medical and surgical needs of the children admitted for treatment at the Boston City Hospital.

The original estimate was for \$324,000. It is now deemed wise to erect an eight-story rather than a four-story structure and \$248,000 additional will be necessary to make the change as recommended.

I accordingly recommend the adoption of the accompanying orders.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Hospital Department, April 3, 1930.

Dear Mr. Manning,—I am inclosing herewith a typical floor plan for the proposed Children's Pavilion at this Hospital, for which his Honor, Mayor Curley, has appropriated \$324,000. You may remember that it was our original intention to erect a four-story building, with foundations sufficiently strong to go higher, for medical children, and then house the surgical children in the surgical building when it is constructed next year.

In talking the matter over with Doctor English, he believes it would be wiser, as do I, to house all children under fourteen in one pavilion. For this purpose it would be necessary to construct an eight-story building. By tearing down old Wards A and E there is more than sufficient land, so that we would have splendid sunlight and air on both sides. To build an eight-story building, however, James H. Ritchie and Associates estimate that the cost will be approximately \$572,000; so that it would be necessary to obtain the difference between \$324,000 and \$572,000, or approximately \$248,000. Half of this, as you know, would be provided within the tax limit, and the other half outside. The basement plans are blocked out, and it is proposed that we have a solarium on the roof, so that Mr. Ritchie is ready to proceed with the work and have it on the market in the near future. As the Trustees have already agreed to the idea of an eight-story building it would be necessary to request his Honor the Mayor for the difference.

Mr. Ritchie is ready to proceed with the plans either way, and would like an early answer.

Yours sincerely,

JOHN J. DOWLING, M. D.,
Superintendent.

City of Boston,

Hospital Department, March 6, 1930.

John J. Dowling, M. D., Superintendent,
Boston City Hospital.

Dear Doctor,—At your request I am submitting my opinion as to the proper and most efficient solution for the management of the admission and the care of the children admitted to the Boston City Hospital, exclusive of infants born in the maternity wards.

Children admitted to the hospital come in the ambulance or are admitted from the Out-Patient Department or from the accident floor. The admissions comprise the various divisions of the diseases of children such as surgical, medical, eye, ear, nose or throat, dermatological and neurological, the vast majority being surgical and medical, the combined numbers of admissions for the remainder not totaling either of the former.

The communicable diseases, such as diphtheria, scarlet fever, measles, mumps, whooping cough, chicken pox, German measles and tuberculosis are a very important and integral part of disease incidence of the first ten to fifteen years of life, a great many of the organic defects of adolescence and adult life having had their origin in one or more of the above diseases, such as valvular heart disease, Bright's disease or tuberculosis, the latter often arising from the broncho-pneumonia of measles or whooping cough. As a consequence, it is the duty, obligation and absolute necessity of every hospital (non-contagious) that admits children, to utilize every effort and means to prevent the admission of the same.

Every child is potentially a communicable disease, there being scarcely a child in such a large city as Boston who has not had at least one or more of these contagious diseases.

At present medical science has discovered only one preventive measure for these diseases, that is, the toxin-antitoxin for diphtheria, which has decreased the incidence of diphtheria in this city to a very low degree. There are no specific preventive measures for the others of this group and consequently extreme precautions must be taken to prevent scarlet fever, measles and the like from being admitted to the wards. Sometimes children with medical or surgical conditions are admitted who are in the incubation period of some one of these diseases, who later in their hospital stay present the disease.

Accordingly, it is my feeling that all children admitted to a large hospital whose exposure to some communicable disease is unknown, should be managed in one central building, from a central admitting section, and should have a careful, complete examination of the child with a view to the possibility and probability of finding some communicable disease or with the view to the probable exposure of the same.

For the past six years no child has been admitted to Ward I of the children's wards until he has been examined by the resident physician of the Pediatric Service or one of the pediatric internes, no matter what the admitting diagnosis had been, and as a result a communicable disease was often-times detected and the child not admitted with it.

Previous to the formation of the Pediatric Service the children were admitted to the various wards of the hospital, which were often quarantined from a few days to a few weeks, because of one or more of these contagious diseases.

It has been my experience that the vast majority of the children who have had some communicable disease on entrance or later contracted it from an outside or inside exposure, have been among the children admitted with some surgical, ear, nose and throat, or dermatological condition.

If children are to be admitted to separate buildings or wards in separate buildings set apart for a surgical and nose and throat condition, and the like, you undoubtedly will have those ward buildings under quarantine many times during the year, in other words making conditions the same as they were when the children were admitted to the various wards in separate buildings of former times.

From my own personal knowledge and experience, both from the standpoint of the child and the hospital, not eliminating the cost of more than one building or a section of another building, and from the standpoint of the facility of management and its expense, such as a single diet kitchen and laboratory, chemical laboratory, room for personnel, transportation, etc., one single building for all the children offers the best solution of the management and care of the children of the Boston City Hospital.

Summary.

1. One single building for children affords:
 - (a) Unified executive management.
 - (b) A unified organization (different services).
 - (c) Less expense (rather than 2 buildings or a section or sections of another).
 - (d) A single admitting service (important).
 - (e) Better detection and control of communicable diseases (important).
 - (f) Simplifies transportation.
 - (g) Simplifies complete segregation from adults.
 - (h) Promotes better cooperation and condensation of the different services (surgical, medical, ear, nose, throat, etc.).
 - (i) Adequate provision for future bed capacity (important).

Respectfully submitted,
M. J. ENGLISH, M. D.

Ordered, That under the provisions of chapter 237 of the Acts of 1928 an additional sum of \$124,000 be, and the same hereby is, appropriated to be expended under the direction of the Trustees of the Boston City Hospital for Children's Pavilion, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Ordered, That under the provisions of chapter 237 of the Acts of 1928 an additional sum of \$124,000 be, and the same hereby is, appropriated to be expended under the direction of the Trustees of the Boston City Hospital for Children's Pavilion, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Referred to the Committee on Finance.

DELAY ON HIGHWAY LOAN.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1930.

To the City Council.

Gentlemen,—The order pending before your honorable body providing an appropriation in the sum of \$500,000 for Highways, Making of, was submitted during the time that legislation was pending authorizing the city to expend an amount in excess of the sum which has been allowed each year in the past, namely, \$1,000,000, for sewerage works.

There is reasonable certainty that the Legislature may look with favor upon the request submitted authorizing an expenditure in the sum of \$10,000,000 for highways, and in that event the sum of \$1,000,000, which has already been made available for sewerage works, would be insufficient to do the necessary work required, in the event that the major street program becomes effective.

Accordingly I respectfully request that your honorable body defer action upon the order providing an appropriation in the sum of \$500,000 for Highways, Making of, so that, in the event the Legislature approves the major program, a new order may be submitted to the Council for

an appropriation in such sum as may be necessary to care for sewerage works in connection with Highways, Making of.

Respectfully,
JAMES M. CURLEY, Mayor.
Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Edgar P. Benjamin, for compensation for damage to property at 31 and 33 Kempton street, caused by bursting of water main.

Charles F. Clinton, for compensation for loss of hens killed by dogs.

Catherine Corbett, for compensation for injuries caused by an alleged defect at 118 Dartmouth street.

Rachel Davis, for compensation for damage to property at 75 Bromley street, caused by city truck.

Peter Giambra, for compensation for damage to property at 16 Liverpool street, East Boston, caused by broken sewer pipe.

Consiglio & Michael Giaria, for compensation for damage to property at 89 Prince street, caused by city men.

Susie Grace, for compensation for injuries caused by an alleged defect at 12 Upton street.

Wright P. Hewitt, for compensation for damage to car by city car.

Mrs. Betty Kraper, for compensation for injuries caused by an alleged defect in Eaton street.

J. J. McCarthy & Co., to be compensated for work done on Boston street.

George S. McLucas, for compensation for injuries caused by an alleged defect at 685 Beacon street.

Renato Rho, for compensation for damage to car by city truck.

Nellie B. Ryder, for compensation for loss of business caused by repairing Cambridge street, Allston.

Morris Wertheim, for compensation for injuries caused by an alleged defect at Central and Broad streets.

Curtis Woolf, for compensation for injuries caused by an alleged defect at 690 Blue Hill avenue.

Executive.

Petition for children under fifteen years of age to appear at place of public amusement, viz.: Lulu Philbrook, Jordan Hall, May 22.

Committee on Jitney Licenses.

Petition of Boston Elevated Railway Company to operate motor vehicles between junction of Atlantic avenue and State street and the Fish Pier, over Atlantic avenue, Summer street, Viaduct and Ramp, D street, Northern avenue.

Petition of Boston Elevated Railway Company to operate motor vehicles between South Station and the United States Army Base via Summer street.

Petition of Boston Elevated Railway Company to operate motor vehicles between North Station and South Station over Causeway, Canal, Washington, Devonshire, State, Congress, Milk, Federal streets and Dewey square; returning over Dewey square, Federal, Milk, Congress, Exchange streets, Adams square, Washington, Canal, Travers and Portland streets.

SECOND ASSISTANT ASSESSOR.

Notice was received from Edward T. Kelly, chairman of Board of Assessors, of appointment of Frank S. Wilson, 400 Marlborough street, as a second assistant assessor for period of forty days. Placed on file.

NOTICE OF INTEREST IN CONTRACT.

Notice was received from Joseph A. Tomasello, member of the Board of Appeal, of interest in contract of A. G. Tomasello & Son, Inc., of which corporation he is an officer, in contract with City of Boston for concrete bleachers, grading, etc., Columbus Park. Placed on file.

CHAIRMAN OF BOARD OF ELECTION COMMISSIONERS.

Notice was received from his Honor the Mayor of designation of Frank Seiberlich as chairman of the Board of Election Commissioners, effective April 1, 1930. Placed on file.

APPOINTMENTS BY THE MAYOR.

Notice was received of the following appointments by the Mayor:

Joseph A. Conry, 60 Rockwood street, Jamaica Plain, to be Traffic Commissioner, for term ending April 30, 1934.

Edward T. Kelly, 278 Arborway, member of Board of Assessors, for term ending March 31,

1933, he being designated by Mayor as chairman of said Board.

Helen A. Macdonald, 1 New Heath street, to be an Election Commissioner, for term ending March 31, 1934.

James A. McElaney, 53 Greateon road, West Roxbury, to be member of Board of Appeal, for term ending April 30, 1932.

Placed on file.

APPROVAL OF APPOINTMENT OF JAMES R. GIBSON.

Notice was received from the Commissioners of Civil Service of approval of appointment of James R. Gibson, 65 Long Wharf, Boston, to position of Member of the Board of Zoning Adjustment.

Placed on file.

QUARTERS FOR STATISTICS DEPARTMENT AND "CITY RECORD."

Coun. FITZGERALD offered the following: Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to provide suitable quarters in the City Hall Annex for the Statistics Department and the City Record, in place of their present unfavorable location in the old City Hall.

Passed under suspension of the rule.

SIDEWALK CONSTRUCTION.

Coun. GLEASON offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Cabot street, both sides, from Tremont street to Linden Park street, Ward 9, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

WARD 14 IMPROVEMENTS.

Coun. RUBY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an electric arc lamp at the corner of Bradshaw street and Esmond street, Ward 14.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept as a public highway Jacobs street, Ward 14.

Severally passed under suspension of the rule.

TENNIS COURTS, FRANKLIN FIELD.

Coun. RUBY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to place the tennis courts on Franklin Field in proper condition for playing.

Passed under suspension of the rule.

WARD 19 IMPROVEMENTS.

Coun. MURRAY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Winchester road, Ward 19, as a public highway.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving, Oakdale street, Ward 19.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving, Spring Park avenue, Ward 19.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving, Lamartine street, from Green to Mozart street, Ward 19.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to plant trees on Pond View avenue, Ward 19.

Severally passed under suspension of the rule.

REPAVING OF MOZART STREET.

Coun. MURRAY and POWER offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Mozart street, Wards 10 and 19.

Passed under suspension of the rule.

WARD 10 IMPROVEMENTS.

Coun. POWER offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Gay Head street, Ward 10.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Stockwell street, Ward 10.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Mission street, from Huntington avenue to Stockwell street, Ward 10.

Severally passed under suspension of the rule.

SOLDIERS' RELIEF.

Coun. MAHONEY, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for month of April, 1930.

Report accepted; said order passed.

RECESS.

The Council voted, at 2.50 p. m., on motion of Coun. BUSH, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order at 4.50 p. m.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President LYNCH called up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointments submitted by the Mayor March 31, 1930, of Nathan E. Rosenberg, John T. Galvin and William W. Lyons, to be Constables.

2. Action on appointments submitted by the Mayor March 31, 1930, of Ethel Pass, to be a Weigher of Coal, and William F. Warren to be a Weigher of Goods.

The question came on confirmation. Committee, Coun. Fish and Englert. Whole number of ballots, 15; yeas 15, and the appointments were confirmed.

EXECUTIVE COMMITTEE REPORTS.

Coun. MAHONEY, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred March 31) accepting devise and bequest of Mary P. C. Cummings of house and land in city of Woburn and land and building at 53 North Market street, Boston—that same ought to pass. Report accepted; order passed.

2. Report on petition (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Lulu Philbrook, Jordan Hall, May 22—that leave be granted.

Report accepted; leave granted under usual conditions.

INDORSEMENT OF ATTORNEY-GENERAL'S ACTION.

Coun. KELLY offered the following:

Resolved, That the City Council heartily indorses the actions of the Attorney-General of our Commonwealth and his assistants in their attempt to correct certain alleged evils that existed in the Police Department of the City of Boston.

Coun. KELLY—Mr. President, as we all know, certain officers are under investigation by our Attorney-General. We, as the City Council of the City of Boston, the governing body of this city, should lend our moral support to this investigation, which, dealing with the law-enforcing department of this city, concerns every one of us in our homes. We all know that the Police Commissioner is inefficient, that Officer Garrett has been accused of taking graft, and that testimony has been presented showing that he has taken graft, and that he has protected places of ill repute and of evil resort against which he was supposed to have defended our people. So I think we ought to go on record in this matter. Furthermore, I think we all ought to be in sympathy with action looking towards making it impossible for such an officer as Garrett to receive a pension which is paid for by the taxpayers of Boston. I hope and trust, therefore, that this resolution will be passed, under suspension of the rule.

President LYNCH—The Chair will rule that the resolution will be referred to the Committee on Rules. If the gentleman wishes he can move to suspend the rules.

Coun. KELLY—Mr. President, I move a suspension of the rule and passage of the resolution.

Coun. WILSON—Mr. President, I was not listening as attentively as I might have been, and I am not sure just how the resolution reads. I

do not wish to place myself on record with regard to the guilt or innocence of any man until the matter has been properly presented and passed upon by a judge or jury. No matter what the newspapers may say, a man is entitled to his day in court. I understand, however, that the resolution merely compliments the Attorney-General on his efforts to find what the real facts are. If so, that is all right. If it goes farther than that, and if it prejudices any case, I could not vote for it under suspension of the rule.

(The resolution was read for information.)

Coun. FITZGERALD—Mr. President, if I understand correctly, that resolution mentions nobody, does not give any names?

President LYNCH—Merely refers to the Attorney-General.

Coun. FITZGERALD—Well, that is all right, the Attorney-General.

The rule was declared not suspended. Coun. KELLY doubted the vote.

The rule was suspended by a rising vote, and the resolution was passed.

Coun. GALLAGHER—Mr. President, I would ask the consent of the Council to make a statement in reference to this resolution. I personally am of the opinion that we should not meddle in this affair at all. The Attorney-General and his assistants are looking after the matter, as we all know, and I don't think it concerns the Council at this time at all. What do we know about what is going on up there, other than what we read? These men are not being tried before a jury, and, if the facts warrant, the case will undoubtedly later go before a jury, who can take care of it. But it is not for us to take action in the matter at this time. I know nothing personally wrong about these men, other than what I have been reading. But I don't think it is fair for us to enter into the thing at this time. If anything wrong is proven, well and good. Let us act when the facts are clearly brought out. But until that time, I don't think this matter concerns the Council.

Coun. KELLY—Mr. President, I ask unanimous consent to make a statement.

President LYNCH—Proceed, councilor.

Coun. KELLY—I think, Mr. President, the matter of charges against the Police Department of our city is certainly our business, and I think the councilor from Brighton misconstrues my resolution. I agree that the Attorney-General is conducting this investigation as it should be conducted, and I feel that it is certainly our business, where there is vice and corruption in a department that is supposed to be protecting us and our citizens in Boston, a department whose bills are paid by the citizens of Boston, to interest ourselves as is suggested by this resolution.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. McGRATH, for the Committee on Public Lands, submitted the following:

1. Report on message of Mayor and order (referred January 27) for sale of property known as Old Armory Building, 150 and 152 Maverick street, East Boston, containing 4,337 square feet of land, at upset price of \$5,000—that same ought to pass.

Report accepted; said order passed, yeas 19, nays 0.

2. Report on message of Mayor and order (referred April 7) that property formerly in use by Police Department as Station No. 8 be sold at public auction at upset price equal to the land value of \$29,000—that same ought to pass.

Report accepted; said order passed, yeas 19, nays 0.

LOAN FOR MAKING OF HIGHWAYS.

Coun. WILSON—Mr. President, do I understand that No. 3 on the calendar has been acted upon?

(No. 3 on the calendar, under unfinished business, is as follows:

3. Ordered, That the sum of \$500,000 be, and hereby is, appropriated for Highways, Making of, under the provisions of chapter 393 of the Acts of 1906, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On March 24, 1930, the foregoing order was read once and passed, yeas 18, nays 0.)

President LYNCH—For the information of the councilor from Dorchester, I would say that earlier in the session a message from the Mayor was read asking that this order be laid on the table pending action on the bill before the Legislature proposing the expenditure of \$10,000,000 on a street program in the City of Boston.

Coun. WILSON—Mr. President, the only reason why I called the attention of the Council to this matter is to point out the inadvisability of passing any financial order here immediately upon its introduction, under suspension of the rules. According to my recollection, the body gave this order its first reading and passage under suspension of the rule for the ostensible purpose of relieving unemployment, instead of having it sent to the Committee on Finance, where it belonged.

IMPROVEMENTS IN WARD 18.

Coun. NORTON offered the following:

Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be requested to accept and lay out the following streets in Ward 18:

A street, Hyde Park.
Acton street, Hyde Park.
Adams avenue, Hyde Park.
Adams street, Hyde Park.
Agnes avenue, Hyde Park.
Alabama street, Dorchester.
Albemarle street, Hyde Park.
Allen street, Hyde Park.
Alpheus road, West Roxbury.
Alpine street, Hyde Park.
Arnold street, Hyde Park.
Asheville road, Hyde Park.
Astoria street, Dorchester.
Atherton avenue, West Roxbury.
Avander court, Dorchester.
Baker street, Hyde Park.
Baldwin street, Hyde Park.
Banfield avenue, Dorchester.
Barry place, Hyde Park.
Bates street, West Roxbury.
Beech street, West Roxbury.
Belnel road, Hyde Park.
Bismarck street, Dorchester.
Blanchard street, Hyde Park.
Border road, Hyde Park.
Bradstreet avenue, West Roxbury.
Bridge street, West Roxbury.
Buckingham street, Hyde Park.
Burmah street, Dorchester.
Cedar street, West Roxbury.
Charme avenue, West Roxbury.
Chester park, Dorchester.
Chester street, Dorchester.
Church street, Hyde Park.
Clarendon avenue, West Roxbury.
Clarendon court, West Roxbury.
Clarendon park, West Roxbury.
Coleman street, Hyde Park.
Collins street, Dorchester.
Colorado street, Dorchester.
Cook terrace, Dorchester.
Coronado road, Hyde Park.
Cottage place, Hyde Park.
Cottage street, Hyde Park.
Cross street, Hyde Park.
Curley street, West Roxbury.
Dacy street, Hyde Park.
Damrell avenue, Hyde Park.
Dania street, Dorchester.
Deforest street, Hyde Park.
Delhi street, Dorchester.
Dell terrace, Hyde Park.
Doone avenue, Dorchester.
Durant road, Hyde Park.
Duxbury road, Dorchester.
Eastern avenue, Hyde Park.
Edgewater drive, Dorchester.
Edith street, Hyde Park.
Elene street, Dorchester.
Eliot avenue, Hyde Park.
Elm place, Hyde Park.
Emmet street, Hyde Park.
Erie street, Hyde Park.
Factory street, Hyde Park.
Fairmount terrace, Hyde Park.
Favre street, Dorchester.
Floral place, Hyde Park.
Folsom street, Hyde Park.
Forest street, Hyde Park.
Frazier street, Hyde Park.
Freeland street, Dorchester.
Freemont place, Dorchester.
Friendship road, Hyde Park.
Fulton street, Hyde Park.
Gilman street, West Roxbury.
Glenhill road, Dorchester.
Glenwood place, Hyde Park.
Grandview street, West Roxbury.
Grant street, Hyde Park.
Granville street, West Roxbury.
Greenwood circle, Hyde Park.
Grew avenue, West Roxbury.
Groveland street, Dorchester.
Halborn street, Dorchester.
Hallowell street, Dorchester.
Hammatt road, West Roxbury.
Hautevalle street, West Roxbury.
Haven avenue, Dorchester.
Hawthorne street, Hyde Park.
Hebron street, Dorchester.
Henric street, Dorchester.
Hilburn street, West Roxbury.
Hillside avenue, West Roxbury.
Hillside street, Hyde Park.
Hopewell road, Hyde Park.
Hopkins place, Dorchester.
Irving street, Hyde Park.
Itasca street, Dorchester.
Jeffers street, West Roxbury.
Jefferson street, Hyde Park.
Kennebec street, Dorchester.
Kittredge terrace, West Roxbury.
Knight street, Hyde Park.
Lakeside avenue, Hyde Park.
Lawn street, West Roxbury.
Le Fevre street, Hyde Park.
Linden avenue, Hyde Park.
Linden street, Hyde Park.
Littledale street, West Roxbury.
Livermore street, Dorchester.
Liversidge way, Dorchester.
Lodgehill road, Hyde Park.
Loring place, Hyde Park.
Madison street, Hyde Park.
Magee street, Hyde Park.
Malta street, Dorchester.
Manchester street, Dorchester.
Manilla avenue, Hyde Park.
Manning street, West Roxbury.
Mansfield street, West Roxbury.
Margin street, Hyde Park.
Mattapan street, Dorchester.
McDonough court, Hyde Park.
Menton street, Dorchester.
Milton square, Hyde Park.
Moody street, West Roxbury.
Mulvey street, Dorchester.
Nelson street, Hyde Park.
Neponset avenue, Hyde Park.
New Bedford street, Hyde Park.
Newburn street, West Roxbury.
Nott street, Hyde Park.
Oak place, Hyde Park.
Oakland place, Dorchester.
Oakwood street, Hyde Park.
Orchard street, Hyde Park.
Orlando street, Dorchester.
Otis place, West Roxbury.
Owen street, Dorchester.
Page street, Hyde Park.
Parker street, Hyde Park.
Parrott street, Hyde Park.
Perkins avenue, Hyde Park.
Peters street, West Roxbury.
Pine terrace, Hyde Park.
Pinewood street, Hyde Park.
Pleasantview street, Dorchester.
Radford place, Hyde Park.
Raleigh road, Hyde Park.
Randolph road, Dorchester.
Ransom road, Dorchester.
Rich street, Dorchester.
Richards avenue, West Roxbury.
Richmond road, Dorchester.
Ridge road, Dorchester.
Riverside place, Dorchester.
Roanoke road, Hyde Park.
Rock road, Dorchester.
Rockingham road, Dorchester.
Rockway street, Dorchester.
Rosebery road, Dorchester.
Rowe place, West Roxbury.
Royal road, Dorchester.
Ruffing street, Hyde Park.
Ruskin road, Hyde Park.
Rutledge road, Hyde Park.
Ruxton road, Dorchester.
Savannah avenue, Dorchester.
Sefton street, Dorchester.
Seminole street, Dorchester.
Shepard court, Hyde Park.
Shirley road, Hyde Park.
Sprague place, Hyde Park.
Stanley street, Hyde Park.
Starbird avenue, West Roxbury.
Stark avenue, Hyde Park.
Station street, Hyde Park.
Stella road, West Roxbury.
Stoughton avenue, Hyde Park.
Stow road, Dorchester.
Summit street, West Roxbury.
Sunnyside avenue, Hyde Park.
Sutton street, West Roxbury.
Tampa street, Dorchester.
Tehapitoulas street, Hyde Park.
Tennis road, Dorchester.
Tesla street, Dorchester.
Tina avenue, Hyde Park.
Tiverton road, Dorchester.
Tokio street, Dorchester.
Tracton avenue, Hyde Park.
Upton street, Hyde Park.
Vanderbilt avenue, Hyde Park.
Vaughan street, Hyde Park.
Vernon street, Hyde Park.
Violante street, Dorchester.
Wabash street, Dorchester.
Walnut place, Hyde Park.
Washington Street place, Hyde Park.
Way street, Hyde Park.
Weeks avenue, West Roxbury.
Welles street, West Roxbury.
Weston street, Hyde Park.
Westville road, Hyde Park.
Weybosset street, Dorchester.
Whitney park, Dorchester.
Wilton street, Hyde Park.
Winter street, Hyde Park.
Woodland place, Hyde Park.
Woodland road, Hyde Park.

 West Boundary road, Hyde Park.
 Wiedemann street, West Roxbury.
 Windsor street, Hyde Park.
 Wolcott road, Hyde Park.
 Young's road, Dorchester.
 Yuill circle, Hyde Park.
 Yuletide road, Dorchester.

Coun. NORTON—Mr. President, in introducing at this time an order covering 333 unaccepted streets of the City of Boston in my section, I

have introduced the order in this form without the formality of preparing a separate order for each street. I would say that at this time when the Legislature is considering the question whether or not it will allow the Mayor of Boston the amount of money for which he has asked for streets, accepted or unaccepted, it may be of interest for the citizens to know that we have in Ward 18 more unaccepted than accepted streets. In 1928 we had more houses built in Ward 18 than in all the other wards of the City of Boston. The ward geographically covers one sixth of the area of the city, with as much territory as you will find in Wards 1, 2, 3, 4 and 5 collectively. So I am merely in this way calling to the attention of the public the fact that we have so many unaccepted streets in Ward 18. I don't want anybody to think that, because the order covering this list of streets comes in at this time, all the streets are going to be taken care of this year. I am merely calling the attention of the Legislature, while they are considering this matter of streets in the City of Boston, that in Ward 18 there is this immense number of unaccepted streets that need attention at the present time, and there are very many such streets also in Wards 17, 19 and 20. As a matter of fact, however, as I say, Ward 18 has more unaccepted than accepted streets.

Coun. BUSH—Mr. President, I would like to ask the gentleman from Ward 18 a question if he is willing to answer it.

Coun. NORTON—Yes, counselor.

Coun. BUSH—Counselor Norton has made a statement in regard to the geographical area of his ward, which he states is as great as the combined Wards 1, 2, 3, 4 and 5. I don't doubt that statement at all, but I would like to ask him if he knows what the total assessed valuation of the property in Hyde Park is at the present time?

Coun. NORTON—If I had time, I would like to go into that. It is all in this statistical book here. But I believe the total valuation of the ward is one of the largest in the city, close on to \$50,000,000. (Coun. Norton examined the book containing statistics of the different wards.)

President LYNCH—In the meantime, the Chair will put the question on the passage of the order. The order was passed under suspension of the rule.

Adjourned, at 5.10 p. m., on motion of Coun. CURTIS, to meet on Monday, April 14, 1930, at 2 p. m.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred, who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

THE WORST YEAR YET IN DEATHS FROM AUTOMOBILE ACCIDENTS.

Thirty-one thousand five hundred motor-vehicle deaths in the United States during 1929 is the estimate of the National Safety Council. This is 13 per cent worse than the 1928 record, although motor-vehicle registration increased only 8 per cent during the year. This increase corresponds closely to figures just reported by the Metropolitan Life Insurance Company, covering automobile accident deaths of its Industrial Department weekly premium policyholders for the last two years. The insurance company's total for this group for the calendar year 1929 is 4,127, as compared with 3,619 in 1928. The comparisons on a basis of policyholders exposed to risk are 21.8 motor-vehicle deaths per 100,000 policyholders in 1929, and 19.7 in 1928.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR GARAGE FOR MUNICIPAL PURPOSES.

The Commissioner of Public Works of the City of Boston, office 508, City Hall Annex, invites proposals for the sale of a garage located in the city within the limits bounded by Columbus avenue, Seaver street, Blue Hill avenue, Magazine street, Massachusetts avenue, Fort Point channel, Dover street, Berkeley street, Columbus avenue. The garage must be of sufficient capacity to house conveniently at least 100 cars and medium trucks, be properly heated and lighted, of fireproof construction, and with all the conveniences which are customary in a first-class garage. The proposal shall state the name of the owner, the location of the garage, a general description, the date of construction, whether there are encumbrances, either financial or otherwise, on the property, and the amount for which the owner will sell the property to the city. Bids will not be considered unless from the real owner of the property or someone directly authorized to transfer the title in case of sale to the city. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Garage," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Tuesday, April 22, 1930, with a certified check for five thousand (\$5,000) dollars, payable to and to become the property of the city if the proposal, after acceptance, is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

JOSEPH A. ROURKE,

(April 12-19.) Commissioner of Public Works.

HOSPITAL DEPARTMENT.

TO CONTRACTORS.

The Trustees of the Boston City Hospital invite sealed proposals to furnish and install an equipment of lighting fixtures complete in all ways throughout the Medical Building, Boston City Hospital, giving bond of a surety company satisfactory to the Board of Trustees thereof in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Architects and Engineers, James H. Ritchie and Associates, 100 Arlington street, Boston, Mass., signed by the bidder and left before 12 o'clock noon of Tuesday, April 22, 1930, at the office of the Superintendent of the Boston City Hospital, with a certified check for \$1,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening the bids. The Trustees of the Boston City Hospital reserve the right to reject any or all proposals. Specifications may be obtained at the office of the Architects and Engineers, James H. Ritchie and Associates, 100 Arlington street, Boston, at 12 o'clock noon of Monday, April 14, 1930.

JOSEPH P. MANNING,

President of the Board of Trustees,
 Boston City Hospital.

(April 12.)

HOSPITAL DEPARTMENT.

TO GENERAL CONTRACTORS.

The Trustees of the Boston City Hospital invite sealed proposals to erect and complete, including the plumbing, electric work, heating and ventilating work, the Administration Building, Boston, Mass., for the Boston City Hospital, giving bond of a surety company satisfactory to the Board of Trustees thereof in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Architects and Engineers, James H. Ritchie and Associates, 100 Arlington street, Boston, Mass., signed by the bidder, and left before 12 o'clock noon of Wednesday, April 30, 1930, at the office of the Superintendent of the Boston City Hospital with a certified check for \$25,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening the bids. The Trustees of the Boston City Hospital reserve the right to reject any or all proposals. Plans and specifications may be obtained at the office of the Architects and Engineers, James H. Ritchie and Associates, 100 Arlington street, Boston, at 12 o'clock noon of Wednesday, April 16, 1930. A deposit of \$50 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

JOSEPH P. MANNING,

President of the Board of Trustees,
 Boston City Hospital.

(April 12.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING SPAN 1, DOVER STREET BRIDGE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing Span 1, Dover Street Bridge, and giving bond therefor of a surety company approved by the Commissioner in the sum of five thousand four hundred (5,400) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Dover Street Bridge Repairs," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m., on Thursday, April 24, 1930, with a certified check for one thousand (1,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

JOSEPH A. ROURKE,

(April 12.) Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN EUSTIS STREET, ROXBURY; GUSTINE STREET, ROSSERLIN STREET AND CLAYMONT TERRACE, DORCHESTER; MACALLEN STREET AND FOUNDRY STREET, SOUTH BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for laying and relaying about 2,000 feet of 8-inch, 10-inch and 12-inch water pipe in Eustis street, Roxbury; Gustine street, Rosserlin street and Claymont terrace, Dorchester; Macallen street and Foundry street, South Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of seventeen hundred (1,700) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes, Eustis Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, April 21, 1930, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,

(April 12.) Commissioner of Public Works.

SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER, TENTH FLOOR.

PROPOSALS FOR AMERICAN ANTHRACITE COAL FOR BOSTON PUBLIC SCHOOLS.

The School Committee invites bids for furnishing American anthracite coal required for the school buildings from June 16, 1930, to December 31, 1930, deliveries to be continued until June 15, 1931, provided appropriation is made therefor and the School Committee so orders. Proposals made on the form to be obtained at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street, will be received until Wednesday, April 23, 1930, at 12 o'clock m., at said office, at which time and place they will be publicly opened and read. Envelopes containing proposals must be plainly marked "Proposal for American Anthracite Coal." Each bid must be made in duplicate, one to be sent to the Business Manager of the School Committee as above, and the other to be filed with the City Auditor, City Hall, Boston, previous to the time named for opening bids. The coal is to be delivered in the bins of the several buildings, and the price per ton named in the proposal must include the delivery and housing in a manner satisfactory to the School Committee. The contractor must furnish suitable equipment and sufficient number of men to house the coal properly and promptly. The estimated tonnage required is as follows, and as much of it as possible will be housed during July and August, 1930:

District.	American Anthracite Coal, Egg Size
1. City Proper.	100 tons.
2. South Boston	225 tons.
3. East Boston	250 tons.
4. Roxbury	550 tons.
5. Dorchester	975 tons.
6. Charlestown	225 tons.
7. Brighton	450 tons.
8. West Roxbury	275 tons.
9. Hyde Park.	250 tons.

Total..... 3,300 tons.

Bidders may submit a proposal for furnishing American anthracite coal required in any one or more of the above nine districts of the city, and may also submit one bid covering the whole city. A certified check for one hundred dollars (\$100) for each district bid for (\$900 for the whole nine districts), payable to the City of Boston, must be filed with the copy of bid sent to the Business Manager of the School Committee, and any bidder awarded a contract must furnish a bond for not less than fifty (50) per cent of the estimated amount of the contract awarded him. The School Committee reserves the right to reject any or all bids and to award the contract by districts or for the entire requirements as may appear to be best for the interests of the city.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(April 12.)

SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FUEL OIL FOR BOSTON PUBLIC SCHOOLS.

The School Committee invites bids for furnishing fuel oil required for school buildings having oil-burning equipment from June 16, 1930, to December 31, 1930, deliveries to be continued until June 15, 1931, provided appropriations are made therefor and the School Committee so orders. Proposals made on the form to be obtained at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street, will be received until Friday, April 25, 1930, at 12 o'clock m. at said office, at which time and place they will be publicly opened and read. Envelopes containing proposals must be plainly marked "Proposals for Fuel Oil." Each bid must be made in duplicate, one to be sent to the Business Manager of the School Committee as above and the other to be filed with the City Auditor, City Hall, Boston, previous to the time named for opening bids. Fuel oil is to be delivered in the tanks of the several buildings and the price per gallon named in the proposal must include the delivery in said tanks in a manner satisfactory to the School Committee. The total estimated quantity of fuel oil required during the period June 16, 1930, to June 15, 1931, both dates included, is as follows:

1,460,000 gallons of heavy fuel oil.
35,000 gallons of light fuel oil.

A certified check for three hundred dollars (\$300) payable to the City of Boston must be filed with the copy of bid sent to the Business Manager of the School Committee, and any bidder awarded a contract must furnish a bond for not less than fifty (50) per cent of the estimated amount of the contract awarded him. The School Committee reserves the right to reject any or all bids and to accept the bid or bids which it deems best for the interests of the city.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(April 12.)

SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER, TENTH FLOOR.

PROPOSALS FOR SEMIBITUMINOUS COAL FOR BOSTON PUBLIC SCHOOLS.

The School Committee invites bids for furnishing semibituminous coal required for school buildings from June 16, 1930, to December 31, 1930, deliveries to be continued until June 15, 1931, provided appropriation is made therefor and the School Committee so orders. Proposals made on the form to be obtained at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street, will be received until Monday, April 21, 1930, at 12 o'clock m., at said office, at which time and place they will be publicly opened and read. Envelopes containing proposals must be plainly marked "Proposal for Semibituminous Coal." Each bid must be made in duplicate, one to be sent to the Business Manager of the School Committee as above, and the other to be filed with the City Auditor, City Hall, Boston, previous to the time named for opening bids. The coal is to be delivered in the bins of the several buildings, and the price per ton named in the proposal must include the delivery and housing in a manner satisfactory to the School Committee. The contractor must furnish suitable equipment and a sufficient number of men to house the coal properly and promptly. The estimated tonnage required is as follows and as much of it as possible will be housed during July and August, 1930:

District.	Semibituminous.
1. City Proper	5,800 tons.
2. South Boston	2,880 tons.
3. East Boston	2,100 tons.
4. Roxbury	6,340 tons.
5. Dorchester	5,290 tons.
6. Charlestown	1,430 tons.
7. Brighton	1,450 tons.
8. West Roxbury	2,100 tons.
9. Hyde Park	1,100 tons.

Total..... 28,490 tons.

Bidders may submit a proposal for furnishing the semibituminous coal required in any one or more of the above nine districts of the city, and may also submit one bid covering the whole city. A certified check for one hundred dollars (\$100) for each district bid for (\$900 for the whole nine districts), payable to the City of Boston must be filed with the copy of bid sent to the Business Manager of the School Committee, and any bidder awarded a contract must furnish a bond for not less than fifty (50) per cent of the estimated amount of the contract awarded him. The School Committee reserves the right to reject any or all bids and to award the contract by districts or for the entire requirements as may appear to be best for the interests of the city.

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

TO GENERAL CONTRACTORS.

The Superintendent of Public Buildings of the City of Boston invites sealed proposals to erect and complete, including all trades, the additions and alterations to East Boston Court-house and Police Station 7, East Boston district, Boston, Mass., giving bond of a surety company satisfactory to the Superintendent therefor in the sum of the full amount of the entire contract price. Only proposals obtained at the office of the Superintendent of Public Buildings, 802 City Hall Annex, signed by the bidder, and left before 12 o'clock noon of April 22, 1930, at said office, with a certified check for \$5,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening the bids. The Superintendent reserves the right to reject any or all proposals. A deposit of \$25 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

SUPPLY DEPARTMENT.

PROPOSALS FOR COAL.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Thursday, April 24, 1930, at which time and place they will be publicly opened and read, for furnishing and delivering best quality New River and Pocahontas nut and slack coal. The coal delivered will be paid for on the basis of the prices named in the proposal for coal specified, corrected for variations in the heating value and ash as shown by the analysis, above and below the standard established by the contractor. Forms of bids and specifications may be obtained at the office of the Superintendent of Supplies, and only bids on these forms will be considered: Institutions Department, Long Island, 7,000 gross tons (2,240 pounds), more or less, in bins; Penal Department, Deer Island, 6,000 gross tons (2,240 pounds), more or less, alongside. The coal to be delivered as ordered from time to time by the Superintendent of Supplies, before May 1, 1931. Proposals must state the kind and price per ton delivered as above, including the cost of weighing and stevedoring at Long Island and Deer Island, to the satisfaction of the Superintendent of Supplies. Said proposals must be accompanied by a properly signed check for \$500, made payable to the City of Boston, to be forfeited to the City of Boston in case of failure to appear and sign the contract within five days after the date of award. A bond for one quarter the total amount of the contract must be furnished by the successful bidder or bidders with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 22.

SATURDAY, APRIL 19, 1930.

No. 16

MAYOR CURLEY STARTS TRUST FUND TO SUPPORT AND MAINTAIN WHITE FUND HEALTH UNITS—NUCLEUS OF \$40,000 AS FIRST CONTRIBUTION THROUGH WILL OF LATE GEORGE O. HOVEY.

Upon April 12 the Mayor issued the following statement:

By virtue of the provisions of a trust established under the will of George O. Hovey, late of Gloucester, the City of Boston received from the sole surviving trustee under said trust, John T. Morse, Jr., of Needham, the sum of forty thousand dollars for the purposes dictated and prescribed in accordance with the following:

"We, James M. Curley, Mayor of the City of Boston, and William M. Prest, Judge of Probate for the County of Suffolk, Commonwealth of Massachusetts, and John T. Morse, Jr., of Needham, in the County of Norfolk and Commonwealth of Massachusetts, sole surviving trustee under the will of George O. Hovey, after consultation to determine for what purposes the sum of forty thousand dollars (\$40,000) which was bequeathed by the will of said George O. Hovey, late of Gloucester in the County of Essex, should be used, herewith jointly dictate and prescribe that the said sum shall be used as follows:

In the Maintenance, Support and Perpetuation of the George Robert White Fund Health Units, now established or which hereafter may be established in the City of Boston in this Commonwealth, and in the event of a Foundation being established for the maintenance, support and perpetuation of the said George Robert White Fund Health Units, the said Forty Thousand Dollars (\$40,000) with any accumulations may be paid over to the said Foundation, to be used for such purposes.

Signed this thirty-first day of March, 1930."

Problem Came in 1922.

The original thought of establishing a Foundation for the maintenance and care of the George Robert White Health Units arose immediately after George Robert White's bequest in 1922.

George Robert White, a citizen of Boston, and a successful business man, possessed of great wealth, passed to the Great Beyond to his final reward in January, 1922, at the outset of my previous administration as Mayor of the city, and left a will bequeathing the rest and residue of his property, of every nature, to the City of Boston, which amounted in value to five million, five hundred thousand dollars, and provided that the sum be held as a permanent charitable trust fund, to be known as the George Robert White Fund, the net income only to be used for creating works of public utility and beauty for the use and enjoyment of the inhabitants of the City of Boston, and also provided that it was his intent that no part of said income shall be used for religious, political, educational, or any purpose which it shall be the duty of the city in the ordinary course of events to provide. It further provided that the current expenses of the care and maintenance of any works established by the fund shall be borne by the city.

The control and management of said fund and the disbursement of the income shall be in the hands of a board of five trustees, to consist of the Mayor, as its chairman, the President of the City Council, the City Auditor, the President of the Chamber of Commerce, and the President of the Bar Association of the City of Boston.

Fund Grows to \$6,750,000.

The fund, through excellent management, has increased from \$5,500,000 to \$6,750,000 and out of the income from said fund the city has erected and equipped five health units in the congested districts of the City of Boston, located in the following sections:

Baldwin Place.

Paris and Emmons Streets, East Boston.

Dorchester and West Fourth Streets, South Boston.

Corner Savin Street and Blue Hill Avenue, Roxbury.

Corner of High and Elm Streets, Charlestown.

A sixth unit is in process of construction and will be completed, dedicated and open for use in August of this year. This Health Unit will be located at Parkman and Blossom Streets in the West End.

Upon learning of the magnificent gift and the purposes for which it could be used, I immediately determined that the income could be devoted to no more noble and humanitarian use in the city of my birth, which has so frequently honored me, than to enable the city to be the pioneer in the establishment of health units to better the health of the inhabitants in the congested districts where these health units are now located. My purpose was conveyed to men of high standing in the medical profession, including those connected with and interested in the Health Department, and the proposed work met with their hearty approval and untiring cooperation. In the spring of 1924, when the time arrived that the income was sufficient to guarantee the acquisition of land and erection of the first health unit, Coolidge, Shepley, Bulfinch & Abbott, one of the leading and most experienced firms of architects, was retained to give advice and prepare plans, with the assistance of medical men interested in health work, which resulted in the erection of the first health unit at North Margin Street and Baldwin Place, which was dedicated in November, 1924, the work of which met with most flattering criticism from men interested in health work, not only in this country but in Europe, who were attracted to investigate the work being done, which they have characterized as the highest type of public charitable service.

(Continued on page 427.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, April 21, at 2 p. m.

A regular meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, April 21, 1930, at 6.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent, or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

WHITE HEALTH FUND UNITS.

(Continued from page 425.)

WORK MUST CONTINUE.

The work now being carried on in these health units must be continued and the expense of carrying on met; otherwise the buildings now erected will not serve their intended benevolent purpose.

Upon the receipt of the generous gift of George O. Hovey, I concluded that the gift could be used for no better purpose than for the initial step of establishing a Foundation, the income of which should be used for the care and maintenance of the work in these health units in perpetuity.

I am therefore going to establish a Foundation, to be known as the Foundation for the Care and Maintenance of the George Robert White Health Units, now established or hereafter to be established in the City of Boston. The funds in said Foundation shall be allowed to accumulate with any and all donations and gifts and bequests made to the same until the fund amounts to the sum of five million dollars. The income of said five million dollars, with any accumulations, is to be used for the care and maintenance of the George Robert White Health Units in perpetuity, so that the wonderful work now being done can be assured of continuance so long as the city exists.

SEEKS SURVEY OF BOSTON HARBOR.

Mayor Curley, on April 10, sent the following telegram to all the Massachusetts delegation in Congress:

Telegram received from Congressman McCormack reading as follows: "Just appeared before committee as there was opposition to Dorchester Bay project which was part of last bill. Just informed by Congressman Edwards that committee voted it in. Looks as though general survey will be in bill as reported several days ago but will report more definitely on this later. Survey is made by engineers and usually their recommendations are accepted but whatever their recommendations are will have to be incorporated in next bill reported from that committee. It is necessary to satisfy engineers that certain improvements are necessary." Earnestly request immediate and united action Massachusetts representation looking to inclusion current Rivers and Harbors bill general survey, Boston Harbor. Four most important port requirements for Boston as follows:

First. Removal middle ground shoal, Boston inner harbor.

Second. Deepening main ship channel, President Roads to Navy Yard.

Third. Deepening and widening Weymouth Fore River from Hingham Bay to Weymouth Fore River Bridge.

Fourth. Providing adequate channel Dorchester Bay from main ship channel to mouth Neponset River at Squantum and Commercial Points.

Believe general survey including these four major requirements, vital to future well-being Port of Boston.

JAMES M. CURLEY, Mayor.

Mayor Curley, on April 11, sent the following letter to Hon. John W. McCormack, Congressman, at Washington, D. C.:

MY DEAR CONGRESSMAN,—The confidential committee print of surveys

inclosed with your communication of the 9th instant, came duly to hand. The survey seems to include in line 3, page 3, under the caption "Boston Harbor, Massachusetts," the several specific projects which should be given immediate attention this year, as follows:

1. The removal of the so-called middle ground.

2. Deepening the main ship channel to a depth of forty feet at mean low water from President Roads to the Navy Yard.

3. The deepening and widening of Weymouth Fore River from Hingham Bay to Weymouth Fore River Bridge.

4. Providing a channel thirty feet deep and three hundred feet wide in Dorchester Bay from the main channel to the mouth of the Neponset River at Squantum and Commercial Points.

The only one of these specifically named in the committee print of surveys received with your letter is the Weymouth Fore River project. The others, under the provision for general survey of Boston Harbor appear to be left to the discretion of the army engineers. It would be much better to have each of them specifically named and I hope this can be so arranged.

Sincerely yours,

JAMES M. CURLEY, Mayor.

CLAIMS DISAPPROVED.

The Law Department has disapproved forty-four claims against the city, aggregating \$4,523.25, and they are classified as follows:

Against the Fire Department, four, amounting to \$282.41; against the Hospital Department, one, amounting to \$2.65; against the Institutions Department, one, amounting to \$35; against the Park Department, three, amounting to \$77.66; against the Police Department, three, amounting to \$128.94; against the Public Works Department, thirty-three, amounting to \$4,246.59.

ACTION OF THE BOARD OF ZONING ADJUSTMENT ON PETITION HEARD.

Petition of M. BLANCHE HOLBROOK by WELLINGTON HOLBROOK for the purpose of establishing an R-40 district in the vicinity of Almont street and Monterey avenue, Mattapan, Dorchester; said district is at present zoned as an R-35 district; said petition is likewise intended to include such modification or extension of area or use as may appear advisable to the Board. (Zoning Sheet No. 8. Change authorized.)

Bids close Wednesday, April 30, at 12 m.

BOSTON AREA TO WARD LINES.

Total, 30,598 acres (*i. e.*; 47.81 square miles), 2,944 acres being filled land, 1,143 acres water area and 1,436 acres flats. Land area only, 28,019 acres (*i. e.*, 43.78 square miles). Included in the latter are 160 acres of filled flats recently added to the land area of South Boston and 175 acres to that of East Boston.

Original Boston contained about 780 acres of land. Of the twelve leading American cities, eight are larger in land area than Boston, *viz.*, Los Angeles (441 square miles), New York (318), Chicago (199.4), Philadelphia (129), Baltimore (91.9), Detroit (80), Cleveland (56.6) and St. Louis (61.25). The only city in Massachusetts with larger land area is Taunton (50 square miles).

If Boston should expand by annexations as New York, Chicago, Philadelphia, Los Angeles and others have expanded, its total area, in case of including the thirty-nine cities and towns within the 15-mile radius, would be second to the largest, *viz.*, Los Angeles, the present land area of "Greater Boston" being 409.5 square miles.

ALTITUDES IN BOSTON.

(1) Highest, Custom House tower, 510.71 feet, *i. e.*, top of finial above mean low water (same as "city base") or 495 feet from surface of street; (2) Bellevue Hill, West Roxbury, 376.3 feet to top of new reservoir, or about 320 feet of top of hill; (3) Bunker Hill Monument, 307.84 feet, or top of Breed's Hill, Charlestown, at base of monument, 86.44 feet; (4) Slocum Hill, near Allandale street, Jamaica Plain, about 300 feet; (5) High Fort Observatory, Highland Park, Roxbury, 291 feet, on top of hill at base of tower, 158 feet; (6) Revolution Memorial Monument, Telegraph Hill, South Boston, 270 feet, or top of hill at base of monument, 145 feet; (7) State House, top of dome, 261 feet; (8) Hill between Poplar and Dale streets, West Roxbury, near Hyde Park boundary line, about 258 feet; (9) Peters' Hill, Arnold Arboretum, 237 feet; (10) Fairmount Hill, Hyde Park, about 220 feet, Beacon Hill, now 107.89 feet (*i. e.*, at corner of Mt. Vernon and Joy streets), was originally about as high as the base of the State House dome.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, April 17:

FIRE DEPARTMENT.

The following named men have been appointed as members of this department on probation at \$1,600 a year:

Total, \$218.89.

Traffic Commission.

For the week ending Thursday, April 17:

Albert T. Shea, painter, $\frac{1}{2}$ day, \$3.

COLLECTION OF DELINQUENT TAXES BY MUNICIPALITIES.

The collection of delinquent taxes is often neglected by city officials, resulting in a considerable financial loss to the municipality.

The sale of property for taxes usually takes place from one to three years after the taxes have become due and after the publication of a tax sale notice for from three to six weeks. The property is sold at auction to the highest bidder provided that the bid covers the amount of taxes, all unpaid assessments, interest, fees, penalties, and other charges against the property. If the bid is not sufficient to cover these items, the city bids in the property. Property sold for taxes may be redeemed after a period varying from one to three years upon payment of sum sold for, together with interest computed at the rate of 12 per cent per annum. If the property is not redeemed within the prescribed time the purchaser is given either a deed, an estate in fee simple, or an absolute estate in fee, subject only to the lien of unpaid state and county taxes.

In two cities, White Plains and Yonkers, the tax lien is sold. This has worked out very satisfactorily. In Yonkers the problem of the collection of delinquent taxes has been cleared up:

1. By keeping the assessed valuation down to the real present market value, thereby preventing the accumulation of a large amount of uncollectible taxes.

2. By foreclosure, in one action, of large numbers of lots in one ownership.

3. By assignment of tax liens, at full value, to any one applying for same.

4. By resale, at reduced amounts, of tax liens held by the city.

5. By compromise with owners, reducing the amounts due to a sum that will make it worth while for such owners to pay up the city thereby saving foreclosure costs, and immediately placing such property on a taxpaying basis, and at the same time allowing the owners to get out with some equity. Foreclosure should never be resorted to where an owner shows any disposition to compromise.

SEEKS SHIPS FOR NEW ENGLAND GOLD STAR MOTHERS ON TRIP TO FRANCE.

Mayor Curley, on April 18, forwarded the following communication to Ernest Lee Jahncke, Acting Secretary of the Navy:

MY DEAR MR. JAHNCKE,—I beg to inclose copy of letter received from J. E. Andrews, Assistant to Executive Vice President of the United States Lines, Incorporated, Broadway, New York.

A perusal of the letter convinces me that, provided the War Department is agreeable, arrangements can be made to have New England Gold Star Mothers sail from the port of Boston.

In view of the fact that the War Department has experienced no great difficulty in providing separate ships for the colored mothers of America whose sons were sacrificed in the war, it should not appear either difficult or impossible to provide separate ships for the New England mothers to sail from the port of Boston.

Trusting that this matter will, in view of the position taken by the United States Lines, be adjusted, and awaiting an early reply, I beg to remain,

Respectfully,

JAMES M. CURLEY, Mayor

Mayor Curley, on April 15, received the following communication from J. E. Andrews, Assistant to the Executive Vice President of the United States Lines, Incorporated:

MY DEAR MAYOR CURLEY,—Referring to your telegram of April 11 and Mr. Sheedy's reply of the same date, relative to having one of our vessels call at Boston to handle Gold Star Mothers.

Before sailing, Mr. Sheedy requested that we confirm to you that there has been no change in our position in this matter. There is inclosed copy of my letter of today to Mr. F. S. Davis, Manager of the Maritime Association of the Boston Chamber of Commerce, on the same subject. This outlines fully our position in the matter.

Very truly yours,

J. E. ANDREWS.

The following is a copy of letter forwarded to Mr. Frank S. Davis by Mr. J. E. Andrews:

DEAR MR. DAVIS,—Inasmuch as Mr. Sheedy has sailed for Europe, I am acknowledging your letter of April 8, File 69-A, with which you inclosed copy of communication from Col. W. R. Gibson, of the Quarter Master Corps of the War Department, dated April 3.

There has been no change in our position in this matter, namely, that if it were possible in Washington to assemble a sufficient number of Gold Star Mothers to warrant one of our ships calling at Boston, we would be very glad to do so. As pointed out in the second paragraph of Colonel Gibson's letter to you, however, the various group movements will be made up according to cemeteries to be visited in Europe, and, as we understand it, the War Department does not believe it would be practicable to extend invitations to all the women from Massachusetts to sail on the same ship.

In the event of any change or new developments in this matter, I will be very glad to get in touch with you.

Very truly yours,

J. E. ANDREWS.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon April 14 the Mayor approved a contract with the Boston Blue Print Company, Incorporated, for furnishing and delivering blueprinting equipment. Bids, opened April 10, were as follows:

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon April 11 the Mayor approved a contract with N. Sannella & Son for sewerage works in Arlington street, Hyde Park, and Cummins Highway, Dorchester. Bids, opened April 8, were as follows:

N. Sannella & Son, \$4,709.54; Charles Struzziery, \$5,137; J. Capone, \$5,164.05; L. Balboni, \$5,318.50; J. Todesca, \$5,434.75; M. DeSisto Company, \$5,576.75; J. J. Conway, \$5,941.50; P. Guario, \$6,885.

SCHOOL COMMITTEE.

The School Committee has awarded contracts for furnishing physical education supplies and equipment to the lowest bidders, as follows:

March 20, 1930, Horace Partridge Company, \$1,232; March 19, 1930, Iver Johnson Sporting Goods Company, \$3,344.86. Bids, opened March 3, were as follows:

Item 1—100 Dozen Senior Baseballs.—William Westland & Co., net unit price, \$8.80; total, \$880; A. G. Spalding & Brothers, net unit price, \$10.80; total, \$1,080; Iver Johnson Sporting Goods Company, net unit price, \$5.90; total, \$590; Bob Smith, net unit price, \$10; total, \$1,000; Wright & Ditson, net unit price, \$7.35; total \$735; Horace Partridge Company, net unit price, \$5.75*; total, \$575.

Item 2—100 Dozen Junior Baseballs.—William Westland & Co., net unit price, \$8.80; total, \$880; A. G. Spalding & Brothers, net unit price, \$4.80†; total, \$480; Iver Johnson Sporting Goods Company, net unit price, \$4.85†; total, \$485; Bob Smith, net unit price, \$9; total, \$900; Wright & Ditson, net unit price, \$7.35; total, \$735; Horace Partridge Company, net unit price, \$5; total, \$500.

Item 3—Senior Baseball Bats (25 Dozen).—Derby Ball Edwards Corporation, net unit price, \$14.50; total, \$362.50; William Westland & Co., net unit price, \$12.40; total, \$310; A. G. Spalding & Brothers, net unit price, \$3.90; total, \$97.50; Iver Johnson Sporting Goods Company, net unit price, \$4.50; total, \$112.50; Wright & Ditson, net unit price, \$2.94†; total, \$73.50.

Item 4—30 Dozen Junior Baseball Bats.—Derby Ball Edwards Corporation, net unit price, \$6.50; total, \$195; William Westland & Co., net unit price, \$3.15; total, \$94.50; A. G. Spalding & Brothers, net unit price, \$3.60; total, \$108; Iver Johnson Sporting Goods Company, net unit price, \$2.50†; total, \$75; Wright & Ditson, net unit price, \$2.94†; total, \$88.20.

Item 6—10 Dozen Senior Masks.—William Westland & Co., net unit price, \$31; total, \$310; A. G. Spalding & Brothers, net unit price, \$24; total, \$240; Iver Johnson Sporting Goods Company, net unit price, \$26.15; total, \$261.50; Bob Smith, net unit price, \$25.75; total, \$257.50; Wright & Ditson, net unit price, \$23.52†; total, \$235.20; Horace Partridge Company, net unit price, \$30.40; total, \$304.

Item 7—15 Dozen Catchers' Mitts.—William Westland & Co., net unit price, \$46; total, \$690; A. G. Spalding & Brothers, net unit price, \$33.84; total, \$507.60; Iver Johnson Sporting Goods Company, net unit price, \$22.80†; total, \$342; Bob Smith, net unit price, \$45.50; total, \$682.50; Wright & Ditson, net unit price, \$23.52; total, \$352.80; Horace Partridge Company, net unit price, \$21.60§; total, \$324.

Item 8—250 Rolls Electric Tape.—William Westland & Co., net unit price, 15 cents; total, \$37.50; Iver Johnson Sporting Goods Company, net unit price, 14 cents*; total, \$35; Wright & Ditson, net unit price, 29 cents; total, \$72.50.

Item 9—10 Dozen Recreation Balls.—William Westland & Co., net unit price, \$2.50; total, \$25; A. G. Spalding & Brothers, net unit price, \$5.04; total, \$50.40; Iver Johnson Sporting Goods Company, net unit price, \$2.25*; total, \$22.50; Wright & Ditson, net unit price, \$5.25; total, \$52.50.

Item 10—25 Dozen Indoor Baseballs.—William Westland & Co., net unit price, \$8; total, \$200; A. G. Spalding & Brothers, net unit price, \$8.40; total, \$210; Iver Johnson Sporting Goods Company, net unit price, \$5.60; total, \$140; Bob Smith, net unit price, \$5.50†;

total, \$137.50; Wright & Ditson, net unit price, \$7.35; total, \$183.75; Horace Partridge Company, net unit price, \$5.50; total, \$137.50.

Item 12—75 Dozen Volley Balls.—William Westland & Co., net unit price, \$62; total, \$4,650; A. G. Spalding & Brothers, net unit price, \$50.40; total, \$3,780; Iver Johnson Sporting Goods Company, net unit price, \$21*; total, \$1,575; Bob Smith, net unit price, \$25.75; total, \$1,931.25; Wright & Ditson, net unit price, \$29.40; total, \$2,205.

Item 14—40 Dozen Additional Volley Ball Bladders.—William Westland & Co., net unit price, \$5.25; total, \$210; A. G. Spalding & Brothers, net unit price, \$4.32; total, \$172.80; Iver Johnson Sporting Goods Company, net unit price, \$4.32*; total, \$172.80; Bob Smith, net unit price, \$6; total, \$240; Wright & Ditson, net unit price, \$4.12†; total, \$164.80.

Item 15—6 Dozen Basket Balls (Valve Type).—William Westland & Co., net unit price, \$53; total, \$318; A. G. Spalding & Brothers, net unit price, \$79.44; total, \$476.64; Iver Johnson Sporting Goods Company, net unit price, \$56; total, \$336; Bob Smith, net unit price, \$84; total, \$504; Wright & Ditson, net unit price, \$52.92†; total, \$317.52.

Item 16—3 Dozen Additional Basket Ball Bladders.—William Westland & Co., net unit price, \$9.90; total, \$29.70; A. G. Spalding & Brothers, net unit price, \$10.20; total, \$30.60; Iver Johnson Sporting Goods Company, net unit price, \$10.56; total, \$31.68; Bob Smith, net unit price, \$12; total, \$36; Wright & Ditson, net unit price, \$7.84†; total, \$23.52.

Item 18—20 Dozen Tennis Racquets.—William Westland & Co., net unit price, \$1.65†; total, \$33‡; A. G. Spalding & Brothers, net unit price, \$25.92; total, \$518.40; Iver Johnson Sporting Goods Company, net unit price, \$13.80†; total, \$276; Wright & Ditson, net unit price, \$15†; total, \$300.

Item 19—10 Gross Tennis Balls.—William Westland & Co., net unit price, \$43.20; total, \$432; Iver Johnson Sporting Goods Company, net unit price, \$20.75; total, \$207.50; Wright & Ditson, net unit price, \$11.60†; total, \$116.

Item 20—5 Dozen Tennis Net, Double Court.—William Westland & Co., net unit price, \$64; total, \$320; A. G. Spalding & Brothers, net unit price, \$58.20†; total, \$291; Iver Johnson Sporting Goods Company, net unit price, \$61.50; total, \$307.50; Wright & Ditson, net unit price, \$58.80; total, \$294; Horace Partridge Company, net unit price, \$67.90; total, \$339.50.

Item 21—4 Dozen Croquet Sets.—Iver Johnson Sporting Goods Company, net unit price, \$27*†; total, \$108.

Item 23—250 Dozen Bean Bags.—A. G. Spalding & Brothers, net unit price, \$1.20; total, \$300; Iver Johnson Sporting Goods Company, net unit price, \$1.08*; total, \$270; Wright & Ditson, net unit price, \$1.10; total, \$275; Horace Partridge Company, net unit price, \$1.13; total, \$282.50.

Item 26—20 Sets Bases.—William Westland & Co., net unit price, \$4.30; total, \$86; A. G. Spalding & Brothers, net unit price, \$5.10; total, \$102; Iver Johnson Sporting Goods Company, net unit price, \$3.45*; total, \$69; Bob Smith, net unit price, \$7.80; total, \$156; Wright & Ditson, net unit price, \$3.92; total, \$78.40; Horace Partridge Company, net unit price, \$3.90; total, \$78.

Item 27—10 Dozen Paddle Tennis Nets.—William Westland & Co., net

unit price, \$17; total, \$170; Iver Johnson Sporting Goods Company, net unit price, \$15.60*; total, \$156; Horace Partridge Company, net unit price, \$28; total, \$280.

Item 28 — 100 Junior Bodies Protectors.— William Westland & Co., net unit price, \$1.55†; total, \$155; A. G. Spalding & Brothers, net unit price, \$2.16‡; total, \$216; Iver Johnson Sporting Goods Company, net unit price, \$1.75‡; total, \$175; Bob Smith, net unit price, \$2.42‡; total, \$242; Wright & Ditson, net unit price, \$2.50‡; total, \$250; Horace Partridge Company, net unit price, \$3; total, \$300.

Item 29 — 100 Senior Body Protectors.— William Westland & Co., net unit price, \$3.85; total, \$385; A. G. Spalding & Brothers, net unit price, \$3.24; total, \$324; Iver Johnson Sporting Goods Company, net unit price, \$2.10 †; total, \$210; Bob Smith, net unit price, \$3.50; total, \$350; Wright & Ditson, net unit price, \$2.50‡; total, \$250; Horace Partridge Company, net unit price, \$3; total, \$300.

Item 30 — 8 Gross Volley Ball Lacings.— William Westland & Co., net unit price, \$3; total, \$24; A. G. Spalding & Brothers, net unit price, \$7.20; total, \$57.60; Iver Johnson Sporting Goods Company, net unit price, \$2.88*; total, \$23.04; Wright & Ditson, net unit price, \$7.06; total, \$56.48.

Item 31 — 2 Gross Soccer Ball Lacings.— William Westland & Co., net unit price, \$3; total, \$6; A. G. Spalding & Brothers, net unit price, \$7.20; total, \$14.40; Iver Johnson Sporting Goods Company, net unit price, \$2.88*; total, \$5.76; Wright & Ditson, net unit price, \$7.06; total, \$14.12.

Item 32 — 2 Gross Basket Ball Lacings.— William Westland & Co., net unit price, \$3; total, \$6; A. G. Spalding & Brothers, net unit price, \$7.20; total, \$14.40; Iver Johnson Sporting Goods Company, net unit price, \$2.88*; total, \$5.76; Wright & Ditson, net unit price, \$7.06; total, \$14.12.

Item 33 — 15 Dozen Soccer Footballs.— William Westland & Co., net unit price, \$46; total, \$690; A. G. Spalding & Brothers, net unit price, \$48.24; total, \$723.60; Iver Johnson Sporting Goods Company, net unit price, \$45.60; total, \$684; Bob Smith, net unit price, \$55; total, \$825; Wright & Ditson, net unit price, \$58.80; total, \$882; Horace Partridge Company, net unit price, \$43.80*; total, \$657.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Walter Curley & Son have been allowed the following changes in the contract for the various schools, moving two portables for: Portable No. 54, replace 499 feet 8-inch by 10-inch sill at 8½ cents as ordered, \$42.41; labor, \$47.70; Portable No. 132, reversing side sections, labor, \$42. Total addition, \$132.11, per Civil Engineer Patterson's letter of March 27, 1930, and the amount of \$132.11 will be added therefor, making the account as follows: Contract price, \$1,680; total additions, \$132.11; amount of contract, \$1,812.11.

Matthew Cummings Company, Incorporated, have been allowed the following for changing two and installing two additional electrical outlets in the Edmund P. Tileston School, per architect's letter of April 5, 1930, and the amount of \$47.20 will be added therefor, making the accounts as follows: Contract price, \$732,300; total additions, \$13,783.65; total deductions, \$13,000; amount of contract, \$733,083.65.

Matthew Cummings Company, Incorporated, have been allowed the following changes in the Edmund P. Tileston School, for maple flooring laid on square edge underflooring on 3-inch by 4-inch screeds in place of hard pine flooring as specified, per architect's letter April 3, 1930, and the amount of \$900 will be added therefor, making the account as follows: Contract price, \$732,300; total additions, \$13,736.45; total deductions, \$13,000; amount of contract, \$733,036.45.

HOSPITAL DEPARTMENT.

Matthew Cummings Company, contractor for erection and completion of Medical Building, Boston City Hospital, has been instructed to add to the contract the sum of \$602.91 for erecting double channel iron and metal lath partitions between bath room and corridor adjacent to passenger elevator, as per letter dated March 11, 1930. Original contract, \$651,000; corrected contract, as per order No. 1571, \$678,165.56; now added, \$602.91; corrected contract, \$678,768.47; total added, \$28,718.47; total deducted, \$950.

Ames Iron Works, contractor for new engine generator set, Power Plant, Boston City Hospital, has been instructed to add to the contract the sum of \$175 for one extra cubic yard concrete in caisson, \$60, as per letter dated March 29, 1930; installation of I-beams, including plates and reinforced tie-rods, for supporting floor under new engine foundation, as per letter of March 28, 1930, \$115. Original contract, \$7,580; now added, \$175; corrected contract, \$7,755.

A. Piotti Company, contractor for erection and completion of Power Plant, Mattapan, has been instructed to add to the contract the sum of \$2,979.33 for furnishing and installing new 6-inch cast iron and Akron pipe sanitary sewer line, \$1,118.11; excavation and extra brickwork to fill in old windows in tunnel walls, \$527.78; changing location of pit, \$448.42; underpinning existing wall in old transformer room, \$132.73; labor and material for laying 8-inch Akron sewer pipe line around new boiler room foundation, \$752.29. Total, \$2,979.33. Original contract, \$252,421; now added, \$2,979.33; corrected contract, \$255,400.33.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam Sunnyside street, Hyde Park, from Glenwood avenue to Town street, with department forces, without advertising, the estimated cost for labor and material being \$5,000.

The Mayor has approved the request of the Public Works Department for authority to reset edgestone, relay artificial stone sidewalk on north side and relay granite block roadway with grout joints in Clarendon street, city proper, from Stanhope street to Stuart street, with department forces without advertising, the estimated cost for labor and material being \$6,000.

BOSTON TO HAVE FLORAL EXHIBIT AS PART OF TERCENTENARY CELEBRATION.

Mayor Curley, on April 12, sent the following letter to Chairman William P. Long of the Park Commission of the City of Boston:

MY DEAR MR. LONG,—Henry Penn, of Penn the Florist Company, has been elected National President of the Society of American Florists and has publicly stated that he would gladly have the national florist organizations present a floral exhibition in connection with the tercentenary observance.

I can think of nothing that would be a greater attraction than to have the exhibition in the open and at Franklin Park at the time the rose garden is in bloom, provided arrangements could be made and it appeals to you. It might be possible to have the exhibition extend from the rose garden to the bird house and along the greeting walks extending from the bird house to the road near Blue Hill avenue. The expense should be small and the attraction should be one of the greatest of its kind ever put on in America.

In the event that it appeals to you it might be advisable to interest Shurtleff to have a group of his associates in horticultural and floricultural work get busy on the proposition.

Sincerely,

JAMES M. CURLEY,
Mayor.

FIRE DEPARTMENT ORDERS.

General Order No. 34.

I. TRANSFERS.

The following transfers are hereby announced, to take effect at 8 a. m., Friday, April 11, 1930:

Lieut. Edwin F. Fay, from Headquarters to Ladder Company 12.

Francis J. Scott, from Engine Company 13 to Headquarters.

Duncan Hunter, from Engine Company 18 to Engine Company 47.

Edward E. Hall, from Engine Company 46 to Engine Company 18.

Thomas E. Reardon, Jr., from Engine Company 16 to Engine Company 46.

Daniel J. Foley, from Ladder Company 1 to Maintenance Division.

Charles J. McGranachan, from Rescue Company, 3 to Ladder Company 1.

James J. Sullivan, from Engine Company 52 to Engine Company 16.

Lieut. Edwin F. Fay is transferred at his own request.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

DANIEL F. SENNOT,
Chief of Department.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 12-inch pipe in Chester street, between Milton street and 552 feet southwesterly, in the Hyde Park district, at an estimated cost of \$4,400.

A sanitary sewer of 10-inch pipe in Linnet street, between La Grange street and Emmonsdales road, in the West Roxbury district, at an estimated cost of \$2,100.

A sanitary sewer of 10-inch pipe in Winchester road, between Lila road and 674 feet westerly, in the West Roxbury district, at an estimated cost of \$3,150.

REPORT OF SUPERINTENDENT OF SCHOOLS JEREMIAH E. BURKE AND WILLIAM H. J. KENNEDY, PRINCIPAL OF TEACHERS COLLEGE, AT NATIONAL EDUCATION ASSOCIATION CONVENTION, DEPARTMENT OF SUPERINTENDENCE, AT ATLANTIC CITY.

BOSTON, April 7, 1930.

To the School Committee of the City of Boston.

In accordance with section 3 of chapter 274 of the Acts of 1914, I herewith respectfully present a report concerning my attendance at the Convention of the Department of Superintendence of the National Education Association. This convention was held at Atlantic City from February 22 to February 27.

The Atlantic City Convention of the Department of Superintendence was the largest meeting of that organization yet held. The richness of the programs and the wide variety of topics presented made informal discussion practically an unknown quantity. The general theme of the convention was, "Education in the Spirit of Life."

"Education for Friendliness," was the theme of Superintendent Cody's presidential address at the Monday morning session. Mr. Cody argued for the kind of history, arithmetic and geography that have direct meaning in life. "Arithmetic of the everyday business world, and not the binomial theorem, is necessary for the average citizen," he said. "History should not be a mere accumulation of the facts about the past, but a means of cultivating breadth of view, tolerance and wisdom."

Continuing the theme of "Education for Friendliness," Mrs. Edith Joynes, of Norfolk, Virginia, President of the Department of Classroom Teachers, said that friendship between teacher and pupil was one of the most significant elements in present-day education, and that human contacts must not be overlooked.

Mrs. Susan M. Dorsey, former Superintendent of the Los Angeles Schools, emphasized friendliness in teacher-superintendent relationships. "If our future world is to be and continue friendly, education must provide instruction and experiences in social living to a greater degree even than at present, and a friendly atmosphere must pervade all school relationships."

Father J. Elliott Ross, Catholic professor at the School of Religion, University of Iowa, offered a series of frank suggestions for friendly relations between public and parochial schools. His first suggestion to public school superintendents was that they should try to make plain that the public schools are really public, in a sense of belonging to the whole public—Catholic, Protestant, Jewish and no church.

"It is to the advantage of the state to have healthy Catholic children as well as healthy Protestant children," he added. "Consequently, when health service is provided for the public schools, it might reasonably be extended to the Catholic schools. This is not an appropriation for sectarian purposes."

He suggested that parochial school children might properly be welcomed to make use of public schools for manual training or domestic science or other courses, and he said that including

parochial schools in athletic leagues and prize competitions made for friendly relations.

Dr. Frank W. Ballou, Superintendent of Schools, Washington, D. C., and formerly Assistant Superintendent of Schools in this city, summed up the achievements of American education with a special reference to finance. He said in part, "The figures show that a large part of this increase in school attendance is to be found in the high schools. This situation is significant for two reasons. First, it indicates public approval of the diversified educational program offered in the high schools of the nation, which in recent years has been substantially reorganized to meet the various needs, capacities, and interests of boys and girls of secondary school age. This is a fine tribute to the wisdom of the boards of education, school officials, and parents of secondary school pupils. The second significant fact is that high school education is more expensive than elementary school education and hence there is a correspondingly higher increase in the cost of public education than there would be if these pupils were enrolled in our elementary schools."

Mr. Francis G. Blair, State Superintendent of Public Instruction, Springfield, Ill., spoke with considerable feeling about the relation of intelligence to national growth expansion and prosperity. He stated:

"1. That while our expanding program of public education does lay a heavier and heavier toll on the time and energies of the pupils, keeping them a longer time out of what some are pleased to call productive industries, and while this expanding, lengthening program does entail greater expense upon parents and guardians in carrying their children through to the end, it could be easily proven that every lengthening, every enriching of the program increases the productive skill of these pupils sufficiently to compensate for these attendant costs."

"2. That while education does create within the minds of its pupils an eager, inquiring disposition, sometimes a restless, questioning attitude towards existing institutions and conventions, no honest inquiry would fail to show that this wide flung system of free tax maintained public education is the only safe foundation on which our form of government can rest and the surest safeguard of the institution of property."

"3. That while education contributes to the home and the community in training more skillful, more effective workmen, that it also creates a market for, a demand for a better quality and a greater quantity of cultivated and manufactured products in order to satisfy the increasing needs and demands of educated, civilized man."

Mr. Carroll G. Pearse, Milwaukee, talking on the qualities of good citizenship stated, "The most desirable citizen in a democracy such as ours will have:

1. Good health.
2. The knowledge and skills desirable for a self-respecting life among intelligent persons.

3. A vocation satisfactorily chosen and adequately prepared for.

4. A character that will insure the permanence of his social duties."

He asserted that the man should possess: Such an acquired skill in the use of tools in wood, sheet metal, iron, wiring, in making simple repairs to household equipment and machinery, or the automobile, or to drive the latter. The woman should possess: Skill in the household arts, and in the use of modern household machinery. For both: The ability to dig in the dirt to plant and cultivate vegetables, flowers and fruit.

The topic of the Wednesday morning session was "Education for Progress." Superintendent A. J. Stoddard of Providence insisted that educational policies are now determined by accurate and thorough collection, organization and interpretation of facts. He said, "Approximately one-third of our cities between 50,000 and 100,000 in population now maintain research departments in their public school organizations, while this number increases to 70 per cent in the larger cities. There were practically no such departments in public school systems a decade ago."

The contrast between the methods of democracy and science and the need for education to reconcile the two, constituted the thesis of the address of the Secretary of the Interior, Ray Lyman Wilbur. The problem of education is to teach the value of the expert in modern democracies, and "segregation, selection of human quality is a necessity," Doctor Wilbur said. We keep a large percentage of youth in school unhappy because of their ill success as the result of "some absurd superstition that they must all do the same things." One of our troubles, Secretary Wilbur declared, is that when once we have built a machine we like to operate it—we become fearful of change.

"Education which prepares for leisure," was the topic assigned to Superintendent Frank D. Boynton of Ithaca, New York. He asserted, "One of the gravest problems which society faces is the problem which grows out of our increased leisure time. This problem is not going to lessen. How is this leisure to be turned into improved citizenship, into higher and better standards of living—intellectually, physically, morally?"

"One of the steps in this solution will be the longer school day for pupils of junior and senior high school age. Home study is a failure and a bone of family contention that should be removed as a requirement. In this field, expand our program so as to adequately provide for the child's full day. Send him to school when his father and mother go to work and keep him there busy and happy with his books, his art, his beginnings with the crafts, returning him to his home when his parents return with his day's work completed as theirs is completed, giving him and them an opportunity to work out together the evening's program, relieving parents from driving their children out of the family circle to their rooms with their home work or to the piano until children come to regard their parents as bullies who always are picking upon someone not their size."

At a meeting of the Principals' Association on March 5, Dean Kennedy and I presented to them a complete digest of the outstanding topics of the convention.

Respectfully submitted,

JEREMIAH E. BURKE,
Superintendent of Public Schools.

REPORT OF PRINCIPAL KENNEDY.

In accordance with the authorization of the School Committee at its meeting on January 20, 1930, I attended the Annual Meeting of the Department of Superintendence of the National Education Association at Atlantic City, N. J., February 24 to 27, 1930.

The regular meetings for discussion began at the Fourth General Session held on Monday afternoon, February 24. There had been three previous general sessions, the first was marked by the opening of the exhibits held on Saturday morning; the second consisted of a vesper service on Sunday afternoon; the third was a session at which the formal greetings of the State of New Jersey were extended to the delegates.

At the Fourth General Assembly on Monday morning, Superintendent Cody discussed in his presidential address the theme that was to dominate the sessions of the convention. This theme was "Education in the Spirit of Life." In his address he characterized life in various ways and showed what education must do properly to develop these characteristics of life. His address may be summed up in the following: "Life is idealistic: Education must aim high. Life is friendly: Education must develop a social spirit. Life is dynamic: Education must move forward aggressively. Life is practical: Education must be efficient. Life is recreative: Education must train for leisure. Life is progressive: Education must adjust itself to new needs. Life is cooperative: Education must itself cooperate."

The particular theme discussed by the speakers who followed Superintendent Cody at this meeting was "Life is friendly." Mrs. Edith B. Joynes, President of the Department of Classroom Teachers of the National Education Association, spoke on the subject "Friendliness in Pupil-Teacher Relationships." She emphasized the necessity of recognizing and acting upon the understanding that children are social beings. "The successful teacher should consider her pupils as companions following her, and they should think of her as a sympathetic leader in the daily rounds of normal work and play. Once she has established a human contact with a pupil she has laid a firm foundation upon which to build. The great work of the teacher today is to bridge the gulf of the 'You' and the 'I' with the 'We.'"

Mrs. Susan M. Dorsey, Superintendent Emeritus, Los Angeles, discussed the topic "Friendliness in Teacher-Superintendent Relationship." She suggested that the task of promoting good will both inside and outside of schools was one in which teachers and executives must join.

The next General Session of the department, held on Monday evening, considered the theme "Education for Dynamic Life." The Hon. Ruth Bryan Owen, member of Congress from the Fourth Florida District, spoke on "Modern Politics." "Modern youth," she said, "must face the responsibility of completing the Republic." She declared that a most satisfactory way of improving our government would be by properly training the next generation. This is the function of the school. Every citizen should bear his responsibility in the government; in the attitude of the youth of today lies the answer to many of our problems.

William J. Cooper, United States Commissioner of Education, discussed the advances made in education during

recent years. He declared that the American instructors, instead of following in the footsteps of educators of the Old World, are now shaking off the fetters of tradition and are evolving a new code based on scientific and professional study of the problems of our time. He summarized the advances made in education all over the world during the past ten years.

At the Sixth General Assembly, on Tuesday morning, the theme "Education is Practical," was considered. Seven leaders in American education discussed, in fifteen-minute papers, the achievements of American education during the last forty or fifty years. Charles H. Judd, of the University of Chicago, listed the advances made in instruction. Superintendent Logan of Newark, N. J., discussed advances made in organization. Professor Englehardt, of Teachers College, Columbia, told of improvements in the school plant. Superintendent Glynn, of Birmingham, Alabama, explained the advances made in dealing with personnel. Superintendent Ballou, of Washington, described the situation in school finance, and State Superintendent Blair, of Illinois, outlined the developments in public relations.

"Education for Leisure" was the theme of the General Session of Tuesday evening. This theme was developed by means of a dramatic entertainment entitled "The Pageant of Time." The pageant was presented by more than 2,800 teachers and students of Atlantic County, N. J., assisted by an orchestra of 125 pieces and a chorus of 500 voices. The obligation of education to prepare citizens for the proper use of leisure was developed. The increased amount of leisure for all people as a result of the development of the machine age brings about grave dangers to our civilization, because the time gained for leisure is likely to be wasted or spent in pursuits that are dangerous to the well-being of society. Education, must, therefore, through proper mental and physical training, teach our citizens to use this increased leisure time profitably. The theme was worked out with great effectiveness and efficiency.

On Wednesday morning, at the Eighth General Session, the leading address was made by Secretary of the Interior, Ray Lyman Wilbur. He discussed in detail the necessity of anticipating future needs, so that education may be adapted to the requirements of our modern civilization.

In addition to the above general sessions, I attended on Monday and Tuesday afternoons the sessions of the Municipal Normal School and Teachers College Section of the Department of Superintendence. The papers at these sessions had to do with the training of teachers. At the Monday session Commissioner Cooper discussed the future of teacher-training institutions in municipalities and predicted a wide and growing field for their work. Professor Suhrie of New York University laid down ideals for a satisfactory program for professional education and a re-education of teachers in a large city school system. Among the things he emphasized as necessary was a high standard of admission, an efficient and specially trained teaching staff, a curriculum better designed to meet the needs of the system. "The course," he said, "should be four years in length and should provide the right contacts with the system at large." President Diemer of the Teachers College of Kansas City presented a paper describing the method of

training teachers for service in Kansas City. Professor Schorling of the University of Michigan gave tentative suggestions for a correlated course in education. This provided a plan for the training of teachers by means of an intensive course in the various fields of education covering a single year.

On Tuesday afternoon papers were presented by Professor Alexander of Columbia University, Dean Magee of Detroit and Principal Breckinbridge of Louisville Normal School. They dealt with technical problems of curricula in teacher-training institutions.

On Wednesday afternoon I attended the meeting of the Division of Secondary School Principals. The principal topic of discussion at this meeting was the junior college and its future. The general feeling seemed to be that the number of junior colleges in the country would increase rapidly in the next few years and that they should be administered as a part of the secondary school rather than as a separate institution or as a part of the four-year college. At this meeting, Dean Holmes of Harvard discussed the topic "Standards vs. Flexibility in the Secondary Schools." He stated that a conflict has arisen in our high schools that is important in the future of secondary school education. This question concerns the maintaining of standards in the high schools even if it is necessary to exclude those who cannot or will not meet them. The practice has been to lower the standards to meet the achievement of the pupil, rather than to raise the standard of the pupil's work to meet the standard of the high school. There should be a halt in the first procedure. He argued that, while as many as possible should be allowed to attend secondary schools, all should be made to understand that this opportunity would be withdrawn from those who could not meet the standards of its varied curriculum. The curriculum should be broad and varied, but once established, its standards should be upheld.

I deeply appreciate the opportunity afforded me by the School Committee to attend this convention. I believe that I have been helped in my work at The Teachers College. The various addresses were inspiring. It was particularly beneficial, however, to meet the officers of the various teacher-training institutions throughout the country, to learn from them first-hand what they are doing and thus get a real understanding of what is being done elsewhere in this line of work.

Respectfully submitted,
WILLIAM H. J. KENNEDY,
Principal of The Teachers College.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

REPORT OF SCHOOL COMMITTEE CHAIRMAN AND ASSISTANT SUPERINTENDENT SNOW ON EDUCATIONAL COUNCIL MEETING.

BOSTON, February 3, 1930.

DR. JEREMIAH E. BURKE, *Superintendent of Public Schools*, Boston, Mass.

DEAR DR. BURKE,—On Friday, January 31, Joseph J. Hurley, chairman of the School Committee, and Assistant Superintendent William B. Snow, as the representative of the superintendent, as instructed by you and the School Committee, met at 10 a. m. at the offices of the American Council on Education, with other delegates to the conference on preparation of materials for instruction. There were present:

C. R. Mann, Director, American Council on Education, Washington, D. C.; C. H. Judd, Chairman, American Council on Education, Washington, D. C.; Henry Suzzallo, Director, National Advisory Committee on Education, Washington, D. C.; Miss Bess Goodykoontz, Assistant Commissioner of Education, Washington, D. C.; Albert B. Meredith, Commissioner of Education, Hartford, Conn.; William R. Flowers (representing Supt. David E. Weglein, who is ill), Assistant Superintendent of Schools, Baltimore, Md.; Joseph J. Hurley, Chairman, Boston School Committee, Boston, Mass.; William B. Snow, Assistant Superintendent, Boston, Mass.; Edward L. Burchard, Secretary, Superintendent of Schools, Advisory Council, Chicago, Ill.; Frank Cody, Superintendent of Schools, Detroit, Mich.; Mrs. B. F. Coop, Member of Board of Education, Houston, Texas; Mrs. Ray K. Daily, Member of Board of Education, Houston, Texas; E. E. Oberholtzer, Superintendent of Schools, Houston, Texas; George Melcher, Superintendent of Schools, Kansas City, Missouri; John L. Shouse, Assistant Superintendent, Kansas City, Missouri; Miss Rose Wickey, Director, Curriculum Department, Kansas City, Missouri; William M. Davidson, Superintendent of Schools, Pittsburgh, Penn.; Mrs. Henry G. Danforth, Member of Board of Education, Rochester, N. Y.; Miss A. Laura McGregor, Curriculum Revision, Rochester, N. Y.; N. Barrett Learned (in place of Dr. Frank W. Ballou, Superintendent, Member of Board of Education, Washington, D. C.; Miss Rose Lees Hardy, Assistant Superintendent of Schools, Washington, D. C.

Dr. C. R. Mann was chairman of the conference, and Dr. C. H. Judd, chairman of the committee which had invited participation of the nine cities and one state representative, presented the following:

ITEMS TO BE DISCUSSED AT THE CONFERENCE OF COOPERATING SCHOOL SYSTEMS WITH THE COMMITTEE OF THE AMERICAN COUNCIL ON EDUCATION.

1. Report on the plan projected by the American Council.
2. Report on the statement proposed by the Industrial Conference Board, entitled "Public Education as Affecting the Adjustment of Youth to Life."
3. Report on the hearings of the Federal Trade Commission.
4. Display of "Lessons in Community and National Life."
5. Report on various commercial agencies which are preparing lessons for public schools on hygiene, health and economics.
6. Discussion of the place of controversial problems in lessons prepared for schools.

7. Discussion of the relation of social studies to the school curriculum in general.

8. Discussion of methods of selecting teachers to work on materials.

9. Approval of typical experts to be employed in securing materials.

10. Approval of form in which material is to be published.

In general it was agreed that the materials presented should include no discussion of religion or of sex-hygiene; that a factual discussion of economic questions could not be avoided, but that the activity of the work should be limited to getting the facts necessary for the comprehension of such questions and should refrain from all propaganda in support of either side of such controversial questions.

It was further stated that the movement does not contemplate the addition of any new subject to the curriculum but has in mind a new correlation and enrichment of existing courses — an expansion, not of courses, but of practical content. In a word, the purpose is to bring laymen and educators together so to organize instruction in current living as to bring to view the development of civilization; or, as otherwise expressed, to give an understanding of civilization.

I further submit the memorandum sent with the invitation to the conference:

MEMORANDUM PREPARED BY THE COMMITTEE OF THE AMERICAN COUNCIL ON EDUCATION.

The importance of social studies to American civilization and the great need of materials for such studies in the schools and colleges were discussed at the annual meeting of the American Council on Education held on May 3, 1929, and action was taken authorizing and instructing the Executive Committee of the Council to appoint a committee to prepare such materials and to arrange for their experimental use in schools.

The Council was led to take this action by such considerations as the following. When the program of studies of the schools of this country was first definitely formulated and for decades thereafter, the social organization of American communities was relatively simple. The chief occupation of the people was agriculture, and most of the articles needed for both family and individual use were manufactured in the home. Political issues were much less involved than they are at present. Because of the comparative simplicity of social and political life, no study of institutions was undertaken in the early schools of America. Even in the most recent times this omission continues to characterize the American school program and very little instruction is now given in social subjects.

Recent history has made it apparent that plans must be devised for more adequate instruction of the youth of the nation in the institutions of civilization. The demand for a change in the curriculum cannot be satisfied by merely adding new lessons in particular branches of social science. The school curriculum as a whole must be recognized by teachers as a means of introducing pupils both to a social inheritance which is indispensable to successful life and to a conception of

cooperative life than is now cultivated in the schools.

For example, pupils must be led to realize that number, language, and all the inventions which science and technology have provided for the modern world are the products of cooperative intellectual effort. Number as an instrument of precise thinking is no less a social inheritance than is government.

It is also urgently necessary that a clear and full realization of the importance of introducing the spirit and content of the social sciences into the schools be cultivated in the minds of members of boards of education and in the minds of parents. At present there is a disposition on the part of many American citizens to be suspicious of social instruction because it is feared that all kinds of propaganda will be brought into the schools through such instruction.

At a meeting held on September 28, 1929, the Executive Committee of the American Council on Education, after careful consideration of the problems involved, adopted the following plan of operation:

It created a committee of its own members who will serve without compensation and will seek the cooperation of a number of school systems in the preparation of reading material on social topics in a form suitable to be put directly into the hand of teachers and pupils. This program contemplates the preparation of materials very different in character from the syllabi and bibliographies which are often prepared by committees on the curriculum. Such outline materials often fail of their purpose because teachers in general are not able to convert them into suitable reading materials for pupils.

The school systems which are asked to cooperate in the undertaking will be urged to consider three fundamental ideas:

First, American school systems have in the past used their personnel resources and their material equipment in teaching pupils lessons from text-books prepared by private agencies. School systems have dispensed intellectual materials but have seldom themselves taken the responsibility for the preparation of such materials. The time has arrived when school systems must undertake the task of supplying themselves with at least a part of the materials of instruction.

Second, social materials can never be introduced into the school program until such materials can command public confidence. Public confidence can be guaranteed only when the preparation of the materials to be used in social instruction is safeguarded from the very beginning by direct participation of the schools in their preparation. No individual or small group of individuals can accomplish the task of reconstructing the school program so that it will contain an adequate presentation of social materials.

Third, the services of those who act as the agents of the schools in the preparation of social materials should be paid for by the schools and not by any parties who can be even remotely suspected of having ulterior motives.

If the fundamental ideas set forth in the foregoing paragraphs secure acceptance, the following plan of procedure will be adopted:

The effort will be made to induce ten or fifteen of the leading school systems to participate in the work for one year. Each school system which agrees to cooperate will appoint one of the members of the Board of Education or some other citizen interested in education to serve without compensation on an advisory

committee. This committee will meet in a two-day session to consider and pass on general plans. The cooperating school systems will be asked to provide for the expenses of their representative at this meeting.

The school boards of the cooperating systems will further be asked to send the superintendent or his representative to the meeting of the advisory committee.

The advisory committee will be asked to pass on plans, and to cooperate in securing the resources, for the actual preparation of materials of instruction. This means that the advisory committee will be asked to consider a list of topics on which social materials are to be prepared and to supervise the appointment of a working staff.

The working staff will consist of two groups. One group will be made up of specialists in anthropology, economics, political science, sociology, psychology and history. The other group will be made up of teachers who are acquainted with pupils and are able to write in a style suited to the pupils for whom the materials are being prepared. These two groups will operate under the immediate supervision of the committee of the American Council on Education in conformity with the plans adopted by the advisory committee.

Boards of education will be asked to make provision for the employment of these two groups of workers. The ten or fifteen cooperating systems will be asked to appropriate \$500 each to the construction of curriculum materials, the amount to be paid to the American Council on Education and to be used in the employment of the specialists who belong to the first group in the working staff. Each cooperating system will also be asked to release from regular duties two members of its teaching corps who are selected by the superintendent because of special ability in writing and organizing materials for pupils. These teachers will take over and prepare for pupils the materials supplied by the specialists.

The total financial contribution sought from the school systems consists of the expenses of two persons to attend a two-day session of the advisory committee, \$500 for the collection of materials by specialists, and the services of two teachers.

In return, the committee of the American Council on Education agrees to prepare the details to be considered by the advisory committee, to supervise the operations of the plan, to secure the publication of such materials as are prepared, and to supply the published materials to the school systems participating at the cost of publication.

At the end of one year the committee of the Council will render a full report to the Council and to the cooperating schools and will submit with this report recommendations for future action.

Committee on Materials of Instruction of the American Council on Education.

WILLIAM J. COOPER.

ALBERT E. MEREDITH.

CHARLES H. JUDD, *Chairman*.

The committee has in mind that a group of experts will select and submit topics that should be included in the curriculum; that the teachers will organize the material furnished pertaining to these topics into the best form for presentation to pupils. The original appropriation made by the cooperating cities will be employed to purchase these materials; and as the results of the work are published and sold the continuing proceeds

will constitute a permanent revolving fund. At the end of the first experimental year the proceedings for subsequent years will be determined. The plan contemplates

1. The bringing together of experts and school authorities.

2. Uniting the efforts of ten large school systems.

Respectfully submitted,

JOSEPH J. HURLEY,
Chairman, Boston School Committee.

WILLIAM B. SNOW,
Assistant Superintendent.

MAYOR NAMES ADVISORY COMMITTEE ON MUSIC FOR CITY.

Mayor Curley forwarded the following communication to the persons listed below:

DEAR SIR (OR MADAM):

The Park Commission of the City of Boston appropriates the sum of \$11,000 annually for band concerts during the summer season in the parks throughout the city. Concerts begin about July 1 and continue until about the first week in September.

I have taken the liberty of designating you, because of your interest in music, to serve as a member of the Advisory Committee upon Music for the Park Department of the City of Boston and sincerely trust that you will honor the municipality through acceptance.

A formal meeting will be called at the office of the Park Commission at some time during the latter part of the present month for organization and I hope you will make a special effort to be present.

Respectfully,

JAMES M. CURLEY, *Mayor*.

Mr. Courtenay Guild, ex-President, Handel and Haydn Society, 26 Mt. Vernon street, Boston.

Mrs. Alvan T. Fuller, 150 Beacon street, Boston.

Mr. Henry Parkman, Jr., 182 Beacon street, Boston.

Mr. Patrick A. O'Connell, President of E. T. Slattery Company, 154 Tremont street, Boston.

Mrs. William Arms Fisher, Music Week Committee, 362 Commonwealth avenue.

Mr. Wallace Goodrich, New England Conservatory of Music, 296 Huntington avenue.

Mr. George W. Stewart, Boston Festival Orchestra, 50 Boylston street.

Mr. Thomas H. Finigan, President of Boston Musicians' Union, 40 St. Botolph street, Boston.

Mr. John A. O'Shea, Director of Music for Boston Public Schools, 15 Beacon street, Boston.

Mr. Thomas J. Clextan, 86 Elm Hill avenue, Roxbury.

INTRODUCES BILL FOR SIDEWALKS ALONG STATE HIGHWAYS.

RESOLVE PROVIDING FOR A SPECIAL UNPAID COMMISSION TO CONSIDER THE NECESSITY OR ADVISABILITY OF CONSTRUCTING SIDEWALKS ALONG STATE HIGHWAYS, AND ON METROPOLITAN PARKWAYS AND BOULEVARDS FOR THE PROMOTION OF THE SAFETY, WELFARE AND CONVENIENCE OF THE PUBLIC.

Resolved, That a special unpaid commission, to consist of the Commissioner of Public Works, the Commissioner of

Public Safety and one person to be appointed by the Governor, is hereby established to consider the necessity and/or advisability of constructing sidewalks or reservations for foot travelers along state highways and boulevards and metropolitan parkways and boulevards for the promotion of the safety, convenience and welfare of the public.

Said commission is directed to include, among other things, in its consideration whether said sidewalks or reservations for foot travelers should be constructed along all of said highways, parkways, and boulevards or along any particular portion or portions of same and in any particular locality or localities with reference to the use of same by foot travelers; the probable cost of said construction and the manner in which the cost thereof shall be met.

Said commission may hold public hearings at such times and places as may seem most appropriate to them in connection with their work.

Said commission shall, not later than the first Wednesday in September in the current year, report to the General Court by filing with the clerk of the House of Representatives the results of its investigation with its recommendations, if any, together with draft of legislation necessary to carry such recommendations into effect.

For the purpose of this resolve, said commission may expend out of such amounts as may be appropriated by the General Court, such sums as may be approved by the Governor and Council.

PRAISE FOR MAYOR CURLEY.

The following editorial appeared in the *Boston Traveler* of April 8:

What Mayor Curley Says, Is

Mayor Curley is giving the city plenty to talk about. The story of what he is doing has left politicians baffled.

The fact of the matter is that James M. Curley was chosen to be mayor and he is being mayor. He, and he alone, is running the job. Department heads may advise, but, for the most part, they take orders from the chief, who is Curley. He makes the decisions and his opinion prevails.

The story is that Mayor Curley is determined to give Boston a tremendously efficient administration. He is doing things his way and is content to rise or fall on that policy. His official family may be a cabinet, but its members do nothing unless the Mayor puts his approval on it. This includes even personnel changes and other details.

The Mayor's attitude came to light first in preparing the budget. Department heads found that he was familiar with practically every phase of their work. He cut and readjusted items, taking off here and adding there, and was definitely in command.

Another very interesting feature of the Curley administration up to date is the remarkable cooperation he is getting from Beacon Hill. The Governor and the Legislature appear to be in accord with his plans and have given him things that they refused to give previous administrations.

The situation is gratifying. The people chose Mr. Curley to be mayor. He is being mayor. His policies prevail. This is a wholesome arrangement. It definitely places responsibility for the conduct of the administration. We believe it will work out very well.

BUILDING PERMITS ISSUED APRIL 10 TO APRIL 16.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)

STATIONARY ENGINEERS, MARINE ENGINEERS AND OILERS, APRIL 24, 1930.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service.

The examination for each kind of position will include a statement of training and experience, a physical examination and the possession of a license, either as first, second or third class stationary engineer; or as chief, first assistant or second assistant marine engineer. Oilers are not required to have a license.

The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications will be given a physical examination.

NURSES, MAY 10, 1930.

The examination will include school nurses (excluding Boston school nurses), health nurses, visiting nurses, etc., and will be held for the service of all cities and of such towns in the state as are classified under civil service.

Applicants must be registered under the State Board of Registration of Nurses.

Subjects and weights: Training and experience, 6; the mark on file with the Board of Registration, 4; practical questions, 5; personality and fitness as determined by an oral interview, 5; total, 20.

Requirements: At least 65 per cent in registration mark, and at least 70 per cent in the other subjects and in general average in order to become eligible.

Physical fitness to be determined by physical examination.

DREDGING INSPECTOR, DEPARTMENT OF
PUBLIC WORKS, MAY 16, 1930.

The salary, according to the present requisition, is \$5.50 a day, for a six-day week.

Duties: Under direction, to see that dredging work done under contract meets the specified requirements; to accompany scows or lighters loaded with material dredged or otherwise collected; to see that regulations as to dumping are complied with.

Applicants must have education equivalent to high school graduation. Applicants with engineering experience will be preferred.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Applicants will be required to obtain at least 60 per cent in practical questions and 70 per cent in experience and in general average in order to become eligible.

Physical fitness to be determined by physical examination.

PLAYGROUND WORKERS, SUPERVISORS AND
ASSISTANT SUPERVISORS, JUNE 21,
1930.

This examination will be for the service of all the cities and towns in the state where these positions are under civil service.

The playgrounds ordinarily are open from April to November. During the school year sessions are usually held after school hours and on Saturdays, and on all days except Sundays during the summer. In the summer, the usual salary is from \$15 to \$25 a week. The examination is open to both men and women.

The general duties of playground workers require a knowledge of the interests of children, ability to organize and conduct playground activities and adult recreation. It is desirable that applicants have education, training or experience in physical culture, playground work, and physical training of juveniles.

Applicants must be high school graduates or have equivalent education.

The subject of examination with their respective weights will be as follows: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

There will also be a supplementary paper for those wishing to qualify as swimming instructors in playgrounds having a pool.

Applicants will be required to obtain a mark of at least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate, satisfactory to the commissioners, from a reputable physician as to their physical fitness for the position.

Applicants who wish to be certified to positions as playground supervisors must have at least two seasons' actual experience in playground work.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

VETERINARY INSPECTOR, BOSTON HEALTH DEPARTMENT, APRIL 22, 1930.

Requisition is for a male, but the examination is open to both males and females.

Salary: \$2,000 a year.

Duties: Applicants should have knowledge of the laws relating to the control and eradication of contagious diseases in domestic animals; the methods and reasons for quarantining, transportation and the various compensations permitted; the methods of detection of glanders and its eradication, and the post-mortem lesions of glanders in horses; the proper methods of feeding and stabling and care of cattle, and knowledge of the tuberculin test and the value of reactions; the diagnosis, prevention, methods and periods of quarantine of animals for rabies; the diseases of swine and poultry, etc.

Applicants must be registered graduate veterinarians.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners, as to their physical fitness for the position.

SAFE DRIVING.

Most cities and towns have a long list of "dons" but do little to educate the drivers of cars. If one half the time that is used trying to make people do something or not to do something was spent in educating the drivers much better results would be obtained. We need drivers' schools and the city or town that first starts such a school will be doing a real service.

PLUMBING PERMITS ISSUED APRIL 10 TO APRIL 16.

APRIL 10.

PLUMBER.	Location.	Ward.	Nature.	Estimated Cost.

POLICE DEPARTMENT ORDERS.

General Order No. 1484.

A trial board consisting of Captains Grant, Gallivan and Mullen, having heard by reference a complaint against Patrolman Leo G. Hearn of Division 11, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of not guilty as charged. In accordance with which it is hereby ordered that the complaint against the said Patrolman Leo G. Hearn be dismissed.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON, *Commissioner*.

General Order No. 1485.

The resignation of Patrolman Patrick D. McCarron of Division 12, having been presented while charges against him are pending, it is hereby accepted to take effect as of Saturday, April 12, 1930, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.
